Fortune Chapter 551

After things were arranged, South Fist Huang Wanqin left, Chen Taigong also left, Jade Void Daoist and Ragged Old Daoist also went to who knows where, Heavenly Dragon Guard went to check the news of Huo Tianzun, right now the only force left inside the mountain village was the compulsion tribe.

The only thing that remains is the compulsion tribe. For the compulsion tribe, Ye Han did not want them to participate in the underground world again, unless he encountered a crisis that forced the compulsion tribe to strike again, the compulsion tribe will go out, this is Ye Han's backup force.

The place where the companions live is also thought of by Ye Han, after the destruction of Murong He Tu, his Murong Villa is the future habitat of the companions, the companions stand in Central China, Murong Villa is perfect for them to live in, Murong Villa is big enough, the whole clan of the companions will not be a problem there.

Right now, Ye Han is still waiting, waiting for the medicinal materials to be sent over from Cai Jiexiong in Singapore. On the day he woke up, Ye Han had already called Cai Jiexiong and asked him to send a batch of needed medicinal materials over, this time, Ye Han wants to refine a batch of even stronger pills out.

The Tian Long Guard, Sun Bu Mian and Zhou Lie were to be upgraded quickly, Leng Wufei and the Chen brothers were following him, so Ye Han naturally couldn't forget about them, there were many other pills on that prescription that could allow Leng Wufei and even Zhao Hengtian to upgrade their strength, for these pills, Ye Han had to refine them one by one.

The piece of top experts, Ye Han was going to make them one by one.

As for Silly Ben and Lin Qi, their strength, they had to raise it up on their own, pulling up seedlings was not a good thing, when it was their time to use the pills, Ye Han would naturally create them out for them.

Ye Han was very sorry that he had to let several women fear for him and experience pain and suffering this time, and his sister Ye Qing was training at Emei Mountain.

The only thing that gave Ye Han a headache in the two days after he woke up was Yan Qingmu's occasional tête-à-tête with Zhou Yun'er. She was playing a roundabout tactic, trying to get at Zhou Yun'er to get Ye Han to approve of them as parents.

The company's main business is to provide a wide range of products and services to the public.

On this day, Tang Da Shao and Lin Bo Mo, who had received the news that Ye Han had returned from the dead, came.

They knew the news from Zhou Yun'er that Ye Han had come back from the dead, they were overjoyed and rushed to the mountain resort.

"Shit, you bastard really didn't die, you didn't even fucking call to say so, no, let us do two punches to get out of it, do you know how many times Old Lin and I cried when we heard you were dead?" As he spoke, Tang Da Shao walked over with red eyes and gave Ye Han a fierce punch, his good brother was back, he wanted to bawl his eyes out to vent his frustration.

“I’m not crying, you’re the one who’s crying, don’t drag me into it.” Lin Baimo glared at Tang Da Shao who had exposed him with red eyes.

Tang Da Shao raised a middle finger at Lin Baimo and said; “It doesn’t matter if you don’t admit it, I saw all the way you cried.”

Looking at his two closest brothers’ true feelings, Ye Han’s heart flowed through a touching, nothing was said, the three brothers hugged each other, that kind of brotherly love, everything was in words, three brothers, one life love, a lifetime.

“Damn, I knew you wouldn’t die so easily, Laozi” Tang Da Shao once again gave Ye Han a fierce punch, but before he could finish his sentence, a deafening coughing sound suddenly came over, scaring Tang Da Shao to stiffly swallow his words. swallowed his words into his stomach.

The madman walked over with a bland face, seemingly just passing by, and he looked at Tang Da Shao and said; “Little fatty, whose old man are you?”

The question made Tang Da Shao’s face uncomfortable, who was the master in front of him, he knew very well, Ye Han’s real father, the famous Madman, facing him, Tang Da Shao, who had always been unafraid of heaven and earth, was dumbfounded.

“Fatty, ignore him, later I’ll ask Yun’er to fry two dishes and we three brothers will have a drink.”

Ye Han didn’t even look at Madman, straight away he led Tang Da Shao and Lin Baimo to walk inside the hall, Tang Da Shao hurriedly followed, jokingly, Madman was Ye Han’s old man, later if he beat himself up because of these two words, even looking for Ye Han would be useless.

“This brat, still give me a face.” Seeing that Ye Han was ignoring him, completely treating him like air, Madman’s face instantly darkened.

As the time approached evening, a large table of food was already being served, Ye Han was sitting inside the large living room chatting with Tang Da Shao and Lin Baimo, and Madman was also sitting not far away, but no one was talking to him.

“Hanzi, Jiangzhe Xu Qing as well as He Yaozong and the others are also very concerned about your safety, right now the whole world thinks you have died in battle, their morale is low over there, do you think you should give them a call over there to let them know?” Lin Baimo looked at Ye Han and asked.

Ye Han said; “Big brother Lin, I’ll trouble you to do this for me, I’ll go over to Hangcheng to meet them after things are done on the southern side.”

“No problem.” Lin Baimo nodded his head.

“Alright, stop chatting, let’s eat, it’s all done.” At this time, Zhou Yun’er, Yan Qingmu and Zhao Youyou all walked out with their dishes, smelling the aroma, Tang Da Shao left his mouth watering and said; “It smells so good, I’ll try it first.”

“Fuck you, there are still people who haven’t sat down yet.” Zhou Yun’er glared at Tang Da Shao.

At this time, Madman stood up and walked over to sit down, saying; “It’s quite fragrant.”

Saying that, he had already taken his chopsticks and started eating by himself, no one even asked him to sit down, this cheeky skin made Tang Da Shao sweat.

Seeing this, Ye Han didn't say anything, just eat it, just pretend not to see it, Ye Han took his chopsticks and put a piece of red winding meat in his mouth, chewed it twice and said; "Yun'er, your skill has grown quite fast, this taste is good, it's even better than those chefs in the hotel."

Upon hearing this, Zhou Yun'er blushed and said; "I didn't make these, it was Auntie Yan who did."

Hearing this, Ye Han froze, at this time Yan Qing Mu came over with a big bowl of soup, she was obviously very happy when she heard Ye Han's words and said; "Little Han, it's good if it suits your taste, it's been some years since I've cooked, I was afraid you wouldn't be used to it."

"This tastes sloppy, Yun'er, I still like your cooking." Ye Han said indifferently.

Hearing this, Yan Qingmu's expression dimmed, then said; "Little Han, if you don't like it I'll go make it again, just wait, it will be ready in a moment."

The madman listened with some displeasure from the side, he hadn't eaten his wife's cooking for almost twenty years, this brat could have this mouthful and still be picky.

Fortune Chapter 552

The meal was spent in a somewhat silent atmosphere. Although both Madman and Yan Qingmu sat at the table, Ye Han did not initiate any conversation with them throughout the meal, except for Yan Qingmu's chopsticks, which kept putting food into Ye Han's bowl, with the kind of care and concern that anyone could see.

The next day, the herbs sent by Cai Jiaxiong from Singapore arrived, and Ye Han also had someone go to Ye's Medical Center to bring over the Dan Ding.

The herbs that Ye Han bought from Cai Jiaxiong were very precious, some of them were also genius treasures, and only a family like Cai Jiaxiong, who specialized in herbs, had the means to obtain them.

This time, Ye Han mainly focused on the high-end level pills, the low-end level pills, the batch Ye Han refined last time to train people inside the forest had not been used up.

Ye Han prepared to start refining pills, Zhao Hengtian and Leng Wufei, as well as the Chen family brothers, were naturally responsible for escorting the pills outside, they all knew what kind of pills Ye Han was going to refine this time, there could not be any half-hearted mistakes in between, once there was a mistake, the herbs would be ruined.

The madman walked over slowly at this time, his own son was still an expert in alchemy, this made him very curious, alchemists could no longer be seen in this day and age, even for Daoist religions like Wudang, the pills they made today were all half-finished and not considered real pills.

"This bastard boy can really refine pills?" The madman glanced at the gate that Zhao Hengtian was guarding to death as they looked at them with a puzzled gaze.

Zhao Hengtian nodded and smiled; "Madman, you don't know enough about him, the pills he has refined I dare say there is no second person in China today who can refine them."

“Worthy of being my Madman’s seed.” The Madman grinned and said; “Throughout the ages, those who can become true alchemists have always been those with unparalleled strength, this kid seems to have an extraordinary technique for being able to refine pills at this realm.”

Zhao Hengtian and the others nodded, those who could refine true pills were only able to do so if their strength had reached a profound level, because the power they cultivated was a power that extraordinary people could control, while Ye Han was only at the middle Rendu realm right now, he was naturally able to refine pills because he had already controlled Spiritual Qi at this realm.

The power of aura was supreme, and even a godlike figure like Old Dirt had not yet reached this step.

Ye Han spent a total of three days refining pills this time.

During these three days, he had refined three kinds of pills, the Dragon Tiger Pill, the Heavenly Spirit Pill as well as the Breaking the Robbery Pill.

Of these, the Dragon Tiger Pill could help an expert at the early stage of Little Ren Yu to impact the middle stage of Little Ren Yu, the Heavenly Spirit Pill could help impact the late stage of Little Ren Yu, and the Robbery Breaking Pill was so powerful that if he was lucky, he could directly break through from the late stage of Little Ren Yu to the middle Ren Yu realm.

He had been stuck at the peak of the late stage of the Little Ren Du for a long time, and with the Pill of Breaking Away, he could immediately break through to the early stage of the Middle Ren Du realm.

These three pills were successfully refined, Ye Han did not choose to continue, higher level pills were not ripe for him to do with his current strength, the chances of blowing up the pills were high.

After leaving the gate, Ye Han immediately gave the pills he had to Sun Buwei and Leng Wufei and the others, the three pills added up to nearly two hundred, enough for those in the Heavenly Dragon Guard.

“Pill to break the robbery, I never thought that I, Leng Wufei, would have this chance to take such a miraculous pill!” Looking at the pill in his hand that was emitting strong medicinal power, Leng Wufei was excited and at the same time could not help but let out a sigh of relief.

Ye Han laughed; “Sir, with the Pill Breaker, I’m sure it won’t take long for you to break through to the Middle Rendu realm.”

“This is also thanks to you.” Leng Wufei laughed.

Sun Bu Fei said at this time; “The Heavenly Spirit Pill can help me and Zhou Lie both try to make a breakthrough to the late stage of the Small Ren Du, try hard to make a breakthrough, there is a certain chance of success, and these Dragon Tiger Pills are also enough for the Heavenly Dragon Guard to make a breakthrough.”

“Young Ye, mine now?” Lin Qi sat on the chair wiping the Heaven Breaker Halberd, he was growing fond of this weapon, it was simply tailor-made for him, he then looked at Ye Han with open eyes and asked.

Upon hearing this, Ye Han laughed; “Right now there is no part for you, not only you, but also Silly Ben, the two of you are not fit to take the elixir at the moment, I will give it to you when the time comes.”

Hearing this, Lin Qi raised a middle finger at Ye Han, I'm afraid that the only person who dared to treat Ye Han like this in this place was him, a man with a killing bone.

"By the way, Elder Sun, is there any news of Huo Tianzun?" Ye Han asked towards Sun Buwei at this time.

"There is, that old brat seems to be afraid of the Madman and has actually run away to Xiangjiang, the Heavenly Dragon Guard is in Xiangjiang right now, over there in Xiangjiang Huo Tianzun's lair is there, we can just end him in one pot this time." Sun Buwei said with a cold glint in his eyes.

"Good, since we have already found out about him, then we will rush to Xiangjiang tomorrow." Ye Han's eyes were also shining with a cold light, these hegemonic figures of the southern underground world, it was time to go and clean them up one by one.

Zhao Hengtian spoke; "Xiao Han, I won't be going to Xiangjiang, I want to go over to Tengchong to take a look, when that group of people are trained we can fight together side by side."

"I was thinking the same thing." Ye Han said; "That group of people may have to wait until this year is over, Brother Zhao, you should know where this group of people comes from, I want them to follow us with their hearts intact, and not to have different intentions."

"Don't worry, that's what I'm going back for this time, they will only belong to us in the future, not be a graft for others." Zhao Hengtian indifferently nodded his head.

Everything was ready and on the next morning, Ye Han and the others directly chartered a plane from Shanghai City to Xiangjiang, and the Companions stayed behind at the mountain villa for the time being.

The young man left with a group of people, and at the gate of the mountain resort, Yan Qingmu secretly shed tears, Ye Han still does not recognize her as his mother and refuses to communicate with her, all she can do now is to pray in secret that Ye Han is okay and returns safely, she can no longer bear the pain of losing her son once more.

"Auntie, it's windy outside, let's go in first, with Uncle Ji following him in the dark, it will be fine." Zhou Yun'er and the girls stood beside Yan Qing Mu and said comfortingly, Yan Qing Mu's care and love for Ye Han was something they had seen in their eyes these past few days, it was a love that they could not wait to give all the love in the world to drown Ye Han with.

However, Ye Han was still unwilling to accept her.

Fortune Chapter 553

Heung Kong, one of the Special Administrative Regions, is located in southern China, east of the mouth of the Pearl River and along the coast of Hainan. It is bordered by the city of Shenzheng in Eastern Guangdong Province to the north and the Pearl River to the west, and is separated from the Special Administrative Region of the Austrian League by the mouth of the Pearl River, while the remaining two sides are bordered by Hainan.

Heung Kong is one of the world's highly prosperous cosmopolitan cities, with the entire territory consisting of three major regions, including Heung Kong Island, Kowloon Peninsula and the New Territories.

As the Heavenly Father of Southern China, although his sphere of influence does not extend to the full extent of this part of Hong Kong, he does possess a certain degree of influence in the city.

Since the end of the battle at Phoenix Mountain, Huo Tianzun had run away to Xiangjiang, and he simply did not dare to stay on the mainland side, although Ye Han had died, but the shocking news that he was the son of a madman had broken out.

With Ye Han dead, how many people in this world would be able to withstand it once the angry madman launched his revenge?

Therefore, Huo Tianzun ran to Xiangjiang and hunkered down in this place, waiting for an opportunity to rise again.

The airport in Hong Kong, Ye Han and the others walked out from it, it was the first time for Ye Han to come to this global cosmopolitan city, the prosperity of this place was extremely rare, tall buildings were erected, all kinds of people were very common in the streets, the people here, moreover, gave people a sense of fashionable beauty.

After Ye Han and the others came out of the airport, the four Heavenly Dragon generals, Ah Jun, Gao Hu, Qin Bing and Fang Youliang, walked over.

“Young Ye.”

Ye Han nodded and said; “Get in the car and talk.”

Ah Jun and the others drove a longer Gold Cup that could hold ten people, after getting into the car, Ye Han asked; “Ah Jun, where is Huo Tianzun?”

Ah Jun, who was sitting on the passenger side, replied; “Young Ye, the place where Huo Tianzun lives has been monitored by our people, it’s inside a big villa in Sai Kung in the New Territories, this old fox has been involved in the underground world for years, probably because he is afraid of his enemies seeking revenge, therefore, his family members are all arranged to work as businessmen over here, Black Widow and Daoist of Compassion are also there.”

Upon hearing this, Ye Han said; “I didn’t expect Huo Tianzun to have a family, it’s good, if we don’t get rid of the grass, the spring breeze will grow again.”

“Young Ye, recently our brothers found out that Huo Tianzun is very close to the largest association on this side of Xiangjiang, the Blood Righteous Clan, and the Huo family also has a certain network of connections on the white path on this side of Xiangjiang.”

“Blood Righteousness Sect.” Ye Han frowned, he remembered that when he first went to Tengchong to attend the gambling festival, the Little Dagger that Guo Yunxiao was following around was someone from the Blood Righteousness Sect in Xiangjiang.

Ye Han said; “Don’t care about them, the purpose of us coming over here is Huo Tianzun, after we destroy Huo Tianzun we will return to the mainland, it’s fine if the Blood Righteous Sect doesn’t interfere, if they do, teach them a lesson, whoever comes to mess with me now will make them pay the price.”

Looking out of the car window at the traffic and the bustling scene, this place, a fertile land, Blood Righteousness Sect, as the most powerful society in Xiangjiang, only fears that the annual profit is an astronomical figure.

Half an hour later, Ah Jun drove his gold cup car to a remote area, where there was an abandoned industrial building, the location was hidden and it was difficult for the general public to notice, this was Ah Jun's temporary landing place for them.

The key was that it was very close to where Huo Tianzun lived, very easy to monitor, and if there was any movement on Huo Tianzun's side, the people over here would be able to rush over there first.

"Young Ye, when are we going to make our move?" Inside the industrial building, the men from the Heavenly Dragon Guard were all looking at Ye Han, they had been coming to Xiangjiang to spy on Huo Tianzun for four or five days now, every time they saw that deadly enemy who had brutally killed their brothers, they could not wait to rush up and break him into pieces, they could not wait to go and kill Huo Tianzun to avenge their dead brothers.

"Tonight." Ye Han said; "Come to Xiangjiang we need to make it quick, after we destroy Huo Tianzun, we will go to Central China to settle the score with Murong Hetu, before the end of the year, I want to take control of the southern underground world, after the New Year, it's time to move our target towards the north."

Chen Tianxing said; "A quick battle is best, this part of Xiangjiang looks prosperous, but in reality, underneath this prosperity there are also a collection of people from three religions and nine classes, foreign forces have strongholds here."

"Then let's act tonight and exterminate Huo Tianzun." Zhou Lie said with a fierce look on his face.

The crowd all nodded silently, and after resting for a few hours, under the leadership of Ah Jun and the others, fifteen people left the industrial building and took advantage of the night to head to a wealthy district in Saigon, a cluster of villas inhabited by a group of rich and powerful guys.

Once Ye Han and the others arrived here, the four Heavenly Dragon Guards who were watching Huo Tianzun in the shadows appeared quietly.

"Young Ye."

Ye Han nodded and asked; "How is the situation? Is Huo Tianzun inside?"

"Back to Young Ye, no one from the Huo family has left, however, the Huo family is supposed to be holding a party event this evening, and many dignitaries from this side of Xiangjiang have appeared at the Huo family villa one after another."

Upon hearing this, Ye Han's brow furrowed, such a coincidence.

"I'll go over and take a look, you guys wait over here, I'll let you know if there's any action." After saying this, Ye Han disappeared into the darkness as lightly as a wisp of black smoke, that kind of speed made the two Chen Tianxing brothers and Leng Wufei sweat, after coming back from the dead, Ye Han's strength had simply skyrocketed, although he appeared to be a mid-renegade at the realm, I'm afraid his combat power was not like that.

When he arrived at the entrance of the Huo family villa, Ye Han stood in a shady position and gazed at it, only to see that at this moment, there was a luxury car driving in from outside the villa, and after these people got off, they were invited into the Huo family villa.

The Huo family's villa was very large, and through the glass, Ye Han could already see that there were quite a few scantily clad figures swaying around on the ground floor of the Huo family's villa, and in the large courtyard outside the villa, more than twenty luxury cars were lined up in several rows, and the lowest priced luxury cars here cost several million.

Ye Han's gaze swept to this place, his brow frowned again, the Huo family villa gathered the celebrities of this side of Xiangjiang, he wanted to destroy Huo Tianzun tonight appeared to be a bit difficult, had to see the opportunity to act.

However, just as Ye Han was looking at the Huo family villa, a black Rolls Royce Phantom slowly made its way into the entrance of the villa, the car was distinguished and luxurious, one could imagine the identity of the person sitting on top of the car was also extraordinary.

The black Rolls-Royce Phantom stopped in the courtyard, and the aura that emanated from it instantly compared to other cars. Finally, a big man in a black suit stepped out of the driver's seat and opened the back-seat door, and immediately, a slender jade foot stepped on the ground.

Ye Han's gaze followed and looked over, and then, a beautiful woman wearing a black evening dress stepped out of the Rolls-Royce Phantom, her appearance gave off a cold and noble look, causing a very stunning feeling to appear to anyone who saw her for the first time.

The woman was wearing light make-up, her three thousand green tresses were tied behind her head, her face was as gentle as jade, and a bookish aura also emanated from her body.

Seeing her, Ye Han's expression was stunned for a moment, because this woman was actually Li Xinran.

Fortune Chapter 554

When he first accepted Situ Zhentian's mission, he asked Ye Han to protect Li Xinran for a month, but before the month was up, the woman left Fudan University and returned to Xiangjiang.

Ye Han originally thought that Li Xinran would be a passing guest in his life at most and it would be difficult to meet her in the future, but unexpectedly, they met here.

However, judging from the luxurious car Li Xinran was riding in, her status in Xiangjiang was definitely not low.

Seeing this, Ye Han's figure flashed, and just as Li Xinran stepped out of the car door, before the bodyguard had time to react, Ye Han had already appeared like a ghostly shadow beside Li Xinran, and even took her hand.

Seeing this, a stern look flashed across the bodyguard's face, his fists clenched tightly, a fierce aura was immediately released from his body, a fierce light flashed in his eyes, incomparably stern, a straightforward fist blasted towards Ye Han.

Boom!

Their fists clashed together, and then the bodyguard's body couldn't help but retreat out, his expression was very grave, but his own Miss was being held hostage, even if he had to fight for his life he had to kill Ye Han to ensure her safety.

If something happened to Miss Li's family, the whole of Xiangjiang would be greatly shaken.

"Stop." At this time, before that bodyguard could continue to strike, Li Xinran opened her mouth as she had already recognised who the man holding her hand was from the side.

"Classmate Li Xinran, long time no see." Ye Han smiled faintly at Li Xinran.

"It's a long time no see, but you don't need to hold someone's girl's hand as soon as you show up, right? I'm not that kind of casual person." Li Xinran smiled lightly, after returning to Xiangjiang from Fudan University, she had been to many places, traveling and seeing the scenery of various places, during that time, she also wanted to give Ye Han a call to say hello, but, Ye Han did not take the initiative to call, so she did not have that kind of heart, perhaps, they both thought to each other that they were both just a passing visitor.

The first time you said that I was your boyfriend in front of many people, shouldn't a boyfriend hold his girlfriend's hand?"

Hearing Ye Han's words, Li Xinran glanced at him and said; "You really know how to climb up the pole, fine, I won't refuse, but don't regret it later."

"Why should I regret it?" Ye Han asked rhetorically.

At this time, a graceful young man hurriedly came out from inside, but when he saw Ye Han who was holding Li Xinran's arm, a vague and sinister look flashed across his face, then he smiled and came and said; "Xinran, why didn't you inform me when you arrived, so that I could come out to pick you up earlier."

"Duke Huo is very kind." Li Xinran said indifferently.

"By the way, Xinran, who is this?" The youth asked as if he only now saw Ye Han and looked very 'surprised'.

"I'm Xinran's boyfriend." Ye Han took the initiative to open his mouth and smiled at the youth, who had a face that resembled Huo Tianzun in a few ways, and for his identity, Ye Han had more or less guessed.

Hearing this, in the dark Li Xinran glared at Ye Han, this guy really dared to say that!

At these words, the muscles on Huo Wenyu's face twitched and he forced a smile; "When did Xinran have a boyfriend I didn't know? This friend, there are some things you can't say, do you know who Xinran is?"

"When did Xinran have a boyfriend and why should I tell you?" Ye Han said; "As for that, I didn't say anything nonsense, if you don't believe me, Mr. Huo can just ask my Xinran to find out."

"Hehe, I hope that's the case." Huo Wenyu smiled reluctantly, then said to Li Xinran; "Xinran, please, I think you must be the most dazzling woman tonight, I can invite you to a dance later, Xinran you can't refuse me."

Li Xinran said indifferently; "Mr. Huo is really joking, I think there must be many rich ladies and beautiful stars coming here tonight, compared to them, Xinran is far behind."

"Why not, in my heart, Xinran you are the prettiest." Huo Wenyu hurriedly said.

However, Li Xinran no longer paid attention to him, and the three of them walked into the villa together. At this moment, inside the villa, there were many celebrities and tycoons from this side of Hong Kong, and there were also people from the official circles.

However, after Huo Wenyu walked in with Li Xinran and Ye Han, the laughter inside slowly diminished, and all eyes looked towards them, rather on Li Xinran.

"Miss Li is here, it seems that the Huo family is getting more and more capable, to the extent that they can invite Miss Li here."

"The Huo family has a Huo Tianzun, plus the Huo family's Lady Nanqin's development in Xiangjiang over the years, compared to a powerful family like the Guo family are almost less, it's not unusual that the Li family would give face."

"I don't think so, have you noticed that the Huo family has other purposes for initiating this gathering this time, not only the Guo family and Xiang family are here, even the Li family lady is here, moreover, Mr. Hong, the big man of the Blood Righteous Clan, is also here I heard, and even the Chief Superintendent of Police is here on the official side, I am afraid that the Huo family wants to build a bridge in between this time, to consolidate the Huo family's position in Xiangjiang, because I heard that on the mainland side, the Huo family's underground forces were all wiped out."

"I've also heard about this, it seems that Huo Tianzun has messed with a very powerful enemy over on the mainland."

Li Xinran's appearance attracted a lot of attention, but Ye Han beside her was also more noticeable at the moment, because Ye Han walked in holding Li Xinran's hand, and that was enough to tell a lot of things.

It was likely that the two of them were a couple in development.

Thinking of this, many of the graceful and handsome young men in this place were hostile to Ye Han, Miss Li family, this was a woman that this group of gentry in Xiangjiang could only dream of chasing, chasing after her, not only could they become the son-in-law of the Li family, the number one family in Xiangjiang, it was equivalent to marrying a piece of kuih. In just a few months, the company she runs has grown to over a billion dollars!

Even the old man of the Li family appreciated her talent, but of course, it was very difficult to chase after such a woman.

Fortune Chapter 555

Facing these gazes that looked like they wanted to eat people, Ye Han finally knew what Li Xinran meant when she said she regretted it, only that most of the people in here now hated to kill him.

"How does it feel?" Li Xinran sat down in a corner, and then she looked at Ye Han indifferently and asked.

“Pretty good.” Ye Han shrugged his shoulders and said; “Being noticed and envied by people, that only proves that I as a person have merits that they are jealous of, if there is someone who doesn’t even want to look at you, wouldn’t that be useless.”

At these words, Li Xinran gave Ye Han a white look, this guy could really talk.

Ye Han said; “Do you know what the Huo family’s intention is in having this party?”

“Don’t you know?” Li Xinran gave him a strange look.

Ye Han laughed; “It’s not like I’ve been invited by them, how would I know?”

“It seems like you guy was trying to follow me and mix in just now.” Lin Xinran’s white eyes rolled straight up and she bristled; “I don’t know exactly what the situation is, I heard that the Huo family seems to be suffering from some kind of crisis, and this time, I’m only afraid that they want to lend their strength in Xiangjiang to deal with this crisis.”

“Do you know what kind of crisis it is?” Ye Han asked with a smile.

Li Xinran shook her head, her attention was on the shopping malls, and she generally paid little attention to the affairs of the underground world.

“If I told you that his crisis came from me, would you believe it or not?” Ye Han continued to ask with a smile.

“Could it be that you have broken away from the bull and horse and become a dragon and elephant?” Li Xinran smiled faintly.

“Not to say.” Ye Han said; “Even for the group of people standing at the pinnacle of this world, what is the difference between them and oxen and horses actually, perhaps, it is not impossible that there are existences more powerful than them in this heaven and earth, just that no one knows about it.”

Lin Xinran nodded and said; “That makes sense, it seems that during the time that you and you have been apart, you have gained some more life insights.”

“People, it’s always in the process of growing up that they can gain more insight, unlike you, you’re obviously very young, but it feels like you’ve already seen all the vicissitudes.” Ye Han shrugged his shoulders.

Li Xinran said; “Books have their own golden houses, their own faces are like jade, when you have time you can go and read more of those books I introduced to you before, after reading more, you will have more insights.”

“There is time, I think I will go and read them.” Ye Han laughed.

At this time, on the first floor of the Huo family villa, a group of people came down, attracting the gazes of everyone inside the venue towards them. Among this group of people, there were three people at the head of the group walking side by side, the one in the middle was dressed in civilian clothes, but his body was full of the aura of a superior person, and he had a feeling of laughing and talking about the wind and clouds when he spoke.

On either side of him were an old man in his sixties and a middle-aged man with a rigid face.

After killing Ye Han on Phoenix Mountain, although he had taken his revenge, Huo Tianzun was even more distressed because he had killed Ye Han, but there was still a maniac who was a hundred times more difficult to deal with than Ye Han, and if the maniac came to Hong Kong, he would definitely die. .

Looking at Huo Tianzun, Ye Han's legs leaned together as a cold smile spread across his face.

Behind Huo Tianzun, was Ye Han's old acquaintance, Guo Yunxiao, the heir of the Guo family in Xiangjiang, next to Guo Yunxiao stood a beautiful woman, Madam Nan Qin, Huo Tianzun's real wife, Huo Wenyu was their son, after that, was the Black Widow and the Daoist of Mercy and the beautiful guards around the Black Widow.

As the group walked down the stairs, the people inside the venue were basically looking at them, and some of them had already spoken up and addressed them.

"Chief Secretary Jiang, Mr. Hong, Mr. Huo"

A shout went out from inside the venue, at this time, only to see the man called Chief Secretary Jiang pressing his hand and smiling; "There is no need to be so polite, today is Mr. Huo's home turf, Mr. Hong, we can't make a racket and take over."

"That's natural, Mr. Huo is the host today." Mr. Hong smiled lightly with his big belly, his eyes were almost smiling on an old face.

"You two are welcome, please." Huo Tianzun smiled lightly as the group arrived inside the venue, Huo Tianzun continued to speak and said; "Everyone, I would like to thank you here for coming to my Huo family, and if there is anything I need from Huo in the future, I will definitely help out."

With that, Huo Tianzun arched his hand towards the venue.

"Hehe, a big help, Huo Tianzun, will you still be alive to see the sun tomorrow?"

However, just at this time, an indifferent cold laugh passed out inside the venue, although that voice was not loud, it had an unstoppable force that reached the ears of everyone in the venue, hearing these words, everyone's expressions shook, at this time, which death-seeking fellow had dared to say such words?

Huo Tianzun's face was similarly frozen, and a terrifying murderous intent emerged in his eyes. Although he had been forced to withdraw from the continental underground world and was no longer as powerful as before, this did not mean that everyone could ride on his head and shit and piss on him.

Hearing these words, the two of them, Chief Secretary Jiang as well as Mr. Hong, also looked cold for a moment, they had come to the Huo family to support Huo Tianzun, and now that someone dared to say such words, this was not only ignoring Huo Tianzun, but also ignoring the two of them.

Under the gaze of one eye, Ye Han walked out slowly with a glass of red wine in his hand, and in front of him, the crowd all made way, their gazes on him.

However, when they saw that the person who spoke was the young man who had followed Li Xinran here, those who did not know Ye Han laughed coldly, this guy did not know the occasion, how dare he say such things here, he was simply looking for death.

Li Xinran sat in the corner without moving, a smirk surfaced on her face, could it be that the guy who could only have some influence in Shanghai City at the beginning had grown to the point where he could confront the likes of the South China Heavenly Father? In this regard, Li Xinran was looking forward to it, first to be a bull and horse, then a dragon and elephant, Ye Han, had he already done that?

However, at this moment, when he saw the youth who was slowly walking, Huo Tianzun's face changed greatly, even in horror, his face changing, hadn't Ye Han already died? How could he appear in Xiangjiang?

"Ye Han, it's you, you're still alive?" Huo Tianzun's low growling voice resounded inside the venue, like an angry hungry wolf.

Seeing this scene, many people inside the venue were moved, a figure that could make the South China Heavenly Dignitary turn pale, I'm only afraid that this youth's origins were somewhat not small!

"Huo Tianzun, you're not even dead yet, how could I, Ye Han, be dead?" Ye Han looked at Huo Tianzun and smiled coldly, then he raised his eyes and said; "Everyone, I'm really sorry, the party is over for tonight, so I think we should all disperse!"

Fortune Chapter 556

"Humph. Who are you to say that it's broken up? This is the Huo family."

Hearing Ye Han's words, some people who had long looked at Ye Han with displeasure coldly snorted.

"That's right, this guy thinks he is who he is, why should we listen to him?"

"Kid, don't be too wild in this place in Xiangjiang, even if you are a dragon, give me a lie down."

A stream of indifferent voices emanated from the surroundings, incomparably cold gazes staring Ye Han in the face, but some smart guys chose not to speak at the moment, didn't they see that even Huo Tianzun, the master, had turned pale?

To these voices, Ye Han did not reply, his gaze was always on Huo Tianzun, the purpose of coming to Xiangjiang was for Huo Tianzun, other people Ye Han was not interested in.

"Ye Han, I didn't expect you to still be dead, it seems that the whole world has been deceived." Huo Tianzun's body had a rolling hostile aura being released, Ye Han was not dead and had come to Xiangjiang, Huo Tianzun naturally would not think that Ye Han was here for pleasure, with the grudge between them, since they had met, it would definitely be a choice between life and death.

"I have a great life." Ye Han gave a cold laugh.

"Oh, who did I think it was, it turned out to be an outbreak of wealth with a little money." Just as Ye Han's words fell, suddenly, a cold laugh abruptly came out, Ye Han's eyes strayed over and looked at the youth who had spoken, a touch of contempt appeared at the corner of his mouth as he said; "Guo

Yunxiao, at Tengchong I let you off the hook and did not kill you, at Hainan, I still let you off the hook and did not kill you, however, if you are really looking for death, I now can make you whole.”

“Humph, Ye Han, this is Xiangjiang, not the mainland, if you want to kill me, do you have the qualifications to do so?” Guo Yunxiao looked at Ye Han and grunted.

“Whether you have or not depends on whether you want to find death or not, if you want to find death, I can fulfill you right now.” Ye Han said indifferently.

Hearing his words, a look of shock flashed across the faces of the people around him, killing Guo Yunxiao? This guy really dared to say anything! The Guo family was known as the second family in Xiangjiang, in the whole of Xiangjiang, who would dare to say such a thing as killing the Guo family heir?

“Arrogant generation, young man, I advise you to think clearly about what consequences you will suffer when you speak.” Mr. Hong looked at Ye Han with cold eyes and said; “Although you are a fierce dragon on the mainland, but when you come to this mu of Xiangjiang, you had better restrain yourself.”

“Blood Righteousness Sect, Hong Tiansheng.” Ye Han looked at Mr. Hong and said; “I came to Xiangjiang only for Huo Tianzun, I don’t want to mess with other irrelevant people, but that doesn’t mean I’m afraid of anyone, so the Blood Righteous Clan had better not get involved, because that kind of price is not something your Blood Righteous Clan can afford.”

“Young man, why speak so wildly, wouldn’t it be better to sit down and talk about anything, Xiangjiang is a civilized society under the rule of law, all bloody and violent things are eliminated here, if someone dares to cause trouble here, I, the Chief Superintendent, will definitely not let him off.” Chief Superintendent Jiang looked at Ye Han at this moment and said indifferently.

“Put an end to bloody violence?” Ye Han laughed; “There are more than tens of thousands of kooks in Hong Kong, how come I haven’t seen you put an end to them? Put away that stunt of yours, I’ve seen a lot of them, if you don’t want to lose the black hat on your head, you’d better leave here before I get angry.”

“You …..” Chief Superintendent Jiang’s face suddenly turned cold, in this mu of Xiangjiang, he was at least a respected Chief Superintendent, except for his head superior and a few others, there was not that young man who dared to talk to him like that, Ye Han’s words could be said to have made him very angry.

“Humph, I would like to see what kind of big fuss you dare to make in Xiangjiang?” Chief Secretary Jiang snorted coldly.

Upon hearing this, Ye Han said; “It seems that you have chosen to intervene in this matter, Hong Tiansheng, what about you?”

Ye Han’s gaze looked at Hong Tiansheng.

“Hmph, what are you?” Hong Tiansheng looked at Ye Han and said; “Just now, Chief Secretary Jiang has already said that Xiangjiang is a society under the rule of law, as legal citizens, we have the right to drive all evil forces out of Xiangjiang and bring them to justice.”

“Ridiculous.” Ye coldly laughed and said; “You are black, he is white, snake and rat, fine, since you all want to get involved in this matter, then, I, Ye Han, will not bother with you more, let’s see the real thing under our hands.”

After he said that, Ye Han clapped his hands, and then, a group of people filled with a bloodshed aura immediately appeared in the venue, the Heavenly Dragon Guard and Leng Wufei appeared, a terrifying bloodshed aura enveloped the entire venue, bearing this terrifying aura, everyone in the venue felt an endless pressure descend upon them.

At this moment, no one dared to take Ye Han lightly anymore, this group of people were simply too terrifying! Before they had even made a move, they could make people feel a strong aura of death coming over them.

“Anyone who doesn’t leave within three minutes, kill them all!” Ye Han gave his final order, he had already lost patience with this group of people, the opportunity had been given to them, if they didn’t leave, then they would be buried with Huo Tianzun.

“Kill!” Terrifying shouts of killing came out from the mouths of the Heavenly Dragon Guards, a cloud of gloom enveloped the venue, some people who were timid by nature were so scared at the moment that their legs went limp and they retreated towards the outside of the venue, the killing intent they felt was very real, if they continued to stay, the group would definitely kill them.

“Good, very good, I’ll let you get away with it tonight.” Chief Secretary Jiang left the place with a gloomy expression, but having been swept away by Ye Han, he would definitely not stop there, Hong Tiansheng looked at Huo Tianzun before looking at Ye Han and said; “Xiangjiang is my Blood Righteousness Sect’s place, no one can be wild here, I advise you once more, don’t mess around tonight.”

After saying that, Hong Tiansheng also left, no one expected Ye Han to come tonight, so they had little preparation at all, facing the strong Ye Han, they could only retreat now, it was not worth it to gamble with their lives on whether Ye Han dared to lay a hand on them.

However, this was only temporary, once they left the place, it would be the time for them to get back from Ye Han.

In just two minutes’ time, all the people inside the venue, except for the Huo family, had disappeared cleanly, the whole venue was so quiet that a pin drop could be heard, Ye Han’s gaze and Huo Tianzun stared at each other, both of their eyes were as cold as ice, they both hated to kill each other.

“Huo Tianzun, one battle to settle the enmity.” Ye Han stepped out, the icy cold blade, already appearing in his hand.

“Tonight, it’s either you die or I live.” Huo Tianzun slowly walked out with the hegemonic soldier Huang Quan in his hand, hostile Qi surging around him, a battle to settle enmity, it would be a battle of life and death!

At the same moment, Leng Wufei also set his eyes on Daoist Ci Mei, here, apart from Huo Tianzun, only Daoist Ci Mei had some strength, as for the beautiful guards beside the Black Widow, they were not worth mentioning.

Fortune Chapter 557

“Su You, take Wen Yu and go first, the Huo family, we can’t cut off our sons and daughters tonight.”

To one’s surprise, Huo Tianzun’s main wife, Lady Nan Qin, was also an expert who had already cleared the Ren and Du veins, and after she spoke to the Black Widow, she chose to stand beside Huo Tianzun, and the two of them faced Ye Han together.

“Hehehe, people of the Huo family, no one will be able to leave tonight, all become the dead souls under me.” Lin Qi grinned and appeared around the Black Widow with his Heaven Breaker Halberd in hand, blocking the Black Widow’s three retreats with Silly Ben to his left and right.

Seeing this, the Black Widow’s face looked very ugly, Huo Wenyu’s face likewise had a burst of horror, that the person who had followed Li Xinran to his Huo Clan was actually their Huo Clan’s sworn enemy, Ye Han, a person who should have been dead but had appeared here alive to wipe out his Huo Clan!

At this moment, Huo Wenyu’s heart was terrified to the core, he was still young, still had inexhaustible wealth and women, he didn’t want to die yet, but, tonight, his life was beyond his own control.

“Kill!” A low cry, Daoist Ci Mei and Leng Wufei had already exchanged blows by now, and Lin Qi and Foolish Ben with the Heavenly Dragon Guards had also surrounded the three Black Widows to death, ready to strike at any moment.

“Madam, I’ll have to drag you into this today.” Huo Tianzun looked coldly at Ye Han, and then said to Lady Nan Qin, who was standing beside him. Upon hearing this, Madam Nan Qin said; “Husband, you and I are a couple, why do we need to say this, tonight we will live together and die together.”

Hearing this, Ye coldly laughed; “Huo Tianzun, I didn’t expect that a man like you would have a woman around you who would willingly follow you to your death, no matter, tonight I will send you and your wife to hell to be reunited.”

“Hmph, kid, if you want to kill me and my husband and wife, it depends on whether you have the ability to do so.” Lady Nan Qin grunted at Ye Liang.

After saying this, Huo Tianzun and Madam Nan Qin pounced on Ye Han at the same time, Huo Tianzun used a sword and Madam Nan Qin used a short sword, their sharp and matchless attacks enveloped Ye Han, as if there was a curtain of swords and sword mu in the air blasting towards Ye Han.

“Break!”

Ye Han let out a low shout, his body rose up to the ground, a slash in the air was like a thunderclap, the light of the slash was crisscrossing, the slash rushed into the sword mu and the sword curtain like a broken bamboo, the endless strangling power seemed to be able to crush everything, the next moment, Huo Tianzun and Madam Nan Qin’s bodies retreated, their eyes became very serious as they looked at Ye Han.

“Zhong Ren Du!” Huo Tianzun’s hand holding the Hegemon Yellow Spring trembled, after Ye Han had returned from the dead, his cultivation had surprisingly become as powerful as his, coupled with that terrifying flame, tonight, he was definitely in for a bad time.

“You two, try to receive a slash from me as well, Long Rainbow Crossing the Sun!”

After the words were said, the roaming Ye Han flashed in the air, the terrifying blade qi ran rampant, and then, a fiery red blade mane emerged from the air, this fiery red blade mane seemed to be able to exterminate everything around it, that kind of might caused Huo Tianzun and Madam Nan Qin's faces to change greatly.

"Not good, Madam, run!"

The fiery red blade mane fell in the air, but just then, a black shadow ran over and blocked Ye Han's terrifying slash with her own body, the fiery red blade qi passed through her body and the aftermath landed on Madam Nan Qin's body, instantly blasting her away and spitting blood from her mouth.

This slash was a move that Ye Han had comprehended after obtaining the Heart of the Vermilion Bird Sacred Beast, with a stunning killing power and the Vermilion Bird Sacred Fire contained within it.

At this moment, even Huo Tianzun couldn't help but take a few steps back, after stopping his form, his face instantly turned incomparably fierce and painful when he looked at the woman who was lying on the ground, no longer sounding; "Su You, wait for me, you won't be alone on the road to yellow spring."

The black widow ran over to block this slash of his, although Ye Han's heart shook, his face did not change much, he would not let Huo Tianzun go because of this soft hand, tonight, he would kill the Huo family, anyone who was related to Huo Tianzun had to die, the lesson of Hatakongzhi, Ye Han would not make the mistake a second time.

If you are in the underground world, you have to be ruthless enough to gain a foothold. Ye Han had gradually understood this truth, when dealing with an enemy, either you don't start, or once you start, you have to cripple him.

"Huo Tianzun, it's your turn." Ye Han swept the surroundings before his gaze fell back on Huo Tianzun, at this moment, Daoist Ci Mei had been killed by Leng Wufei, the guards around Huo Wenyu and the Black Widow were also dead, and under the encirclement of Lin Qi and Silly Ben and the many experts of the Heavenly Dragon Guard, they did not even have a chance to escape.

"Ye Han, defeat at your hands was not an unfair loss for me, but sooner or later, you will become like me today, and I will be waiting for you in hell." Huo Tianzun looked at Ye Han with a fierce face, and then the Hegemon Yellow Spring in his hand released a gust of sword wind, as rigid as thunder, a terrifying slash as fast as lightning attacked and killed Ye Han's body.

At this moment, Leng Wufei and the Heavenly Dragon Guards and others were standing by watching, Huo Tianzun was bound to die tonight.

"My life, the King of Hell he does not dare to take." Saying this, Ye Han swept out wildly to meet Huo Tianzun's slash, the Dragon Scale Dagger cutting through the air with a stunning residual shadow that would not dissipate for a long time, and in the next moment, the blades in their hands clashed, rolling thunder exploding out, the relentless slash energy spreading in all directions like a tornado.

However, after the two clashed, terrifying blade light once again surfaced between them, sparks flew everywhere as the blades clashed with each other, each move was like lightning, incredibly fast, but in the midst of this duel, Huo Tianzun's mouth was constantly spewing out blood, obviously, he could no longer hold on to this kind of fight with Ye Han.

Bear!

At this moment, a blazing flame-like blade aura engulfed Huo Tianzun's attack, like a flaming dragon that ruthlessly impacted his body, piercing through his chest. The next moment, Huo Tianzun took a few steps back and the two separated, only to see that at this moment, all over Huo Tianzun's body were terrifying slash wounds, the most terrifying being the one on his chest.

"Ye Han, congratulations, you've won!" Huo Tianzun slowly closed his eyes, then fell down on his back, he was no longer Ye Han's opponent, the times create heroes, new people change from generation to generation, the previous wave will only be slapped to death on the beach by the latter wave, this is an era where the strongest is the most important and speak with their fists, the dominant master who had been running the underground world in South China for decades was dead, just fell to the ground, no sound.

Looking at the dead Huo Tianzun, the crowd was relieved. Once Huo Tianzun died, they were one step closer to their goal of dominating the southern underground world, and with Huo Tianzun dead, it was the turn of Murong Hetu of Central China to be next.

Fortune Chapter 558

"Husband!"

Looking at Huo Tianzun who died under Ye Han's sword and had fallen to the ground and died, Lady Nan Qin had a sad face, she raised her head and looked at Ye Han and the others with a face of hatred, then took her sword and killed herself.

"Husband, on the road to yellow spring, with Nan Qin accompanying you, you won't be lonely!"

After saying this, Lady Nanqin fell beside Huo Tianzun's body, a couple although different lives, but seek the same death.

"Huo Tianzun, to have such a wife, you have not wasted this life!"

After taking a glance at the corpses all over the ground, Ye Han turned around and walked out, Leng Wufei, them and the Heavenly Dragon Guards followed behind, then, with a wave of his hand, the Vermilion Bird Sacred Fire instantly ignited every corner of this villa, the blazing flames instantly shot up into the sky, in just a few seconds, the Huo family's villa was surrounded by a terrifying flame.

This kind of flame could not be extinguished even with a flood, the only way was for it to burn out its last ounce of power.

Ye Han and the others arrived outside the villa, and at this moment, the luxury cars that were parked all over the courtyard just a moment ago all disappeared cleanly, and the sky-rushing flames flared up behind them, stretching Ye Han and the others' shadows long.

But as they walked out of the villa and onto the pathway outside, a parked black Rolls Royce entered Ye Han's line of sight, seeing this, Ye Han said; "Sir, you guys go back first, I'll come as soon as I go to meet a friend."

Leng Wufei nodded and said; "Then you take care of yourself."

After saying that, in the blink of an eye, Leng Wufei, them and the Heavenly Dragon Guard and the others disappeared without a trace, Ye Han walked over and opened the door of the Rolls Royce and sat on it, in the back seat, sat Li Xinran, the one driving in front was the bodyguard, seeing Ye Han come up, the bodyguard's body was tensed up like an enemy, as if he was about to attack Ye Han at any moment.

"Why haven't you left yet?" Ye Han said as he sat next to Li Xinran and lit a cigarette.

Seeing this, Li Xinran said; "I haven't left, naturally I'm waiting for someone, and when the person I'm waiting for arrives, it's time to leave."

After saying that, Li Xinran gestured to the bodyguard in front to drive.

Ye Han took a deep puff of his cigarette and asked; "Where are we going?"

"Is it cool to kill someone?" Li Xinran asked in reply.

Ye Han said; "No one wants to kill, if I don't others will kill me, I only kill so I can live better, in fact it's the same as your business world, if you want to grow, you have to have big fish eat small fish and small fish eat small shrimp for the same reason, only I'm more direct and more bloody."

"I'm not blaming you for anything." Li Xinran said; "A man should kill, kill without mercy, a thousand years of immortal karma is in killing, kill one person as a crime, slaughter ten thousand people as a hero, slaughter nine million people, only then will you be a hero among males, Ye Han, if you want to climb up step by step, creating sins is something that can't be avoided, I once said that I look forward to the day when you stand at the peak of the tripod, now, you are one step closer to this goal, congratulations!"

"Congratulation is fine, as long as you don't mind me being an executioner with blood on my hands." Ye Han smiled faintly and flicked the cigarette inside his hand out of the window, landing just in a bin by the roadside.

"No, it doesn't seem appropriate to describe you as an executioner, you are somewhere between a hero and a lord, it's hard to say which category you belong to for now." Li Xinran said; "Come on, let's go to the hotel and get a room."

"What's the point of going to a hotel?" Ye Han's gaze glanced at Li Xinran's chiseled body, could it be that this woman hadn't seen him for a long time and wanted to have some first-time passion with him or something?

"Don't think too much, I don't like to eat with people who are covered in blood, first go to the hotel and take a shower, then I'll treat you to dinner, at least I'm the host in Xiangjiang, so you won't say I'm a stingy person later." Li Xinran said indifferently.

"Okay, then I'll listen to your arrangement." Ye Han nodded his head.

Not long after, the Rolls-Royce had driven to a five-star hotel in Saigon, and Li Xinran's arrival had startled the manager of this hotel, who hurriedly ran down to greet him.

"Miss Li, you are welcome to stay at our hotel, I wonder if you have any orders?" The hotel manager asked cautiously.

"Just get us a room, it's none of your business." Li Xinran said indifferently.

Hearing this, the hotel manager glanced at Ye Han who was standing beside Li Xinran in shock and surprise, but the hotel manager who was observant knew what to ask and what not to ask, what to say and what not to say, he nodded his head and then went to make the arrangements.

The room that Li Xinran had taken was a presidential suite, which was very luxurious inside and was on the top floor of the five-star hotel, from which he could see half of Saigon at night, with neon lights flashing in the city, giving a pleasing feeling to the eyes.

After entering the presidential suite, Ye Han went to the bathroom to take a shower. Li Xinran stood in front of the window with her hands propped up on the railing looking at the night view, and entered a room with Ye Han alone, she was not afraid of what Ye Han would do to her, because she knew Ye Han, and she did not care what gossip would spread outside.

This is Li Xinran, I do what I want, I will not be disturbed by any sound from the outside world, transcendent.

Half an hour later, Ye Han had freshened up and walked out with a bath towel around him, he looked at Li Xinran standing in front of the wearing, lit a cigarette, walked over and said; "The night view of Xiangjiang is nice, looking at this beautiful night view, one can find a peace amidst the disturbances."

Li Xinran looked at Ye Han who was standing next to her with his upper body bare and said; "Don't be sentimental, there is a new set of clothes on the bed go and change into them."

This set of clothes was something Li Xinran had asked her bodyguard to buy, with her vision she naturally knew what type of clothes would fit Ye Han, Ye Han turned his head and looked at the big comfortable bed, then laughed; "It seems like it's a bit inappropriate for you to be here, right?"

"Go change in the inner room." Li Xinran glanced at Ye Han.

Ye Han shrugged and took the brand new and unknown black suit on the bed and walked into the inner room, it had to be said that Li Xinran had a good eye, Ye Han fit well in this suit and looked like a handsome gentleman when he put it on.

"Pretty good, let's go, let's go down for dinner." Looking at Ye Han who walked over, Li Xinran nodded and said.

Ye Han pulled Li Xinran and laughed; "What's the hurry? There's always time to eat, I can't easily watch the night view of Xiangjiang, stay with me for a while longer, tomorrow I should leave Xiangjiang, and I don't know when I'll have the chance to see it again."

"Leave." Li Xinran glanced at Ye Han and said; "I'm afraid it's a bit unrealistic for you to leave Xiangjiang tomorrow, I just got the news that all the channels to the mainland have been blocked, as soon as you show your face, you will definitely be arrested as a terrorist."

"Blocked." Ye Han's eyes narrowed as he said; "It seems that these people really haven't died, but just this little Xiangjiang can't trap me, Ye Han."

Fortune Chapter 559

Looking at this domineering man beside her, Li Xinran looked at him with a kind of admiration and said; "I'm afraid that half of Hong Kong knows about your killing of the Huo family, and you also swept the

face of Chief Secretary Jiang and Hung Tin Sang in public at the Huo family's party. will go through this hurdle!"

Ye Han laughed; "Even more dangerous than this, I've battled through a difficult situation, would I still be afraid of them? Alright, enough talk, I'm hungry, go eat."

After saying that, Ye Han turned around and left, Li Xinran looked at his back, a flash of color in her beautiful eyes, then followed.

Inside the hotel, Li Xinran was elegantly tasting the red wine, looking at the man opposite her who was wolfing down his food as if he hadn't eaten for days, she skimmed her mouth, didn't she see several pairs of contemptuous gazes coming from all around? He didn't know to pay attention to his image.

However, for Ye Han, he didn't care about that, filling his stomach was the most important thing, he hadn't eaten anything since he arrived in Xiangjiang today, and he had also experienced a big battle with Huo Tianzun, so he was already hungry.

Half an hour later, Ye Han had already eaten and drunk enough, taking out a napkin and wiping his mouth, he looked at Li Xinran who was opposite him and said; "Well, the meal is full, are there any other activities next? It's still early anyway."

"Let's go for a walk, it helps with digestion." Li Xinran said as she put down her wine glass and stood up.

Ye Han followed her and left amidst an admiring gaze. Sai Kung belonged to the New Territories of Hong Kong and was called the back garden of Hong Kong, which meant that it had a pleasant scenery and many places were maintained with beautiful natural scenery.

Walking with Li Xinran on the street, looking at the night scene around them and the pedestrians coming and going, the two of them were like a couple at the moment, although they did not say anything, but at the moment the silence was better than the sound.

Behind them, the bodyguard in the Rolls-Royce followed from afar, not disturbing their walk.

"In Xiangjiang, you seem to be a celebrity!"

At this moment, the two of them walked under a big shopping mall, on the high outer wall of that mall hung a big display screen, at this moment, this screen was showing the leader of a certain enterprise, entering the online market, and had already taken half of the online piece in Xiangjiang, and it took less than half a year.

And the leader of this enterprise is Li Xinran, the screen of the display has a video of Li Xinran appearing at the launch of a certain something.

Li Xinran said; "It's just a small fight, it's only a little bit worse than you."

"The Li family." Looking at these sensitive words uttered by the commentator on the screen, Ye Han glanced at Li Xinran, perhaps, he now knew Li Xinran's identity, no wonder when Situ Zhentian asked him to protect Li Xinran no matter what, but refused to reveal Li Xinran's identity.

It turned out that she was the granddaughter of that business legend who was so famous that the nation knew nothing about her, Master Li.

“What are you looking at me for? Is there something on my face that attracts you?” Looking at Ye Han who was looking at herself without blinking, Li Xinran, who obviously could not stand Ye Han’s gaze, inclined her head and said.

Ye Han shrugged his shoulders and said; “Facing this big beauty like you, how can I not look at her more than twice, let’s go, it’s getting late, let’s go back.”

“Good, by the way, where do you live?” Li Xinran asked.

“An abandoned industrial building.”

“It’s huddled with that group of people from earlier, right?” Li Xinran gave Ye Han an odd look and said; “I have a villa in Saigon, if you don’t mind you can go and stay there for two days.”

“If it’s convenient, this evening is fine.” Ye Han said; “You’re a native of Xiangjiang, you’re familiar with this side, introduce me to any villas big enough in this part of Sai Kung, I’ll stay in a villa, I can’t let my group of brothers live in an industrial building and suffer from hunger.”

“I can’t see that you still care about your group of brothers.” Li Xinran said; “Since you asked, of course I will help with this matter, you can live in it tomorrow morning at the latest, but this is your own money to pay.”

“No problem.” Ye Han was very quick to agree, right now the channels to the mainland were blocked on this side of Xiangjiang, if he wanted to leave this side of Xiangjiang, he could only do so by force, or by taking care of this group of people and leaving Xiangjiang in an upright manner, in comparison, Ye Han preferred the latter, leaving Xiangjiang in a pussy, this was not Ye Han’s style.

If you want to make an enemy of him, you have to bear his wrath. Therefore, within a short period of time, Ye Han did not want to leave Xiangjiang, so he had to clean up the group of guys who insisted on fighting against him.

However, just as Ye Han and Li Xinran turned around and were about to get into the car to go to Li Xinran’s villa in Sai Kung, the whole street where they were standing suddenly became much quieter, and the pedestrians who were still bustling just a moment ago rushed past, and not many people could be seen on the whole main road.

Moreover, the surrounding shops also closed their doors tightly at this time, and in less than half a minute, the lights on the street became much dimmer.

Seeing this, Ye Han’s eyes narrowed, this kind of scene was like a firefight between large swathes of underground forces in Xiangjiang inside a movie.

“Looks like you have trouble on your doorstep.” Li Xinran also sensed something strange and said to Ye Han.

The next moment, a car appeared at both ends of the street, a group of people with blades and iron bars in their hands appeared, the densely packed heads swayed in the dim light, Ye Han’s gaze looked towards the two ends, and under a detailed count, there were only about two hundred people appearing on this street.

"I've long heard that kooks are prevalent in Xiangjiang, and two-thirds of the youth population here are from kooks, today, let's see, it's really like that." Ye Han looked at the scene with a faint smile, from his face he could not see the slightest tension, this group of people with all kinds of weapons were only the lowest level of kooks inside the society, even if there were more of them, they would be of little use to him.

"You're still smiling in the face of over two hundred people, you seem to be very confident." Li Xinran smiled lightly, and her face showed no nervousness, perhaps because of her status, or perhaps she was used to seeing big scenes in the mall, she acted spoiled and unperturbed.

"Just a bunch of foxy brats, if all the societies in Hong Kong are like this, there really isn't much of a challenge." Ye Han shrugged his shoulders, his gaze blandly looking at the kooks that appeared at both ends of the street.

"Hmph, you are Ye Han, right, we are from the Hong Yi Society, tonight, I have over two hundred brothers here to take your life." Only at this time, a young man of twenty-seven or eighteen years old appeared among this group of kooks holding a knife in his hand and gazing coldly at Ye Han.

Fortune Chapter 560

Ye Han's gaze swept over the group of kooks that had gathered towards him, and finally his gaze landed on the youth who had spoken, sneering as he said; "Hong Yi Society, I'm sorry, I haven't heard of it, but to try to kill me with just a bunch of you mongrels, don't you think it's a bit too whimsical?"

"Hmph, Brother Bobcat, what's the point of talking nonsense with him, the Blood Righteousness Sect's Jianghu pursuit order has been issued, the boss has said that whoever kills him will get a million and will also be able to sit as the bearer of Red Star Street, we can't miss this good opportunity, once we kill him, our group of brothers will be famous in Saigon."

"Brother Bobcat, let's do it, we have two hundred brothers, there are only two of them, even if he is powerful, one of us can chop him into mush."

More than two hundred kooks approached slowly towards Ye Han's position, although this young man in front of them had destroyed the South China Heavenly Father, but they had more than two hundred people here, they did not believe that Ye Han alone could beat more than two hundred of them.

"Miss, this is not a place to stay for long." The bodyguard of Li Xinran immediately came to Li Xinran's side after seeing this kind of battle, looking at this group of kooks around him with a gaze like a tiger and wolf.

"With him here, I think it shouldn't be difficult to deal with this kind of small trouble, am I right?" Li Xinran looked at Ye Han and smiled.

"Since you all believe in me so much, it seems that I can't let you down." Ye Han smiled lightly, fished up his sleeves and said; "It just so happens that it's been a long time since I've used my fists to beat someone up, so let's have a go today."

To kill someone, he only used a sword with a knife, while to beat someone up, he would have to use his fists.

“Kill him!”

At this time, he saw the young man called Brother Bobcat shouting coldly, and then, at both ends of the street, more than two hundred gourmets armed with swords and iron bars started to pounce towards Ye Han, the scene was very spectacular, like a fire fight between the underground forces inside a movie.

In front of them, Ye Han's two sleeves were rolled up, his long fingers were clenched, his feet were on the ground, and he was like a whirlwind rushing out, like a ghost. They could only see a black shadow like lightning, disappearing from their sight in the blink of an eye, such an inhuman speed, almost like Superman.

The sound of silent collisions immediately resounded in the crowd, and one by one, those guzheng who were ready to swing their swords at him flew out one by one around Ye Han, smashing into many guzheng who rushed over along the way.

In the next short minute, Li Xinran saw something shocking that she had never seen in her life, what does it mean to fight a hundred with one? What does it mean to be one against a hundred? What does it mean to be one against a hundred? Ye Han, showed this to the fullest.

He was like a god of war on earth, none of the two hundred or so people were his one-punch opponent, and anyone who tried to get close to Ye Han was all sent flying by him.

Li Xinran's beautiful eyes were shocked as she watched this scene, this guy was so powerful that it felt incredible!

However, in fact, this was just that Li Xinran had not been exposed to the dark side, otherwise she would have known that there was that group of people in this world who possessed power that was superhuman to ordinary people.

A minute later, none of the two hundred or so kooks could stand up, the whole street was full of kooks lying on the ground, Ye Han stood proudly in the middle of that pile of people, as if he was a god in control of all beings, as long as he had a thought, these people would die.

Looking at the group of kooks lying on the ground and wailing, Ye Han squatted down and looked at Brother Bobcat who was under his feet and said with a smile; “If you want to kill me to get to the top, you guys don't have that ability yet, give me a message to the Hong Yi Society, don't come looking for trouble with me, otherwise, the price he will have to pay will be the whole Hong Yi Society, understand?”

Bobcat Brother hastily nodded his head, with a frightened look on his face, and said; “Understood I understand, thank you Mr. Ye for not killing me.”

At this moment, Brother Bobcat was basically so frightened that he was almost speechless, a fierce man as powerful as Ye Han, he had been in the underground world for several years, but he had never seen one like Ye Han, one person singled out over two hundred of them, and within a minute, he had easily finished them off.

Could such a fierce man be found by the Hong Yi Society?

Ye Han lowered his sleeves and walked through the pile of people, and when those kooks who were lying on the ground and wailing saw him coming, they were like seeing the god of plague, and one by one, they hurriedly crawled away to make way.

At this moment, she felt that she could not see through Ye Han anymore. When she was at Fudan University in Shanghai City, she thought she had seen through Ye Han, that he was a man with great ambitions.

However, at this moment, Li Xinran felt that she could not see through Ye Han at all. He not only had ambitions, but also perverted strength, and even more extraordinary charm, and deep in those eyes, there seemed to be ambition and desire that moved people.

This man, how high would he climb in the future?

“Big beauty Li, your eyes are looking straight, if you keep looking it will be midnight.” Ye Han stretched out his hand and waved it in front of Li Xinran’s face, could it be that this woman was charmed by his handsome body just now? Why else would she be staring at him?

“Let’s go, go back.” Li Xinran’s face returned to normal as she glanced at Ye Han before walking towards the Rolls Royce.

“Brother, awesome, you are the fiercest person I, Ah Fei, have ever seen!” Behind Li Xinran, the bodyguard gave a thumbs up to Ye Han.

“Thank you.” Ye Han arched his hand towards him.

In the car, bodyguard Ah Fei was driving, while Ye Han and Li Xinran sat in the back seat.

“It seems that the Blood Righteousness Sect has already issued a Jianghu pursuit order, otherwise, a small society like the Hong Yi Society would not have made a move against you.” In the car, Li Xinran said.

“Jianghu pursuit order.” Ye coldly laughed and said; “If it is useless to see how many people come like just now, I would like to see how many more people come after me over here in Xiangjiang.”

The Blood Righteousness Sect was the number one society in Xiangjiang, with a huge power, their status in Xiangjiang was just like Murong Hetu’s status in the underground world in southern China, but the Blood Righteousness Sect had more say in Xiangjiang, all the big and small societies had to obey their orders.

Right now, Hong Tiansheng has issued a Jianghu hunt order against Ye Han in the name of the Blood Righteousness Sect, and all the societies in Xiangjiang have to hunt Ye Han down. Therefore, right now, all the major societies in Xiangjiang have put Ye Han on their must-kill list, and as soon as he shows up, he will be subject to a big hunt by the societies.
