

Fortune 571

Fortune Chapter 571

Guo Yunjiang looked at Ye Han and said indifferently; “Nowadays, there are still a few people who don’t know you, Ye Han, among the upper class people in Xiangjiang. I’m very busy, I don’t have time to talk nonsense with you here.”

“Very busy?” Ye Han laughed; “As far as I know, you are just an empty shell management that has been hollowed out of power inside that company, there is no need to talk so nobly.”

“Humph, I don’t need you to teach me how to do it, Miss Li, if there’s nothing else I’ll forgive me for not accompanying you.” Saying that, Guo Yunjiang pushed back his chair and immediately stood up.

“I heard that you, Guo Yunjiang, are still a character, now it seems that I can understand where you are inferior to Guo Yunxiao, like you, you will never enter the core of the Guo family for the rest of your life and will never be recognized by the people of the Guo family for the rest of your life.” Looking at Guo Yunjiang’s back, Ye Han said carelessly.

Hearing Ye Han’s words, Guo Yunjiang stopped in his tracks and slowly turned around, his cold eyes staring at Ye Han as he said; “What does this have to do with you? As far as I know, you are now being hunted by both black and white, and you can hardly protect yourself, so what qualifications do you have to say about me?”

Ye Han said; “You will soon know whether I am qualified or not, if you don’t mind, you can sit down and listen, it won’t do you any harm, perhaps I can help you break into the core of the Guo family, or even let you sit as the head of the Guo family and trample Guo Yunxiao under your feet.”

“You’ve got a big mouth.”

Guo Yunjiang sneered as he sat down again and said; “Right now you’re nothing more than a street rat over here in Xiangjiang, maybe tomorrow you’ll end up on the streets, what gives you such great confidence?”

“Confidence usually comes from strength.” Ye Han laughed; “Now I just want to ask you if you want to enter the core of the Guo family? Do you want to sit in the position of the Guo family’s head of family? Don’t tell me you don’t want to, you are a very ambitious and talented person who wants to be recognized by others, isn’t the reason why you gave up your high salary abroad to return to the Guo family, is it because you want to prove yourself to the people of the Guo family? But unfortunately, even if you are outstandingly talented, the people of the Guo family will still not recognise you as an illegitimate son, in the Guo family, one Guo Yunxiao is enough, it doesn’t matter if there is you Guo Yunjiang or not.”

At these words, Guo Yunjiang’s face did not change much, perhaps, he had heard enough of these words to become numb, he knew where the dishonour in himself lay, illegitimate son, it was a very humiliating name, and because of this, he was discriminated against.

“When you say this, could it be that you have a way for me to break into the core of the Guo family, or even sit in the position of the Guo family’s head of family?” Guo Yunjiang’s gaze was fixed on Ye Han, he really wanted to see what this youth who dared to say such words had to fall back on?

“Of course.” Ye Han said; “Now you should tell me how to get you into the core of the Guo family, these things need to be done step by step.”

Guo Yunjiang said; “Good, then I will see if you have this ability or not, if you want me to enter the core of the Guo family and have a say in the Guo family, unless you first get me that ten percent of equity in Guo Yunxiao’s hand, with that ten percent, we can then talk about the rest.”

“No problem, I can help you right now.” Saying that, Ye Han took out his phone and dialed a number out.

“Oh, Ye, it’s rare for you to call me personally, have you run into any trouble this time?” On the other side of the phone, John B. Searson opened his mouth and laughed. Ye Han said; “Old John, I’ve been very busy lately, I’ve just gone through a big change, so I didn’t have time to contact you, this time I’m really looking for you because I want your help on one thing.”

“Ye, we are the best of friends, if there is any difficulty you say.”

“Old John, then I’ll be straightforward, you should have heard of Guo’s Jewellery in Xiangjiang, I want to get the ten percent stake in the hands of Guo Yunxiao, the heir of Guo’s Jewellery, I wonder if you have any way?”

“Guo’s jewellery, ten percent of the equity.” After thinking about it, Old John said; “Ye, no problem, you give me two days, my roots are not over there, I need to ask Mike to help me with this matter, he is the CEO of Tynia in Southeast Asia, with his assistance, I can get that ten percent stake over unnoticed and put it under your name.”

Ye Han said; “Old John, thanks a lot, when things are done in China, I will make a special trip to Europe to see you, as for the ten percent stake, it doesn’t need to be in my name, just write the word Guo Yunjiang.”

“Okay, no problem, I’ll do as you say, wait for my good news.” After saying this, the two hung up the phone at the same time.

At this time, Guo Yunjiang looked at Ye Han with some uncertainty, could it be that Ye Han really had a way to help him get the ten percent of equity in Guo Yunxiao’s hand? Even Li Xinran was a bit puzzled, who was Ye Han looking for help from? The matter hadn’t even been settled yet, and he was already discussing whose name to put it under.

Ye Han put down his mobile phone and said to Guo Yunjiang; “In two days’ time, the ten percent equity in Guo Yunxiao’s hand will be put under your name, after having this ten percent equity, I want to know what you will do?”

Guo Yunjiang stared at Ye Han and said; “If that’s the case, even if Guo Yunxiao receives the family’s patronage again, he will become an unappreciated invalid. shareholding for me.”

“Tempting with benefits, not a bad idea.” Ye Han nodded and said; “As for the ten percent equity you can be completely assured that it will be in your hands in two days at most, here is my business card, if there is anything you need just look me up.”

After saying that, Ye Han pulled Li Xinran to stand up and leave.

Looking at Ye Han's back, Guo Yunjiang's face changed, he stood up sharply and looked at Ye Han and asked; "If you really help me to sit in the position of the Guo family's ruling family, I, Guo Yunjiang, will follow your lead in the future."

Ye Han did not turn around as he said; "With me, there are no subordinates, only friends and brothers, I like to make friends with my heart, I hope that one day we can become true friends, Guo Yunjiang, I just said the wrong thing; you are better than Guo Yunxiao."

"I am stronger than Guo Yunxiao!" Looking at Ye Han's back, Guo Yunjiang's eyes shone with a burst of dazzling light, this was the first person to say such words to him, recognising his ability; "Ye Han, if you treat me with sincerity, I, Guo Yunjiang, will never let you down."

Fortune Chapter 572

"Guo Yunjiang's side is secure, what are you going to do next?"

In the car, Ye Han was driving, Li Xinran sat on the passenger side and asked, upon hearing this, Ye Han smiled; "From the information Xiang Xian gave me, Guo Yunxiao is a talented person, but his only flaw is his arrogance and conceit, this time, he used the power of the Guo family to protect Chief Secretary Jiang, plus the major associations paraded the streets in protest, he must have thought that on the Xiangjiang side I could do nothing to take him, and He must have thought that there was nothing I could do about him in Hong Kong and that I would start with the underground forces if I wanted to solve this matter, but I moved him first and made him lose everything, which is only the first step. In the second step, I want to make the company shops run under Guo Yunxiao's hand chaotic, so that his turnover will fall to pieces and he will have no time to pay attention to the matter of Jiang General Secretary, so that the people of the Guo family will completely lose confidence in him, so that after Guo Yunjiang takes control of that ten percent of shares, everything will be much easier."

"Do you have that many people in your hands now?" Li Xinran asked.

Ye Han laughed; "To do these things, you don't necessarily need to use my people to do them, Xiang Xian is very good, you can't let him watch from the sidelines and not do anything, right?"

Upon hearing this, Li Xinran laughed; "You're really a slippery person, with a belly full of bad things about screwing people over."

"Alas, it can't be helped, if I'm not a bit bad how can I gain a foothold in this part of Xiangjiang?" Ye Han shrugged his shoulders, after saying this, Ye Han whirled around and dialed Xiang Xian's number and said; "Mr. Xiang, there is a matter that I want your help with."

"Oh, Mr. Ye, please speak." On the other side of the phone, Xiang Xian said politely, for Ye Han, after going through the conversation, Xiang Xian had an instinctive sense of fear in his heart, that young man had a knife hidden under his smiling face, a knife that could kill the enemy and also destroy him, one of his own.

Ye Han said; "The company shop operating under Guo Yunxiao's hand I want to make it chaotic, it's best to stink up the reputation, make Guo Yunxiao storm and make the people of the Guo family lose confidence in him."

Upon hearing this, Xiang Xian said; “This is simple, later on I just need to say hello, someone will immediately go and investigate, and tomorrow they will make headlines in the news.”

“That’s the best, this time, I’ll make him hurt until he regrets it.” Ye coldly smiled.

“Mr. Ye, the major associations are” Xiang Xian said with a desire to speak, right now the major associations are protesting in the streets, the number is tens of thousands of people, causing serious traffic jams, the police station is not enough police officers, arrested a group of people can not be imprisoned for a The police station is simply short of police officers.

“I will immediately start handling this matter, although it is bloody.” Ye coldly hung up the phone with a smile, and then he looked at Li Xinran who was sitting on the passenger side and said; “Miss Li, do you want to go around with me, the bad guy, to other places?”

“What, you want me to be the one with blood on my hands too?” Li Xinran gave Ye Han a blank look and said; “I’m afraid I don’t have time today, my family’s old master asked me to go back and meet, it seems that he knows about the recent events and I have to go back.”

“Old Master Li.” Ye Han’s eyes stared and said; “It’s fine, when the matter at hand is finished, I will go and pay a visit to his old man.”

At that, Li Xinran rolled her eyes and said; “Why are you going to visit my old man? I think you have bad intentions.”

Ye Han grinned and said, “Why not? It seems a bit unreasonable not to pay a visit to your grandfather when you arrive in this mu of Xiangjiang.”

“Slick talk, let me give you a warning, before you go to see my family’s old man, you’d better set me straight before you do so, it’s useless if you see the old man without my nod, he never interferes with my private life, my choice is ultimately his choice.” Li Xinran said bluntly.

Hearing Li Xinran’s blunt, unconcealed words, Ye Han slammed on the brakes and stopped on the side of the road, he looked at the side of Li Xinran’s face, smiled playfully, leaned over and said; “So, I wonder what it would take to set you, the Miss Li family, right?”

Smelling the masculine scent coming from Ye Han, Li Xinran inclined her head, the two of them were facing each other with two or three centimetres between them, a little closer and the tips of their noses were almost close together, at this time, Ye Han slowly moved forward and continued to approach Li Xinran, seeing this, Li Xinran’s eyelashes twitched and trembled as she slowly closed her eyes, waiting for the scene she imagined to appear.

However, after ten seconds or so had passed, nothing happened, and Li Xinran opened her eyes in a somewhat strange manner, and then she was greeted by an ungrateful smiling face, and that bad smile immediately made Li Xinran, a business goddess with wisdom and beauty in one, blush.

“Miss Li, aren’t you being a little too proactive, it seems that I don’t have that kind of idea right now.” Ye Han grinned, looking at Li Xinran’s originally very calm face that instantly turned red, she knew that she was being tricked by Ye Han.

“Get out of the car!” Angry beautiful eyes stared at Ye Han, gritting her teeth, that gaze was as if she wanted to eat someone.

“Fine, the good lady has an order, I have to obey it, but before we go, let’s fulfill Miss Li’s wish first.” Saying that, in Li Xinran’s angry gaze, Ye Han directly kissed her lightly on her red lips, then with a big smile, he pushed open the car door and walked off, stopping a taxi to go far away.

“This bastard” Li Xinran touched her direct red lips, sat in the driving seat and stepped on the accelerator and sped off wildly.

.....

The next day, a news story that shocked Hong Kong was broadcasted on television.

This news was exposed and immediately aroused the anger of the general public and consumers, who ran to the entrance of Guo’s jewellery and demanded to return the goods. companies were directly blocked by the tide of people, attracting a large number of onlookers, and there was no way to continue business.

“Bastard, Xiang Xian, this old son of a bitch even screwed me.”

Inside a building, Guo Yunxiao was so angry that he threw all the documents on top of his desk, with a gloomy face, because of this matter, many people inside the family had already called him with great opinions, asking him to settle this matter immediately, one day later, the Guo family would lose tens of millions of dollars on this side of the New Territories.

A dozen senior executives stood inside the office not daring to speak, the bottom of this building had all been blocked by the public, the noise could be heard even from above here, facing this situation, there was nothing they could do even if they came out to disprove the rumours, as it had been officially proven that they were making fake and shoddy products to deceive consumers.

“Good one Ye Han, the action is really fast, equity this first fire has not even burned up, he has first lit this second fire, this time, that good brother of mine should be very angry.” Guo Yunjiang looked at the news broadcast on the TV, with a cold smile on his face, he drank the red wine in his hand, now, he only needed to wait quietly for the result of Ye Han’s first fire, when the equity was in hand, it was his time to step out and perform.

Fortune Chapter 573

However, when Guo Yunxiao was under pressure from all sides, headache Guo’s jewellery negative news, inside the stock market, a war without smoke and mirrors has also begun, under the combination of Old John and Tynia Group, the company controlled by Guo Yunxiao is being eaten up step by step.

Although Guo Yunxiao’s staff had already discovered this phenomenon, the angry Guo Yunxiao could not listen to anything and whenever the people below him reported to him about the company, he would be yelled out, hiding in his office alone and drinking wine.

Because of this matter, more and more people in the family are dissatisfied with him, and even the old man of the Guo family, who has started to delegate his power to him, has started to ask about this

matter, to make him take care of this matter, otherwise it will be difficult for him to ensure the position of Guo Yunxiao in the Guo family.

If this matter is not handled properly, he may lose his position as heir to the family. However, with rumours flying around and official evidence, even though he has some talent, he is unable to deal with this difficult matter and has no choice but to turn his phone off and get drunk in the office.

However, the negative Guo Yunxiao did not know that the 10 per cent stake in Guo's jewellery that he controlled was gradually weakening and was already showing signs of collapse in just half a day's time.

"President, it's not good, our company's shares are being attacked by unknown characters, and they have already taken over most of the shares." A senior member of the company barged into Guo Yunxiao's office with a stiff upper lip.

"Get out, get out all of you, what shareholding, a bunch of old things who are sitting on their laurels and want to change the position of my heir" Guo Yunxiao leaned back on the office sofa mulling over a glass of red wine with a flushed face, but suddenly, he snapped much more awake;. "What did you say? What equity stake?"

"President, our company's equity has been acquired by someone for the most part, if this continues the equity you control in your hands will all be eaten up."

Hearing these words, Guo Yunxiao's hand shook and almost dropped the bottle of 82 years expensive red wine on the floor, he hurriedly ran to his desk and opened his computer to take a look, instantly, he felt like his whole body had fallen into an ice cave, lying on top of his office chair with a dazed look, the ten percent of the equity of Guo's jewellery that he controlled was almost all going to be eaten up by someone.

Guo Yunxiao knew that he was finished, really finished this time, the negative news about the company had not yet been solved, and now even the ten percent of Guo's jewellery he controlled was about to be lost, who else in the Guo family would trust him?

"Ye Han, it must be you, bastard, damned bastard why do you have to go against me at every turn, I want to kill you!" Inside the office, the hysterical voice was like that of an angry tiger, Guo Yunxiao seemed to have gone mad, throwing the bottle of red wine out of his hand, and all the computer files and other things were pushed on the floor by him, turning the whole office into a chaotic mess.

In fact, it was not that Ye Han was always against him, on the contrary, Ye Han had already given him two chances, but his arrogance and conceit wanted to bring down Ye Han, and he was to blame for ending up in this situation.

Tuen Mun, New Territories.

After Ye Han watched the news broadcast on the TV, he said with a cold smile on his face; "Xiang Xian's tactics are ruthless and sharp enough, but I like it, I'm afraid that our Young Master Guo is now angry and smoking from his seventh organ."

"This guy has no one to blame but himself." Leng Wufei said; "Xiao Han, the Guo family is almost in chaos, it seems they have no time to take care of Jiang's side of things, when are we going to make our

move? The whole New Territories is in chaos right now, and Xiang Xian's side is probably watching our movements as well."

Ye Han said; "Although the Guo family is not in complete chaos yet, but it's almost time, then, we can't be left behind, this time the matter of the Jiang General Department is caused by the Guo family and the major societies, we should also go after these societies now. Sir, what are Silly Ben and Lin Qi's current positions?"

Leng Wufei said; "They should be in the two areas of Shatin and Tai Po now."

Upon hearing this, Ye Han said; "Good, let's start with these two districts and have Foolish Ben and Lin Qi act tonight, I want the bigwigs of the societies in these two districts to not see the sun tomorrow."

Sun Buwei said; "I will arrange this matter."

Ye Han nodded and continued; "Also, have Foolish Ben and Lin Qi fight quickly, there are more than a dozen large and small societies in the New Territories, let them not rest tonight, destroy as many as they can, in short, I want the Loyalist Sect to feel fear and despair."

At these words, Leng Wufei laughed; "Little Han, since we are going hand in hand, I think it would be better if a few of us also intervene tonight, there is strength in numbers, so how about taking down this part of the New Territories completely?"

Hearing this, Ye Han pondered for a moment and said; "It's not impossible, only that it will be a chore for Sir and the two seniors."

Chen Tianxing waved his hand with a smile and said; "No matter, our old bones can still withstand the strain."

"Good." Ye Han nodded and looked at Sun Buwei and Zhou Lie and said; "Old Sun, Brother Zhou, tonight our men are divided into four teams, Silly Ben's team, Lin Qi's team, Sir and the two seniors' team, while I and you guys are on one team, let's try to finish the work before dawn."

"Oh, no problem, we have no problem at all sweeping the entire New Territories with these four teams." Sun Buwei grinned and said.

"In that case, then let's move, and meet up at the Loyalty Sect headquarters before dawn." Ye Han stood up with a cold face, the first and second steps to deal with the Guo family unfolded one after another, the major societies' side could not be left behind either, both sides would act together to take the New Territories in a lightning war.

Today's night in the New Territories was destined to be incomparably bloody, as the four sides of Ye Han ran to all districts in the New Territories, launching a sweep of the core forces of the major societies as night approached, except, of course, for the Loyalist Clan.

For the Loyalist Clan, Ye Han wanted to leave them at the end. Whether the Loyalist Clan would live or perish in the end would still depend on their attitude.

In this part of Hong Kong, the major societies are in a huddle. If Ye Han, an outsider, wants to gain a foothold here, he will have to use bloody means to cleanse and suppress them from the start, so that people will have a fear of death for him.

What's more, since the battle on Phoenix Mountain, Ye Han's heart had already become numb, to be in the jianghu, to gain a foothold, you can't be merciful.

After all his life, his ups and downs, Ye Han was already transforming into an iron-blooded hegemon!

Fortune Chapter 574

North District, Yong Yi Hall.

Ye Han as well as Sun Buwei and Zhou Lie walked out with a fierce look on their faces, behind them was the smell of blood rushing into the sky as well as corpses all over the ground, more than two hundred people from the Northern District's Yong Yi Hall had been exterminated, no one had survived.

Tonight, this was the fourth association that Ye Han and the three of them had exterminated, the number of people who had died at their hands was a very terrifying number, a number so many that ordinary people did not dare to imagine. The other three directions, Leng Wufei's team, Silly Ben's team and Lin Qi's team, these three teams were also creating bloodshed all the way.

This night was destined to be a night full of bloodshed, even years later, when the Heung Kong society talked about this night, they were still talking about the tigers, because there were simply too many people from the Heung Kong society who died on this night, that kind of bloodshed was like a dark cloud over the entire New Territories, an operation of this magnitude, counting the history of the underground world of Heung Kong, it had never happened once.

"It's almost dawn!" Outside the gate of the Yong Yi Hall, Ye Han lit a cigarette and looked at the dawn gradually rising in the east, his expression was as cold as ice, one will make all bones dry, if he wanted to succeed, he had to use countless corpses to pile up, this is the law that has never changed in this world, no matter it is white or black, it is always the same, the weak eat the strong, of course, this corpse can only be the enemy's.

"Next, it's the turn of the Loyalist Sect!" Zhou Lie smiled bloodthirstily.

Ye Han threw away his cigarette and said; "Let's go, go to the Loyalty Sect, this bloody killing tonight, I think the people of the Loyalty Sect must have known the news long ago."

The Loyalty Sect, the leading boss of the New Territories, was located in the western part of the New Territories, their power was huge, they were the strongest, most numerous and most prestigious in the entire New Territories.

At seven o'clock in the morning, Ye Han and the three of them had already arrived at the headquarters of the Loyalist Sect.

The headquarters of the Loyalist Sect was in a private villa area, this area was all owned by the Loyalist Sect, the large mountain villa was still lit up even after dawn, inside and outside the villa, at this moment, gathered an unknown number of people, the level of defence was comparable to piling up with a human wall.

This night, many bigwigs from the New Territories had called the Loyalist Sect to ask for help, and each of these calls was like a boulder weighing on the heart of the Loyalist Sect's boss, Boss Tu, making him

restless and not sleeping all night. The next thing he knew, the young man was going to bring the butcher's knife to him.

So, Boss Tu gathered his men to guard this place overnight, even the lowest-level gourmets were placed around the headquarters, and the entire mountain resort had more than 3,000 people inside and out, with the bottom-level gourmets guarding the outer perimeter and the core force defending the inner perimeter.

This kind of formation made Boss Tu feel slightly more at ease, he didn't believe that Ye Han could still kill him under the protection of more than three thousand people? If the place wasn't big enough, he would have wanted to call everyone from the Loyalist Sect over, the Loyalist Sect claimed to have a gang of 10,000 people, a mouthful of water from one person could drown a person.

However, Boss Tu's thoughts were good, but the reality was cruel.

Looking at the heavily guarded Zhong Yi Sect's headquarters, Ye Han's face wore a cold smile, the defences here, he had already used his Yin Yang Dharma Eye to see clearly, no matter how many there were, without top experts, could they be able to stop their group of iron-blooded forces that were known for killing?

At this time, the three teams, Leng Wufei's team, Silly Ben's team and Lin Qi's team, arrived at the same time one after another.

"Everyone, is everything still going well?" Looking at the three teams that had arrived here, Ye Han asked.

Leng Wufei laughed; "Although we have encountered a few ancient martial artists, but they are all small fish, now it's the turn of the big fish that is the Loyalty Sect."

"Hehehe, I really hope these guys resist a bit, the Heaven Breaker Halberd in my hand hasn't drunk enough blood, it's best to exterminate them all." Lin Qi smiled bloodthirstily, his whole body had become a blood man from this evening's killings, looking incomparably terrifying, but of course, all this blood was the enemy's.

Ye Han looked at the headquarters of the Loyalty Sect and said with narrowed eyes; "Perhaps, your Heaven Breaking Halberd can drink blood again, let's go, let's go and meet this big brother of the Loyalty Sect."

After saying that, the group strolled forward, pushed open the door and just walked in.

At this time, on the wide lawn outside the headquarters of the Loyalty Sect, many of the gourmets were smoking cigarettes and whispering something, however, after seeing Ye Han and his group walk in, the group of gourmets immediately erupted into a shocking shout of killing, they knew that those who were against their Loyalty Sect had come.

Looking at the gourmets coming from all directions with swords, without Ye Han's flurry, Foolish Ben and Lin Qi had already swept out with their Heavenly Dragon Guards like two gusts of wind, and Sun Buwei and Leng Wufei had also moved.

How could these outlying kooks stand up to this group of ancient martial arts experts, one by one, they lost their lives.

“Here it comes!”

Inside the Loyalist Sect’s headquarters, Boss Tu’s hands were squeezed together in death, his gaze fixed on the outside of the gate, where hundreds of other experts were protecting him, including several Ancient Martial Arts experts. Hearing the earth-shattering shouts from outside, Boss Tu arrived outside the gate surrounded by the crowd.

At this time, among the thousands of kooks on the lawn, the district of a dozen people were like earthly gods of killing, creating bloodshed along the way, no one could leave a mark on them, these people were all masters who were one against a hundred, or even more formidable.

What does it mean to be invincible among ten thousand armies? At this moment, after seeing this scene, Boss Tu felt his heart tremble, no wonder a dozen of the society’s bigwigs called him for help, who could stop them in the face of this group of inhuman perverts? Even if he had made all the preparations here, he was only afraid that it would be difficult to hold them off.

“Grandpa, the situation is a bit bad, these people are all experts who have broken through the Ren Du, or even stronger.” Beside Boss Tu, several ancient martial artists looked very grave, they were only at the Peiyuan realm and hadn’t even broken through the Ren Du yet, how could they be able to stop this group of killing gods.

Hearing the words of the most powerful of these experts around him, Boss Tu felt his legs were heavy and his heart became even more fearful, at this time, Boss Tu suddenly felt a cold light fall on him.

In the crowd, Ye Han’s gaze looked at Boss Tu, and the two met each other with four eyes. In the next moment, Ye Han pulled himself up from the ground, holding the Dragon Scale Dagger, and swept over the head of the ever-swaying kung-fu master, landing in front of Boss Tu in the blink of an eye, no one could stop him, even the few kung-fu masters beside Boss Tu did not even have time to react.

At this moment, the knife in Ye Han’s hand had already landed on the top of Boss Tu’s neck.

Fortune Chapter 575

Feeling the cold chill that came from the blade, Boss Tu almost sat on his butt in fear, his inner fear was so great that he was afraid that Ye Han would just kill him with a single slash, terror, the fear of death enveloped Boss Tu, the killing intent on Ye Han’s body was like a substantial sharp knife cutting through his flesh.

At this moment, Boss Tu finally felt the same helplessness and fear that the bigwigs of the various societies felt when they called him!

Beside Boss Tu, hundreds of people looked at Ye Han at this moment and did not dare to move, because their big brother had fallen into Ye Han’s hands at this moment, if they moved, Boss Tu would definitely be killed by Ye Han with a single slash, just now Ye Han’s speed was too fast, so fast that they could not react before Boss Tu fell into Ye Han’s hands.

“Submit, or die, you choose one.” Ye Han’s gaze was cold as he looked at Boss Tu, his murderous aura was released, sweat fell one by one on Boss Tu’s forehead, looking around at the scene of a dozen people slaughtering over a thousand people, he was emboldened, facing this youth who was still able to approach him under so much protection, he was afraid!

“Mr. Ye, I choose to submit, please also hold your hand high!” Boss Tu slowly lowered his head, now at this time, he had to submit, if he didn’t submit, he would have to die, what’s more, he had now lost the courage and belief to fight Ye Han, his men couldn’t stop Ye Han, the whole Xiangjiang society, even the Blood Righteousness Sect was only afraid that they couldn’t stop this group of killing gods, unless the one who was treated like a god in Xiangjiang, Zaitang, stepped in.

“Very well, but I hope you are truly submissive to me, otherwise, if I can let you go the first time, I can kill you the second time.” Ye Han’s face was cold and indifferent, under the gaze of more than a hundred experts, his eyes were cold like ice, slowly sweeping over everyone behind Boss Tu, no one in here dared to look at him, the big brother had chosen to submit, they naturally did not dare to resist, resist this youth, that end would definitely be very miserable.

“Stop!” The kooks who couldn’t bear the fear retreated like a tidal wave, they were completely slaughtered before they could touch each other.

The entire battlefield was divided into two factions, the faction of the Loyalist Sect and the faction of Ye Han and the others.

“I thought these guys would be able to hold out a little longer, but it turns out they have no balls like this, trying to stop us with this group of punks? You want to fight against us? I will kill as many of them as I can.” Looking around at the frightened and fearful punks, Lin Qi looked arrogant and disdainful, just now this group of guys were so battle-ready that they wanted to have a big killing with them, but after the real fight, this group of punks realized how cruel the reality and thoughts were.

“Mr. Tu, the visitor is a guest, won’t you invite us in to have a seat?” Ye Han looked at Boss Tu, who looked a little dazed, and said indifferently. At these words, Boss Tu, who had only now recovered, immediately said; “Mr. Ye, please come inside, everyone disperse, Mr. Ye is my valued guest, what are you all doing around? Do what you need to do.”

Hearing the big brother’s words, the gourmets on the lawn immediately started to clean up the battlefield, and Ye Han and the others were invited by Tu Zhenxiong to his big villa, accompanied by a few of Tu Zhenxiong’s powerful generals.

In the lobby of the villa, Tu Zhenxiong cautiously made tea for Ye Han, then sat down at the side and waited for Ye Han to say something.

“Good tea, the very best Big Red Robe.” Ye Han took a sip, for this tea thing, after drinking it for a long time, Ye Han could naturally taste something.

Upon hearing this, Tu Zhenxiong immediately said; “If Mr. Ye likes it, I still have quite a few here, I can

“Mr. Tu.” Ye Han interrupted Tu Zhenxiong’s words and said; “I don’t see the need for polite words, you and I are both understanding people, in one night’s time, I have destroyed more than ten large and small societies in the New Territories, yet I only let you go, naturally because you still have chips to use.”

“I understand, I understand, Mr. Ye, if you have any instructions, please say, I, Tu Zhenxiong, will definitely help you to do so.” Tu Zhenxiong said as he wiped the sweat from his forehead.

“It’s good that Mr. Tu understands.” Ye Han said; “Since you chose to submit, then, you should work for me, this is as a price for you to save your life, right now, all the major society bigwigs in the New Territories have been destroyed by me, there are still many people under their hands I can’t possibly kill them all, so, I want you, Mr. Tu, to step in and shock these people, this shouldn’t take much effort for you, moreover, you can also get a huge amount of benefit.”

At these words, Tu Zhenxiong’s eyes lit up, he did not expect Ye Han to ask him to go and collect the people in the various districts in the New Territories, collecting these people would be equivalent to taking over all the venues and territories previously looked after by the bigwigs of the various societies, this was indeed a huge amount of profit.

The few powerful generals around Tu Zhenxiong also looked at Ye Han with amazement, this move, this was equivalent to giving a big gift to the Loyalist Sect.

“Mr. Ye, please don’t worry, I, Tu Zhenxiong, will definitely do it for you, you give me a day, I guarantee that everything in the New Territories will settle down, I will definitely not let Mr. Ye down.” Tu Zhenxiong stood up with a respectful face and said.

“Very well.” Ye Han said; “I’ll give you a sweet deal, I hope you can do the real thing, if I know who has been given my gift but is doing something yang-fang behind my back, then I will wipe him out without mercy, whether I have this ability or not, Mr. Tu should know it very well.”

At these words, Tu Zhenxiong said with a solemn face; “Mr. Ye, since the words have come to this point, I, Tu Zhenxiong, also make a statement to you, I, Tu Zhenxiong, am not that kind of ungrateful villain, and with me in the New Territories, this place will always belong to you, Mr. Ye.”

“I hope so too.” Ye Han stood up and patted Tu Zhenxiong’s shoulder and said; “You also know that I am new to the city and have no one available in Xiangjiang, if I take over the underground world in Xiangjiang, I must find a local figurehead to preside over the situation for me, Mr. Tu, I hope that this final figurehead is you, do you understand what I mean?”

At these words, a brilliant light flashed in Tu Zhenxiong’s eyes as he bowed his head and said; “I, Tu Zhenxiong, am willing to go through fire and water for Mr. Ye, and I will not hesitate to die.”

“Talking to a wise man is quick and easy.” Ye Han smiled; “Of course, whether this position can be secured or not still depends on your own ability, after settling the matter on this side of the New Territories, I want you to keep an eye on Xiangjiang Island and Kowloon, Hong Tiansheng of the Blood Righteous Clan will definitely not watch me hold the New Territories in my pocket like this, keep me informed of any situation, my next step is the Blood Righteous Clan.”

Fortune Chapter 576

A bloody killing spree ended, and after one night, the New Territories changed hands completely.

When the bigwigs of the major societies were destroyed, the people underneath naturally began to become chaotic, forgetting all about the street parades and protests, and began to fight for territory and kill each other, but this did not last long, and it slowly waned when the Loyalist Sect, the leader of the New Territories, became involved.

Societies naturally have their own way of dealing with societies, either negotiating, soliciting or using some underhanded tactics, a process Ye Han would not bother to ask about, he only needed the results.

In just one day, the law and order in the New Territories has changed greatly, the street is no longer seen the chaotic protesting kooks, Xiang Xian's pressure is suddenly reduced, less these protests, Jiang Chief Secretary's matter is also considered to be the end, waiting for him will be the life in prison.

Guo Yunxiao has lost his former glory in the Guo family, and the entire Guo family has condemned him, his status as heir to the Guo family is in danger.

Guo Yunxiao, his fame, fortune and status are all gone, and while the Guo family is in turmoil, Guo Yunjiang has been quietly making moves in the dark with his ten percent stake, as the saying goes, there are all kinds of birds in the forest, and the entire Guo family does not care about blood and kinship when it comes to their interests, especially when it comes to their own interests.

This group of lucrative guys had already started to fall to Guo Yunjiang's side under his temptation, but of course, this was all done in secret, and Elder Guo, the person in charge of the Guo family, had not discovered this yet.

The whole thing was proceeding in an orderly manner in the direction envisaged by Ye Han.

Of course, what was happening on this side of the New Territories, the societies on Xiangjiang Island and the Kowloon region naturally knew about it. In just a few days' work, not only did the societies in the New Territories not kill Ye Han, but they allowed Ye Han to take control of the New Territories underground world, which made Hong Tiansheng of the Blood Righteousness Sect very annoyed.

"A bunch of wimps, a dozen societies and tens of thousands of people can't even deal with a few people, has Tu Zhenxiong lived to the dogs?" On Hong Kong Island, at the headquarters of the Blood Righteousness Sect, Hung Tin Sang slapped the table with an ironic look on his face, and underneath him sat several other bigwigs of the Blood Righteousness Sect.

"Ah Gong, the New Territories has been controlled by that Ye Han, we can't let him continue to grow bigger next, otherwise it will threaten our Blood Righteousness Sect's ruling position in Xiangjiang." Below, someone said this.

"Yes, Grandpa, let's fight, while he is only just now gaining a firm foothold in the New Territories, we should take the initiative, if you give your nod, Grandpa, I will gather the brothers under my hand to fight now and finish off that wimp Tu Zhenxiong as well."

Listening to these voices from the people below, Hong Tiansheng looked at a svelte man sitting below him who appeared somewhat silent and asked; "Master Yu, what's your opinion?"

At that, the man called Yu Shi said; "Ah Gong, Huo Tianzun is the South China Heavenly Father of the mainland, how powerful he is should be clear to everyone, this Ye Han can take out the South China Heavenly Father which shows that he is not ordinary, right now, he has taken in the New Territories so

quickly, it is even more evident that his ability and means, I think it is possible to fight, but we must first find out the strength of his side, in one night's time. If it's not possible, I think we should contact the Cihangzhai and ask them to come out to do justice for us, this Ye Han has killed so many people in Xiangjiang, the Cihangzhai will definitely not sit idly by."

Master Yu, his ostensible identity was the legal advisor of the Blood Righteousness Sect, his position in the Blood Righteousness Sect was equivalent to that of a general figure of a wise man, very often, Hong Tiansheng would listen to his advice.

"Good, then let's fight, let's send some people from our side over to probe the reality, let the one-armed of the Nine Dragons also send some people, this time, I want to cross the line, not only to beat Ye Han, but also to show the people of the Hong Kong community that whoever dares to disobey my Blood Righteousness Sect, Tu Zhenxiong is his downfall."

Soon, the Blood Righteousness Sect and the Nine Dragons Left Master, or the One Arm, each sent out 400 to 500 people to kill the New Territories in a great wave, these people were not lowly kooks who collected protection money for the society, but were made up of the core forces under the hands of the Blood Righteousness Sect and the Nine Dragons Left Master.

But at this time, Ye Han was already on his way to the Guo family, to the Guo family, because Guo Yunjiang had invited him to go.

Because today, the Guo family would be holding a meeting on the matter of the Guo family's heir, Guo Yunxiao had caused the Guo family to suffer heavy losses and a lot of negative news, all signs indicated that he was no longer suitable to continue being the heir of the Guo family, such a person inheriting the Guo family would sooner or later push the Guo family to its doom.

"Everyone, I think we all understand by convening this meeting today, so let's say what we have to say." Inside the lobby of the Guo Family's clan meeting, Elder Guo, who was over eighty years old, sat at the top with a dragon head crutch in his hand, and on the two rows of seats below him, sat the core members of the Guo Family, and on both sides of the clan meeting lobby, there were many juniors of the Guo Family as well.

Hearing these words from Elder Guo, an old man at the bottom said; "Big brother, the Guo family is a family business that our brothers have worked hard to build, it cannot be handed over to someone who is incapable of taking care of it, Yun Xiao's decisions in the past few days have been too disappointing, I think he is not suitable to continue to be the heir of the Guo family and should be abolished."

At these words, a fierce look flashed across the face of Guo Yunxiao, who was sitting not far away and looked lost in thought, his fists were clacking as he squeezed them, and his eyes looked as if they were about to eat someone.

"One wrong decision does not mean forever, if the heirship of Yunxiao is abolished just like that, who else in the entire Guo family can pick up this heavy responsibility?" The person who spoke was Guo Yunxiao's father, Guo Chongshan, who was naturally unwilling for his son to be abolished as the heir.

"Who says there is no one else who can pick up this heavy responsibility apart from Guo Yunxiao, I see Yun Jiang is very good, if he is the heir, I am very willing to do so." An old man laughed and said.

“What, Guo Yunjiang, how can this be? Letting an illegitimate son inherit the Guo family, what will people outside think of our Guo family, I don’t agree.”

“What’s wrong with that, capable people don’t distinguish between noble and lowly, we can’t veto a talent just because of that, I think it’s appropriate to let Yunjiang be the heir.”

“This is absolutely not okay, I disagree.”

The entire clan hall was divided into two factions at this moment, one faction supported Guo Yunxiao to continue to be the heir, while the other faction supported Guo Yunjiang, the noise resounded throughout the clan hall. How could so many people jump out at this time to ask him to be the successor of the Guo family?

Fortune Chapter 577

“Humph, Guo Yunjiang is just an illegitimate son, what right does he have to be the heir of the Guo family? Wouldn’t this make people laugh if word got out, if Guo Yunjiang is allowed to be the heir, I’ll be the first to say no.”

“Yes, I won’t agree either, I think Yunxiao made a mistake in his decision once, this can’t be used to deny his future, how well the family business has done under Yunxiao’s management over the years is obvious to everyone, I support Yunxiao to continue to be the heir of the Guo family.”

“The reputation of the Guo family has already been tarnished by him, how can the family business continue without a new man?”

“Yun Jiang is a high achiever who graduated from a famous foreign university, he has the ability and talent to do so, if he inherits the family business, he will definitely do better than Yun Xiao.”

Elder Guo sat on the first place without saying a word, the current situation, he has more or less seen, that grandson he ignored unknowingly, he has collected a group of hearts and minds in the family, right now the two factions are arguing, it is very difficult to make a decision.

“Alright, let’s all be quiet for a while.” At this time, Elder Guo spoke up, he looked at the clan meeting lobby which had become quiet again and said; “Arguing like this won’t lead to any results, one of you supports Yun Xiao and the other supports Yun Jiang, I think it’s better to listen to their own opinions.”

After saying this, Elder Guo looked at Guo Yunxiao and said; “Yunxiao, if you are allowed to continue managing the family business, can you guarantee that the same mistakes will not happen again?”

Upon hearing this, Guo Yunxiao stood up and said; “Grandpa, Yunxiao promises you that this type of mistake Yunxiao will definitely not let it happen again, moreover, I will be able to handle the crisis that the family is facing this time.”

“Very well.” Elder Guo nodded in satisfaction, then he looked at Guo Yunjiang who had a calm face and said; “Yunjiang, what’s your opinion? What do you think if we let your brother continue to manage the family business?”

Hearing these words, Guo Yunjiang stood up under the gaze of the Guo family, his gaze sweeping across the room as he said incomparably calmly; “Grandpa, I think I will do better than my elder brother, if

Grandpa leaves the family business to me, within a year, I will make the family business rise by five percentage points.”

Hearing these words from Guo Yunjiang, a sharp aura flashed across Elder Guo’s eyes.

“Hmph, Guo Yunjiang, you are just an illegitimate son, who are you to say such big words?”

“Not bad, making the family business rise by five percentage points, do you think the family business is a roadside stall? It’s not that easy.”

“I think Yun Jiang has the ability, let’s not forget that back then, there were famous companies abroad who offered a salary of ten million dollars a year to hire Yun Jiang, this is enough to show Yun Jiang’s ability.”

“Yes, yes, it is the family that buried Yun Jiang as a talent all these years, now is the right time to use people, I think it is necessary to give Yun Jiang a chance.”

Hearing these approving voices, Guo Yunxiao stood up from his seat, he looked at Guo Yunjiang with a cold smile and said; “My good brother, what ability do you have to manage the family business? With your title of being a Harvard graduate? Or with your identity as an illegitimate son?”

“Ahem, Yunxiao, watch your wording.” Hearing these words from Guo Yunxiao, his father, Guo Chongshan, coughed twice.

“Oh, on what basis? Guo Yunjiang, why don’t you show him exactly what you are based on?” At this time, a light laugh came in from outside the lobby of the Guo family meeting, hearing this, inside the lobby of the clan meeting, many people stood up and looked towards the outside, and at this time, a young man swaggered in and entered the sight of everyone in the Guo family.

Guo Yunxiao also looked over, but when he saw the person coming, his face immediately turned gloomy; “Ye Han, it’s you, you bastard, I’m here today because of you, someone, beat him to death.”

Hearing Guo Yunxiao’s words, everyone inside the clan hall was shocked, could this young man be Ye Han, the one who had recently caused a bloodbath in the New Territories, a guy who killed people like hell? At this moment, outside the clan meeting lobby, one by one, the guards of the Guo family ran in and surrounded Ye Han, how Ye Han had entered the Guo family was surprisingly unknown to them.

The small Guo family naturally could not stop Ye Han, who was extremely skilled, and no one could detect him if he wanted to enter quietly.

“Stop, the visitor is a guest, is there a way to treat a guest? What will you tell others to think of our Guo family if word gets out?” Seeing that the guards of the Guo family were about to make a move against Ye Han, an old man stood up and chided, hearing this, the group of guards of the Guo family did not dare to make a move for a while.

“Old Master Guo, my name is Ye Han, I have met Old Master.” Ye Han arched his hand at Elder Guo and smiled.

Upon hearing this, Elder Guo stood up on his crutches and said; “Young man, you are very capable and bold, to dare to barge into my Guo family, aren’t you afraid that I will arrest you and send you to the police station?”

Ye Han laughed; “Old Master, although the way I entered the Guo family was a bit special, but I was invited, if you don’t believe me, you can ask Brother Yun Jiang.”

Elder Guo’s eyes mimicked as he looked at Guo Yun Jiang and asked; “Yun Jiang, is that so?”

Guo Yunjiang nodded and said; “Grandpa, Young Ye was indeed invited by me because he gave his grandson a great gift and I had to invite him.”

“Oh, I wonder what big gift Mr Ye gave you?”

“The Guo family, ten percent of the equity.” Guo Yunxiao said calmly.

However, this calm voice of Guo Yunxiao was like a stone stirring up a thousand waves, some people who didn’t know were instantly shocked, Guo Yunjiang’s hand was controlling ten percent of the Guo family’s equity?

“It’s you, it’s really you, bastard, give me back my shareholding, it belongs to me.” At this moment, Guo Yunxiao was burning with rage, hysterically lunging towards Ye Han, the equity stake in Guo Yunjiang’s hand that belonged to him.

Snap!

Facing Guo Yunxiao who was screaming and rushing over, Ye Han did not have the courtesy to slap him directly, this slap sent Guo Yunxiao flying and even knocked out one of his teeth, that loud slap, the brazen strike immediately made the hearts of the Guo family shake, looking at Ye Han with an unbelievable look, this guy was so bold, he dared to slap Guo Yunxiao in their Guo family!

This scene also caused Elder Guo’s face to turn gloomy, how could Guo Yunxiao be his most beloved grandson, how dare Ye Han slap Guo Yunxiao in front of him in the Guo Family, did he still put him, the head of the Guo Family, in his eyes?

“To be honest, I’ve wanted to smack you for a long time, I let you off twice and didn’t know how to cherish it, I had to provoke me a third time, aren’t you digging your own grave?” Ye Han looked at the fierce Guo Yunxiao and said with a cold smile.

Fortune Chapter 578

“Young man, aren’t you being too reckless?”

Elder Guo looked at Ye Han with an indifferent face, he had never seen a young man who dared to be so reckless in his Guo family.

At these words, Ye Han laughed; “Elder Guo, I’m really sorry, I couldn’t hold back my hand for a while, but I think it’s right to smack him, if it wasn’t for him, the Guo family wouldn’t be in the crisis of changing the heir, and the reputation of Guo’s jewellery wouldn’t be as bad as it is now, not to mention losing ten percent of Guo’s jewellery, do you think such a person should be smacked to make him sober up a bit?”

“You did all these things?” Elder Guo’s face instantly turned gloomy.

“Not bad, it was indeed me who did it, of course, the premise was that your unworthy grandson had to go against me, if I didn’t give him some colour how could I gain a foothold in this part of Xiangjiang?” Ye Han said indifferently.

“State your intention.” Elder Guo said indifferently.

Ye Han laughed; “Old master, I did not come to the Guo family with any intention, as I have just said, I was invited to come, of course, if old master has to ask me to say something, I also think that Guo Yunxiao is not suitable to continue to be the heir of the Guo family, brother Yunjiang is good, I have given him that ten percent of the equity of Guo’s jewellery, of course, if brother Yunjiang’s position in the Guo family hadn’t changed, I could have taken back that ten percent as usual.”

“Bastard, scumbag, you are shameless.”

“Shameless?” Hearing these words, Ye Liang laughed; “I’m just returning the favour with my own, calling me shameless, why not call Guo Yunxiao incompetent? Since he doesn’t have the ability, he shouldn’t come to this messy water of the underground world, he has to pay the price if he trips in.”

“Well said, I agree with what Mr. Ye said, if you don’t have the ability, don’t do it, since Guo Yunxiao doesn’t have the ability, you should let someone else take the position, with the relationship between Yunjiang and Mr. Ye, I think there must be many more opportunities for cooperation between our Guo family and Mr. Ye in the future.” An old man who supported Guo Yunxiao looked at Ye Han and said with a smile.

Ye Han laughed; “This is natural, Brother Yun Jiang and I are good friends, if Brother Yun Jiang sits as the heir of the Guo family, then the grudge between me and the Guo family will be settled, moreover, I can also have the official come forward to clarify everything for the Guo jewellery.”

“Big brother, what do you mean?”

At these words, Elder Guo slowly sat down on the first place, a look of exhaustion flashed across his silent face, now even if he wanted to help Guo Yunxiao hold on to the position of the heir of the Guo family, it would be difficult, there were too many voices against him within the family, moreover, right now there was Ye Han, a ruthless man in the New Territories underground world, backing Guo Yunjiang up, it was already a done deal for Guo Yunjiang to become the heir of the Guo family.

“I announce that from today, the status of Guo Yunxiao’s heir will be dismissed, and Guo Yunjiang will take care of the family’s business and become the new heir.” After Elder Guo said this, he got up and walked towards the back of the clan meeting hall.

“Oh, Yun Jiang, congratulations, I knew you would be able to do it, we all think highly of you.” After Elder Guo had made a final decision, several old men who supported Guo Yunjiang all came over and said.

Guo Yunjiang smiled; “A few uncles, don’t worry, I won’t let you down, your share in the family will only increase in the future.”

“Haha, good good good.” The few old men laughed heartily, and the meaning within their words was something only they understood.

At this time, those who had opposed Guo Yunjiang at the beginning also came over to show their goodwill, since Guo Yunxiao was no longer useful, they naturally wouldn't help him anymore, right now Guo Yunjiang had the big tree of Ye Han leaning on his side, if they didn't make good relations first, they wouldn't have any share in the future benefits.

As for Guo Yunxiao, he is alone at the moment, the tree has fallen and no one will care about him, even his own father, Guo Chongshan, has run away to who knows where.

This is the cruel side of the big family, when you have power and influence, anyone will come to flatter you, once you lose everything, no one will recognize you, Ye Han walked to Guo Yunxiao's body and squatted down, he looked at a deadly grey Guo Yunxiao and smiled; "Young master Guo, how does it feel to be in this situation now?"

"Ye Han" Guo Yunxiao gritted his teeth and looked at Ye Han, if his gaze could kill, he was afraid that he would have killed Ye Han countless times.

"Don't look at me like that, I gave you a chance, it's just that you didn't cherish it yourself, you asked for your own death, so you can't blame others." Ye Han patted Guo Yunxiao's shoulder and stood up, walking towards the outside of the Guo family, as for Guo Yunxiao, he wouldn't live for a few days, just now Ye Han patted his shoulder had planted a dark energy in his body, three days later, people would only find out that Guo Yunxiao died of depression, no other evidence would be found.

Even if he loses his power and status now, there is no guarantee that he will not stand up again in the future.

When Guo Yunjiang takes control of the Guo family and moves up to Xian's position, then two of the three major families in Hong Kong will be on his side, and the remaining Li family will not have much problem with Li Xinran as an intermediary.

Ye Han's network of contacts in the white world was gradually opening up, and now, only the underground world remained.

However, just as Ye Han was getting ready to go to Zhongshan Villa in his car, Tu Zhenxiong called from his side.

"Mr. Ye, the Blood Righteousness Sect and the Left Hand Alliance of the Nine Dragons are jointly fighting over, I have already sent someone on my side to intercept them, I wonder what Mr. Ye's orders are?" Inside the phone, Tu Zhenxiong said.

Upon hearing this, Ye Han said; "Mr. Tu, you send me the location, I will bring my men over there to check it out, we will eat as many people as they come."

After saying this, Ye Han hung up the phone and called Leng Wufei and the others over, asking them to go ahead and help Tu Zhenxiong, Leng Wufei and the others were still over in New Territories West, but naturally Tu Zhenxiong could not order Leng Wufei and the others, so that was why he chose to call Ye Han.

After the arrangements were made, Ye Han also took a car to New Territories West, this time the Blood Righteousness Sect and the Left Hand Alliance of Kowloon came together, Ye Han naturally would not let them go back so easily, the matter of the White Road was settled, it was time to deal with these

people in a comprehensive manner, in one fell swoop to take over the underground world of Hong Kong, he could also return to the mainland as soon as possible.

The place where Tu Zhenxiong went to intercept the Blood Righteousness Sect and the Left Hand Alliance was at the border of the New Territories and Kowloon, which was a no-man's land and had not been developed for the time being.

Ye Han got out of the car, before paying the fare this driver ran away as soon as he stepped on the gas.

Ye Han shrugged his shoulders, he looked up towards the bloodshed in front of him, after Leng Wufei and others intervened, the people of the Blood Righteousness Sect and the Left Hand Alliance were almost abused and beaten, the two societies came to the New Territories with more than a thousand people, but it still didn't do anything, just adding to the losses.

Fortune Chapter 579

The most important thing was that all the experts of these two societies who came here were killed by Silly Ben and Lin Qi by taking the heads of people in the midst of ten thousand armies, this was enough to make Blood Righteousness Sect and Left Hand Alliance feel the pain.

Although Hong Tiansheng's idea was to come and test the strength of Ye Han's side, the price of this test was too great, as 400 to 500 experts of the Blood Righteousness Sect almost died out.

"Mr. Ye." At this time, Tu Zhenxiong walked over, although he did not intervene in the battle just now, he had been watching from the sidelines, for this, Ye Han was satisfied, you can fear death and not go to battle, but you cannot be without courage to face it with the people under your hand.

Ye Han said; "Mr. Tu, fix the men and horses you have on hand, tomorrow night we will attack Kowloon, after we take down Kowloon, Hong Tiansheng will not be able to support himself on Xiangjiang Island, then it will be easy to destroy Hong Tiansheng."

At these words, Tu Zhenxiong nodded and said; "I'll listen to Mr. Ye, but"

"But what?" Ye Han asked.

Tu Zhenxiong said; "Mr. Ye, on our side of Xiangjiang, although the most powerful society is the Blood Righteousness Sect, but that is only for the society, in fact, there is also a mysterious Cihang Zhai in Xiangjiang, once there are other forces in Xiangjiang and the local society of Xiangjiang is not able to resist, this Cihang Zhai will intervene, I am afraid that when the time comes, Cihang Zhai will intervene. "

"Cihang Zhai?" Ye Han's mind was trying to recall these three words, this name he seemed to have heard somewhere, after carefully recalling it, Ye Han finally knew where he had heard it before, at the Tengchong Gambling Festival, the negative protector Guo Yunxiao that was called Lark woman was from Cihang Zhai, but when Ye Han wanted to kill her inside that forest, Cheng Jun stopped him.

"Is the Cihangzhai very powerful?" Ye Han asked.

"This is not easy to say, in short, Cihangzhai is the same as you Mr. Ye, a high group of martial arts, back then the Black Dragon Society of Little Japan was preparing to enter the underground world of Xiangjiang, when all the major societies had no power to resist, it was the people from Cihangzhai who

drove that group of Little Japan out, since then, word has spread inside Cihangzhai that in times of distress for the societies of Xiangjiang, you can ask the people from Cihangzhai to help out.”

“The mysterious Cihang Zhai, actually meddling in the affairs of the underground world.” Ye Han’s eyes narrowed, then said; “Let’s ignore this Cihang Zhai for now, our plan will continue as usual, if this Cihang Zhai really intervenes, I will naturally step in to deal with them.”

“Got it Mr. Ye, I’ll go and prepare now.”

“Cixihangzhai is indeed not to be underestimated, but to be exact it is one person inside Cixihangzhai who is not to be underestimated.” After Tu Zhenxiong left, Leng Wufei and the Chen family brothers along with Sun Buwei and Zhou Lie walked over together with the five of them.

Upon hearing this, Ye Han asked; “Sir, you guys also know about this Cihang Zhai?”

Leng Wufei nodded and said; “This Cihangzhai has a lot to do with Emei in the end, when Hong Kong was still a colony, one of the Emei masters established the Cihangzhai here and has prospered to this day, just now Tu Zhenxiong said that I had also heard about the matter of Little Japan, but that was when there were foreigners invading the underground world of Hong Kong, we came here, I think the people of Cihangzhai will not intervene .”

“So that’s how it is.” Ye Han nodded slowly and said; “Sir, when you were speaking just now there was someone from the Cihang Zhai who should not be underestimated, is there still an expert in here that you cannot deal with?”

Leng Wufei said; “There is, this woman is called Jing Yi, a woman of very terrifying strength, back then when he travelled the continent, he had a record of fighting the Sword God without losing a battle, although she has hidden in Xiangjiang over the years and has not made another move, no one dares to question her strength.”

At these words, Ye Han said; “It seems that we have to be careful with this Jing Yi, it’s fine if she doesn’t interfere, once she does it will be a tough battle for us.”

After a small interlude, Ye Han returned to the villa that Tu Zhenxiong had arranged for him, tomorrow night he was going to take on the Left Hand Alliance of the Nine Dragons, he also had to recuperate his strength first.

The old man in the Li family manor, inside the study of the old man Li, Li Xinran was sitting inside looking at a magazine, the old man Li was still sitting at the desk looking at economics, the old man in the Tang suit walked in from outside the study at this time, looking at this picture of the old man and the young man not talking to each other but looking harmonious, the old man in the Tang suit said; “Old man, we have found out, the person who did the attack on the Guo family stock market is Tiniya’s man on the Asian side. people.”

At these words, Master Li put down the economics in his hand and laughed; “Tynia is indeed a giant in the jewellery industry, but with their strength in Asia they should not be able to deal with the Guo family’s stock market, there should be others involved.”

Hearing this, the old man in the Tang suit laughed; “The old man’s keen sense of the inside of the shopping mall makes me naturally inferior.”

“Hehe, that’s not surprising, tell me, to be able to siphon off ten percent of the Guo family’s equity like this without knowing what’s going on is not something that ordinary people can do.” Old man Li laughed.

The Tang-suited old man waved his hand and said; “According to the information we got from our investigation, this person should be the hand from Europe.”

“It’s him, no wonder, only he, a giant of the financial world, has this miraculous ability.” Elder Li gave a laugh.

“Is it the Hand of God?” Li Xinran asked, putting down the magazine in his hand.

“Who else but him.” Elder Li said; “I didn’t expect this kid to be really energetic, even God’s Hand, a giant in the financial world, is willing to help him, right now he has completely solved the hindrance on the white side of the road on the Xiangjiang side, it seems that there is no need for me to help him, as for the dark side of things, he has already stood firm in the New Territories, next step, it’s time for Kowloon and Xiangjiang Island.”

“He is indeed very good, every step he takes makes it impossible to pick a flaw.” The Tang-suited old man gave a praise.

Elder Li then looked at Li Xinran and smiled; “Xinran, what do you think about with him?”

“Grandpa, which thoughts are you referring to?” Li Xinran asked calmly and rhetorically.

“All aspects.” Old Master Li said.

Li Xinran stood up and said; “He is a rare talent, at least within the peers I know, there is no one who can compare to him, brave and resourceful, deliberate, if in a chaotic world, he has the qualifications to ask for the title of king and hegemon.”

“Personal aspect too, you haven’t said anything about that yet, have you?” Old Master Li smiled and took a sip of tea.

Li Xinran said; “Grandpa, I know what you mean, let me examine him for a bit before answering this question of yours.”

“Oh, worthy of my granddaughter, good, grandpa I said I wouldn’t interfere with your decision, let me know when you’ve decided.”

Fortune Chapter 580

The night outside the window was enchanting, neon lights enveloped the city, all sorts of urban men and women shuttled in and out, living freely. These people, although they were running around for three meals a day, Ye Han still envied them, being an ordinary person who only wanted to fill their stomachs and feed their families was actually the best, not seeing much, not knowing much, carrying not so much naturally.

Ordinary people have the world of ordinary people, they are not exposed to the bloodshed of the underground world, but mixing in the jianghu is different, people in here live their lives with their heads

on their trouser belts, it is possible to go out horizontally in the morning and come back vertically at night.

Therefore, there are many things that happen in the dark between the societies and associations in Xiangjiang that ordinary people cannot know about.

As Ye Han stood in front of the window looking at the charming city outside, a phone call from China came to him on top of his mobile phone, seeing this, Ye Han's brow furrowed, this call was not from Zhou Yun'er and the girls, if it was someone else, it must mean that something was happening on the domestic side.

"Holy Son, it's me, Huang Wutian." The voice of Ye Han's father-in-law-to-be, Huang Wutian, rang out on the other side of the phone.

Ye Han said; "Father-in-law, is there something going on over there in the country?"

Huang Wutian said; "A few experts from the Stick Country have come to the country and have named you to challenge you, in addition to that, traces of Little Japan have also been found in Shanghai City, perhaps they are also coming from a bad place."

"The Golden Family of the Stick Country, and the Black Dragon Society of Little Japan." Ye Han narrowed his eyes and said.

"Not bad, it's exactly them." Huang Wutian continued; "Moreover, you have made too much noise over in Xiangjiang, right now many people in the country know that you came back from the dead to kill Huo Tianzun, these experts from the stick country and the Black Dragon Society are temporarily trapped in the country by us, you need to solve the matter over in Xiangjiang as soon as possible, if they go to Xiangjiang, your situation will be very troublesome."

Ye Han said; "Father-in-law, try to hold them off, let me go back and settle these people, I'll leave the safety over there to your Companions."

"Don't worry about this, with our compulsion clan and Dirt Daoist Xiao Qingshan in Shanghai City, everything here is safe, you yourself should be careful over there, Ni Shang has come to Shanghai City and"

"And what?" Ye Han frowned slightly.

"Ni Shang, is pregnant with a little sage."

"What, Ni Shang is pregnant!" Ye Han's expression shook, a look of ecstasy flashed across his face, this was better than any news to him, it wasn't that Ye Han was unprepared for being a father, on the contrary, after having sex with Zhou Yun'er and the girls, Ye Han was already sitting on this preparation.

Huang Wutian said; "So, hurry up and come back, the person Ni Shang wants to see the most right now is you."

"I know father-in-law, give me a week, I will return to the mainland as soon as I have cleared everything in Xiangjiang." Ye Han hung up the phone in an excited mood, he had his own child, although it was not yet born, now, after hearing these words from Huang Wutian, Ye Han had an urgent urge to rush back to the mainland, he wanted to see that woman and the unborn child inside that belly.

“Wait for me, it won’t be long before I come back to see you.” Ye Han stood in front of the window looking in the direction of the mainland, his heart agitated beyond words.

“Where is it? Come out and accompany me for a walk.” Li Xinran dialed Ye Han’s number after coming out of Elder Li’s study.

On the other side of the phone, after Ye Han calmed down his excitement, he looked at the sky outside, not too early and not too late, it was nine o’clock.

Ye Han said; “Sure, where are you at I’ll come find you.”

After knowing Li Xinran’s location, Ye Han asked Tu Zhenxiong for a car, or a limited edition Bugatti Veyron sports car, with a cool appearance, driving on the main road, the turn-around rate was definitely very high.

The location of Li Xinran was on top of a tall tower, so late at night, Ye Han was really confused as to what this woman was doing on top of such a tall tower, but she had an appointment, so Ye Han had to go.

When Ye Han arrived at the top of this high tower, he looked out and saw that here, he could almost overlook half of Xiangjiang and take in the night view.

“You said that you liked the night view of Xiangjiang, how about this place?” Li Xinran didn’t turn around, but she knew Ye Han was coming. Ye Han walked over and took off his jacket and draped it over Li Xinran’s shoulders and said; “This location is really good, it gives you a feeling of standing at the top and having your feet on the river and mountains.”

“It’s good to have that feeling, I hope that one day you can really stand at the top and have your feet on the picturesque mountains.” Li Xinran said; “Do you know why I asked you to come here?”

Ye Han shook his head.

“Is Xiangjiang beautiful?” Li Xinran continued to ask.

“Beautiful, the rivers and mountains are like pictures, enchanting.” Looking at the night scene that was as far as the eye could see, Ye Han said this.

“The rivers and mountains are like pictures, what a river and mountains are like pictures!” Li Xinran’s beautiful eyes glowed with enchantment as she suddenly recited a poem under her breath; “The great river is going east, the waves are panning out, the people of a thousand ancient times are flowing. To the west of the old fortress, the people are: the Red Cliff of the Three Kingdoms, Zhou Lang. The rocks pierce the sky, the waves beat the shore and roll up a thousand piles of snow. The rivers and mountains are like pictures, how many heroes and heroines for a time”

Hearing this, Ye Han laughed; “I think here I should quote that great man of the year; thousands of ancient wind and stream characters, still look at the present day.”

“I know you are ambitious.” Li Xinran gave Ye Han a blank look, then she continued to look at the picturesque city and said; “If, I want you to give me this picturesque river and mountain as a gift, would you be willing to do so?”

“If you dare to ask, I will dare to give it away.” Ye Han walked over and hugged Li Xinran from behind and said; “To me, no matter how beautiful the rivers and mountains are, they cannot resist the smile of a beauty after all, if you want this rivers and mountains, your man will have to help you bring it down. For you, I am willing to be the King of Zhou, who is a beacon of fire, and I am also willing to be the Wu Sangui, who is the one who rises up in anger and leads his troops into the customs.

At this moment, even Li Xinran, who had always been tough-minded and could not be angry with anger, was a little drunk.

Her beautiful eyes looked at Ye Han with some fascination. Li Xinran, who had always been intoxicated by literature, was not the man she wanted to find the man who would dare to risk the world for her?

The four eyes met, a kiss, from shallow to deep.

On top of this high tower, against that neon light, it was unleashed to the fullest.

Ye Han is not a man who is good at deceiving a little girl’s feelings, what’s more, Li Xinran is not a little girl who is good at deceiving either, since he said it, he will definitely do it, if Li Xinran is really willing, what if he gives her the underground world of Xiangjiang, is it Li Xinran’s, is it not his?
