

Fortune Chapter 621

Outside the ninth district, Ye Han and the others did not dare to stay, they had already experienced the horror of the ninth district themselves, if Ye Han and Shadowless alone, it would be absolutely impossible to kill their way out of it.

Therefore, after arriving outside the ninth district, Ye Han pulled Fire Phoenix and Shadowless and swept away like a gale, and only their residual shadows could be seen above the vast expanse of yellow sand, but the people of the ninth district could be said to hate Ye Han the most, and a large number of experts were chasing after them.

Of course, the felons killed from District 9 fled in all directions, and they were still being chased by the experts of District 9 behind them, and the whole scene was in chaos.

“Coming out.” At this time, Madman looked at the scene that appeared in front of him and a cold smile hung on the corner of his mouth; “Bunny, I’ll leave the matter outside to old me to break your back.”

After saying that, the madman’s body flew out, the sharp and peerless Xuan Yuan sword swung down from above mid-air, and immediately, a terrifying sword qi was like a wall blocking hundreds of District 9 experts, the rumbling sound was transmitted out on the desert, large swathes of yellow sand flew, the thick dust seemed to blow up like a terrifying tornado.

Hearing the commotion coming from behind him, Ye Han stopped and glanced towards the rear, however, when he saw the expert who had blocked hundreds of experts of the Ninth Region with one sword with the strength of one person, a flash of peculiar colour passed through Ye Han’s eyes. And then, he continued to pull Fire Phoenix and Shadowless towards the desert ahead.

Although Ye Han was surprised that the Madman had followed him to the Western World, he did not think much of it, for with the Madman’s strength, no amount of experts from the Ninth Region would be able to keep him.

With no more pursuers behind them, Shadowless also took the opportunity to contact Bai Bai and the others, not long after, Bai Bai and the others appeared one after another, most of the experts of the Security Bureau had already withdrawn from this desert, leaving only Bai Bai and more than ten other experts who had cleared the Ren and Du meridians to stay here to meet Ye Han and the others.

“It worked!”

When they saw Ye Han sweeping in with Fire Phoenix and Shadowless from afar in the desert, a look of ecstasy flashed across the eyes of Bai Bai and the others as they hurriedly walked over.

“Fire Phoenix, I’ve wronged you these past few days.” Looking at Fire Phoenix, who looked a bit haggard, White said as he walked over and looked a bit guilty, the main reason why Fire Phoenix was captured by the people of District 9 was to cover their evacuation, otherwise Fire Phoenix would not have been caught by District 9 and put into danger.

“Daytime team leader, there is nothing to be aggrieved about serving the country.” Fire Phoenix smiled and shook her head, she would not regret it since she had done it.

Ye Han said; "A few group leaders, this is not the place to talk, we should leave here first to find a safe stronghold."

"Yes, yes, it's important to leave first, you guys come with us."

The Security Bureau's previous stronghold had been destroyed by the LAPD for hacking into the District 9 network system, the new stronghold was in an abandoned farm, of course, from the outside it looked like an abandoned farm, in essence, there was a small hidden base underneath this farm.

When Ye Han arrived here, many people from the Security Bureau were there, and all six team leaders from the Western World were gathered. Moreover, there were several surveillance points scattered outside the base, so that if something unexpected happened, the surveillance points would notify the news here at the first time.

In the conference room inside the base, the six team leaders and the few experts of the Security Bureau who were senior enough gathered together, Ye Han was also there, but he did not choose to sit at the same table with the Security Bureau, now, he was no longer considered a member of the Security Bureau.

"Team Leader Fire Phoenix, on behalf of all the members of our Security Bureau, I would like to thank you, without you, we would have only lost most of our experts last time." Bai Tian looked at Fire Phoenix and said with a shameful face; "I'm ashamed to say that we couldn't do anything about you being held in District 9 for some days, this time if Ye Han hadn't come to the Western World, it was still an unknown whether our rescue plan would have succeeded."

At these words, Fire Phoenix laughed; "Team Leader Whitehead, we have worked together for so many years, I believe that you would have made the same choice as I did when the people around you were in danger, not to mention that serving our country is originally the mission of our Security Bureau."

"Anyway, thank you." Bai Tian said; "Right now, District 9 is in chaos, the top brass of Coal Country will definitely be enraged by this and will search for us in a big way over here, this will be very dangerous for us, however, at the same time, it is also our opportunity, we can split into two groups, one group will be responsible for attracting the attention of Coal Country's police sector, while the other group will continue to be responsible for the Divine Disc Fragment."

"That's what I think too." Fire Phoenix nodded and said; "But then, our power on this side will be weakened, which will be detrimental to our fight for the divine disc fragment."

"Wait, what do you guys mean? Still want Fire Phoenix to stay here?" At this time, Ye Han's face, who was leaning against the wall in silence, fiercely became somewhat unsightly, he had worked so hard to rescue Fire Phoenix from that dangerous place in District 9, and these people actually wanted to let Fire Phoenix stay here.

At these words, the faces of Bai Bai and the others looked a little embarrassed, but right now in the Western World it was a time when they were short of manpower, if Fire Phoenix left at this time, their side's strength would be further weakened.

Looking at the silent Bai Bai and the others, Ye Han said in an indifferent voice; “Don’t forget what you promised me, I said that once I rescued Fire Phoenix, I would immediately bring her back to the country, why are you unloading on me and now starting to deny it?”

“Little fellow, what are you talking about? How can I possibly return to the country at this time?” Fire Phoenix gave Ye Han an angry look and said; “Our mission over here is not over yet, how can you make sister be a shrinking violet?”

Hearing these words from Fire Phoenix, Ye Han’s heart burst into flames, was this woman really not afraid of death? After walking around the ghostly gate of District 9, she was already lucky not to die, but she was still thinking of continuing to go through this mess.

“I said, you must come back to the country with me.” Ye Han looked at Fire Phoenix and said indifferently; “Just because I can save you once, doesn’t mean I can continue to save you a second time, you are not a cat, you don’t have nine lives, I have finished my words, you can decide for yourself how to choose.”

After saying that, Ye Han pushed open the door of the meeting room and walked out, Fire Phoenix’s decision really made Ye Han a bit angry, if he had known this, he should not have helped Fire Phoenix to expel the biochemical drugs from her body when he was in District 9.

When she saw that Ye Han was really angry, Fire Phoenix let out a bitter smile and also got up and left the conference room, sitting in her position, there were many things she had to do and could not choose to run away.

.....

“What’s wrong? Angry with sister?” On the grass outside the farm, Ye Han was silently smoking a cigarette, at this time, Fire Phoenix came behind him and hugged him from behind, leaning her head on his shoulder and said softly; “In fact, sister is also a person who is afraid of death, but there are many things we have no choice, much less the choice to run away, little one, I know you are doing it for sister’s sake, traveling a long distance to come to the western I know you came all the way to the West to save me, and I’m grateful for that, but don’t you understand? I’m not one to admit defeat easily, and I won’t go back unless I finish my mission.”

Fortune Chapter 622

Feeling the strength of Fire Phoenix’s hug, Ye Han threw away his cigarette and said; “Have you ever thought that if you continue to stay in the western world, it is likely that you will die, one’s luck will not always be that good, this time if it wasn’t for the power of the group of felons in the felony room in District 9, you and I would not have been able to leave District 9 alive.”

“Serving the country, even if I die in the line of duty, sister will not have any complaints, because this is the path that sister has chosen for herself, moreover, it is sister’s faith.” Fire Phoenix hugged Ye Han and said softly.

At these words, Ye Han said; “For the sake of faith, you can even give up your life, but have you ever thought about me?”

Hearing Ye Han's words, Fire Phoenix fell silent, public and private, could not be mixed together, Ye Han asked her to make a choice between them, it was really hard for her to make a decision, choosing the public would hurt Ye Han, but choosing the private, it was the same as turning her back on the faith from the spiritual point of view.

Feeling Fire Phoenix's silence, Ye Han sighed in his heart, although this woman did not say anything, Ye Han knew that between him and the interests of the country, she chose the latter, this kind of person really deserved admiration, but Ye Han did not agree.

"Little one, give sister three years, okay? After three years, sister will live for herself." After a moment of silence, Fire Phoenix finally made a decision in her heart.

"Three years." Ye Han recited silently and said; "The time is a little long, but I will not interfere with you, and I hope that three years later, you and I will still be able to talk like this, instead of being separated by yin and yang."

After saying that, Ye Han broke free from Fire Phoenix's arms and walked towards the base under the farm, saying as he walked; "Anyway, I owe Situ Zhentian a favour that I haven't paid off, this time, I'll pay it all back to him, you guys want to fight for the divine disc fragment, I'll help you as if I'm paying back Situ Zhentian's favour."

Hearing these words, a long sigh came from Fire Phoenix's mouth, she knew that Ye Han's heart still had fire in it that had not dissipated, the reason why she said this was only that the point was not to return Situ Zhentian's favor, but to protect her, but Ye Han who was still on fire did not want to express it so obviously.

"Where is the divine disc fragment?" Arriving inside the base, Ye Han directly pushed open the door of the conference room and approached Bai Bai who was in the middle of a meeting.

Upon hearing this, Bai Bai froze, and the few team leaders inside the conference room also looked at Ye Han with misty eyes, had Ye Han changed his mind?

Bai Tian took a deep breath and said; "Ye Han, we are now discussing this matter, according to the latest intelligence that came in, the God Disc Fragment should have arrived in California City in the Coal Country, we are going to bring some of our people to California City this evening, right now the God Disc Fragment is still in the middle of a scramble, it is a good time for us to participate."

Ye Han said; "How many forces are fighting for the divine disc fragment? Are you guys sure about it?"

At that, Bai Bai was silent for a moment and said, "There are quite a few forces involved in the fight for the fragment of the divine disc, and there are people in the Western world and even the Eastern world. Stick Nation's Secret Service, and so on."

"It seems that you do not have much hope, with the power you have in the Western world, if you want to obtain the fragment of the divine disc, you will undoubtedly pay a great price, moreover, it is still unknown whether you can succeed." Ye coldly laughed and continued; "I can stay and help you guys, but I am not under your jurisdiction, how I act is my own business."

Bai Tian said; "Ye Han, if you join our side our power will undoubtedly be much stronger, thank you for thinking about the bigger picture, don't worry, we will definitely not restrict your freedom."

“Good, let me know when you’re going to California City.” Saying that, Ye Han turned and left the conference room, for the sake of Fire Phoenix, he had to continue to stay in the western world, these people from the Security Bureau alone wanted to get a piece of the pie in the rival numerous western world and get the God Plate fragment was somewhat unrealistic.

The native forces of the Coal Country, the Knights of the Round Table of the Silver Country, the Hell Warriors of the Penalty Country, the Red Guards of the German Country, these people are the most powerful organizations in each country in terms of individual strength, not to mention that in addition to these people, there is also the Iga School of Little Japan, the Yin-Yang Master of the Titanium Country, the Secret Service of the Stick Country and so on.

Facing all these power organisations, Ye Han felt an incomparable headache, wanting to get the God Disc Fragment, plus him and the Security Bureau were difficult, there must also be experts to help them.

The night came, a small town outside the farm, Ye Han who had nothing better to do slowly slipped here, abroad compared to home, their nights were more lively, Ye Han strolled alone, he had little interest in the exotic beauties who boldly came to hit on him.

“Come out, I know you’re around, aren’t you tired of following my ass like this all day?” Ye Han stopped and lit a cigarette, at that moment, a tall, handsome oriental man came out of a dark corner.

“Bastard, it’s not for you kid that I’m following your ass around in the wind.” The maniac cursed and walked towards Ye Han, and snatched the cigarette Ye Han was holding in his mouth and swallowed it slowly.

Ye Han didn’t mind, re-lit one for himself and said; “I thank you, there is something I want to ask for your help, will you help or not?”

Upon hearing this, the madman gave Ye Han an unexpected look and laughed; “It’s rare that you ask for my help yourself, tell me.”

“Help me get the divine disc fragment, you should know more about this thing than I do.” Ye Han said indifferently.

“You want to get involved?” The madman frowned as he glanced at Ye Han, then at an oriental woman standing on the street not far away, and grinned; “Bunny, you’re after that woman, aren’t you?”

Ye Han glanced at Fire Phoenix who was far behind him and said; “This seems to have nothing to do with you, I’m just asking you to help or not?”

“Fine, call out for a dad to hear it, I’ll nod immediately.” Madman threw away his cigarette and grinned.

“I don’t want to talk about domestic matters abroad, if I don’t help then forget it, I’ll find someone else.” After saying this, Ye Han turned around and left at once.

“Shit, brat, you’re ruthless, I promise you.” Looking at Ye Han’s back, the madman stomped his feet in anger, he had no choice, he was now begging this son to acknowledge him as his old man and had to promise.

Hearing these words, Ye Han turned to look at the madman and said; “Wanting me to acknowledge you as my old son is not something I can agree to in a few words, do me this favour and I can consider toasting you when I return to my country.”

At those words, Madman looked at Ye Han’s departing back and smiled; “Son of a bitch, I was waiting for your words, it seems that in the western world, I will have to recreate my reputation as Madman!

Fortune Chapter 623

“Is that person just now Ji family madman?”

Beside Ye Han, Fire Phoenix’s eyes shone with doubt as she looked at Ye Han, she had been on a mission in the western world for most of these six months, she was not clear about everything that was happening in the country, let alone knowing that this little man beside her had become the hegemon of the southern underground world.

Ye Han nodded and said; “There are many things that you are not clear about, you have gone through a lot in the past half year, so have I. People change, the relationship between me and Situ Zhentian has broken down.”

Hearing Ye Han’s words, Fire Phoenix’s face trembled, although in the conversation with Ye Han, she heard that Ye Han had a grudge against Situ Zhentian, but what had happened in this, Fire Phoenix had not bothered to ask.

“What exactly has happened to you since my sister left China?” Fire Phoenix asked as she came forward and took Ye Han’s arm.

“Forget it, it’s better not to mention the past, what matters is that you and I are still alive.” Ye Han sighed and said; “Fire Phoenix, it’s not that I’m selfish and don’t want to contribute to the country, I’ve completed every single task that Situ Zhentian has given me, but in the end, what have I gotten? Apart from being sheltered, the rest is rebellion, but what I owe him, I will pay him back in full this time, from now on, between me and him, we don’t owe each other.”

At these words, Fire Phoenix tightly gripped Ye Han’s arm, the helplessness in the words of the man beside her, Fire Phoenix could feel it, and from those few words, she could imagine that a lot of big things must have happened to Ye Han in the past half year.

“Sister, will never turn against you.” Fire Phoenix held Ye Han’s arm tightly as she thought this in her heart.

After returning to the base, Fire Phoenix immediately sought out Bai Bai, what exactly had happened to Ye Han in the past half year in the country, she needed to find out, when it came to big rights and wrongs, Fire Phoenix knew that Ye Han was not a selfish and self-serving person, he had changed so much today, there must be a huge change in this.

“Team Leader Bai Bai, transfer the domestic information for me, I need to know everything that happened to Ye Han in the past half year.”

Just as Bai Bai and the others finished their meeting, Fire Phoenix barged in.

Looking at the frosty faced Fire Phoenix, after Bai Bai frowned, he nodded and said; "I knew you would come to me, let's go, go to my office, in fact, about him, I only recently learned about it."

Following Bai Bai to his office, a thick piece of information was laid out in front of Fire Phoenix, looking at the information which was at least several dozen pages long, Fire Phoenix even shortness of breath, such a thick piece of information, it was evident that too many things had happened to Ye Han.

The company's main business is to provide a wide range of products and services to the public.

It took a full hour for Fire Phoenix to finish reading the information belonging to Ye Han, her fists clenched, her quiet eyes hung with an incomparable cold frost, so many things had happened to Ye Han in the past half year, he had experienced several life and death crises, the most serious one, it can be said that all of China's enemies, in this situation, Ye Han's most dependent people not only did not help him, but joined the ranks of the crusade against him.

After such a thing happened, just ask, who would not be cold-hearted?

"Have you really decided to stay?" Inside a small single room at the base, Shadowless looked at Ye Han and asked.

Ye Han said; "Shadowless, I thank you for rescuing Fire Phoenix this time, I said I owed you a favour, I'll promise you anything you want me to do in the future, now that Fire Phoenix has been rescued, it's time for you to return to the country, this place is full of crises, it's not a place you should stay."

Upon hearing this, Shadowless glanced at Ye Han and said; "We came together, so naturally we should go back together, although I don't interfere with the Security Bureau, but you are responsible for my safety, I am also responsible for your safety, lest someone say I am not righteous enough when the time comes, but for that woman, is it worth it for you?"

"She actually has her own difficulties." Ye Han said; "But you shouldn't accompany me in the danger, you've already helped me a lot in District 9 this time, if anything happens to you over here, I can't account for it and will blame myself."

Hearing these words from Ye Han, Shadowless looked at Ye Han and said; "If one day I were to fall into a desperate situation like Team Leader Fire Phoenix, would you also come from thousands of miles to save me?"

"Will." Ye Han nodded solemnly.

"That's enough." Shadowless smiled faintly, got up and left the small single room.

Late at night, the members of the Security Bureau set off, divided into two groups, one group was responsible for attracting the attention of the Coal Country's police sector, and the other group was involved in the battle for the fragment of the divine disc, what had happened over in District 9 had caused a big shock in the Coal Country, the whole District 9 was in chaos, with a lot of deaths and injuries, and the top brass of the Coal Country had ordered that the people from the East should be eliminated at all costs.

Otherwise, the Coal Country's position as the world's hegemon would be nakedly provoked, and only by eliminating the perpetrators could their majesty be defended.

The Divine Court, one of the two superpowers of the Western world, is a terrifying force that claims to have hundreds of millions of believers, and their followers and churches are found in cities of all sizes in the Western world. What happened in District 9 has not only caused a great shock in the Coal Country, but other countries and powers have also received the news.

Some experts from the magical Eastern Kingdom had come to the Western World, causing chaos and death in the Ninth District, which was known to have no entry or exit, breaking the myth that no one had been able to break in the Ninth District.

“All of you, have you heard? The man from the East who insulted my divine court twenty years ago is here again!”

At the headquarters of the Divine Court, the Vatican, the Pope of the Divine Court was leaning on his papal scepter with a majestic face as he looked at the nearly one hundred bishops sitting below him. Hearing the Pope’s words, the bishops of the Divine Court looked sharp, twenty years ago, that damned Eastern man had humiliated them viciously in front of the Western powers, a hatred they had always carried in their hearts.

“Your Holiness, let me go, the failure to kill him in China back then has been a demon in my heart, and until the demon is removed, Jehovahicide will never be able to return to the arms of our Lord.” At this time, a handsome Western man stood up and put his hand to his chest and said to the Pope of the Divine Court.

Jehovah Slayer, the Holy Son of the Divine Court twenty years ago, was of course still the Holy Son of the Divine Court today.

Hearing these words of Jehovah Kingslayer, the Pope of the Divine Court leaned on his scepter in silence, and after a moment he said; “Great Sovereign Son, I never doubted your ability, good, let’s have you take the Twelve Paladins with you to keep that Eastern man in the Western world forever.”

Fortune Chapter 624

Hearing these words from the Divine Court Pope, Ye He Deicide’s eyes flashed with intense battle intent as he said; “Your revered Holiness, please rest assured that this is our world, no matter how wild and overbearing and powerful he may be, here, I, Ye He Deicide, can still cut off his head and offer it to Your revered Holiness.”

“Good, I will wait for news from the Great Sage.” The Pope nodded silently, for the Eastern Madman, he also hated incomparably, twenty years ago, the Eastern Madman ruthlessly trampled on the dignity of the Divine Court in front of the Western world, trampled on the dignity of him, the supreme Divine Court Pope, and this evil anger had been buried deep in his heart for twenty years.

.....

On the way to California City in the Coal Country, Shadowless was steadily driving the car, and in the back seat, sat Ye Han and Fire Phoenix. After reading through the thick information, Fire Phoenix finally understood why Ye Han insisted on bringing her back to the country, instead of helping the Security Bureau to seize the God Plate Fragment.

Just ask, who would continue to keep their original intention after going through something like that?

“Little one, sister supports your choice.” On the back seat, Fire Phoenix said as she pulled Ye Han’s hand.

Upon hearing this, Ye Han threw the cigarette in his hand out of the window and said; “It was not my intention to make such a decision, but reality forced me to make such a decision. The choice.”

Hearing Ye Han’s words, Fire Phoenix said; “Little fellow, after this mission is over, I am going to take some time off, if you allow me, I would like to go to Shanghai City for a few days again, is that okay?”

“That’s certainly possible.” Ye Han laughed; “Anyway, my house is big enough now, I don’t worry about not having a place for you to stay, I’m just afraid that my small temple won’t be able to accommodate a big Buddha like you.”

Fire Phoenix gave Ye Han an angry look and said; “If you want, my sister can stay at your place for the rest of her life, but only if there are three meals a day.”

“Looks like you’re treating my place as a long-term meal ticket, no problem, it’s fine to manage you for the rest of your life.” Ye Han shrugged his shoulders, then he and Fire Phoenix looked at each other and smiled, for certain things, they didn’t need to say it explicitly, a look or a word would be enough.

In the driver’s seat, Wu Ying glanced at Ye Han and Fire Feng from inside the reflection mirror, for no reason, she had some blockage in her heart, inexplicably a little annoyed, a step on the accelerator, and drove the car very fast.

Noticing this, Fire Phoenix glanced at Shadowless, a meaningful smile surfaced at the corner of her mouth, this little girl seems to be interested in the little guy too!

“Right, sister gives you a number, you’re going north soon, maybe you’ll be able to use it.” Saying that, Fire Phoenix shoved a prepared note into Ye Han’s hand, Ye Han opened it and took a look, immediately his eyebrows gaped as he asked; “Is that him?”

Fire Phoenix nodded and said; “Sister has not had the chance to help you for the past half a year, he is the only one I can help you with, I have already said hello, as long as you look for him, it might be useful for you to go north.”

“Why him?” Ye Han put the note away, on that there was a number and a person’s name, moreover, that person Ye Han knew.

“You should not ask too many questions, when the time comes, sister will naturally tell you.” Fire Phoenix looked at Ye Han and said; “If you once contact him, you can trust him without any defenses, he will sincerely go to help you.”

Hearing these words from Fire Phoenix, Ye Han nodded silently, perhaps, that person’s identity, he hadn’t really figured out yet.

Taking advantage of the night, the people from the Security Bureau secretly infiltrated into California City, there were nearly thirty people in total, one group of two and three were responsible for fighting for the fragment of the divine disc, while group four, five and six were responsible for attracting the attention of the Coal Country’s police force.

At this time, the city of California is in a state of turmoil. In this metropolis, there are secret societies from many countries around the world, and Coal Country wants to eliminate all these secret societies that have infiltrated into the country, but with little success.

As for the reason for the convergence in the city of California, it was naturally because of the divine disc fragment, for this thing unknown to many people, people from many countries wanted to get it, even, at any cost.

The process of fighting for the fragment of the divine disc among the experts of many countries is quite cruel, and once they meet, it will be a battle between life and death.

And right now, the fragment of the divine disc fell into the hands of the Coal Country's peacekeeping force, which has the same status as the Ninth Region in the Coal Country. Although the number of experts is not as good as the Ninth Region, the general quality is much stronger, but even so, it did not dissuade others from continuing to fight for the fragment of the divine disc.

"According to the information we have received, tomorrow night the Peacekeepers will move the God Disc Fragment to a place that is even more heavily guarded than District 9, so tomorrow night is our chance to snatch the God Disc Fragment from the hands of the Peacekeepers. There are also secret organisations from other countries." Inside a black stretch commercial vehicle, Bai Bai said this to the crowd beside him.

Upon hearing this, Ye Han frowned and asked; "Is this information reliable? Right now, many countries' secret organizations are lurking in California City, it is impossible for the peacekeeping forces not to know about it, at this juncture they shipped the God Plate fragment away, clearly giving someone the opportunity to strike, they would not be unaware of this, so I think for this news we should investigate it properly, don't fall for the coal country guy's scheme at that time."

Hearing Ye Han's words, several group leaders looked at each other, and Bai Bai said in a deep voice; "This news was passed on by our senior agents lurking in the coal country, the chance of being wrong should not be high, but for safety's sake, it is indeed necessary to investigate properly."

"An investigation is indeed necessary." Ye Han said; "But I'm afraid that if we investigate it, we'll still get the same result, in which case we'll have to take action... Leader Bai Bai, since we know that the God Disc Fragment is in the hands of the peacekeeping forces, why don't we go and snatch it, but wait for them to move it in the process of transferring it?"

At that, Bai Bai gave a bitter smile and said; "Ye Han, you don't know, there is a nuclear bomb storage site in California City, and the fragment of the divine disc is inside this storage site, if we rush in to grab it once it triggers the nuclear bomb device, the consequences are unimaginable. Therefore, no one dares to make a move there, but of course, the God's Disc Fragment is not the safest place to put it, there are many people in this world who are capable of doing things differently, and it is possible that the God's Disc Fragment will be taken away one day, so it is imperative for the peacekeeping forces to move the God's Disc Fragment."

Hearing these words, Ye Han fell silent and said; "Where is this storage site? I want to go and take a look."

The nuclear storage site in California City is not something that anyone can find, but it is not a secret to the secret societies of various countries.

However, with the addition of the peacekeepers, this seemingly laxly defended chemical plant is now an uninsured grenade to the secret societies of various countries, and if it is stepped on, the consequences will be unimaginable.

The power of a nuclear bomb is something that no one dares to ignore. If the nuclear device is triggered, not to mention the destruction of the fragment, even the most powerful experts will lose their lives.

In the daytime, after a disguise, Ye Han and Fire Phoenix, both wearing sunglasses, appeared outside this chemical plant like a pair of exotic tourists. In the surroundings, there was an industrial building, which was well hidden, Ye Han and Fire Phoenix went into a nearby cafe and sat in a window seat on the first floor, from here they could just see the main gate of the chemical plant, and they could see clearly what people were going in and out inside.

“Around here, there are others.” Fire Phoenix sat across from Ye Han, sipping his coffee and said in a seemingly careless manner.

For that matter, Ye Han had seen everything from the moment he entered the cafe, not only was there experts from other organizations watching this chemical plant in this cafe, there were likewise other experts around the chemical plant, and they were all aiming at this chemical plant.

“It seems that their purpose is the same as ours, they are also here to scout out the truth, don’t mind them.” Ye Han’s gaze glanced at several corners inside the cafe, there were at least three groups of people watching the chemical factory, although they were all well hidden, they could not escape Ye Han’s eyes.

At this time, Ye Han suddenly felt a strange power fluctuation coming from outside the cafe, this power was peculiar, the fluctuation frequency was very slow, if not for Ye Han’s amazing strength, this fluctuation would have been overlooked by him.

Feeling this situation, Ye Han’s sword eyebrows raised and his gaze looked towards the entrance of the second level of the cafe, at this time, a handsome western youth and an extremely beautiful western woman entered the cafe.

The Western woman was extremely beautiful, her features were exquisite, her face was definitely one in a million, her body had an aura like an immortal, cold, elegant, holy, not to be blasphemed, this was Ye Han’s first reaction when he saw this woman, it was rumoured that the most beautiful woman in the Western world was Athena, the goddess of wisdom, she combined the most perfect looks and body in the world, and right now, this woman was also the same.

For a moment, seeing this man and woman walking inside the cafe, everyone’s eyes looked at them, exclaiming in awe, unable to look away, even those from the hidden organisations of various countries, such as such a handsome and beautiful woman, which was only difficult to find in this world, yet here a pair had appeared.

“Oh sellga, they are simply the most perfect people in the world!”

“How can there be such a handsome and beautiful woman in our coal country, it’s incredible!”

A cry of amazement spread inside the cafe, the eyes of both men and women were looking at the handsome young man and the beautiful woman, even the waiters were so dumbfounded that they forgot to serve the customers.

“Ahem, time to come back to your senses, have you seen enough?” At this time, Fire Phoenix coughed twice in a somewhat tasty manner, her beautiful eyes dug at Ye Han fiercely, Ye Han was looking at other women in front of her and was so fascinated, any woman would be jealous.

Ye Han slowly withdrew his eyes and drew an X symbol on the table without a trace, this symbol represented danger, seeing this, Fire Phoenix’s eyebrows furrowed, she couldn’t help but give the young man and woman an extra glance, although she didn’t feel danger from these two, but she trusted Ye Han.

Suddenly, a vibration came from inside Ye Han’s pocket, Ye Han took out his mobile phone and took a look, this call was from Madman, they had left each other’s numbers when they separated last night so that they could easily contact each other over here.

“If I’m right, the God’s Plate fragment has been moved ahead of time. You hurry up and inform the group of guys from the Security Bureau to leave California City immediately.”

Hearing this, Ye Han immediately hung up the phone, his face sank, the chemical plant was a trap, if he hadn’t been reminded by the maniac, he was still prepared to dive in later to explore the situation, since this place was a trap, then the news that the God Disc Fragment would be transferred tomorrow night was also a trap.

“Let’s go, let’s go back.” Ye Han took out a US note and placed it on the table, stood up like a nobody and took Fire Phoenix’s hand towards the cafe floor.

“Friends from the East, you talk about drinking tea while we drink coffee, since you are here, why don’t I treat you to a cup of coffee before you leave?” However, just as Ye Han and Fire Phoenix were about to go downstairs, a cup of hot coffee flew towards Ye Han and Fire Phoenix’s position.

Seeing this, Ye Han stretched out his hand to catch the coffee with lightning speed, and finally, his eyes fell on the handsome young man and said; “Coffee is not necessary, I, for one, still like authentic Chinese tea, so I’ll give it back to you.”

After saying that, Ye Han’s hand shook and the cup of coffee automatically flew towards the handsome young man.

“The guest follows the master, when you come here I am the master, you are the guest, at least give me, the master, some face.” The handsome young man looked away, his hand waved and the cup of coffee once again flew towards Ye Han’s position.

“No need, we have different tastes, this cup of coffee will be my toast to Your Excellency.” Ye Han likewise waved his hand, the coffee returned in the air the way it came, but this time, the woman stretched out that slender hand to catch the coffee steadily, put it to her mouth and took a sip, her voice clear and cold as she said; “This cautious style is not like an expert who can kill his way out of District 9, if you don’t mind, I would like to invite you two to sit for a little longer. “

At these words, Ye Han and Fire Phoenix's faces changed slightly, these two people actually knew about them in the ninth district.

At the same time, when the experts from the other countries' secret organizations inside the cafe heard this, their faces also changed, their gazes gazed at Ye Han and Fire Phoenix, in the last two days, what had happened in District 9 had sort of spread at some level, of course they knew about it, however, what they hadn't expected was that the protagonist who had single-handedly caused the heavy losses in District 9 was right beside them.

Fortune Chapter 626

Inside the cafe, except for a few people, many people's eyes were looking at Ye Han and the handsome young man and woman with a look of disbelief, as a cup of hot coffee flew through the air in their hands as if they were performing acrobatics without spilling it at all.

This kind of magical technique, if performed on a specific occasion, would definitely cause a round of applause, but at this time, the pressure that was vaguely coming from the air made the people inside the cafe not dare to make a sound, right now, anyone could tell that they were not ordinary people.

"People from the Divine Court." Ye Han narrowed his eyes as he surveyed the handsome young man and woman, the madman was nearby and had been pestered by an expert from the Divine Court, so the identity of this man and woman was called out.

"It's just convenient to deal with smart people, now, can we ask you to sit down?" The beautiful western woman looked at Ye Han with a bland expression, the expression on her face could not be seen to be happy or sad, giving off a kind of stranger's look, yet with a unique attraction.

Upon hearing this, Ye Han smiled; "With beauty to invite, I am naturally willing to accompany."

Saying that, Ye Han brought Fire Phoenix to sit down opposite the young man and woman, and the four of them looked at each other with four eyes, seemingly casually, but they were secretly fighting against each other.

At that moment, the handsome young man took out a thick stack of American banknotes and said in fluent English; "I have reserved this place for today, please leave if you are not involved."

Hearing these words, the waitress of the cafe immediately called the boss, she could not take charge of such matters as a waitress.

The cafe owner came beside the handsome young man and said with some difficulty; "Dear sir, we need to make a reservation in advance for a private room here, without a reservation"

Boom!

Before that cafe owner could say anything, the handsome young man's palm flicked, and in the next moment, an empty table next to him immediately split into pieces as if it had suffered a terrible blow, the commotion startled the cafe owner, and the surrounding customers were all equally startled, their eyes looking fearfully at the table that had become torn apart.

“If anyone has a problem with this table and does not want to leave, then this table will be his downfall, and I don’t want to say it again.” The handsome young man looked cold, arrogant and aloof, and his sharp gaze brought people an endless pressure.

Seeing this, all the customers inside the cafe left the place, the handsome western youth was not something they could afford to mess with, and the experts from the secret organisations of various countries also took advantage of the chaos to leave the place, it was none of their business, they did not need to stay here.

“Get lost!” The handsome young man stilled the wad of American money in his hand on the panic-stricken cafe owner.

Taking the wad of American money, the cafe owner ran straight away, his instincts told him that this kind of person was even more difficult to mess with than those punks on the street, and he should avoid them if he could, in case he offended them, his little life might be played out.

“Now that it’s quiet, we can also talk properly.” The handsome youth looked at Ye Han with a cold smile and said.

At that, Ye Han laughed; “I didn’t expect people from the Western World Divine Court to be so domineering, but I don’t understand what you want to talk to me about? Seemingly, we have no enmity in the past and no grudge in the recent days, so there should be nothing to talk to you about, right?”

“Do you really not know or do you fake not knowing.” The handsome young man looked at Ye Liang and smiled; “There is a pact between the cultivators of the Western World and the Eastern World, we from the Western World do not set foot in the East to cause trouble, and the cultivators from the Eastern World cannot enter the Western World either, whoever dares to violate this rule will have to bear our wrath.”

“Undeniably, there is indeed such a rule.” The Fire Phoenix looked at the handsome youth and said; “However, you should have forgotten that this rule was nullified twenty years ago, and we did not come to the Western World with the intention of making an enemy of the Divine Court, so I hope that you will not obstruct it either.”

“You may have also forgotten that it was you Easterners who broke this rule, and it was you Easterners who did not keep your word in the first place.” After Fire Phoenix said this, the beautiful western woman looked at her and said with a bland expression; “You are causing trouble in the western world, and our divine court has the right to expel you, or even stay in the western world completely.”

“So, what do you mean?” Ye Han shrugged at the beautiful western woman and said.

“Perhaps you belong to the latter, and this happy land of the West will become your graveyard.” The woman looked at Ye Han and said; “Introduce yourself before we go to war, my name is Lina, I am the new generation Saintess of the Divine Court, while he is Jehovah’s Gate, the youngest Saint Son of the Divine Court.”

“It’s your turn, my saint son’s men never kill nameless people.” Little Saint Son Ye He Men looked at the two Ye Han and said indifferently.

Upon hearing this, Ye Han looked at Ye He Men, sneered and said; “Are you so confident that you can kill us?”

“To kill the two of you, this Saint Son alone is sufficient.”

Suddenly, a terrifying aura was released from Ye He Men’s body, this power was quite special, among that endless pressure, there was also a holy power, as if the power Ye He Men used did not belong to the mortal world, it came from the supreme gods.

“You are very confident and conceited.” Ye Han looked at Ye He Men and said; “I will accompany you if you want to fight, but this is not the place to start a fight, just now I found an abandoned industrial building around here, how about going there? It’s just as well, I would like to learn how powerful the divine Court Saint Son is.”

At these words, the little saint’s body was releasing endless killing intent, and with a bloodthirsty smile, he said; “It seems you have already found a grave for yourself, very well, Lina, leave these two to me, I will tear these two orientalists to pieces in front of you, and I will show you that among the young generation of masters in this world, I, Jehovah’s Gate, am the most powerful, and the only person in this world who is worthy of you will be me! Jehovah’s Gate, my good brother Jehovah’s Sky he is not worthy of you at all.”

Saintess Lina said calmly; “I can give you the chance in this battle, but don’t blame me for not warning you, Yehomon, the people who can kill their way out of that place in District 9 are not as simple as you think, the experts from that mysterious country in the East are not to be underestimated.”

“Lina, you will see how they die at the hands of my Jehovah’s Gate.”

.....

Not far from where the storage point chemical plant was located, there was an abandoned industrial building, and inside the floor, Ye Han and Ye He Men stood opposite each other, and behind each of them, stood Fire Phoenix and Saintess Lina.

“Challenge me alone, arrogant Easterner, and you will pay a heavy price.” A white holy-like power slowly emerged in Ye Heimon’s hand, which then transformed into a trident weapon.

Fortune Chapter 627

“Be careful, the people of the Divine Court Yehe family are not easy to deal with, this Yehe Mun is arrogant and conceited, but he is indeed very powerful.” The Divine Court had a total of two large and small holy sons and a newly promoted holy daughter, for them, many countries had information about them on top of their confidential files, although Fire Phoenix had never met the Ye He Clan before, she knew something about his background.

Ye Han nodded and said in a low voice; “This Jehovah’s Gate is indeed somewhat powerful, plus that Saintess Lina, if the two of them join forces, I am not completely sure, wait and look for an opportunity to escape, once you are out of the way, I can only get out.”

“Don’t worry, I’ve already sent a signal to the daytime team leader, I don’t think it will take long for them to find out where we are and come over to help us.” Without missing a beat, Fire Phoenix let Ye Han look at the watch she was wearing on her wrist.

On hearing this, Ye Han looked at Fire Phoenix with a bit of surprise, this woman could sit as one of the nine leaders of the Security Bureau, her ability was really not a cover, when did Fire Phoenix send the signal just now even he did not notice.

However, as daylight and others would arrive, Ye Han’s heart was quite relieved.

“What’s the point of letting women interfere in a battle that belongs to men?” Ye Han turned to look at Ye He Men, the Dragon Spring Sword appeared out of thin air, he looked at Ye He Men and said; “What’s more, I also think that to deal with you, one person is enough.”

“Hahahahaha” Hearing Ye Han’s words, Ye He Men looked up to the sky and burst into a wild laugh, then he lowered his head and stared at Ye Han with a cold gaze, saying; “Wait, I will cut the flesh off your body, piece by piece, and I will let the Eastern world’s cultivators see what kind of consequences they will suffer if they dare to make trouble in the Western world.”

“You have a lot of nonsense, do you still want to fight? If you are afraid, admit defeat before it’s too late, don’t worry, I will always give a way out to those weak people who surrender of their own accord.” Ye coldly laughed.

“Hmph, since you are anxious to go and surrender, then this Holy Son will fulfill you.”

After saying these words, Ye He Men strolled out with his trident in his hand and struck out towards Ye Han, his weapon was transformed by his own power, although it seemed unreal, the attacking power was also incomparably terrifying, this move came to kill, only making people feel that the sky and the earth were spinning, as if the heaven and earth had been turned upside down, all the power in heaven and earth had converged into that strike of Ye He Men.

Sensing the terrifying aura coming from ahead, Fire Phoenix strolled back some distance, but her gaze was fixed on Saint Lina, a woman who gave her an even more terrifying feeling than Jehovah’s Gate, except that she hid her power so deeply that no one could touch her bottom line.

For the Fire Phoenix, Lina didn’t have much interest, the person she was interested in was Ye Han, so her gaze was also all the time watching Ye Han, Ye He Men wanted to deal with Ye Han alone, Lina wouldn’t refuse, it was just as well, she could also take this opportunity to see how powerful this man from the East was?

Snort!

Ye Han waved his sword and met Ye He Men’s move with a blazing sword qi. In the midst of the sword qi flying, Ye Han’s body was like the wind, cutting through the void like a bolt of lightning.

After the exchange of strokes, Ye Han and Ye He Men had already exchanged directions, but the moment their bodies crossed, they turned around and fiercely engaged in another exchange of strokes.

Inside the floor, the two top geniuses from the East and West were battling it out, their power was like that of a dragon or a tiger, and the power that spread out would not even dare to approach an expert of the Middle Rendu realm.

Ye Han had never encountered such a powerful young expert in the Eastern World, of course, Nalan Mietian did not count, and how powerful Nalan Mietian was nowadays, Ye Han did not know, Ye He Men was twice as powerful as Murong Hetu.

However, although the strength of Ye He Men was terrifying, Ye Han was only amazed, in this contest, the one who would lose in the end would not be him.

“Damnable fellow, receive a move from me, God’s Holy Light!”

Since the two had exchanged blows, they had already touched each other for hundreds of strokes, unable to take down Ye Han for a long time, this caused Ye He Men’s heart to rage and he executed even more powerful strokes, he was one of the little saints of the divine Court, he absolutely would not allow defeat, not to mention that beside him, there was the woman he admired watching on the sidelines, he could not lose even more.

The terrifying white holy light came blasting along with Ye He Men’s trident, endless power weaving through the void, the fierce power made Ye Han feel as if a terrifying deity had appeared in front of him, making it daunting to look at.

However, Ye Han’s expression remained unchanged as he wielded the Dragon Spring Sword with both hands, and that curtain of swords enveloped down, and in the next moment, the terrifying white holy light was torn from the middle like a piece of paper, with no resistance to speak of.

“Damn it!”

Ye He Men’s face was very gloomy when he saw that his attack still didn’t work, just now he was wildly saying that killing Ye Han and the two of them was enough for him alone, but now, just facing Ye Han alone he didn’t even have the certainty of defeating him, instead there were signs of being suppressed by Ye Han.

“Ye He Men, a disturbed heart is a precursor to your death, I said that dealing with the people of the Eastern Kingdom should not be underestimated.” Behind Ye He Men, Saintess Lina’s indifferent voice was clear and pleasant, her eyes flickering over Ye Han and Ye He Men, a hint of battle intent erupting from those unperturbed eyes.

“Lina, I will defeat him.” Ye Heimon’s eyes were like ice, the trident in his palm pointed at Ye Han as he said; “Oriental, I will show you the most terrifying look of Ye Heimon, and when the time comes, you will despair.”

Ye Han laughed coldly; “Big words can be said by anyone, if you have the ability, do it and show me, the Holy Son of the Divine Court is a little disappointing if this is all you are capable of.”

“Damned orientalist, take this!”

The trident in his palm was like the weapon of death, emitting a terrifying hostile aura.

Seeing this, Ye Han’s eyes narrowed, someone from the Divine Court was indeed extraordinary!

The next moment, the Dragon Spring Sword in Ye Han's hand had disappeared, and in his hand was a flaming spear instead.

Fortune Chapter 628

Boom!

The two attacks, both of which were terrifying, clashed and a shocking wave of energy spread out, which ruthlessly impacted the walls on both sides of the floor, causing the entire industrial building to seemingly tremble along with it.

Whoosh!

Ye Han and Ye He Men's bodies quickly flew backwards, their eyes both gazing deadly at each other, the Ye He Men who had become powerful again took Ye Han a little by surprise, just now clashing with Ye He Men had made Ye Han feel his arms go numb, from Ye He Men's body a force of both rigidity and flexibility blasted through.

"Not a bad stance, you try mine next."

A cold smile hung on the corner of Ye Han's mouth, the flaming spear transformed in his hands for a while, above Ye Han's hands, two balls of Vermilion Bird Sacred Fire burned brightly, the terrifying temperature spread out in the air, finally, Ye Han smashed his fist fiercely on the ground, suddenly, a sea of fire appeared within a range of more than ten metres around him, this sea of fire immediately surrounded Ye Han and Ye He Men after it appeared.

"Vermilion Bird Sacred Fire, destroy!"

Ye Han was in the middle of the sea of fire, his hands slowly opened, and immediately, as if receiving his edict, this sea of fire became wildly violent, stirring in a frenzy, and eventually, a lifelike flaming raging dragon was born from within the sea of fire, this raging dragon roared up to the sky, causing the surrounding void to be filled with the pressure of a holy beast.

"What a strange flame, this power Jehovah's Gate!" Lina's eyes fell on the cold looking Jehomon, despite not being surrounded by the sea of fire, Lina could feel a power from within that sea of fire that made her heart palpitate, Jehomon was currently surrounded by this sea of fire, would he be a match for that eastern man?

Since being reborn in the fire, Ye Han could say that his control over the Vermilion Bird Sacred Fire had reached an extremely high level, because he possessed the Heart of the Vermilion Bird Sacred Beast, the Vermilion Bird Sacred Fire became his power, not the power given to him by the Vermilion Bird Sacred Beast.

"Kill him!"

After the Flame Raging Dragon appeared, Ye Han gave a command, and then the Flame Raging Dragon rolled and roared, sweeping madly towards Ye He Men's location with an endless pressure, a power that was crushingly fierce.

“Damned Oriental, I, Jehomon, am the most powerful young master in this world, you cannot destroy me.” As Jehovah’s Gate watched the Flame Raging Dragon rampantly kill him, he roared madly and his trident viciously stabbed towards the Flame Raging Dragon.

Boom!

With a single strike, the sky was filled with flames flying in the middle of the sea of fire like a rain of fire, and the Flame Raging Dragon swept towards Ye He Men with a divine dragon swinging its tail under Ye Han’s control, which contained infinite power.

“Get out of the way for this Holy Son!” Ye He Men roared furiously as his trident burst out in a frenzied burst, coming into a furious clash with the tail of the furious dragon.

“Jehovah’s Gate, let you taste what it’s like to be incinerated.” Seeing that the Flaming Raging Dragon did not come together, Ye Han’s face did not look disappointed, and fiercely, a wave of fire swept up inside the sea of fire, these waves of fire were like waves swept up in the middle of the ocean, rising up to the sky and then falling down, the vast expanse of flame, completely burying Ye He Men in it.

“Bastard!”

Within the sea of fire, Jehovah’s Gate burst out in a wild roar, his trident dancing wildly and chaotically, causing the entire sea of fire to stir and stir.

“Jehovah’s Gate is in danger!”

Beyond the sea of fire, a strange look flashed in Lina’s eyes, and immediately she strolled out, white holy power waving down, surprisingly able to resist the might of the Vermilion Bird Holy Fire, causing her to enter the sea of fire one step at a time.

Ye Han’s power, as Lina had seen, was stronger than Ye He Men’s. Ye He Men alone would not be able to take Ye Han down unless she also made a move. In the middle of the sea of fire, Lina’s eyes looked at Ye Han calmly, but on her hand, a terrifying white power roared out, extinguishing the flames that buried Ye He Men.

Seeing this, Ye Han grunted, and the Vermilion Bird Sacred Flame flickering around him once again frantically gathered, forming a two-meter long flame lance, Ye Han held the flame lance in his hand with astonishing speed, reaching Lina in front of him in the blink of an eye, and then the flame lance ruthlessly stabbed towards Lina’s body.

With this move, Ye Han struck fast and ruthlessly, clearly wanting to kill Lina, a beautiful to perfect woman, in one blow, a spicy blow, was not Ye Han’s intention, but Lina, a dangerous woman, was terrifying and had to be gotten rid of when she had the chance.

“Damned orientalist, I want you dead!”

At this time, Ye He Men had already been rescued from danger by Lina, seeing Ye Han coming to kill with a flaming spear in his hand, Ye He Men roared in anger, the trident in his hand stormed out wildly, although Lina’s technique seemed milder than Ye He Men’s, it contained a killing power that was vaguely stronger than even Ye He Men’s.

The three forces collided with each other in a sudden and fierce manner, and the destructive power swept around like a tornado, and the earth-shaking sound was transmitted inside the industrial building.

The three experts were fighting, Fire Phoenix had retreated to a more distant place, her beautiful eyes looked at Ye Han with worry, right now Ye Han was fighting one against two, could he stop the body's Saint Son and Saint Maiden?

"Over there."

At this time, the Security Bureau's White Sky arrived with his experts, and after they heard the commotion, they all headed towards the industrial building.

Inside the floor, Ye Han's eyes were stony as he looked at Ye He Men and Lina, alone against Ye He Men, he still had a sure win, but with the addition of a Lina who was vaguely more powerful than Ye He Men, he would not have much of an advantage.

"Kill!"

With an explosive roar, Ye He Men took the lead and killed towards Ye Han, through his encounter with Ye Han, he was now not so arrogant that he could deal with Ye Han alone, this was a young expert who was even more powerful than him, with a strength that might be able to compete with his damned brother Ye He Tian, although Ye He Men did not want to admit it in his heart, he knew that this was the truth.

After Ye He Men struck, Lina followed closely behind, and the two strands of power tightly enveloped Ye Han.

Seeing that Ye Han was in a crisis, Fire Phoenix swept over at that moment, and his sharp knife burst out in the air, forcing its way straight to Lina's face.

Ye Han had two minds, while helping Fire Phoenix deal with Lina, he also launched a frenzied attack on Ye He Men, his moves were fierce, powerful and deadly, he had no more patience for Ye He Men and Lina, as for the consequences of killing them Ye Han did not think about it, at the moment if he did not kill, both his life and Fire Phoenix's lives would be in danger.

Fortune Chapter 629

"Ye He Men, suffer death!"

The terrifying flame lance reappeared, Ye Han had two minds, while controlling the Dragon Scale Dagger to attack Saintess Lina, at the same time, the flame lance was also madly attacking Ye He Men, without the help of Saintess Lina, Ye He Men alone against Ye Han was obviously unable to defeat, being pressed hard at every turn, the Ye Han who was under the killing heart was undoubtedly more terrifying than in his normal state, that terrifying killing move made Ye He Men's face hard to see.

Snort!

At that moment, Ye Han's flaming lance pierced Ye He Men's arm so violently that the terrifying flame caused his entire arm to burst into flames.

Seeing this opportunity, Ye Han would not let it go and killed again with his flame lance in hand, however, just then, a muffled grunt sounded behind Ye Han, it was the voice of the fire phoenix, and that voice carried a wave of pain in it.

Ye Han gave up chasing after Ye He Men, his gaze looked towards Fire Phoenix's position, and immediately, a shocking killing intent was released from his body, because fighting with Saintess Lina, Fire Phoenix was actually injured, and it was not a normal light injury, all five organs in her body had been traumatised.

"Stinking woman, you seek death!"

Ye Han turned towards Saintess Lina and killed her, a large amount of Vermilion Bird Sacred Fire was wildly released like a flood, when Saintess Lina saw this, there was a touch of gravity on her bland face, the Ye Han without the outburst was able to suppress Ye He Men to death, right now the Ye Han with the outburst was even more terrifying, although she was stronger than Ye He Men, but that did not mean she dared to ignore Ye Han.

"God's light, shine universally!"

A cold voice came out of Saintess Lina's mouth, and then, the white holy power turned into a white aura, meeting the Vermilion Bird Holy Flame released by Ye Han, and in the next moment, the two powers, one red and one white, collided in the void, no earth-shattering sound came out, there was an equal stalemate.

"Haha, this Saint Son's chance has arrived!"

Seeing Ye Han, who was deadlocked with Saintess Lina, Ye He Men, who had just been deadlocked by Ye Han, let out a wild laugh and violently shot out, the trident in his hand fell fiercely towards Ye Han's back, if this blow was carried out, even if Ye Han possessed the Heart of the Vermilion Bird Sacred Beast, he would definitely be seriously injured.

"Hmph, a villain who sneers behind his back."

However, just at this critical moment, Bai Bai and the others finally arrived, looking at Ye He Men who were killing towards Ye Han from behind, Bai Bai and the others struck out, an attack fell towards Ye He Men's position, fending Ye He Men off.

"Bastard!" The failure of his own sure kill blow caused Ye He Men to become furious, but before he could continue to attack Ye Han, Bai Bai and the others had already surrounded him, with the strength of Bai Bai and the others naturally not being a match for Ye He Men on their own, but attacking in a group, Ye He Men did not even dare to meet the attack.

Seeing this, Ye Han breathed a sigh of relief, and then, his eyes were like sharp knives staring at Saintess Lina, a murderous intent filled his eyes, and all the Vermilion Bird Sacred Flame within his body was released; "Roll!"

The powerful flame power surged, like a flood that broke the bank, this power came pouring out wildly, Saintess Lina's face changed and she fiercely retreated a few steps, a flush flashed above that city-defying face.

This made Lina feel tricky for the first time, facing the top geniuses of the young generation, there were not many people who could make her an adversary, and right now, Ye Han had become one of them.

“Stinking woman, you dare to hurt her, have you thought about what kind of consequences you will have to suffer?” Ye Han’s gaze was cold as he looked at Lina, strolling towards her step by step, now that White Sky and the others had arrived, making Ye Han free of worries, the Ye He Clan Saintess Lina, to deal with either of them alone, Ye Han would not be afraid unless the two of them joined forces.

“Oriental, we are enemies, naturally we will not show mercy, if you have the ability, you try to hurt me too.” After hearing Ye Han’s words, an icy look flashed across Lina’s normally calm face, in the western world, she, the Holy Maiden of the Divine Court, had never had anyone dare to call her a stinking woman, Ye Han was the first and only one.

“If you dare to hurt her, I will make you pay the price.” After these words, Ye Han stomped his foot, his body was like a fierce wind, he fiercely approached Lina’s body, then, a terrifying silver light flashed through the void, the Dragon Scale Dagger cut towards Lina’s body like lightning, this slash was fast and ruthless, the Fire Phoenix had been badly injured, Ye Han was determined to destroy the flower with a hot hand, naturally he would not show any mercy.

Lina’s body spun around, like smoke, and after avoiding Ye Han’s slash, the white power in her hand attacked towards Ye Han’s back.

Ye Han’s blow fell short, he felt the terrifying strong wind coming from behind him, and suddenly, a flame automatically surged out behind him, a terrifying temperature was released, Lina who had not had time to withdraw her blow landed on top of the flame, blasting that flame into pieces, however, Lina did not dare to underestimate the Vermilion Bird Sacred Fire under Ye Han’s control, and her body drifted back.

“You want to leave just like that?” Ye Han turned back and sneered, he looked at Lina’s perfect face, he bullied his way in and followed Lina closely, the distance between them was less than half a metre apart, just then, a residual shadow surfaced in the air one after another, and then, this residual shadow overlapped and turned into a wide palm.

Snap!

Ye Han’s large hand, at Lina’s bewildered gaze landed fiercely on top of her perfect face, the slap was loud, that snap not only knocked Lina blind, even the people like Bai Bai who were surrounding the Jehovah’s Gate were stunned, these two people’s identities they already knew, they were the Holy Son and Holy Maiden of the Divine Court, their identities were extraordinary in the western world.

However, now Ye Han had even slapped the Holy Maiden of the Divine Court hard and without mercy. If this were to get out, I’m afraid that the men of the Western world would even have the heart to eat Ye Han alive, the Holy Maiden of the Divine Court, that was a goddess in the hearts of many experts of the Western powers, her status was just like the status of Nangong Zixun, a big star in Asia.

This slap deeply stung Lina’s calm saint’s heart, her gaze was already as cold as ice, this oriental man in front of her had not only humiliated her in words, but also in deeds, no one had ever dared to treat him like this since he was a child, it could be said that Ye Han had taken away her ‘first time’.

Feeling the killing intent on Lina's body, the corner of Ye Han's mouth curled as he sneered; "It feels good to smack the Holy Maiden of the Divine Court, I said, you hurt her, I will make you pay, and this, is the result, whoever touches my woman, will have to bear my wrath."

Fortune Chapter 630

"Ah damn bastard, you dare to hit her, I'll cut you to pieces!"

At this time, Ye He Men, who had only just recovered from that shock, looked crazy and shot fiercely towards Ye Han's side, but with Bai Bai and the others in the way, Ye He Men naturally had no chance.

Inside the floor, Lina looked at Ye Han with a very cold gaze, looking at this man who dared to slap her, and the first man who dared to treat her, the Holy Maiden of the Divine Court, like this, she, who had never known what anger or hatred was, had this emotion for the first time.

"Don't look at me like that, slapping you is considered light, I didn't scrape that face of yours with a knife, that's already being merciful to you." Ye Han looked at Lina and sneered.

At those words, Lina's chest had a rising and falling frequency, after a few breaths, she became calm again, turning into that unperturbed divine court saint, she looked at Ye Han and said calmly; "Oriental, you are the first man who dares to treat me like this, I will remember you, the price you want to make me suffer I have already suffered, next, you should suffer what I want to make you pay price."

After saying these words, Lina's body moved, her whole body had turned into a white light flashing in the void, and after a few breaths, it disappeared without a trace.

When Ye He Men saw this, he gave Ye Han a sinister glance before he similarly killed his way out from the encirclement of White Sky and the others, following behind Lina, Lina had left, he did not dare to stay alone even if he was angry in his heart, that would only end with him giving his life.

The departure of Lina and Jehovah's Gate made the place quiet, Ye Han did not go after them, the experts of the Divine Court were nearby, once they were entangled by the experts of the Divine Court, it would be even more terrifying than facing Lina and Jehovah's Gate.

"How is it? Is it going to be alright?" Ye Han came to Fire Phoenix's side and squatted down, looking at the woman whose mouth was spilling blood, he felt some pain and pity in his heart, Fire Phoenix's strength had not yet fully recovered, and now it could be said that she was injured on top of her injuries.

Fire Phoenix shook her head and smiled reluctantly; "It's alright, I've been through a lot of storms, this little injury is nothing."

"And you say it's fine." Under the watchful eyes of Bai Bai and the others, Ye Han picked up Fire Phoenix with one hand, how badly this woman was hurt, with Ye Han's divine doctor's eyesight could he not tell, Ye Han picked herself up in front of Bai Bai Bai and the others, Fire Phoenix's face immediately turned red, but her heart was also flowing with a thick sweetness, just now Ye Han had slapped the divine Court's Holy Maiden hard for her sake, to be able to make this man do She would be willing to suffer even the worst injuries if she could get this man to do such a shocking act.

How many people in this world would dare to slap the Holy Maiden of the Divine Court because their woman had been injured? I'm afraid that even if they had such thoughts, they wouldn't be able to do it even if they looked at that woman's perfect face.

Because, that woman was too beautiful, so beautiful that all the women in the world would be jealous of her when they saw her.

With his medical skills, treating Fire Phoenix's injuries was naturally not a problem, not to mention the fact that the aura he controlled could help martial artists repair their injuries quickly.

Only after he finished treating Fire Phoenix's injuries and ensured that the woman had not left any dark illnesses did Ye Han stop.

Seeing this, Bai Bai, who still did not understand why the divine Court's Holy Son and Holy Maiden had dealt with Ye Han and the others, immediately asked; "Ye Han, what just happened? How did the people from the Divine Court find you guys?"

Upon hearing this, Ye Han said; "The matter of the Ninth Region was known to them, and it seems that they should interfere with our Eastern martial artists' entry into the Western World."

Hearing Ye Han's words, the gazes of Bai Bai and the others had gaped, the Divine Court of the Western World, they knew it well, this super power was a giant existence in the Western World, the only one that could rival them was Atlantis, once they had to deal with the Eastern martial artists entering the Western World, then the situation of those of them would become even more difficult, and they would even lose the chance to fight for the fragment of the Divine Plate.

"This is troublesome!" Bai Tian rubbed his forehead as he continued; "Ever since Madman broke that rule twenty years ago, the people of the Divine Court have pretty much been letting martial practitioners from our Eastern World enter the Western World over the years, so how come they have suddenly chosen to intervene now? Once they intervene, our situation will become even more difficult."

Ye Han's gaze flickered as he looked at Bai Bai and said; "The Madman has also come to the Western World, and moreover, the people of the Divine Court have already approached him."

"What, the Madman has also come!" A strange colour flashed across Bai Tian's face, and then he said; "No wonder the people from the Divine Court would suddenly step in, back then, when Madman had ruthlessly humiliated the Divine Court when he had come across the Western World, now that he has come back to the Western World, the people from the Divine Court will naturally step in."

"Don't you guys look at me like that, I didn't call him here." Seeing that the gazes of Bai Bai and the others were looking at him strangely, Ye Han shrugged his shoulders before saying; "Right now, the people from the Divine Court are involved and I'm afraid that they will deal directly with our martial artists in the Eastern World, we have to think of a way to do it, otherwise, we will have to return home."

Bai Tian said; "The Western World is the territory of the Divine Court, there are countless believers underneath them, right now all we can do is to reduce the friction with the Divine Court, or even avoid them, it is very unwise to go against the Divine Court in the Western World."

“In their territory, no one wants to go against this horrible group of guys.” Ye Han said; “So, now it’s up to your intelligence network over here, it’s best if you can really avoid them, if not, then it’s impossible to avoid going to war.”

“Leave this matter to us.” After saying these words, Bai Bai immediately set about contacting them, the intelligence network of China in the western world should not be underestimated, it was not too difficult to conceal their whereabouts, however, it was only unrealistic to stay concealed for a while, unless they withdrew from the fight for the divine disc fragment, once they participated in the fight for the divine disc fragment, the people of the divine court would definitely discover them.

The information you received this time is faulty, the God’s Disc Fragment is not at that storage site at all, it is a trap inside that chemical plant, waiting for those who have thoughts about the God’s Disc Fragment to go inside. night’s operation I propose to cancel.”

“It looks like it’s another wasted effort!”

Ye Han’s words caused a look of helplessness to flash across the faces of Bai Bai and the others. They had been chasing after the fragment of the divine disc in the Western World for half a year, paying a considerable price and even sacrificing many agents hidden in the Western World, but they had still come up empty-handed so far.
