Fortune Chapter 9

“Hanzi, first time here, right, how does it feel?” In the middle of the elegant room, Lin Baimo looked at Ye Han and asked.

Ye Han smiled; “It’s quite luxurious, worthy of a five-star hotel, today I’ve been blessed by you, big brother Lin.”

“Hanzi, how can you say that, since you call me big brother, you can come here every day from now on, big brother will never charge you a penny, come, big brother is happy to have a brother like you today, let’s drink a toast.”

Ye Han drank the red wine in his cup, he didn’t taste anything, but what surprised him was that the Splendid Hotel was actually an industry of the Lin family, the antique market, the catering industry, these were all profitable industries, and this was only what Ye Han knew for the time being, so one could imagine that the Lin family was absolutely extraordinary in Shanghai City.

“Oh, big brother Lin, it seems like I’ll have to let you break the bank a lot in the future.”

“What kind of words is that, Hanzi I told you I treat you as a brother, don’t say such words in the future, moreover, I have more fun places here, after eating later I will take you to the top floor to have some fun, it will definitely make you happy.” After saying this, Lin Baimo also gave Ye Han a look that all men understand.

Ye Han touched his nose and gave a dry laugh, it seemed that this Splendid Hotel also had a grey area, Zhou Yun’er heard Lin Baimo’s words and pretended to cough, glaring at Lin Baimo; “Brother Lin, don’t give others a bad lead, be careful when I have time to tell my sister-in-law to go.”

Hearing this, Lin Baimo was suddenly speechless and didn’t dare to speak, at home he was most afraid of his wife besides the old man; “Hey, hey, sister Yun’er, that’s all I’m saying, where can I take Hanzi to those places.”

“I don’t really think so, it’s good to relax if you have time.” Ye Han penetrated the top floor of the Splendid Hotel, which was the sixth floor, this range was just within his range of penetration, he found that there was even small gambling on this top floor, this made him very interested, but Ye Han didn’t know that Zhou Yun’er heard this from him and then she gave a light hum; “Men really don’t have any good things.”

Well, this one sentence scolded all the people in the room, even Zhou Mingshan’s face was darkened, but after some conversation, the relationship between everyone and each other had invariably taken a step forward, during which Ye Han also knew that Zhou Yun’er was actually in the jewellery business and had opened a jewellery house in Shanghai City herself, although the Zhou family’s roots were not in Shanghai City.

After eating and drinking, it was already five or six o’clock. In order not to let his sister Ye Qing worry, Ye Han took the time to make a phone call to the washroom, only to tell Ye Qing that he was out for a walk and would be home later. Judging from Zhou Yun’er’s face, she didn’t want to have any contact with this youth.

"I said Bai Luofei are you annoyed, I've told you I have a boyfriend, please move aside." Zhou Yun'er looked at the youth in front of her with great impatience and disgust, coming out to go to the washroom and still bumping into this youth made her good mood diminish for the most part, this youth in front of her had been pestering her for some time, but she was not attracted to him, on the contrary, this youth's usual virtues still made her very disgusted.

"Yun'er, you should stop lying to me, I have checked, you don't have a boyfriend, after this period of contact you should know that I am serious about you, please accept me, okay?" Bai Luofei looked at Zhou Yun'er with an affectionate look, but the concealment in his eyes was naked and fruitful, Zhou Yun'er was a woman he vowed to get, ever since he met Zhou Yun'er, this thought had been ingrained in his mind.

As he spoke, Bai Luofei's hand touched Zhou Yun'er's face, and his heart grew evil. Zhou Yun'er's face was slightly red after she had just drunk red wine, and her bright eyes had a touch of charming drunkenness in them, giving her a delicate and luscious look.

However, although Zhou Yun'er was a little drunk, her mind was still sober, and when she saw Bai Luofei's action, she immediately took two steps back, with a cold glint in her eyes; "Bai Luofei, what do you want? This is the Splendid Hotel, I advise you to think clearly."

When Bai Luofei heard this, his hand stopped in mid-air and his face looked a bit bad, but he was still smiling; "Yun'er, I've invited some friends to the elegant room not far away, why don't you accompany me to go over and have a seat, so that we can get to know each other, so that more friends can have more ways?"

Zhou Yun'er would not go to any elegant room with Bai Luofei, her gaze turned and just saw Ye Han standing outside the washroom, her eyes flashed with joy, she quickly walked towards Ye Han, under Bai Luofei's resentful gaze she took Ye Han's arm; "You son of a bitch, does it take so long to go to the washroom? Can't you see that your girlfriend is about to be snatched."

The woman was happily leaning on Ye Han's shoulder with a bird-like look, making Ye Han roll his eyes speechlessly, this girl's acting skills were not weak, she was really pretending to be like that, but Ye Han didn't bother to expose Zhou Yun'er, he was happy to accept it when a woman automatically threw herself at him.

"What? You're so pushy, do you miss me so soon." Ye Han's hand naturally held Zhou Yun'er's small waist with a flirtatious look, and then his gaze looked towards that Bai Luofei.

"Yun'er, who is he?" When Bai Luofei saw Ye Han and Zhou Yun'er's 'affectionate' appearance, those eyes instantly turned gloomy, staring at Ye Han with a deadly stare, as if he wanted to eat him alive. Zhou Yun'er gave Bai Luofei a disdainful look and said; "He is my boyfriend, Bai Luofei, now you should die."

Bai Luo Fei sneered; "Impossible, you don't have a boyfriend in Shanghai City, Yun'er, don't lie to me again, do you think I'll believe you if you pull a poor boy? Just his poor look, Yun'er, do you think he's worthy of you?"

"Hmph! Bai Luofei, please watch your words, it's not for you to judge what my boyfriend looks like and whether he's worthy or not, please move aside." Zhou Yun'er snorted coldly and pulled Ye Han towards

the front, but halfway there, she was stopped by Bai Luofei, who looked at Ye Han grimly; “Are you really his boyfriend? I advise you to tell the truth, or you’ll know what price you’ll pay in Shanghai City.”

Jee-oh! Ye Han was upset, very upset, this Bai Luofei look down on him can, but absolutely can not threaten him, Ye Han a tight owner of Zhou Yun’er waist, looking at Bai Luofei laughing; “You said? I forgot to tell you, we already live together, sorry, the woman you have your eye on is being banged by me, the toad.”

After saying that, Ye Han laughed out loud a few times and directly pulled Zhou Yun’er away, leaving behind a cold-eyed Bai Luofei. This Bai Luofei had grown a good frame for nothing. Just now, when Ye Han inadvertently swept it, he found that this dude’s disgusting thing was too small, just like a small earthworm, which made Ye Han almost not vomit out what he had just eaten.

Looking at Ye Han’s back, Bai Luofei’s slender ten fingers were creaking as he squeezed them tightly, and the light of resentment in his eyes grew stronger and stronger.

“Little bastard, how dare you make fun of me and steal my Bai Luofei’s woman, I don’t care who you are, I, Bai Luofei, want you to die an ugly death, just wait poor boy, you won’t live long, when the time comes I will fuck this bitch Zhou Yun’er to death right in front of you.”
