Chapter 321 Good Luck

“It doesn’t matter.” She hurriedly avoided touching his hand, unwilling to be too close to him. “Mr. Hamm will protect me.”

“If he could protect you, he wouldn’t appear to save you for so long. You wouldn’t have been slapped, and that so-called royal princess wouldn’t have dared to appear in front of you!”

“He is not the right person for you.”

“Don’t speak so confidently. Is there anyone else who is more suitable for me...”

She had only just finished saying the words when Kingston spoke in a resolute voice.

“Me.”

A short word was full of power.

She was stunned and looked at him in a daze.

“I said I was going to marry you. It was not a joke but a promise.”

“Kingston, we are done. Four years ago, it was you who brought Sandra back and took the initiative to ask for a divorce!”

Krista was slightly angry. She couldn’t bear to hear such words because she would think about how he was so ruthless back then, without any hesitation.

She vaguely remembered the day of the divorce. The sun was scorching that day, and she stood below with her body swaying.

She didn't stop him from finding his happiness. She let him go, but why did he pursue her again after four years and say all this nonsense?

Why did he let her wait so long?

Kingston's eyes darkened when he heard this.

It was the most regretful thing for him to have a one-night stand with Sandra, but he was drugged and could not control himself.

He also didn't want to explain anything to Krista, because it seemed too ridiculous.

He did do something wrong. People couldn't erase the mistake of doing something wrong just because of a legitimate reason.

"It doesn't matter. I will prove it." Kingston said.

"No chance. I'm getting married soon!"

She angrily said word by word, "The wedding will be next weekend, and we are done!"

Kingston did not say anything, looking at her.

This gaze made her feel scared. For some reason, she thought that the wedding would not proceed successfully.

"What ... What are you trying to do? Are you trying to ruin my wedding?"

“I won’t. This will only make you hate me.”

He said calmly.

He originally thought that he was alone facing the struggle.

But now in Phelan City, seeing Lance’s situation, he was even more determined to take Krista away.

Perhaps four years ago, Lance was more compatible with Krista than him.

But four years later, it had changed.

Now he was not the only one who did not want the wedding to go smoothly. Even if he did not take the action, there would naturally be somebody else who could not wait to strike first.

Perhaps, he should give Krista a chance.

Let her know who was more compatible for her now.

“Since you know the things of his adoptive mother and that princess, I won’t say too much. Be careful. Don’t let yourself get hurt. They will naturally have countless ways to prevent the wedding from proceeding.”

“No way. As long as Mr. Hamm and I care about each other, nothing can stop our wedding. Nothing!”

She said confidently.

Kingston sipped his thin lips. He was about to damp her enthusiasm, but he stopped.

Naturally, the reality would make her clear-headed. Why should he put a damper on her now and give her a bad impression on him?

“Good luck.”

“Well, it’s about time. I have to go back.”

“I’ll ask Quincy to send you back.”

“No need, I’ll call a taxi back.”

She rejected his kindness and turned to leave. When she got off, she was still worried and reminded, “Take good care of yourself. Don’t be too busy with work. Health is important. As for the business of the branch company, I will tell Mr. Hamm. We ... are done.”

Then she closed the door. Found Pregnant After Divorce by Emiissmx Chapter 322

She went downstairs and left. Kingston forced himself up under the pain and went to the balcony. He watched her leave reluctantly.

Quincy walked in and looked at his lonely back. He did not want to disturb him.

Only when Krista left did Quincy say softly, “Sir, Ms. Compton has left.”

Kingston kept silent.

He coughed and returned to the bed.

“Ms. Compton doesn’t remember what happened in the past at all. She refused to feed you medicine.” Quincy said.

“Even if she remembers, she is Lance’s fiancée. As per her temperament, how could she do such a thing? Don’t trouble her. It’s good for me if she can’t remember.”

“Sir... Don’t you worry that Ms. Compton will marry Lance?”

“She won’t.” Kingston shook his head and said, “I am only worried that she will get hurt.”

“That’s good. If Lance hurt Ms. Compton, your chance comes.”

Quincy said excitedly.

However, Kingston smiled bitterly. If he loved her, he could not bear to let her get hurt.

If Lance could let her live a happy and comfortable life, perhaps Kingston would not have such a strong obsession to be with her.

However, Lance could not give her happiness. Worries and troubles were endless, which only make it difficult for Krista.

“Let’s wait and see. I’m tired and want to rest.”

Quincy nodded and went out.

When Krista returned, it was already one o’clock in the morning. She thought that they were all asleep, so she was about to enter the room carefully, but she did not expect that Aracely would come out.

“You are back. Do you know that we are worried about you?” Aracely asked.

“Why aren’t you asleep?” Krista replied.

“If you don’t come back, how can we sleep?”

“Krista.”

Luck also heard the noise and came out. When he saw Krista, his eyes immediately turned red.

“Blood? Krista, what happened to you?”

When he saw the blood on Krista’s clothes, he was very worried.

“I’m fine. This blood is not mine. Luck, let’s go to sleep. Aracely and I are going to sleep too.”

“But I still have a lot to say to you.”

“Let’s talk tomorrow, I’m tired.”

Krista looked very tired, and Luck couldn’t bear to see this, so he turned back to the room.

Then, they entered the room too. Aracely didn’t say anything but stared at her, which made her unnatural.

“Why ... are you looking at me like that?”

“Why are you back so late? I called your shop and they said you left at seven.”

“I ... I wandered around outside.”

“What about the blood? If you are not injured, then who is injured?”

I...”

“Krista, you can’t hide it from me.”

“I met Kingston.”

She had no choice but told the truth.

“You can’t be entangled with him at present. You’re going to marry Mr. Hamm soon! If Mr. Hamm finds out about this, you will be troubled. He has been concerned about you and Kingston. What if...”

“I know, so I came back. I have deliberately kept a distance from him. Now we are even, there will be no connection.”

Aracely breathed a sigh of relief. Since Krista had solved the problem and Kingston would not interfere with the wedding, Aracely was relieved.

However, what Kingston said was right. Worries and troubles were endless.

“How do you deal with that old witch Carlisle and the bitch Catherine?”

These two bynames were appropriate!

Krista shook her head helplessly, “What can I do? I just hope they don’t take ill of me.” Found Pregnant After Divorce by Emiissmx Chapter 323

Chapter 323 You Miss Me

"I like Lance as firm as you like me. It's impossible. Don't talk nonsense. Now, because of work, he contacts the royal family more frequently. I'm afraid Catherine will trouble you again."

"Well, don't worry. Only a few days before the wedding. Just be my bridesmaid. By the way, why don't you find someone? You're not young!"

Aracely was the same age as Krista. She was twenty-four years old and never lacked outstanding suitors. However, Aracely didn't seem interested in dating or getting married.

"Why do you get me involved? I'm not in a hurry. I want to play freely for some years. But what about your brother? What are you going to do? Do you want to find a wife for him?"

She was more curious about this.

Krista tilted her head and thought for a moment, "He may have some difficulty finding a wife himself. I will help him find a suitable one later."

"What is your standard for your brother's wife?"

"Luck is pure and kind, just like a piece of white paper. So I want to find someone who should be simple, obedient, and sensible..."

Aracely felt speechless.

She had nothing to do with being obedient and sensible at all.

As expected, it's hopeless for her to be with her best friend's brother.

"Why are you so concerned about Luck?"

“Luck is your brother. So he is also my brother. I also love him and am concerned about his marriage. Alright, I have been waiting for you until now. I am so sleepy. Let’s go to bed.”

She dared not to say anything more and quickly wrapped herself in the quilt to sleep.

Krista was also sleepy. She had received too many surprises today. She thought she would fall asleep as soon as possible, but she kept tossing and turning in bed. On the other hand, Aracely was fast asleep.

As long as Krista closed her eyes, Kingston’s handsome face would appear in the depths of her mind.

The scene of him licking his fingers lingered in her mind. That one glance was so charming.

When she finally fell asleep, suddenly, a familiar voice sounded in her ear.

“You miss me. So you dream of me and invite me to sleep with you.”

She wanted to deny that she didn’t miss him at all.

But she couldn’t control herself, just seeing Kingston approach.

The next day, she woke up in a sweat all over. She dreamed of Kingston all night as if she was possessed.

“What’s wrong with you? You don’t look well.”

“I’m fine. I didn’t sleep well.”

“Eat something and rest for a while. It has been unsafe recently. Take care of yourself.”

Krista didn’t have a good appetite, so she hurriedly ate a few things before leaving.

She had to go to the church to see the arrangements. Lance had settled many things, but she could not be idle.

Lance was still in an argument with her and hadn't called or texted her until now.

She wasn't worried and planned to coax him after he had calmed down.

Now at the tea party, in the Royal back garden.

Caitlyn invited Carlisle to the tea party again. Those who could enter the Royal back garden were all upper officials and nobles of Phelan city.

Carlisle had a high status and could participate, but no one played with her.

Usually, no one invited her to the party, and Carlisle was also embarrassed to take the initiative to participate.

But now, it was different. Catherine often brought her to various banquets. Many people surrounded her and complimented her.

Carlisle was surrounded by a group of women at the tea party. Found Pregnant After Divorce by Emiissmx Chapter 324

Chapter 324 Have a Child First

"Carlisle, your necklace is so beautiful. Is it the new style designed by jewelry master Howard Caston?"

"Well, of course."

"I envy you. Howard only designs jewelry for the royal family. Even the duke in my family can't let Howard design jewelry for me."

“Carlisle, your dress looks good. Why haven’t I seen you wear it before?”

“Princess Catherine carefully selected it for me.”

“The princess is good to you. She treats you as her family.”

Carlisle thought, ‘Family?’

Hearing the woman’s words, Carlisle was surprised and happy.

She thought, ‘If Lance marries Catherine, and then he will be conferred the title of duke. That will be the greatest honor.’

Carlisle’s face broke into a wide grin. Then, a maid called her over.

Carlisle walked to Catherine and said with a smile, “Catherine, the dress you gave me is nice. Everyone praises your good taste.”

Catherine looked at her indifferently and said, “This is the last time I give you the present. After Lance gets married, we don’t disturb each other. Otherwise, when I see you, I will think of Lance, and I’m afraid that I’ll vent my anger on you.”

Carlisle was instantly anxious when she heard this. She thought, ‘I don’t mind not having new clothes and jewelry in the future. Now, people flatter me, I enjoy it. However, if Catherine doesn’t get along well with me, then I have to go back to my bitter days.’

Carlisle was also afraid that those people would laugh at her.

Krista was only a fashion designer, and Princess Catherine was a member of a royal family.

If Carlisle chose a person to be her daughter-in-law, she naturally would choose the princess.

“Catherine, please don’t say that. You know that I’ve always been on your side, but Lance is so stubborn and he only likes Krista. To tell you the truth, I’ve long been unhappy with that girl. How about trying to make him disappear completely?” Carlisle said.

Then, Catherine said, “Don’t do that. If I can marry Lance, you don’t have to hurt her. I’m not such a ruthless person.”

Catherine knew that Carlisle was a vicious person. She murdered Lance’s mother and foster parents, which led to his miserable life.

Catherine didn’t want to do these bad things like Carlisle.

“Yes, yes. Catherine, your hands are so beautiful. How can they be stained with blood? I wonder if you have any ideas?” Carlisle asked fawningly.

Then, Carlisle knew that Catherine probably had her ideas.

Catherine smiled and said, “If people know that Lance and I have a baby first, Lance has to marry me, and then I can have it both ways.”

Originally, Krista and Lance didn’t intend to get married so soon, so now they were going to have a simple wedding.

They would hold the wedding in the church and invite some relatives. Catherine thought, ‘It’s good that not many people know Krista and Lance will have a wedding. I can find a way to let others know Lance’s relationship with me first.

Carlisle agreed with Catherine’s idea when hearing this.

Carlisle thought, ‘If Catherine and Lance have a child first, they may get married soon.’

However, Carlisle was also a little worried.

“You also know Lance’s temper. I’m afraid he won’t give you the chance,” Carlisle said.

“This is not difficult. I’ve got a plan. I just need you to do me a favor.” Found Pregnant After Divorce by Emiissmx Chapter 325

Chapter 325 Why not this time?

“Sure. It’s a small favor. Even if you want my life, I won’t refuse.”

Catherine only wanted to laugh when she heard this. Carlisle was selfish and only thought about herself. She would not worry about others.

Since Carlisle was willing to help her, Catherine had no worries.

She whispered a few words in Carlisle’s ear and asked her to do something for herself.

Lance was in his office. He had been looking at his phone five or six times in half an hour. Even during the meeting, he would occasionally look at his phone.

Usually, he would keep the phone silent, but this time, he turned the volume up to maximum.

Whenever he received a message or a call, he would answer it as quickly as possible.

Everyone realized that he was waiting for someone’s call.

It was just that every time, he was disappointed.

Ryan attended the meeting and knew better than anyone what Lance was thinking.

“You have been in a bad state these past few days. Do you want to take leave and go back to rest? Excessive fatigue is also not good.”

Ryan said considerately.

“Nothing.”

Lance did not appreciate it.

“If you miss Krista, then contact her. In any case, you were the one who took the initiative all these years. Why not this time?”

Ryan’s words contained a deep meaning, making Lance in a bad mood.

Lance narrowed his eyes and looked at Ryan in front of him. Ryan was his younger brother in name, but they had no blood relation at all.

In the beginning, it was Ryan who constantly advised Lance to come back and use all his strength.

However, Lance could not feel Ryan’s kindness. Perhaps Ryan was truly helping him and did his best in everything in the beginning.

But now, Lance felt that Ryan had other motives, but there was nothing wrong with everything he did.

“What do you mean?” Lance said coldly.

“It literally means. Rather than waiting for her to call you, why don’t you call her yourself? Why torture yourself? Lance, seeing you tortured like this by a woman, I feel sorry for you. Do you understand?”

“But you fancy her. I can’t do anything about it. You asked for it in the beginning. Why do you have to make things difficult for her now? In the end, the one who will suffer is you. She won’t accept your feelings.”

“Shut up and get lost.”

“Alright, I’ll go.”

Ryan said with a mischievous smile. Without any anger, he turned around and left in a carefree manner.

His words were like bombs, exploding in the depths of Lance’s mind.

Ryan was right. Lance was the one who had taken the initiative all these years!

From the beginning, he had been looking for trouble and he deserved it.

Even though he knew that she loved Kingston, he still had to deceive himself and felt that he could warm her heart.

He didn’t mind that she had a child with Kingston because he believed that they would have their children finally.

When she wanted to continue designing, he didn’t force her to marry and did his best to support her work.

She said that she wanted to worship her grandma, and he would take time to accompany her back every year.

Just this time...

She and Kingston once again mixed.

Did she consider my feelings? Lance wondered.

She has never cared about who I am with or how late I stay outside.

She has never told me about her feelings. She has endured all her grievances alone!

She is so independent and strong, so she doesn't need me at all, right?'

The more he thought about it, the more uncomfortable he felt. He held the phone tightly, feeling like he was burning on fire, extremely painful.

Then a message popped up on her phone. It was actually from Krista. Found Pregnant After Divorce by Emiissmx Chapter 326

Chapter 326 Passionate

It had been two days and Krista finally contacted Lance.

All the anger and sadness just disappeared in an instant.

Lance checked the message immediately.

It said, "Eight at Deere Hotel Room number XXX. I'll see you there."

Lance was overjoyed. Was Krista going to apologize to him?

That's right. Now Lance and Krista should get on with their life instead of thinking too much.

They were going to get married soon. No matter how capable Kingston was, he couldn't change it.

Lance was very happy and couldn't wait anymore.

He went to the hotel in advance. The room was already booked. The waiter led him in.

Lance saw a piece of paper on the table. It was from Krista.

"In order to prove that I love you, I will give my virginity to you tonight, Mr. Hamm. I hope that we will be happy forever."

Seeing this, Lance had mixed feelings.

Krista chose him at last.

Lance liked Krista, so he wanted her.

However, Lance did not want to force Krista. So he could only retrain himself.

They had no physical progress for four years.

Now Krista was willing to give herself to Lance, which meant that she really loved Lance.

This also meant that Krista no longer cared about Kingston.

Lance won.

He got Krista's heart and he would soon get her virginity.

At this time, the waiter came in with a bottle of wine, saying that it was ordered.

“What else did the guest say?”

“The lady said that you liked wine and you could have some to warm yourself up. She will be here soon.”

Lance was very pleased. He thought that Krista didn't care about him at all. But actually, she still remembered what Lance liked to drink.

The waiter poured a cup of wine and Lance didn't refuse.

Lance was in a good mood. He finished the wine and felt hot.

Seeing that it was almost eight o'clock, Lance was a little nervous. He didn't know what to say to Krista.

He even started to speak to himself.

“I know I also did something wrong, Krista. I shouldn't be so calculative with you. I'm a man. I should cosset you. How can I make you suffer?”

“I promise you that I will never allow Carlisle to hurt you again.”

“I am sincere to you. I have loved you for five years. I have fallen in love with you since I was at City D University.”

Lance was good at drinking. But it was strange that he felt like he was about to be drunk after drinking a cup of wine.

He was dizzy and was getting hotter and hotter.

Lance could only take off his tie and coat.

At this time, the door opened.

“Krista!”

Lance stood up with the help of the sofa and looked at the girl in front of him. It was Krista.

However, she did not say anything. She just went forward to hug Lance and kissed him passionately.

Lance had long wanted to make sex with Krista. So he could no longer restrain himself after drinking the wine with love potion.

However, he was still confused. Krista was reserved. Why was she so passionate now?

Lance didn't know that he mistook Catherine for Krista.

And he just made sex with Catherine.

It was passionate in the room. Found Pregnant After Divorce by Emiissmx Chapter 327  
Chapter 327 After Sex

As time went by, Lance gradually came to his senses and finally saw who was in his arms.

It was Catherine. Lance couldn't believe it and even thought it was an illusion.

But soon, he realized it was true!

Lance was trembling with anger, wearing an extremely gloomy face.

He felt an overwhelming sense of loss at this moment.

“Why is it you? Where is Krista?”

He immediately leaped out of the bed and glared at Catherine angrily.

Catherine was now very weak after such exhausting sex.

She was very satisfied and thought Lance was strong enough to be worthy of her affection.

But he kept calling Krista in the process, which made her extremely jealous.

“Well, this is not what you said when you kissed me in your arms just now.”

She wore a smug smile.

Lance quickly realized what was going on.

“How dare you set a trap for me?”

Lance realized that message wasn't from Krista.

He guessed right. When Krista dealt with something in the church during the day, Carlisle also went there to check the arrangement.

Later, Carlisle said she could not contact the driver since her phone died, so she made a call using Krista's phone.

In the process, Carlisle texted Lance to trick him into going to the hotel.

Then she deleted the message secretly.

Lance clenched his fists tight, filled with anger.

Seeing Catherine's smug smile and the mess in the room, he felt great anger, annoyance, and hatred...

He felt what seemed pleasant to him just now was so disgusting that he wanted to kill himself.

He was annoyed with his fists clenching and his nails piercing his palm.

"Lance, I'm better than Krista, right?" Catherine boasted.

She had thought Krista and Lance must have had sex since they had been together for four years and recently even engaged.

But the truth was the two of them hadn't.

Catherine didn't know that until she asked Carlisle about it. It seemed that Krista wanted to do it after the wedding ceremony as a conservative girl.

Moreover, when they had sex, Lance seemed to be complaining that it should have happened earlier without Krista's delay of four years.

Over the past four years, he had never insisted on it and always satisfied his sexual desire by himself.

Catherine was pleased with it since she beat Krista at this.

She raised her eyebrows and looked smug. "How do you like my body, my skin, and my lips?"

“Shut up!” Lance shouted.

Then he quickly put on his clothes, picked up Catherine’s, and threw them on the bed.

.

“Put on your clothes and get out of here.”

“How can you be so mean? You weren’t like this when we had sex. You said I was so fascinating that you couldn’t help having sex with me over and over again...”

Before Catherine could finish speaking, Lance strode over and pressed down on her neck.

“Shut up!”

Right now, he only felt disgusted and even wanted to kill himself.

He couldn’t believe he had sex with another woman, not Krista.

Catherine could not breathe. She kept coughing with her face going red.

“How... how dare you... I... I am Princess. If you kill me, you will be ruined. So... so will the Lamb family...”

Catherine managed to stutter it. Found Pregnant After Divorce by Emiissmx Chapter 328

“Do you think I care about this right now? You were scheming to frame me!”

“You ... Even if you don’t care about yourself or the Lamb family, don’t you care about Krista anymore? If anything happens to me, do you think she can come out of this without a scratch? She is your fiancée, so there is no escape!”

When Lance heard this, his hand loosened a bit. His face went pale, and a fierce look emerged in his eyes.

He hated Catherine’s guts right now.

Catherine was a little jealous that Lance went soft at the mention of Krista.

“He doesn’t care about me or the Luo family. All he cares about is that Krista!” Catherine thought.

She became resentful and glared at him. “Why do you stop? You want to kill me, don’t you?”

“Catherine, what happened today stays between you and me. No one should learn about this.”

“Maybe, if I am happy...”

“You really think I won’t hurt you?” He became gloomy and vicious. He grabbed her hair, causing her face to twist in pain.

This was the first time she had seen Lance like this. In the past, he had always kept his distance from her. He was never close, but not cold either.

But now, he looked at her fiercely and viciously, without any warmth.

The gaze was like a knife, wishing to cut her into pieces.

She was somewhat frightened.

In the past, he was like an angel. But now he was like Satan who had fallen into the abyss.

She could not even tell whether this was his true nature and didn't know why he had suddenly become like this.

He raised his other hand. His cold fingertips gently ran on her face, and finally stopped on her eyes. With a little force, he could gouge her eyeballs out.

"I won't kill you, but I can torture you. I'll do things that you can't even imagine! Don't use the royal family to pressure me. I'm not Carlisle, and family glory means nothing to me. If you push me any further, I have ways to protect her and deal with you."

"Don't lose your life over this. And the consequence will be dire."

"You ... You..."

Catherine was terrified. And now she met the cold Lance.

Lance had never seen himself like that either.

It was as if his heart had fallen into the endless darkness and was tainted by evilness.

Catherine had better not cross the line. Otherwise, he would go into hell with her. A princess or not, he would make her pay the price!

"Do you understand?" He asked gloomily.

"Lan... Lance. You wouldn't dare..."

“Answer me!”

He became even more fierce and hardened his grasp, making her feel that her scalp was about to split open.

She couldn't stand it and could only agree with a sob.

“Yes, I do. Just let go of me...”

Hearing this, Lance let her go and looked at her coldly. Then he put on his coat and went out directly.

As soon as he stepped out of the door, he saw some people in a hurry at the end of the corridor with cameras and microphones in their hands.

He frowned and quickly closed the door behind him.

“Who are they?”

“The press...”

Catherine trembled in fear and could only be honest.

Lance narrowed his eyes. He didn't expect her to be so vicious as to get the press.

If this was publicized, there was no turning back.

It wasn't easy for him to get Krista back. He wouldn't give up.

"1... how can I ask them to go like this? I can't do anything about it either..."

.

Catherine stuttered, reluctant to give up. But she did not expect Lance to grab a glass and throw it on the table like a demon. The glass instantly shattered into pieces.

The pieces pierced his right palm.

Catherine looked at his bleeding hand in shock, and her heart was beating frantically.

As for Lance, he held a piece of glass and approached her.

The glass was stained with his blood, gleaming horribly.

"You... what are you going to do?"

She was greatly scared and kept retreating.

"Princess Catherine, do you want to show up with a disfigured face? If you insist on ruining me, then I will do so despite a high price for it."

"No, no, no, don't do that!"

The appearance was the most important to a girl. She wouldn't let him ruin her pretty face which was the result of her delicate care.

She quickly picked up her phone and dialed a number.

The phone was answered, and an excited voice came.

"Princess Catherine, we have been at the door. As long as you both come out, I promise it will cause a sensation in Phelan City."

"Go away, all of you. Get out of here."

"Princess Catherine..."

"Go away. Are you deaf?"

She shouted in a broken voice.

Everyone outside didn't dare to question it and could only do as she said.

"Now... is it okay now?"

She asked in a trembling voice.

Lance looked at her with satisfaction but didn't withdraw his hand holding the piece of glass.

When his blood fell on her pale face, she could feel its heat.

She couldn't help but think Lance was much too tough with himself.

"What else do you want to do?"

"Will you keep it secret?" he asked coldly.

"Of course, of course. Don't hurt me!"

"You'd better do so. Otherwise, I will spend the rest of my life torturing you."

When he finished speaking, he threw the piece hard on the ground.

Then he slammed the door as he left without glancing at his wound.

Much later on, Catherine recovered from the shock and gasped in fear.

She looked around at the mess in the room and was terrified again when she saw blood on the floor.

She didn't expect the man she fell for wasn't like an angel but a demon.

She was afraid, but it was also an exciting challenge for her.

If she got Lance so easily, she might find it boring. After all, whatever had been available to her since she was a child.

But Lance was different since he brought her an interesting challenge.

Even if she didn't make it public, the two of them had sex anyway.

Moreover, she had videoed it, which would serve as evidence in the future.

That was why she agreed obediently to calm Lance down.

As Princess, there was no need for her to be bothered by such a merchant.

She came to her senses and wasn't scared anymore. Instead, she felt it very exciting.

"Who is it?"

Aracely was sleeping soundly when she was woken up by the sudden doorbell. She quickly got out of the bed and found Krista and her brother were still asleep.

She looked through the peephole and found it was Lance.

As soon as she opened the door, Lance rushed straight inside before she could speak.'

"Mr. Hamm? What happened? Why do you come for Krista so late at night? Your hand..."

Lance looked gloomy as he walked towards Krista's room without saying anything.

Krista was also woken up by the noise and sat up in a daze. Suddenly, she was hugged by someone.

His breath smelt of alcohol, so Krista guessed he must have drunk.

"Mr. Hamm? What's wrong with you?"

Krista was confused when she was wide awake. But she got no response and could only look at Aracely in a fog.

Aracely shrugged, indicating that she also knew nothing about it.

Krista motioned for her to close the door and leave them alone for a while.

Aracely did not say anything. She did as Krista said and went to sleep.

Then only the two of them were left in the room.

“Mr. Hamm?”

She called him in a soft voice, her little hand gently patting his back.

“Are you alright? Do you have any trouble in work or has Nataly found fault with you?”

She could not think of other possibilities except the two.

Lance remained silent but hugged her even tighter, greedily breathing in the faint fragrance of jasmine from her.

He wished that it had been Krista who had sex in the hotel with him. If so, they would be a real couple.

But now...

He made such a ridiculous mistake. Even if he kept it a secret, he was still extremely guilty.

Although Krista got no reply, she could feel he was greatly emotional and seemed to be on the verge of a breakdown.

She had to quietly hug him. "I don't know what happened, but I want to tell you it doesn't matter. Since we are going to be married, let's face whatever troubles, shall we?"

Hearing her words, Lance felt even more ashamed and guilty.

He loosened his hug and just stared at her in a daze, his eyes filled with pain and regret.

Only then did she notice that Lance was injured. She was shocked and was about to get the medicine box.

Unexpectedly, Lance kept a tight grip on her and then pressed her directly down on the bed.

"You..."

"Let's have sex, Krista, OK?"

"..." She was stunned and did not know how to respond to him.

It was normal for them to do that earlier since they were going to hold a wedding.

He had spent four years with her and she knew he had sacrificed a lot.

But...

She just could not be intimate with Lance.

Perhaps because of her disinterest in sex, she could not be sexually enthusiastic.

“How... how about doing it later?”

She pleaded in a soft voice.

Lance’s eyes flashed with anger and sadness.

He didn’t know why she still refused although they were going to be married.

She seemed to be unaware that he was a normal man and had sexual desire.

His sexual relationship with Catherine wasn’t only the result of the medicine.

The major cause was his strong desire to have sex with Krista to make her his girl truly, not nominally.

Moreover, he couldn’t understand why Kingston could do that to her, but he couldn’t.

He wondered, ‘What is she resisting? Or does she want to be with Kingston again?’

He had been on the verge of being crazy because of what Catherine did.

Now hearing Krista’s words, he had mixed feelings. He didn’t know whether it was because of anger, disappointment, or unwillingness.

“When? We’re going to be married. It’s only a few days away. Why are you still refusing?”

“I...”

She also felt guilty since she had never been intimate with Lance over the past four years.

Perhaps she should suppress her discomfort and tried to accept Lance.

She should take the initiative, not always play a passive role in the relationship. After all, the two of them would spend the rest of their life together.

She bit her lips in shame. Just as she was about to close her eyes and put herself at the mercy of him. What Lance said next hurt her a lot.
