Chapter 361 You Are Home Now

Kingston hadn't seen Krista for a few days. He was worried about her because she had lost weight and looked pale.

He picked her up and carried her to the hospital

The doctor did a comprehensive examination for Krista. And Aracely was stunned when she saw Krista's scars

Krista's body was originally fair and flawless, like smooth silk. But now, there were bruises, traces of cigarette burns or being whipped. The new and old injuries piled up one after another.

"Damn it! A group of bastards! Krista was in prison just for a few days, but they abused Krista like this!"

Kingston knew what had happened in Phelan City today. As planned, Krista was going to get married today. No matter how cruel he pretended to be, he did not want to miss her wedding. He wanted to know what she looked like when wearing a wedding gown, and saw her walking on the red carpet

However, later, he received the news that Lance and Princess Catherine were married.

He realized that something was wrong and had Quincy check it. Only then did he know what had happened.

He regretted that he should not have trusted Lance and should have removed Catherine's arm.

Now, Krista was back again as Krista, and he was distressed, but also happy

In the future, he would never allow her to leave him.

"Pack things and go back to the villa."

Kingston instructed Quincy

"Kingston, what do you mean? I have arranged a place to stay..."

"I am not discussing it with you. I am ordering you." Kingston glanced at Aracely coldly. Aracely was so scared that she didn't dare to speak

"If you want to go with us, then go. If you don't want to, I won't care about you."

Aracely curled her lips. In the end, she followed Kingston to the villa. Aracely wanted to take care of Krista at night, but Kingston didn't need her at all.

He asked everyone to leave. Only he and Krista were in the room.

Kingston looked at Krista. His heart ached. His hand trembled slightly as he caressed her thin face.

Krista's face was pale and bloodless. And her former baby fat seemed to have gone.

"I shouldn't have left and handed you over to that trash"

Kingston gritted his teeth and spoke.

Krista had a nightmare. She dreamed that those female prisoners humiliated her, tore her clothes forcefully, pulled her hair and beat her up.

She curled up into a ball, holding her head. She did not beg, but tolerated the attacks stubbornly.

She continued to endure and finally she was released.

She was so happy and went to see Lance with expectations.

But Lance had married Catherine.

Krista knew that he had no choice but to compromise and he was trying to save her

She knew everything...

But there was still a feeling of being abandoned betrayed in her heart.

Even so, she thought she should understand Lance. And she couldn't hate him or complain because he did have a lot of bitterness in his heart that was hard to tell.

She couldn't be willful, she should be obedient, and she should know when to advance and retreat.

She should believe in Lance and believe that he would come back to find her.

But ... why did she still feel so heart-broken?

"Krista.

Kingston called out softly, Krista's tears kept falling. His heart was in pain as if it was gripped tightly by an invisible hand.

Krista cried extremely sadly in her dream. And his heart was about to break.

He held her tightly in his arms and stroked her head gently

“Krista, now you’re home. I’ll support you even if the sky collapses in the future. Don’t be afraid. I’ll take care of everything. I won’t let anyone bully you.”

Kingston said word by word and made a vow solemnly.

Krista seemed to have heard it, and she gradually calmed down.

Time ticked by She woke up the next afternoon

Chapter 362 I Am Wrong

The surroundings were familiar, which surprised Krista a little.

Wasn’t this Kingston’s home? Kingston used to live in this room.

Krista immediately got up and felt that it was not good for her to live here. If Lance knew about this, he would be angry again.

Krista was about to leave when the bedroom door opened.

When Kingston saw Krista up and about, he frowned.

“You haven’t recovered yet. Go back and rest.”

“Why am I here?”

“I brought you back.”

“Aracely and Luck...”

“They are fine.”

“I feel that my body has almost recovered. I will leave first...”

Krista wanted to leave, but Kingston blocked the door.

“What are you doing?”

Krista frowned.

“Have you forgotten what I told you before I left?”

Kingston narrowed his eyes.

Krista felt her heart drop. What Kingston said still rang in her ears.

Kingston once said that if Lance could not protect Krista and let Krista suffer, he would definitely not give up and take Krista away

Krista thought she would never see this scene in her life, but she didn't expect it to come true so soon.

Krista thought of her imprisonment and the wedding, her face full of bitterness.

Krista clenched her fists and looked at Kingston with gentle obstinacy.

“It has nothing to do with Lance. He is also a victim. He was forced to do this...”

“What does it have to do with you? Why did you suffer for nothing? Why did you take so much for him? Now that he has married someone else, do you still not give up?”

Kingston interrupted Krista with a hoarse voice, making Krista speechless.

“This is my business. It has nothing to do with you.”

Krista said stubbornly, looking up at Kingston.

Kingston was furious. Lance treated Krista like this, but Krista still wanted to be with Lance

Kingston didn't want to explain so much to Krista at all. He just wanted to block her mouth.

Kingston strode forward and locked Krista in his arms. He pressed his lips to her and kissed her

Krista struggled, but the great disparity between her physical strength and Kingston's did not make for substantial progress

Krista was so angry that she wanted to bite Kingston Kingston realized what Krista wanted to do and bit her first

Kingston felt that Krista's blood was sweet, like a poppy, making him fascinated and bloodthirsty

Kingston kissed Krista even more fiercely and crazily. Her lips were red and swollen from being sucked Krista felt that her lips were badly hurt. Krista felt extremely wronged.

“Why do I have to be bullied by him?”

If not for his appearance, Lance and I might not have come to this point today

The more Krista thought about it, the more aggrieved she felt, and her tears fell.

Kingston saw her tears and immediately released her lips

Krista’s pink lips were red and swollen. The broken part was dotted with fresh blood, like a blooming flower, beautiful and charming.

“Don’t cry.”

Kingston said, with his heart aching

“Go away, you all bully me. You only know how to bully me. What am I doing wrong? God punishes me like this...”

Krista cried like a child. Originally, Krista had nowhere to vent her grievances, but Kingston still treated her like this

“I am wrong.”

Kingston was a little embarrassed. Even though he was famous and powerful, he was just a fool now. He was helpless in the face of Krista’s tears and could only obediently apologize to Krista.

“How could you be wrong? You are Kingston! You can do whatever you want. Who dares to say any. thing about you? Can’t you torture people with just one sentence? I am too weak and have nothing. That’s why you bully me! You only know how to bully the weak: You are despicable and shameless *

Chapter 363 Bargain

She cried while scolding Kingston,

Kingston didn’t know whether to laugh or cry when being scolded by her.

“If I were that kind of person, you would have been raped by me.”

“Then do it!” She said angrily.

“That won’t do. We should eat first before having sex.”

“You...”

She was so angry that her tone became sluggish and she cried even more fiercely.

Kingston immediately surrendered. “I know I was wrong. Don’t cry, my baby. You haven’t recovered yet. Crying like this will not be good for your health.”

“None of your business!”

“How could I bear not to care about you? Not only will I care about you now, but I will also care about you for the rest of my life in the future. I said that before, since Lance can’t give you happiness, then it’s ok for me to steal his lover. If you be with him, you will be aggrieved in this life. I have looked down upon him four years ago, not to mention now.”

When Lance was mentioned, his eyes narrowed with displeasure and disdain.

“Even if you cry until the sky turns dark, I still won’t decide this. Don’t cry, don’t forget that Aracely and your brother are still here...”

Before he could finish his sentence, Krista had already calmed down with great difficulty. She held back her tears and looked at him hatefully as if she was looking at an unscrupulous profiteer.

She sobbed and bit her lip, looking at him with the grievance.

Kingston sighed. He didn’t want to threaten her, but it was obvious that this method was the most effective.

“I know that you still love him. I can give you a chance. I have waited for four years for you, and I don’t care to wait for a longer time. I won’t do anything to you. I just want you to stay here within my sight.

“If Lance can solve all of his troubles in half a year, and you have no feelings for me, I am willing to let go. Moreover, as your maternal family, Irwin family will send you off grandly, and I will personally prepare a thick dowry for you.”

When he said the last words, his heart felt as if it was being twisted by a knife.

He endured the pain in his heart and looked at Krista.

This was his last compromise to make her give up and to make himself give up.

“Really?”

She sobbed

“Now, you can only choose to believe me.”

Although Krista was a little unhappy, she had to admit that he was right.

It was just that she didn't want to live with Kingston, which would bring some gossip

“L... I've already returned to City D. How about I stay with Luck.”

“Krista, are you bargaining with me?”

“Then what you said. You haven't considered my opinion. I am Mr. Hamm's fiancée. What does it mean if I live with you? I am not willing...”

“Alright, you can go. Luck lives here.”

“No, I can't leave Luck here!”

She thought, 'Are you kidding me? What if you bully Luck?'

“Krista, you should know that I am an unscrupulous capitalist. Everything has to be done based on profit. Do you know that you are harming my interests now? It makes me very unhappy.

“I'm not happy. Guess what the consequences are?”

She stuttered and could not handle the awkward situation.

He promised to give Lance half a year and would not do anything to her. He only wanted her to stay here obediently

If Lance successfully solved the problem in half a year, Kingston would marry her as a family member and would not bother her in the future.

But...

Her brain worked at the speed of light. “Okay, I'll stay, but you can't restrict my freedom. I can go out if I want to. Anyway, I have been expelled from the territory by Phelan City. If I go there, I will be arrested. You don't have to worry about me running away

“Yes, but the family rules do not change. You are not allowed to return at more than ten o’clock.”

“Okay, then... Then you are not allowed to cause trouble for Luck and Aracely.”

“If you listen to me, everything will be negotiable.”

Krista heaved a sigh of relief. Although he was a businessman, he was still very amiable to her.

After arguing and crying for a while, she had no strength and was desperately hungry.

She only wanted to eat.

When her stomach was rumbling. Kingston shook his head helplessly. He looked at her lovingly and softened his tone. “Til go and bring the food to you.”

“No, no, no, I can get out of bed and eat by myself. I want to go down and eat with Luck and the others.”

That would be good to take a look to see if they were well.

Kingston knew what she was thinking and did not stop her.

She changed her clothes and went downstairs. Aracely and Luck looked at her worriedly.

“Krista, are you alright?” “I’m fine. Sorry for making you worry.”

“Krista.”

Luck hugged Krista, and Krista stroked his head to calm him down.

Kingston watched from behind and raised his eyebrows.

No matter what, Luck is already twenty years old. He is already an adult. How can he still hug Krista?

There were differences between men and women, and the siblings should know that.

He stepped forward and pulled Luck away softly, saying, “I have never seen you before.”

“You are...”

“My name is Kingston. You can call me brother-in-law.”

“What...”

Krista started to cough.

“Don’t talk nonsense!” She snapped back to her senses and said angrily

“I forgot to add that I am an ex. brother-in-law, you can just call me brother-in-law.”

“Krista?”

Luck looks at Krista blankly.

“Leave him alone. Let’s eat.”

“Fine.”

Luck answered obediently. Kingston was not angry. Instead, he liked to see her angry like a little puffer

fish

When she glared at him, she also looked attractive.

Everyone sat down to eat. Aracely picked up two calls. Krista knew that it was the Philanthropist who urged her to go back.

After dinner, Aracely wanted to say something but hesitated. She took the initiative to say, “The company over there urged you to go back, right?”

“Krista... I’m sorry.”

She said guiltily.

If they were settled in the apartment, she would be at ease, but now they were at Kingston’s residence.

Looking at Kingston, he would not let go at all. “You go back first. I will take care of myself here.”

“I’m afraid of Kingston...”

“I have already agreed with Kingston. The last time I stayed there for more than ten days, nothing happened. I still believe in his character. If he wanted to force me, I’m afraid he would have already succeeded. He promised to give Mr. Hamm half a year. If he could solve Catherine, he would let me go. Then I will always be one of the Irwin’s.”

“What if Mr. Hamm can’t do it...”

“If he can’t do it... Then I won’t be able to be with him for the rest of my life. Do you want me to be his mistress?” She said bitterly.

The reason why she did not refute Kingston was that she felt that what Kingston said was reasonable.

If he could not divorce Catherine, then no matter how deep their feelings were, it would be of no use. Could it be that she had to be his mistress all her life?

Moreover, she couldn’t go back to Phelan City at all. She was an illegal person and would be caught if she went there.

Half a year could be a long time, but it was also short.

If he couldn’t figure it out quickly, then there was nothing to say

She could not wait for an unknown matter.

Wait for three to five years or eight to ten years...

Chapter 365 Ex-husband

Aracely gritted her teeth. She knew what Krista said was reasonable.

“Alright, I also support Kingston this time. Since you believe in him, I can be at ease with him taking care of you. If Mr. Hamm can’t satisfy us half a year later, then let’s just forget it.”

Half a year later, Lance failed and Kingston still loved Krista

Aracely would tell Kingston that he and Krista have had a kid. That dead kid was his own son. She hoped that they can let go of the past and start again.

After all, Krista had loved him so deeply that she could sacrifice her life to save Sandra.

It was also because she loved him to the extreme that she felt despair in her heart, and she had decided to forget him completely.

She hadn’t even thought of it until now, so it could be seen how desperate she had been.

“Krista, then I’ll leave now. Please take care of Luck.”

“Don’t worry, Luck and I will wait for you here. We can have hotpot when you come back.”

Krista forced a pale smile.

In just a few days, too many things had happened. It had already exceeded the limits of what she could bear

She could only accept it passively. Previously, she thought that she could return to the right track and everything would be the same as before. Only now did she realize that she was indulging in her own fanta

Although Catherine was despicable, she indeed slept with Lance

Now that the royal family was forcing Lance to get married.

Krista was imprisoned for no reason and sent back to the country,

Krista looked at the sunshine in the yard. It was spring now. All things were revived, and the flowers were blooming

But her heart seemed to have died over and over again, and she was still in the cold winter, shivering all over

She couldn’t help but reach out to touch the sunlight.

At this moment, someone put a coat on her shoulder. There was also a familiar aura on the coat. It was Kingston’s coat.

“There is wind outside. Don’t catch a cold.”

She heard his hoarse and gentle voice.

She nodded, wrapped her clothes, and did not refuse his coat.

She was not in a good health, and she only recovered a little after resting for two days.

She had been bored for a long time and wanted to take a walk outside. She did not expect that Kingston proposed to go to the suburbs to take a walk.

Luck woke up early in the morning and began to prepare lunch. Kingston also made some food

Luck saw that Kingston’s food looked better than his own food. It also smelled very good, so Luck was a little jealous.

“My sister likes the food I made.”

He muttered.

“After she eats my food, she would change her mind. It is obvious that my level is higher, and you have to practice for several years more. Of course, this is related to talent, and your talent is obviously limited. It is also hard for Krista to eat your food for four years. It is time for her to eat something good.”

“You are my sister’s ex-husband.”

Luck said and acted like a child.

Kingston turned his eyes. “If you don’t add “ex-“. I won’t compete with you for your sister’s love.”

“Really?”

Luck’s eyes lit up

Lance had been with his sister for four years and could see her every day. For some reason, he had never been so hostile to someone.

He felt that even if his sister got married, she would still be his own sister

But his sister’s ex-husband had brought him a great sense of crisis. It was as if this man could easily snatch Krista away, and Luck’s sister would no longer belong to him only

“I care about her very much, just like you. We don’t want her to be hurt. We can love her together, and there is no conflict. But there are some things that I can do but you can’t. You are just her brother, and you can’t replace me.”

“What are those things?”

Luck asked in confusion

Kingston just smiled, and he had already replied in his heart.

‘For example, kissing and making love!
