Chapter 1441: Untitled

Hence, Hou Si picked up a spoonful of food, closed his eyes and stuffed it into his mouth.

As soon as the food entered his mouth...

Dense spiritual essence filled his mouth, waking up all his taste buds!

Holy shit!

Hou Si was astonished!

How could anything be so delicious?!

When he swallowed the food, the satisfying sensation was indescribable.

After standing there in astonishment for three seconds, Hou Si finally returned to his senses. He opened his eyes and gave Jun Linyuan an accusing look.

The crown prince was such a good actor!

Hou Si had thought that the crown prince was forcing himself to eat because he was trying to help Feng Wu save some dignity, but the truth was —

It was so delicious!

After tasting the dish, Hou Si resumed eating and wolfed down the food on the plate.

It wasn't just because it was delicious!

Hou Si had the distinct feeling that this food was going to benefit his cultivation greatly!

The others were amazed by the way Hou Si ate.

There was a reason it was Hou Si who took over Chang San's position. The man was such a great actor!

Two brothers known as Luo Bai and Luo Hei looked at each other in bewilderment. They were both Hou Si's subordinates.

"Captain, isn't that a bit over the top? Is that thing really so tasty?" Luo Bai, the livelier one, asked.

Luo Hei also stared at Hou Si.

Hou Si immediately shook his head. "No, it's not tasty at all."

The others saw the light.

They were right.

Hou Si glanced at Luo Bai before shifting his gaze to the plate in Luo Bai's hands. "It's not worth eating. I'm sure you don't want it."

Surprised, Luo Bai nodded in bewilderment.

The next second, Hou Si snatched the plate out of his hands.

What?

Before everyone else realized what was happening, Hou Si had eaten Luo Bai's portion.

He then reached out to Luo Hei, asking, "You don't want this, right? Don't let it go to waste..."

Luo Hei wasn't stupid; he found it very strange that Hou Si wouldn't stop eating when he said the food wasn't good at all.

Hence, Luo Hei scooped up some and put it into his mouth.

Hou Si's face immediately darkened.

The next second —

Luo Hei's face darkened as well!

Without another word, he raised the plate and poured everything into his mouth.

Thump —

Hou Si was exasperated. "Since when are you so fast?!"

Hou Si was the captain of the guards, and Luo Bai and Luo Hei were his capable assistants. Naturally, the others paid a lot of attention to them.

They saw how vexed Hou Si was.

Because of that, they looked at one another in bewilderment. Then...

Hou Si, Luo Bai, and Luo Hei involuntarily looked around at the other servants, and the look in their eyes gave them the creeps!

Just then —

Rumble —

A fluctuation of spiritual essence spread out from Hou Si...

Even Hou Si himself was astonished!

He had made a breakthrough!

Everyone gave him strange looks.

Hou Si was quite capable already, and it was very difficult for someone at his level to make a breakthrough.

He had been stuck in this bottleneck for a very long time...

He had thought that it would be years before he made another breakthrough.

Therefore, this one was such a big surprise!

Chapter 1442: Untitled

"I made a breakthrough?" Hou Si mumbled and looked completely baffled.

"I really have?"

"How?"

"Am I dreaming?"

Not only couldn't Hou Si understand it, neither could the others!

"What did Hou Si do? Why did he suddenly make a breakthrough?"

"That's right. I've never seen anyone make a breakthrough during a meal."

"Captain Hou, how did that happen?" Luo Bai was baffled.

Just then, Luo Hei realized what happened. Without another word, he turned around and stared at the person behind him. "You don't want this, do you?"

Hou Si revealed the secret, ruining Luo Hei's plan. "There's pure spiritual essence in this dish, which will benefit your cultivation greatly..."

He didn't need to say more. Everyone had seen Captain Hou make a breakthrough because of the dish!

At that thought, they all grew excited!

The next second, almost everyone started wolfing down the food.

The taste wasn't the most important thing anymore. There was spiritual essence in it, and that was all they cared about!

The spiritual essence exploded on their tongues when the food was in their mouths, and finally, those who didn't believe in Feng Wu were convinced.

Captain Hou was right!

Rumble —

Either Feng Wu's liquid spiritual essence was very potent, or a lot of people were in the bottleneck stage. With some buzzing sounds, five people made breakthroughs in a row!

Everyone was speechless.

One person could be considered a coincidence, but there were at least five cases now. Coincidence couldn't explain them all!

"Oh god —"

"That's amazing —"

"Is it really because of the food?"

"The food... the food... Miss Feng Wu made the dish with her own hands..."

Immediately, all eyes were on Feng Wu!

Feng Wu was shocked as well.

She knew she was an excellent cook and was aware of the liquid spiritual essence she put in the food, but she didn't expect it to be so potent!

Five people had made breakthroughs, which sounded just a little too scary.

"Miss Feng!" Luo Bai was the first to react, and he had never felt so regretful in his life.

"Miss Feng! Do you still have some food left?" Luo Bai was so frustrated, because his captain had eaten his own!

Otherwise, he might have made a breakthrough as well!

Feng Wu said, "Well... that..."

His gaze was so intense that Feng Wu felt a little abashed. She could only give him a wry smile and said, "I only made one portion for each person, and there's nothing left. Sorry about that —"

Luo Hei rushed over and knocked Luo Bai out of the way. He stood in front of Feng Wu and asked excitedly, "Miss Feng Wu, what about the wok you used?"

The wok? Feng Wu was confused. Did they want to wash it for her?

She turned around and pointed at the giant iron wok on the stove.

It was big enough to cook food for 3,000 people.

Feng Wu pointed at the giant wok.

The next second!

Two shadows flitted across the courtyard, and before she realized it, Luo Bai and Luo Hei had dashed off!

"My wok!"

"No, it's *my* wok!"

Chapter 1443: Untitled

"Luo Hei! You've eaten your portion already! Why are you trying to take this from me?!"

"Luo Bai! You were dumb enough to let the captain fool you, I had nothing to do with that!"

"I don't care. I'm your older brother! You have to respect me!"

"I'm the younger brother, so you should indulge me!"

Luo Bai and Luo Hei were two brothers whom Jun Linyuan had picked up from the side of the road. They were at the most noisy age.

To Feng Wu's surprise, the twins ended up burying their heads in the wok and started licking the sauce inside.

The look on Feng Wu's face...

She looked like she had seen a ghost!

However, Feng Wu was the only one who looked so astonished, because the rest of the members of the residence all eyed the twins with envy.

Even Hou Si swallowed and took a few steps forward. However, his dignity as captain prevailed, and he stopped moving closer.

Before long, the twins had licked the wok so clean that it seemed like it had been washed, the inside bright enough to reflect light.

Feng Wu's eyes widened.

She couldn't understand this world anymore.

Meanwhile, Zhen Xia frowned and said in a low voice, "Even if the food was full of spiritual essence, should they lower themselves like that? The Luo Brothers are going too far."

Those around her shook their heads as well. "That's right. That's so humiliating! He may not even make a breakthrough!"

Rumble —

To everyone's surprise, Luo Bai, who had been licking the wok like a dog, made a breakthrough the next second!

Feng Wu was speechless.

Zhen Xia didn't know what to say.

Nor did everyone else.

Luo Bai was so excited that he was almost in tears. "I — I... Oh god! Oh my god!"

He had made a breakthrough!

He couldn't believe it!

Luo Bai was so excited that he was almost in tears.

Everyone was astonished.

Their gazes shifted from Luo Bai to Feng Wu, and they all looked at her in disbelief.

Even Zhen Xia, who wouldn't believe it at first, had to admit that Feng Wu's food could indeed help with cultivation.

Even Jun Linyuan was giving Feng Wu a strange look.

It was a mix of pride and resignation...

He then rose to his feet and walked away.

A hush fell over the room.

He halted after a few steps and looked at Feng Wu over his shoulder.

Although he didn't say anything, his sharp gaze was more than enough to deliver the message.

What choice did Feng Wu have? She could only follow him out.

Jun Linyuan went straight to his bedchamber.

Feng Wu stood outside and hesitated.

Wasn't it a bit inappropriate for her to go in?

She was still hesitating, when some pretty teenage girls walked toward her in two rows. They moved elegantly, and their curves were so soft that they seemed boneless.

Each of them held a red tray in their hands, and some had lukewarm water on it.

Feng Wu moved aside to let them pass.

The girls gave Feng Wu warm and friendly smiles when they spotted her.

Feng Wu rubbed her chin. Because of her beauty, very few girls had been friendly to her when she was growing up.

Chapter 1444: Untitled

Through the open door, Feng Wu saw the girls put down their things in the room before they quietly came back out.

They smiled at Feng Wu again on their way out, and they were very sweet smiles.

However, it gave Feng Wu the creeps. What was going on?

"Come in."

She heard Jun Linyuan's cold voice.

Feng Wu's stomach lurched. Something felt off, but it was impossible to resist Jun Linyuan's pressure.

However, she put up one last struggle.

Jun Linyuan snorted in the room. "I thought you agreed to work as my humble servant. Are you going to go back on your word?"

Feng Wu was speechless.

What other choice did she have? She could only inch toward Jun Linyuan, moving as slowly as she could manage.

The crown prince looked at the way she lowered her head and was very amused.

Did she think the work would disappear if she stalled for time? The longer she put it off, the worse it would be.

"Come over here." Jun Linyuan patted the stool by his bed and gestured at Feng Wu to come closer.

Feng Wu pouted and stared at him.

Jun Linyuan ignored her and lay down on the bed, resting his head on his hands.

Looking from the basins of hot water to Jun Linyuan's casual demeanor, Feng Wu was dumbfounded. "This is..."

The crown prince glanced at Feng Wu and asked, "What do you think?"

Feng Wu said, "Please don't tell me that I have to wash your hair for you."

The crown prince nodded.

Feng Wu said, "Jun Linyuan, are you a three-year-old? Can't you wash your hair on your own? Why do you need other people to wash it for you?"

Jun Linyuan's face darkened.

Feng Wu said, "Plus, so many pretty young maids were here just then, why didn't you ask them? Why me? No, I'm not doing it!"

The crown prince gave her a half-smile and asked, "Are you disobeying my order now?"

Feng Wu said, "Hmph! Yes, I am! So what?!"

Jun Linyuan gave her a cold glance. "Leave, then."

Outside, Feng was speechless.

Your Royal Highness, you have to talk nicely to girls. Can't you be a little softer? You'll never win Miss Feng Wu's heart like this!

Feng Wu was baffled.

She had expected Jun Linyuan to be mad, but never thought that he would kick her out.

Feng Wu was speechless.

She stood there and didn't know what to do.

She couldn't leave, because the 6th trial had been extended to 18 days, and it was only 99.99% complete at the moment. If she walked away now, she would fail!

Therefore, she couldn't leave!

Gritting her teeth, Feng Wu stomped her foot and wanted to smack her own head.

Why did she have to be so stubborn? She had to live with the consequences now.

What choice did she have? For her broken star pieces, she had to stay.

In the end, Feng Wu had to rub her forehead to get rid of the frown, and she inched back toward Jun Linyuan.

Sitting down on the stool, she was about to untie Jun Linyuan's hair, when he sat up.

Feng Wu was confused. "What are you doing?"

The crown prince gave her an arrogant glance and said indifferently, "I don't deserve your service. You can go now!"

Jun Linyuan then pointed at the door, telling Feng Wu to get out.

Feng Wu was speechless.

"If you don't want to serve me, just leave!" the crown prince said proudly.

Feng Wu was speechless.

She wanted to go. She wished she could leave now and never come back!

Chapter 1445: Untitled

The last thing she wanted was to become his little maid!

But she didn't have a choice!

She had to wake her beautiful master up, and that task was more important than her life.

Therefore, Feng Wu took a deep breath to calm down.

She had tried the gentle approach, but Jun Linyuan was still so arrogant, so she had to change her method.

Putting on a serious look, Feng Wu glared at Jun Linyuan and pushed him back down. "Hey! That's enough! Sit yourself down!"

Jun Linyuan glared at Feng Wu and wondered why she dared to yell at him.

However, before he could react, Feng Wu had forced him to sit down.

And the crown prince let her.

The way Feng Wu washed his hair was quite rough, because she needed to get it done as soon as possible.

However...

"Feng Wu! Be gentle!"

"Feng Wu! Do you even know how to serve others?"

"Feng Wu, you..."

—

The crown prince who was known for being reticent and aloof was yelling like an angry young lion now.

Outside, Feng and Granny Gong exchanged looks and shook their heads.

Miss Wu was amazing. The crown prince only behaved like a normal teenager around her.

Inside, Feng Wu finally finished washing Jun Linyuan's long black hair.

Jun Linyuan had ordered her around the entire time.

He was as difficult as always. He had no fewer rules for washing his hair than when he took a bath.

At his request, Feng Wu rinsed his hair as many as nine times, and she was exhausted.

Luckily, it was finally over.

Feng Wu fetched a thick towel, wrapped it around Jun Linyuan's black hair, and heaved a sigh.

Serving Jun Linyuan was so draining. She would rather go through hell nine times than follow his orders.

Hearing the sounds inside, someone outside soon opened the door.

The maids from earlier filed in again, and within minutes, they tidied everything up and left the room when Feng Wu was still feeling baffled.

Feng Wu was about to go out, when she heard Jun Linyuan snort. "Where are you going?"

She looked back at Jun Linyuan in bewilderment. "I thought we're done here."

Jun Linyuan smirked. "Leave, then."

Feng Wu was speechless.

She knew it couldn't be that easy.

Jun Linyuan had asked her to wash his hair repeatedly and to give him a head massage. It had taken Feng Wu over an hour to do everything.

"What do you want now?" Feng Wu sounded very impatient.

The crown prince was very sensitive, and he immediately detected her impatience.

He snorted and looked away.

His attitude was very obvious.

Feng Wu was speechless.

"Jun Linyuan, are you asking me to dry your hair now?" Feng Wu asked grumpily.

Jun Linyuan rolled his eyes and gave Feng Wu an accusing look.

Feng Wu rubbed her own forehead.

She was so baffled. “Your Royal Highness! You’re a very capable cultivator with the fire attribute. Activate your spiritual essence and your hair will dry instantly!”

Why did he have to dry his hair with a towel? That was so...

Chapter 1446: Untitled

The crown prince immediately flushed.

He glared at Feng Wu and said, “So, you’re going to leave before your work is done?!”

Feng Wu felt so helpless.

“You can solve that problem by simply moving a finger, so why do you have to order me around? Do I look like an easy target?”

Jun Linyuan glared at Feng Wu. “Go, then! Now!”

Feng Wu was speechless.

She wanted to smack her own head again.

She had only just warned herself not to get mad at Jun Linyuan, but she had forgotten again! She still had the 6th trial!

Feng Wu took a deep breath and forced herself to calm down.

She raised both hands over her head.

“Fine, fine. Drying your hair, is it? No problem.” She knew that if they continued quarreling, she would have to charm Jun Linyuan again later. So, why bother?

Seeing that Feng Wu didn’t even want to quarrel with him, Jun Linyuan felt even more frustrated.

But he also knew that he had pushed Feng Wu to the brink of losing her temper.

Feng Wu walked up to him and ripped off the thick towel wrapped around his head. She was quite rough about it.

Jun Linyuan frowned involuntarily.

The room felt a little stuffy.

After that, Feng Wu’s hands started to emit warm energy, and it was getting stronger.

She was going to dry Jun Linyuan’s hair with her fire energy.

That way, she could do it in less than a minute.

But just then —

She heard Jun Linyuan’s cold voice.

“Is that how you’re going to deal with my hair?”

Feng Wu stopped rubbing and looked at Jun Linyuan in bewilderment. "What are you talking about? This is the quickest way!"

However, once his hair was dry, he would run out of excuses to keep her here...

He looked at Feng Wu and said, "It'll damage my hair!"

Feng Wu almost choked on her own breath.

Damage his hair?

"I didn't know a man like you would care about the quality of your health. Jun Linyuan, you're so full of surprises!" Feng Wu chuckled.

The crown prince looked abashed, and he glared at Feng Wu. "Leave, then!"

"Please don't say that "

Feng Wu waved her hands. "I'm not going anywhere until my work is done here. I have to make sure that you're all comfortable."

After that, she fetched a thick towel to rub Jun Linyuan's hair.

"Did I force you to stay?" the crown prince asked grumpily.

Feng Wu said, "No, of course you didn't. How is that possible? I love this job."

The crown prince snorted.

However, Jun Linyuan had a lot of requests even when his hair was being dried. There was a different towel for each round...

Feng Wu had to go back and forth and do as she was told.

Luckily, she was getting better at controlling her anger, and she was able to get through this by reciting the vajracchedika sutra in her head.

However...

The scripture made her feel more and more sleepy. In the end, she could barely keep her eyes open.

"Hey —" Thinking that Feng Wu was being lazy, Jun Linyuan poked her little head.

However, Feng Wu slid down and fell toward Jun Linyuan.

When he realized what had happened, Feng Wu was already snoring a little.

"She's asleep?" The crown prince was amazed.

What he didn't know was —

Chapter 1447: What Did You Do to Me?

Feng Wu had been working for him since that morning and was exhausted. It was only natural that she felt sleepy.

“You’re such a careless girl, falling asleep like this.” Jun Linyuan wanted to jab a finger into Feng Wu’s head, but when his hand touched her, it caressed her softly.

Jun Linyuan already had well-defined features, and the dim moonlight coming in from the window only accentuated them.

Raising his straight black eyebrows, Jun Linyuan stared at Feng Wu with his glittering eyes, completely absorbed.

Despite his usual domineering and majestic self, he was looking at her with such gentle eyes that he seemed to be as calm as the wind and the moon.

Feng Wu liked to move around in her sleep. She rolled toward Jun Linyuan.

With a thump, Feng Wu was in Jun Linyuan’s arms.

The crown prince’s eyes widened and he stiffened when he felt Feng Wu in his arms...

Talk about walking into one’s own trap. He had an example right in front of him.

Hmph!

Jun Linyuan thought, “You may deny your feelings all the time, but your body is very honest.”

No one could stay calm when they had a soft body in their arms, not to mention that she was the girl he liked.

Seeing the girl’s stunning face, the crown prince lowered his head toward her.

Jun Linyuan’s mouth touched Feng Wu’s soft lips, and he was so happy when —

Ding —

Feng Wu’s clear, black eyes snapped open.

They were still so close, and their lips were touching. When their eyes met, they were both shocked.

Caught red-handed, the crown prince was astonished, and his head went blank.

The next second!

He involuntarily pushed Feng Wu away.

Crash —

Poor Feng Wu. Before she knew what was going on, she was spinning in the air, and then fell to the floor.

The crown prince blushed in embarrassment when he heard the crisp sound.

Feng Wu had been sleeping, but the fall woke her up.

She landed on her butt. Although there was no real damage, it still hurt a lot, and tears welled up in her eyes.

Feng Wu stared at Jun Linyuan in vexation and bewilderment. "What are you doing?!"

The crown prince was speechless.

Pursing his lips, he tightened his jaw and looked at Feng Wu rather guiltily.

Rubbing her back, Feng Wu slowly got to her feet and looked down at Jun Linyuan, who was sitting in bed. She then accused him, "Jun Linyuan, you kissed me without my permission, and you kicked me!"

The second accusation didn't bother him, but he would never admit to the first.

If he admitted it, he would be admitting that he was secretly in love with Feng Wu. That would never happen!

The crown prince fought back. Glancing at Feng Wu, he crossed his arms and said slowly, "Feng Wu, don't pretend to be innocent. Don't you know what you did?"

Feng Wu's stomach lurched.

"W- What did I do?!"

The crown prince snorted. "Don't you remember?"

Baffled, Feng Wu scratched her head and started thinking.

She remembered how Jun Linyuan had been ordering her around, telling her to wash his hair and towel-dry it. She became sleepy as she rubbed... And she didn't remember anything after that.

Chapter 1448: Untitled

"Just tell me! What on earth did I do?!" Feng Wu was a little flustered, because she couldn't recall anything.

Jun Linyuan gave Feng Wu an arrogant glance.

Seeing how righteous he looked, Feng Wu felt even more guilty. "Hey! Just tell me!"

Jun Linyuan grunted. "So, you're going to deny it after everything you did."

What?!

Feng Wu's eyes widened. "After what I did? What on earth did I do?"

"Heh." The crown prince snorted. "You're supposed to work as my maid, but you've been drooling all over me!"

Talk about throwing the blame on other people. The crown prince was trying very hard to prove that he wasn't in love with Feng Wu.

Feng Wu was furious, and she glared at Jun Linyuan. “Impossible! I would never drool over you! Even if I did, it would be over...” *My beautiful master!*

The crown prince didn’t notice the last bit of her claim and went on grumbling, “That’s not even the worst bit. You then caught me off-guard, climbed into my bed, and wouldn’t let go of me. And... and you know the rest!”

That was a very serious accusation!

Feng Wu could stand the previous one, but this second part set her off.

Her face went scarlet red, and she could barely form a coherent sentence. “I... I... I climbed into your bed?! Impossible!”

The crown prince casually glanced at her. “If you hadn’t, why did you fall off?”

Feng Wu said, “Well... Anyway, the climbing into bed part never happened!”

The crown prince said, “It did!”

Feng Wu said, “No, I didn’t do that!”

The crown prince said, “Yes, you did.”

Feng Wu said, “No, no, no!”

Jun Linyuan snorted and glanced at Feng Wu. He then said sarcastically, “Little Feng Wu, what did you do today? Why are you so desperate tonight?”

Feng Wu clenched her fists in frustration.

She couldn’t help but recall what happened earlier today.

Today was the Immortal Flower Festival, and a lot of very suggestive things happened in the grove.

Jun Linyuan glanced at Feng Wu, crossed his hands behind his back, and asked in a solemn tone, “Aren’t you too young to think about such things? You shouldn’t surrender to your desires.”

Feng Wu: !!!

She now knew what it meant to “give a dog a bad name and hang him.” She almost had a stroke!

She could neither retort nor fight him, and the frustration made her tremble from head to toe.

Seeing how defeated Feng Wu was, the crown prince was over the moon.

That’s what you get for laughing at me earlier today! It’s never too late to take revenge.

As smart as Feng Wu was, Jun Linyuan was the only one who could irritate her like this.

Frustrated, she clenched her fists and ran out the door.

“Hey! Feng Wu! Stop!”

Realizing that he had stepped out of line, he called after her.

But Feng Wu ignored him.

The door was yanked open and then slammed shut.

Running out after Feng Wu, Jun Linyuan almost smashed his nose into the door.

“Ahem —”

Feng and Granny Gong had been standing outside the door the entire time, so they heard everything.

The crown prince looked embarrassed when he saw them at first, but the proud teenager immediately glared at them!

Chapter 1449: Doesn't She Know Shame?!

Granny Gong was too timid to speak.

But not Feng. He could speak freely even in front of Emperor Wu.

“Ahem, Your Royal Highness —”

Feng said patiently, “When a girl is mad, the sooner you try to appease her, the easier it will be. It'll be very difficult to make her happy if you leave it for too long...”

Jun Linyuan had wanted to find Feng Wu, but he realized what he was doing when he heard Feng.

“Me, appease her? Feng, you must be out of your mind!”

He then shut the door from inside.

Feng was speechless.

Granny Gong heaved a sigh. “I'll go talk nicely to Miss Wu.”

Her young master had made the mess, but she had to clean up after him.

Feng nodded in resignation.

Feng Wu dashed off in frustration. She ran all the way out of the crown prince's residence and back to the Feng manor.

She bumped into a person outside Fallen Star Yard.

“Watch where you're going!” the person cried out. After recognizing Feng Wu, she immediately shut up.

It was none other than Feng Liu herself, and Dugu Mengxi was with her.

Although she had lost her baby, she and Lady Wang had somehow managed to make Dugu Mengxi care even more for Feng Liu, and they were preparing for an engagement reception.

Feng Liu was furious when she saw Feng Wu.

Dugu Mengxi didn't like Feng Wu either, both from what happened before and because of the humiliation which Dugu Yamo had gone through today.

Feng Wu ignored them and walked straight in.

“Feng Wu! Stop right there!” As the favorite son of the Dugu family, Dugu Mengxi had never been ignored like this.

Feng Wu had a fierce energy about her when she was in a bad mood, so she turned around and stared at Dugu Mengxi with her cold gaze.

Dugu Mengxi was a spoiled young heir, and that murderous look was more than he could take. His stomach lurched, and he felt a chill run down his spine.

“Feng Wu! How dare you! Are you trying to hurt Young Master Dugu?!”

Feng Liu had dealt with Feng Wu quite a few times, so she wasn't as intimidated.

Feng Wu's gaze swept over them before she turned around to go inside.

Just then, the door to Fallen Star Yard opened, and Granny Zhao appeared in the doorway.

Seeing that the door was open, Feng Liu knew that her voice could easily be heard inside, so she snorted and said, “Feng Wu, after what you've done, how dare you come back?! Do you know how much shame you've brought to our clan?!”

Granny Zhao was about to chase Feng Liu away, but she frowned when she heard those words.

Uncle Qiu, Qiuling, and Chaoge were all there, and the beautiful lady was doing some needlework in the yard as well. It had been so peaceful and quiet in Fallen Star Yard before Feng Liu disrupted the atmosphere.

Feng Liu stared at Feng Wu and smirked. “What? After doing such a humiliating thing, are you going to leave just like that?”

There were a lot of people in Fallen Star Yard, and everyone went out and glared at Feng Liu.

The short-tempered Chaoge rushed over to Feng Liu and picked her up by the collar. “What was that? Do you want to get your ass kicked?!”

Feng Liu smirked. “Get my ass kicked? Hahaha, why don't you ask Feng Wu what she did? Does she have no shame at all?!”

Chapter 1450: Untitled

Chaoge raised a fist, but Feng Wu shook her head.

“What did I do? What do you mean?” Feng Wu decided to stop ignoring Feng Liu. She walked up to her and gestured at Chaoge to put her down.

Once released, Feng Liu started mocking Feng Wu again. “What did you do? Hah! Feng Wu, the entire capital city has heard of it! Stop pretending!”

Feng Wu said calmly, “Speak or go away.”

Seeing her elaborate speech received with nonchalance, Feng Liu was furious.

She smirked. "You can quit pretending already! You're just a despicable maid now! How dare you act pretentiously in front of me!"

A despicable maid? Granny Zhao and the others were all surprised. What was that supposed to mean?

Feng Liu snorted. "You don't know? Feng Wu has been turned into His Royal Highness's personal maid! Personal... heh..."

Chaoge paled and grabbed Feng Wu by the arm. "Xiao Wu, is that true?"

Feng Wu was already mad because of what Jun Linyuan had done, and hearing Feng Liu's slander, she almost had flames coming out of her eyes.

She stared at Feng Liu with a cold look in her eyes and didn't say a word.

Thinking that Feng Wu was intimidated, Feng Liu rejoiced, and her tone was even more sarcastic. "Of course it's true. So many people in the immortal flower grove heard it! The crown prince only said it in passing, but Feng Wu couldn't wait to say yes. Do you know what people outside are saying now?"

"When I went to the Dugu family today," Feng Liu spoke in a serious tone, "they asked me about it, and wondered why a daughter of the Feng clan would want to become a bed-warming maid. Do you know how embarrassed I was when Aunt Dugu asked me that? I was so humiliated!"

"Feng Wu! Can you think about other people when you do something like this in the future? Fine, we all know you're in love with His Royal Highness and can't wait to get into his bed, but please don't just think about yourself the next time you're infatuated. I'm your cousin, and your humiliation becomes mine! If your reputation is ruined, so is mine! I can't believe this! If the Dugu family calls off the engagement, it'll be all your fault!"

Feng Liu had so many grudges against Feng Wu. Now that she finally had a chance, she would make sure to let it all out.

Since she was deliberately trying to make a scene, instead of trying to control the damage, she yelled very loudly.

Soon, more people had gathered around.

Not only the members of Fallen Star Yard, even Feng Yanfeng and Lady Wang showed up.

Feng Liu was even more pleased when she saw the crowd.

She stared at Feng Wu and said sarcastically, "Feng Wu, you're a shame to our clan! If you still have the least bit of shame, you should cut ties with the Feng clan!"

"What's wrong?" Feng Yanfeng frowned.

"Father!" Feng Liu walked up to her parents as soon as she saw them and told them all about Feng Wu's job as Jun Linyuan's personal maid. She also stressed that Feng Wu was there to warm his bed.

“Warm his bed?!” Lady Wang looked astonished, and she stared at Feng Liu in disbelief. “You can’t make up stories like that!”
