Chapter 2151: Untitled

“Your Majesty, Princess Jun Wuxia has woken up!” Yulian, the maid who had been looking after Jun Wuxia, ran into the room and shouted.

Shouting was actually against the rules.

But...

Jun Wuxia had been in a coma ever since she was injured in the tombs. Everyone had thought that she would stay that way forever, but now, she had woken up. Yulian was thrilled.

Empress Dugu was over the moon.

She gave Feng Wu and Jun Linyuan a fierce look before leaving with Jun Linshen.

They soon all left the room, leaving only a few people behind.

However, Feng Wu frowned.

Because Jun Wuxia had woken up.

She had seen Feng Wu kill Zuo Qingyu, and her injury was caused by Feng Wu as well. If she told other people about it, Feng Wu would be in trouble.

Although Feng Wu wasn't afraid of her, she still wanted to avoid all the fuss.

Feng Xun didn't realize the significance. He moved closer and asked, “Boss Jun, do you think Jun Linshen has really been banished from the royal family?”

Feng Wu didn't speak.

Feng Xun went on. “Is he going to come back? I mean... Is he still going to be a prince?”

Feng Wu found his question idiotic. “What do you think?”

That...

Feng Xun smacked his head and looked disappointed. “Why did I even make that bet with him? It was useless.”

Feng Wu said, “How so? At least we got him kicked out.”

Feng Xun said, “Huh?”

Feng Wu smirked. “His Majesty didn't think much of this case before, so he tried to use Jun Linshen to motivate me. However, now that he knows that the revival plan is real, of course he can't let Jun Linshen mess it up.”

Feng Xun nodded.

Jun Linshen hadn't taken this matter seriously at all.

“So, he will...” said Feng Xun.

“He’ll be locked up, at least until we get back to the capital. He won’t bother us for a while.”

Feng Xun said, “Good. I’ll mock him every time I see him from now on. I’d like to see how arrogant he can be.”

Before, Jun Linshen had been quite rude toward Feng Xun, but now, Feng Xun could finally get back at him.

Feng Wu nodded. “But our top priority now is to solve the case. Otherwise, the Junwu Empire will be in big trouble.”

Feng Xun and Xun Yi became serious as well.

Although they usually looked quite undisciplined, deep down, they believed that it was their duty to defend the empire and protect the people.

Feng Wu told Xuan Yi, “You should leave immediately. Go back to the capital and investigate Mo Haolin’s woman.”

Mo Haolin’s woman? Xuan Yi didn’t understand.

Feng Wu said, “If I’ve guessed it correctly, Mo Haolin’s woman is the real spy of the Dongsang Kingdom. She’s the one who turned him.”

Feng Xun was astonished. “Really?!”

Feng Wu nodded. “Yup.”

Feng Xun scratched his head. He had been with “Boss Jun” when he interrogated Mo Haolin, but why didn’t he know anything about the woman?

But Feng Xun couldn’t figure it out no matter how he thought about it.

On second thought, he realized that he shouldn’t be surprised that “Boss Jun” was smarter than he was.

What he didn’t know was that the real Jun Linyuan was in the corner.

He gave Feng Wu a strange look.

Just then —

Master Gao, the eunuch, came in with a smile.

Chapter 2152: Untitled

Feng Xun rubbed his chin. That was quick.

Master Gao said with a smile, “His Majesty wants Your Royal Highness to solve the case as soon as possible and catch everyone on the revival list.”

Feng Wu frowned. “What if I can’t?”

Master Gao said, "His Majesty says that if Your Royal Highness can finish the task within a month, he'll grant you what you wanted."

What did he want? Had Jun Linyuan reached some sort of agreement with Emperor Wu before? However, Feng Wu couldn't ask right now.

She tried to make up an excuse. "I don't have anyone I can use. Plus, one month is too soon..."

Gao took out an iron token and handed it to Feng Wu. "His Majesty has made you the head of the intelligence department. After we return to the capital city, you'll be able to give them instructions."

The intelligence department?

Feng Xun's eyes lit up.

He kept giving Feng Wu warning glances, hoping that she would say yes.

Feng Wu didn't have much idea about that department, so she looked at Jun Linyuan.

He had to make the call.

Jun Linyuan gave her a little nod.

Feng Wu took the token and nodded at Gao. "Alright, I'll do it, but I can't guarantee that I can do it in a month."

Gao said with a smile, "I'm sure Your Royal Highness won't disappoint His Majesty."

After Gao left, Feng Xun grabbed the token and played with it.

Feng Wu glanced at him. "Why are you so excited over such a little thing? You're a young lord, for god's sake."

Feng Xun gloated. "You don't understand, do you?"

Feng Wu raised her eyebrows. "What?"

Feng Xun asked, "Do you know what the intelligence department is?"

Feng Wu thought about it and said, "It's a department of the Ministry of War, isn't it?"

Feng Xun shook his head. "Nope. That's military intelligence. Their head is the minister of the Ministry of War."

Feng Wu asked, "What about the intelligence department?"

Feng Xun said proudly, "It's a different thing. It's above military intelligence and answers only to the emperor. That is to say, it only follows the emperor's orders!

"Military intelligence is only one division. If the intelligence department wants, they can use any information or personnel of military intelligence.

"Military intelligence mainly collects information about the armies of other countries.

“However, the intelligence department also has secret agents who are in charge of catching spies and sabotaging the intelligence work of other forces.

“Also...” Feng Xun glanced at Feng Wu. “The department keeps an eye on government officials to prevent corruption. Boss Jun, that question was too easy for me.”

Feng Wu almost forgot that she was Jun Linyuan now. Jun Linyuan would never ask such an easy question.

She cleared her throat. “That was the correct answer.”

Feng Xun grinned. He then frowned and asked, “Boss Jun, now that the spies are all dead, we don’t have any leads. What should we do?”

Chapter 2153: Granny Qin

“Lord Wu is dead, and so is Mo Haolin. Suffice to say, Jun Linshen killed them both. Is he our top suspect?”

Feng Wu rolled her eyes at him. “Pay attention to Zhao Jia after we leave.”

Feng Xun had summoned the dozen or so people here with the excuse that Jun Linyuan was recruiting guards. In the end, Feng Xun had indeed kept four of them.

Zhao Jia was one of the four.

“Zhao Jia? Not Zuo Ziyang?” Feng Xun had thought that “Boss Jun” suspected Zuo Ziyang.

“It’s Zhao Jia,” Feng Wu said affirmatively.

Feng Xun nodded and became serious.

He was usually a free spirit, but when he put his mind to something, he could be very serious.

After Feng Xun left, Feng Wu rubbed her chin and walked around the room.

She was doing the ninth and tenth trials together, which was quite a lot of pressure. And there was also Jun Wuxia waking up and the revival list...

Just then, Jun Linyuan finished cultivating and opened his eyes.

“You’re awake!” Feng Wu moved closer. “How do you feel?”

Jun Linyuan glanced at her. “Are you in a rush?”

Feng Wu said, “Of course I am. I really hope that we can get our own bodies back now.”

Jun Linyuan looked at her with a frown. Did she hate his body so much?

Feng Wu murmured, “Things are so complicated and dangerous. We’ll only be able to get through it if you can get your body back.”

Jun Linyuan asked, “Is it that serious?”

Feng Wu glanced at him. "Have you forgotten? They sent the message that you, the crown prince of the Junwu Empire, aren't as capable as you're said to be and that you've been injured... Wouldn't they take this chance to kill you?"

Feng Wu grew anxious. "The truth is that I can't exert your full power, although I'm using your body now. What shall we do if some great master attacks us?"

She looked expectantly at Jun Linyuan, but he only raised his eyebrows. "That's a great idea."

Feng Wu said, "What?"

Jun Linyuan asked, "What leads do we have now?"

Feng Wu said calmly, "There are two leads. One is Mo Haolin's woman, but since Mo Haolin died in public, someone may leak the information. If that happens, Xuan Yi won't be able to find the woman in the imperial capital.

"The second lead is Zhao Jia," Feng Wu said solemnly. "His reaction was the most obvious when Master Chu dissected Lord Wu. That was very suspicious.

"And this." Feng Wu showed Jun Linyuan the token Gao gave her. "Is this a token for military intelligence? I didn't quite understand Feng Xun's explanation."

Jun Linyuan took the token. He smirked a little when he saw the mark on it. "That's generous of him."

"Who?" Feng Wu asked curiously.

"My father," Jun Linyuan said casually. "He's in total control of military intelligence. Do you know who the minister is?"

Feng Wu asked, "Who?"

Jun Linyuan said, "Do you know who the second most influential old lady in the royal palace is?"

Feng Wu's eyes lit up. "Who's that?"

Jun Linyuan said, "My father's old nanny, Granny Qin."

Feng Wu said, "Really?"

Jun Linyuan nodded. "The empress dowager was too busy competing with other women at the time to look after him, so Granny Qin brought him up like her own son. It's no wonder that he treats Granny Qin well."

Chapter 2154: You Have My Permission (1)

Feng Wu nodded.

Jun Linyuan said, "Granny Qin then moved on to look after my oldest aunt... Well, we don't need to talk about that now. Her greatest achievement isn't becoming the emperor's nanny, but having her son."

Feng Wu's eyes widened a little. "Really?"

Jun Linyuan said, "Yes. His name is Qin Mo. He doesn't talk much, but he's extremely talented. He reached the Spiritual Overlord stage all by himself."

"What's a Spiritual Overlord like?" Feng Wu looked eagerly at Jun Linyuan.

Jun Linyuan said, "You're a Spiritual Elder now, right?"

Feng Wu nodded.

Jun Linyuan said, "After the Spiritual Elder stage, you have the Spiritual Lord stage. Zuo Qingluan is a Level 8 Spiritual Lord now."

Feng Wu said, "What?! Wasn't she Level 7 only two days ago? Why is she Level 8 already? How do you know that? Do you keep in touch with her or something?"

Jun Linyuan ignored her questions and went on. "After the Spiritual Lord stage, there's the Spiritual King stage. Feng Xun's father is a Spiritual King. With that cultivation level, one is qualified to become a lord."

Feng Wu was astonished!

Jun Linyuan glanced at Feng Wu and said, "Above the Spiritual King stage is the Spiritual Overlord stage."

Feng Wu was astonished!

Jun Linyuan nodded to affirm his own words.

Feng Wu said, "How many Spiritual Overlords do we have?"

Jun Linyuan gave it some thought and said, "I really can't say."

Feng Wu asked, "Why?"

Jun Linyuan said, "Not everything is aboveboard. Some extremely capable masters hide their real abilities, so no one knows the exact number, but there can't be too many of them."

Feng Wu had a rough idea now.

A Spiritual Overlord had to be extremely capable.

Feng Wu glanced at Jun Linyuan and asked, "Are you a Spiritual Overlord?"

Jun Linyuan looked up at her and raised his eyebrows. "Do you want to know?"

Seeing his attitude, Feng Wu snorted. "No, I don't."

Jun Linyuan smiled a little.

It wasn't that he didn't want to tell her, but doing so wouldn't help her cultivation at all.

Because the great gap would only fill her with despair.

"By the way, you were talking about Qin Mo." Feng Wu tried to resume the subject.

Jun Linyuan glanced at Feng Wu.

She was the only girl that he would be so patient with.

“Qin Mo is the Minister of Military Intelligence,” Jun Linyuan said solemnly. “He reports only to the emperor and follows the emperor’s orders.

“The intelligence department includes several divisions, and Qin Mo is head over all of them. My father has never suspected him. If he trusts anyone, it’s Qin Mo.”

Jun Linyuan looked at Feng Wu and said seriously, “I’d rather you mess with the emperor than with him.”

What kind of person would make Jun Linyuan feel threatened...

Feng Wu made a mental note of that name, although she wouldn’t need to deal with someone like Qin Mo just yet.

She nodded and said, “I’ll remember that.

“By the way, what does this token do?” Feng Wu showed Jun Linyuan the token which Gao had brought over.

Jun Linyuan looked at the token and narrowed his eyes. “It’s the token for the espionage department.”

Chapter 2155: You Have My Permission (2)

Feng Wu exclaimed, “Are you saying that the head can control the espionage information of the entire empire?”

Jun Linyuan said, “What else?”

Feng Wu said, “That’s a very important position!”

She did some calculations and realized that Qin Mo would have been a lieutenant general in her previous life.

However, Jun Linyuan only smirked and tossed the token to Feng Wu. He then said casually, “One day, I’ll have the entire intelligence department.”

Feng Wu snorted. “I think you’ll have a higher chance of becoming the emperor than replacing Qin Mo.”

However, Jun Linyuan only glanced at her. “You think too little of the throne and the emperor.”

Feng Wu said, “Am I wrong? You show the emperor no respect and shout at him whenever you get the chance. I don’t see why he should let you inherit the throne.”

Jun Linyuan looked at her and shook his head. “That’s because he’s not what you think he is.”

What?

Feng Wu was confused.

What did that mean? What else could Emperor Wu be? She looked at Jun Linyuan in bewilderment.

Jun Linyuan patted her head. “Kiddo, you know nothing. With your current status and cultivation level, you can only see the tip of the iceberg. The empire is much stronger than you think. Show it some respect, alright?”

Feng Wu said, “I don’t see you showing it any respect.”

Jun Linyuan said, “Because I’m already one step away from reaching the top, but you...”

He shook his head.

Feng Wu retorted, “What?”

Jun Linyuan looked Feng Wu’s body up and down before he shook his head.

He then gave her a “you know what I mean” look.

Feng Wu was so mad that she wanted to slap him.

Jun Linyuan said, “I’m only saying this because I feel sorry for you. Otherwise...”

Feng Wu looked away and wouldn’t talk to him.

Jun Linyuan’s eyes flickered. When he spoke again, it was as if he was talking to both of them.

He said seriously, “Feng Wu, you have my permission to share my glory.”

Those words set Feng Wu off.

“Don’t make me laugh. I have your permission? What permission? I don’t need such a thing! Your glory means nothing to me!”

Feng Wu rose to her feet and rolled her eyes at Jun Linyuan. “You can have all the glory you want! I won’t have anything to do with it!”

She then turned to leave.

However, she only took a few steps before she realized a very serious problem.

She couldn’t leave!

The ninth trial wasn’t finished yet. If she left now, she would fail the trial. If that happened, she wouldn’t find the broken star piece, and her beautiful master wouldn’t wake up. That would be the worst.

Therefore, Feng Wu paused and didn’t know what to do. She looked utterly embarrassed.

What Jun Linyuan had said was unacceptable.

He was still angry, when he saw Feng Wu stop walking and hesitate. That immediately appeased him greatly.

Chapter 2156: Has a Powerful Master Shown Up?

“Aren’t you going to bed?” Jun Linyuan asked.

Feng Wu snorted and went to bed. She wrapped the blanket around herself, looking like an ostrich hiding its head in the sand.

She turned her back to Jun Linyuan, trying to show that she was really angry.

Seeing this, Jun Linyuan was no longer angry and only found her amusing.

Feng Wu was angry at first, but she was too sleepy to stay awake.

She snored slightly.

Seeing that the girl had fallen asleep almost immediately, Jun Linyuan didn't know what to say.

What a girl... He didn't know if he should laugh or cry.

After watching her for a while, he shook his head and went back to his cultivation.

He had no idea how big his smile was.

Feng Wu was woken by a loud voice the following morning.

She rubbed her sleepy eyes and sat up.

An unfamiliar voice rang out. "His Royal Highness is still asleep and can't be disturbed. Please leave."

Feng Wu recognized that voice. It was Zhao Jia.

Soon, an elderly voice rang out. "I'm not here to see His Royal Highness. Her Majesty the empress wants to see Miss Feng Wu."

That was Granny Cheng, Empress Dugu's maid.

Feng Wu frowned.

Zhao Jia said coldly, "Granny Cheng, His Royal Highness doesn't like to be disturbed when he's asleep. There will be consequences."

Jun Linyuan's name indeed intimidated Granny Cheng.

But she still said, "Someone else will be here soon!"

Feng Wu then heard her leave.

She rubbed her forehead. It was said that Jun Wuxia had woken up, and judging from Granny Cheng's demeanor, Jun Wuxia must have told them what happened.

Feng Wu had killed Zuo Qingyu in the tomb.

The feud between her and the Zuo family meant that only one side could survive in the end. Otherwise, she wouldn't have done it in the tombs.

Jun Wuxia herself wasn't a problem, but the force she represented would give Feng Wu a lot of trouble.

She wasn't worried about her own safety, but her mother and younger brother...

If someone could protect her mother and brother, she would have nothing to fear.

“Are you worried about your family?”

Jun Linyuan, who had been cultivating in the corner, suddenly opened his eyes.

He didn't like to see the girl worry.

He liked to see her fighting fearlessly.

“How did you know?” Feng Wu was bewildered.

Jun Linyuan flicked his finger and said, “Come out.”

What?

Feng Wu looked around in bewilderment. Who was he talking to?

Just then, the pendant on her waist jolted, and thin smoke rose from it.

Feng Wu could sense the air around her fluctuate.

The power felt quite familiar to her.

Was some great master going to show up?

Chapter 2157: White Fairy

The smoke grew heavier, and soon, Feng Wu couldn't see anything. It made her narrow her eyes. Then, there was a blinding light.

When the smoke dissipated...

She saw a familiar figure.

She didn't expect to see this person at all, and was stunned.

She was...

“Sister White Fairy?! Why are you here?!”

Feng Wu was genuinely surprised.

The white fairy was part of the tombs and one of the three ghost kings. How could she get out? Moreover, had she remained inside Jun Linyuan's jade pendant this whole time?

Feng Wu was astonished.

The white fairy was as proud as ever.

She looked at Feng Wu and shook her head. “This is incredible. The two of you switched bodies.”

Feng Wu walked closer and studied the white fairy.

It really was her!

“How come you’re here? You...” Feng Wu asked.

“It’s a long story.” The white fairy was about to explain everything to Feng Wu. However —

“Cut the crap.” Jun Linyuan gave the white fairy a warning glance.

The white fairy’s stomach lurched.

He was so intimidating...

The white fairy recalled the portrait of this teenager that Feng Wu had drawn on the wall when they first met. Back then, the white fairy hadn’t thought much of him.

She had no idea that he would be so terrifying.

A few days after that, she was at his service...

“Yes, master.” The white fairy was very proud around Feng Wu, but when Jun Linyuan spoke, she immediately stood at attention and lowered her head.

Feng Wu stared at her in amazement.

Seriously?!

She knew that the white fairy used to be a princess of an ancient dynasty, but when Jun Linyuan spoke, she was as obedient as a maid.

Feng Wu didn’t say anything.

Jun Linyuan had a solemn look on his face when he talked to the white fairy, which was quite different from his attitude toward Feng Wu.

“You’ll be under her command from now on,” Jun Linyuan told the white fairy.

The white fairy frowned and was about to speak, but Jun Linyuan waved her off. “I’ll give you what you want.”

The white fairy pondered for a moment before she said, “I’ll serve her for ten years.”

Jun Linyuan nodded. “Alright.”

The white fairy walked up to Feng Wu and smiled at her. “Kiddo, who do you want to kill? Just tell me.”

Feng Wu looked baffled.

Jun Linyuan told Feng Wu, “She’ll work for you for the next ten years and do whatever you order her to. If she won’t obey you, just let me know.”

Feng Wu cleared her throat uneasily.

Jun Linyuan was treating the white fairy as if she was a common maid.

So, ten years.

Feng Wu had confidence in the white fairy's capability, and if she really was going to serve her, it would be...

"I need to cultivate, and once I start, I'll become quite immobile." The white fairy glanced at Feng Wu arrogantly and put her hands behind her back. "I can protect you if you stay within one kilometer of me. So, don't go too far, and you'll be fine."

Chapter 2158: Affectionate Look

Feng Wu suddenly had an idea. "I don't need you to protect me. You can just stay at my home and protect my family. Will you do that?"

Her mother and Feng Xiaoqi were her soft spot. If she could make sure that they stayed safe, she would be free to do anything.

At that thought, Feng Wu clenched her fists in excitement.

The white fairy looked at Feng Wu and said, "Don't blame me when you get killed out there."

The white fairy was obviously talking to Jun Linyuan.

Because Jun Linyuan was the one she was making the deal with.

Feng Wu said, "Of course!"

The white fairy glanced at her. Obviously, her response didn't count. Jun Linyuan was the only one who could make the call.

Therefore, the white fairy stared at Jun Linyuan and waited for his reply.

The crown prince, on the other hand, was staring angrily at Feng Wu.

He was mad because she cared more about other people than herself.

"Jun Linyuan, Jun Linyuan..." Feng Wu knew that if Jun Linyuan didn't agree, the white fairy would never say yes.

Feng Wu ran to sit next to Jun Linyuan and held his arm. "I need to put myself in danger to train myself. Protecting me all the time won't help me. Plus, you're here. You'll keep me safe, right?"

Jun Linyuan rolled his eyes at her.

Feng Wu grinned at him.

Jun Linyuan was speechless.

He had let the white fairy out so that she could protect Feng Wu's family. That was the only way to free Feng Wu from her worries. She could then do whatever she wanted.

Otherwise, the girl would be restrained by her responsibility toward her family.

If she couldn't be a free spirit, how could she defeat her enemies?

Jun Linyuan gave her an affectionate look and nodded in resignation.

“Wow!”

Feng Wu was thrilled. She took Jun Linyuan’s arm and swayed it in excitement.

Just then, footsteps approached from outside again.

This time, it was Gao, the eunuch.

Zhao Jia still stopped him, but when Jun Linyuan heard the voice, he snorted and said, “Let him in.”

When Gao saw Feng Wu, he smiled wryly and said, “Your Royal Highness, I didn’t mean to disturb you, but Princess Jun Wuxia has woken up, and His Majesty wants to see Miss Feng Wu.”

Before, Feng Wu was worried, but now that her family was protected, she had nothing to worry about.

She had to deal with Jun Wuxia as soon as possible.

Jun Linyuan thought the same, and they both rose to their feet.

Seeing that “Jun Linyuan” was going as well, Gao tried to stop “him.” “Your Royal Highness, His Majesty summoned Miss Feng Wu only...”

Feng Wu rolled her eyes in her head.

In Gao’s eyes, Feng Wu was Jun Linyuan. He was worried that “Jun Linyuan” would enrage the emperor.

But because of the ninth trial, she had to stay within ten steps of Jun Linyuan.

She had about two weeks to go.

Therefore, she walked out of the room without looking at Gao.

She was getting better and better at imitating Jun Linyuan.

Of course, Gao didn’t dare stop the “crown prince.”

Chapter 2159: Untitled

The crown prince might seem harmless now, but he could explode with rage at any minute, and when he did that, he might try to kill someone...

As expected, Gao took them to Empress Dugu’s place.

Jun Linyuan stepped into the room first.

Emperor Wu’s face darkened when he saw “Feng Wu” come in.

The mood in the room became very suppressed.

Seeing the “girl” raise her chin and stare right into his eyes, he was enraged by her lack of respect.

“You!” When he was about to start, “Jun Linyuan” walked into the room.

His arrival immediately silenced Emperor Wu.

Jun Wuxia had been sleeping soundly in bed, but she suddenly looked up and spotted “Feng Wu.” Her ear-splitting scream then filled the air.

“Ah!” Frightened, Jun Wuxia wrapped her arms around her head and shouted, “It was her! It was her! She tried to kill me! Kill her now!”

She struggled so violently that the others couldn’t keep her still.

When Mrs Zuo ran to her side, Jun Wuxia grabbed her hand and shouted, “She killed Zuo Qingyu! It was her! I saw it with my own eyes! Feng Wu killed Zuo Qingyu! I saw it, so she wanted to silence me!”

In fact, she was telling the truth.

Mrs Zuo was stunned.

She and her husband had speculated that Feng Wu was the killer, but they had no evidence.

But Jun Wuxia had said it, so it had to be true.

“Go get Master Zuo.”

Realizing how serious it was, Granny Cheng, who worked for Empress Dugu, whispered to a maid next to her. “And bring Master Dugu and Her Majesty the empress dowager as well. Find as many people as you can.”

This was a great opportunity to take Feng Wu down!

Maybe this was going to be their chance to kill Feng Wu!

With enough people here, even if “His Royal Highness” didn’t like it, he still couldn’t turn against the majority.

The maid immediately left the room.

By then, Mrs Zuo had returned to herself. She stared at “Feng Wu” as if she wanted to kill “her” with her eyes.

“Did you kill my daughter?” Mrs Zuo felt too weak to move.

She stumbled toward “Feng Wu” with bloodshot eyes.

Jun Linyuan narrowed his eyes and was displeased.

Feng Wu decided that as long as he didn’t do anything outrageous, she would let him be.

Seeing that “Feng Wu” wouldn’t speak, Mrs Zuo grabbed “her” by the shoulder and shook “her” violently. She screamed, “Did you kill Qingyu?! Did you kill my daughter?! I’m going to kill you!”

She wanted to bite “Feng Wu.”

However, this “Feng Wu” was actually Jun Linyuan, who was a neat freak. He couldn’t stand to be touched.

The next second!

Thump!

He pushed Mrs Zuo away.

Thump!

Mrs Zuo flew backward and smashed into the wall, which then fell apart, and the debris buried her.

Everyone was dumbfounded.

Even Emperor Wu was shocked.

He had anticipated that “Feng Wu” would deny it, but he didn’t expect “her” to be so bold!

Chapter 2160: Untitled

“Mrs Zuo!”

“Sister!”

Once everyone realized what had happened, they panicked and tried to dig Mrs Zuo out.

Jun Wuxia watched this in disbelief.

She didn’t understand why “Feng Wu” could be so conceited. She was genuinely frightened.

But soon, she could think straight again.

This wasn’t right. She was supposed to run the show here. Behind her was her mother Empress Dugu and her father Emperor Wu, and all around her were her family members!

How dare “Feng Wu” behave so arrogantly here?!

Jun Wuxia’s eyes lit up. She felt that she had found a way to kill Feng Wu.

Since “Feng Wu” had lost her temper, she would provoke “her” and make her angrier.

At that thought, Jun Wuxia pushed Granny Yue and Yulian away, and charged at “Feng Wu.”

However, she didn’t know that this “Feng Wu” was actually the person she feared the most.

Ignorance could make one fearless. Thus, Jun Wuxia felt very brave right now.

She pointed at “Feng Wu” and ranted, “Feng Wu, you killed Zuo Qingyu, and you wanted to kill me! I saw it with my own eyes! You’re going to pay for what you did!”

Clang!

Jun Wuxia took a dagger out of her sleeve and tried to stab “Feng Wu” in the heart.

She wanted to kill “Feng Wu” to get revenge herself.

Neither Emperor Wu nor Empress Dugu tried to stop her.

Jun Linyuan’s eyes flickered.

He was furious.

It wasn't because Jun Wuxia had disrespected him but because of how they treated Feng Wu.

What would they do if he wasn't here?

Seeing that "Feng Wu" was angry, Jun Wuxia smirked. "You're a murderer! You have no right to be angry! Die!"

As she spoke, she struck at Jun Linyuan's chest with her dagger.

Jun Linyuan didn't try to parry. Instead, he raised his arm.

"Hm..."

Before Jun Wuxia realized it, her neck was in Jun Linyuan's hands.

His grip then tightened, and Jun Wuxia almost couldn't breathe.

"Stop!"

Everyone was shocked.

Empress Dugu and Emperor Wu cried out together.

Even Feng Wu was frightened.

She knew that Jun Linyuan was angry, but she didn't expect that he would try to kill someone. Jun Wuxia was the emperor's daughter and a princess of the empire. He couldn't kill her in front of everyone!

She kept giving Jun Linyuan warning glances, but Jun Linyuan simply ignored her.

"Feng Wu has lost her mind! Help! Help the princess!"

Empress Dugu watched as "Feng Wu" lifted Jun Wuxia by the neck.

The grip around Jun Wuxia's neck was so tight that Jun Wuxia was about to pass out.

She struggled involuntarily.

Soon, her face turned purple.

Empress Dugu almost fainted.

Seeing this, the guards rushed over to kill "Feng Wu."

Feng Wu frowned.

Jun Linyuan was using her body now and only had limited capability. If he was injured, she would be the one to suffer the injury in the end.
