

G E D 2261

Chapter 2261: Untitled

Lady Wang said, "That's right. After so many years, there's no way that he's still alive. Otherwise, he would have come back by now."

Lady Gu said, "In that case, did I do anything wrong when I tried to find his wife another husband?"

Those words shocked Lady Wang.

A new husband for Feng Wu's beautiful mother?

Granny Gui almost spilled her tea.

Lady Gu had no idea what a terrifying declaration she had just made. She took Lady Wang's hand and said, "It's not just some random man. My brother fancies the lady and wants to marry her..."

Lady Wang frowned. "Wait a minute. Your brother, as in Lord Gu? Doesn't he have a wife already? I saw her only a few months ago. Has she passed away?"

Lady Gu said, "Of course not. That lady is a widow. Of course no one will want her as an official wife. She's going to be my brother's concubine."

Lady Wang couldn't believe her ears.

A concubine? The beautiful lady? Did she have any idea how much Feng Wu cared for her mother?

Lady Wang still remembered the last time when she said something unpleasant about the lady, and Feng Wu had almost killed her.

Moreover, according to her husband, Feng Wu was already a Level 7 Spiritual Lord!

When she rose to Level 9, she might become a lord herself!

Lady Gu finally saw the strange look in Lady Wang's eyes, so she asked, "Sister-in-law, what's wrong?"

Lady Wang was going to explain, when she saw Granny Gui shake her head.

An idea struck Lady Wang.

That was it!

Feng Wu had killed Feng Liu, and that was something she would never forgive her for. However, her husband had also ordered her to leave Feng Wu alone... What if someone else could kill Feng Wu?

Lady Gu came from the Gu family, which was one of the ten major clans. Feng Wu would be in a lot of trouble if she offended that family!

At that thought, she cleared her throat to cover her embarrassment.

"Well, the Gu family is very prestigious, and Lord Gu is the heir. Becoming his concubine would be a great honor..." Lady Wang hid her true feelings.

“That’s so true!” Lady Wang smacked her thigh. “That’s what I said! That lady thought the same!”

WHAT?!

“That beautiful idiot agreed? You’ve got to be kidding me!” thought Lady Wang.

Lady Gu took out a letter and showed it to Lady Wang. “Look. Here’s the marriage agreement, and here’s the thumbprint.”

Lady Wang found the letter suspicious. “That idiot wouldn’t trust anyone except Feng Wu. There’s something behind this letter, I’m sure of it,” she thought to herself.

But she didn’t mind the plot. She would love to see Feng Wu and the Gu family scratch each other’s eyes out.

At that thought, she feigned a pleased tone.. “This is great news.”

Chapter 2262: Untitled

Lady Gu said, “Sister-in-law, I’m glad to hear that you’re on my side, but Xiao Wu was so angry, as if I was trying to harm her mother. It’s so hard to be a good person these days!”

Lady Wang smirked inwardly. “You’re trying to marry her mother off as a concubine. With Feng Wu’s temper, she’s going to tear down your Wave Yard!”

She was still pondering over the idea, when Granny Ding arrived in a hurry.

“Lady Gu, something has happened!”

Meanwhile, Feng Wu was asking Feng Qi, “So, your mother isn’t going to come out, is she?”

Feng Qi said in an unhurried tone, “My dear cousin, do you know what level I’m at?”

“I’m a Level 1 Spiritual Elder!

“At my age!

“The elders all say that I’m making much faster progress than my brother! I’m the future of the Feng clan!

“And you,” she glanced at Feng Wu and raised her chin, “You’re just a useless girl who has just retrieved a little bit of your ability. How dare you —”

Thump!

Before she could finish, Feng Wu had smashed the tree in her hands into the wall.

Rumble!

That immediately crushed over half of the wall.

Feng Qi stared at Feng Wu in disbelief and shouted, “How dare you damage my home?! I’m going to kill you!”

However, she didn’t have much time to do anything.

Thump!

Feng Wu struck down at Feng Qi's head.

Whoosh!

Just like Steward Ding, Feng Qi was thrown into the wall, crushing the remaining half of it.

“Stop!”

“Stop her!”

“She'll destroy the whole courtyard!”

...

In that critical moment, everyone came out to save the courtyard.

That included the men the master of the house had hired, as well as the servants whom Lady Gu had brought here when she married. They were all very capable.

But that was only relatively speaking...

For ordinary people, becoming a Spiritual Master was already a big achievement. The top-level guards could only be Spiritual Grandmasters. Feng Wu's uncle couldn't afford Spiritual Lords yet.

Therefore —

Thump! Thump! Thump!

Feng Wu quickly swept the tree through the air.

Whoosh!

She knocked every single person to the ground.

Feng Qi's eyes widened. “That's not possible...”

She couldn't think straight anymore.

How was this possible?

Didn't everyone say that Feng Wu was useless? Wasn't she supposed to have lost her cultivation skills? How could she defeat all these Spiritual Grandmasters?

Feng Qi still believed that she had the greatest potential in the younger generation. Why was Feng Wu so powerful?

Just then, Feng Wu leaped up and smashed down at a wall.

“Feng Wu! Stop!” Feng Qi bellowed.

That was a load-bearing wall!

If that wall went down, the entire courtyard would collapse!

“Miss Qi, run!”

At that critical moment, Steward Ding dragged Feng Qi out.

All the guards scrambled to their feet and ran for their lives.

Those that couldn't run tried their best to crawl away.

QUICKLY!

Run!

Rumble!

It was as if lightning had struck down.

The two-story building was crushed by Feng Wu's tree!

Chapter 2263: Untitled

Some people ran faster and managed to get out.

But the ones that moved slower were almost all buried under the debris.

Feng Qi watched in disbelief.

“No, this can't be happening...”

Feng Qi's face was covered with sweat, tears, and dust. Her hair and clothes were disheveled, and she looked nothing like the noble young lady she was supposed to be.

When Lady Gu rushed back after receiving the information, she was just in time to see Feng Wu's last strike.

She was shocked by Feng Wu's fury.

When she saw the collapsed walls...

She was almost scared out of her wits.

The tree had also fallen to pieces after Feng Wu destroyed the courtyard.

Feng Qi ran toward her mother in fright. “Mother!”

Lady Gu held Feng Qi in her arms and told Granny Ding in a trembling voice, “Go get Lady Wang and the masters! Quickly!”

Feng Wu remained where she was and kept her cold gaze on Lady Gu.

Lady Gu was no fool. With the power Feng Wu had exerted, she couldn't lie to herself anymore.

She pushed Feng Qi behind her and marched toward Feng Wu.

Wave Yard was destroyed, and that was a great humiliation for Lady Gu.

She was the daughter of one of the ten major clans and had never been humiliated like this before.

She walked up to Feng Wu and raised her hand, trying to slap her. "You little b*stard —"

But —

It had never occurred to her that she wouldn't be able to treat Feng Wu the same way as she treated her husband's concubines.

Before she could even touch Feng Wu, the girl had raised her right leg.

Thump!

Lady Gu realized in astonishment that she was flying backward.

Feng Wu had just kicked her in the stomach...

Smack!

Lady Gu smashed into a pile of debris and spat out a mouthful of blood.

How formidable!

Feng Wu had just kicked Lady Gu without hesitation. Seeing this, no one dared to make any reckless moves anymore.

Even Feng Qi was stunned.

The look in Feng Wu's eyes when she stared at Lady Gu reminded Feng Qi of the god of death.

She used to be the miracle girl five years ago.

Then, she had to hide her true capability.

Today, she could finally reveal herself!

The unbridled genius was back!

The lower hem of her dress flapped in the night wind, accentuating her intimidating demeanor.

The look in her eyes gave Lady Gu the creeps.

"I'm your aunt! A senior member of the family! How dare you attack me?! You've broken the rule of the clan! You're dead!" Lady Gu gritted her teeth.

As a daughter of the Gu family, she refused to be intimidated.

Feng Wu reached out to her with an open palm. "Give it to me."

Lady Gu smirked. "I don't know what you mean."

Feng Wu snorted. She then made a beckoning gesture at Feng Qi.

Feng Qi, who had considered herself to be a formidable Level 1 Spiritual Elder, couldn't believe it when an invisible power dragged her toward Feng Wu.

Feng Wu stomped on Feng Qi's right hand without hesitation.

“Argh!!!”

Chapter 2264: Feng Wu the Ruler (1)

Feng Wu stomped on Feng Qi's right hand without hesitation.

“Argh!!!”

Lady Gu couldn't believe her eyes. She screamed at Feng Wu, “Have you lost your mind?!”

She had never expected Feng Wu to be so heartless! Feng Qi was her cousin!

Feng Qi felt every bone in her right hand break.

In a split second, her hand was red and swollen, making for quite a terrifying sight.

Feng Qi almost passed out, and tears rolled down her cheeks.

She had lived such an indulgent life and had never imagined such pain. The humiliation almost broke her.

Feng Wu sneered at Lady Gu. “Give it back.”

Lady Gu wouldn't have it. She believed that a daughter of the Gu family should never give in. Therefore, she didn't take out the letter, but said angrily, “Feng Wu, that is enough! I'm doing your mother a favor —”

But before she could finish, Feng Wu stomped her foot again.

“Argh!!!” Feng Qi screamed.

It was so painful.

Feng Wu stepped on her left hand this time, and it was as swollen as the right one.

Granny Zhao and Uncle Qiu exchanged glances, and both saw complicated feelings in each other's eyes.

What Feng Wu did was the most satisfying thing.

But what about later? How would this end?

Lady Gu would never let anyone intimidate her, especially now that her brother had promised her that once he had the beautiful lady, he would give Lady Gu's husband a promotion.

Therefore, Lady Gu decided that under no circumstances would she give that letter to Feng Wu.

“Still no? That's very thorough of you.” Feng Wu smirked, picked up Feng Qi, and walked away.

“Where are you taking her?” Lady Gu panicked.

Feng Wu ignored her and told Uncle Qiu and Granny Zhao, “Let's go.”

She had remained very calm and knew that if she broke into a fight here, Uncle Qiu and Granny Zhao would become collateral damage, but things would be very different if she made Fallen Star Yard the battlefield.

She had set up a formation there. Once it was activated, it would be very difficult for an outsider to break in.

Feng Wu dragged Feng Qi all the way back to Fallen Star Yard as if she was a ragged doll.

Lady Gu chased her there as well.

“Where’s Granny Wang? Tell her to come back right now!” Lady Gu was almost in tears.

She had sent Granny Wang to her brother’s residence to deliver the letter.

She had to have that letter on hand so that she could give it to Feng Wu as a last resort.

“I’ll go after her...” Steward Ding immediately scrambled to his feet and dashed off.

What he didn’t know was that the over-excited Granny Wang had been urging the carriage to go faster.

Therefore, when Steward Ding caught up with her, she was already leaving Lord Gu’s residence.

Steward Ding asked, “Where is the letter?”

Granny Wang said, “I’ve already handed it over.”

Steward Ding asked, “Who did you give it to?”

Granny Wang said, “I was going to give it to Mrs. Gu, but Lord Gu was there, so he took it.”

Chapter 2265: Feng Wu the Ruler (2)

Steward Ding was terrified.

Things wouldn’t be too difficult if Mrs. Gu had the letter, but it was in Lord Gu’s hands, and he was a very scary person!

Meanwhile, in the Feng clan.

Feng Wu had left Feng Qi in a corner, and she leaned against a broken wall.

Qiuling had partly destroyed the wall when she kicked Qingyi earlier, and they hadn’t repaired it yet.

Feng Qi’s face was twisted with hatred.

Despite her predicament, Feng Qi still threatened Feng Wu. “Feng Wu, I’m warning you! Release me now!”

Feng Wu didn’t even look at her as she went on writing inscriptions on an iron pole.

Her inscription skills had improved again, and she would soon be a Level 8 inscription master.

Feng Qi took a deep breath and glared at Feng Wu. “You probably don’t know what a dangerous thing you’re doing right now.

“Yes, you have your cultivation ability back and you’re even a little bit better than me, but so what?

“No one in this clan is on your side!

“Your mother is an imbecile. She can’t help you.

“No one knows if she has a family, because your grandparents have never shown up. But judging by your mother’s condition, she can’t be from an influential family.

“Feng Wu, you’re on your own! No matter how tough you are, you’re still useless!

“Have you forgotten about my mother’s family? Even if the Feng family won’t do anything, the Gu family will get revenge for us!

“Do you know who the Gu family is? We’re one of the ten major clans, and my uncle is a lord! He’s one of the most influential people in the empire!

“I’m warning you! Let me go now, or —

“When the Gu family comes, they’ll wipe out your entire family!

“Feng Wu, you better be smart!”

Even now, Feng Qi was still as proud as a peacock.

Feng Wu worked quickly on the inscriptions.

When Feng Qi finished, she also finished painting the iron pole.

She told Qiuling, “Tie her up there.”

Qiuling never questioned Feng Wu’s orders.

She picked up Feng Qi and tied her onto the pole without any difficulty.

Feng Wu clapped her hands, and the iron pole stood up in the middle of Fallen Star Yard.

“Ahhh —”

Feng Qi screamed in terror.

Because!

Feng Wu began to pull her up the pole the way one would hoist a flag..

“Feng Wu, you’re dead! I’m going to kill you!”

Humiliated, Feng Qi went on threatening Feng Wu.

But Feng Wu simply ignored her.

Granny Zhao and Uncle Qiu stared at Feng Wu in disbelief.

They were already shocked when Feng Wu destroyed Wave Yard, but now, she had taken Feng Qi hostage and was hanging her up on a pole. To make it worse, the pole was swaying in the wind...

Because the wall of Fallen Star Yard was broken, people outside could see what was going on.

Lady Gu arrived at that moment.

Chapter 2266: Feng Wu the Ruler (3)

Lady Gu arrived in time to see her beloved daughter dangling in mid-air.

Feng Qi screamed like a pig being slaughtered while Feng Wu sat in the courtyard, sipping some wine.

Lady Gu cried out and immediately tried to run into Fallen Star Yard.

But —

Thump!

What she didn't know was that Fallen Star Yard was protected by a formation. They hadn't used it on her before because they hadn't treated her as an enemy then.

But now, the formation had been activated.

Lady Gu ran into the formation, and rebounded from the impact.

Thump!

Her forehead quickly red and swollen.

It hurt...

She felt dizzy and almost lost her balance.

"This is outrageous!" Lady Gu had never felt so frustrated before. For the first time, she didn't know what to do.

"Where's my husband? Go find him!

"And bring Lady Wang here!

"And Master Feng Yanfeng as well! Isn't he the head of the clan? He needs to take care of this!"

No matter how many times Lady Gu tried, she couldn't do anything about the formation.

Granny Ding said, "My lady, your husband isn't at home, and we can't get in touch with him yet, nor can we find Master Feng Yanfeng. But Lady Wang is still in Flying Snow Building..."

"Go get her! She's the only one who has the authority now!" Lady Gu shouted.

Granny Ding immediately went to Flying Snow Building.

In fact, Lady Wang had already received the news.

Granny Gui was reporting to her in a calm voice, "My lady, Miss Wu and the third branch are at war now."

Lady Wang sipped her tea and said, "So what? It's not like Feng Wu will tear their house apart."

Granny Gui said, "My lady, that's exactly what she did."

Lady Wang's eyes widened. "What?"

Granny Gui couldn't hide the satisfaction in her tone. She then described how Feng Wu had charged into Wave Yard and taken it apart.

Lady Wang was shocked. "Is that girl really so bold?"

On second thought, Lady Wang realized that Feng Wu had always been so bold. She had killed Feng Liu, after all.

Granny Gui didn't know what Lady Wang was thinking and went on in an excited tone. "Not only did Miss Wu crush Miss Qi's hands, she also snatched her and told Lady Gu she would exchange her for the marriage letter!"

Lady Wang was thrilled.

If Feng Qi also died, she wouldn't feel so sad for her own daughter.

"Granny Gui, if Feng Wu really gets Feng Qi killed..."

Granny Ding arrived at that moment.

Lady Wang couldn't refuse to go, but she took her time.

Fallen Star Yard.

Lady Gu took Lady Wang's hands and cried. "Sister-in-law, are you seeing this? Not only did Feng Wu destroy my Wave Yard, she also took my daughter! Has she lost her mind? You have to help me!"

Lady Wang saw Feng Qi dangling on the pole and felt a little satisfied. She was a good actor, however, so she walked toward the courtyard and said loudly, "Xiao Wu, listen to me. Put your cousin down."

Feng Wu ignored her.

Chapter 2267: Feng Wu the Ruler (4)

Lady Wang turned to Lady Gu and said in resignation, "That girl has always been so wilful. What should we do now? We can't let Xiao Qi stay up there. She'll get hurt."

Lady Gu stared at Lady Wang in disbelief.

Being the wife of the head of the clan, Lady Wang had always had a condescending demeanor, and Lady Wang had always respected her. But in this situation, was that all she would do now?

"Sister-in-law, order Feng Wu to stop!" Lady Gu stared at Lady Wang.

With no other choice, Lady Wang had to move closer. The front gate was shut, so she wanted to get in through the broken wall. However —

Thump!

She also bumped into the formation.

Luckily, she didn't use much force, so her forehead was only a little red.

Lady Wang frowned. "Why has the girl activated her formation again? Xiao Wu, please release your cousin."

Feng Wu still ignored her.

Lady Wang shrugged and told Lady Gu, "I'm sorry to admit this, but ever since that girl found her patron, she stopped listening to me altogether."

"A patron? Who?" Lady Gu frowned.

Lady Wang said in a surprised tone, "Do you not know?"

Lady Gu asked, "What did I miss?"

Lady Wang said, "Everyone has been saying how well His Royal Highness has been treating Feng Wu. He has to be fond of her and wants to marry her."

Lady Gu stared at Lady Wang in disbelief. "Sister-in-law, have you been at home for too long? How can you believe such rumors?"

Lady Wang feigned an innocent tone. "What do you mean?"

Lady Gu smirked. "I've heard that rumor as well, but the version I heard was that His Royal Highness only treats Feng Wu as a bed-warming maid. She's not even a concubine, let alone will she marry the crown prince! To His Royal Highness, Feng Wu is no better than a pet. Sister-in-law, you put too much confidence in her!"

Lady Wang said deliberately, "But I heard..."

Lady Gu waved her off. "I asked my brother's wife, and she told me so. It has to be true. Just use your common sense. His Royal Highness would never fall in love with Feng Wu!"

"Is that so?" Lady Wang pretended to be persuaded, but she was laughing inwardly.

Seeing Lady Wang's attitude, Lady Gu knew that her sister-in-law wouldn't be of much help, so she sent more people to find her husband and Feng Yanfeng.

Meanwhile, Lady Wang hinted to her own servants that they shouldn't bring the news to Feng Yanfeng.

That way, the war between Feng Wu and Lady Gu would last longer.

Granny Gui took the hint and walked away.

Meanwhile, Lady Gu's husband was on his way.

His name was Feng Yanya. He had just come back from a dinner party held by his colleague. It had been a pleasant night until Steward Ding found him halfway and told him to hurry back home.

When Steward Ding told him what happened, Feng Yanya was amused. "Nonsense. Wave Yard was taken apart and Xiao Qi was taken away by that useless Feng Wu? You've got to be kidding me!"

He didn't believe a word Steward Ding said.

Steward Ding was almost in tears. He didn't know how to persuade Feng Yanya, so he had to lead him to Wave Yard.

Feng Yanya was speechless.

"Lady Gu and the others are all at Fallen Star Yard now," a servant reported to Feng Yanya.

Chapter 2268: Feng Wu the Ruler (5)

Feng Yanya immediately headed for Fallen Star Yard.

He looked like a volcano that was ready to erupt.

"How dare that useless Feng Wu do this?! Who does she think she is?!"

His rage reached its peak when he arrived at Fallen Star Yard.

"Master —"

Panic-stricken, Lady Gu had been staring nervously at Feng Qi, who was swaying on the iron pole like a flag.

It just so happened that she was wearing a colorful dress today, which made her look even more like a flag.

"Where's Qi? Where's my daughter?" Feng Yanya shouted.

"She... she's there." Lady Gu pointed at the "flag" in mid-air.

Feng Qi saw her father from afar and shouted, "Father! Help me! Kill Feng Wu!"

Feng Yanya glared at Lady Gu.

Lady Gu immediately said, "It was Feng Wu! She put Qi there!"

Feng Yanya turned to look at Fallen Star Yard.

Through the gap in the broken wall, he could see Feng Wu casually sipping her wine, which enraged him even more.

He charged at her, wanting to snatch her and hang her up on the pole.

But —

"Watch out!"

Lady Gu shouted, but it was too late.

Whoosh!

Feng Yanya bumped into the formation.

The transparent shield cracked a little, but Feng Yanya's forehead swelled up as well.

It looked very painful.

Feng Yanya was furious.

“Damn you! Deactivate this formation right now!” Feng Yanya threatened Feng Wu.

Feng Wu glanced at him, then ignored him.

The way she looked at him made him feel like a clown.

“You defiant girl! Are your parents all dead? They never taught you anything! They’re so useless!”

Feng Yanya had always been short-tempered, and he didn’t exactly choose the right words when he cursed Feng Wu.

Feng Wu couldn’t care less if he said bad things about her, but he was insulting her parents, and that was something she wouldn’t stand for.

She narrowed her eyes and gave the pole a quick shove.

Thump!

The pole was very thin.

It bent at the force until the tip almost touched the ground.

Feng Wu smirked, looking satisfied.

“Ahhh!!!”

Feng Qi screamed at the top of her lungs as the pole swayed violently from side to side.

“Dad! Help me!!!”

Feng Yanya was still cursing Feng Wu when this happened. He stared at the pole in disbelief.

Lady Gu reacted first. She grabbed Feng Yanya’s hand and said, “Help our daughter!”

Feng Yanya was practically spitting flames from his eyes.

He leaped into the air in Feng Qi’s direction.

He wanted to untie her from the pole.

However —

It wasn’t as simple as he imagined.

Something happened when he was about to reach Feng Qi.

Chapter 2269: His Royal Highness Takes Side (1)

Something happened when he was about to reach Feng Qi.

Feng Wu must have set a trap on Feng Qi, because when Feng Yanya touched Feng Qi —

Lightning flashed across the sky.

There was a crackling noise.

Both Feng Yanya and Feng Qi were shocked with electricity.

“Ah!”

Feng Qi was almost charred. She shouted in terror, “Father, don’t touch me!”

She struggled and tried to kick at Feng Yanya.

Feng Yanya wasn’t any better.

The formation Feng Wu set up had a rule: The greater the impact, the greater the backlash.

Feng Yanya had tried to break the formation to save Feng Qi. As a result, the backlash he received was quite severe.

The air was filled with a crackling sound.

Feng Yanya was covered by sparks and looked quite eye-catching from afar.

He fell to the ground with smoke rising from his body.

The fall was so painful that he was almost in tears.

“Master! Master!”

Lady Gu had never expected something like this to happen. She rushed over in tears and held Feng Yanya in her arms. “What happened? Yanya, are you alright?”

Feng Yanya was burnt from head to toe, and his face was twisted with pain.

Before he could speak, a shadow fell over him.

Feng Yanya looked up and stared at Feng Wu, who had walked out of the formation.

In the moonlight, she had an otherworldly beauty.

“You —”

Before Feng Yanya could say anything, Feng Wu said, “That’s what you get for insulting my parents.”

Feng Yanya was furious, but he couldn’t do anything.

Lady Gu glared at Feng Wu. “Feng Wu, are you going to turn the entire family into your enemy?”

Feng Wu didn’t reply. Instead, she looked up at Feng Qi and said casually, “I think it’s going to snow.”

She headed back into the formation after that.

What did that mean? Lady Gu was so angry that she couldn’t utter a word.

“Go to hell!” Feng Yanya took out the dagger hidden in his sleeve and struck at the back of Feng Wu’s head.

He was sure that he could kill Feng Wu.

But to his surprise...

Feng Wu disappeared from sight, and his dagger ended up smashing into the ground.

Feng Yanya was speechless.

He couldn't understand what had just happened.

He was a Level 3 Spiritual Elder...

That made him a very capable member of the Feng clan, but now, he couldn't even handle a girl. He began to question his own ability.

"Yanya, what should we do now?" Lady Gu looked from Feng Qi to Feng Yanya and panicked.

"Let's go back first." Feng Yanya glared at the front gate of Fallen Star Yard.

Go back? They didn't have any place to go now! Lady Gu wanted to cry again.

"Let's go see Lady Wang!" Feng Yanya smirked. "My brother is the leader of the clan. We'll let him handle it once he comes back."

Chapter 2270: His Royal Highness Takes Side (2)

So, where was Feng Yanfeng now?

After work, Feng Yanfeng lingered for a while in a pub until he was half-drunk. He then rode back home.

When he reached the front gate, a servant rushed out and shouted, "Master Feng!"

Feng Yanfeng was preoccupied and didn't pay much attention to his horse.

The horse was startled. It reared up on its hind legs and threw Feng Yanfeng to the ground.

Frustrated, Feng Yanfeng wanted to hit the servant, but the latter immediately told him in a low voice, "Master Feng, Miss Wu took Wave Yard apart, snatched Miss Qi, and hung her up on a pole. Lady Gu and Master Feng Yanya went to get Miss Qi back, but they were both injured. They are both in Flying Snow Building now, waiting for you to handle it for them..."

The young servant blurted out everything in one go without pausing for breath.

WHAT?!

It took Feng Yanfeng a while to digest the news. He immediately jumped onto the horse and dashed off.

He had no plan to get involved in this mess. Feng Yanya could fight with Feng Wu all he wanted.

The next second, he was out of sight.

Feng Yanya and Lady Gu grew impatient in Flying Snow Building.

Granny Gui came back at that moment and brought news of Feng Yanfeng. "His Majesty has summoned Master Feng Yanfeng, and he probably won't come back tonight..."

Lady Gu was worried sick. "My brother-in-law isn't avoiding us, is he?"

Lady Wang smiled wryly. "Sister-in-law, what are you talking about? If His Majesty has summoned him, it has to be important."

Lady Gu ignored her. She gritted her teeth and told her husband, "Wait here. I'll get someone from my family! If the Feng family won't take care of it, the Gu family will!"

She dashed off after that.

"Gosh, Sister-in-law, wait..."

Lady Wang pretended to run after her, but soon stopped.

Seeing Lady Gu disappear into the distance, Lady Wang smiled in satisfaction.

Lord Yongxing's residence.

"Brother! Brother!" Lady Gu rushed into the house.

Unfortunately, Lord Gu wasn't there, but Mrs. Gu was.

She hadn't heard about the incident, and greeted Lady Gu with a smile.

"Why the rush? Do you need anything? Just talk to me."

Lady Gu hesitated a little.

She was trying to find a new concubine for her brother, but here was her sister-in-law...

However, she soon made up a story.

"Sister-in-law!"

Lady Gu burst into tears. "The Feng family is outrageous! They're abusing my daughter! It was just bickering between two cousins, but Feng Wu..."

Seeing how sad Lady Gu was, Mrs. Gu was convinced that someone had mistreated Lady Gu.

When Mrs. Gu married into the Gu family, Lady Gu had only been five years old. To Mrs. Gu, Lady Gu was like a daughter. She immediately said, "Don't cry. Tell me everything. You're a daughter of the Gu family and as prestigious as a princess. No one can disrespect you."

Lady Gu cried even harder. She told Mrs. Gu a story about how Feng Wu had bullied Feng Qi, and didn't mention a word about a new concubine.
