

G E D 2321

Chapter 2321: Untitled

Feng Wu had only been three or four when she was tested, and children of that age usually couldn't remember much. Elder Jing was thrilled when he saw that Feng Wu still remembered him.

He nodded in excitement. "That's right! I didn't expect you to remember me! You have an excellent memory!"

He led Feng Wu and Elder Grain toward the courtyard as he spoke.

Elder Grain threw off his hand grumpily.

Elder Jing didn't have time for Elder Grain. He only cared about Feng Wu now. There were tears of excitement in his eyes.

Feng Wu looked at Chaoge in confusion, but Chaoge only shrugged.

Elder Jing introduced the other two elders to Feng Wu. "This is Elder Breeze, our leader. I'm the second in seniority, and this is Elder Grain. He's kind of mean, so just ignore him."

Elder Grain didn't like the sound of that.

Why should he be ignored?

And why did Jing care about Feng Wu so much?!

Elder Grain said, "Hey, Jing, what's the matter with you?! This girl is so vile! Didn't they say that they want to kick her out of the clan? I agree!"

Feng Wu frowned. They? Was that Feng Yanfeng's idea?

Elder Jing snapped, "No, we're not doing that! Why would we? Have you lost your mind?!"

Elder Grain flared up. "Jing, what's the matter with you? Didn't we agree? She's wounded me! Of course we're kicking her out!"

Elder Jing bellowed, "You idiot! Have you ever met such a talented girl?"

Elder Grain felt wronged. "But she wounded me. That's against the rules!"

Elder Jing said, "What does that mean? It means that she's talented! Although she broke some rules, she exerted the power of a Level 1 Spiritual King! And she's not even 14 yet!"

"But..." Elder Grain wanted to say something, but what Elder Grain said surprised him. He said, "Her true capability is only a Level 9 Spiritual Lord. She's cheating!"

Elder Jing glared at him. "Even if that's the case, she's still amazing. She's not 14 yet."

Elder Grain was speechless.

Elder Jing said, "And she solved and modified your formation. Grain, isn't that amazing?"

Elder Grain growled, "Shut up!"

Elder Jing said, "You're an older man, and she's barely 14."

The mention of Feng Wu's age was like a spell. Elder Grain almost felt dizzy.

He tried to refute it, but failed.

She wasn't 14 yet, but she could fight like a Level 1 Spiritual King. Plus, she was a Level 7 formation master.

"She knows inscriptions as well. She can draw them much faster than you can. It takes you forever to finish one," Elder Jing complained..

Chapter 2322: Untitled

Elder Grain's face turned scarlet red. "Shut up and show me some respect!"

Seeing the two of them bicker like little kids, Feng Wu and Chaoge exchanged looks. How childish.

Elder Jing knew that his old friend was genuinely frustrated, so he decided to leave him alone. Instead, he turned to Feng Wu and started showering her with compliments.

Elder Grain didn't like the sound of it at all.

Because no matter what Elder Jing said, he would compare Feng Wu with Elder Grain.

"So what if she's talented and capable? If she's a bad person, nothing counts!" Elder Grain grunted. "A vile, ill-behaved girl like her doesn't deserve to inherit the Feng clan! I won't have it!"

He then turned to leave.

"Wait." Feng Wu frowned. "I'm fine with you not liking me, but please tell me why are you saying those things about me?"

Technically speaking, Elder Jing and Elder Grain were brought up by Elder Breeze and had spent their whole lives in this restricted area. They were as naive as kids and would always speak their minds.

Elder Grain glared at Feng Wu. "Because that's what you are."

Feng Wu asked, "Give me some examples, then."

Elder Jing and Chaoge wanted to help Feng Wu, but she stopped them.

She had never lost an argument before.

She sat down in front of Elder Grain and calmly looked at him.

Elder Grain immediately felt that he was already losing ground.

He wasn't going to give up like this.

He also grabbed a chair and sat down opposite Feng Wu.

“Fine, if you want to humiliate yourself, I’ll give you that chance.” Elder Grain snorted. “First of all, we’re told that your arrogance has brought you many enemies, and it’ll bring danger to the Feng clan. Isn’t that true?”

Feng Wu asked, “For example, what enemy?”

Elder Grain looked at the list Feng Yanfeng had given them and said, “The Zuo family.”

Feng Wu smirked. “Then do you know that the Zuo family was the one who destroyed my cultivation ability back then?”

Those words shocked all the elders. They stared at Feng Wu in disbelief and said, “How can that be?”

Feng Wu had just happened to record Zuo Qingxian’s speech with the Spiritual Fossil Stone.

He had talked about how they had destroyed Feng Wu’s cultivation ability.

Feng Wu had yet to find a chance to show it to anyone, and now, the three elders would be her witnesses.

When they watched it, time seemed to freeze.

Elder Jing was the first to react. He punched Elder Grain and said, “I knew it. I told you that there was something strange about the incident, but you stopped me from looking into it!”

Elder Grain looked rather guilty. “I...”

Elder Breeze’s face remained expressionless, and no one knew what he was thinking.

Feng Wu looked at Elder Grain.. “So, what’s next?”

Chapter 2323: Untitled

Elder Grain looked at Elder Jing and hesitated.

Elder Jing snorted. “If you have doubts, ask her!”

He had to make sure that Elder Grain accepted Feng Wu wholeheartedly. Otherwise, there would still be more trouble in the future.

“Next question.” Elder Grain looked at Feng Wu. “You don’t care about your family members at all. You killed your cousin Feng Liu and cut off your aunt’s hand. That’s unacceptable. What do you have to say to that?”

Feng Wu smiled.

Elder Grain glared at her. “How can you be smiling?”

Feng Wu said, “You’ll know the answer after I tell you what happened.”

Feng Wu described what Feng Liu did in the tombs and smirked. “After how she provoked me over and over again, I think I was very lenient with her.”

She shrugged.

Feng Liu had thought that as her cousin, Feng Wu would forgive her, but she had forgotten that she had never shown Feng Wu any sisterly kindness.

The three elders fell silent again.

They never thought that Feng Wu would have gone through so much hardship.

From Feng Wu's description, they realized that Feng Liu only had herself to blame.

"But what if you're lying to us?" Elder Grain stared at Feng Wu.

Feng Wu chuckled, "If I really did kill Feng Liu for no reason, why isn't Feng Yanfeng trying to kill me now?"

Elder Grain didn't know what to say.

Feng Wu said, "Over ten people were watching, and they all saw how Feng Liu died. I won't admit to things I didn't do!"

Elder Jing nodded. "You're right. You had many witnesses. Don't worry. I'm on your side."

"Go away." Elder Grain glared at Elder Jing. Feng Wu's answers to the first two questions were acceptable, so he moved on to the next question. "You injured four sons of the Gu family, and they've given us an ultimatum. If we don't hand you over, they'll join hands with other families to boycott us. What explanation do you have for that?"

Feng Wu frowned. "An ultimatum?"

Elder Grain showed her the letter. "Look. It says so here."

Feng Wu smiled. "In that case, I'll have to tell you about what my aunt, Lady Gu, did."

Hence, she told them about how Lady Gu had tried to marry the beautiful lady off to become a concubine. Naturally, she explained why she cut off Lady Gu's hand and destroyed her home.

Even Elder Breeze was surprised by how capable she was.

Elder Jing and Elder Grain's eyes sparkled as they looked at Feng Wu.

Especially Elder Grain.

He was short-tempered and would never wait to take his revenge.

Therefore, he found the way Feng Wu got back at her enemies so satisfying.

He was patting Feng Wu's shoulder when he suddenly realized that he was still supposed to be questioning her. They weren't friends yet.

Ahem!

Elder Grain cleared his throat and stared at Feng Wu again..

Chapter 2324: Untitled

Feng Wu didn't know what to say.

"Then what about the sons of the Gu family?" Elder Grain asked.

"I know the answer to that question! I was there the whole time!" Chaoge finally had a chance to speak.

"Where do I begin? Well, let's start with Gu Xingcheng."

Chaoge was a great storyteller, and she made everything sound so interesting.

Elder Jing and Elder Grain listened in amazement.

"That's great! They're mere Level 1 and Level 3 Spiritual Lords; how dare they act arrogantly in front of Xiao Wu? She's a Level 9 Spiritual Lord!" Elder Jing said loudly.

Elder Grain nodded as well.

That was so true. A Level 1 Spiritual Lord was nowhere close enough to being called a genius.

Feng Wu was barely 14, and she was almost a Level 1 Spiritual King! Deep down, Elder Grain was so proud.

Chaoge said, "The Gu family is such a bully! They started it first, and they're putting pressure on you now just because they're not Xiao Wu's match. They're unbelievable!"

Elder Jing smacked his thigh. "I would beat them up as well if I were Xiao Wu! She did nothing wrong!"

Elder Grain nodded as well. "That's right!"

The two of them then looked at Elder Breeze in unison.

Elder Breeze shrugged. "The Gu family has a very capable elder, and I'm not his match."

Elder Jing said, "Then what are we going to do? We can't let them take Xiao Wu away!"

Elder Grain wasn't completely convinced yet, and he mumbled, "There's still Feng Qi... Isn't she supposed to be as talented as Feng Wu?"

Elder Jing rolled his eyes at him. "Are you sure about that?"

Elder Grain said, "We don't know for sure."

The two of them then started a staring contest.

In the end, Elder Jing gave in. "I see that you won't give up unless you see it with your own eyes. Bring Feng Qi here and let her go through the maze. You'll see what her capability is like."

Elder Jing had completely switched to Feng Wu's side, but Elder Grain didn't feel the same way.

Although he was impressed by Feng Wu, the letter said that Feng Qi was quite talented as well. What if she was also a genius?

However...

Elder Grain was utterly disappointed when he dressed up as the masked man and led Feng Qi into the formation.

Feng Qi was a mess.

She hadn't reached the maze yet, but she was already crying for her mom.

And they could see that she was only a Spiritual Elder.

Elder Jing rolled his eyes at Elder Grain. "What did you say? What if she's a genius as well? Can you hear her crying now?"

"Hm —"

Elder Grain lowered his head and couldn't say a word.

Normally, if Elder Jing scolded him like this, he would jump to his feet and start exchanging blows with Elder Jing, but now, he only listened without uttering a word.

He couldn't say anything to refute Elder Jing.

"What do you think we are? A blessed family that has one genius after another? We should feel so lucky to have Xiao Wu.. You have to be delusional to wish for a second genius!"

Chapter 2325: Untitled

"How can Feng Qi call herself a genius? She only reached her level because they filled her with cultivation potions. Her foundation is anything but solid! That Feng Yanfeng has to be shameless to say that Feng Qi is more talented than Xiao Wu. Is he blind?"

"No, he's just mean." Chaoqe snorted. "They didn't want to see Xiao Wu rise, so they tried to destroy her."

Elder Jing pointed at Chaoqe and glared at Elder Grain. "Did you hear that? Are you still on their side now?"

"If Feng Yanfeng lied about Feng Qi, we can deduce that everything he said about Xiao Wu was a lie, too!"

Elder Jing was furious. "He'll have to pay for that!"

Elder Grain clenched his fists. He had been told off because of Feng Yanfeng, and he decided to teach that man a lesson as well.

He was about to go get Feng Yanfeng and beat him up.

But Feng Wu made a proposal that puzzled them all.

"You want to handle Feng Yanfeng yourself?" Elder Grain was perplexed. "Why won't you let us help you?"

By then, Feng Wu had figured out what Elder Grain was like, so she chuckled. "I just want to expose him when the time is right, and that's not now. So, please don't let Feng Yanfeng hear about our meeting. Is that alright?"

Elder Jing agreed before Elder Grain could say anything.

Elder Jing liked Feng Wu very much, and he was looking forward to seeing what Feng Wu would do.

"Achoo —"

Feng Yanfeng sneezed in his study. He rubbed his nose and felt a little strange.

"What's wrong? Did you catch a cold? Shall I fetch the doctor?" Lady Wang walked in with some dessert.

Feng Yanfeng shook his head. "Somebody's probably talking behind my back. Don't worry."

Lady Wang whispered, "What about Feng Wu?"

Feng Yanfeng was very confident. "I've given them a full report, and the elders know what happened.

"They've stayed in the backyard for so long and have hardly met anyone. They'll believe whatever I tell them."

Lady Wang was excited. "Are you saying that we'll soon be rid of Feng Wu?!"

Feng Yanfeng said, "Elder Grain supports us."

Lady Wang smiled brightly.

But she wasn't so happy the next day.

"What's going on?"

She walked into the study to find Feng Yanfeng sitting there with a long face.

He handed her a piece of paper.

Lady Wang read it and frowned.

Because the elders were informing them that their request had been refused.

Lady Wang couldn't believe her eyes. She rubbed her eyes and read the paper again.

The reply seemed to be laughing at the couple.

"Why is this happening? Weren't you so confident yesterday? Why did they turn us down?!" Her first reaction was to question Feng Yanfeng..

Chapter 2326: Untitled

Feng Yanfeng was frustrated as well. "How am I supposed to know? Elder Grain really did agree to my request yesterday!"

What he didn't say was that when he went to see the elders again, Elder Grain's attitude had completely turned around. He looked at Feng Yanfeng as if he was looking at a villain... Feng Yanfeng rubbed his forehead in frustration.

Somehow, he couldn't get Elder Grain's meaningful look out of his mind. It made him feel that something was about to happen.

Lady Wang cringed when Feng Yanfeng shouted at her. She didn't dare voice any more complaints, but she was already beginning to hatch a new plan.

She had always had a plan B.

The elders had been plan A. Things would be a lot easier if they agreed to kick Feng Wu out of the clan.

The Gu family was her other way out.

After she left the study, she went to see Lady Gu.

"You want the Gu family to force the Feng clan's hand?" Lady Gu smiled bitterly and shook her head. "That won't happen."

"Why?!" Lady Wang was confused. "Didn't Feng Wu injure you and four of their sons? How can the Gu family stand it?!"

Lady Gu gave her a strange look.

It gave Lady Wang the creeps. "Why are you looking at me like that?"

Lady Gu said, "Do you really not know?"

Lady Wang shook her head.

Lady Gu said, "I went to beg my brother, but he turned me down, so I went to ask my parents for help. My mom told me a secret."

Lady Wang asked, "What is it?"

Lady Gu took a deep breath and said, "All Spiritual Kings are forbidden to take part in this matter. Breaking the rule is punishable by death!"

Lady Wang put a hand on her chest. "Where did that come from? Why didn't I hear anything?"

Lady Gu shook her head. "My mom doesn't know either. She said that my brother told her. I think my brother knows where that order came from."

Lady Wang asked, "Could it have come from your brother?"

Lady Gu frowned. "I don't think so. That wouldn't make sense."

Lady Wang said, "That is to say, as long as we don't use force, we can do whatever we want, like trying a woman's way."

Lady Gu's eyes lit up. "Do you have any suggestions?"

Lady Wang had been thinking these days, and she had actually come up with a plan. However, it would need Feng Wu's participation to work.

"That's it! My mother will be celebrating her 80th birthday in a few days!" Lady Gu cried out. "That's a great opportunity!"

"In the next few days, we can befriend Feng Wu. Only then will she go with us." There was a sinister look in Lady Gu's eyes.

Lady Wang asked curiously, "Can you befriend Feng Wu now?"

Lady Gu narrowed her eyes. "As long as we can defeat her in the end, I don't mind putting up with her for a little longer."

Her tone gave Lady Wang the creeps.

Feng Wu didn't go to the restricted area in the next few days, because she knew that it wasn't the right time yet, and she didn't want Feng Yanfeng to notice her relationship with the elders.

"Xiao Wu, I've been a little nervous lately. It's like I'm waiting for a sword hanging above my head to fall, but it just won't fall," Chaoge complained to Feng Wu..

Chapter 2327: Untitled

Feng Wu felt the same way.

She had even more things on her plate.

She hadn't finished the tenth trial yet, and the eleventh had yet to be announced.

Feng Yanfeng, Lady Gu, and Lady Wang were giving her trouble. She also had to handle what was going on between her mother and the Gu family.

She also hadn't figured out what was so mysterious about Year 4 yet.

...

However...

She then remembered the intelligence department.

The head was Qin Mo, and there were three divisions: military intelligence, espionage department, and the secret guards.

Military intelligence gathered military information, the espionage department was in charge of spies, and the secret guards kept an eye on all the officials.

And Lord Gu was a government official...

At that thought, Feng Wu took out the token.

It came from Emperor Wu himself, and she was the deputy head of the intelligence department in name; that gave her access to the information she needed.

She went to the intelligence department with the token.

If she had asked around before, she wouldn't have been able to find the place.

And she wouldn't get anywhere without the token.

Luckily, she had it.

Everyone in the intelligence department looked extremely serious.

To her surprise, she saw a familiar face.

"Xiao Wu!"

Feng Xun was excited to see her.

No one even looked at them when Feng Xun cried out her name.

"Xiao Wu, I'm so glad that you're here. I was going to see you." Feng Xun rubbed his eyes.

Seeing how exhausted he looked, Feng Wu couldn't help asking, "What happened?"

To other people, Feng Xun was only a young lord, but he was in fact a member of the intelligence department, and his main task was to keep an eye on the department for Jun Linyuan.

Feng Xun yawned, which brought tears to his eyes. He looked frustrated when he said, "Xiao Wu, I can't do anything without you."

He then tried to hug her.

Feng Wu said, "Hey, be civil. Tell me what this is about, or I'm leaving."

"Fine, I'll tell you." Feng Xun pressed her down in a chair before taking a seat himself. He then said seriously, "It's about the revival list."

"Really?" Feng Wu was intrigued.

Feng Xun said solemnly, "With the list you gave us, we should have been able to catch them all, but in the end, three of them got away."

Feng Wu knew that because she could see it in her log. Until they caught those three people, Feng Wu couldn't finish the tenth trial.

And if she didn't finish that trial, she wouldn't be able to get the second broken star piece to wake up her beautiful master. It frustrated Feng Wu to think of that possibility.

That was why she had come here today.

"The three that got away are captains." Feng Xun gritted his teeth. "They're all Spiritual Kings and very hard to catch. I don't know what to do. Xiao Wu, do you have any ideas?"

Feng Xun was at his wit's end. "His Majesty is furious and has given me an ultimatum: If I can't catch them in three days, I won't have this job anymore."

Feng Wu said, "Tell me everything you've done so far.."

Chapter 2328: Untitled

Hence, Feng Xun told her everything in detail.

"What do you think? Any clues?" Feng Xun asked nervously.

Feng Wu rubbed her chin and thought for a moment.

"Have you checked everywhere?" she asked.

Feng Xun said, "Yes. We left no stone unturned, but we found nothing."

Feng Wu suddenly had an idea. "Did you say that all three captains were injured?"

Feng Xun said, "Yes. It was a fierce battle, and one of them was definitely severely injured. The other two have minor injuries. Plus, we've closed down the city now, and no one is allowed to leave. They have to be in the imperial capital."

Feng Wu rubbed her chin and was deep in thought.

Feng Xun looked at her expectantly. He knew that with Feng Wu here, all his problems would be solved.

"Have a look at this." Feng Wu handed him a piece of paper.

Feng Xun read it. It was the message Gu Xingyuan had left next to Qiuling.

Feng Xun was furious. "Did he do something to you?!"

Feng Wu said, "Don't worry, I taught him a lesson. Have a sniff. Do you notice anything?"

Feng Xun shook his head. "I can't smell anything."

Feng Wu smiled. "Try again."

Feng Xun smacked his head.

"Gosh! I see!" He jumped to his feet.

"Wait." Feng Wu stopped him. "There's no rush. We need a plan so that we don't alarm them."

Feng Xun was very excited. "Xiao Wu, I knew you could help me! You're the smartest! By the way, why have you stopped visiting Boss Jun..."

Feng Wu was avoiding Jun Linyuan now, so she changed the subject. "Are you familiar with the secret guards?"

Feng Xun said, "Of course I am. So are you."

Feng Wu's eyes lit up. "Do you mean Xuan Yi?"

Feng Xun had wanted to keep her guessing, but Feng Wu had already figured it out.

"Both Xuan Yi and I were promoted after we got back. I'm still in the espionage department, but Xuan Yi went to work for the secret guards."

Feng Wu nodded and went to find Xuan Yi.

Fallen Star Yard.

Feng Wu was cultivating in the yard when she heard footsteps outside.

"Is Sister Xiao Wu in?"

Feng Wu frowned when she heard the voice.

Granny Zhao turned the person down. "Miss Wu is cultivating now. Miss Qi, please go back."

It was Feng Qi.

Feng Qi bit her lip and put on a sad face. "Sister Xiao Wu still won't see me, right? I..."

Granny Zhao said, "Miss Qi, please leave."

Feng Qi stomped her foot and left reluctantly.

As soon as they were far away enough, Qiaojia, Feng Qi's maid, started complaining. "Miss Qi, we don't have to do this every day. This is so humiliating."

Feng Qi didn't say anything.

Qiaojia went on. "Miss, why are we doing this? After what she did to us..."

Feng Qi stopped and said coldly, "She won't be around for much longer. As her cousin, shouldn't I bid her farewell?"

Qiaojia was confused..

Chapter 2329: Untitled

Inside Fallen Star Yard.

Granny Zhao closed the door and said grumpily, "What's the matter with Miss Qi these days? She's been coming here all the time, bringing gifts and apologizing. If she keeps doing this, I'll start changing my opinion of her."

Feng Wu said, "Next time she's here, let her in."

Granny Zhao was surprised. "Miss Wu, are you going to forgive her and start talking to her family again?"

Feng Wu nodded. "That's right."

Granny Zhao was confused.

Feng Wu chuckled. "Granny Zhao, don't worry. I just need to put an end to this thing."

Granny Zhao looked perplexed. She had no idea what Feng Wu was talking about.

As expected, Feng Qi came again that afternoon.

Granny Zhao sighed.

Feng Wu smiled at her.

Granny Zhao had no choice but to open the door and let Feng Qi in.

"Sister Xiao Wu, you finally let me in!" As soon as Feng Qi got in, she held Feng Wu's arm and wouldn't let go.

Chaoge was shocked.

Was this person really Feng Qi?

If she didn't know better, she would think that Feng Qi and Feng Wu were loving sisters.

Feng Wu brushed off Feng Qi's hands and picked up her cup. "Why do you want to see me?"

Feng Qi's eyes twinkled. "Sister Xiao Wu, could you do me a little favor?"

Feng Wu asked, "What favor?"

Feng Qi said, "Tomorrow is my grandmother's 80th birthday. Sister Xiao Wu, will you go with me?"

Chaoge couldn't stand it anymore. "Feng Qi, have you lost your mind? Feng Wu beat up four of their sons. Going there will only get her killed! So, this is why you've been playing nice these days. You're so evil!"

Feng Qi had always been easily provoked. Hearing what Chaoge said, she almost lost her temper. However, she remembered what her mother told her, so she took a deep breath and fought back her anger.

She took Feng Wu's arm again. "Sister Xiao Wu, although my four cousins all lost the battle, they really admire your talent and want to befriend you. They just don't know how to take the first step. After all, they're boys.

"Will you go with me? My grandmother has been worried about me, fearing that we won't get along. If she sees how friendly we are, she'll be very happy."

Seeing that Feng Wu was listening, Feng Qi went on. "Plus, don't you want to cancel that marriage contract for your mother?"

Feng Wu narrowed her eyes.

Feng Qi whispered, "My uncle says that you have to go and get the letter yourself."

Feng Wu asked, "Is that true?"

Feng Qi said, "Of course. My uncle said so himself."

Seeing that Feng Wu was considering the offer, Chaoge held her hand. "Xiao Wu, don't listen to her. The Gu family is so dangerous. Who knows what they'll do to you there?"

Feng Qi said, "My uncle says that if Feng Wu doesn't have the courage to go, how can she make further achievements in her cultivation?"

Chapter 2330: Untitled

"If you don't have the courage, there's no reason for him to feel threatened by you. In that case, there's no reason for him to call off the marriage."

That was an outright threat.

"You!" Chaoge bellowed. "You're threatening Xiao Wu!"

Feng Qi shrugged. "Of course not. I'm just stating the facts."

Chaoge held Feng Wu's hand. "Xiao Wu, don't listen to her. We have many ways to cancel that marriage. You can always go to His Royal Highness for help."

"I'll go," said Feng Wu.

Feng Qi immediately looked relieved. "Sister Xiao Wu, you have to keep your promise, then. I'll pick you up tomorrow afternoon, and we'll go together."

Feng Wu nodded.

Feng Qi happily left with her maid.

As soon as Feng Qi left, Chaoge's face darkened. "Xiao Wu, how could you say yes? You know perfectly well how dangerous it is!"

Feng Wu beamed at her.

She asked, "What do you think of Fallen Star Yard?"

Chaoge said, "It's great! Also, it's so well-guarded that no one can get in."

Feng Wu looked up at the sky and asked, "Do you know what the best defense is?"

Chaoge shook her head.

"Attack." Feng Wu smiled at her.

Chaoge's eyes lit up. "Are you saying that you know how dangerous it is, but you're still going because you want to initiate an attack?"

Feng Wu nodded.

Chaoge was concerned. "You've come up with a thorough plan, right? Please don't put yourself in danger."

Feng Wu nodded, just to appease her.

In reality, every plan could go wrong, and nothing was absolutely safe.

Feng Wu didn't know what tricks the Gu family would play. She would just go with the flow.

The next day, Feng Qi arrived early in the afternoon.

Chaoge answered the door.

She glared at Feng Qi. "I'm going, too!"

Feng Qi smirked inwardly.

"Of course. Come with us," she said without hesitation.

At an angle the others couldn't see, Feng Qi had a sinister smile on her face.

They soon left.

Lady Gu and Lady Wang shared a carriage.

Feng Qi, Feng Wu, Feng Sang, and Chaoge were in another.

The maids all sat in a third carriage.

Qiuling's hand was almost healed, and she insisted on going with Feng Wu, so Feng Wu let her go as well.

Lady Gu and Feng Qi were astonished when they saw Qiuling.

Gu Xingyuan had told them that he had cut off Qiuling's hand in revenge, but now...

Lady Gu and Feng Qi looked at each other.

Qiuling still had both hands!

Lady Gu asked Qiuling excitedly, "What's going on with your hand? I thought you were severely injured!"

Qiuling said indifferently, "Do you want to ask why I still have this hand?"

Lady Gu gritted her teeth and nodded.

Qiuling smiled. "It's thanks to Miss Wu's great medical skills.. She can reattach severed hands."
