### **Chapter 2341: Untitled**

Old Mrs. Gu was having trouble breathing, and Mrs. Gu tended to her.

She nodded when she heard the question. "Yes, I did. I was wearing it, then my daughter-in-law wanted to look at it, so I took it off and gave it to her. Then —"

"Then we passed it around," said Mrs. Zuo. "I handed it to Mrs. Dugu."

Mrs. Dugu said, "I handed it to old Mrs. Long."

Old Mrs. Long said, "I handed it to Lady Northern Feng."

Mrs. Tao asked old Mrs. Gu, "I was the last one to handle it before passing it back to you. Do you remember that?"

Old Mrs. Gu looked surprised. "Really? Right, I remember now."

Mrs. Tao said, "Miss Feng Wu was the last to come into the room, and the bracelet was right on the table next to you."

Mrs. Zuo nodded. "That's true. I saw it, too."

Mrs. Dugu hadn't seen it, but she now realized what was going on, so she nodded as well. "That's right. I saw it, too. The bracelet was right there on the table."

Mrs. Zuo said in a seemingly casual tone, "Then how can it be missing? Not many people have been walking around in the room."

Mrs. Dugu said, "That's true. Miss Feng Wu was one of the few people who was walking around."

Chaoge snapped. "What's that supposed to mean?!"

Mrs. Zuo glanced at Feng Wu and said, "I suppose we can all close our eyes. If someone took it, they can use this chance to put it back."

Old Mrs. Gu nodded. "That's a good idea. Someone fetch some handkerchiefs and cover our eyes. If someone has taken the bracelet by mistake, just put it back on the table. No one will blame them."

"We'll all cover our eyes." Mrs. Zuo glanced at Feng Wu.

Chaoge tugged at Feng Wu.

It was so obvious that they were insinuating it was her!

Even so, Feng Wu remained unperturbed. She smiled at Chaoge and said, "Don't worry. A clean hand needs no washing."

Mrs. Zuo snorted inwardly. "A clean hand? There's no such thing."

Nearly everyone in the room was trying to set Feng Wu up, and Mrs. Zuo believed that there was no way that Feng Wu could get away.

Everyone's eyes were covered.

The handkerchiefs were removed five minutes later.

When old Mrs. Gu saw the empty table, she gasped for air.

"Why is this happening?" she asked in disbelief. "Why won't they give it back?"

This time, she looked right at Feng Wu.

Everyone in the room noticed it.

Lady Wang frowned. "My lady, this is very serious. We can't have a thief among us. No one is leaving until we find this person."

Mrs. Tao nodded as well. "This is abominable conduct, stealing something like this. If we don't catch this person now, they'll only do worse things in the future!"

Lady Gu said, "In that case, we should search everyone!"

#### **Chapter 2342: Untitled**

"The thief must still be in the room, and they have to have the bracelet on them. Search everyone, and we'll find the thief."

Mrs. Tao nodded. "I agree."

Old Mrs. Gu said, "I'm sorry for causing everyone so much trouble. If you've been sitting down, please remain seated. We'll only search the people who have been walking around."

Only a few people fit that category. They were Feng Wu, Duan Chaoge, Feng Qi, and Tao Qingqing.

Feng Qi volunteered. "Go ahead! I didn't steal anything! I have nothing to hide!"

Miss Tao didn't like the idea at first, but hearing what Feng Qi said, she said arrogantly, "I didn't steal it either, and nothing can change that!"

Immediately, everyone looked at Chaoge and Feng Wu.

"Xiao Wu..." The looks in their eyes gave Chaoge the creeps. "What should we do now?"

Feng Wu smiled. "Let them search."

Chaoge nodded. "That's right. Let them search. We didn't take anything."

Feng Wu looked at her and smiled in resignation.

The girl was so naive. She would never be able to survive this cruel world on her own.

The person frisking them was Granny Zhu, who was Mrs. Gu's personal maid.

Chaoge said, "Search me first!"

Feng Wu knew that Chaoge would be safe.

Because she was the Gu family's target, and they wouldn't waste any energy on Chaoge.

As expected, nothing was found on Chaoge.

Granny Zhu looked at Feng Wu and Tao Qingqing.

Miss Tao was as proud as a peacock. She pointed at Feng Wu and said, "I don't mind being searched, but she has to be searched along with me!"

Granny Zhu looked at old Mrs. Gu.

The old lady nodded.

Old Mrs. Gu told Suxiang, Mrs. Gu's maid, to search Miss Tao.

Granny Zhu would search Feng Wu.

When Granny Zhu frisked Chaoge, she did it very quickly. It only took her a few seconds to finish the job, but it was a different story with Feng Wu.

She started from Feng Wu's hair and carefully worked her way down.

The longer it took, the more flustered Granny Zhu became.

She couldn't find anything...

How could that be?

When everyone's eyes were covered, Granny Zhu had put the bracelet in Feng Wu's sleeve, but it wasn't there anymore!

Granny Zhu was almost in tears...

Feng Wu smiled at her. "You've been staring at my sleeve. Is there anything wrong with it?"

Granny Zhu was speechless.

Feng Wu took off her outer robe and handed it to her. "There. Take a closer look."

Granny Zhu took the robe in resignation.

She searched every inch of it but found nothing.

She then searched Feng Wu one more time, but to no avail.

Granny Zhu was speechless.

What was she supposed to tell the old lady?

Old Mrs. Gu was staring at Feng Wu. She was waiting for Granny Zhu to find the bracelet, and she would pretend to pass out. That way, they could blame everything on Feng Wu.

However, Granny Zhu never found the bracelet, and the old lady couldn't carry out her plan.

## Chapter 2343: Untitled

Just then, Suxiang, who was frisking Tao Qingqing, cried out, "Found it!"

Those words caught everyone's attention.

She held a small brocade box in her palm. It was just big enough to fit a bracelet.

However, the bracelet had never been in a box, so it couldn't be what the old lady was looking for...

And the old lady realized what that brocade box was.

Realizing that things were getting out of hand, she gestured at Suxiang, trying to stop her.

But Feng Wu would never let that happen.

A small stone appeared under Suxiang's feet.

"Ahhh —"

Suxiang tripped and fell, and the box flew out of her hands. It shattered, and the content fell out.

"Gosh. What's that?"

Soon, the crowd realized that something was wrong because they heard strange breathing sounds coming from the box.

It was the sound of people moaning and groaning.

All the married women in the room immediately knew what it was.

But Feng Qi didn't, so she picked it up.

She took a look and was almost frightened to death.

"Ahhh!!!"

She screamed and stared at Tao Qingqing in disbelief. "You're so filthy! I didn't know that you were this kind of girl!"

Tao Qingqing was utterly confused.

Filthy? Had Feng Qi lost her mind? She rolled her eyes at Feng Qi.

Meanwhile, Lady Gu was dumbfounded.

She had spent a small fortune on this Spiritual Fossil Stone and had gone to a brothel to record the scenes. It was going to be used to set Feng Wu up.

Feng Wu was already being slandered for flirting with Jun Linshen; if the others believed that she was watching such things, her reputation would be ruined forever.

And if they incriminated her for stealing, Feng Wu would be destroyed for good.

However, they had just found the Spiritual Fossil Stone on Tao Qingqing.

Lady Gu was confused, whereas Tao Qingqing's mother panicked.

Tao Qingqing was dumbfounded when she saw what it was.

"How? How can I have that? It's not mine! Someone set me up!" Tao Qingqing grabbed her mother's hand and said anxiously, "It's not mine! Mother, help me!"

Mrs. Tao was almost in tears.

Tao Qingqing was her only daughter.

She was about to marry Prince Jun Linshen, and if it was believed that she carried something like this on her...

At that thought, Mrs. Tao almost fainted.

"Mother, it's not mine! Someone else put it there!" Tao Qingqing was scared out of her wits.

Mrs. Tao didn't have time to calm her down. She only wanted to shut down the recording now because the volume was at full blast.

Her face was scarlet red.

Old Mrs. Gu glared at Suxiang.

The old lady was behind everything, so naturally, she knew what was going on. That stone was supposed to be planted on Feng Wu.

They didn't need to ruin Tao Qingqing's reputation!

#### **Chapter 2344: Untitled**

Moreover, it would make the Tao family hate their family!

The Gu family had been trying to win the Tao family to their side, but now... Old Mrs. Gu felt like killing herself.

"Get that disgusting thing out of here and smash it! Now!" old Mrs. Gu shouted.

Some maids immediately carried out the order.

At that moment, Feng Qi was the only one who hadn't been searched.

"What's this?!" Granny Zhu finally found something on Feng Wu, and she snatched it from her.

It was a piece of paper.

That was the third trap for Feng Wu.

Old Mrs. Gu was finally reassured.

She was smart enough to have backup plans for the bracelet. The first was the stone, and the second was this piece of paper.

Technically, it was a letter that could prove that Feng Wu was a spy of the Dongsang Kingdom.

Even Lady Wang didn't expect the old lady to be so ruthless.

If Feng Wu was charged with treason, the entire Feng clan would be destroyed.

"Quickly! Show me the letter!"

Old Mrs. Gu couldn't wait to see it. She struggled to her feet and reached for the paper.

Granny Zhu handed the folded paper to her.

Feng Wu said, "Wait."

Old Mrs. Gu grabbed the paper and stared at Feng Wu with a frantic look in her eyes. "What? Are you afraid of me seeing it?"

Feng Wu asked, "You haven't opened it yet. How do you know that it's a letter?"

Old Mrs. Gu said, "We'll see after we read it."

Feng Wu shook her head. "That's my daily schedule. Please give it back to me."

Old Mrs. Gu couldn't wait to unfold the paper. She snorted and said, "What schedule? It's not a letter that shows you've been colluding with our enemies, is it?"

Before Feng Wu could object, she unfolded the paper.

Some distance away, old Mrs. Long frowned.

She felt that old Mrs. Gu was awfully desperate today, which wasn't like her usual self at all. Moreover, whenever old Mrs. Gu looked at Feng Wu, there was a ferocious look in her eyes.

What was going on?

Why was she targeting a child?

Mrs. Dugu and Mrs. Zuo both saw the excitement in each other's eyes.

This idea had come from Mrs. Zuo.

They were looking forward to seeing Feng Wu go down, but...

Old Mrs. Gu's face had darkened, and she remained silent.

Why?

What was going on?

Mrs. Zuo couldn't stand it anymore. She walked up to old Mrs. Gu as if she knew nothing and murmured, "What letter? I'd like to..."

However, she stiffened before she could finish.

That was because —

It wasn't a letter at all! It really was a daily schedule!

It was a plan from the time Feng Wu got up in the morning to when she went to bed at night. There was no empty time slot at all.

How diligent!

Mrs. Zuo was dumbfounded. She asked old Mrs. Gu with her eyes where the letter was.

Old Mrs. Gu was as dumbfounded as she was.

Of the two incriminating pieces of "evidence," the Spiritual Fossil Stone was found on Tao Qingqing. If word got out, Tao Qingqing would have no reputation left..

### **Chapter 2345 - Untitled**

The letter that was supposed to prove that Feng Wu was colluding with the enemy was nowhere to be found.

Old Mrs. Gu glared at Feng Wu.

Feng Wu remained as calm as ever. She smiled and held out her hand. "May I have my schedule back now?"

So, it really was a schedule.

Old Mrs. Long was intrigued. "May I have a look?"

Feng Wu nodded.

The more old Mrs. Long observed Feng Wu, the more she liked her.

She had figured out by now that most of the people in this room were targeting Feng Wu and were hostile toward her. However, the girl remained level-headed and never lost her composure.

How impressive.

Seeing the schedule, old Mrs. Long asked in surprise, "Do you really do all this on a daily basis?"

Feng Wu smiled and nodded.

"How amazing! No wonder you are at the level you're at, at such a young age. Only a person that can endure hardship can make great achievements," old Mrs. Long said.

She liked Feng Wu even more.

The other people were all impressed by Feng Wu's schedule as well.

She practically cultivated nonstop from early in the morning to midnight.

That changed their impression of Feng Wu.

Who wouldn't like a hard-working person?

“That’s it, then. The search has come up empty.” Old Mrs. Gu was troubled. She needed time to figure out her next move.

“Really? I don’t think so.” Chaoge smirked. “Feng Qi hasn’t been searched yet.”

Feng Qi shouted, “Duan Chaoge, what’s that supposed to mean?”

Chaoge said, “Why do you even ask? The three of us have all been searched thoroughly. Right, Granny Zhu?”

Granny Zhu looked back at the old lady.

Old Mrs. Gu rubbed her temples and nodded.

Granny Zhu gritted her teeth and said, “Yes. I didn’t find anything on Miss Feng Wu.”

Chaoge said, “So, Xiao Wu is innocent, right?”

Old Mrs. Gu wanted to choke Chaoge.

But everyone was watching, and she couldn’t lose her temper.

So she said reluctantly, “That’s right.”

The old lady gritted her teeth when she said those words, which showed how frustrated she was.

Chaoge said, “Good. Since the three of us are all innocent, Feng Qi must have the bracelet!”

Feng Qi said angrily, “Nonsense! Why must I have it?”

Chaoge sneered at her. “The four of us are suspects, and three of us have been searched. Since nothing was found, you must be the culprit! There’s no need denying it!”

Lady Gu said angrily, “Fine! Let Granny Zhu search her! I’d like to see what she can find!”

Granny Zhu would pretend to search Feng Qi.

### **Chapter 2346: Untitled**

However, Chaoge stopped her.

“That won’t do,” said Chaoge. “Feng Qi is the old lady’s granddaughter. Of course, you’re on her side. Even if she stole it, you’ll pretend that nothing happened and blame it on us. No, it can’t be you.”

Old Mrs. Gu frowned. If there weren’t so many people around, she would have had Chaoge killed, but she couldn’t do that while everyone was watching.

Therefore, she could only stare at Chaoge and Feng Wu. “What do you want, then?”

Chaoge snorted. “That’s simple. I’ll do the search.

“I’ll search Feng Qi. That should be fair,” said Chaoge.

Feng Qi smirked. "Why is that fair? What if you put something in my pocket? You're not frisking me!"

"What about my people?" asked a calm voice.

The crowd looked around and saw that it was Lady Northern Feng.

Lady Northern Feng smiled and pointed at her maid, Granny Tao. She asked old Mrs. Gu, "My lady, how would you feel if I let Granny Tao search Feng Qi?"

Old Mrs. Gu only wanted to make the whole thing go away as soon as possible so that she could move on to the next plan. She said, "Sure. Go ahead."

Granny Tao walked up to Feng Qi and smiled faintly. "Sorry about this, Miss Feng Qi."

Feng Qi spread her arms and said, "Just get it over with. I'm starving."

"Yes," Granny Tao said calmly.

Just like Granny Zhu did with Feng Wu, she started from Feng Qi's hair.

Old Mrs. Gu didn't like it and felt that Lady Northern Feng was deliberately mimicking her.

And she was right.

Granny Tao was indeed mimicking Granny Zhu.

Granny Tao had been with Lady Northern Feng for a very long time, and naturally, she liked Feng Wu. Moreover, with her experience in the imperial palace, she would never be intimidated by the Gu family.

Therefore, she took her time and searched Feng Qi for 15 minutes.

Feng Qi was so angry that her face turned red.

She would have lost her temper if she was being searched by another person. However, Granny Tao was from Northern Feng Mansion, and Lady Northern Feng was known for being unrelenting. Recalling how Tao Qingqing had been scolded by Lady Northern Feng, Feng Qi didn't dare make a sound.

Lady Gu was frustrated as well. In the end, she couldn't help but say, "My lady, I think that's long enough, isn't it?"

Lady Northern Feng glanced at Granny Tao.

Granny Tao nodded.

Lady Gu let out a breath of relief. "I knew that nothing would be found on her. Xiao Qi is a good girl. How could she steal anything? What a waste of time."

She even teased Granny Tao a little.

Old Mrs. Gu was relieved as well. "Maybe someone took the bracelet away. Let's broaden the search."

Granny Zhu nodded and was about to leave.

"That won't be necessary."

Granny Tao looked up at the old lady.

Old Mrs. Gu suddenly had a bad feeling.

She was right!

Granny Tao raised Feng Qi's right hand, and a bracelet dropped out of her sleeve.. Granny Tao caught it and said, "I frisked Miss Feng Qi for so long because I wanted to make sure that she didn't have anything else on her."

### **Chapter 2347: Untitled**

That was to say, she had found the bracelet at the very beginning, but had kept her silence and went on searching for other things.

Lady Gu was dumbfounded.

So was old Mrs. Gu.

Feng Qi was perplexed at first, but she soon denied it. "How can I have it?! It's impossible! I didn't take it!"

Granny Tao stared at Granny Zhu and asked, "Did you watch me the whole time when I searched Miss Feng Qi?"

Granny Zhu said, "Yes..."

Granny Tao then looked at Feng Qi. "Then what does Miss Feng Qi mean? Are you saying that I framed you?"

"No, I'm not. But I didn't take the bracelet! I..." Feng Qi grabbed her mother's hand and burst into tears. "Mother! It wasn't me! I'm not the thief!"

Of course, Lady Gu knew that. Moreover, they were supposed to find the bracelet on Feng Wu.

Because she was the one who put it in Feng Wu's sleeve!

How did Feng Qi end up with it?

Feng Qi was scared out of her wits. "Shouldn't it be in Feng Wu's sleeve? Why do I have it? It's you! You put it there and set me up, didn't you?!"

Feng Qi glared at Feng Wu.

However, Feng Wu only shrugged. "My dear cousin, can you tell me why you know that I was supposed to have the bracelet, and why I would want to frame you?"

Feng Qi scratched her head in a fluster, but she didn't have any proof.

And Lady Gu knew that as well.

She and old Mrs. Gu looked at each other, and both were frustrated.

They had thought that the three plans would be enough to take Feng Wu down, but none of them worked in the end.

That girl was unbelievable!

Knowing that they had failed, old Mrs. Gu glanced at Feng Qi and said, "You naughty girl. You could have told me that you liked the bracelet, and I would have let you play with it! Taking it like that will make people mistake you for a thief!"

She then scolded Lady Gu. "At her age, you need to be more strict with her. What if she starts taking other people's things back home?"

The old lady had been talking about catching the thief, but she tried to downplay it now that the bracelet was found on Feng Qi.

Old Mrs. Long frowned.

She didn't say anything, but that didn't mean that she didn't know what was going on.

It was very petty of old Mrs. Gu to behave like this.

Feng Wu, who had kept her silence until then, asked curiously, "Is that bracelet really the one you lost?"

Old Mrs. Gu wanted to say that it wasn't, but everyone had heard what she said earlier, and she couldn't admit that she had been lying to all of them.

She could only nod and say, "Yes, that's the one. She's such a careless girl."

While her grandmother and mother wanted her to admit that she had taken the bracelet, Feng Qi didn't want to do that.

She didn't want to be seen as a thief!

Because she hadn't done it.

She grabbed the bracelet and shouted, "I told you already! I didn't take it! I don't know why I have it..."? *Crack!*

#### **Chapter 2348: Untitled**

*Whoosh!*

Everyone looked at her right hand.

Because Feng Qi had just crushed the bracelet in her hand!

The bracelet had shattered into pieces.

"How could that happen?"

"Didn't the old Mrs. Gu say that it was a family heirloom?"

"Isn't it supposed to have a storage space inside? Something like that shouldn't be broken that easily!"

“And if that bracelet is broken, the stuff inside should fall out. Didn’t old Mrs. Gu say that it contains a secret skill? Where is it now?”

Chaoge watched in disbelief.

Gosh!

What did that mean?

“Xiao Wu, who’s lying now?” Chaoge was confused. “Old Mrs. Gu said that the bracelet we found on Feng Qi was the one she lost.

“She also said that it was a family heirloom, hence all the fuss.

“But Feng Qi just crushed it with her bare hand. That’s enough to prove that it’s a fake bracelet...

“I’m so confused. Xiao Wu, is the old lady lying?”

Chaoge was genuinely confused.

Feng Wu had to fight very hard to stop herself from cracking up.

She glanced at old Mrs. Gu.

The old lady looked very embarrassed.

If Chaoge could see it, so could everyone else.

Old Mrs. Long was very disappointed.

She decided that old Mrs. Gu had become a dotard and couldn’t be trusted anymore.

Mrs. Zuo sighed inwardly. The players on her side were simply too stupid. What could she do?

In the end, she still needed to find a way out for old Mrs. Gu.

“My lady, do you usually wear a fake one at home when you walk around?” Mrs. Zuo reacted quickly and gave the old lady a hint.

Old Mrs. Gu was too angry to understand it.

But Mrs. Gu did.

Although she didn’t like it, she still had to make up an excuse for her mother-in-law.

She said, “That’s right. That Dragon Phoenix Bracelet is too precious to be carried around, so I made a duplicate for her to wear on a daily basis. The two are almost identical.

“It’s my mother-in-law’s birthday today, so I’m sure that she was going to wear the genuine one. I guess she mixed up the two pieces and wore the duplicate instead.”

That explanation successfully saved the old lady.

It made sense that the old lady wouldn’t want to destroy the real piece accidentally.

Feng Wu couldn't help but glance at Mrs. Gu.

Mrs. Gu smiled at Feng Qi. "If Xiao Qi hadn't destroyed it, we would never have known that it wasn't the genuine one... Well, it's getting late..."

After that, Mrs. Gu wanted to say that it was time to end the banquet.

### **Chapter 2349: Untitled**

However, old Mrs. Gu didn't realize what her daughter-in-law was trying to do. She smiled and said, "There's no rush. Please get some rest. We have a great banquet for you tonight."

Chaoge's eyes widened.

Seriously?!

The old lady was so stubborn!

Had it not been for Mrs. Gu, the old lady would have been utterly humiliated. However, she still wouldn't give up.

Chaoge looked at Feng Wu, who shrugged at her.

Old Mrs. Gu smiled at Feng Wu and rubbed her hair when she walked past her. "Xiao Wu, you haven't been here for quite some time, and I see that you're not as familiar with us as before. You'll get used to it after you stay here for a few days. It was Feng Qi's fault just then, and she almost incriminated you. As her older cousin, you should talk to her more often. I'll be much more reassured if the two of you can get along well."

After that, she left with Granny Zhu.

The crowd scattered as well, and Chaoge was the only one who looked like she had just been struck by lightning.

She had gone very stiff.

She only let out her breath when they were shown to their own room.

"OMG!"

Chaoge let out a breath of relief.

"I can't believe how shameless that old woman is! She just won't be defeated!"

Chaoge sat down and started complaining. "I can't stand her little speech!

"She actually asked you to stay here for a few days, as if you haven't run into enough danger here!

"And she said that you and Feng Qi should get along with each other. Doesn't she know how many grudges you have against each other?"

Chaoge moved her chair closer to Feng Wu and said, "Xiao Wu, I just don't get it."

Feng Wu said, "What?"

Chaoge said, "It's so obvious that the old lady is trying to kill you, and so is Lady Gu. Lady Wang is probably on their side as well. Mrs. Dugu and Mrs. Zuo are up to no good either. This place is so evil. Can't we leave now?"

Feng Wu chuckled. "Why?"

Chaoge said, "Because..."

Feng Wu said, "Did I lose the first round back there?"

Chaoge shook her head.

It had been very dangerous, but as it turned out, that Spiritual Fossil Stone had been found on Tao Qingqing. With so many people in the room, word would get out eventually, and Tao Qingqing's reputation...

"Tao Qingqing called you frivolous, but she was caught with that stone. That's karma," said Chaoge.

Feng Wu said, "Karma had nothing to do with it."

Chaoge said, "What do you mean?"

Feng Wu said, "It was me."

Chaoge had speculated that Feng Wu had done something. She burst out laughing after Feng Wu admitted it.

"I knew that it couldn't be just a coincidence! Xiao Wu, you're wicked! You put the bracelet on Feng Qi as well, didn't you?"

Feng Wu said, "That's right. I was worried that the old lady wouldn't admit it, so I crushed the bracelet beforehand, but I made it look fine on the outside.."

### **Chapter 2350: Untitled**

Chaoge said, "Given Feng Qi's bad temper, she can never stand it when she's wrong. So, she tightened her grip, and the bracelet cracked!

"You really were involved in everything, weren't you?" Chaoge patted Feng Wu's shoulder. "You're brilliant!"

Qiuling came in with some tea.

Chaoge finally stopped laughing and asked Feng Wu, "What do you think their next move will be?"

They were outnumbered here, so they had better be careful.

Feng Wu shook her head. "I have no idea."

Chaoge asked, "What? Are we not leaving?"

Feng Wu said, "The Gu family won't be able to stop me if I want to go, but I actually want to stay."

Chaoge asked, "Why?"

Feng Wu said, "If we leave now, the best we can do is humiliate old Mrs. Gu a little. For a shameless person like her, it's nothing. In that case, all my efforts will go to waste."

Chaoge said, "So, you're saying..."

Feng Wu said, "I have something bigger in mind."

Chaoge was perplexed.

Feng Wu said, "Lord Gu is forcing my mother to marry him. For that, he should be killed!

"Old Mrs. Gu tried to set me up, and I can't let her live!

"Lady Gu is one of the main culprits, and I won't forgive her either!

"Many people in the Gu family should disappear forever." Feng Wu smiled at Chaoge. "This is too good an opportunity to waste."

"What?!"

Chaoge couldn't believe her ears.

"Did you just say that you're going to destroy the entire Gu family?" Chaoge raised her voice.

"Do you want everyone to hear you?" Feng Wu rolled her eyes at her.

Chaoge immediately covered her mouth, but there was still a look of disbelief in her eyes.

Qiuling couldn't believe it either.

She had always known Feng Wu was very smart, but she had never expected her to try and take down the entire Gu family!

Feng Wu shrugged. "Lady Gu is creating too much trouble, and the Gu family has her back. If that family is gone, she'll be much easier to deal with."

Chaoge said, "I know that, but it's the Gu family we're talking about here. They're one of the ten major clans! How are you supposed to bring them down?"

Even Chaoge was intimidated by the idea. "Xiao Wu, how about we slow down a little?"

Feng Wu shook her head. "As far as I know, the Gu family has already formed an alliance with the Zuo family. If I let it happen, things will turn against me. I have to get rid of the Gu family now."

Feng Wu had gotten the information from Xuan Yi when she went to the intelligence department earlier.

Chaoge said, "Then what are you going to do?"

Feng Wu chuckled. "It may seem difficult, but with the right method, it can be quite easy."

Chaoge said, "I don't understand..."

Feng Wu clenched her fists.

What would happen next was going to be very exciting.

She looked forward to that night.

After dinner —

There was a knock on the door.

"They're here!" Chaoge looked like a cat with its hackles raised.

Feng Wu patted her shoulder. "It hasn't started yet.. Calm down and answer the door."
