Chapter 2431: Miserable Feng Wu

"I haven't seen him."

Mrs. Zuo wanted to slap Granny Tao.

"Could they have gone to Phoenix Yard directly?" That was Mrs. Zuo's last hope.

Granny Tao smiled bitterly and shook her head. "If that was the case, Miss Qingluan wouldn't have smashed all those dishes."

Mrs. Zuo shook her head and began to panic.

If His Royal Highness didn't come, she couldn't imagine what would happen.

"Go find my husband! And send people to the crown prince's residence, Northern Feng Mansion, and Lord Xuan's manor! If His Royal Highness doesn't come in the end, you have to get Feng Xun and Xuan Yi here, even if you need to kidnap them!"

"Yes!" Granny Tao immediately went off to give out the order.

Meanwhile —

Where was Feng Xun?

And where was Xuan Yi?

They were both at the crown prince's residence.

"Boss Jun, it's Xiao Wu's birthday today. Aren't you going to tell her happy birthday in person?" Feng Xun tried to take Jun Linyuan to Feng Wu.

The crown prince was his usual self and refused to admit his feelings. He glanced at Feng Xun and waved him off. "That won't be necessary."

Feng stood by his side and looked down at his feet.

He was venting his sarcasm inwardly.

Before Feng Xun arrived, Jun Linyuan had changed outfits 13 times. The robes were either the wrong color or of poor design. He ended up complaining to the tailors.

His Royal Highness had never tried on different clothes before.

Feng Xun grabbed Jun Linyuan's arm. "Just come with us, and let's celebrate Xiao Wu's birthday for her. You have no idea how busy the Zuo family is today. On my way here, I saw that all the carriages were going that way.

"Nearly all the nine major clans have sent someone to attend the party. Xiao Wu is so miserable in comparison. Her family doesn't like her either. I bet she's all alone right now."

Jun Linyuan frowned a little.

Feng knew that it was time for him to make an excuse for his young master, so he suggested, "Your Royal Highness, your celebration plan for Miss Feng Wu will soon take place. Would you like to go to the Feng family and see the effect in person?"

Jun Linyuan glared at him. "My plan?"

"Of course it's your plan! You stayed up all night for it!" thought Feng.

But he knew the crown prince too well, so he immediately said, "I mean, Young Lord Feng's plan."

Anyway, once those people cashed in the vouchers, they would still need to come to the crown prince's residence. Everyone would know then that the crown prince had funded the event...

Feng Xun said, "Boss Jun, just come with us. I feel so sorry for Xiao Wu! She's my sister, and you're my best friend! Won't you do me this favor?"

The crown prince rolled his eyes at him. "Let go, and I'll go with you."

Fallen Star Yard.

Feng Wu was cooking today.

She had never felt the necessity of celebrating birthdays. As a result, only the people very close to her knew her birthday.

She made two bowls of noodles, one for herself and the other for her mother. It was to thank the beautiful lady for giving birth to her.

Then, she moved on to the spicy dishes.

"Miss, the Zuo family is very busy today.." Qjuling chatted with Feng Wu as she chopped up the peppers.

Chapter 2432: They're Here (1)

Feng Wu loved Sichuan dishes, but she didn't have time to cook them too often,

so she taught Qjuling how to make them.

Qjuling was almost as good as Feng Wu, but Feng Wu was still the best.

Therefore, Feng Wu decided to cook everything herself today.

After chopping up the peppers, Qjuling moved on to sorting the vegetables.

She told Feng Wu, "The Zuo family is very busy today because it's Zuo Qingluan's birthday."

She sounded upset when she said, "Every year, the Zuo family has a big celebration, telling everyone that it's her birthday."

Feng Wu rolled her eyes. "Why do you even care?"

Qjuling was already an excellent cultivator, and many people had been trying to acquire her. She could easily become a core disciple in any family or sect, but here she was, doing housework like a common maid.

Qjuling added, "I heard that His Royal Highness is going to celebrate Miss Zuo's birthday with her!"

Feng Wu felt a dull pain in her chest. "Is that so?"

Qjuling said, "That's right. They all say that His Royal Highness is very close to Miss Zuo, and they'll soon be engaged. But how can that be? You're already engaged to His Royal Highness!"

She tried to comfort Feng Wu. "Miss, please don't be sad."

Feng Wu rolled her eyes at Qjuling. "Why should I be sad? It's not like I actually like him!"

"Is that so?" Qjuling wasn't convinced.

She noticed that Feng Wu was very serious today

Usually, she would chat happily while she was cooking.

Their initial plan was to make six dishes, but Feng Wu came up with another four and made ten in total.

There was fish, meat, tofu, and more meat..

Every dish was covered with red chili, and the aroma made one's mouth water.

The beautiful lady had already taken her seat. Her slender hands were in her lap, and she had the most elegant posture, which reminded one of a white swan.

However, she was practically drooling over the dishes.

Like a five-year-old.

Seeing this, Feng Wu felt her spirits lift. "I wished Xiaoqi were here, but traveling with Grand Secretary Fang must be very helpful to him."

However, the beautiful lady acted as if she couldn't hear Feng Wu.

Feng Wu then picked out some food for her.

Although she loved Feng Wu's food, she only had the appetite of a bird.

Feng Wu then took off her apron. "Til go get the elders."

Chaoqe said, "I thought they never left the restricted area."

Feng Wu chuckled. "Til invite them; it'll be up to them whether they want to come here or not."

After all, it was New Year's Eve.

She handed the apron to Chaoqe and jumped out the window, soon disappearing into the night.

In the restricted area.

The noise outside only made this place feel more lonely.

The three elders were Elder Breeze, Elder Jing, and Elder Grain.

Chapter 2433: They're Here (2)

Where Feng Wu was concerned, Elder Breeze remained neutral, and Elder Jing was on her side. Elder Grain used to support Feng Yanfeng, but after what happened previously, his attitude toward Feng Wu had changed, though he would still pick on her from time to time.

"Eat outside? No way!" Elder Grain shook his head when he heard the suggestion. "Kiddo, we can't leave this place.

"Plus, you can't buy me off with a single meal!

Feng Wu sat down in front of him and grinned. "But didn't you tell Feng Yanfeng off for me already?

Elder Grain said, "That was because he crossed the line! I wasn't helping you!"

He crossed his arms and raised his chin.

Feng Wu wanted to laugh, but she fought it back. She knew that the old man would be mad at her if she burst out laughing now.

Making the trip here had cheered her up.

She brushed away her frustrated thoughts and asked, "Are you really not coming? Today is my birthday."

Birthday? Elder Jing was persuaded.

Elder Grain said, "I won't go even if you were getting married today!"

Feng Wu said, "Fine. Here's an appetizer for you. If you like it, there's more in Fallen Star Yard."

She had packed a tiny portion of each dish, but they still looked very delicious.

Seeing that she was leaving, Elder Grain grumbled, "When are you going to pull yourself together?"

"What?" Feng Wu was confused.

Elder Grain glanced at her and said contemptuously, "Your fiance is celebrating another girl's birthday right now."

Feng Wu was speechless. Why did she have to hear this even when she was no longer in Fallen Star Yard?

She made a mental note to blame it on Jun Linyuan. Then she asked curiously, "How do you know that it's Zuo Qingluan's birthday today?"

Elder Grain said smugly, "Since your last visit, I've been in charge of gathering information. I know everything"

He still held a grudge against Feng Yanfeng for trying to fool him. He couldn't be bothered to deal with Feng Yanfeng just yet, but that didn't mean that he had forgotten about it.

Feng Wu said grumpily, "Why do you care about such gossip? If you have the time, work on your cultivation! The entire clan is counting on you lot!"

She didn't want to linger on the subject, so she turned to leave.

Elder Grain said, "I know what you're doing. Your man was stolen by some flirtatious woman, so you're lashing out at me."

Feng Wu clenched her fists.

She told herself to calm down, but she wanted to shout at Jun Linyuan.

Elder Jing glared at Elder Grain. "Why did you say that?! The girl is already so sad, you should be gentle! What if she cries?!"

Feng Wu wanted to tell them that she wasn't sad at all.

Elder Grain grumbled, "I just can't believe it! That Jun Linyuan boy is the most excellent cultivator ever, and he should marry our girl, not that Zuo Qingluan!"

Elder Jing gave him some of the food Feng Wu brought. "Just eat your dinner."

"Gosh! It's so good!" Elder Grain's eyes widened.

Chapter 2434: They're Here (3)

When Feng Wu returned to Fallen Star Yard, she heard cheerful activity inside.

Feng Xun said, "That's hilarious! Chaoge, guess what? We all received her invitation!"

Chaoge said, "So, did you come here after you went to her party?"

Feng Xun said, "Of course not! We never went there! We weren't anywhere close to that house!"

Chaoge said, "But everyone has been saying how much His Royal Highness likes that sacred lady! Not only was he going to attend the party, he was also going to give her a gift! And

Feng Xun said, "And what

Chaoge said, "And I heard that His Royal Highness was going to announce today that he was going to marry Zuo Qingluan."

"Nonsense!" Feng Xun grew agitated. "Of course not! Boss Jun is going to marry Xiao Wu. He'll never marry that pretentious woman!"

Chaoge looked at Jun Linyuan.

Jun Linyuan glanced at her with his brooding eyes.

Chaoge sucked in her breath.

She dared to bicker with Feng Xun, but she was intimidated whenever Jun Linyuan was present. She didn't even dare to meet his gaze, let alone question him

So, Jun Linyuan hadn't gone to the Zuo family. Feng Wu raised her eyebrows.

Who's out there?

"Me. Feng Wu walked in

She walked into the courtyard to meet Jun Linyuan's brooding eyes. She felt that he could see right through her.

What was that supposed to mean?

She looked away to avoid his gaze.

Why are you here?

She tried to walk past Jun Linyuan to sit on the other side, but Feng Xun wouldn't let her.

He pressed her down in the empty chair next to Jun Linyuan and chuckled.

"Where do you think you're going? Here's your seat!

Why should she sit next to Jun Linyuan? Feng Wu glared at Feng Xun and asked, "Why must I sit here?"

It was as if she had been labeled Jun Linyuan's girl. Feng Wu decided that she would like someone else; she couldn't afford to have such a connection with him.

"Of course you have to sit here." Feng Xun grinned. "His Royal Highness is the most prestigious person here, so he has to take the host seat. You're the birthday girl, so it only makes sense that you sit in the second-best seat."

Feng Wu blushed.

"Am I wrong? Where else should you sit?" Feng Xun looked confused.

Feng Wu wondered if he was saying it on purpose.

To avoid embarrassment, she changed the subject. "Shouldn't all of you be with the Zuo family right now?"

Feng Xun snorted.

He sat right next to Feng Wu and was very close.

Feng Wu asked, "What's that look on your face?"

Feng Xun sighed. "Why do you even ask? For her birthday, Zuo Qingluan and her mother each sent us an invitation, but what about you? You didn't even send us a note!"

Feng Wu said, "Well

Chapter 2435: They're Here (4)

Feng Xun snorted. "We wouldn't have come here if we hadn't felt sorry for you.

We knew that you would be so lonely."

Feng Wu said, "But I'm not lonely at all

Feng Xun said, "Of course you're lonely. All the influential figures of the imperial capital are at the Zuo residence, and you're all on your own. If we hadn't come here, your place would look abandoned!"

Feng Xun took a bite of the fish as he teased Feng Wu.

This whole time, Feng Wu could feel a pair of eyes on her.

She felt her cheeks heat up.

But she didn't look back and pretended that she couldn't feel it.

For some unknown reason, the more intense the gaze, the longer she spoke to Feng Xun.

She said, "Why do I get the feeling that you're here for my food instead of me?"

Feng Xun chuckled, awkwardly. "It's the same thing. It's the same thing"

Soon, the ten dishes were eaten up, and there was only some gravy left on the plates.

Her eyes unexpectedly met Jun Linyuan's gaze.

This time, he quickly looked away.

Feng Wu was surprised. Would someone like him feel shy?

Was he? Feng Wu couldn't be sure.

But soon, the crown prince came back to his senses, and he turned his aggressive gaze on Feng Wu again.

Feng Wu now decided that she must have been seeing things. Of course the man couldn't feel shy.

While Xuan Yi was observing them, Feng Xun was busy cleaning the plates. He didn't notice any interaction between Feng Wu and Jun Linyuan.

Feng Xun said, "Xiao Wu, you should really make some friends. We're the only

people that would celebrate your birthday with you.”

Feng Wu wanted to smack him on the head.

Feng Xun said, “You don’t even have a visitor from your clan. You really don’t get along well with your family members.”

How blunt.

He said, “How about we make a bet? I’ll lose if you have one visitor from your clan. How about that?”

Feng Wu wouldn’t respond.

Feng Xun said, “If you win, I’ll help you whenever you have to face Zuo Qingluan. And if I win, you have to do something for me.”

Feng Wu chuckled. “Deal.”

Just then, they heard footsteps outside.

“Xiao Wu, where’s the food you promised us?”

Elder Jing walked in, followed by the reluctant Elder Grain.

Feng Xun’s eyes widened. Who were these people?

Elder Jing and Elder Grain also stared at them in bewilderment.

Before, when they were cut off from the outside world, they hardly knew anyone, but since they started gathering information, they couldn’t avoid hearing these teenagers’ names.

“Jun Linyuan?” Elder Jing’s eyes lit up.

Jun Linyuan had obviously recognized them, and he looked amazed, but he soon regained his poise.

Chapter 2436: Untitled

Even when facing the elders, the crown prince remained seated in the host seat. He nodded at the two old men.

That was the most polite greeting he could offer.

Elder Jing didn’t think much of it, but Elder Grain was surprised.

Wasn’t Jun Linyuan the crown prince who had been seduced by that Zuo girl?

Elder Grain stared at Jun Linyuan and wanted to give him a speech, but when he saw the look in his eyes, he backed off.

Feng Wu glanced at Feng Xun. "You lost."

Feng Xun felt like he had just slapped himself.

Elder Jing turned to look at Feng Wu. "Can't you be a little more generous? You only gave us a mouthful of each dish, and we barely tasted everything before the plates were empty. Elder Grain was so grumpy."

Elder Grain grumbled, "No, I wasn't"

Elder Jing said, "Fine. You weren't. Someone else was too embarrassed to come here alone and forced me to come with him."

"Feng Lanjing!" Elder Jing stomped his foot in frustration.

Elder Jing chuckled. "Whatever you say. Xiao Wu, where's our food?"

Seeing that Elder Breeze wasn't here, Feng Wu knew that the chief elder must have stayed behind to guard the restricted area.

She was speechless when she saw the empty plates on the table.

Since when did Feng Xun lick the plates clean?

"I'll cook something right now. Just wait here. Feng Xun, you chat with the elders. Qiuling, come and help me in the kitchen." Feng Wu gave them a nod before going into the kitchen.

Elder Jing looked amazed when he saw Qiuling.

"That's a very talented girl."

Elder Grain nodded, "Yes, she's much better than some of the kids of our clan. I don't know what's happened to this clan, but the younger generation is such rubbish."

Feng Xun patted Elder Grain on the shoulder. "What should I call you?"

Elder Grain glared at him. How rude!

Elder Jing looked Feng Xun up and down. "You're Feng Beiting's son, aren't you? How's your dad doing?"

Feng Xun asked, "Do you know my dad?"

Elder Grain said, "I even know your grandpa. We had an epic fight here in the imperial capital once. Didn't your grandpa tell you anything?"

Feng Xun stuttered, "Are – are you Feng Chengu? That makes him Feng Lanjin;

"You've finally figured it out." Elder Grain put a few peanuts into his mouth.

"I remember that many excellent cultivators died in that battle, and the rumor was that the two of you also..."

Elder Grain said, "Do people still know us?"

Feng Xun said, "Of course! You're two of the most famous cultivators ever! I didn't expect to see you alive!"

He was glad that the two old men liked Feng Wu.

'They could help her greatly in battle.

Less than an hour later, Feng Wu started serving new dishes.

Chapter 2437: Good News

She made another ten dishes and made sure that there was enough to fill everyone's stomachs.

After she sat down, Feng Xun glanced at her. "Xiao Wu, today is your birthday, and we've prepared —"

Boom!

Before he finished speaking, fireworks filled the sky.

Feng Wu looked over her shoulder and saw the colorful fireworks. The pattern formed a few letters that said "happy."

What?

Feng Wu didn't know who was firing them.

Moreover, she was amazed that people of this age could actually use fireworks to form words.

Jun Linyuan glanced at Feng Xun in satisfaction.

Feng Xun was rendered speechless.

He felt that something was off, because the first word was supposed to be "Feng."

Boom!

Soon, the second wave of fireworks was in the sky, and formed the second part of the word: "ness."

Feng Xun grew uneasy. Were those fireworks of the Zuo family?

Meanwhile —

Mrs. Zuo was panic-stricken.

She had bragged that the crown prince would definitely be there.

She even told the others that the crown prince would propose to Zuo Qingluan tonight, which was why all the guests were here.

'They were here for the crown prince!

Even Mrs. Dugu was anxious. She led Mrs. Zuo to the side and asked, "Will His Royal Highness come tonight?"

Mrs. Zuo said, "I don't know!"

Mrs. Dugu said, "You don't know? How can you not know?! Didn't you say that the crown prince would definitely be here? We'll be so humiliated!"

Mrs. Zuo said, "We sent an invitation to the crown prince's residence, and Qingluan says she sent one as well."

Mrs. Dugu asked, "Then what did the crown prince's residence say?"

Mrs. Zuo fell silent. In fact, the crown prince's residence never gave any reply. She had only been so certain because Zuo Qingluan said so.

Mrs. Dugu said, "I hope they'll be here soon. Mrs. Tao is already asking questions. If His Royal Highness still doesn't come, the other families will grow doubtful as well."

While the two of them talked behind a tree, several other guests were discussing among themselves.

"Do you think His Royal Highness will come tonight?"

"I think so. Isn't the crown prince going to propose to Miss Qingluan?"

"But we're already halfway through the banquet. Shouldn't His Royal Highness be here already?"

"If everything turns out to be a lie, Miss Qingluan will be so humiliated."

Mrs. Zuo was furious when she heard the conversation, but she couldn't retort.

She was supposed to be the elegant lady of the Zuo family and couldn't shout and curse like a commoner. Moreover, they were right. His Royal Highness still hadn't arrived.

"Luan, why are you out here?" Mrs. Dugu was surprised when she turned around and saw Zuo Qingluan.

Under the flickering lights, Zuo Qingluan looked rather scary.

Before Zuo Qingluan could say anything, Mrs. Zuo's maid arrived in a hurry and said, "My lady, I have good news!"

Chapter 2438: Mistaken

"My lady, I have good news!" Granny Tao grabbed Mrs. Zuo's hand and was trembling in excitement.

Mrs. Zuo took a deep breath. "Is His Royal Highness here? Is he?"

Granny Tao shook her head. "It's better than that! I heard that Young Lord Feng has been preparing for a very big celebration, and it's happening tonight! All the common people of the imperial capital will take part!"

Mrs. Zuo shook with excitement as well. She took another deep breath and said, "Keep going!"

Granny Tao said, "Yes. The steward of the Northern Feng Mansion is instructing people to carry things to the central square. I saw some silver, gold, and spiritual stones. According to the steward, they're all going to be prizes!"

Mrs. Zuo asked, "What prizes?"

Granny Tao said, "I was confused at first as well, so I asked him. He said that Young Lord Feng was asked to hold a birthday celebration tonight, and is even giving out gift envelopes. The vouchers can be cashed in on the spot, and the total value is 100 million coins!"

"100 million coins?!" Mrs. Zuo was so excited that she almost fainted.

"The imperial vault might not have that much cash.

The total value of Zuo Qingluan's gifts was less than a million, but Feng Xun was giving out 100 million!

"The common folk have gone insane, and they're all heading for the central square!" said Granny Tao.

Mrs. Zuo said, "Did you say a birthday party? Is Young Lord Feng celebrating someone's birthday?"

Granny Tao said, "That's right!"

Mrs. Zuo took a deep breath and forced herself to calm down. "And today is..."

Granny Tao said, "It's Miss Qingluan's birthday today!"

Mrs. Zuo said, "But why would Young Lord Feng..."

Mrs. Dugu chimed in. "Don't you get it? Northern Feng Mansion can't be that rich!"

Mrs. Zuo nodded, still perplexed.

Mrs. Dugu said, "It means that Young Lord Feng is doing it on someone else's behalf! Who else can come up with so much money?"

Mrs. Zuo still couldn't believe it. "What do you mean?"

Mrs. Dugu nudged her. "Stop making us envy you! Of course, it has to be His Royal Highness!"

"Congratulations, Mrs. Zuo and Miss Qingluan." Mrs. Tao heard the conversation because Mrs. Dugu didn't try to keep her voice down.

Mrs. Tao and Tao Qingqing stepped out to congratulate Mrs. Zuo and Zuo Qingluan.

Zuo Qingluan's face remained indifferent, but one could tell that she was in a good mood.

The other ladies followed suit and offered their congratulations.

Mrs. Zuo was over the moon, but she feigned a modest tone and said, "It can't be.. We must be mistaken.

Chapter 2439: That Heartless Boy

Mrs. Zuo said, "Don't say that. His Royal Highness doesn't really know Luan. This can't be for her. I'm sure you're all mistaken."

Mrs. Tao was almost devoured by jealousy, but she still had to offer her congratulations.

The other ladies did the same.

After all, jealousy was part of human nature.

How lucky could Zuo Qingluan be? She was already so talented, but now, she had also earned the crown prince's affections.

Tao Qingqing mumbled, "Why are they all saying that His Royal Highness is celebrating Miss Qingluan's birthday? He could be celebrating Feng Wu's."

Mrs. Tao nudged her with her elbow and gave her a warning glance.

"The Zuo family is already one of the most influential families, and now, they've earned the crown prince's support. Do you know how formidable that is? Don't offend Zuo Qingluan!"

Just then, the fireworks went off!

The resplendent fireworks formed two words in the night sky: Happiness forever.

Wait.

Mrs. Dugu pointed at the sky and told Mrs. Zuo, "Look, those words are lingering in the sky. They're another way of saying happy birthday, aren't they?"

Mrs. Zuo still feigned a humble tone. "Of course not. You guys are overthinking it..."

Mrs. Dugu smiled. "The fireworks are rising from the north and west gates, and the south and east gates haven't started yet. What do you think the remaining words will be?"

"I think it'll be Miss Qingluan's name," someone said.

The celebration event today had attracted the attention of the entire imperial capital.

Of course, Emperor Wu heard about it.

Right now, he was standing on the tallest building and looking down at the entire city.

He looked silently in the direction of the west and north gates.

Gao, the eunuch, didn't dare disturb his master. He fetched a thick cape and put it around Emperor Wu's shoulders.

Seeing the words in the sky, Emperor Wu said, "I heard that the Zuo family is holding a big party, and everyone is there."

Gao nodded.

Emperor Wu smirked. "They're very popular, aren't they?"

Gao lowered his head and didn't reply.

"I was told that Jun Linyuan prepared gifts for everyone to celebrate Zuo Qingluan's birthday?" Emperor Wu frowned.

Gao said, "That's what the rumor has been saying..."

"He never did such a thing for Xiao Wu's birthday. By the way, when is her birthday?"

Gao glanced at Emperor Wu.

Emperor Wu smacked his head. "That's right! Today is her birthday as well! Her mother had a difficult labor when she was born, and I sent an imperial physician to her home!

"Has Jun Linyuan lost his mind?!" Emperor Wu grew angry.. "He was so nice to Xiao Wu before, but now that Zuo Qingluan is back, he's all over her! What a heartless boy!"

Chapter 2440: It's Not "Qingluan"

"I'm going!" Emperor Wu stormed off.

"Your Majesty, where are you going?" Gao asked curiously as he helped Emperor Wu change into a casual outfit.

"Xiao Wu must be devastated now. My stupid son abandoned her; I can't live with that!" Emperor Wu put a hand to his chest.

Gao thought, "I think you're just looking for an excuse to see Lady Ling.."

Of course, he didn't dare to say that out loud.

Just then, fireworks rose above the south gate of the city and turned into two words: Birthday girl

"Your Majesty, look!" Gao pointed at the sky.

Emperor Wu's face darkened. "So, I was right! He really is celebrating Zuo Qingluan's birthday! How can I have such a promiscuous son?!"

Gao cleared his throat, finding that description a little over the top.

Meanwhile, in the Zuo family.

Zuo Qingluan stood in the center of the crowd, and her otherworldly beauty made her look like a fairy.

Her clenched fists relaxed when she saw the two words.

His Royal Highness must be celebrating her birthday!

She could see the jealousy in everyone's eyes.

Tao Qingqing snorted inwardly.

That arrogant woman!

It was just some fireworks! Big deal!

At that thought, she became angry at Feng Wu.

You're so pretty and smart, how can you let Zuo Qingluan steal your fiance

That's just dumb!

On second thought, she wondered what would happen if Feng Wu's name appeared in the sky later. Everyone would be so shocked.

Unfortunately, that wouldn't happen.

Before Tao Qingqing was done criticizing Feng Wu in her head, fireworks rose into the sky above the east gate.

Boom!

Scarlet patterns filled the sky.

It was so resplendent!

Nothing could compare with it.

But!

The crowd was astonished when they saw the name in the sky.

Because the name in the sky wasn't Qingluan.

It was "Feng Wu"!

"Feng Wu! It really is Feng Wu!" Tao Qingqing was shocked.

So was everyone else.

Mrs. Dugu looked at Mrs. Zuo.

Mrs. Zuo felt like she had just been slapped.

Her brain seemed to stop working.

Everyone then slowly turned to look at Zuo Qingluan.

What was the expression on her face?

Deep down, she was furious and wanted to skin Feng Wu alive, but she forced herself to calm down because she was the graceful sacred lady of Firmament Palace and a true phoenix.

Feng Wu was nothing!

Zuo Qingluan, you must calm down!

Zuo Qingluan closed her eyes and took a few deep breaths. When she opened

her eyes again, her face was no longer twitching.
