Chapter 2461: Emperor Wu's Impression of Feng Wu

"Of course you should go. Why waste such a great opportunity?" Emperor Wu glanced at Feng Wu. "You have no idea how precious it is. People would kill for it."

Hearing what Emperor Wu said, Feng Wu had to say yes, but she didn't look very happy.

Emperor Wu was annoyed.

"Why are you so reluctant? Do you know how much people would pay for that opportunity? Even I..." No, I can't let her know. She'll laugh at me.

Emperor Wu felt so frustrated as he went back to the palace.

After some hesitation, he went to visit his mother.

His wives were there as well. At this hour, they were still keeping the empress dowager company. Everyone was chatting happily except for the old lady.

The consorts and Empress Dugu stood up to greet Emperor Wu.

Emperor Wu waved at them. "How lively. What are you talking about?"

Before Empress Dugu could answer, Concubine Oriole said, "Your Majesty, we were talking about the sacred lady of the Zuo family. Is she really that amazing?"

"The sacred lady? Zuo Qingluan, is it?" Emperor Wu knew more than his women and felt sorry for Zuo Qingluan.

With the gates locked, no one except for Emperor Wu could come into the palace, so the women here couldn't get any information.

Concubine Oriole had the voice of a singing bird, and her smile reminded Emperor Wu of Lady Ling. Because of that, Emperor Wu had favored her.

Now that he had seen the real Lady Ling, however, Concubine Oriole didn't seem that pretty anymore.

"Your Majesty, it's the sacred lady's birthday today. I heard that His Royal Highness was there as well!" Concubine Oriole didn't sense the change in Emperor Wu's mood. She held his arm and leaned toward him.

She heard that His Majesty didn't like Feng Wu, so she thought that he would like it if the crown prince and Zuo Qingluan were a couple.

Before Emperor Wu could reply, Empress Dugu said, "I heard that as well."

Of course, Empress Dugu would want Zuo Qingluan to marry Jun Linyuan. It would be like having an insider on Jun Linyuan's team.

She heard? Emperor Wu and Gao exchanged glances.

Concubine Oriole smiled. "I think Miss Qingluan and His Royal Highness will make such a perfect couple. Don't you think so, Your Majesty?"

Emperor Wu could tell that Concubine Oriole and Empress Dugu were a team.

He frowned. "Don't you know that the crown prince is already engaged?"

'Well.

Ever since the last time when Jun Linyuan talked about his engagement, the news had spread, but not many people believed it.

"Your Majesty, is Feng Wu really engaged to His Royal Highness?" Concubine Oriole asked the million-dollar question.

Hearing that, even the empress dowager was intrigued.

'As for what Emperor Wu thought of Feng Wu.

Before, Feng Wu and Zuo Qingluan were pretty much the same to him..

Chapter 2462: Who Is the Most Blessed Child In the Empire?

Because of the invitation from Master Linghu tonight, Emperor Wu preferred Feng Wu a little more.

He was already leaning toward Feng Wu.

He hadn't realized the change in his attitude, but.

"As for the engagement..." Emperor Wu put his hands behind his back and thought for a moment before he nodded. "It's true. The engagement was never annulled."

"We can't have that!" Concubine Oriole almost jumped to her feet. "Your Majesty, we have to do something!"

'The empress dowager glanced at her in approval, making a mental note to promote her when the time was right.

But Emperor Wu was displeased.

Nonetheless, he didn't let it show.

"Is that so? Why can't we have that?"

Concubine Oriole said, "Your Majesty, Miss Qingluan is the daughter of the Zuo family and the sacred lady of Firmament Palace. Apart from that, she's also a very capable cultivator, not to mention that she has the True Phoenix Blood!

"Your Majesty, if His Royal Highness's dragon bloodline is combined with the True Phoenix Blood, they'll have such amazing children!

"In comparison, Feng Wu has nothing!

“Yes, she can cultivate again, but so what? Even if we can look past her cultivation level and personality, she still doesn’t have the True Phoenix Blood. Your Majesty, we have to cancel the engagement!”

Emperor Wu’s gaze turned cold.

“How much did the Zuo family pay you to speak up for them like that?” Emperor Wu’s face darkened.

“Your Majesty, I never... I meant every word I said!” Concubine Oriole dropped to her knees and trembled.

“That’s enough.” Finally, the empress dowager spoke.

She glanced at Emperor Wu. “Concubine Oriole only made a suggestion; there’s no need to shout at her.” She then had Emperor Wu sit down next to her.

“Junjun is old enough to get married and have children. As for who he should marry, it’s not up to us to decide,” the empress dowager said indifferently.

“Really? Who gets to make the decision, then?” Emperor Wu smiled at her.

‘The empress dowager said, “Fate.”

Emperor Wu asked, “How does that work?”

‘The empress dowager said, “Master Linghu will know. I’ve been trying to become the first precant of the year to ask him, but...”

Emperor Wu glanced at his mother.

If Master Linghu represented fate, then Zuo Qingluan had already lost.

Even as they were speaking, Feng Wu was on her way to see Master Linghu!

‘The empress dowager said, “Master Linghu said that he was going to keep that place for the most blessed child in the empire. I wonder who that is.”

Empress Dugu said, “Maybe it’s Qingluan.”

The empress dowager’s eyes lit up.. “Really?!”

Chapter 2463: He Wasn’t There?!

Empress Dugu smiled. “When Qingluan came to see me earlier, she mentioned that she was going to Wandering Temple. So...”

‘The empress dowager’s eyes lit up. She grabbed Empress Dugu’s hand and said excitedly, “If that’s true, then she’s definitely the most blessed girl in the empire. Master Linghu is never wrong!”

Emperor Wu found their conversation idiotic.

He just didn’t get it. Why was Zuo Qingluan everywhere when they never saw her?

For instance, Jun Linyuan was at Fallen Star Yard tonight, but the rumor was that he was madly in love with Zuo Qingluan and would announce their engagement tonight. How unbelievable!

Also, Feng Wu was invited by Master Linghu to be the first precant of the year, but everyone was saying that Zuo Qingluan was the most blessed girl. Why?

It seemed that Zuo Qingluan had been very busy!

Emperor Wu had thought highly of Zuo Qingluan before because of her True Phoenix Blood and the fact that she was the sacred lady of Firmament Palace. Now, however, he had a different opinion of her.

He glanced at Gao.

Gao immediately took the hint. The emperor wanted to know where the rumors came from.

He wished Miss Zuo good luck.

While they were still chatting, Jun Wuxia came back.

She had been invited to Zuo Qingluan's party tonight, and had taken a walk afterward. Only then did she come back in a bad mood.

She greeted Emperor Wu, Empress Dugu and the empress dowager, and was going to leave.

Empress Dugu adored her daughter, so when she saw that Jun Wuxia looked upset, she couldn't help asking, "Xia, what's wrong? Weren't you at the birthday party? Did someone upset you? How was it? Did Jun Linyuan announce the engagement?"

"Mother!" Jun Wuxia didn't want to be reminded of what happened. "It was such a humiliation!"

'The empress dowager didn't really like Jun Wuxia, but she frowned when she heard the complaint. "What happened? Did someone disrespect the crown prince at the party?"

All this time, Junjun was the only one she cared about.

Jun Wuxia said, "Who would dare do that? Obviously, it was my brother who did something."

"Did His Royal Highness upset Miss Qingluan?" Concubine Oriole asked.

Everyone looked at Jun Wuxia expectantly.

Jun Wuxia said, "Yes! Miss Qingluan was so angry!"

'The empress dowager's heart sank.

Jun Wuxia said, "My brother was never there! No one knows where he was tonight! We searched everywhere, but we never found him!"

Emperor Wu wanted to tell them that he knew the answer.

Of course, he didn't do that. For some reason, he was quite happy.

Concubine Oriole, Empress Dugu, and the empress dowager cried out in unison, "He wasn't there?!"

Chapter 2464: Mrs. Chu

Jun Woxia said in frustration, "He wasn't there! Nor was Feng Xun or Xuan Yi. It was like the three of them disappeared altogether!"

WHAT?!

Those words were like a thunderclap in everyone's ears.

"His Royal Highness wasn't there?!" Empress Dugu's voice was the loudest.

She thought she had planned it out so well.

After Zuo Qingluan married Jun Linyuan and kept him under control, Jun Linshen would have a chance to

"I thought His Royal Highness is very fond of Qingluan. Was he too busy?" Empress Dugu asked Emperor Wu.

"Emperor Wu said, "He wasn't. He finished work early, and I let him take his leave."

"Then..." Empress Dugu didn't know what to say.

They would still have an excuse if the crown prince was busy with state affairs, but now.

"His Royal Highness is very much in love with Qingluan, isn't he? Maybe it's a misunderstanding." Empress Dugu forced a smile. "Maybe they're having a lovers' quarrel. It's not something we should interfere with."

The empress dowager wasn't very pleased.

She preferred Zuo Qingluan over Feng Wu, but ever since Zuo Qingluan returned to the imperial capital, she had never visited the empress dowager to pay her respects. How arrogant.

Wandering Temple.

Mrs. Tao and Tao Qingqing were waiting in a side room.

They were the fifth to go in and had to wait a bit longer.

The fourth was the wife of Chancellor Chu.

The Chu family had recently risen to power after Chancellor Chu took office.

Mrs. Chu was here today.

She was a regular visitor to the temple and had been among the first ten worshippers several years in a row.

Seeing that Mrs. Tao was getting anxious, she said, "It is indeed taking longer this year. Please don't worry. It'll be our turn soon."

Mrs. Tal asked curiously, "Mrs. Chu, do you come here every year?"

Mrs. Chu glanced at her own daughter, who was wearing a mask, and nodded with a bitter smile. "Yes. I'm here every year for my daughter. She's unable to live for so many years. I'm here every year to ask for a pill which can keep her alive for another year."

The girl had been ill since she was born, and it was common knowledge in her circle, so Mrs. Chu didn't try to keep it from Mrs. Tao.

Mrs. Tao gave her a sympathetic look. "I remember that Firmament Palace has some great doctors. Have you tried them?"

Mrs. Chu nodded. "We pulled quite a few strings and made contact with a governor of Firmament Palace. They sent a physician, but nothing changed afterward."

Mrs. Tao said, "I don't think ordinary physicians will do the trick. Miss Qingluan is back. She's the sacred lady of the palace and the disciple of the current palace master. It's said that she's a great doctor!"

Mrs. Chu asked, "Really?"

Mrs. Tao said, "I was told so."

Mrs. Chu said, "We were in a hurry to come here today, so we declined the invitation to Miss Qingluan's birthday party. I hope she won't mind. Now that she's with His Royal Highness, she has become even more unapproachable. I'll visit her tomorrow and apologize to her in person."

Because of something which had happened before, Mrs. Chu didn't like interacting with the Zuo family. If it wasn't for her daughter, she would never visit them.

Mrs. Tao cleared her throat. "I wouldn't recommend it. It's a little complicated..."

Mrs. Chu asked, "What's going on?"

Mrs. Tao told her what happened, and Mrs. Chu's eyes widened. "Is that so?"

Chapter 2465: It Was Feng Wu

Mrs. Tao said, "Yes, that's what happened. Zuo Qingluan and Feng Wu's birthdays are on the same day, and they were both born with the True Phoenix Blood. What a coincidence. The Zuo family wanted to undermine Feng Wu, so they threw this big party and invited everyone important in the imperial capital. In the end, however, the most anticipated guest didn't show up."

"Is she still trying to undermine Feng Wu? How..." Mrs. Chu was filled with anger.

Mrs. Tao was confused. "Is there something wrong?"

She found Mrs. Chu's reaction strange.

Mrs. Chu shook her head at Mrs. Tao. She recalled what she saw five years ago while on her way here

But she stopped herself from going down memory lane.

She calmed down and said, "No, it's nothing. What happened after that?"

Mrs. Tao then told Mrs. Chu about what happened in the imperial capital, including the matter with the gift envelopes.

"That was very considerate of His Royal Highness." Mrs. Chu smiled. "They're truly the perfect couple."

Mrs. Tao found that statement strange. "But everyone knows that His Royal Highness and Zuo Qingluan make the perfect couple."

Mrs. Chu said, "If one has a poor moral character, they're not good for anything, no matter how precious their bloodline is or what an advanced cultivator they are."

Mrs. Tao asked, "Mrs. Chu, are you saying that Zuo Qingluan has a poor moral character?"

The Chu family was newly risen to power, but the Zuo family had a long history and was well-connected. Despite not liking the family, Mrs. Chu wouldn't offend such a colossus.

Before Mrs. Chu could respond, Tao Qingqing snorted and said, "That's what Zuo Qingluan is like. If you ask me, I think all the talk about His Royal Highness being madly in love with her are rumors she created herself."

"Watch your mouth!" Mrs. Tao shot a warning glance at Tao Qingqing.

Tao Qingqing took a few steps away. "I'm telling the truth!"

She suddenly stopped and stared at someone in the distance.

"What's wrong?" Mrs. Tao asked.

Tao Qingqing waved at her. "Come over here! Hurry!"

Mrs. Tao walked up to her.

"Mom, look!" Tao Qingqing pointed at someone ahead of them. "Doesn't that look like Feng Wu?"

It was snowing, and they couldn't see very clearly.

By the time Mrs. Tao went to her daughter's side, that person had moved even further away from them, so she couldn't make out who it was.

"Feng Wu? Why would she be here? You're imagining things." Mrs. Tao rubbed Tao Qingqing's head and thought that her daughter had been obsessed with Feng Wu lately.

"It really was her! I saw her coming out of the bamboo grove!"

That was where Master Linghu lived.

Mrs. Tao jabbed Tao Qingqing's forehead with a finger. "Why does everyone look like Feng Wu to you? Remember, we're still on Zuo Qingluan's side."

Tao Qingqing was frustrated.

Just then, the abbot announced that the first worshipper had left, and the rest could enter the main hall in turn. They would each be given an object that had been blessed by Master Linghu.

As a matter of fact, Tao Qingqing was right. The person she had seen was indeed Feng Wu.

Feng Wu suspected that the old monk had some connection to her beautiful master, so she asked him some questions..

Chapter 2466: I Won't Admit It

However, Master Linghu wouldn't answer any of her questions, which Feng Wu found very annoying.

Before she left, Master Linghu said, "Do you still have the jade pendant? If you run into any problems with officials that you can't solve, show them the pendant. It may help you."

Feng Wu said, "That won't be necessary."

Master Linghu smiled mysteriously, as if he could see through everything.

"No, you'll need it."

Feng Wu didn't know what to say.

Phoenix Yard at the Zuo family.

The furniture and decor had been replaced. If one didn't know better, they wouldn't know that the place had been smashed up yet again.

This time, Zuo Qingluan didn't try to keep it a secret. Her parents also knew that she was furious.

But they were having a row in their own courtyard and didn't have time to talk to Zuo Qingluan yet.

The maids were so frightened that they didn't dare make a sound.

They couldn't understand how a sacred lady could be so ferocious.

Tongque dismissed them all.

The maids couldn't move fast enough, fearing that Miss Zuo would vent her rage on them.

After the door was closed, Tongque walked into the bedroom with a stack of files.

The room was lit up by the moonlight shining in through the window.

Half of Zuo Qingluan's face was lit up, and the other half was in the dark. It was quite a disturbing image.

But Tongque wasn't scared.

She whispered something in Zuo Qingluan's ear.

"What?!"

Zuo Qingluan almost jumped to her feet.

"Are you sure?!" She grabbed Tongque's arm.

She was so agitated that she broke Tongque's arm with sheer force.

Sweat broke out on Tongque's face at the pain, but she nodded and said calmly, "My lady, His Royal Highness did indeed go to Feng Wu's Fallen Star Yard. The news came from Firmament Pavilion.

Zuo Qingluan found the people of the Zuo family incompetent, so she relied on Firmament Pavilion to collect information.

Tongque handed her a letter. "Our people saw it with their own eyes."

Zuo Qingluan's eyes turned red as she read the letter.

Feng Wu... Feng Wu

Jun Linyuan had gone to Fallen Star Yard. How.

Tongque studied Zuo Qingluan.

Before they left, the head of the palace had told her that the sacred lady was indeed a genius, and if she put her mind to her cultivation, she would have such a promising future.

Tongque wanted to tell Zuo Qingluan to open her eyes and admit that the crown prince was in love with Feng Wu.

And how did Firmament Pavilion get that information?

Feng Wu was the one who spread the news.

She wanted Zuo Qingluan to know that Jun Linyuan had been in Fallen Star Yard.

She needed Zuo Qingluan to admit that Jun Linyuan was fond of Feng Wu.

She was a little ashamed of what she did, but she told herself that she had to do it for the eleventh trial.

Feng Wu walked back and forth in her room and waited for the fairy to tell her that she had completed the task.

"No, it's not happening!" Zuo Qingluan clenched her fists. "Unless I'm dead, I'll never admit that he's fond of her!"

Zuo Qingluan glared at Tongque.

Her eyes were so red that she looked like a mad person.

Chapter 2467: Immortal Spiritual Fruit

"I regret it so much!" Zuo Qingluan bit her lower lip and closed her eyes. "Why did I listen to my master and go traveling for a year? I shouldn't have given Feng Wu that extra time!"

Otherwise, His Royal Highness would never have fallen for Feng Wu.

However, Zuo Qingluan managed to fight back her rage.

She gradually calmed down.

‘That quality made her a most formidable enemy for Feng Wu.

Tongque said, “Miss Qingluan, I discovered something about Feng Wu. I wonder if it’ll be of interest to you.”

Zuo Qingluan stared at her.

Tongque tensed up and said, “I think Feng Wu is too pretty, and her good looks can easily affect any man, so I looked into her past in Northern Border City and found something.”

Before, Zuo Qingluan wouldn’t even bother to know anything about Feng Wu, let alone what she did in Northern Border City.

But now, after all the humiliation she had received from Feng Wu, she knew that she couldn’t keep ignoring the girl anymore.

Therefore, Tongque’s information came just in time.

“Tell me more,” said Zuo Qingluan.

‘With a wave of her hand, Tongque summoned a man to the room. He knelt down in front of Zuo Qingluan.

Tongque said, “Shadow Three just came back from the northern border with some information.”

Zuo Qingluan stared at the man.

Shadow Three looked as if he was going to melt into the darkness.

He was a formidable assassin.

“Miss Qingluan.” Just like his figure, his voice also lacked any distinctive characteristics. He took out a letter and handed it to Zuo Qingluan.

Zuo Qingluan quickly read it.

Her eyes widened.

How was that possible?

She read the letter again.

This time, she made sure that she didn’t miss a word.

Feng Wu would jump to her feet if she saw the letter, because

It was talking about the incident with the Immortal Spiritual Fruit.

About a year ago, Jun Linyuan and his friends went to Northern Border City to search for the Immortal Spiritual Fruit, which could keep Bao Er alive. However, disguised as an ugly girl, Feng Wu had snatched that fruit from them.

“I don’t believe it!”

Zuo Qingluan had never been so excited.

“Get Mu Yaoyao for me!”

Despite her great satisfaction, Zuo Qingluan remained level-headed. She needed Mu Yaoyao to tell her exactly what happened so that she could get things right and destroy Feng Wu once and for all.

‘Mu Yaoyao soon arrived.

Zuo Qingluan asked her about what happened in Northern Border City, and Mu Yaoyao told her everything.

“That ugly girl was as annoying as Feng Wu!” Mu Yaoyao clenched her fists in frustration.

Zuo Qingluan asked, “Do you think the two of them are similar somehow?”

“Wait!” Mu Yaoyao slapped her own lap. “Now that you’ve mentioned it, they do resemble each other! They’re both so cunning!

“Does Feng Wu have a sister?” Mu Yaoyao was confused..

Chapter 2468: Feng Wu and Her Masks

Sister? Zuo Qingluan smirked.

It was Feng Wu herself!

Back then, when Zuo Qingluan considered Feng Wu to be a worthy enemy, she had learned everything about that girl.

Feng Wu could disguise herself as someone else!

And she was an expert at it!

After hearing what Mu Yaoyao said, Zuo Qingluan reached a conclusion: Feng Wu was the thief who had stolen the Immortal Spiritual Fruit from His Royal Highness!

Zuo Qingluan had never expected to discover something so useful.

“Miss Qingluan, that information...”

Zuo Qingluan smirked. “She humiliated me. I wouldn’t be me if I don’t get revenge!”

‘Tongque looked forward to seeing what happened next.

“Let’s go.” Zuo Qingluan rose to her feet.

Tongque followed her in a hurry. She wondered where they were going.

But she didn’t ask.

Zuo Qingluan headed for the Feng clan.

Meanwhile, in the Feng clan —

'When Feng Wu turned around, she saw the two elders shouting at Feng Yanfeng. One was saying that he was going to destroy his cultivation ability, and the other one wanted to remove him from his position as the head of the clan.

Feng Yanfeng was scared out of his wits. He begged Feng Wu to spare his life, and promised that he would do everything in his power to repay her.

Of course he would be frightened. The two elders, Jun Linyuan, and Emperor Wu were all on Feng Wu's side. No one would be able to handle such pressure.

Feng Wu said, "Let's give him another chance. If he does anything to betray my trust again, we can cut him into little pieces."

Feng Yanfeng said, "I won't!"

As soon as he opened his mouth, Feng Wu threw a pink pill into his mouth.

By the time Feng Yanfeng realized it, he had swallowed the pill.

He had no idea what it was, but it melted in his mouth immediately, and there was no way to spit it out.

Feng Wu crouched down and grinned at Feng Yanfeng, who had dropped to the ground.

"know you don't like me. I don't like you either.

"Your promise means nothing to me. I only trust my own medicine.

"That's a very effective pill. If you try anything funny again, no one will be able to save you."

She then rose to her feet and said to the two elders, "He can be useful at times, so just let him keep his position a little longer. What do you think?"

Elder Jing and Elder Grain exchanged reluctant looks.

'They wanted a new clan head, but they couldn't find anyone suitable for the position.

Feng Yanfeng could keep his position, but from then on, he wouldn't dare offend Feng Wu again.

Lady Wang greeted him when he went back to his courtyard. "My lord, did they arrest Feng Wu?"

Feng Yiran and Feng Sang were waiting for his answer as well.

Feng Yanfeng looked like he had lost the ability to think.

"My lord, did Feng Wu sign that agreement? We need to show it to Elder Grain..."

Feng Yanfeng couldn't take it anymore. He slapped his wife.

He used so much force that she spun like a spinning top..

Chapter 2469: Since When Is His Majesty on Feng Wu's Side?

Lady Wang was dumbfounded. She had never thought that Feng Yanfeng would hit her.

“My lord!”

“Dad!”

“Father!”

Lady Wang, Feng Sang and Feng Yiran cried out at the same time.

Feng Yanfeng’s eyes were bloodshot.

How terrifying!

He looked from Feng Sang to Feng Yiran.

He then stared at Lady Wang.

He pointed at Lady Wang and shouted in a shaky voice, “You vile woman! How many times have I told you not to mess with Feng Wu? You just won’t listen! And you keep urging me on! You almost got me killed today!

“What did you say? ‘Is Feng Wu dead? She’s going to be around long after you’re dead!” Feng Yanfeng was furious.

He had knelt in front of the two elders and begged them to spare his life.

And Feng Wu had forced him to swallow that pill. If he did anything wrong, she could kill him in an instant.

Lady Wang burst into tears. “Liu, you died for nothing! Your father won’t avenge you...”

“That’s right! She died for nothing!” Feng Yanfeng said decisively.

When his life was threatened, he knew what he would choose.

“If anyone brings up this subject again, I’ll throw them out of this house!” Feng Yanfeng took a deep breath and stared at Lady Wang. “And you!

“Two elders are backing Feng Wu now! Who are they, you may ask? Elder Jing and Elder Grain!” Feng Yanfeng gritted his teeth.

Lady Wang didn’t know Elder Jing well, but Elder Grain.

“I thought Elder Grain was on our side. Plus, they’ve never interacted with Feng Wu before. How... My lord, is there a misunderstanding?” Lady Wang still wouldn’t believe it.

Feng Yanfeng was reminded of what happened in Fallen Star Yard, and he shouted at Lady Wang.

“There’s no misunderstanding! Those two elders supposedly never leave the restricted area, but they were there to celebrate Feng Wu’s birthday tonight!”

“What?!!!” Lady Wang couldn’t believe her ears.

How could that be? Since when was Feng Wu so familiar with the two elders? Those two men were the most authoritative figures in the clan!

“I thought that having the support of the two elders was very impressive, but when I got to Fallen Star Yard.

“I found both His Royal Highness and His Majesty there.”

Feng Yanfeng had lost all hope at that moment.

He could understand His Royal Highness being there because the young prince had always favored Feng Wu, but Emperor Wu

The idea of the emperor hanging around a remote corner of the Feng clan’s manor was simply unrealistic.

What was going on.

Hearing what Feng Yanfeng said, Lady Wang couldn’t stop trembling,

Seriously?

This couldn’t be happening

“How? When did His Majesty become Feng Wu’s patron?!” Lady Wang was baffled.

“Twouldn’t have survived this night,” said Feng Yanfeng. Hearing that, Lady Wang turned ghastly pale..

Chapter 2470: He’s a Fickle Man

“I’m only standing here now because Feng Wu appealed to His Majesty for mercy on my behalf. I got to keep my life and my position as the head of the clan, but I’ve lost my official job.” Feng Yanfeng sounded crestfallen.

Lady Wang didn’t know what to say.

Feng Yanfeng waved his hand weakly. “Just remember not to offend Feng Wu ever again...”

He fainted after that and had a high fever.

Feng Wu didn’t know what happened in Feng Yanfeng’s family, nor did she care.

Someone stopped her on her way back to Fallen Star Yard.

A figure appeared on top of the pavilion.

In the silver moonlight, she looked like a fairy that was going to fly away in the wind.

Zuo Qingluan looked down at Feng Wu.

It was the first time she had studied Feng Wu so carefully after five years.

Although she hated to admit it, Zuo Qingluan acknowledged the fact that Feng Wu was a very beautiful girl and would only be even more beautiful in the future.

How unpleasant.

Zuo Qingluan stared at Feng Wu.

Even after everything that had happened, Zuo Qingluan was still arrogant.

She believed that Feng Wu wasn't her equal.

To her, Feng Wu was just an ant.

Tension seemed to gather in the air, and a fight could start at any moment.

Zuo Qingluan spoke first. She sighed and glanced at Feng Wu.

"I never thought that a pretty face would be so useful. I've underestimated your good looks."

Feng Wu smiled calmly. "So, you've concluded that His Royal Highness came to my birthday celebration instead of going to yours because I'm prettier than you."

Zuo Qingluan frowned. "Am I wrong?"

Feng Wu didn't answer but asked a question. "Do you regret it?"

For not destroying her face five years ago.

Zuo Qingluan gave it some thought and nodded. "I do."

Feng Wu smiled a little. "It's not too late to do it now."

Zuo Qingluan shook her head. "No, it's too late."

Feng Wu asked, "Why?"

Zuo Qingluan said, "He likes your face, so I can't do anything to you before he gets tired of it. Otherwise, he'll be angry. I can never make him upset."

Feng Wu said, "So?"

Zuo Qingluan said, "So after he grows tired of you, you'll lose your good looks. He's a fickle man, you know."

Feng Wu shook her head. "You can't be any more wrong. His emotions run deep."

Zuo Qingluan smirked and ignored her comment.

No one would have expected that the two archenemies could have a normal conversation.

After a pause of five minutes, Zuo Qingluan spoke again.

"You have three days."

Feng Wu asked, "What?"

Zuo Qingluan said, "After three days, you and the other members of Fallen Star Yard should return to Northern Border City and never come back. Do that, and I'll spare your life."

Feng Wu said, "What if I won't leave?"

Zuo Qingluan said, "Then you'll regret your decision."

Feng Wu didn't like Zuo Qingluan's condescending tone and made a mental note that one day, she would break that mask she wore.

She said, "You wouldn't threaten me for nothing. Just tell me.. What do you think you have on me?"
