### **Chapter 2641: Class B**

Ling Hao looked at Shao Xiao, his team leader.

Shao Xiao shrugged and refused to get involved.

Ling Hao whispered something in Shao Xiao's ear, but Shao Xiao cleared his throat and said, "It's up to you. I'm not saying anything."

By then, Feng Wu was by Ling Hao's side.

Ling Hao immediately stood up and pulled the chair out for her.

Feng Wu casually sat down.

Ye Han stiffened, and her face turned livid.

She had warned Ling Hao, but he still dared to act that way!

She turned around and glared at Ling Hao with eyes burning with fury.

Ling Hao shrugged in resignation.

Ye Han gave Feng Wu one last mean look before she smacked her book on the desk and stormed off.

Feng Wu was already the center of attention. When that happened, all eyes were on her.

Everybody discussed it in hushed voices.

"Why did Ye Han run off?"

"I heard them just then. Ye Han doesn't like Feng Wu, but Ling Hao invited Feng Wu over, which upset Ye Han."

"Ye Han is one of Ling Hao's team members. I thought she was quite popular."

"It seems that Feng Wu is going to be their new favorite."

"She's a piece of work. She's only just gotten here, and she's already driven Ye Han away. That's just mean."

"You don't say! I heard Ye Han and Ling Hao are a couple, but Feng Wu just inserted herself in between them..."

Ling Hao was already angry, and he couldn't hold back anymore. He shouted, "You can't make things up! Since when am I a couple with Ye Han? If I have to like a girl, it would be Shan Jingfei! It definitely wouldn't be Ye Han!"

The students nearby all cleared their throats.

Shan Jingfei didn't know what to say.

She was secretly delighted, but she had to put on an annoyed look.

Xin Zhixuan gave her a nudge.

“What?” Shan Jingfei feigned an upset tone.

Xin Zhixuan smiled. She knew how to make trouble for Feng Wu, the person she hated the most!

After class.

Ling Hao showed Feng Wu around, introducing her to all the facilities and cultivation rooms.

The points worked in all five classes.

As one moved up the classes, they could earn more points.

For instance, one could only earn one or two hundred points in an event in Class E. According to Ling Hao, one could earn up to 10,000 points in an event in Class B.

“We earn more points, but we spend more as well,” Ling Hao told Feng Wu when they arrived at the cultivation rooms. “These rooms will cost you 500 points an hour. If we want to improve our cultivation level, we need to do everything we can to earn points.

“By the way,” Ling Hao asked solemnly, “how many points do you have?”

Feng Wu gave it some thought. “A thousand, I think?”

Ling Hao said, “Well... You’re broke, then. Here’s the plan. You’ll be joining my team for future tasks.”

Feng Wu asked, “I thought you already have five members.”

Ling Hao said, “There are three new students now, and you can’t have a three-member team. I think Mr. Yang would like you to join an existing team so that we can help you out. Six-member teams are allowed under special circumstances. What do you think? Are you in?”

Feng Wu didn’t say yes right away, so Ling Hao said, “Don’t worry. Ye Han is just being girly. She’s a nice person. You’ll see. Maybe you’ll even be friends in the future.”

## **Chapter 2642: Trophy**

Ye Han?

Friends?

Feng Wu didn’t think so.

However, she decided to let Ling Hao think that way if it made him happy. She just shrugged.

“The hunt will be in a few days. Xiao Wu, you better prepare some medicine for treating wounds,” Ling Hao said solemnly. “Hunts in Class B are very different from Class E’s. You may need some time to get used to it.”

Feng Wu asked curiously, “How are they different?”

Ling Hao said, “The significant difference is that the school doesn’t tell us what to hunt. Once we team up and enter the hunting zone, anything can happen.

“Class E and Class D hunt in the outer ring of the forest, while we hunt in the middle ring.

“Tutors oversee your hunts, and you can ask them for help when things go wrong. We don’t have that privilege.

“The top team of Class E is rewarded with one or two hundred points, but ours can earn up to 10,000 points. And there’s more.”

Ling Hao switched to a mysterious tone. “You can choose whether or not you want to hand in the crystal cores you find.”

Feng Wu asked, “Can I keep them for myself? Is that allowed?”

Ling Hao said, “Of course. Do you know Shan Jingfei? She’s the most popular girl in the academy.”

Feng Wu nodded.

Not only that, Feng Wu had also defeated that girl in two strikes.

Ling Hao said, “Of course, now that you’re here, she’s hardly the prettiest girl. You shouldn’t be too proud since she’s much more capable than you.”

His tone was sincere. “Yes, pretty girls have a special advantage, but we’ll only respect a pretty girl when they have the capability to match. Feng Wu, you have to work harder to catch up to Shan Jingfei. Promise?”

Feng Wu said, “Alright.”

Ling Hao asked, “You didn’t even think about it.”

Feng Wu asked, “What’s wrong with that?”

Ling Hao said, “You sounded like you were being offhanded with me.”

Feng Wu didn’t know what to say.

Ling Hao asked, “Do you know why I want you to beat Shan Jingfei?”

Feng Wu asked, “Why?”

Ling Hao said, “Because she’s crossed the line! Do you know who Shao Xiao is? He’s our team leader.”

Feng Wu said, “I know.”

Ling Hao said, “He wrote Shan Jingfei a love letter the other day. She could have turned him down since she didn’t have feelings for him, but she didn’t do that. Instead, she’s been giving him false hope.

“Every time she sees Shao Xiao, she’s so shy and innocent, as if she’s interested in him, but she won’t go out with him.” Ling Hao clenched his fists. “When I asked the girls, I was told that Shan Jingfei and her roommates see Shao Xiao as a laughingstock! He’s just another trophy for her to collect!

“Do you know what the worst part is?”

“What is it?” Feng Wu casually asked.

Ling Hao snarled, "Shan Jingfei wrote the names of all the boys who have ever pursued her on the wall next to her bed! It's become her collection!"

Feng Wu almost wanted to applaud the girl.

Ling Hao said, "Because Shao Xiao is the most earnest one, they're saying the worst things about him."

Feng Wu said, "You can tell Shao Xiao what's going on."

### **Chapter 2643: Me or Her**

Ling Hao shook his head. "I can't. Shao Xiao will be devastated. I haven't told anyone."

Feng Wu said, "That's Shao Xiao's business. It doesn't have anything to do with me, and I'm not obliged to get revenge for him."

Ling Hao said, "You don't have to do that! I just find Shan Jingfei so fake; she doesn't deserve to be seen as a school goddess! I hope you can replace her!"

"Don't worry." Ling Hao patted her on the shoulder. "I'll give you a hand."

Feng Wu said, "Thank you very much."

Ling Hao didn't notice the false modesty in her tone, and he smiled. "Don't worry about it."

Feng Wu didn't know what to say.

Soon, it was the day of the hunt.

Feng Wu still lived in Room 2001, and she didn't know many people in Class B.

Most students stayed with their existing teams.

The group around Shan Jingfei was huge because everyone wanted to be on the same team as her.

Not only was she competent, she was also pretty. It would be such a sweet deal.

However, Shan Jingfei wouldn't team up with just anyone. She had her own team.

But now, she walked up to Gu Xingyuan and smiled at him.

Huo Shan approached Feng Wu.

"Feng Wu, Feng Wu, let's team up," he said earnestly.

Feng Wu was the crown prince's girl, and the crown prince was like the boss of his boss. Because of that, Huo Shan decided he should jump onto Feng Wu's wagon while he had the chance.

"I'm sorry." Ling Hao joined them at that moment and smiled at Huo Shan. "Feng Wu is on my team."

"Then I'll join you, too," Huo Shan said without hesitation.

Ling Hao frowned. "We want to have you, but we already have six people. I'm sorry."

Huo Shan looked from Ling Hao to the people behind him. "There are only five of you. Where's the sixth one?"

Shao Xiao, Wang Zhi, Ling Hao, Cheng Fang, and Feng Wu. There were indeed only five people.

"Ye Han is with us, too." Ling Hao turned around to look for her and saw her a few steps away, so he waved at her. "Ye Han, over here!"

Ye Han walked toward them, but her face darkened when she saw Feng Wu.

"What's she doing here?" she pointed at Feng Wu and asked harshly.

Ling Hao wanted Ye Han to play nice, so he said, "Feng Wu is our newest team member..."

Ye Han angrily cut him off. "Ling Hao! Didn't you hear what I said before?!"

Ling Hao was an outgoing guy, but that didn't mean that he would let other people pick on him. He lost his temper as well.

His face darkened. "Ye Han, please don't shout at me!"

Ye Han grew angrier.

She pointed at Ling Hao. "I made things very clear. You can only have one of us on the team. It's either her or me!"

"And you just ignored me! You dragged her into our team! Ling Hao, are you trying to get rid of me?!"

Ling Hao frowned. "Ye Han, you're deliberately twisting my words!"

Ye Han said, "I'm twisting your words? Ling Hao, what's that supposed to mean?!"

Ling Hao said, "We're all classmates here..."

Ye Han smirked. "Really? Do you think so?!"

#### **Chapter 2644: Fire Dragon Blood**

Ye Han turned to the others.

"Shao Xiao!" She stared at her team leader. "What do you say?!"

Shao Xiao said coldly, "Stop being a baby. Just join the team."

"Being a baby? Is that what you think this is?!" Ye Han felt so wronged that she trembled from head to toe. She looked angrily at each of her teammates in turn.

Wang Zhi and Cheng Fang both remained indifferent.

"Fine, fine! You all think I'm a baby, right? I'll give you what you want!" Ye Han smirked. "I'm leaving this team!"

She stormed off after that.

Ling Hao said, "Ye Han, no team will take you if you leave now! Just come back!"

Ye Han smirked. "I'm an expert in both wood and fire elements, and I'm a medicine refiner. I can cure people! More than enough teams will want me!"

She glanced at Feng Wu. "When you're injured, she can treat you!"

She was right. Another team soon accepted her.

Ling Hao and his team members didn't seem so happy.

Huo Shan smiled. "Can I join you now?"

Ling Hao looked at Shao Xiao.

Shao Xiao frowned and looked Huo Shan up and down. "What level are you?"

"I'm a Level 5 Spiritual Lord."

"Nice!" Shao Xiao was impressed. That was almost as advanced as he was.

"Join us, then." Shao Xiao nodded.

However, he didn't believe that Huo Shan was better than he was.

"What about you?" he asked Feng Wu.

Feng Wu said, "I'm better than Huo Shan."

"Pfft —"

Ling Hao burst out laughing.

Ling Hao patted her on the shoulder and whispered, "Feng Wu, can you keep your voice down when you brag? Other people can hear you!"

Feng Wu asked, "So what?"

Ling Hao said, "We all know you just left Class E. There's a limit no matter how talented you are. You and Huo Shan are both too proud."

Ling Hao shrugged at Cheng Fang. "New students nowadays are so arrogant. They're not like us at all."

Cheng Fang glanced at Feng Wu.

Ye Han had been their team member for a long time, but she stormed off as soon as Feng Wu arrived. Someone as upright as Cheng Fang couldn't understand it.

He cast a stern look at Feng Wu and turned away.

Mr. Yang arrived at that moment to announce the task.

"You're going into the middle ring this time, so all of you have to be careful. Your life can be in danger at any moment!"

"Magical beasts in that area are intelligent. They'll team up, and the smarter ones can attack in formations. They'll be tough to handle!"

“When you go in, don’t just focus on killing magical beasts, taking the crystal cores, and collecting materials. The most important thing is to protect yourselves.

“The first team will receive an unprecedented reward!”

Mr. Yang raised a pot of blood-red liquid in his hand.

“This is Fire Dragon Blood.”

The crowd erupted.

“Fire Dragon Blood! I can’t believe it!” Cheng Fang was the most excited one.

“What’s that?” Huo Shan was new here, so he didn’t know what it was.

### **Chapter 2645: Seeded Team**

“It can double one’s physical strength!” Cheng Fang was thrilled. “Although it’s only a small pot, that’s a rare material!”

Feng Wu’s eyes flickered when she saw the Fire Dragon Blood.

She was about to refine some pills for both herself and her friends. The medicine could enhance one’s strength, and Fire Dragon Blood was one of the chief ingredients.

What a lucky coincidence. Feng Wu smiled.

“Only the team with the highest points can have it.” Mr. Yang was very straightforward. “And there’s more.”

More?!

“The individual student with the highest points will become a member of the seeded team in the Martial Arts Society!” Mr. Yang announced.

“Wow! Really?!”

“A member of the seeded team? I thought they recruited from Class A only. They’re considering Class B now?”

...

It was followed by an avid discussion, but Feng Wu was perplexed.

Huo Shan explained to her, “The Martial Arts Society is one of the societies in the War Academy, and the seeded team will have battles with other schools on behalf of the academy.”

Feng Wu asked, “Other schools?”

Huo Shan said, “That’s right. Things haven’t been quiet among different schools. The tutors can’t fight one another, so they let the teams fight instead.”

Feng Wu asked, “Isn’t Imperial College the best school?”

Huo Shan gave her a strange look.

Feng Wu asked, "Am I wrong?"

Huo Shan shook his head. "Five years ago, Imperial College was the best school, and no one would dare challenge us, but things are different now."

Feng Wu asked, "How so?"

Before Huo Shan could say anything, Mr. Yang spoke again.

"The student with the highest score will have the rare chance to join the seeded team. As we all know, that team is the core of Imperial College. Once you join them, you'll become the honor of this school.

"Once you get in, it'll be much easier for you to receive resources from the school, and you'll make rapid progress!"

The students listened with sparkling eyes.

All they could think of were the words "highest score" and "seeded team."

Feng Wu would be lying if she didn't admit that she was intrigued.

Her cultivation progress had been going slowly.

She needed a lot of crystal cores to provide her with enough spiritual essence. That was the only way she could become a Spiritual King as soon as possible.

Zuo Qingluan was a Level 1 Spiritual King, which was why she could flaunt her prowess in Imperial College.

Once Feng Wu became a Spiritual King, she could confront Zuo Qingluan.

The idea made Feng Wu want to join that team even more.

Feng Wu asked, "Isn't Imperial College the best school?"

She asked Huo Shan again.

Huo Shan shook his head. "The Military Academy has been on the rise lately, and they're catching up to us.

"I heard from my cousin that they've officially challenged us, and we're not sure we can win."

Feng Wu frowned. "Why is that?"

### **Chapter 2646: First?**

Huo Shan looked around. Seeing that no one was paying attention, he whispered something in Feng Wu's ear.

Feng Wu looked at him in surprise.

Huo Shan nodded. "My cousin is the president of the Martial Arts Society. He's a very reliable source."

Feng Wu said, "If, I mean if the school loses that competition, what will happen?"

“First of all, Imperial College won’t be the top school anymore. Then, the empire will allocate more resources to the Military Academy, and as a result, younger students here will have a harder time making progress. Thirdly, it’ll also give the Military Academy a greater say in many things. And...”

Feng Wu waved him off. “What does that have to do with me?”

Huo Shan stared at Feng Wu. “Aren’t you a student of Imperial College? Don’t you love our school?”

Feng Wu tilted her head. She was a student of Imperial College, but she didn’t identify with this community.

Therefore, she shook her head. “Since the school hasn’t given me any special treatment, I have no obligation to give anything in return. Right?”

Huo Shan said, “But... but...” He didn’t know how to convince Feng Wu.

Feng Wu chuckled. “Why the rush? When I become first and join the seeded team, I’ll be using the school’s resources. After that, I’ll owe them something.”

“Wait. What did I just hear?”

Ling Hao and Cheng Fang came up to them when Feng Wu and Huo Shan were still talking.

They were here to tell them that the team was setting out, but they were shocked by what Feng Wu said.

“What was that?” Ling Hao looked at Feng Wu in disbelief. “You’ll be first, join the seeded team, and use the school’s resources...”

Feng Wu asked, “What’s wrong with that?”

Ling Hao said, “Are you seriously asking me that question?”

He was astonished.

He wasn’t alone. Cheng Fang was also shocked.

He couldn’t believe what he heard.

“Aren’t you ashamed?” Cheng Fang was amazed.

Feng Wu looked at them in bewilderment; she was telling the truth.

“Let’s get going before you surprise another person.”

Fearing that Feng Wu would say more astonishing things, Ling Hao dragged Feng Wu toward Thousand Night Forest.

However, enough people had heard her.

Xin Zhixuan was already keeping an eye on Feng Wu, and she soon told other people what Feng Wu had just said.

“First?”

“Join the seeded team?”

“Feng Wu?”

“Ahem...”

Shan Jingfei’s friends were shocked at first, but they soon grew excited.

“How stupid is that Feng Wu? She’s full of bullsh\*t!”

“I guess she’s so pleased with herself about skipping grades.”

“No matter how self-satisfied she is, she needs to have a sense of shame. Everyone knows Shan Jingfei is first in our class.”

While everyone was discussing it, Shan Jingfei remained unaffected.

Xin Zhixuan realized something was wrong, so she asked, “Feifei, are you alright?”

Shan Jingfei nodded. “I’m fine. I’m just coming down with something. Don’t worry.”

Xin Zhixuan wanted to say something, but Shan Jingfei cut her off. “It’s that time of the month, you know.”

Xin Zhixuan knew what she meant, but she remembered Shan Jingfei’s period had come two weeks ago.

#### **Chapter 2647: Teach Her a Lesson**

Ye Han joined Duanmu Huo’s team.

Duanmu Huo had always had feelings for Ye Han. Now that she was in his team, he worshiped her and would give her everything she wanted.

“Where should we go?” Duanmu Huo asked for Ye Han’s opinion.

Seeing that Shan Jingfei and Feng Wu’s teams were headed in the same direction, Ye Han told Duanmu Huo, “We’ll follow Shan Jingfei. That way, she can give us a hand if we run into danger.”

Duanmu Huo liked the idea, so the team followed Shan Jingfei’s group at a distance.

Shao Xiao’s team led the way.

He named his team after him.

It was easy to remember, and everyone liked it.

“We’ll try to get second place!” said Shao Xiao. “I know where we can find a Class B magical beast. We’ll kill it and gain a lot of points!”

“A Class B magical beast?” Feng Wu looked at Ling Hao in bewilderment.

Ling Hao asked, “Have you never heard that term before?”

Feng Wu said, “No.”

“Right, I forgot you were in Class E. You only operated in the outer ring, and all the magical beasts there are called low-level magical beasts. There are no actual categories. That’s why you don’t know. They’re divided into categories once you’re in Class D and above. You didn’t go to Class D, so you don’t know.

“To have students fight magical beasts of their own level, the school divided Thousand Night into different zones.

“Class D students fight Class D magical beasts.

“Class C students fight Class C magical beasts.

“Class B students fight Class B magical beasts.”

...

“You’re in Class B now, so you’ll be fighting Class B magical beasts,” Ling Hao said solemnly. “Do you know Class B magical beasts consist of junior, intermediate, advanced, and peak-level magical beasts?”

Feng Wu shook her head again.

Ling Hao asked in resignation, “Then do you know how many points the magical beasts of each level will give you?”

Feng Wu shook her head again.

Ling Hao said, “You don’t know any of that, but you’re still trying to be first.”

Feng Wu said, “I don’t care about their levels. I can just kill them.”

Cheng Fang smirked. “You’re so confident, aren’t you?”

Ling Hao rolled his eyes at him. “Stop it. Xiao Wu is a member of our team now. Be nice.”

He then turned to Feng Wu. “Junior magical beasts will give you ten points.

“Intermediate magical beasts, 100 points.

“Advanced magical beasts, 1,000 points.

“Peak-level magical beasts, 10,000 points!”

Ling Hao grew excited as he spoke. “If we can kill Class B peak-level magical beasts, the points we get will be the same as the reward we’ll receive for becoming the top team!”

Feng Wu nodded. “We’ll be killing magical beasts of that level, then.”

Ling Hao looked at Feng Wu, then turned away.

He couldn’t understand it. She was such a pretty girl. Why was she so shameless?

Shao Xiao couldn’t take that level of confidence. As the team leader, he had to say something.

He cleared his throat. “Xiao Wu, let’s take baby steps, okay? One step at a time.”

**Chapter 2648: Python**

“That’s right!” Cheng Fang smirked. “Even Shan Jingfei, the top student of our class, can’t kill such a beast. Why do you think you can? Don’t make me laugh!”

Feng Wu asked. “Has she hunted one before?”

Cheng Fang said, “Of course!”

Feng Wu said, “Then we’re fine.” That meant a magical beast at that level wasn’t all that capable.

Cheng Fang was speechless.

He almost choked on his own spit. He decided to stop talking and let the arrogant girl learn her lesson on her own.

The team remained silent after that.

Wang Zhi was the only person on this team who hadn’t said a word.

He was the most intelligent team member and would usually come up with all the strategies. As a result, he was quite an authoritative figure in the team.

Cheng Fang complained to Wang Zhi, “If it were up to me, I would have picked Ye Han. She’s a healer!”

Cheng Fang was often injured, and Ye Han had treated him a few times. He was grateful for it.

Wang Zhi glanced at Feng Wu and then smiled at Cheng Fang. “If I were you, I’d try to be nice to her.”

Cheng Fang was shocked. “Are you on her side now?”

Wang Zhi smiled. “If I’m correct, Feng Wu is going to surprise us.”

No matter how much Cheng Fang asked, Wang Zhi wouldn’t say another word.

Ling Hao walked by Feng Wu’s side. “Since we’re from Class B, we’re going into the middle ring. You should watch out and stay away from the inner circle. That’s Class A’s territory. If we go in there, the magical beasts will eat us alive.

“Pay attention to the yellow line on the ground. Our zone is on this side, and their zone is on the other side.

“We’re now going to kill a Class B magical beast.”

Ling Hao glanced at Feng Wu. Seeing how unaffected she was, Ling Hao said solemnly, “Feng Wu, what’s with that look on your face? Are you looking down on this beast?”

“Listen to me! Magical beasts at this level are equivalent to Level 5 Spiritual Lords!

“Sure. We’re all Level 5 Spiritual Lords.

“However, humans will never be the match of magical beasts of the same level. Even if we’re a team, running into such a magical beast is still dangerous. You must be careful!”

“We’re here,” Shao Xiao warned them. “There’s a Lightning Python in a cave a short distance away. It’s an advanced Level B magical beast. Take cover, and be careful!”

*Whoosh! Whoosh! Whoosh!*

Shao Xiao, Wang Zhi, Ling Hao, and Cheng Fang all took cover.

Ling Hao grabbed Feng Wu and Huo Shan so that they could stay with him.

Shao Xiao said, "I'll lure out that snake. You guys attack it!"

His teammates nodded.

Shao Xiao turned to Feng Wu and Huo Shan. "You've just joined us and don't know this area well. Guard the east and west exits. Don't let the python get away!"

Feng Wu and Huo Shan nodded before guarding the exits.

*Whoosh!*

The next second, Shao Xiao rushed into the cave.

Before long, they heard angry roars coming out of the cave.

*Whoosh! Whoosh! Whoosh!*

Shao Xiao was the first to rush out.

A giant black python over ten meters long chased him.

"Kill it!" Shao Xiao stopped running once the python was out of the cave. He turned around and struck the beast.

### **Chapter 2649: Poisoned**

A Lightning Python was as fast as its name suggested. It immediately dodged the attack.

"Attack!"

Shao Xiao, Wang Zhi, Ling Hao, and Cheng Fang moved all at once.

They attacked at the same time.

Feng Wu crossed her arms and glanced at the python.

A Lightning Python at this level could fight off four humans of the same level after exchanging dozens of stances.

Magical beasts were naturally more powerful than humans.

However, it was going to lose after a few more rounds.

She was right!

Before long, Shao Xiao hit the python with a hard blow.

However, the python also bit Cheng Fang on the arm.

"Ah!" Cheng Fang screamed.

Shao Xiao and the others turned pale, because the blood oozing out was purple instead of red.

He had been poisoned!

While they were looking at Cheng Fang, the python turned to run.

It was much faster than other magical beasts.

*Whoosh!*

It ran in Huo Shan's direction.

He had been waiting for the beast.

His teammates shouted, "Stop it! Huo Shan, stop it!"

Huo Shan wasn't affected by all the shouting. He just stared at the python.

When it was close enough, he raised his sword and struck down.

There was a loud thump.

His blade hit the python in its weakest spot.

When the others realized what had happened, the python had been decapitated.

Its long body fell onto the ground in two halves, and blood gushed out.

Ling Hao was astonished.

He looked from Huo Shan, whose clothes were splattered with blood, to the dead beast on the ground.

"Huo Shan, did you do this?"

Huo Shan said, "Yup. I think I'm doing alright, right?"

Ling Hao said, "I didn't know you could do that!"

Ling Hao patted Huo Shan on the shoulder and spoke to Shao Xiao with a smile. "Shao Xiao, we've found a treasure."

Shao Xiao was equally pleased. "Huo Shan, that's great. Keep up the good work."

Huo Shan hadn't done it for his teammates. He was only trying to prove to Feng Wu that he could be useful to her, so that she could take him under her wing.

However, he didn't see Feng Wu when he looked up.

"Where's Boss Feng Wu?" He panicked a little.

Boss Feng Wu? Ling Hao said grumpily, "I don't know what's gotten into your head. You're so much better than Feng Wu. Why are you calling her your boss?"

Huo Shan said, "That's not important!"

Ling Hao asked, "What's important, then?"

Huo Shan couldn't tell them that Feng Wu was the crown prince's girl. It was the biggest secret!

He only waved at him. "You won't understand."

Meanwhile, the other team members stood around Cheng Fang.

Wang Zhi grabbed his arm and asked hastily, "Cheng Fang, how do you feel? Can you think straight? How many fingers am I holding up?"

Wang Zhi waved three fingers in front of Cheng Fang's face.

The poison was so potent that Cheng Fang had turned a purplish-blue color in a matter of minutes!

### **Chapter 2650: Save Him**

Cheng Fang wanted to say something, but he couldn't utter a word.

"How's Cheng Fang doing? Is he alright?" Ling Hao arrived in a hurry and panicked when he saw Cheng Fang's dilated pupils.

Wang Zhi checked Cheng Fang's pulse, and his face darkened.

"How is he?" Shao Xiao and Ling Hao asked in unison.

Wang Zhi shook his head. "The python's venom is too potent. It has spread to his brain."

"How can it progress so rapidly?"

"Don't we always bring antitoxin pills with us? Have you given him any?"

Shao Xiao and Ling Hao spoke in unison again.

Wang Zhi said, "I have, but the venom is too potent. There isn't much we can do..."

Ling Hao stared at Wang Zhi. "Are you saying that..."

Wang Zhi nodded.

Cheng Fang lost hope.

Although the others didn't say it out loud, he knew he was going to die. But he was so young! There were many goals he had yet to achieve. He wanted to live!

He swore to himself that he would be forever grateful to the person who could save his life.

"Help me!"

Everyone was filled with despair, when someone showed up next to them.

Feng Wu stuffed a red berry into Cheng Fang's mouth. "Eat it."

Cheng Fang swallowed it before he realized what was going on.

"What did you give him?!" Ling Hao stared at Feng Wu.

Feng Wu ignored him. Instead, she took a dagger out of her sleeve, disinfected it with a flame and told Huo Shan, "Hold out his right arm."

"Sure!" Huo Shan followed Feng Wu's order without hesitation.

"What on earth are you doing?!" Ling Hao stared at Feng Wu. "Don't you know that Cheng Fang has been poisoned and is going to die? He..."

"Hold on," Feng Wu told Huo Shan.

Huo Shan nodded and held Cheng Fang's wrist tightly.

"I'm saving his life," Feng Wu replied without looking up. She then carefully cleaned Cheng Fang's wrist.

"Saving his life? What gave you that idea?" Ling Hao didn't believe her. "You're cutting his wrist. Do you think you can get the poisonous blood out of his system?"

"Stay out of it," Ling Hao told Feng Wu. He didn't want her to take responsibility if something went wrong, so he said, "You'll make it even worse! Back off!"

Shao Xiao and the others were overwhelmed with sorrow at the thought of losing Cheng Fang, and they shook their heads as well. "There's no way you can get the blood out of his system just like that. There's no other way..."

Feng Wu ignored them. With a flip of her hand, the dagger cut open Cheng Fang's wrist.

"It won't work. The venom has reached Cheng Fang's brain," Wang Zhi said in disappointment as he looked at the unconscious Cheng Fang.

He grabbed Cheng Fang's other hand and made a solemn promise. "Cheng Fang, we know your elderly mother is sick at home. Don't worry. We'll take care of her after you're gone. Rest in peace..."

Cheng Fang's lips quivered, but he couldn't speak a word.

His friends' eyes filled with tears as they looked away.

Who would have thought when they set out this morning that they would lose a friend so soon?
