Chapter 2651: Red Berry

“Hm —”

Ling Hao burst into tears, and Wang Zhi sobbed.

“Who... Who says I’m dead?!”

All of a sudden!

They heard an angry roar.

What?!

They turned around and stared at Cheng Fang.

He wasn’t dead!

Yes, Cheng Fang was alive.

Next to him was a pool of purplish blood.

He was pale and weak, but his eyes were wide open as he beamed at his friends.

“Cheng Fang, you’re alive!” Ling Hao slapped Cheng Fang on the chest.

Cheng Fang coughed.

The venom hadn’t killed him, but Cheng Fang’s smack almost made him choke.

“Sorry, buddy. I didn’t mean to! I was just too excited!” Ling Hao scrambled to give Cheng Fang a hand.

“How are you doing? Feeling better?”

Cheng Fang was finally breathing normally, and he shook his head at Ling Hao. “You almost knocked the air out of me.”

...

Seeing that Cheng Fang was in better shape, Ling Hao held Cheng Fang’s other wrist that hadn’t been cut open and checked his pulse.

“Wait a minute!”

Wang Zhi cried out and stared at Feng Wu in amazement.

“The venom is leaving his system!”

Feng Wu nodded. “Yup.”

Huo Shan was still bleeding Cheng Fang while Feng Wu wiped her dagger.

Wang Zhi said, “The venom reached his brain, heart, and lungs, but it’s now gone!”

Feng Wu nodded. “Yup.”

Ling Hao and the others kept looking back and forth between Feng Wu and Wang Zhi.

What was going on?

Did Feng Wu really save Cheng Fang?

Ling Hao and Shao Xiao looked at each other in disbelief.

They were so excited that they covered their mouths.

If that was true, Ling Hao could have gotten Cheng Fang killed when he stopped Feng Wu from treating him.

Ling Hao stared at Feng Wu.

Feng Wu nodded at Cheng Fang. "The venom is almost out of your system. Don't worry. You'll live."

Cheng Fang wanted to cry. "Really? I will?!"

He was going to live!

He was going to see tomorrow's sun!

Cheng Fang didn't know how to express his gratitude toward Feng Wu.

The others felt the same.

Shao Xiao said excitedly, "Thank you, Feng Wu! We wouldn't know what to do without you."

Feng Wu casually said, "Don't worry about it."

Wang Zhi asked curiously, "Can bleeding him flush out the venom?"

Feng Wu shook her head. "I fed him that red berry before I bled him."

Wang Zhi asked, "What's that red berry?"

Feng Wu pointed at a tree a few steps away.

Small red berries were dangling on the branches.

Wang Zhi asked, "How did you know they could treat the venom?"

Feng Wu glanced at him. "Do you see any plants in a 1km radius?"

Wang Zhi shook his head.

Feng Wu said, "Nothing else has survived around the python's cave. However, this tree is flourishing. Don't you think that's strange?"

Wang Zhi's eyes lit up.

Chapter 2652: Savior

Feng Wu added, "In the wild, many living creatures mutually reinforce or neutralize each other. This tree has the python's energy on it and is the only living tree in the area. The tree and the python likely reinforce each other."

Wang Zhi nodded. "How could you be sure?"

Feng Wu said, "I would know once he ate the berry."

She had noticed that someone was watching them from behind some trees in the distance, and she could feel the person's gaze follow her around. She decided not to reveal all her secrets.

She simply made up an answer to give to Wang Zhi.

Wang Zhi asked, "What if you guessed wrong?"

Feng Wu said, "It was better than nothing."

Shao Xiao cleared his throat. "Luckily, we saved Cheng Fang. That's the best news!"

Everyone nodded.

Ling Hao patted Cheng Fang on the shoulder and chuckled. "It's your lucky day! Feng Wu just happened to spot that tree!"

Cheng Fang laughed.

Ye Han suddenly showed up. When she saw Cheng Fang on the ground, she asked hastily, "Cheng Fang, are you alright?"

Shan Jingfei's team had arrived before hers did, and they were the ones who had been observing Feng Wu.

Ye Han's team arrived a little later, and she thought she had a chance when Cheng Fang collapsed. However, she had shown up just a little too late...

"I was almost killed by that venom, but I'm fine now." Cheng Fang beamed at Ye Han.

Ye Han patted her chest. "I was so scared. By the way, here are some potions I prepared. It can neutralize a lot of toxins. Don't lose them!"

...

She acted like Cheng Fang's best friend.

Cheng Fang said, "Ye Han, you're so thoughtful. I would feel so much safer if we had you with us."

Huo Shan was annoyed.

"Cheng Fang, have you forgotten who just saved your life?!"

Cheng Fang glanced at Feng Wu but didn't say anything.

Yes, Feng Wu had saved him, but he considered it dumb luck and believed Ye Han was the actual physician.

He didn't retort, because it would make him sound ungrateful, but he still asked Shao Xiao, "Captain, can we have Ye Han back on the team?"

Shao Xiao's smile froze a little, and he was involuntarily against the idea. "She's with another team already. How can she join us now? We don't have such a rule. Plus, she wouldn't want to either."

Ye Han smirked inwardly.

Her aim here wasn't to kill magical beasts and earn points. Instead, she was here to see Feng Wu meet her doom. She wanted to see everyone despise the girl.

1

Hence, she looked at Shao Xiao and the other team members in concern. "I can't join you, but after what happened to Cheng Fang, I can't leave you here all by yourselves either. Duanmu, do you think our teams can stay together?"

Shao Xiao looked from Ye Han to her team leader Duanmu Huo and asked, "Shall we?"

Ye Han whispered something in Duanmu Huo's ear. He nodded and walked up to Shao Xiao.

Ye Han then smiled at Shao Xiao. "We've agreed to stay with your team for the rest of this hunt. Don't worry. We won't try to take away your magical beasts."

Shao Xiao hesitated and looked at his teammates.

The others were still shocked by the poisonous python, so they agreed to let Ye Han's team tag along.

Chapter 2653: Master Level Medical Refiner

"How about we stay with them as well?" Hiding behind the trees, Xin Zhixuan happily made the suggestion to Shan Jingfei.

Shan Jingfei stared at her.

Xin Zhixuan didn't see the strange look in Shan Jingfei's eyes because she was immersed in her own delusion.

"I never liked that Feng Wu, right from the moment I saw her!"

After a pause, Xin Zhixuan said, "That look in her eyes... It's so condescending and arrogant, as if we're ants and she's this fairy that's too good for us!"

"She's the one who came from a lower class. She should be trying to please us, not the other way round! There's just so much pride! Many boys who used to be into you are chasing her now!"

"Jingfei, you have to stop trying to avoid her! We need to confront her!" Xin Zhixuan clenched her fists and urged Shan Jingfei. "She's just a new student! We need to show her who we are!"

“Who we are?” Shan Jingfei recalled her battle with Feng Wu and felt as if her heart was caught in a tight grip. She frowned.

“Let’s go.” She led the team away.

Xin Zhixuan stared at her in disbelief.

Wasn’t their original plan to stay with Feng Wu? Why did their team leader just choose a completely different direction? Xin Zhixuan was perplexed.

“Jingfei? Jingfei?”

Her team followed her in confusion.

Meanwhile, Shan Jingfei was grinding her teeth.

Feng Wu...

Not only was she stunning, she was so capable. Shan Jingfei couldn’t stand it.

...

To make it worse, Feng Wu had concealed her real capability so that other people would see her as a weakling. Shan Jingfei saw it as utter humiliation.

She knew perfectly well that once Feng Wu showed her natural ability, no one in Class B would notice her anymore.

Why did Feng Wu have to exist in the first place?!

“I saw Shan Jingfei just then. Her team has headed in another direction.” Ye Han stayed close to Shao Xiao’s team deliberately, just to elbow out Feng Wu.

The idea had just occurred to Ye Han.

She realized that she had approached things in the wrong way.

Feng Wu was in the team because she had backed out. If she hadn’t arrived in time, Feng Wu would have won Cheng Fang over!

Therefore, she decided to change her approach. She needed to let Shao Xiao and the others know that the team couldn’t survive without her!

Therefore, Ye Han changed her attitude. She became more outgoing and showed more interest in her teammates.

She even walked up to Ling Hao and apologized for being rude to him before.

Ling Hao had been walking alongside Feng Wu, but after Ye Han arrived, Feng Wu was gradually pushed to the rear of the team. Ling Hao and Ye Han walked in the front.

Ling Hao laughed.

It was because of something Ye Han said.

Ling Hao looked over his shoulder and told Feng Wu, "Ye Han said she's become a Master Level medical refiner! That's great news! Our trip this time will be much safer!"

Ye Han gave Feng Wu a taunting look. In fact, she hadn't become one, but she was getting there.

Chapter 2654: Charity

Huo Shan was speechless when he saw the arrogant look on Ye Han's face.

Master Level medical refiner? Big deal! If they knew Feng Wu's connections, they would be scared out of their wits!

However... Huo Shan glanced at Feng Wu and decided that she would have to go through a lot from now on because she didn't have better medical skills.

He decided that he would defend Feng Wu's dignity.

Everyone became much quieter after that. It was somewhat awkward.

As the team leader, Shao Xiao knew what this was about.

He and Wang Zhi looked at each other in resignation. Who would have thought that Ye Han and Feng Wu would dislike each other so much?

"Ahem —"

As the team leader, Shao Xiao tried to break the ice.

"Our second target is 3 km ahead of us.

"It's a Magic Vine Beast," Shao Xiao said solemnly.

"A Magic Vine Beast?" Ye Han was confused. "Is that a plant or an animal?"

"Good question! Right to the point!" Shao Xiao gave Ye Han an approving look.

Ye Han was glad to hear it, especially when she was being compared with Feng Wu.

She gave Feng Wu an arrogant glance.

However, Feng Wu was checking the perimeter and didn't notice her.

Ye Han rolled her eyes and decided to make Feng Wu suffer.

Huo Shan stuck out his tongue at her.

Ye Han glared at Huo Shan. "You sycophant!"

Huo Shan grinned. "So what? You can't be one even if you want to!"

Ye Han was furious and found Huo Shan an idiot. "You're such a clown!"

Huo Shan retorted, "You're worse than a clown."

Ye Han was so angry that she wouldn't say another word.

Huo Shan felt both excited and lonely about being the only one to know the secret.

Shao Xiao was speechless when he heard the bickering.

He decided that he would take neither Huo Shan nor Feng Wu with them next time.

He didn't have much hope for this hunt.

Killing the second target was probably as far as they could go this time.

"Technically, Magic Vine Beasts are magical beasts.

"However, vines grow on their backs, and they're very good at hiding themselves. When they crouch down and stay still, they look just like actual vines. You must be careful from now on!

"They're poisonous, too," Shao Xiao warned the others.

"I've prepared some antidotes for you." Ye Han knew it was time for her to impress the others. She took out a bottle and gave the others some pills.

"These are Master-level pills. I'm sure they can neutralize the vines' toxin. Take it in advance, and you won't have to worry about Magic Vine Beasts anymore!" Ye Han then distributed the pills.

She gave some to Shao Xiao, Wang Zhi, Cheng Fang, Ling Hao, and the members of the other team.

Finally, she came to Feng Wu's side.

She looked down her nose at Feng Wu and said condescendingly, "Although I don't like you, Ling Hao brought you into this team, so I can't do anything about it. Take this pill as charity!"

Chapter 2655: Magic Vine Beast

Charity?

Feng Wu glanced at her.

"Hold out your hand!" Ye Han gloated.

Feng Wu didn't want to speak to her and waved her off.

"Don't you want it?" Ye Han stared at her in disbelief.

She thought Feng Wu had lost her mind.

Thinking that Feng Wu was acting out, Ling Hao stepped out and told Ye Han, "I'll keep it for her."

He then held out his hand.

"That won't do." Ye Han frowned. "I'm giving it to her. It's none of your business, Ling Hao! Otherwise, you can give back your pill, too!"

Ling Hao gave Feng Wu an apologetic look.

Ye Han smirked. "Are you sure? It's a Master-level pill. Don't blame me for not helping you if the poison kills you later!"

Feng Wu glanced at her and nodded.

Ye Han didn't expect Feng Wu to be so stubborn, so she put away the pill and snorted. "I guess good intentions aren't always appreciated."

Feng Wu suddenly asked, "Have you recovered from your injury yet?"

Ye Han stiffened.

She had forgotten something.

On her first day of school, Feng Wu practically crippled Ye Han in Room 2001.

"Mind your own business!" Ye Han feigned a harsh tone, threw a dirty look at Feng Wu, and walked away.

Feng Wu smiled.

Fearing that the two girls would cause a scene, Shao Xiao intervened. "We're very close to the Magic Vine Beast now. Stay hidden while we move forward!"

Feng Wu suddenly asked, "How many beasts are we talking about?"

Ye Han smirked. "Stop pretending. Magic Vine Beasts are Level 5 Spiritual Lords! One beast is all that we can handle. How many do you want? You're so greedy!"

"Ye Han!" Shao Xiao scolded Ye Han before he smiled at Feng Wu. "Just one, but it's very well-hidden and will be very hard to find."

One? Feng Wu looked at the leaves on a branch a few steps away and didn't say a word.

"Why is there water? The dew should have dried up by now." Ling Hao wiped his face when he felt some water dripping on his face.

"I feel it, too." Cheng Fang nodded. "Ling Hao, why is your face green?"

Green?!

Instantly, all eyes were on Ling Hao.

Ling Hao asked, "What's wrong? It's quite cool and comfortable..."

Shao Xiao cried out, "Ling Hao, the green liquid is from the Magic Vine Beast! It's above you!"

Shao Xiao then threw out the weapon he was holding.

Whoosh!

The Magic Vine Beast evaded the weapon.

Not only did it evade the attack, it disappeared almost immediately.

"Where did it go?!" Cheng Fang's eyes widened. However, they looked everywhere and couldn't find the beast.

Shao Xiao had a solemn look on his face.

“Magic Vine Beasts have the abilities of both plants and animals. They can hide themselves as magical plants, and we won’t see them even if they’re right next to us.

“Moreover...” Shao Xiao’s face darkened. “Somehow, I feel that this beast is much faster than the one I encountered last time!”

Chapter 2656: Level 6 Spiritual Lord

“Shao Xiao, are you saying...” Cheng Fang stared at Shao Xiao.

Shao Xiao said solemnly, “If I’m guessing correctly, the beast is much stronger than before!”

Cheng Fang asked, “What do you mean by stronger...”

Shao Xiao said, “It’s probably a Level 6 Spiritual Lord...”

“Oh my god!” Ling Hao cried out. “If that’s the case, we have no hope at all!”

“That’s right. Without Shan Jingfei’s help, we’ll...”

“Now what?” Everyone looked at Shao Xiao.

Shao Xiao looked at Ling Hao with a severe expression on his face.

“Why are you looking at me?” Ling Hao was confused.

Shao Xiao said, “You’ve already been poisoned.”

Ling Hao patted his chest. “Don’t worry. We have Ye Han, don’t we? She gave us the antidote earlier. What can possibly happen?”

There was an indescribable look in Shao Xiao’s eyes.

Ye Han was equally confident. “Don’t worry. My pills are Master-level ones. If the Magic Vine Beast really is a Level 6 Spiritual Lord, we must leave now!”

She then turned to leave.

Shao Xiao asked Ling Hao, “Are you sure you’re okay?”

Ling Hao nodded. “I feel fine. It’s quite cool. It’s as refreshing as wearing mint leaves on my face.”

Shao Xiao said, “If that’s the case, let’s get out of here now. We can’t fight a Level 6 Spiritual Lord magical beast.”

The others nodded as well.

Feng Wu suddenly spoke just as the others were about to leave.

“Ling Hao, if you don’t want to die, stay where you are.”

Everyone looked at her.

Ye Han snapped at her, "Feng Wu, what's that supposed to mean? Are you saying that my antidote doesn't work on Ling Hao?!"

Feng Wu turned her cold gaze on Ye Han.

Because no one's life had been in danger before, Feng Wu couldn't be bothered to talk to her and had let Ye Han play her petty tricks.

However, she was serious now.

Her glare made Ye Han jump.

"Feng Wu, what are you talking about?" Feng Wu's stare made Ling Hao uneasy.

Feng Wu said coldly, "The toxin has reached your heart! You say you haven't been poisoned? Don't be stupid!"

"What? How's that possible? Didn't Ye Han say... Ouch! My chest hurts!" Ling Hao pressed his hands to his chest, crouched down and curled up on the ground.

Shao Xiao glared at Ye Han. "Didn't you say the toxin has been neutralized?"

Ye Han trembled. "I already did it..."

Shao Xiao said, "Does he look like he's alright?"

Ye Han panicked. "I..."

Shao Xiao said, "Help him!"

Ye Han said, "Of course!"

Just then, a greenish creature jumped into sight.

"It's the Magic Vine Beast! Watch out! Wang Zhi, attack!"

Shao Xiao charged at the beast.

Cheng Fang hadn't recovered from his previous injury, and Ling Hao was poisoned. Shao Xiao believed that he and Wang Zhi were the only two people who could fight the beast.

However, things went from bad to worse.

Shao Xiao realized something in despair.

"The Magic Vine Beast has evolved! It's a Level 6 Spiritual Lord now!"

Chapter 2657: Who's Your Boss?

The others all went pale when they heard that.

"How can it be a Level 6 Spiritual Lord? That's a Class A beast! We're not Class A students! How are we supposed to fight it?"

"Run!" Ye Han was the first to try and run.

They heard some whooshing sounds.

More Magic Vine Beasts appeared, surrounding the team.

One, two, three, four...

They no longer bothered to disguise themselves with their green vines and leaves. Instead, they stood up and faced all the students.

“Holy crap...”

Everyone cried out.

There were more of them...

In the end, they were surrounded by a dozen Magic Vine Beasts!

Ye Han almost fainted.

As if one Magic Vine Beast wasn't enough to make them despair, there were twelve of them!

They had never felt so full of despair before.

“What should we do now?” Ye Han was so scared that she hid behind Shao Xiao.

Shao Xiao was ghastly pale as well.

However, he was the team leader, and everyone was counting on him. If he panicked, the others would fall apart as well.

“Don't panic! There must be a way out of here!” Shao Xiao's voice trembled as he tried to calm the others. “Stay calm! They won't eat us!”

However, they saw that the beasts were slowly approaching them with hungry looks in their eyes.

They were closing in.

The vines on the beasts' backs turned toward the students and kept spitting out the green liquid.

The venom was so potent that everyone turned pale.

“I don't want to die...” Ye Han broke down. She was the first to break. “I don't want to die. Help us!”

However, the beasts wouldn't let them go just because of her tears.

On the contrary, they turned toward Ye Han and spat more liquid on her.

Ye Han was covered with it.

She screamed in fear.

The others weren't doing much better. They had all turned a dark green shade.

Shao Xiao ground his teeth. “If we're going to die anyway, let's kill as many of them as possible before we're gone! Attack!”

He struck first.

Huo Shan stopped Feng Wu.

In fact, he had been shielding Feng Wu this whole time and even took off his robe for her.

“Feng Wu, you go first!” Huo Shan said affirmatively. “I’ll hold them off for you! Run!”

Feng Wu patted him on the shoulder. “Move aside. I know what to do.”

But Huo Shan didn’t believe her.

He believed that Feng Wu was far weaker than he was and needed his protection.

“No, I won’t!” Huo Shan insisted. “I told you to leave, so just leave!”

Feng Wu asked, “Why won’t you leave?”

Huo Shan was on the brink of tears. “What good will it do if I get out alive? My boss’s boss will eat me alive! Compared with that, I’d rather die here!”

Feng Wu said, “Who’s that?”

Chapter 2659: My Face Hurts...

One beast squeaked.

The other Magic Vine Beasts glared at Feng Wu.

Feng Wu raised her hands, threatening to do the same to the others.

Magic Vine Beasts were intelligent beasts, and they immediately lowered their heads when Feng Wu threatened them.

The team members didn’t know what to say.

Why did these Magic Vine Beasts remind them of monkeys in a circus?

After being disciplined, the beasts obediently walked up to Feng Wu and crouched down in a circle around her.

Feng Wu handed the vines to Shao Xiao. “They’re all yours.”

Shao Xiao’s eyes lit up.

However, the vines snapped as soon as he held them in his hands.

The beasts severed the vines from their bodies and bolted.

They had abandoned the vines.

They had to leave the vines behind to stay alive.

Shao Xiao was astonished.

The others were equally shocked and shouted, “Watch out! Get them!”

However —

They were once more amazed by Feng Wu.

“Ground Control!”

Feng Wu activated that stance.

All the beasts were frozen on the spot. They weren’t going anywhere.

“Die!”

Seeing this, Shao Xiao gave the command.

The others knew that this was going to be their only chance.

Shao Xiao, Ling Hao, and even Ye Han started attacking the beasts.

The Class A Magic Vine Beasts had much thicker skin that was hard to cut through. The students had no choice but to keep chopping.

Luckily, Feng Wu had trapped these beasts in place. Otherwise, they would never be able to break through their defense.

“Phew —”

By the time they cut through the skin, five minutes had passed.

They dug out the crystal cores of all twelve beasts.

Shao Xiao let out a breath of relief and told Feng Wu, “Thank you, Feng Wu! You’re the hero of the day!”

Ye Han was so jealous that she thought she was going to lose her mind. “Big deal. It’s just Ground Control.”

“Ye Han!” Wang Zhi scolded her.

Big deal?

Other people might not have seen what happened, but Wang Zhi had seen everything.

Feng Wu had controlled a dozen Magic Vine Beasts on her own, which was even more difficult to do than killing them! It was impossible to know how capable she was!

The only thing Wang Zhi knew for sure was that Feng Wu was good enough to go to Class A.

He wouldn’t let Ye Han disrespect such a genius.

Ye Han was furious when she saw that Wang Zhi was also siding with Feng Wu. However, she didn’t dare say another word.

“My face hurts so much...”

Ling Hao was thrilled after killing two beasts. He was about to show off to Feng Wu, when he felt the pain on his face.

It wasn't just his face...

"My chest hurts a lot, too!"

His words seemed contagious.

The others put their hands on their chests and cried out in pain as well.

"My chest hurts, too! What's going on?"

"It's the Magic Vine Beasts! Have you forgotten? Their juice is poisonous!"

"It's so itchy, too!"

"Stop it! You're only making it worse!"

"Help! Help!"

Everyone rolled around on the ground from the pain and the itchiness.

"Ye Han! Ye Han!"

Finally, they recalled that Ye Han was with them.

She was a physician!

Chapter 2660: Why Are You Alright?

She was a physician!

She was supposed to be a Master Level medicine refiner!

"Ye Han, help us!"

"Ye Han, aren't you a Master Level medicine refiner?"

"Ye Han, didn't you say that you can help us?"

...

Ye Han's stomach lurched.

Yes, she was a Master Level medicine refiner. No... She hadn't become one yet.

She was far from being capable enough to handle such venom!

She was also poisoned and rolling around on the ground.

"Stop shouting. Can't you hear that Ye Han is the loudest? Given her condition, she can't possibly help us," said Cheng Fang.

Ling Hao said, "Didn't she brag about how her pills can neutralize any toxin?!"

Ye Han was in such agony that her face was scarlet red. She muttered, "Cheng Fang's right! Those are Class A Magic Vine Beasts! I'm only a Master! How am I supposed to do anything about their venom?!"

She said righteously, “You can’t count on me for everything! Even Shan Jingfei wouldn’t be able to do anything about this!”

Everyone went silent.

What Ye Han said made them lose all hope.

“Are you saying that we’ll stay poisoned like this?”

“We can’t even walk...”

“We can’t go back to campus when we’re like this!”

“We don’t have anything we can use to send a signal...”

“Are we all going to die here?!”

“We’re all poisoned! We can’t even stand up!” Ling Hao’s voice was filled with pain.

Suddenly...

They noticed the shadows of two people on the ground.

They belonged to Feng Wu and Huo Shan.

“Feng Wu is still standing!”

“She’s not poisoned!”

Everyone looked at Feng Wu in amazement. “You’re not poisoned!”

Feng Wu nodded. “That’s right.”

Ling Hao then looked at Huo Shan and was even more shocked.

“Huo Shan should have been poisoned! I saw it! He was splattered with the venom! Look! His robe is still green!” Ling Hao pointed at Huo Shan. “Why is he still standing? Is he alright?”

Whoosh —

Practically all eyes were on Huo Shan.

“Huo Shan, do you feel alright?”

“Yup,” said Huo Shan.

“Aren’t you in pain?”

Huo Shan shook his head.

“Any itchiness?”

“Nope,” said Huo Shan.

Ling Hao was baffled. “But why? You should have been poisoned!”

Huo Shan was equally confused. "I have no idea."

He then popped something into his mouth.

"What are you eating?!"

"It's candy. Boss Feng Wu gave it to me," Huo Shan said proudly.

"Show me." Ling Hao struggled to sit up and took the so-called candy. He was surprised by what he saw.

"Do you call this candy?"

Feng Wu frowned a little because she heard the sounds of fighting a short distance away.

"I'll be right back!" With that, she dashed off.

However, the others only cared about Huo Shan's "candy" right now.

Ling Hao sniffed the "candy" and noticed something.

"Why does it smell like a pill?" He was perplexed.

Shao Xiao took it in his hand. "Candy? That's obviously a pill! And it's a Grandmaster-level one!

"It's an antidote especially for magical plants!"
