Chapter 2661: Enraged

Shao Xiao finally recognized the pill. "It's an antidote that can neutralize the toxins of all kinds of magical plants, and it smells so much more potent than what you can buy from the academy. Why do you call it candy?"

Huo Shan said, "It's candy because Boss Feng Wu told me so."

Grandmaster-level antidotes were crazy expensive, and the price of a panacea would be exorbitant. As a result, no one could bring themselves to buy such a pill for an event like this.

However, Huo Shan was eating these pills as if they were candy.

"Do you have more? Give me some!"

Everyone asked Huo Shan for the pills.

Soon, they ate up what was left in Huo Shan's hands.

Even Ye Han jumped at the opportunity, and she was much fiercer than the others. She even scratched Huo Shan's face in the process.

After taking the antidote, they soon realized that the itchiness was going away and they weren't in so much pain anymore.

"To carry so many pills on her, Feng Wu must be wealthy," Ling Hao glanced at Ye Han as he spoke.

The so-called Master medicine refiner's pills were nowhere near as effective as Feng Wu's antidote.

Ye Han wouldn't accept it. "I'm a Master medicine refiner; she just bought the pills! She can't possibly be at my level!"

Huo Shan glanced at Ye Han and snorted. "Boss Feng Wu said she made the pills herself."

"Pfft —"

Ye Han snorted. "And you believe her? These are Grandmaster-level pills. Do you think she's a Grandmaster medicine refiner? You must be dreaming!"

Huo Shan glanced at Ye Han. "Why is it so unbelievable? If you ask me, Boss Feng Wu can be a Supreme medicine refiner."

Ye Han laughed so hard that she almost coughed blood. "A Supreme medicine refiner? Don't make me laugh! That's ridiculous!"

"Ye Han!" Shao Xiao gave her a stern look.

Although he didn't believe that Feng Wu was a Grandmaster either, her pills had saved them all, and he had to be grateful.

Ye Han smirked.

“For someone who acts so arrogantly, you sure grabbed the pill quick enough.” Huo Shan glared at Ye Han. “If you say one more bad thing about Boss Feng Wu, I’ll have you spit out the pill!”

Ye Han was shocked.

She stared at Huo Shan and couldn’t believe how stubborn the man was.

“I’ll repay you with my points when we get back!” Ye Han snorted.

Huo Shan said, “You would be dead by now if you could only buy the antidote after you got back to campus.”

Ye Han said, “What on earth do you want?”

Huo Shan said, “You’ll need to pay back at least ten times what you owe!”

Ye Han trembled with anger. “Huo Shan, you’re going too far!”

Huo Shan said, “You deserve it! That’s what you get for saying bad things about Boss Feng Wu!”

The squabbling was giving Shao Xiao a headache. “Stop right there. We’ll talk about compensation after we get back. The hunt is the most important thing right now.”

The twelve crystal cores were on the ground.

Shao Xiao opened his mouth.

No one could deny the fact that Feng Wu was the only reason that they were able to obtain them.

Without her, not only would they have lost the crystal cores, they would also have been eradicated.

“I’ll keep those!” Ye Han wanted to grab the crystal cores.

“Wait.” Huo Shan was displeased. “Are you our team member? Didn’t you see who obtained them for us? You were saying bad things about my boss only a minute ago, and now, you’re trying to steal her achievements? You’re so shameless!”

Ye Han was so angry that her face twisted.

Chapter 2662: Team Xuecheng

Feng Wu rushed toward the noise.

Soon, she saw that a team was being chased by a magical beast.

She searched her memory and recalled that she had seen one in the illustrated handbook which the school gave to students.

It was a Fire Snow Lion.

It was a giant beast that was the size of a small house when it stood on its hind legs. How intimidating!

It left deep footprints in the ground.

Thump!

Five people were running away from it.

They were of average height, but the lion was so huge that they looked like ants in comparison.

“Hongxue, run!”

Four teenage boys ran in the front, and a girl was at the back.

It seemed that the lion was going to trample Hongxue, and everyone panicked. The teenagers panicked and shouted at her, trying to urge her on.

However, Hongxue was exhausted, and she said, “You guys go ahead! I’ll cover you!”

Since she couldn’t get away, she would die bravely and give her teammates a chance to live.

Hongxue drew out her sword and turned to face the lion.

Feng Wu admired her courage.

However, Hongxue wasn’t competent enough to be the lion’s match.

She had just become a Level 6 Spiritual Lord, but the lion was a Level 6 Spiritual Lord already.

That made the lion equivalent to a human Level 7 Spiritual Lord at their peak.

Hongxue was doomed.

“Ye Hongxue!”

The second-last boy cried out and made a choice which surprised Feng Wu.

He doubled back to help Ye Hongxue fight the lion.

Feng Wu’s eyes lit up.

She recalled an old joke about two people running into a bear. One said to the other, “I don’t need to outrun the bear. I just need to outrun you.”

She saw real friendship in this team.

Feng Wu wanted to intervene, but at that moment, the other three teenagers turned around and joined their teammates.

Ye Hongxue cried out, “Juncheng, why did you come back? Run!”

Lin Juncheng was covered with blood and he was heavily injured in the stomach, but he gritted his teeth, “We can’t leave you behind! We’ll live and die together!”

The other three chimed in, “We’re not going anywhere!”

Ye Hongxue had tears in her eyes. “Don’t be stupid! You need to get away while there’s still a chance!”

Lin Juncheng smiled, “Peace Grassland was so dangerous, and our team survived it. We won’t abandon you now! Let’s just kill this lion!”

“Jun Cheng is right! We’ll stick together no matter what! We’ll leave no one behind!” Xue Hao nodded.

The other two nodded as well and joined the battle without another word.

Seeing how united they were, Feng Wu hid behind a tree and didn’t interfere immediately.

Thump! Thump! Thump!

The five teenagers fought the giant lion together.

Feng Wu noticed the letter A on their armbands. It seemed that this team called Xuecheng belonged to Class A.

Chapter 2663: The Girl Who Came Out of Nowhere

Feng Wu had heard that even the weakest students in Class A were Level 6 Spiritual Lords.

However...

The lion was so ferocious that the five people couldn’t hold it back.

Ye Hongxue was smart. She winked at her teammates, and they soon created a formation in the shape of a star.

Feng Wu nodded. That formation could amplify a cultivator’s capability by 50% and was very helpful with killing moves.

The lion was powerful, but with the amplification, the team could take it down.

It was incredible!

Together, the five members soon suppressed the lion.

Everyone thought they would soon kill the beast, but it suddenly went berserk.

It was like a wildfire.

Surging flames almost touched the sky.

The lion roared.

The soundwave and the flames threw all five team members off balance.

They lost all hope.

At such a critical moment, the lion had gone berserk.

“Run!” Xue Hao, the team leader, shouted at the top of his lungs.

But where to?

Everywhere they turned, there were flames and heavy smoke.

The lion’s energy had them trapped as if they were in a cage.

They froze on the spot and couldn’t move a muscle.

The lion was furious.

The team had blinded it in the right eye with the formation, and countless tiny bloody cuts covered its body.

However, the lion was enormous, and the wounds couldn't affect it in the slightest when it was in this berserk state.

The lion was an intelligent beast.

The Magic Vine Beasts were only Class B, but they were already so intelligent, let alone a Class A lion.

There was a malicious look in its eyes as it stomped on the ground. Flames filled the pit, and there were sparks everywhere.

Ye Hongxue was the closest to the lion.

"Hongxue, run!" her teammates shouted.

Ye Hongxue tried to run away, but she couldn't move a finger, let alone rise to her feet.

The lion was already in front of her.

It raised its giant paw.

"No!!!"

The team members screamed.

"We survived Peace Grassland – are we going to be killed by a beast now?!"

"So many of our friends died, and we only killed a few Dongsang soldiers!"

"I don't want to die now! I want to kill more enemies!"

...

No matter what they thought, the lion wouldn't spare their lives now.

The lion roared and charged at the team.

It was going to trample Ye Hongxue.

It was going to trample all five humans.

Feng Wu made her move when the five people lost all hope.

No one saw how she did it.

The giant lion simply fell to the ground.

The impact sent sparks and ash flying.

The air was filled with dust.

Ye Hongxue stared at their savior in disbelief.

The girl wore a red dress and was more beautiful than anyone she had ever met.

Chapter 2664: Incredible Feng Wu

??

Feng Wu pressed the lion to the ground as soon as she joined the battle.

The others looked at her in amazement.

What just happened?

Ye Hongxue was the closest, so she was the most astonished.

She watched as Feng Wu jumped into the circle and kicked the lion to the ground.

“Are you alright?” Feng Wu asked Ye Hongxue.

Ye Hongxue shook her head.

Feng Wu then turned to the lion, which had scrambled to its feet.

It glared at Feng Wu and bared its teeth.

It raised its head, growled and charged at Feng Wu.

“Watch out!”

The members of Xuecheng Team cried out in unison.

However, Feng Wu kicked the lion again before it could touch her.

Thump!

The lion flew backward again.

This time, the lion made a perfect arch in the air before it hit the ground.

Its body continued skidding over the ground after it landed, stirring up dust.

Sparks flew everywhere.

Finally, things quieted down.

The dust cleared.

The sparks died down.

The team saw what had become of the lion.

It had been so proud and fierce before, but it was in such a messy state now.

Its giant body sprawled over the ground, and its limbs were too weak to support its massive body.

Blood oozed out from countless holes in its body.

Smoke rose from its charred skin.

It could barely keep its eyes open. Although its eyes were filled with hatred, the lion couldn't stand up no matter how hard it tried.

Everybody could see that the life was swiftly leaving its body.

In the end, it closed its eyes and never opened them again.

Xue Hao cautiously approached the lion to ensure that it was really dead.

He turned around and looked at Feng Wu in amazement.

Xuecheng Team also stared at Feng Wu in disbelief.

That was incredible!

One kick!

She had just kicked the lion, and it fell down and died.

Who was this girl in red?

"You..." Xue Hao wanted to ask her who she was.

However, Feng Wu only glanced at them. Seeing that Ye Hongxue was severely injured, she crouched down next to the girl, and her fingertips glowed with green light.

The green light fell on Ye Hongxue, and she was healed as everyone watched.

Feng Wu rose to her feet, nodded to Ye Hongxue, and walked away.

"Miss!"

Xue Hao called after Feng Wu.

But Feng Wu didn't look back and soon disappeared into the woods.

The team was speechless.

It took Xue Hao forever to realize what had happened. "Was she even human?"

"Of course she was! What do you think she was? A ghost?"

"No, I mean, she was like a goddess!" Xue Hao said excitedly. "What should I do? I think I'm in love!"

Ye Hongxue rolled her eyes at him. "I think you should ask for permission first."

"Ye Hongxue, you can stand up!"

Chapter 2665: Telling the Truth

"Ye Hongxue, you're on your feet!" Xue Hao stared at his friend in disbelief.

The lion had wounded Ye Hongxue so badly that she had been lying on the ground and bleeding out before Feng Wu came.

"Your wounds are no longer bleeding!" the other team members observed.

Ye Hongxue nodded. "It's not just that. My wounds have almost healed."

"How... Oh my god! That girl is a Supreme-level medicine refiner!"

Only a Supreme-level medicine refiner could emit the green light.

Medicine refiners below that level could only make pills to treat patients.

"If I'm guessing correctly, she's a medicine refiner who is at least at the Supreme level," Ye Hongxue said in admiration.

Xue Hao said, "Not only that, she also kicked away the lion!"

The others nodded.

Xue Hao said, "What do you think her level is?"

Lin Juncheng said, "She has to be a Level 7 Spiritual Lord at least."

Ye Hongxue shook her head. "I've fought Level 7 Spiritual Lords before, and she feels more powerful than that.."

Her teammates fell quiet.

"If that's the case, how powerful must she be?"

The others shook their heads in amazement.

"She saved our lives, and we should be forever grateful for it," Ye Hongxue said earnestly. "With her capability and medical skills, she'll definitely stand out in the academy. We'll find out who she is as soon as we ask around."

"We left the academy for just six months, and such an amazing student showed up. How odd..."

Feng Wu went back to her team after helping Xuecheng Team.

After all, she was going to help her team become first.

She needed the reward.

When she got back, Ye Han shouted at her. "Feng Wu, what's wrong with you?! Why did you leave us at the most dangerous moment?!"

Huo Shan shouted back at Ye Han before Feng Wu could say anything.

Huo Shan said, "Just because you're a woman doesn't mean I won't hit you! Say one more bad thing about Xiao Wu, and I won't be so nice!"

Ye Han said, "What did I do? Was I wrong?"

Huo Shan said, "First of all, Xiao Wu left only after she killed a dozen Magic Vine Beasts all by herself. She also left us the antidote beforehand, and all of you took some!"

"You!"

“Don’t you know the saying that a guest shouldn’t speak ill of their host? After everything she’s done for you, you’ve shown her no gratitude at all!”

“You!”

“Is Xiao Wu your nanny? She has no obligation to protect you!”

“You!”

“Who the hell do you think you are? How dare you talk to Boss Xiao Wu like that?!”

“You!”

“Stop with the ‘you’ already! Spit out the antidote! You ungrateful b*stard!”

Ye Han was so angry that she almost fainted.

She stared at Shao Xiao. “Aren’t you going to say something?”

What could Shao Xiao say? Huo Shan’s words were harsh, but he was telling the truth.

Shao Xiao said in resignation, “Ye Han, if you’re uncomfortable staying with us, why don’t you...”

Chapter 2666: Why Are You on Feng Wu’s Side?

Was he telling her to leave?

Ye Han stared at Shao Xiao in disbelief. “Shao Xiao, what’s that supposed to mean?!”

Shao Xiao looked her in the eye.

Ye Han said, “Fine, none of you like me! I’ll go! Happy?!”

She started walking away.

Duanmu Huo looked from Ye Han to Shao Xiao, but he didn’t say anything in the end and only followed Ye Han.

His teammates weren’t pleased.

A girl named Xu Siyu frowned and muttered, “Why is she so willful?”

However, they were still on the same team, so the other team members had no choice but to follow their leader.

They didn’t try to hide their reluctance.

No one spoke for a while after Ye Han was gone, and everyone felt somewhat embarrassed.

Cheng Fang wanted to say something to Feng Wu, but kept his silence in the end.

Ye Han was his friend, but Feng Wu had saved him twice. He would have to be an utterly ungrateful person to turn against Feng Wu now.

“Are we going to let Ye Han go just like that?” Cheng Fang asked Shao Xiao.

Shao Xiao said coldly, "Ye Han was a proud person before, but she was at least reasonable. You've seen what she's like with Xiao Wu. We can't reason with her anymore."

Ling Hao nodded. "We didn't drive her away. She left voluntarily. It's not like we could have begged her to stay, right?"

Wang Zhi nodded. "She's not even on the same team with us anymore."

Cheng Fang stared at his teammates in disbelief. "Why are you all on Feng Wu's side?"

He glanced at Feng Wu as he spoke.

Because Feng Wu had saved his life, he couldn't openly oppose her, which frustrated him.

"At least Ye Han is a Master-level medicine refiner," Cheng Fang mumbled. "We would be much safer with her on our side."

"Forget it! A Master-level medicine refiner? She was just bragging! What did she do when we were attacked by the Magic Vine Beasts? We'd all be dead if it hadn't been for Xiao Wu! Cheng Fang, use your brain!" Ling Hao glowered at Cheng Fang.

Cheng Fang said, "But... but Ye Han is an actual physician, and Feng Wu was just lucky... She just happened to have the right medicine on her."

Ling Hao didn't want to waste his breath on Cheng Fang. "I see Xiao Wu saved you for nothing!"

Cheng Fang said, "I'm only telling the truth. Plus, I'm only concerned about the safety of our team."

"That's enough. Stop fighting!" Shao Xiao intervened. "We have a choice to make. Be quiet and listen to me!"

The others all looked at him.

Shao Xiao said, "We now have the crystal core of an advanced Class B magical beast and a dozen crystal cores of peak-level Class B magical beasts. Our team should be in second or third place.

"But the hunt will only end in three days, so we have a choice to make. Should we be content with what we already have and go back to school, or should we keep hunting?"

The question got the others thinking.

Wang Zhi said, "We've already obtained the biggest achievement we've ever made. Our team has never been in the top three before. We'll receive satisfactory rewards if we go back now."

Ling Hao said, "That's right. Normally, we should be happy with making it into the top three. However, why are we here? Are we really going to stop now?"

Chapter 2667: To Tell You the Truth

Ling Hao said, "Do you think the school sent us here just to hunt magical beasts? I think they want us to train in actual battle. Once we join Class A, we'll see a real battlefield!"

Wang Zhi nodded. "The dangers we've seen here in Thousand Nights Forest are nothing compared with the battlefield. No one can get out unscratched."

Ling Hao said, "If we're lucky, maybe we can get first place!"

"In your dreams." Shao Xiao was in disbelief. "Top three is already a miracle for us. First? Who are you kidding?"

Everyone else nodded.

Cheng Fang said, "So, does everyone agree that we'll keep fighting?"

Shao Xiao hesitated for a while before he looked at Feng Wu.

"Feng Wu, what do you think?"

Immediately, all eyes were on Feng Wu.

Feng Wu had already made up her mind.

She didn't care what place the team got, but she needed to be the best student.

She said, "I suggest you guys go back first."

Ling Hao spoke before Shao Xiao could say anything. "Feng Wu, are you afraid? Do you want to retreat?"

Feng Wu shook her head. "No, I don't."

"Then what do you mean?"

Feng Wu met his eyes. "Do you want the truth?"

Ling Hao said, "Spare me the crap! I don't have time for this! Tell me the truth!"

Feng Wu said, "The truth can be harsh."

Ling Hao patted his chest and said proudly, "I'm a tough man. I can take it!"

Feng Wu nodded, looked around, and casually said, "You're too weak."

Ling Hao coughed.

That was some harsh truth.

Not only Ling Hao, but Shao Xiao and the others also flushed in embarrassment.

Feeling resentful, Cheng Fang snapped at Feng Wu, "Just because you saved us doesn't give you the right to say such arrogant things!"

Feng Wu shook her head. "I'm only stating a fact."

Cheng Fang was mortified by that statement. Taking a deep breath, he said, "Are you saying you're so much better than us? What level are you, then?"

The others looked at Feng Wu, also curious about her cultivation level.

Feng Wu smiled. "I could fight a dozen Magic Vine Beasts with my bare hands."

The harsh truth once more.

"And I was far from reaching my limit," Feng Wu added.

That was brutal.

Cheng Fang wanted to retort, but he couldn't deny that Feng Wu was telling the truth.

He hated to admit it, but Feng Wu had indeed had twelve Magic Vine Beasts under her control. That was far more impressive than killing them.

"You..."

Wang Zhi calmed down and asked Feng Wu, "What's your plan?"

Feng Wu looked back at him. "What do you think my plan is?"

Being the most intelligent team member, Wang Zhi realized something. "Do you want to get first place? You want the top prize, don't you?"

"You must be out of your mind!"

Cheng Fang shouted at Feng Wu before she could say anything. "There's no way you can get that prize! It's been determined beforehand!"

Whoosh!

All eyes were on Cheng Fang. What was that supposed to mean?

Chapter 2668: Dynasty Team

Realizing that he had said the wrong thing, Cheng Fang looked away and pretended that he didn't know anything.

"Cheng Fang, do you know something we don't?" Shao Xiao stared at him.

Cheng Fang wouldn't answer the question.

Wang Zhi frowned a little. "I recall that your brother is in Class A, and he's a member of the seeded team."

Cheng Fang shook his head. "I don't know anything about that. Please stop asking me. I can't tell you anything."

It only confirmed that what he had said was true. His teammates didn't like the sound of that at all.

Shao Xiao frowned. "As far as I know, the leader of the seeded team is Chen Ziyun, the president of the Martial Arts Society. Has he already chosen a candidate?"

"Is it Shan Jingfei?" Wang Zhi looked at Cheng Fang.

Cheng Fang said coldly, "Don't ask me. I can't tell you anything."

The others took his answer for a “yes.”

“Is Chen Ziyun in love with Shan Jingfei?” Ling Hao asked curiously.

Wang Zhi shook his head. “Chen Ziyun isn’t that type of person. Qiu Zeyu is more likely to do something like that.”

Ling Hao asked, “Qiu Zeyu? As in the second-best student in the seeded team?”

Wang Zhi said, “I saw Qiu Zeyu taking walks with Shan Jingfei before.”

Shao Xiao glanced at Wang Zhi.

Wang Zhi was a discreet person. He wouldn’t have said something like that if those two people had really just been walking together. He must have seen something else.

Wang Zhi nodded when he saw the look in Shao Xiao’s eyes.

Shao Xiao shrugged. He had probably guessed correctly.

“Forget about first place, then,” Shao Xiao told Feng Wu. “Let’s go back.”

Feng Wu said, “You guys go ahead.”

Shao Xiao said sincerely, “Feng Wu, you have to accept the fact that we can’t get first place.”

Feng Wu asked, “Why?”

Shao Xiao lowered his voice. “That spot has probably been determined in advance. You can’t win, no matter how hard you try.”

Feng Wu smiled. “Is it because of that Qiu Zeyu you mentioned just then?”

There was silence.

Feng Wu was still smiling. “He won’t be a problem.”

Huo Shan agreed.

Qiu Zeyu was nothing! Feng Wu’s backer was a much more influential person!

However, Shao Xiao and the others didn’t know what Huo Shan knew, so they only found Feng Wu stubborn.

“Feng Wu, you probably don’t know what it means to be a member of the seeded team.” Shao Xiao tried to explain to her. “We’re only in Class B, so the team is normally beyond our reach. You’ve only just joined us. Understandably, you don’t know what an intricate matter this is.

“Here’s the thing: Members of the seeded team are the most capable students in the entire academy.

“‘Seeded team’ isn’t its official name.

“It’s called ‘Dynasty Team’.”

Feng Wu was surprised. “Dynasty Team? Are they actually allowed to use that name?”

Shao Xiao smiled bitterly. "If you know who the team's founder is, you'll understand where that name came from.

"The person who founded the first Dynasty Team was His Royal Highness," said Shao Xiao. "I think you know who that is."

Many years had passed since the engagement between Feng Wu and the crown prince was said to have been annulled. Most people had forgotten about it.

Chapter 2669: Never Give Up

However, Zuo Qingluan had deliberately brought it up again, and many people remembered the incident once more.

Shao Xiao and the others gave Feng Wu sympathetic looks.

Huo Shan was so angry that he wanted to jump to his feet.

What the hell?!

Feng Wu was still engaged to the crown prince, and the crown prince had ordered Chen Ziyun to keep her safe! Shao Xiao and his teammates knew nothing!

Shao Xiao didn't notice Huo Shan's frustration, and he went on with his explanation.

"Dynasty Team consists of ten members, five of whom are official members and five who are back-up members.

"The last Dynasty Team was incredible. Because both His Royal Highness and Young Lord Feng were members of the team, no one else dared to put up a fight. As a result, Imperial College became the best school in the empire.

"However, the team's strength has been on the decline ever since the old members graduated.

"Of course, that's only in comparison with its heyday. Imperial College is still better than other schools.

"A member of the team was severely wounded in Peace Grassland and almost died. Because of that, there's currently an open slot in the team. To ensure that the right person is chosen for the team, the school is recruiting two students.

"Although the candidates will become back-up members, many people of Class A are competing for that opportunity.

"Class B ordinarily wouldn't have the opportunity. If I'm guessing correctly, Qiu Zeyu must have requested that quota for Shan Jingfei. He must have pulled a lot of strings."

He looked Feng Wu in the eye. "Why don't we give up on that quota?"

The other team members looked at Feng Wu as well.

It was supposed to be Shan Jingfei's big moment, and Feng Wu should know when to quit.

However —

Feng Wu smiled. "Giving up has never been an option for me."

"What? Are you going to stay in the game?!" Ling Hao couldn't believe his ears.

She might look like a fragile and tender girl, but she was more formidable than anyone could imagine.

She was almost glowing when she said she refused to give up. It was unbelievably attractive.

She told the others, "You guys can go back first. Just don't hand in the task yet."

She walked away after that.

Meanwhile —

Ye Han thought Shao Xiao would stop her when she walked away.

After all, she used to be the center of the team, and the members doted on her.

However!

No one said anything even after she dawdled and walked as slowly as she could.

She was furious.

She resented Shao Xiao and the others for not helping her, but most of her hatred was directed toward Feng Wu.

It was all because of Feng Wu!

Feng Wu had replaced her!

Feng Wu had stolen the spotlight!

Feng Wu had taken everything!

She hated Feng Wu so much!

"Ye Han?" Seeing that Ye Han was in a bad mood, Duanmu Huo tried to comfort her.

"Don't talk to me!" Ye Han gave him a dirty look before walking away.

"Ye Han, where are you going?" Duanmu Huo called after her.

Ye Han shouted, "Leave me alone!"

She quickly marched away.

Her actions hurt Duanmu Huo's feelings.

Chapter 2670: Shan Jingfei's Team

"Duanmu!" Xu Siyu, one of the team members, stomped her foot. "She doesn't even like you! All she does is order you around, and you're still all over her!"

Grinding his teeth, Duanmu Huo still wanted to chase after Ye Han.

Xu Siyu said, "She's obviously using you to make Shao Xiao's team jealous. When she couldn't do that, she found you a burden and abandoned you. Yet here you are, still trying to get her back."

"Shut up!" Duanmu Huo bellowed at Xu Siyu.

Xu Siyu lost her temper. "I know you're angry, but I'm still going to say it!

"As outsiders, we can see that Feng Wu is the reasonable one, while Ye Han keeps making outrageous requests! She's not trustworthy!"

Duanmu Huo looked like someone had stepped on his foot. "Shut up!"

Xu Siyu smirked. "Shut up? Why do you think you can talk to me in that way? Because you're our team leader?"

"Duanmu Huo, you're the team leader, but you don't own the position!

"You don't get to order us around! We're not courting your crush for you!

"You're only a team leader when we think you're a good fit for the job. Otherwise, you're nothing!"

Duanmu Huo said, "You!"

Xu Siyu stared at Duanmu Huo and wouldn't be intimidated.

She used to be an obedient team member and had never opposed him like this before.

Duanmu Huo looked at the two other team members for recognition.

However, they were also looking at him in anger and disappointment.

Anger and disappointment...

Duanmu Huo went pale as if he had been struck by lightning. He thought, "What am I doing? These are my closest friends!"

Meanwhile!

Ye Han was sure that Duanmu Huo would try to persuade her to go back.

However...

After a while, she realized that Duanmu Huo wasn't coming after her.

Ye Han thought she was going to lose her mind.

What was the matter with this world?

Had she been abandoned by everyone?

Feng Wu!!!

Ye Han blamed Feng Wu for everything that had happened to her.

She believed that if it hadn't been for Feng Wu, she would never have ended up like this. She wanted revenge.

But how? Could any student in Class B defeat Feng Wu?

Ye Han calmed down and started thinking.

Driven by her hatred for Feng Wu, Ye Han actually came up with a feasible plan.

Shan Jingfei!

Ye Han smacked a tree.

Shan Jingfei was the top student of Class B. Ye Han was confident that Shan Jingfei disliked Feng Wu.

Her eyes glinted.

She remembered the direction Shan Jingfei had left in, so she quickened her pace.

It seemed luck was on her side. She actually ran into Shan Jingfei's team.

Gu Xingyuan, Xin Zhixuan and two other members were on Shan Jingfei's team.

When she saw Shan Jingfei, Ye Han feigned an exhausted state and wailed.

She fell to the ground and started rolling down the slope.

Shan Jingfei's team soon spotted her.

Their team was called Jingjing Team.

"Jingfei, I think I heard something." Xin Zhixuan stuck out her head and saw a person rolling down the slope.
