Chapter 2671: Enemy's Enemy

"Don't be distracted. Focus. We need to kill this magical beast first," Shan Jingfei said coldly.

Other people saw Shan Jingfei as some innocent and kind girl, but Xin Zhixuan knew better. Shan Jingfei was anything but that. She was cold and unsympathetic.

"It sounds like Ye Han, doesn't it?" Xin Zhixuan was going to ignore the noise until she saw who the person was.

Just like Ye Han, Xin Zhixuan didn't like Feng Wu either.

She spotted an opportunity when Ye Han showed up.

"I'll be right back!"

Xin Zhixuan dashed off before Shan Jingfei could say anything.

She came back with Ye Han a few minutes later.

"Ye Han?" By then, Shan Jingfei had killed the magical beast and was collecting the crystal core. Her first thought when she saw Ye Han was how sorry the latter looked.

Ye Han's hair was unkempt and her disheveled clothes were covered with grass and dirt. She looked more wretched than a beggar.

Was that really Ye Han?

Because Ye Han used to be the only girl on her team, Shao Xiao and the others had protected her well.

Being the second most popular girl in class, Ye Han had always been proud of herself. She looked nothing like her old self now.

"Ye Han, what happened? Where's your team? Why aren't Shao Xiao and the others with you?" Xin Zhixuan asked, feigning a concerned tone.

The old Ye Han would never have shown her weak side to Shan Jingfei, but now, she couldn't care about anything else.

She burst into tears when she heard the question.

"Are you badly hurt? Where are your teammates?" Xin Zhixuan pretended to actually care about Ye Han.

Ye Han cried even harder. "They don't care about me anymore... Feng Wu is their new pet, and they'll do whatever she says. I don't have a place in that team anymore!"

Feng Wu?!

Xin Zhixuan and Shan Jingfei didn't pay much attention to Ye Han until she mentioned that name.

Gu Xingyuan also observed Ye Han.

Shan Jingfei gave Xin Zhixuan a warning look, and the latter nodded.

Xin Zhixuan asked Ye Han as she treated her wounds, "Did Feng Wu chase you away? She seems nice. I can't believe she would do such a thing!"

Ye Han thought, "What a lousy actor."

She could tell that both Xin Zhixuan and Shan Jingfei disliked Feng Wu. With that in mind, she thought she could work with these people.

Ye Han was also pretending. "Feng Wu is just so pretty, of course all the boys like her! Shao Xiao used to be in love with Shan Jingfei, but he likes Feng Wu now!"

Shan Jingfei's face darkened.

She didn't have feelings for Shao Xiao, but the change in his attitude was a blow to her personal pride!

Seeing Shan Jingfei's livid face, Ye Han was secretly delighted, but she still had to keep up her aggrieved expression, and she went on complaining.

"It's not just Shao Xiao! Ling Hao, Wang Zhi and Cheng Fang are all the same! They're all over Feng Wu as if she's some kind of princess!"

Chapter 2672: Reputation

Ye Han said, "Guess what? Feng Wu accepted all their kindness toward her! She's so... so..."

Xin Zhixuan said, "So promiscuous?"

"Yes!" Ye Han started trashing Feng Wu's reputation.

She knew how vital reputation was to a young woman. Once that was destroyed, the woman would have nothing left.

Other people would have scolded Ye Han for what she was doing.

However, nearly everyone here was Feng Wu's enemy and couldn't wait to see her in distress. As a result, no one spoke up for Feng Wu, and they all gloated at her predicament.

Seeing that no one objected, Ye Han went on.

After saying a few more bad things about Feng Wu, she felt it was time to move on to the next subject.

"It's not that I don't want to fight her, but she's too powerful."

"How's that possible?" Xin Zhixuan asked incredulously. "She's a new student, and you've been in Class B for a while. How can she be more capable?"

Ye Han smiled bitterly. "Feng Wu took out twelve magical beasts all at once."

Xin Zhixuan said indifferently, "All the students in our class can handle twelve junior Class B magical beasts at the same time."

"No, they weren't junior ones," Ye Han said bitterly. "They were all advanced magical beasts."

“No way!” Xin Zhixuan couldn’t believe her ears.

Ye Han wasn’t telling the truth – they were actually peak-level Class B magical beasts.

She feared that if she told the truth, Shan Jingfei wouldn’t dare fight Feng Wu anymore.

Ye Han nodded. “They’ve collected at least a dozen crystal cores from advanced Class B magical beasts. How many do you have?”

“Is that true?!” Xin Zhixuan stared at her.

Ye Han smirked. “I was with them just then and saw it with my own eyes.

“Ask Duanmu Huo if you don’t believe me. They saw it, too.”

Shan Jingfei’s face darkened.

Xin Zhixuan also gave Shan Jingfei a knowing look because she was aware of the inside information.

It had been determined in advance that Shan Jingfei would come out first in this hunt.

Qiu Zeyu had said so himself.

If Feng Wu came in first, Qiu Zeyu’s effort would be wasted.

“I don’t believe you.” Xin Zhixuan glanced at Ye Han. “I’ll ask the others.”

She then walked off.

She came back an hour later.

Shan Jingfei gave her a searching look.

Xin Zhixuan nodded solemnly.

Shan Jingfei’s face went livid.

So, Ye Han was telling the truth.

Shan Jingfei felt conflicted.

She should have anticipated it because Feng Wu had defeated her in front of all the tutors.

After that, she knew she wasn’t Feng Wu’s match, but she had been trying to keep that information from everyone else.

Xin Zhixuan said tentatively, “I think Feng Wu does have some talent. We may not be her match if we’re on our own...”

Shan Jingfei nodded. “I see.”

She walked into the woods after that.

Xin Zhixuan grew suspicious.

That wasn’t right.

Shan Jingfei was too calm.

She should have been astonished when she learned how capable Feng Wu really was.

Chapter 2673: Deception

??

However, Shan Jingfei had calmly accepted the truth and walked away.

That could only mean one thing.

She already knew that Feng Wu was better than she was!

But when?

When had she started acting strange?

When Xin Zhixuan searched her memory, she realized in surprise that Shan Jingfei's behavior changed after Mr. Yang summoned her the day before Feng Wu came to Class B.

How did Feng Wu get into Class B? She had to have defeated some existing members of the class...

OMG!

Xin Zhixuan suddenly had a shocking realization

Could that person have been Shan Jingfei?

It was hard to believe, but it was also the only possibility!

Xin Zhixuan almost couldn't contain her excitement in the short period that Shan Jingfei was away.

If that was the case...

She pretended she knew nothing when I mocked Feng Wu. She made me look like a clown!

Xin Zhixuan was furious.

But she soon fought back her rage and looked as calm as she could manage.

Shan Jingfei came back a few minutes later.

She was smiling, light on her feet, and in a good mood.

Xin Zhixuan asked, "Feifei, do you think it's possible that Feng Wu is more capable than you are?"

Shan Jingfei smiled. "So what if she is? I'm not afraid of her."

Was she admitting that Feng Wu was better than she was?

Xin Zhixuan didn't want to give up yet. "Feifei, did Feng Wu get into Class B after she challenged you?"

She was trembling inwardly when she asked that question.

Shan Jingfei's face darkened, and she scolded Xin Zhixuan. "Don't ask about things you don't understand!"

Xin Zhixuan was disappointed.

She knew Shan Jingfei well enough to see that the girl would have denied it already if it wasn't true.

Xin Zhixuan was angry from the embarrassment.

She felt like a clown and flushed.

Being as self-centered as always, Shan Jingfei didn't detect the change in her friend's mood.

She was still immersed in complacency. "Don't worry. I'll definitely be first this time."

Ye Han's eyes lit up. "Can you change the data in the system?"

Shan Jingfei rolled her eyes at Ye Han. "If I could do that, do you think I would still be here?"

Of course, she wouldn't. Ye Han was disappointed.

Shan Jingfei smirked. "Qiu Zeyu will give me a hand."

"Is he coming here to help us?" Xin Zhixuan knew that Shan Jingfei talked to Qiu Zeyu via a communication device.

The range of that device was limited to school grounds.

Thousand Nights Forest was within that range.

"He's too busy to come out here, but he'll send someone." Shan Jingfei added, "They're students of Class A."

Ye Han looked at her in amazement. "Students? More than one?"

"Of course!" Shan Jingfei said proudly. "A Class A team is on a mission nearby, so Zeyu asked them to give me a hand."

"Qiu Zeyu cares so much about you!" Ye Han said.

Chapter 2674: Old Acquaintance

"Qiu Zeyu cares so much about you!" Ye Han said.

Shan Jingfei smiled and took it for granted.

However, she didn't see the look on Xin Zhixuan's face.

Xin Zhixuan lowered her head to hide the complicated feelings in her eyes.

Soon, a five-member team showed up.

"Hello, I'm Xue Hao, the team leader of Xuecheng Team." Xue Hao greeted Shan Jingfei with a smile.

They would have gone back to school after they ran into the berserk lion, but thanks to Feng Wu's excellent medical skills, they were all in good shape now.

Therefore, they accepted Qiu Zeyu's request when he gave them the mission via the communication device.

Helping Shan Jingfei kill some magical beasts would be a piece of cake for the Class A students.

Shan Jingfei was pleased to see them, and gave Ye Han an arrogant look.

Ye Han had to stay humble around Shan Jingfei, so she fawned on the girl and showered her with praise.

Shan Jingfei was delighted, but she tried to look modest.

She then struck up a conversation with Xue Hao.

The task for Xuecheng Team was straightforward. They were to help Shan Jingfei kill 24 peak-level Class B magical beasts.

All Class A students could do that easily enough.

"I know a place where we can find peak-level Class B magical beasts, and there's a whole pack of them," Shan Jingfei told Xue Hao. "They're Purple Rats. They're small but fast, and they can move underground. They'll be hard to catch."

Xue Hao wanted to finish this mission as soon as possible and go back to look for the girl in the red dress, so he nodded without hesitation.

"Purple Rats are junior Class A magical beasts. We hunt them all the time. Let's go." Xue Hao led his team in the direction of the rats.

At that exact moment —

Feng Wu was talking to her teammates.

"You guys can go back now. I'll hunt some more magical beasts here and get back before the hunt ends. We'll submit the task together."

She knew she had to get first place.

Shao Xiao gave her a sympathetic look and was amazed by how stubborn she was.

"Let's vote, then," said Shao Xiao. "Put up your hand if you want to stay here with Feng Wu."

Whoosh!

Huo Shan was the first to raise his hand.

The second was Ling Hao.

"Ling Hao, are you sure?" Cheng Fang stared at him. "Do you know where you're going? You may be headed for the advanced Class B region or even the Class A zone. Are you sure you can do it?"

Ling Hao chuckled. "If it wasn't for Feng Wu, I would already be dead. I owe her my life."

Ling Hao asked Cheng Fang, "What about you?"

Cheng Fang frowned. "I'm in bad shape. I need to go back and take some time to recover."

Ling Hao understood.

Cheng Fang had always liked Ye Han, but Ye Han had been forced to leave this team. It was understandable that he felt conflicted about Feng Wu.

In the end, Wang Zhi and Shao Xiao decided to leave.

The six members were divided into two groups.

They went their separate ways after they bid each other farewell, unaware of what was going to happen next.

Chapter 2675: Encounter

To their surprise, the ground started shaking when they were about to leave.

They all lost their footing.

What was going on? Everyone was shocked.

The ground cracked open before they realized it.

"Fall back!"

Shao Xiao shouted.

He quickly jumped to one side.

The others followed suit.

However, the ground was opening up too fast.

The cracks were opening up in all directions.

"Run! Now!" Everyone panicked and shouted.

But they weren't quick enough.

Human strength seemed so petty in comparison to the force of Nature.

"Ah!"

Cheng Fang screamed.

He had been poisoned twice, so he was the weakest and slowest member of the team.

As a result, he was the first to fall into the crevice when the ground opened up.

"Cheng Fang!"

The other members of the team went pale and tried to grab him.

But they were too late.

They could hear Cheng Fang's scream as he fell.

They didn't have time to weep because they weren't out of danger either.

Not even close.

More and more cracks were opening up.

They weren't fast enough to outrun them all.

Before long, another disaster took place.

"Help me!" Ling Hao shouted.

A vine appeared in Feng Wu's hand when Ling Hao fell.

It immediately stretched out, wrapped around Ling Hao's wrist, and pulled him back up in a whoosh.

Ling Hao was ghastly pale.

Still in shock, he said to Feng Wu, "Feng Wu, thank you..."

However, he heard another scream before he could finish.

Turning around, he saw Wang Zhi.

He panicked.

Wang Zhi was falling!

In a split second, another vine wrapped around Wang Zhi's waist.

Ling Hao let out a breath of relief.

But he wasn't relieved for too long because it was Shao Xiao's turn.

He began to fall.

Ling Hao thought he was going to lose his mind.

Feng Wu wasn't a Spiritual King. She was already helping two people. There was no way that she could help a third one.

He was sure that his team leader was going to die.

Wang Zhi felt the same.

To their surprise, Feng Wu produced a third vine.

It wrapped around Shao Xiao's right ankle and pulled him back.

The three boys let out breaths of relief and stared at Feng Wu in astonishment.

How capable was she that she could stop all three of them from falling at the same time in a critical moment like this?

They had always assumed that Feng Wu was only slightly better than they were. It was only now that they realized the disparity in their capabilities.

“Feng Wu...” Shao Xiao tried to say something.

Feng Wu finally brought the three of them to a safer zone, where they stood on solid ground once more.

However...

Chapter 2676: Falling

Just then.

The cracks had stopped expanding earlier, but the ground started to crack again!

This time, they were expanding faster than before.

Everyone was falling before they knew it.

“Ah!!!”

They all screamed.

Feng Wu and her teammates were all falling.

Feng Wu could hear the wind whooshing in her ears.

Ling Hao and the others panicked, but Feng Wu was as calm as ever.

She had always been this way. The greater the danger, the more composed she was.

She narrowed her eyes when they were about to hit the bottom.

She knew that the final part was the most important.

All their lives were on the line.

“We’re going to die!”

Ling Hao shouted.

The fear of death had overwhelmed them.

Feng Wu was the youngest, but she was incredibly calm.

She shouted, “Shut up, all of you!”

Shut up?

How?

It was human instinct to scream when they were scared.

Feng Wu had never sounded so severe. "Everyone, get ready to land!"

Land?

Where?

How were they supposed to get ready for that?

Each person was as baffled as the next.

They involuntarily tried to believe her and do as she said, but they didn't know how to get ready.

Feng Wu stared at them. "Bring your knees up, curl your arms around them, and bury your head in your lap. The fetus position."

Obviously, the others didn't know what the fetus position was.

But they understood the first part.

They held their knees together and ducked their heads before they realized what they were doing.

Feng Wu shouted, "I'm going to count down from three. At one, I want everyone to roll forward!"

"Listen carefully! If you don't follow instructions and make the wrong move, you'll get everyone killed!"

The others gritted their teeth nervously. None of them wanted to become a burden.

"3!"

"2!"

"1! Roll!"

At one, Feng Wu focused all her energy on the vines.

She whipped the vines in the air, counteracting the momentum of the fall.

Thump!?

All four people landed.

Just as Feng Wu had instructed, they quickly rolled forward when they touched the ground.

They kept rolling until they no longer felt the momentum.

Shao Xiao was the first to stop.

He smacked into a rock, which made him see stars, and it felt like his bones had shattered.

It was so painful that he was almost in tears.

Luckily, his head had been protected. Despite the loud noise, all his wounds were superficial.

Luckily, he stopped rolling.

He lay flat on his back and heaved a sigh of relief.

He survived.

His teammates were luckier than he was because they slowly rolled to a stop.

Ling Hao was panting as his heart pounded.

That had been a terrifying fall.

“We must have fallen at least 1,000 meters!” Ling Hao stuttered.

Chapter 2677: Incident

“1,000 meters? It felt like tens of thousands of meters, at least.”

Shao Xiao scrambled toward his friends when he finally could breathe again.

“Is everyone alright? Anyone hurt?” Shao Xiao was worried.

Ling Hao said, “I’m still alive.”

Wang Zhi said, “I hurt my leg, but I’ll live.”

“Feng Wu, where’s Feng Wu?” Shao Xiao shouted.

Everyone started looking around nervously.

Feng Wu was the only reason they were still alive, and they hoped nothing had happened to her.

Feng Wu said, “Don’t worry. I’m fine.”

She then looked up.

They had fallen thousands of meters into this place.

They were at the bottom of a deep pit, and the nearest ledge was a few hundred meters above them.

They didn’t know what was happening on the surface.

“Can you walk?” Feng Wu glanced at them.

Ling Hao pointed at his belly in frustration.

A branch had pierced his abdomen when he fell.

Shao Xiao walked over and cried out when he saw Ling Hao’s injury.

“Ling Hao! How do you feel? You’re so badly wounded! Why didn’t you say anything earlier?!”

Ling Hao smiled bitterly. “I already consider myself lucky to have survived that fall. This wound is nothing.”

Shao Xiao said, “Your belly has been pierced! You’ll die without proper treatment!”

Ling Hao struggled, trying to stand up. “It’s not that serious. Ye Han is our only physician, but she’s not here. No one can treat me now. Let’s find a way out of here first. I can tolerate the pain.”

Feng Wu crouched down and studied the wound before he could stand up.

“Shao Xiao is right. Your wound is very severe. If we don’t remove that branch, you’ll die from an infection, if the blood loss doesn’t kill you first.”

Ling Hao was usually a dauntless man, but what Feng Wu said made him break into a cold sweat.

“But we don’t have a medicine refiner here. What am I going to do? I’m going to die, aren’t I?” Ling Hao’s voice trembled.

Feng Wu patted him on the shoulder, before she told Shao Xiao, “Hold him down. Don’t let him move around.”

Shao Xiao didn’t know what Feng Wu wanted to do, but she had saved them a few times already, so he saw her as their last hope.

He would do whatever Feng Wu told him to do.

He quickly walked up to Ling Hao’s side and held him down.

“What are you doing?” Ling Hao stared at Feng Wu in disbelief.

Feng Wu grabbed the branch with her right hand.

Ling Hao panicked. “Feng Wu, you’re not a medicine refiner. What are you doing? Are you going to pull the branch out?”

Feng Wu measured the branch and did some calculations in her head.

She didn’t look at Ling Hao when she said, “You’re right, but you don’t get a prize.”

“Oh my god!” Ling Hao and Shao Xiao both stared at Feng Wu.

“You’re not a medicine refiner!”

Chapter 2678: I’m a Medicine Refiner

??

Feng Wu stared at the two boys in resignation.

“If I’m not one, who do you think is?” she asked impatiently.

Ling Hao said, “How can you be a medicine refiner?”

Feng Wu didn’t know what to say. “Why can’t I be one? Haven’t I saved you many times already?”

Shao Xiao said, “Yes, but with pills. You can buy those from the shops.”

Feng Wu said, “I’ve never bought any medicine in my life.”

While Feng Wu distracted Ling Hao with the small talk, she grabbed the branch and pulled.

Whoosh!

The branch was pulled out, and blood gushed out.

“Ah!” Ling Hao screamed. “I’m going to die! I’m going to die...”

Feng Wu rolled her eyes at him, and dots of green light flew out of her fingertips.

The green dots were natural essence.

It was well-known that someone had to be at least a Supreme-level medicine refiner to activate such essence. It could treat any disease and injury.

Everyone was astonished when they saw the natural essence dancing in the air.

“Oh my god. Feng Wu, you...”

Shao Xiao was so astonished that he forgot to blink.

It was astonishing. He couldn’t believe what he was seeing.

The green light flew into Ling Hao’s wound.

The wound started healing.

Shao Xiao didn’t want to believe it at first, but he had no other choice.

There wasn’t anything wrong with his eyes. This was happening.

Feng Wu really was...

“A Supreme-level medicine refiner? Feng Wu, don’t tell me you’re a Supreme-level medicine refiner!”

Even Ling Hao found it hard to believe.

Feng Wu rolled her eyes at Shao Xiao. “Don’t make a fuss about it. I’m just a Supreme-level medicine refiner.”

They made it sound like it was such an incredible thing!

Shao Xiao didn’t know what to say.

Supreme-level medicine refiners were supposed to be so rare and so precious in the empire!

Why did Feng Wu make it sound so ordinary?

Ling Hao’s wound healed quickly after Feng Wu used the natural essence on him, and a scab had formed on his abdomen already.

“Alright. You can get up now.” Feng Wu patted Ling Hao on the shoulder.

Ling Hao stared at her. “Alright? I’m alright? You’ve got to be kidding me!”

Feng Wu shrugged. “Can’t you tell if you’re alright or not? Just walk around.”

That was right. Ling Hao smacked his forehead and rose to his feet with Shao Xiao’s help.

His eyes lit up when he took the first step.

His belly didn’t hurt anymore.

He could walk!

Looking down, he saw that not only had the wound scabbed over, even the scab was beginning to fall off.

Holy crap...

Ling Hao had never been treated by a Supreme-level medicine refiner before, and it felt incredible.

“Feng Wu, you really are a Supreme-level medicine refiner!” It finally hit Ling Hao.

Feng Wu shrugged. “I guess.”

In fact, Feng Wu was better than that, and Ling Hao could have made an even bolder guess.

Chapter 2679: Save Him

??

Feng Wu turned to Wang Zhi after saving Ling Hao.

Wang Zhi was lying still on the ground, and she hurried to his side.

His right leg was covered in blood, and a bone was sticking out.

“Oh my god!” Ling Hao cried out. “Wang Zhi, you’ve endured so much pain! This is so bad, but you didn’t make a sound.”

Wang Zhi smiled bitterly. “It’s not like it would have made any difference.”

Feng Wu examined Wang Zhi as Ling Hao spoke to him.

The injury was a tricky one. It was his knee.

However, it wasn’t too tricky for a Supreme-level medicine refiner.

Feng Wu soon cured Wang Zhi.

Wang Zhi looked at the scab on his knee before he stared at Feng Wu in disbelief.

He had been lying some distance away from the others and could only listen when they had shouted in surprise.

He had thought that Feng Wu couldn’t possibly be a Supreme-level medicine refiner.

However, he realized how terrifyingly capable Feng Wu was when she cured his leg.

Was she even human?

Feng Wu looked at them and asked, “Is everyone alright?”

“Yes!”

“We’re all fine!”

Everyone looked at Feng Wu in admiration.

All the doubts they had about her had disappeared.

They admired and even worshiped her from the bottom of their hearts.

“We’re still short one person!”

Shao Xiao finally remembered who was missing. “Cheng Fang! He was the first to fall! Where is he?”

Cheng Fang...

Everyone went silent for a split second.

Yes, Cheng Fang had been the first to fall. Because of that, Feng Wu hadn’t had time to protect him.

“He was close to us when he fell. Let’s look for him...”

Shao Xiao didn’t lose hope.

They climbed out and looked in all directions.

Soon, they heard Ling Hao shouting.

“Come here! It’s Cheng Fang!”

Everyone ran in his direction.

They spotted Cheng Fang when they were close enough.

Ling Hao was flustered. “I don’t think I can move him... Feng Wu, help him!”

Ling Hao looked around and gave Feng Wu a pleading look.

The other two boys were looking at her the same way.

Feng Wu had saved Cheng Fang twice today, but he was still on Ye Han’s side.

Ling Hao said, “Feng Wu, if you save him, I promise...”

Feng Wu waved him off.

She didn’t care about how Cheng Fang felt about her.

She would save whomever she wanted to save.

No one could persuade her otherwise if she didn’t want to do anything.

It was all up to her.

She then examined Cheng Fang.

He was severely injured.

He had fallen right into a crack.

However, he was fortunate. He had fallen onto a tree first, which significantly reduced the speed of his fall.

Chapter 2680: Save Him Again

If it wasn't for his luck, Cheng Fang would have been turned into a pulp by the fall.

Feng Wu was surprised after she examined Cheng Fang.

"He's not dead," Feng Wu said coolly.

"He's not? You can save him, can't you? Please help him! Please!"

Ling Hao and the other two boys begged Feng Wu.

Ling Hao said, "We know Cheng Fang hasn't been the most polite person, but that's because he has a crush on Ye Han. I think he'll come around after this."

Feng Wu smiled wryly.

She had never cared about what Cheng Fang thought of her. Her only concern was that she was running out of natural essence.

She had used it twice, and it would take her some time to recharge once she used it up.

She said, "I can help him, but I may not have enough natural essence.

"Yes, I have enough to save him, but if any of you get injured before I can replenish it, I won't be able to help you."

Shao Xiao nodded solemnly. "I choose to save him."

His teammates made the same choice.

Feng Wu glanced at Huo Shan.

Huo Shan said impatiently, "I don't like him because he was mean to Boss Wu. However... Forget it. I won't protest!"

Ling Hao patted his shoulder. "That's my man!"

Feng Wu shrugged.

Since they had all chosen to save Cheng Fang over themselves, Feng Wu wouldn't stop them.

She was a little touched by their friendship.

Cheng Fang was severely injured, but Feng Wu's natural essence could work miracles.

The time she spent on Cheng Fang was longer than what she had spent on Ling Hao and Wang Zhi together. It took her a whole 15 minutes.

"Done." She looked slightly pale when she rose to her feet again.

Wang Zhi felt a little guilty and asked Feng Wu, "Are you alright?"

Feng Wu waved at him. "I feel drained. You're pretty much on your own for the next 24 hours."

The others all nodded, feeling guilty for what had happened.

Cheng Fang suddenly opened his eyes.

Everything was blurry at first, but his vision soon recovered.

He saw Shao Xiao, Wang Zhi and Feng Wu.

“Cheng Fang is awake!” Ling Hao cried out, ran to Cheng Fang’s side and helped him sit up.

Cheng Fang breathed in, but the chest pain he anticipated never came.

He was perplexed. “Is this hell? Are we all dead?”

“Oh, shut up!” Ling Hao smacked his head. “No one’s dead! We’re all alive!”

“That hurts!” Cheng Fang shouted in pain.

That also woke him up.

He looked at his teammates and then at himself.

“Holy crap!” he shouted.

He vividly remembered the fall. He had fallen on a tree halfway down, and then went on falling...

He also remembered how severe his injuries were.

He had been covered in wounds and couldn’t even move a finger.

But now...
