Chapter 2691: I'm on Feng Wu's Side

"Only students from Class A can do that. You..." Ling Hao stared at Shan Jingfei.

That was what Shan Jingfei had been waiting for.

She smirked. "That's right. Some students from Class A helped me with these crystal cores."

She then looked at Xuecheng Team behind her.

The members of Xuecheng Team felt embarrassed.

They wouldn't feel so awkward if Feng Wu was merely a student from Class B. However, she just happened to be the bigshot who had saved their lives.

Ye Hongxue was about to say something, when Feng Wu shook her head.

She sighed in resignation.

Ling Hao's face darkened.

"Shan Jingfei, that's cheating!" Ling Hao glared at Shan Jingfei, his face livid.

Shan Jingfei smirked. "Feng Wu doesn't have a good boyfriend; she can't blame anyone but herself!"

Ye Han went on, "Qiu Zeyu asked Class A students to help Jingfei. First place has already been determined. No one but Jingfei will have it! You can all stop trying!"

She was talking to Feng Wu.

First place was predetermined?

Everyone looked at Cheng Fang since he had mentioned it earlier.

Cheng Fang nodded, confirming Ye Han's claim.

"That's not fair!" Ling Hao shouted. "How can Class A get involved? That's not a fair game!"

Ye Han said, "Get some Class A students to help you, then. Cultivation isn't everything. A lot of the time, your connections are part of your capability."

Shan Jingfei gloated. "The Secret Essence Mine is full of danger. Are you sure you don't want to join us?"

Feng Wu smirked.

Shan Jingfei smirked back before turning to Shao Xiao and the others.

"I'm inviting you on my team. If you abandon Feng Wu, I'll permit you to join my team. You'll be under my protection."

She was trying to drive a wedge between Feng Wu and the others.

In a critical moment like this, she was confident that those people would give up on Feng Wu. At least, that was what she would do.

But she was disappointed.

Huo Shan smirked. "I'll never join you. I support Feng Wu!"

He thought, *?If you're so proud of your boyfriend in Class A, wait until you find out who Feng Wu's boyfriend is. You'll be so jealous!*

Shan Jingfei smirked, believing that Huo Shan was as dumb as Feng Wu was.

However, the others followed suit.

Ling Hao said, "I'll never join you. I support Feng Wu!"

Ling Hao was an old Class B student, but he had just turned against Shan Jingfei.

Shao Xiao stepped out and said the same thing.

Shan Jingfei was shocked.

Wang Zhi also chimed in.

Shan Jingfei was shocked.

Even Cheng Fang, who hadn't liked Feng Wu so much at first, said the same thing in the end.

Shan Jingfei was so furious that she thought she was going to lose her mind.

What was wrong with these people?!

Chapter 2692: Aren't You Coming?

??

"Do you have a death wish?!"

Ye Han stared at Cheng Fang. "Are you an idiot? They're too stupid to cherish their lives, so you're going to do the same?"

Cheng Fang shook his head. "I just feel that I have a higher chance of staying alive with Feng Wu."

Shan Jingfei and Ye Han couldn't believe their ears.

Xin Zhixuan didn't think that way.

When she calmed down and tried to analyze the situation, she realized that Cheng Fang might be telling the truth. Maybe Feng Wu really was a Supreme-level medicine refiner, no matter how slim the chance was.

Shan Jingfei said, "Fine. If you want to die, be my guest! This is your last chance. I won't ask you again!"

She walked away after that.

Her teammates followed her.

Ye Han smirked when she walked past Cheng Fang.

Cheng Fang took Ye Han's sleeve and said sincerely, "Ye Han, you really should come with us. I mean it. Feng Wu will help us. She's a Supreme-level medicine refiner."

Ye Han said, "You idiot!"

She threw off his hand with so much force that Cheng Fang stumbled.

Ye Hongxue and her team were the last to leave.

She suddenly asked Feng Wu, "You're Feng Wu, you said?"

Feng Wu nodded.

Ye Hongxue said, "We accepted Qiu Zeyu's request, so we have to do this. However, if you find our conduct unacceptable, we'll terminate this assignment immediately."

The others all nodded.

Feng Wu had saved their lives; this task was nothing in comparison.

Ye Hongxue didn't know what impact those words had on Ling Hao and the others.

Ling Hao and his teammates had been prepared to fight the powerful Class A students. However, these students were showing Feng Wu a lot of respect.

That tone...

One word from Feng Wu, and they would stop helping Shan Jingfei.

Wasn't that a bit over the top?

Did Shan Jingfei know that?

All eyes were on the arrogant Shan Jingfei, who was as vain as a peacock. She was leading the team away and was too far away to hear them.

Shan Jingfei thought Xuecheng Team was on her side, but she couldn't be any more foolish.

They realized how ridiculous Shan Jingfei was.

Feng Wu smiled at Xuecheng Team. "How do you feel?"

Ye Hongxue smiled. "We're much better now. Thank you for your help, or we would have..."

Feng Wu waved her hand. "Don't worry about it. It's no big deal."

"But it means all the world to us." Ye Hongxue and her teammates meant every word.

At that moment, Shan Jingfei finally realized that her "patrons" hadn't caught up with her team. She turned around to find Xuecheng Team talking to Feng Wu.

She couldn't believe it.

She bellowed, "Feng Wu! They accepted my task! How dare you try to steal them away?!"

Steal them away? Somehow, that sounded entirely accurate.

Ye Hongxue wanted to explain, but Feng Wu said, "Don't worry about it. You do what you need to do now. If you want to return the favor, we can always talk about it when we get back."

Ye Hongxue gritted her teeth and nodded.

"Hongxue, what are you doing there?" Shan Jingfei sounded threatening.

Chapter 2693: 80,000 Underground Tunnels

Ye Hongxue's face darkened.

Shan Jingfei lost her temper because she was worried that the other team would really switch sides. Feng Wu had a strange ability to make people follow her. It had been the case with Shao Xiao and his team.

At that thought, Shan Jingfei ran back to Ye Hongxue and shouted at Feng Wu. "Do you want to steal them as well? They're from Class A! They won't follow you just because you try to recruit them! Don't make me laugh!"

She then turned to Ye Hongxue. "Hongxue, let's go."

Ye Hongxue gave Feng Wu a regretful look. After what Feng Wu said, they had to follow Shan Jingfei.

Ling Hao and the others only came back to themselves after Shan Jingfei and her team left.

"Did I hear correctly?" Ling Hao was surprised. "Feng Wu, did you save their lives?"

Shao Xiao was equally surprised. "They're Xuecheng Team, which is one of the top teams in Class A. Xiao Wu, did you save them?"

Feng Wu nodded. "Anything wrong with that?"

"Of course not," said Ling Hao. "Ye Hongxue said so, and of course, we believe you. I just find it hard to imagine..."

Everyone was astonished.

"Feng Wu, you have to understand: Before we came here, we thought you were one of the weakest students in Class B. Do you remember? I was shamelessly telling you that I could let you tag along, and help you out."

The thought made Ling Hao blush.

"But you kept showing us your capability along the way. You defeated the Magic Vine Beasts and demonstrated that you're a Supreme-level medicine refiner. Amidst everything else, you also helped Xuecheng Team. We've also just learned that you got into Class B by defeating Shan Jingfei, and you're in fact the top student in our class. We need some time to digest everything."

It could be so stressful being on the same team as Feng Wu.

Feng Wu said grumpily, "Digest it while we walk. This Secret Essence Mine is big. There are 80,000 underground tunnels, and we can easily get lost. Be careful."

Shao Xiao said, "I have some rope. Let's tie it around our waists. That way, if something goes wrong, we won't be separated."

After that, Feng Wu led the team, and was followed by Huo Shan, Ling Hao, Wang Zhi, Cheng Fang, and Shao Xiao.

They all tied the rope around their waists so that no one in the team would be separated.

"80,000?" The idea made Ling Hao want to die. "Can we get out?"

They all looked at Shao Xiao because he was the one who had brought up the 80,000 tunnels.

Shao Xiao said, "I don't have a map, but even if I did, it's still easy to get lost in a dark cave like this. I don't know what we should do."

They all looked at Feng Wu.

She was going to be their savior.

Feng Wu smiled. "We'll get out."

Ling Hao said, "But how? On the surface, we can use the sun, the growth rings on tree stumps, or flowing water to figure out the direction. How do we know where we're going in such narrow tunnels?"

Feng Wu said, "Do you know who that swordsman is?"

Everyone shook their heads. Ling Hao asked, "Do you?"

It was a familiar face, but Feng Wu couldn't recall who he was. She shook her head. "I don't, for now. However..."

Chapter 2694: Level 8

Feng Wu smiled. "We all know how formidable that man is. He created this big valley with a single strike and exposed this underground mine."

Everyone nodded.

They had all seen it.

Feng Wu then said, "But do you know why this Secret Essence Mine remained intact?"

"Why's that?" the others asked.

"Because it's protected by a formation," said Feng Wu.

"That swordsman has some terrifying skills. When he created this valley with his strike, the temperature dropped by a hundred degrees; there was no way we could have survived out there. We had to enter the Secret Essence Mine.

“Because of the formation, however, the inside of the mine is constantly changing. We’ll get lost even if we stay still. Therefore, we must find our way out of here. Otherwise, we’ll all die.”

Feng Wu looked at the other team members. “We can’t wait for the school to rescue us.

“Because the people have to know formations as well. Otherwise, they’ll be trapped in these 80,000 tunnels as well.”

If they stayed here, they would freeze to death.

If they entered the mine, they might get lost and die.

“I don’t think we have much chance of getting out of here alive...” Ling Hao murmured.

Everyone felt defeated.

Were they so close to death?

Feng Wu smiled. “Enough with the bad news. Here’s some good news.”

Everyone stared at her.

“What?”

“Has the formation stopped working?”

“Do we have a map?”

“Do we have a lot of supplies?”

...

Everyone’s eyes lit up, and they all started asking questions.

Feng Wu shook her head.

Everyone was disappointed by her reply. She then told them something else.

“I want to congratulate you because I’m on your team.”

“So, you know formations!” Ling Hao stared at Feng Wu in amazement.

Feng Wu nodded. “Yes.”

Everyone was astonished.

Feng Wu asked. “You don’t believe me, then?”

Everyone shook their heads. “No, we believe you!”

Having seen Feng Wu’s magnificent capability and medical skills, they would believe anything she said. Yes, she was young, but her capability had never been limited by her age.

“What level are you, in terms of formations?” Shao Xiao knew a little about formations and remembered that Imperial College’s defense formation was Level 8.

Feng Wu said, "Level 8."

Pffft!

Shao Xiao stared at Feng Wu.

Feng Wu asked, "Is it so hard to believe?"

Shao Xiao said, "Come on! Of course it is! Our school's formation is Level 8!"

Feng Wu said, "The one in school is a combination of numerous Level 8 formations. It's much more powerful than an ordinary one."

Shao Xiao said, "That's correct. Imperial College's defense formation is a combination of countless formations. Are you really a Level 8 formation master?"

Feng Wu nodded. "That's right."

Shao Xiao didn't want to believe it...

If they believed her, it would make them look like idiots in comparison.

Could someone really be so perfect?!

Chapter 2695: Save Them

"What's the level of the formation in this mine?" Shao Xiao asked.

Feng Wu thought for a moment before saying, "Level 8 and a half. To be more precise, the outer circle is Level 8, and the center is Level 8 and a half."

Shao Xiao stared at Feng Wu in surprise.

The others stared at Shao Xiao.

Shao Xiao had said that there were 80,000 tunnels underground, which meant that he knew the Secret Essence Mine better than anyone else.

"Is that true?" the others all asked him.

The question roused Shao Xiao from his astonishment. He looked from Feng Wu to the others before he nodded repeatedly.

OMG!

Where did Feng Wu learn that?

Ling Hao immediately realized how she had known. "Feng Wu, you really understand this formation! Can you break through it?"

Feng Wu shook her head. "No, I can't, but it's really easy to walk through it and reach the central area."

'Really easy.'

Everyone stared at her in resignation. It was anything but easy!

They were thrilled that they had teamed up with such a capable cultivator.

Feng Wu said, "I'll take the lead. You guys hold the rope and follow me. Don't get lost. Remember, there are 80,000 tunnels down here. Take a wrong turn, and you may be trapped here forever."

Hearing her grave tone, the others grew serious as well.

They walked in silence.

Feng Wu said, "We should be out in three hours."

The others nodded. That was much better than they had expected.

About an hour later, they heard someone crying for help.

"Help! Help me!"

Cheng Fang said nervously, "It's Ye Han! Ye Han's in danger! Feng Wu, please help her!"

The others didn't say anything, but deep down, they hoped that Feng Wu would help her.

Feng Wu smirked. "Do you know where her team is right now?"

Cheng Fang shook his head.

"They're 30,000 tunnels away from us," Feng Wu said grumpily.

30,000?!

"How can we hear her, then?" Cheng Fang was perplexed.

Feng Wu said, "Because of the formation."

Seeing that Feng Wu was growing impatient, Cheng Fang didn't dare say another word.

Shao Xiao nodded at Cheng Fang.

Ye Han and her teammates had been so arrogant and rude to Feng Wu. Why should she help them?

"But..." Cheng Fang felt conflicted.

"These are human lives we're talking about here, and Ye Han isn't the only one. There are at least ten of them, including Xuecheng Team," Cheng Fang said in a low voice.

Feng Wu glanced at him. "Take this."

She then put a paper crane in his hand. She had just made it herself.

She casually said, "This paper crane will take you to them."

Cheng Fang couldn't believe his ears.

Feng Wu said, "Go ahead. I thought you wanted to save them."

Cheng Fang said, "I... I..."

Feng Wu said, "After you find them, follow the paper crane. It'll take you to the core of the formation. "I'll only wait three hours. If you still haven't come by then, I'll open the core and leave this place with your other teammates."

Cheng Fang felt like crying.

He hadn't planned to help Ye Han himself. Why had it suddenly become his mission?

Chapter 2696: Regret

"I, I..." Cheng Fang's hands shook.

Feng Wu smiled and gave him a meaningful look.

She had had enough of Cheng Fang. All he ever did was make requests while he just stood on the side and watched. She only tolerated him because he was a member of the team.

If she had her way, she would have given up on him after she saved him once.

"I... But I..." Cheng Fang gave Shao Xiao a pleading look.

Shao Xiao was going to offer moral support, when Ling Hao tugged at his sleeve and gave him a warning look.

The realization struck him.

Feng Wu was displeased.

If Shao Xiao tried to speak up for Cheng Fang, she might suggest that he go with Cheng Fang.

That wasn't the worst case scenario. The worst possibility was that Feng Wu might be disappointed in them.

At that thought, Shao Xiao shook his head at Cheng Fang. He had to be considerate.

No one took Cheng Fang's side.

Cheng Fang was almost in tears.

Feng Wu patted him on the shoulder. "Off you go."

Cheng Fang had used up all his excuses. Taking the paper crane, he slowly walked away, looking over his shoulder every few steps.

He hoped that Feng Wu would tell him to come back, but he waited and waited, and nothing happened. When he turned back again, his team had walked out of sight.

He was all alone.

He wanted to rush back to his team.

However, the paper crane took off at that moment. It flapped its wings and gave Cheng Fang a contemptuous look.

Even a paper crane was mocking him now. Cheng Fang felt like crying.

The crane started flying away.

Cheng Fang was in a difficult spot.

He couldn't bring himself to go back to his team.

However, he didn't think he was capable enough to find Ye Han and save her.

Moreover, the cave was massive. Take a wrong turn, and one could be lost in it forever. It was terrifying to walk alone in this place.

Even a grown man couldn't live with that fear.

After that mocking glance, the paper crane flew even faster.

"Hey! Wait for me!" Cheng Fang ran after it.

Without the paper crane, he would get lost in the 80,000 tunnels. He would lose his mind.

The paper crane was flying just fast enough that he could catch up with it if he walked as fast as he could.

He was filled with fear and he was exhausted.

He stumbled through the tunnels, his face streaked with tears.

Why couldn't he just keep his mouth shut?

Save Ye Han...

He wasn't much better than her. How was he going to do that?

Moreover, Ye Han was with Xuecheng Team. If they couldn't do anything, what good could he do?

Cheng Fang thought of Feng Wu.

He wondered why Feng Wu wouldn't help him. How could she be so relentless?

With all those things spinning in his head, Cheng Fang pressed on hurriedly. Several times, the poor light made him fall. Soon, he was covered in bruises.

But he didn't dare stop because if he did, he could become lost and die.

He now saw how decisive Feng Wu was.

Chapter 2697: Captain Jupiter

Cheng Fang knew that Feng Wu wouldn't come to his aid.

It felt like he had been walking forever.

When he thought he was going to die from exhaustion, he saw a dot of light in the distance.

Meanwhile, Feng Wu and her teammates were walking in silence. No one made a sound, and the air felt stifling.

Feng Wu suddenly stopped.

The others were perplexed.

Feng Wu frowned. "There's trouble up ahead."

The others asked, "What trouble?"

Feng Wu couldn't say. All she knew was that the Magic Soul Vine was stirring in her sleeve.

The Magic Soul Vine came from the Dongsang Kingdom and would only stir when it detected people from Dongsang.

Feng Wu frowned at the realization.

If she was guessing correctly, the woman killed by the swordsman had come from the Dongsang Kingdom, while now, she had run into more Dongsang people.

The path went around a corner a few steps away.

There was a crossroad.

Feng Wu raised a hand, stopping the others.

The others stopped and looked nervously at her.

"I heard something," Feng Wu whispered.

"Get ready for battle!"

The others tensed up.

By now, they trusted Feng Wu completely and did as they were told.

However, where was the enemy?

They waited and waited, but no one turned up. Perplexed, they all turned to Feng Wu.

There was a grave look on Feng Wu's face.

She raised her Fallen Star Sword and stared at a wall.

The others looked at one another.

Where was the enemy? It was only a wall.

Was Feng Wu too on edge?

They were in a tunnel that was only wide enough for two people to walk side by side.

Feng Wu rearranged their positions.

She stood on one side of the tunnel, and her teammates stood on the other side about ten meters away from her.

Time crawled by.

Their minds began to wander, when something happened.

They saw shadows on the wall.

They were silhouettes of people.

There were at least five of them.

Was it another team?

But why were they inside the wall?

They were in fact in the formation. Were they friend or foe?

Feng Wu gave her teammates a warning look and took out some tear-inducing potion.

The others nodded and held their breaths.

They heard these people talking on the other side.

It sounded like gibberish.

Shao Xiao and the others were baffled. What was that language? They couldn't understand a word.

But Feng Wu could.

That was the language of the Dongsang Kingdom.

Feng Sang hadn't been there before, nor had she learned the language. However, she had refined the Magic Soul Vine, which was one of the most potent magical plants in Dongsang. Afterward, she could understand the language.

She listened to their conversation.

"We should stop talking in our own language. We need to blend in."

"Takeno has a point. Our purpose is to infiltrate Junwu and obtain classified information. We were picked because we've studied their culture for years and can speak their language fluently. After we step out of here, we should behave like native people of Junwu. Remember that."

"Yes, Captain Jupiter!"

Chapter 2698: Spies

Takeno? Captain Jupiter? Dongsang Kingdom?

They were going to steal information from the Junwu Empire!

Shao Xiao and the others were astonished. They hadn't expected to eavesdrop on such a big secret.

“I heard we had a predecessor called the revival list. Unfortunately, the participants are all dead. We’re the reinforcements and will be under the command of General Fujihara.”

“I heard the general has hidden well. So far, no one in the Junwu Empire has discovered his real identity.”

“With him as our leader, we’ll make great achievements.”

“Too bad Ishida isn’t with us here. They’re out searching for the Immortal Spiritual Fruit.”

“Captain Jupiter, does the Immortal Spiritual Fruit really exist?”

Captain Jupiter didn’t reply. Instead, another member of the team answered.

“Of course it exists. However, I’m not sure if they can find it, or if they can preserve it after they find it. The Immortal Spiritual Fruit is supposed to be able to bring people back from the dead. The queen is weak. If we can offer the fruit to our king, we’ll be set for life.”

The Immortal Spiritual Fruit?

Feng Wu felt as if she had been struck by lightning.

She had always been an open and aboveboard person. She hardly ever owed anyone anything, but there were two people whom she genuinely felt sorry for.

One was her beautiful master, and the other one was Bao Er.

That girl was growing weaker and weaker. If she had the Immortal Spiritual Fruit, she would still have a little hope. Otherwise, she wouldn’t live for much longer.

Feng Wu was still eavesdropping, when Captain Jupiter scolded the others.

“Enough with the small talk! We’re about to leave the formation! I’ll go out first. You guys follow me!”

“Yes, captain.”

The people of the Dongsang Kingdom were all about following orders.

Everyone stopped talking after that.

Feng Wu glanced at Shao Xiao and the others.

By then, they had realized how important this was, so they all raised their guard and nodded at Feng Wu, indicating that they were ready for battle.

Feng Wu struck out when Captain Jupiter walked out of the formation from behind the wall.

She grabbed him, covered his mouth and nose with one hand, and pinned his hands behind his back with the other. The potion she had smeared on her hand could easily knock someone out.

Captain Jupiter was about on the same level as Feng Wu.

She was a Level 9 Spiritual Lord that had reached perfection, but Jupiter was already a Level 1 Spiritual King.

However, Feng Wu had taken him by surprise. Together with the potion, the captain didn't know how to react to the attack.

Feng Wu hit him in the neck, and Jupiter collapsed to the ground.

One after another, Jupiter's team members walked out from behind the wall.

Feng Wu took care of four of them, and her teammates captured the fifth.

The tunnel was too narrow, so they took the Dongsang team to an opening a few hundred meters away.

Once they got there, they dropped the spies on the ground and surrounded them.

All five of them were awake, but the potion had made their eyes watery.

"You —"

Jupiter was the first to realize what was going on.

Chapter 2699: Imitation

He glared at Feng Wu.

Feng Wu smiled. "Who are you? Tell me your name."

By then, Jupiter and his team members had recovered a little. They looked at one another, all feeling uneasy.

Who would have thought?

They had been so ambitious. However, they were captured before they could make a move.

Jupiter gave his team a warning look before he smiled at Feng Wu.

They knew the War Academy was nearby, so Jupiter hatched a plan when he saw Feng Wu and her team.

"Who are you? Why are you doing this to us? We're students of the War Academy!" He glared at Feng Wu.

Students of the War Academy?

Feng Wu looked at their clothes.

These people were prepared.

They were wearing the uniform of Class A!

"Are you our seniors from the War Academy?" Feng Wu smiled. "Which class are you in?"

"We're from Class A! You're from Class B, right?" Jupiter said arrogantly. "We're your seniors! Let us go!"

Feng Wu looked them up and down.

She had to admit that these Dongsang people were very fluent in the language of Junwu. They behaved like natives of the Junwu Empire, too. She wouldn't have been able to tell where they were from if she hadn't heard their earlier conversation.

Shao Xiao and the others were shocked.

How could these people be so composed? With everything that was going on, they were still trying to pretend to be students of the War Academy.

Feng Wu smiled at them. "Class A? What's your name?"

"I'm Du Le!" Jupiter smirked. "Who are you?"

"Du Le?"

Feng Wu didn't know many people from Class A, so she looked at Shao Xiao.

Shao Xiao smiled wryly. "I do recognize that name. I think he's a member of a certain team..."

"We're an independent team!" Jupiter glared at Feng Wu. "We've just returned from Peace Grassland. We were on a secret mission in the Dongsang Kingdom and barely came out alive. Is this the greeting we get after coming back home? You've attacked one of your own! This is treason!"

Jupiter sounded more confident as he went on.

It was as if he really were Du Le.

If Feng Wu and the others hadn't heard their conversation, they would have been fooled since these people had consummate acting skills.

Of course, that was only for ordinary people. With the Magic Soul Vine, Feng Wu could identify a Dongsang man from a mile away.

Feng Wu sighed and started talking.

"I heard we had a predecessor called the revival list. Unfortunately, the participants are all dead. We're the reinforcements and will be under the command of General Fujihara."

Jupiter and his teammates paled.

"I heard the general has hidden well. So far, no one in the Junwu Empire has discovered his real identity."

Feng Wu was smiling at Jupiter's team when she said those words.

"With him as our leader, we'll make great achievements."

Chapter 2700: Amazing Girl

"Too bad Ishida isn't with us here. They're out searching for the Immortal Spiritual Fruit."

"Captain Jupiter, does the Immortal Spiritual Fruit really exist?"

Feng Wu didn't simply repeat the conversation; she accurately mimicked their tones as well.

Jupiter and his team members stared at Feng Wu in astonishment.

They felt angry and defeated at the same time.

They were angry because the girl had seen through their disguise but was still mocking them.

They felt defeated because right up to the moment Feng Wu showed up, they had been confident that they were going to make outstanding achievements.

Jupiter then gave his teammates a warning look.

They nodded at him.

The next moment, they tried to crush the poison hidden in their tooth.

These spies had emptied their molars before they came here and hidden the poison in the hollow tooth.

If they were caught, they could bite down, crush the poison and kill themselves before they were interrogated.

Other people might not be able to stop these spies, but Feng Wu wasn't just anyone.

She had seen it coming, which was why she had used the potion.

She had enhanced the formula and added some weakening ingredients. As a result, the spies didn't have the strength to bite down.

Jupiter noticed it, too.

He stared at Feng Wu in disbelief. "What did you do?!"

Feng Wu crouched down with a half-smile.

"You tried to impersonate a senior student, and when we saw through your disguise, you tried to kill yourselves. You must be dreaming if you think you can get away so easily." Feng Wu patted Jupiter's cheek. "I won't let any of you die before you tell me everything you know."

Shao Xiao whispered to Feng Wu, "He pretended to be Du Le. Does that mean Du Le is..."

Feng Wu nodded gravely. "Don't worry. I'll make them tell me everything."

Shao Xiao nodded.

Feng Wu sneered at Jupiter. "The truth is, I don't have too much time to ask questions. I'm going to give you an opportunity to tell me everything voluntarily."

Jupiter smirked and looked away.

Feng Wu said, "Is that a no?"

Jupiter raised his chin.

Feng Wu said, "Fine. I'll start with washing off the makeup on your face."

She gave Shao Xiao some potion. "Wipe away the disguise on their faces."

They had tied up Jupiter's team. so Shao Xiao was able to remove the disguise from their faces.

Jupiter was shocked.

It had taken Master Mu Yan a lot of effort to draw these new faces on them. She had said that no water could wash it off.

The makeup could only be removed by a concoction made by Mu Yan herself. No one else on this continent could do it. That was why they were convinced that they could impersonate the real students.

But now...

Jupiter couldn't lie to himself anymore when he saw his teammates' real faces. Their cover was blown.

Who was this teenage girl?

How could she remove Master Mu Yan's disguise?
