Chapter 2701: Mu Yan, the Great Doctor

How could she remove Master Mu Yan's disguise?

Jupiter worshiped Mu Yan for her exceptional medical skills, but he had begun to panic.

Feng Wu said casually, "I want to know the truth as soon as possible. Sorry about this."

She then handed a box to Shao Xiao.

"Inside are five bottles of truth serum. Do you know what that is?"

"Truth serum?" The others were amazed.

They weren't stupid, and of course, they knew what that was. Students could purchase the serum with their points in the academy, but usually, no one was dumb enough to buy it.

The serum was insanely expensive.

The students would rather use the points on their own cultivation instead of buying some useless potion. It wasn't as if they would be interrogating people every other day.

However, the truth serum was going to be very useful today.

Jupiter smirked at Feng Wu.

The Dongsang Kingdom had similar potions as well.

They were much better at medical refinement.

The same went with formations.

Despite being a much stronger country, the Junwu Empire lagged behind in these aspects.

It was also why Dongsang, a small kingdom, dared to wage war against the Junwu Empire.

Shao Xiao saw a smirk on Jupiter's face.

"What are you sneering at?" Shao Xiao frowned.

Jupiter opened his mouth. "Give me the truth serum. Bring it on!"

Ling Hao frowned and wondered why the man didn't seem scared. "Is he immune to the serum?"

Takeno smirked inwardly.

Mu Yan had used the truth serum on them before they came here, and had only let them set out when they could resist the serum.

Therefore, they weren't afraid of it.

Of course, they weren't going to tell Feng Wu and her team that.

They thought they could fool Feng Wu and make her believe she had gotten the truth out of them.

Just then, Feng Wu said, "Take those three to the other side."

Only Jupiter and Takeno were left behind.

Feng Wu glanced at Takeno, who seemed very pleased with himself.

Shao Xiao then poured the serum into Takeno's mouth.

The whole bottle.

Takeno drank it all.

At first, he remained arrogant.

But that demeanor didn't last long.

He then started talking.

He used the language of the Dongsang Kingdom.

Jupiter frowned.

Had Takeno gone crazy? He shouldn't be saying those things!

Luckily, his enemy didn't understand the language...

However, what Feng Wu said surprised him. "Someone tried the truth serum on you, right?"

Takeno said, "Yes!"

Feng Wu smiled. "Who was it?"

Takeno said, "Master Mu Yan."

Feng Wu asked, "Who's that?"

"Shut up! Shut up!" Jupiter shouted at Takeno.

Takeno was lucid for a split second, and he glared at Feng Wu. However, the serum soon took control of him again.

Chapter 2702: The Crown Prince's Girl

"Master Mu Yan is... Mu Yan... She's so pretty... I like her so much... But I can't like her... She's the crown prince's girl..."

"Takeno!" Fearing that Takeno would reveal more information, Jupiter jumped at him, trying to choke him to death.

However, he was stopped before he could reach Takeno.

His hands had been tied behind his back with a special rope. The harder he struggled, the tighter the knot became.

The rope dug into his flesh, and blood seeped out.

The commotion woke Takeno up a little.

He looked at Jupiter in bewilderment. "Captain?"

However, Feng Wu's truth serum was much more potent than a regular one. After a brief moment of clarity, Takeno succumbed to the potion once more.

Feng Wu asked, "Who is Mu Yan to your crown prince?"

Takeno's eyes were glassy, but he grinned, seemingly pleased with himself.

"Other people may not know it, but I do! I saw it with my own eyes!" Takeno whispered. "I saw the crown prince and Master Mu Yan rolling around in the grass."

That wasn't something one should reveal to their enemies. It was too sensitive a piece of information, and Jupiter knew their enemies would make good use of it.

A million ideas raced through Jupiter's head, and blue veins popped on his forehead.

He wanted to say something but was too weak to speak.

He glared at Feng Wu.

He couldn't understand what kind of potion it was.

Master Mu Yan had tried all kinds of serums and potions on them until they developed a resistance to them all.

Moreover, the Dongsang Kingdom was much better in terms of medical skills. The people of the Junwu Empire were barbarians in comparison.

However, they had been rendered completely defenseless. Why? Who was this girl?

Jupiter's face twisted, and he thought he was going to go crazy.

However, no matter how angry he was, he couldn't do anything about it.

Feng Wu smiled at Takeno. "You saw Master Mu Yan with the crown prince? Is she going to be his wife, then?"

"Of course not!" Takeno shook his head. "The crown prince has a wife already. She's from a very powerful family!"

Feng Wu asked curiously, "What family is that?"

"I can't tell you..." Takeno shook his head. "I'd rather die than tell you!"

Feng Wu didn't know what to say.

It seemed that the crown prince and Mu Yan were worth looking into. Feng Wu made a mental note and decided to do some research later.

The Dongsang Kingdom knew so much about the Junwu Empire. It wouldn't be fair if the Junwu Empire didn't know as much about them.

She asked, "What level is your Master Mu Yan?"

Takeno said, "She's a Supreme-level medicine refiner!"

Shao Xiao and the others were astonished.

Supreme level?

Feng Wu was supposed to be a Supreme-level medicine refiner, too, but she could overcome Mu Yan's methods? Did that mean...

Chapter 2703: Lord of Mulberry City

Did that mean Feng Wu was more advanced than a Supreme-level medicine refiner?

Shao Xiao and the others were once again astonished by the notion.

Feng Wu asked, "Where does that door in the wall lead to? Where did you come from?"

Takeno didn't answer.

The fog in his mind was lifting, and he no longer had glassy eyes.

Feng Wu sighed inwardly.

It seemed she wasn't going to get an answer after all.

Takeno woke up from the effect of the serum at that moment. He glared at Feng Wu when he realized what had happened.

"What did I say? Captain, what did I say?"

Jupiter ground his teeth.

Realizing that he might have leaked some confidential information, Takeno wanted to kill himself.

Feng Wu shook her head. The truth serum's effect wouldn't last forever.

And people could develop a resistance.

It was most effective when it was used the first time, while the effect was reduced by 50% the second time round.

Takeno was a spy who had undergone special training. Even a truth serum made by Feng Wu herself would only be effective the first time.

Therefore, Feng Wu worked on Jupiter instead.

Jupiter tried to resist it at first. Takeno watched in astonishment as Jupiter started spitting out confidential information.

"How... Aren't we resistant to truth serum? Why?" Takeno couldn't believe his eyes.

Shao Xiao smirked. "Your truth serum isn't as useful as ours."

“That’s not possible! Our Master M... Our master is better than any medicine refiner in the Junwu Empire! You people are barbarians!”

Shao Xiao asked, “Are you talking about Mu Yan?”

Takeo said, “Who told you that name?!”

Shao Xiao said, “We know more than that. We know Mu Yan and your crown prince were rolling around in the grass!”

OMG!

Takeo wanted to slap himself.

Only he knew about that incident. That was to say, he had revealed it to Feng Wu.

As a spy, Takeo was perfectly aware of the significance of that piece of information. He couldn’t imagine how his enemy would use it.

Feng Wu wasn’t going to give Jupiter a chance to recover.

She cut right to the chase.

It had only taken Takeo 15 minutes to wake up, and Jupiter would be quicker to shake off the effect. He could wake up at any moment, so she had to make every second count.

“Where does that portal lead to?” Feng Wu asked.

Jupiter hesitated and shook his head. He tried to resist.

Feng Wu knew it was harder to use the truth serum on Spiritual Kings because they had tougher minds.

Therefore, she also tried to hypnotize him with her voice.

Slowly, Jupiter let down his guard.

Even so, he wasn’t easy to interrogate. He spoke in the Dongsang language.

“Mulberry City... The City Lord’s residence... We gathered in the garden in his manor, jumped in, and saw the portal. The lord told us the Secret Essence Mine of the Junwu Empire would be on the other end.”

Feng Wu understood what he said.

Chapter 2704: Xue Zhibei and Feng Xiangnan

Shao Xiao couldn’t understand a word.

Mulberry City and the City Lord’s residence.

Feng Wu asked, “Mulberry City? Who’s the City Lord? How capable is he?”

Jupiter replied in his native language, “He’s Xue Zhibei. I don’t know how capable he is...”

Feng Wu said, “You don’t? Make a comparison, then. Who’s better, he or Feng Xiangnan, the Northern Feng General?”

Feng Xiangnan was Feng Xun's father. He had been stationed at Peace Grassland in the north all this time, guarding the empire against Mulberry City of the Dongsang Kingdom.

Captain Jupiter remained befuddled and replied in his native language, "They're equally capable."

That was impressive!

Northern Feng General had guarded the grassland for many years without so much as losing a tiny piece of the land.

Because of him, Northern Border City, the place where Feng Wu used to live, had enjoyed peace all these years.

If Peace Grassland was the first line of defense, Northern Border City was second. If Northern Border City fell, the Dongsang Kingdom would sweep through the empire the same way it had 14 years ago. The people of the empire would be slaughtered.

Therefore, the empire couldn't afford to lose Peace Grassland.

Feng Wu pressed, "What's Dongsang's plan for the Junwu Empire?"

Captain Jupiter gave it some thought before he shook his head. "I'm too far down the food chain to know that. I only know that a lot of us have infiltrated the Junwu Empire."

Feng Wu gritted her teeth. "You'll need some sort of organization to do that. What's it called? Who's the leader?"

Shao Xiao and the others couldn't understand Feng Wu and Jupiter's conversation. However, they could tell from Feng Wu's expression that it was important.

Takeo struggled as he tried to break free and wake up his captain.

Of course, the others wouldn't give him that chance.

They grabbed Takeo, covered his mouth and restrained his limbs. They even dragged him several hundred meters away, for fear that he would sabotage their efforts.

Feng Wu was indeed onto something big.

Jupiter started waking up.

Sh*t!

Feng Wu's stomach sank, but she realized what was happening, so she increased the dose.

She hadn't brought much truth serum with her, and she used all three remaining portions on Jupiter while she kept hypnotizing him with her voice.

Finally, Jupiter sank back into a befuddled state again.

Feng Wu jumped at the opportunity. "What's your organization called? Who's the leader?"

That was the million-dollar question!

Although the revival plan had failed, the brains behind that project had never been discovered.

Feng Wu hadn't forgotten the hidden crisis.

She wouldn't waste such a great opportunity.

Jupiter murmured, "The organization is called Junwu Annihilation. It's dedicated to collecting information on the Junwu Empire.

"It has a domestic division and a foreign division.

"The domestic one is called Crackdown, and the foreign one is called Wipeout.

"Crackdown is led by the master teacher, whereas Wipeout is led by the king's brother."

Chapter 2705: Crackdown and Wipeout

"The master teacher leads the domestic division, whereas Wipeout is led by the king's brother."

"The king's brother?" Feng Wu asked. "Who's that?"

"He's..." Jupiter was about to say a name, when his eyes cleared up and he came back to his senses.

Meanwhile, Takeno, who had been brought back, stared at Jupiter in disbelief.

"Captain, why did you tell them everything?"

Only then did Jupiter realize what he had done. He bellowed and jumped at Feng Wu.

Feng Wu dodged.

Jupiter suddenly smiled.

Feng Wu said, "Everybody, down!"

Shao Xiao and the others reacted quickly. They dashed off and lay flat on the ground.

There was a rumbling sound.

Jupiter and Takeno turned into balls of fire.

The fire then quickly made its way toward the three other people.

Sh*t!

Feng Wu charged at them.

She hadn't interrogated them yet because she had run out of truth serum. She had been about to torture them until they confessed, but she didn't expect Jupiter to attack his teammates.

At that critical moment, Takeno jumped at Feng Wu.

He was trying to set Feng Wu on fire.

Takeno was the second most capable person in the team.

All five people were elite members of the Dongsang Kingdom. Otherwise, Mu Yan wouldn't have invested so much in them.

Feng Wu was Takeno's target.

Burning like a ball of fire, he tried to grab Feng Wu and take her down with him.

After Feng Wu dodged, he turned to her teammates instead.

He was much more capable than Shao Xiao and the others.

He was at least a Level 8 Spiritual Lord.

Feng Wu shouted, "Don't let him catch you! He'll kill you!"

She had planned everything down to the last detail, but she hadn't expected them to hide explosives inside their bodies.

Jupiter had been taken by surprise and couldn't activate his spiritual essence. As a result, he couldn't take his own life and had to give Feng Wu the information after she fed him the truth serum.

He blew himself up after he regained a little spiritual essence.

Takeno's spiritual essence was activated by the explosion, so he set himself on fire as well.

After Takeno, the other three followed suit.

Feng Wu didn't expect the people of Dongsang Kingdom to be so undaunted by death.

Everything happened so fast.

Feng Wu ran fast. Seeing that her teammates didn't have time to get away, she wrapped the Magic Soul Vine around them and pulled.

Jupiter's eyes lit up when he saw the vine.

Magic Soul Vine!

The legendary Magic Soul Vine!

It had been lost from the Dongsang Kingdom for years.

The fate of the kingdom was related to the Magic Soul Vine.

Jupiter wanted to deliver the shocking news back home, but it was too late.

The next second, he exploded.

Everything was quiet for ten seconds.

When Feng Wu threw her teammates further away, she became the person closest to the explosion.

Chapter 2706: Explosion

When Feng Wu threw her teammates out of the way, she became the person closest to the explosion.

She coughed, and smoke came out of her mouth.

A thick layer of ash covered her back.

It was a result of the explosion.

Luckily, she was wearing the soft armor which Jun Linyuan had given her, and the flames couldn't burn through it. However, her exposed skin was red and swollen, and the pain made her frown.

She ignored her injuries. Instead, she ran to her nearest teammate and helped him to his feet.

"Wang Zhi, how are you?"

Wang Zhi was almost suffocated by the smoke, but Feng Wu's voice roused him from his stupor. He waved at Feng Wu and said, "I'm fine. Don't worry about me."

Feng Wu nodded and went to check on the others.

Luckily, their injuries were all superficial.

Shao Xiao said, "Fortunately, we're all alive."

Huo Shan patted his chest, still feeling shaken. "Does life mean nothing to the people of the Dongsang Kingdom? As if one explosion wasn't enough, all five of them blew themselves up! What was going on in their minds?"

Wang Zhi said, "Their spiritual essence was blocked. How did they do it?"

Everyone looked at Feng Wu in confusion.

Feng Wu smiled wryly. "The people of the Dongsang Kingdom are as dauntless as they're said to be. They injected themselves with an explosive potion before they set out. The tiniest amount of spiritual essence can set off an explosion."

"That sounds ruthless." Shao Xiao rubbed his nose. "They weren't afraid of death, and they tried to bring us down with them."

Ling Hao said, "You don't say. The three people we weren't able to interrogate took their lives as well."

Feng Wu said, "I think they pre-set when the explosion would happen."

All eyes were on Feng Wu.

She added, "I thought at first that they set off the explosion because their spiritual essence recovered a little. However, the other three men killed themselves, too. It then occurred to me."

She took a deep breath. "They knew they couldn't get away after we stopped them from taking the poison, so they switched to 'ready-to-explode' mode."

Everyone sucked in their breaths.

"They were so decisive," Ling Hao said, still sounding terrified.

Feng Wu said, "That's why their spies keep infiltrating the Junwu Empire, but only very few of us can infiltrate the Dongsang Kingdom."

Everyone nodded, agreeing with her.

"Wait!" Shao Xiao cried out. "If they were impersonating Du Le and his teammates, does it mean the real people are..."

Feng Wu was frustrated. She had been too busy asking about the organization and had forgotten about Du Le.

Luckily, she had found out about Mu Yan and the fact that she was in Mulberry City. It wouldn't be too difficult to get information about the real Du Le.

Shao Xiao asked, "What should we do now? Should we go back to the academy and notify the teachers?"

Ling Hao shrugged. "Those people blew themselves up. They're a pile of ash now. What can we say?"

Shao Xiao turned to Feng Wu, feeling that she would have an idea what to do.

Feng Wu nodded. "I'll talk to Mr. Gongsun about it."

The others were surprised that Feng Wu knew Mr. Gongsun.

Chapter 2707: Level 7 Inscription Master

Shao Xiao had initially thought that Feng Wu just got along well with Mr. Yang. As it turned out, she knew Gongsun Mu, the vice principal of the academy.

Everyone nodded. "Alright!"

Feng Wu shrugged. "We have two options now."

Everyone looked at her with sparkling eyes.

Feng Wu said, "Option one: we head for the formation core and get out of the Secret Essence Mine. Option two: we go to rescue them."

Shao Xiao said, "I'm worried about Cheng Fang."

Wang Zhi nodded. "After all, they're our classmates."

Ling Hao said, "I'll do whatever Feng Wu says."

Huo Shan said, "Me, too!"

Feng Wu shook her head after some consideration. "It's too dangerous over there. If we all go together, I don't think I'll be able to protect all of you."

...

"We're not afraid of danger!" Shao Xiao said.

Feng Wu said grumpily, "I know you're not, but our enemies are all as capable as Jupiter Team, whose leader was a Spiritual King. What will you do?"

That sounded ominous. Everyone gave Feng Wu pleading looks. They wanted to join her but didn't want to become a burden.

Feng Wu said, "You'll just stay on the side and watch?"

The others nodded.

Feng Wu didn't know what to say.

She thought for a moment before making up her mind. "Let's get to the core as soon as we can. I can only control the formation from there. That way, no one else will be able to get away."

After a pause, Feng Wu added, "We can't know for sure that there's only one team like Jupiter Team."

Everyone's faces darkened, and they all nodded. "Let's go."

Feng Wu smiled a little before they set out.

She walked up to the wall which Jupiter Team had come out from.

It looked the same as all the other walls in the tunnels. No one would have thought that a group of people would walk out of it.

Feng Wu took out a strange-looking pen and began to draw peculiar signs on the wall. They looked familiar, but her team members couldn't understand a word.

Before long, Feng Wu was done. She put away the pen and nodded. "Let's go."

Huo Shan asked curiously, "Feng Wu, what did you write? Why can't I understand a single word?"

Feng Wu said, "They're inscriptions."

"Inscriptions?" Huo Shan's eyes widened. "Feng Wu, you know inscriptions!"

"Know?"

Feng Wu mulled over the word before she nodded. "I suppose you can say that."

"Are you an inscription master, then? A Level 1 inscription master?" Ling Hao cried out.

Level 1? Feng Wu shook her head. "No, I'm not."

She was already a Level 7 inscription master, and was moving on to Level 8.

Ling Hao said, "You're not? That's alright. I heard it's very difficult, and only insanely intelligent people can master it. Of course, Feng Wu isn't insane!"

Feng Wu said, "We should get going."

The Secret Essence Mine was a labyrinth to others, but it wasn't too difficult for Feng Wu. She could understand its structure.

It didn't take them long to reach the core.

It was unimaginable how they could find the right path among 80,000 tunnels. It was impossible.

But Feng Wu had done it.

"Is this the formation core?"

Chapter 2708: I Just Know

"Is this the formation core?" Ling Hao looked around.

It wasn't as narrow as the tunnels, where they had to walk in single file.

This place was a few hundred square meters wide.

In the center was a round platform. On the platform was a giant screen with a strange-looking handle.

Shao Xiao and the others looked at one another in bewilderment.

They had reached the formation core.

But they couldn't see a way out of this place.

Feng Wu quickly walked up to the screen.

The others followed her, curious as to what she would do.

Feng Wu took out the inscription pen which she had used to draw on the wall and started writing on the screen.

No one knew what she was writing.

Even if they could see the signs she was drawing, they wouldn't be able to read them.

Feng Wu wrote several lines, when something happened.

The dark screen lit up.

Whoosh! Whoosh! Whoosh!

The screen was divided into nine sections, each showing an image.

They showed everything that was going on in the mine.

They weren't still images, but were videos. Looking at the screen, it felt as if they were scanning the entire mine.

Everyone stared at Feng Wu in astonishment.

How did she know she could see the entire mine here at the core? Why did she know how to use that control handle?

In fact...

She hadn't known at first.

She had never been here before.

However, she had Little Phoenix, who seemed to know a lot of things.

What Feng Wu didn't tell the others was that the bird had been providing her with information along the way.

She didn't know how the bird knew. According to Little Phoenix, it had visited this place in its previous life. It had even supervised the construction of this mine.

Feng Wu had been skeptical about this piece of information at first, but she began to change her mind as Little Phoenix proved that its information was accurate.

For instance, Little Phoenix told Feng Wu the password to switch on the screen.

"Look!" Ling Hao pointed at the bottom right square on the screen. "Isn't that Shan Jingfei's team? They're in trouble!"

Feng Wu gave it a little tap, and the bottom right section occupied the entire screen.

Everyone stared at her in amazement.

Was that even possible?!

They were amazed by everything that was happening.

The screen was a novel object which they had never seen before.

Shao Xiao asked, "When did we ever have one of these screens? I heard they are made in Dongsang, but not here. How do you know how it works? Where did you learn that?"

Feng Wu said, "I just do."

Compared with the tablet she used to have in her previous life, this screen was so basic.

To the native people of this world, it must look like a miracle.

"You just do?!" Ling Hao and the others stared at her.

Feng Wu said, "That's irrelevant. Look!"

Everyone looked at the screen.

They saw that strange-looking magical beasts had surrounded Shan Jingfei and her companions.

There were ten of them in total.

Shan Jingfei's team and Xuecheng Team had five members each. Both had capable members. However...

Chapter 2709: Spirit Stone Worms

??

The snowy white magical beasts were squirming on the ground.

“They’re not worms, are they?” Huo Shan noticed the strange appearance of the magical beasts.

Feng Wu didn’t know what they were, but Little Phoenix was already talking in her head.

“Gosh, aren’t these Spirit Stone Worms? They’re longer than the height of humans now. That was fast.” The bird sounded amazed.

Feng Wu asked curiously, “Do you know what they are?”

Little Phoenix said, “Of course I do! I supervised the construction of this Secret Essence Mine! I know better than anyone else!”

Feng Wu suddenly realized something. “Didn’t Lu Mingzong, the founder of Imperial College, build this mine?”

Little Phoenix said, “Yes, he is your senior...”

It stopped abruptly, realizing that it had revealed some confidential information.

Feng Wu was curious.

“What did you say? Who is Lu Mingzong to me? Senior what?”

Little Phoenix wouldn’t say anything.

“Birdie?” Feng Wu asked.

“Don’t call me that! It sounds awful!” Little Phoenix complained.

Feng Wu said, “If you don’t answer me, I’ll call you birdie from now on.”

“You’re so annoying!” Feng Wu was driving the bird crazy. It was supposed to be Boss Phoenix, not some “birdie.” What a horrible nickname!

“Fine! Fine! I’ll tell you!” Little Phoenix snapped. “Lu Mingzong is your senior brother.”

“What?! My senior brother? As in my master’s eldest disciple?!”

“Yes.” Little Phoenix nodded.

Feng Wu said, “Wasn’t Lu Mingzong supposed to be the most powerful cultivator of the Junwu Empire before Master Linghu came along?”

Little Phoenix didn’t answer.

Feng Wu asked, “Where is he now? Rumor is that he’s gone missing, but no one can say for sure that he’s dead. Where is he?”

Little Phoenix still didn’t answer.

Feng Wu asked, “Why won’t you answer me? Am I missing something?”

Little Phoenix said, “You can call me whatever you want. I’m not going to tell you!”

Feng Wu pleaded, “But I want to know...”

Little Phoenix said, "In that case, you better finish the last two missions. That way, your beautiful master will wake up. He's always doted on you. I'm sure you can trick him into telling you..."

"If I say the wrong thing, he'll probably strangle me!"

The bird wouldn't admit that it was jealous.

Feng Wu had no idea what the bird was thinking. Seeing that she wasn't going to get an answer, she said grumpily, "Fine! I'm working on it, but the task is so tricky!"

She had been working hard to convince Zuo Qingluan that Jun Linyuan was in love with her, but Zuo Qingluan just wouldn't buy it.

Feng Wu decided that she would put more effort into it.

"Feng Wu? Feng Wu?"

Chapter 2710: Protective Circle (1)

Shao Xiao and the others watched Feng Wu dubiously while she spoke to Little Phoenix.

"I see!" Feng Wu finally turned to her teammates and pointed at the worms on the screen. "These are Spirit Stone Worms. They've been feeding on spiritual stones for years and are filled with essence. They're very beneficial for cultivation."

However, the worms had surrounded Shan Jingfei and her friends.

"We should help them!" Ling Hao had a kind heart, and he turned to Feng Wu. "Shan Jingfei isn't the most polite person, but she doesn't deserve to die like this. I don't think we should look the other way."

All eyes were on Feng Wu.

Feng Wu shook her head. "You're not capable enough to rescue them. Instead of saving them, you'll be surrounded by those worms, too. I won't be able to save you all."

"That's why you need to wait here while I go save them." Feng Wu took Little Phoenix out of her sleeve, set it on the screen and said, "Keep me posted."

Little Phoenix shook its head. "I don't like the idea of you going alone. You have to take me with you."

However, someone had to stay with the screen and tell Feng Wu what was happening in the rest of the mine.

"That's easy." With a wave of its wing, Little Phoenix switched off the screen and turned it into a mirror, which was small enough to sit on its head.

"You can take it everywhere with you," Little Phoenix said proudly. "I told you already: I built this mine, and I'm its master."

Feng Wu didn't know what to say.

They were talking in the bird's language, which the others didn't understand. They watched in bewilderment, wondering what Feng Wu and the bird were talking about.

Feng Wu asked, "Will the worms attack my team?"

Little Phoenix said matter-of-factly, "Of course they will!"

Feng Wu asked, "How can I protect them?"

Little Phoenix didn't say anything. It landed in a clear area, drew a circle that was six meters in diameter, and lifted its tail.

It then pooped on the spot.

Was that something "Boss Phoenix" was supposed to do?

Seeing how shocked Feng Wu was, Little Phoenix said, "As long as they don't leave this circle, I guarantee you they'll stay alive!"

Feng Wu glanced at her teammates.

Ling Hao said, "Feng Wu, are you going to do something about this unhygienic bird?"

Unhygienic?

Aggrieved, Little Phoenix smacked Ling Hao's head with its wing.

"Ouch!" It was so painful that Ling Hao almost burst into tears.

That hurt!

Feng Wu cleared her throat. "Alright. Just wait for me in this circle. It's safer that way."

"In this circle? Is that a joke?" Ling Hao almost jumped to his feet.

Feng Wu rolled her eyes at him. "Just go inside the circle if the Spirit Stone Worms attack you. The circle will keep you alive. Now, I'll go rescue the others."

She had seen Cheng Fang on the screen just then.

She had taken a risk when she let Cheng Fang leave.

If Cheng Fang could find Shan Jingfei and her team, Feng Wu didn't mind giving them a hand.
