

G E D 2821

Chapter 2821: Associate Dean Chu Yun

Feng Wu couldn't stand all the ridiculous suggestions.

She was about to speak, when she heard some footsteps.

"Why is everybody here? What are you doing?" Chen Ziyun leaned on the doorframe with his arms crossed and looked curiously at his team members.

The boys looked at one another and didn't dare bring up their suggestions to Chen Ziyun.

They didn't know where to begin.

Everybody glanced at Qiu Zeyu.

After all, he was the captain of the backup team and had been the first to bring up the subject. He should be the one to break the news.

Qiu Zeyu was speechless.

.....

However, he was confident in his suggestions because he thought he was helping the school.

He looked at Chen Ziyun and said solemnly, "Ziyun, we want to make a request."

Chen Ziyun glanced at him from where he was leaning on the doorframe.

Qiu Zeyu said, "Ziyun, you should join the backup team. That's the only way we can make sure we'll win the first competition. That way, we won't lose so miserably in the final game!"

"Screw you!" Chen Ziyun was furious.

Qiu Zeyu was dumbfounded. He was only suggesting it because he wanted to help the team.

"We have Feng Wu. I'm sure we'll win!" Chen Ziyun was very confident.

After all, Feng Wu had some great treasure!

Feng Wu rolled her eyes at Chen Ziyun.

Yes, she had the spirit wine. However, she had sent most of it back home as soon as she returned to the academy.

She only had less than a third left.

How could Feng Wu help them?

Everybody looked at Chen Ziyun in resignation.

Feng Wu was a talented fighter and might be a little bit stronger than Qiu Zeyu, but she couldn't be as good as anybody on the main team.

The five members of the main team were Chen Ziyun, Sun Yu, Wang Xiao, Wang Nian and Li Shaochu. The backup team thought they were all Level 9 Spiritual Lords.

However, their captain had just announced his confidence in the girl.

Just then, someone called outside.

“The Military Academy’s people are here!” The messenger was Huo Shan, Chen Ziyun’s cousin.

That was fast.

Everybody frowned at Huo Shan.

“I thought they weren’t coming until three days later.” Chen Ziyun frowned. “Who are they?”

“Both teams and the tutor in charge. This year, the tutor is...”

Huo Shan paused before saying, “It’s Associate Dean Chu Yun.”

Chu Yun? The others opened their mouths but didn’t know what to say.

Feng Wu glanced at them.

What was with those looks on their faces?

Who was Chu Yun?

Chen Ziyun frowned. “Since they’re there, let’s get the battle started. To the arena!”

The team members followed Chen Ziyun with conflicted feelings.

It was Associate Dean Chu Yun. She had only been a tutor when she was in Imperial College.

Feng Wu asked curiously, “Who’s that?”

Chen Ziyun didn’t answer, and Sun Yu said, “She used to be Mr. Gongsun Mu’s wife. Then... Anyway, don’t act weirdly when we see Gongsun Mu later.”

Feng Wu thought, “I don’t know how to act weirdly.”

Chapter 2822: Motivation

Seeing how confused Feng Wu was, Sun Yu had to explain to her.

“Ms. Chu Yun used to be our tutor and Mr. Gongsun Mu’s wife. She then divorced Mr. Gongsun and married the head of the Military Academy within a month.”

Wang Xiao’s face darkened. “Everybody knows Ms. Chu Yun and the head had an affair before she dumped Mr. Gongsun.”

Wang Nian said, “That happened last year. Our team lost, our flag was cut down, and Ms. Chu Yun is a humiliation to both Mr. Gongsun Mu and our school!”

Li Shaochu said, “I thought she would at least have the decency to stop showing up here. However, she’s actually the tutor in charge this time. She’s crossed the line!”

Sun Yu said, "If we lose again..."

Everybody was frustrated.

They wanted to tear something apart.

.....

They were already in a bad mood, and the news only made them feel worse. They felt like they were burning inside when they reached the arena.

Many students received the news as well.

Everybody was equally frustrated.

Some people went into the forest at the back of the school and vented their anger on the magical beasts.

Other people went to the cultivation rooms to avoid the embarrassing scene.

Most students followed the Dynasty Team to the arena.

When Chen Ziyun and his team arrived, Gongsun Mu was confronting Chu Yun.

Chu Yun was unbelievably arrogant.

Gongsun Mu said, "The competition won't start for another three days. You're early."

Chu Yun sneered at him. "We're only free today. After that, we won't be here anymore. We have to compete today!"

Gongsun Mu was angry. "This isn't a small matter! You can't change the date as you like!"

Chu Yun said, "What can possibly change in three days? Are you going to have more Spiritual Kings?"

Her students laughed when they heard this.

Gongsun Mu was furious.

Chu Yun sneered at him again. "You're always like this: Too careful and too stubborn. Don't make me look down on you more than I already do!"

Gongsun Mu's face went livid.

Chu Yun changed her tone and said indifferently, "We all know what your team is like. Just bring them here and get it over with. We're in a hurry to get to Peace Grassland!"

Gongsun Mu couldn't stand the humiliation to Imperial College.

Chu Yun waved her hand and said matter-of-factly, "You're going to lose, anyway. What difference do three more days make? You can't win."

Chen Ziyun and his teammates clenched their fists and went scarlet red.

Gongsun Mu was so furious that he was shaking.

Feng Wu glanced at Chu Yun.

What an arrogant woman!

She cheated on Gongsun Mu with the head of the Military Academy, but she sounded like she hadn't done anything wrong. The humiliation she gave Gongsun Mu and Imperial College was unbelievable.

She also understood that Chu Yun had done it on purpose.

Chapter 2823: Start Now

She was deliberately trying to enrage Imperial College.

It seemed she was serious about moving up the date of the competition.

Why were they so eager to go to Peace Grassland? Had something happened?

If that was the case, Imperial College should have heard about it as well. Therefore, a great opportunity must be waiting for the Military Academy in the grassland.

Feng Wu seemed unperturbed, but she made a mental note of it.

"So be it! We'll have the competition today! You don't scare us!"

Someone spoke on behalf of the Dynasty Team.

Feng Wu turned around and saw it was Wang Xiao.

.....

He was indeed an impulsive teenager.

"Wang Xiao, it's you. Long time no see." A person walked out of the Military Team and smiled at Wang Xiao.

Wang Xiao's face went livid.

"He's Lu Haobei. He gave us hell last year," Chu Qu whispered in Feng Wu's ear.

When Feng Wu looked up, Wang Xiao and Lu Haobei were shouting at each other.

The Military Team was arrogant and bossy.

The Dynasty Team was frustrated and eager for revenge.

Moreover, many of their classmates were watching.

The Dynasty Team became even angrier.

"Fine! Let's do it today!"

After consulting the elders, Gongsun Mu agreed.

Everybody fell silent.

The winner this year would be determined earlier than usual.

Gongsun Mu stared at Chu Yun. "The junior teams will compete first, followed by the varsity teams. So we'll need two days..."

Chu Yun cut him off with a wave of her hand. "Why two days? One competition will be enough. You can decide the order of our players."

How arrogant!

Gongsun Mu and his colleagues all turned livid.

Gongsun Mu and Chu Yun used to be husband and wife, but she was treating him like this while everybody was watching.

Gongsun Mu forced himself to calm down. "The rule says two games, and we must follow the rules."

"Whatever." Chu Yun smirked. "You're going to lose, anyway. If you want to lose twice in a row, so be it."

She rolled her eyes as she spoke.

She used to be an arrogant tutor when she worked in Imperial College. However, she had never been so obvious about it.

She now looked like a scoundrel who had realized her ambition.

Gongsun Mu said, "The junior teams will compete today, and the varsity teams tomorrow."

Chu Yun wouldn't have it.

She said impatiently, "I told you already, my team is in a hurry to get to Peace Grassland, and we don't have that kind of time. Let's finish it today. All teams will compete today."

She sounded so confident that the people of the Imperial College were infuriated.

"Sir, let's do it!" somebody shouted.

Although everybody knew they weren't the Military School's match, they didn't care about that now.

Chapter 2824: What About Feng Wu?

Sun Yu and the others all rushed to Gongsun Mu's side indignantly and asked him to start the competition.

Gongsun Mu didn't know what to say.

Because the junior team would compete first, Sheng Changtian patted Lan Xuefeng's shoulder. "Good luck."

The varsity team left after that.

Their competition was in the evening, and they weren't worried about their junior team. They were going to use the time to walk around the campus.

That was how arrogant they were.

Lan Xuefeng nodded. Imperial College's junior team was so weak that he could defeat it with his eyes closed.

Because Chu Yun was the tutor in charge of the teams, she had to stay here, although she knew her team would undoubtedly win this competition.

"The game will start soon," said Gongsun Mu. "The team leaders should hand in the players' names in five minutes."

That was to prevent any team from changing players after the competition started.

The names had to be handed in beforehand.

Feng Wu hadn't said anything.

She recognized two out of the five members of the other team. They had met before.

Some students had arrived to watch the competition.

Feng Wu saw Ye Han.

Shao Xiao, Wang Zhi, Ling Hao, Cheng Fang and many of her new friends were all here to cheer her on.

They were shaking with anger when they heard the humiliation from the other team. They wanted to run up to the stage and slap those people.

They cursed Chu Yun with everything they could think of.

Ling Hao said, "Look! Look! Aren't the members of their junior team the five people we ran into in the Secret Essence Mine?"

Ye Han nodded. "That's right! It's them! They were surrounded by Spirit Stone Worms! Why aren't they dead?!"

"If they had died, they wouldn't have come here to humiliate us like this! I don't want to see them at all!"

They could criticize their own school, but they wouldn't let any outsider say a bad word about it.

Feng Wu wanted to roll her eyes when she saw the five people.

The Military Academy wasn't as impressive as it was said to be.

On the other side, Qiu Zeyu was putting down the names of the players.

Qiu Zeyu said, "Chu Qu, Li Zhan, Zhao Si, and I will play. Wang Xiao, would you like to join us? Without you, we'll have a very difficult time."

That was an understatement. They would have no hope of winning at all.

Wang Xiao hesitated.

He was a member of the varsity team. Fighting for the junior team was quite embarrassing.

Qiu Zeyu said, "Yes, it's embarrassing. However, if all five of us are defeated, it'll be even more humiliating!"

Wang Xiao said, "Alright, then."

Qiu Zeyu said, "Great!"

He then started filling in the names.

"Wait." Chen Ziyun found Qiu Zeyu's decision rather foolish. "What about Feng Wu?"

Feng Wu herself wanted to ask the same question.

Qiu Zeyu said, "Well, Feng Wu is new."

Chen Ziyun stared at him.

Qiu Zeyu said, "Ahem... Well, she hasn't completed her paperwork yet, so she's not an official member. We won't want the Military Academy to find out about it, do we?"

Chapter 2825: New Captain

Chen Ziyun took out a piece of paper and shook it in front of Qiu Zeyu.

It had been signed by Zuo Qingluan herself.

He had been gone for a while because he went to look for her to sign the form.

Zuo Qingluan must have deliberately hidden away because she had been very difficult to locate. In the end, Elder Wu gave Chen Ziyun a hand and made her sign it.

Chen Ziyun didn't tell the others what he had gone through. He only stared at Qiu Zeyu.

Qiu Zeyu pretended to be pleasantly surprised. "What? Does she have all the paperwork now? So, she's an official member!

"But..." Qiu Zeyu seemed troubled. "She's only just joined us and hasn't been trained. I don't think she knows the rules. Won't it be too risky to let her compete?"

He was looking for every excuse to stop Feng Wu.

He knew she was better than him because he hadn't been able to fight back when she dragged him away.

Because of that, he didn't want to give Feng Wu any more chances to show her talent.

Chen Ziyun saw through him and was full of disdain.

Was Qiu Zeyu trying to give them trouble now?

Now wasn't the time for internal strife!

Qiu Zeyu didn't know who Feng Wu's patron was, which was why he dared to play such tricks.

Chen Ziyun glanced at Qiu Zeyu, and the look gave Qiu Zeyu the creeps.

What was going on?

“You’re no longer the captain of the junior team,” said Chen Ziyun.

WHAT?!

Qiu Zeyu stared at him in disbelief.

“Captain!” he shouted.

Chen Ziyun ignored him and turned to Feng Wu, “You’ll be the new captain.”

Feng Wu knew how critical the situation was, so she nodded. “No problem.”

Qiu Zeyu was furious and shouted, “I object!”

Chen Ziyun didn’t even look at him. “I wasn’t asking for your opinion.”

Qiu Zeyu was furious.

“Fine! So be it! Since no one wants my opinion, you don’t need me anymore! I quit! I’m leaving the junior team!”

After that, he ripped off his team uniform and threw it on the ground.

No one noticed them at first because they had been talking in low voices.

Now that Qiu Zeyu had raised his voice, everybody was looking at them.

Gongsun Mu and Chu Yun were both on the stage close by.

Gongsun Mu frowned at Chen Ziyun.

Chu Yun glanced at the team and chuckled. “What’s going on with Imperial College? Are you making changes now? The captain of your junior team has just been dismissed, and he’s leaving the team. Gongsun Mu, is that how you’ve been teaching your students? They’re so divided.”

Gongsun Mu felt as if he had been slapped.

Chen Ziyun was staring at Qiu Zeyu. “The competition is about to start. Are you sure you want to do this?”

Of course Qiu Zeyu knew that. He thought the team couldn’t do without him. They wouldn’t value him as much after the competition, and he wouldn’t be able to change Chen Ziyun’s mind then.

At that thought, Qiu Zeyu smirked. “If you remove me from my position, I’ll quit!”

Chapter 2826: Competition (1)

Qiu Zeyu thought his threat would work because they didn’t have backup players. He thought Chen Ziyun would beg him to stay.

To his surprise, Feng Wu spoke first.

She said, "If you want to ruin your future, you're welcome to do so. The door's right there. You can leave now."

Qiu Zeyu went scarlet in the face.

However, he didn't have another choice after what he said earlier.

Qiu Zeyu glared at Chen Ziyun. "Fine! I hope you won't regret your decision!"

He then marched toward the door.

"Ziyun..." Wang Xiao gave Chen Ziyun a pleading look.

But Chen Ziyun ignored him.

The others were looking at Chen Ziyun as well.

It was evident that Qiu Zeyu didn't want Feng Wu to compete. However, they were one member short. What should they do?

Sun Yu said grumpily, "Doesn't he know how important today is? There's no time for his little tricks! We can do without him! We'll borrow someone from the varsity team! So what if it's a little embarrassing?"

Feng Wu shook her head. "That won't be necessary."

What?

The others all gave her strange looks.

Feng Wu was the reason this was happening in the first place.

If it had happened to another person, they would have been so flustered by now. Feng Wu, on the other hand, was as confident as ever.

"We're short..." Sun Yu tried to persuade her.

Wang Xiao's face darkened. "I'll do it."

Feng Wu repeated, "That won't be necessary."

Wang Xiao was so furious that he stared at Feng Wu. "I know you're pretty, and people like you, but you're crossing the line! It's not the time to be so capricious!"

Qiu Zeyu and Wang Xiao were good friends, so Wang Xiao couldn't help but take Qiu Zeyu's side.

Feng Wu only glanced at him.

Wang Xiao thought Feng Wu was going to quarrel with him, but she didn't.

Her bright eyes seemed to be able to see through everything. She looked at him as if he was an idiot.

She didn't seem angry.

She seemed perplexed.

It was as if she didn't understand why he was so angry.

Wang Xiao didn't know what to say.

Gongsun Mu's voice rang out at that moment. "You can hand in the names now."

Qiu Zeyu had written down the names already.

So Feng Wu grabbed a pen, crossed out Qiu Zeyu's name and added hers at the bottom.

That was it.

Gongsun Mu and Chu Yun received the name lists at the same time.

Gongsun Mu read it aloud first.

"The Dynasty Team players are Chu Qu, Li Zhan, Zhao Si and Feng Wu."

Gongsun Mu gave Feng Wu a questioning look.

Chen Ziyun went up on stage and whispered something in his ear.

"Nonsense!" Gongsun Mu said angrily.

However, the seats were half-full, and the Military Academy was watching. Gongsun Mu would be embarrassing Chen Ziyun if he scolded the boy now.

He could only wait until later.

He gave Chen Ziyun a stern look, but Chen Ziyun grinned. "Don't worry. Xiao Wu is very talented."

Chen Ziyun left the stage after that, and Gongsun Mu's face was livid.

Chapter 2827: Competition (2)

Next to Gongsun Mu was Chu Yun, and they had a complicated relationship.

"What's going on? I heard..." Chu Yun said in a mocking tone.

Gongsun Mu ignored her and turned to look at Feng Wu.

Feng Wu nodded. "We can do it."

What choice did Gongsun Mu have?"

He could only say, "Those will be our four players."

WHAT?!

The students in the audience were astonished.

Not many had come to watch because they all thought their school was going to lose. Even so, 30% of the seats were filled.

All the Imperial College students stared at Gongsun Mu in bewilderment.

Wasn't it a 5v5 competition?

Each side should have five players, and the team with the last member standing would win.

Imperial College was likely to lose.

If that was the case, why did they only have four players?

"What's going on? Why is this happening?"

"Are we giving up?"

"We don't have to be so proud!"

...

Everybody was displeased.

Someone said, "I saw Qiu Zeyu leave. He's the captain of the junior team, isn't he?"

"I heard Feng Wu made him leave because she's the new captain, according to when the names were announced."

"Feng Wu? Who's she?"

"She's the new student who's been making all that insane progress!"

"No matter how capable she is, she's still a new student! Why is she qualified to be a team member or participate in the competition? What makes her qualified to be the captain? I can't believe it!"

"That's right! This is so important! If Feng Wu didn't do something, Qiu Zeyu would never have left!"

...

Many people started condemning Feng Wu.

A person next to Ye Han was saying similar things, and Ye Han jumped to her feet in frustration.

"What are you talking about?! Feng Wu is so talented! Of course she's qualified to be a team member!"

The girl next to her was frightened by her reaction.

The girl was from Class B and knew her classmates didn't like Feng Wu. Almost the entire class was against Feng Wu.

Disliking Feng Wu became politically correct.

That was why she blurted out those words.

To her surprise, Ye Han had switched sides.

She remembered Ye Han as one of the people who had hated Feng Wu.

"Why are you..." The girl was scared of Ye Han.

Ye Han said aggressively, "Feng Wu is amazing! Just wait and see. You'll be convinced!"

The girl cringed a little, rose to her feet and went to sit somewhere further away from Ye Han.

She wondered how Feng Wu was going to convince her.

There were many students here, and most of them had heard of Feng Wu's name before or had even had dealings with her.

That was especially the case with Class E students.

They had spent the most time with Feng Wu because she started her days in the academy as a Class E student.

Sun Jingyu, Mu Qianqian, Pei Si and many others had seen how talented she was.

At first, there were the anti-fans, the fans, and the neutral party. However, almost all of them turned into Feng Wu's fans in the end.

Chapter 2828: Competition (3)

Hearing that Feng Wu was going to be in the competition, all her fans showed up.

That was why a third of the seats were occupied. Without the fans, there would be very few audience members.

They all tried to explain to the others how amazing Feng Wu was.

However, Feng Wu had skipped Classes C and D, so most students didn't know her well. They didn't understand why Class E thought so highly of her.

How good could she be?

If she got along well with the Class E students, she couldn't be all that capable.

Otherwise, she would be so proud and would never socialize with Class E.

They decided that Feng Wu had taken away Qiu Zeyu's role in a critical moment like this to buy herself popularity, which only showed how much of a schemer she was.

The other students found such a girl terrifying.

Hence, they disliked Feng Wu even more.

The Class E students were frustrated but didn't know what to do.

They tried to explain how excellent Feng Wu was, but they couldn't give any detailed descriptions of her capability because it was beyond their knowledge.

Would Feng Wu win? They couldn't say for sure either.

Ye Han wasn't sure either, but it didn't stop her from singing Feng Wu's praises.

After Imperial College announced their players, Chu Yun announced theirs as well.

The Military Academy's players were Lian Xiao, Lou Mo, Ma Hao, Wang Ze and their captain, Lan Xuefeng.

Chu Yun played a little trick.

Seeing that Imperial College announced its captain last, she also announced Lan Xuefeng's name.

Gongsun Mu gave her a knowing look.

Chu Yun said confidently, "I'm leaving in fifteen minutes."

Gongsun Mu snorted. "You can't leave during the competition."

Chu Yun smiled. "It'll be over by then."

Gongsun Mu's face turned livid.

Feng Wu didn't know what to say.

She almost felt sorry for Gongsun Mu.

Chu Yun was so arrogant that Feng Wu wanted to see the woman be humiliated.

Chu Yun happened to glance at Feng Wu at that moment, and she sneered at the girl.

That woman!

Feng Wu snorted. She extended her right arm and raised her thumb at Chu Yun.

Chu Yun smiled, thinking the girl was going to surrender.

However, the smile immediately froze on her face.

Feng Wu had turned her hand and aimed her thumb at the ground.

Was that a provocation? Chu Yun glared at Feng Wu.

Chu Yun was a fierce woman. Almost all her students in Imperial College and the Military Academy were scared of her. No one had disrespected her like this before.

She made a mental note of Feng Wu's name.

Chu Qu was walking up to the stage.

Chu Yun glanced at Lian Xiao and suddenly asked, "Can you defeat all four of them?"

Lian Xiao had made some great progress and was very confident in himself.

He was excited to be the first player. "I'll try!"

"You'll try?" Chu Yun frowned.

Chapter 2829: Competition (4)

"Yes! Of course!" Lian Xiao immediately changed his answer. "I'll defeat all four of them!"

Chu Yun was glad to hear the answer and patted him on the shoulder. "Go ahead."

"Yes!" Lian Xiao clenched his fists in excitement.

If he could defeat all four opponents, Chu Yun would give him special treatment in Peace Grassland, and his progress would be even faster!

The Military Academy was used to looking down on Imperial College.

Lian Xiao didn't even try to lower his voice. He shouted out his answer.

All the audience and the Dynasty Team wanted to slap him.

One against four?

He had to be dreaming!

Chu Qu was so furious he was speechless.

That was such a humiliation!

Lian Xiao went up on the stage, and Chu Qu made his move before Lian Xiao could stand still.

It was the first battle, and everybody held their breaths and watched with full attention.

Feeling indignant, Chu Qu spared no effort and made some very aggressive moves.

Although Lian Xiao was playing on the away team, he was much more capable than Chu Qu and could easily avoid his attacks.

He started winning after three stances.

Feng Wu shook her head. "Chu Qu is going to lose."

Wang Xiao smirked. "Nonsense. Chu Qu hasn't shown his full strength yet. He..."

However, Lian Xiao kicked Chu Qu in the stomach before Wang Xiao could finish, and Chu Qu stumbled back.

Lian Xiao took the opportunity to kick Chu Qu several times in a row.

Chu Qu's face went scarlet.

He didn't want to lose.

However, he had reached the edge of the arena.

No matter how reluctant he was, he was still kicked out of the arena and fell to the ground.

"No!"

With blood on his lips, Chu Qu was so angry that he wished he could fight again.

However, the kicks he received had severely injured his abdomen. He could barely stand, let alone fight.

Zhao Si rushed to his side and helped him walk back to their team.

The audience was dead silent.

It happened so fast.

They had thought that even if Chu Qu lost, he could at least injure his opponent.

However, Chu Qu was badly injured, but his opponent was unscratched.

Lian Xiao said arrogantly, "Who's next?"

Li Zhan gritted his teeth. "I am!"

He went up on the stage.

He wasn't any better than Chu Qu.

However, he was more careful than Chu Qu and managed to stay in the game a little longer.

But it didn't make much of a difference.

In the end, he was kicked off the stage, just like Chu Qu.

The other students thought their hearts had stopped beating.

That was crazy!

How could that happen?!

Li Zhan had lost so fast!

The junior team only had four players, and two had lost. The competition hadn't started for more than two minutes!

OMG!

Everybody was so frustrated that they wanted to leave.

It was terrible to watch their own team getting butchered at home.

Wang Xiao was equally displeased.

"Li Zhan injured Lian Xiao, but it was only a minor injury. Lian Xiao may win the next round, too!"

Nobody spoke.

They all knew Wang Xiao was right.

Chapter 2830: Competition (5)

"Why is Lian Xiao so capable? Is he really going to defeat all our four?" Sun Yu was furious.

If the names hadn't been announced, he would be going on the stage now.

Wang Xiao smirked. "That may actually happen! We've never been humiliated like this before!"

He then gave Feng Wu a dirty look. "If Qiu Zeyu hadn't been chased away, this would never have happened!"

1

By then, no one believed they had a chance to win.

All they hoped for was not to lose too miserably.

Feng Wu glanced at Wang Xiao. "Are you referring to me?"

Wang Xiao snorted. "You know what I mean!"

Feng Wu nodded. "Yes. I know myself very well."

Wang Xiao turned around in frustration and wouldn't speak to her.

"I'll go next!" Zhao Si said solemnly. "I'll defeat Lian Xiao even if it costs me my life!"

Wang Xiao nodded.

Feng Wu frowned. "No one's going to die. Just do your best. I haven't competed yet."

However, her teammates didn't trust her.

Chen Ziyun didn't know what to say.

He had been leaning on a column with his arms crossed the whole time.

He knew how capable Feng Wu was.

The junior team couldn't possibly lose.

However, Wang Xiao and the other idiots...

Chen Ziyun deliberately remained silent. He wanted to see how surprised the others would be when they saw Feng Wu fight.

He snorted a little.

Wang Xiao looked back at Chen Ziyun, who was half-hidden in the shadows, and was disappointed. He believed Chen Ziyun was infatuated with Feng Wu's pretty face.

By then, Zhao Si was already on the stage.

Lian Xiao rubbed his chest where Lian Xiao had injured him. It didn't matter. It was only a minor injury.

Seeing Zhao Si, Lian Xiao raised his chin and glanced at him sideways. "Are you going to give up, or should I kick you off the stage?"

That was so arrogant!

Zhao Si and all the other Imperial College students were furious.

They wanted to kill Lian Xiao.

Zhao Si gritted his teeth. "You're going off the stage this time!"

Lian Xiao said, "Really? Show me what you've got, then."

He immediately charged at Zhao Si.

Feng Wu studied his stances.

He was indeed one of the best students of the Military Academy.

He had been doing well in the Secret Essence Mine, and his moves were even better now.

He exerted his full power with each stance.

His fists seemed to weigh ten thousand kilograms.

Thump, thump, thump!

Although his chest was injured, Lian Xiao's punches got even fiercer.

Zhao Si couldn't begin to describe the pressure and pain he was in, but he wouldn't give in.

His legs were broken.

His wrists were broken.

He was kicked in the chest.

...

Zhao Si gritted his teeth and wouldn't give in.

Lian Xiao dragged him to the edge of the stage, but he wrapped his arms around Lian Xiao's legs and wouldn't let go.

Lian Xiao felt a chill run down his spine.

The audience was so nervous that they didn't dare breathe.
