

THE MOST GENEROUS MASTER EVER Chapter 140

In the chaos, the peerless woman suddenly opened her eyes.

Lin Qingzhu's heart trembled and she was a little dazed.

In that holy and flawless light, her figure gradually dimmed and became blurry. One could only vaguely see a white robe and long hair fluttering in the wind. She stood in the sky.

Lin Qingzhu finally understood something. That was an existence that she could not look at directly. If not for the karma on her, she would have been injured in that breath. She felt a lingering fear in her heart, as if she had survived a calamity. She turned around and looked at Little Linglong, her heart incomparably shocked.

"I didn't expect Little Junior Sister to have such a background. It's unbelievable." Lin Qingzhu blushed with shame as she looked at the petite and cute little loli in the cauldron. Who would have thought that there was such a terrifying existence behind this obedient and cute girl?

Ye Qiu turned around and comforted her. He injected a stream of Qi into her body to mediate the effects of her shock. Then, he said, "Disciple, you can't spread this matter today. Do you understand?"

Lin Qingzhu nodded and said solemnly, "I understand."

"Alright, go back first."

Ye Qiu turned around and stared at the void with his back facing Lin Qingzhu.

Lin Qingzhu looked deeply at Ye Qiu and turned to leave.

At this moment, Ye Qiu was extremely excited. His expression was as calm as water as he stared at the back in the chaos.

“Hehe, Ling Long’s true body? It’s as I guessed.”

Almost all his previous guesses were confirmed. Ye Qiu gradually went crazy. He was really looking forward to what kind of changes would happen when Linglong returned to her true form one day.

“Hmm... This is getting more and more interesting...” As he muttered, Little Linglong’s body suddenly trembled.

In an instant, a shocking force spread out, as if it was about to break through the shackles in the cauldron.

Ye Qiu raised his hand and suppressed her. In less than a moment, Little Linglong’s face was red and her entire body was emitting white mist.

Under the full absorption, her realm began to rise rapidly. She stepped through the Black Finger realm and soared.

Ye Qiu was shocked by the soaring speed. Perhaps it was because she had unlocked the restrictions on her body, but her realm seemed to have risen uncontrollably and instantly reached level nine of Black Finger.

“F*ck”

“Oh...”

It was not over yet. The moment she reached level nine of Black Finger, she almost had no bottleneck and smoothly entered the Celestial realm. Her physical strength instantly reached the limit of a million pounds.

“Oh my god, this is heaven-defying.”

Ye Qiu was shocked and delighted. As expected of my disciple, she has the bearing of a Martial Monarch.

From her current combat strength, ordinary Celestial realm experts were no longer her match. If she cultivated some powerful offensive methods, she would definitely be able to fight across realms.

However... This might be a little difficult. That was because Martial Monarch Linglong could not read, so she definitely could not learn powerful secret techniques.

“Phew...”

After an unknown period of time, Little Linglong suddenly let out a long sigh of relief. The medicine in the Qiankun Cauldron gradually became incomparably clear.

The power of the potion had been completely absorbed, and her cultivation had reached level one of the Celestial realm.

This terrifying speed of improvement simply made one’s scalp tingle. The most terrifying thing was that she was not a Qi Refinement cultivator yet. She did not need to consider any mental problems. She just needed to perfect her body.

After waking up, Little Linglong immediately revealed two small canine teeth. She smiled at Ye Qiu and jumped out.

“Hehe, Master, I’m invincible among my peers now, right?”

Ye Qiu smiled faintly and said, “Yes, it’s about time! After you learn some combat techniques later, it shouldn’t be a problem for you to be invincible among my peers. However, there’s no point in being invincible among your peers. There are only a few of them. Only by being invincible in the world is one truly invincible.

“Only by beating everyone in the world into submission will everyone be afraid of you. So, you still need to work hard!”

Little Linglong was stunned for a moment. She lowered her head and fell into deep thought. She sucked on her little finger and looked like she was seriously thinking. She was very cute. It was hard to imagine that the current her was the same as the one in the chaos just now.

“Invincible in the world?” As she muttered, Little Linglong’s gaze suddenly became firm, as if she had a goal again. “Okay, invincible in the world. Beat everyone into submission.”

After making a solemn decision, Martial Monarch Linglong was fooled again.

Ye Qiu found it funny. Fortunately, she was still young. If she was older and had a primary school certificate, she wouldn’t be easy to fool.

“Alright, that’s all for today. Go back and rest early. We’ll talk tomorrow.” After a while, Ye Qiu said calmly. Another day had passed.

Overall, his gains today were not bad.

“Alright, Master, I’ll go back first...” Little Linglong obediently said. She turned around and suddenly thought of something and ran up the mountain.

The corner of Ye Qiu’s mouth twitched. He watched as she ran up the mountain and went to harm those spirit beasts.

“Yes, this little fellow’s cultivation problem has been resolved for the time being. From tomorrow onwards, I can consider refining pills...”

After pondering for a moment, Ye Qiu turned to look at the Qiankun Cauldron. With a wave of his hand, he put it away and walked into the Qianqing Hall.

Under the setting sun, the purple light illuminated the entire Violet Cloud Peak.

Such spiritual energy was moving. There was beautiful scenery outside the mountain, but no one appreciated it. There was only a little girl running around the mountain.

He turned back.

“System...”

[Ding...]

[You have given your disciple a supreme-grade spiritual herb, a stalk of Violet Sifting Flower, and a number of spiritual herbs. You have triggered a critical hit.]

[Do you wish to activate?]

“Activate.”

[Congratulations, you have triggered a five-thousand-fold critical strike. You have obtained a spiritual herb, a Rootless Wind Spirit Grass, and a number of supreme-grade spiritual herbs.]

“Hiss...”

F*ck..

“Rootless Wind Spirit Grass, a connate spirit medicine?”

Yesterday, Ye Qiu was still feeling regretful that he didn’t get the Connate Spirit Medicine in the returns. Who knew that it would come today?

This critical hit was too fierce. What a conscientious businessman.

“Hehe, not bad, not bad. You’re too kind. What true love...” Ye Qiu smiled evilly. With this spiritual medicine, his physical realm could increase greatly.

Perhaps this time, he could directly reach the Five Realms. If he spent a little more time, he could increase his body refinement realm to the late-stage Paragon realm.

At that time, Ye Qiu could directly enter the ranks of the King-Ranked. Once he became a King-Ranked powerhouse, Ye Qiu’s strength would definitely increase greatly. How could ordinary King-Ranked powerhouses be his match?

One had to know that he was an expert who cultivated two paths at the same time and had many immortal treasures in his hands. His combat strength could definitely be said to be invincible in the same realm.

“System, detect...”

[System beginning detection.]

[Host: Ye Qiu...]

[Qi Refinement: late-stage Paragon.]

[Body Tempering: Infinite Distance realm.]

[Divine Technique: Cursive Sword Art, Infinite Universe Palm, Kun Peng Treasure Technique, True Dragon Golden Body (All-round Hexagon Warrior)]

[Immortal treasure: Immortal Slayer Sword, Cloudy Heavens Sword.]

[Connate Spirit Treasure: Storm Pear Blossom Needles (Six pieces). Qiankun Cauldron.]

[Supreme-grade longevity medicine: One Chaotic Green Lotus...]

[Charm: Full marks. Hmm, this is not bad. Host, you have finally grown...]

Ye Qiu’s face darkened. He had just praised it a few times and it was already giving him work. He really wanted to beat it up.

What was it saying? I've always been handsome, alright?

Ye Qiu had already considered most of the things that could be considered. Now, as long as he increased his body refinement realm, he could begin to consider breaking through to the King-Ranked.

However, time was a little tight. The Dao discussion on Mount Yun Ding was imminent, so he could only temporarily put down the thought of breaking through to the King-Ranked realm. After all, how could it be so easy to raise his body refinement realm to the late-stage Paragon realm in a month?

Don't think that cultivation was very simple just because you advanced quickly in the beginning. In fact, every time you advanced a realm, it was extremely difficult.

Returning to his senses, Ye Qiu began to concoct the medicinal formula and added the Rootless Wind Spirit Grass he had just obtained into the medicinal cauldron.

In an instant, a shocking spiritual power was expelled, and a violent wind blew.

A crazy smile appeared on Ye Qiu's face. Without any hesitation, he plunged into the cauldron.

In an instant, a shocking power surged in and Ye Qiu began to absorb it crazily.

The night passed uneventfully.

The next day, Ye Qiu woke up. When he opened his eyes again, a shocking aura instantly spread out.

"Five Realms!" Ye Qiu opened his palm and clenched it. He carefully felt the power in his body and was delighted.

Just as he had guessed, his current body refinement realm had already reached the Five Realms. Although he was only at the Five Realms, Ye Qiu was already very satisfied with such a shocking breakthrough speed.

His cultivation progress in the future might become more and more difficult. He did not know when he would be able to reach the late-stage of the Paragon realm. However, there was no need to worry. Ye Qiu didn't lack natural treasures right now.

Furthermore, he still had a supreme-grade longevity medicine.

Walking out of the Qiankun Cauldron, his body trembled and the water droplets on his body instantly popped out. His pure white flowing immortal clothes fluttered in the wind. His temperament was free and unrestrained, like a true immortal, filled with immortal aura.

Ye Qiu slowly walked out of the hall and came to the Immortal Peach Tree. He crushed some useless herbs he had harvested yesterday into juice and dripped them into the Immortal Peach Tree.

The Immortal Peach Tree suddenly emitted a burst of spiritual light, and a shocking spiritual energy spread out. The spiritual energy of Violet Cloud Peak became more abundant.

Lin Qingzhu and Zhao Wan'er, who were cultivating in the room, were shocked when they sensed this sudden change.

Confused, the two of them pushed open the door and walked out.

"Master."

After greeting him obediently, Zhao Wan'er stood elegantly at the side in red. She turned around and saw Lin Qingzhu walking out with Little Linglong.

"Good morning, Master..."

Lin Qingzhu brought Little Linglong over and greeted him. She quietly waited for Ye Qiu's instructions.

Ye Qiu looked at Zhao Wan'er and reached out to grab her jade-like hand. Zhao Wan'er was shocked. When she realized that it was her master, her pretty face turned red and she felt a little embarrassed.

Ye Qiu took a closer look and frowned. He quickly relaxed and smiled in relief.

"First level of Infinite Distance. Hmm... not bad."

Ye Qiu was indeed a little surprised that Zhao Wan'er could break through so quickly, but he felt relieved after thinking about it. After all, the treasure bone Ye Qiu gave her back then wasn't a precious treasure bone.

Instead, it was a bone that had accumulated thousands of years of cultivation from the Purgatory Demon Ape. It was normal for her to be able to absorb it and reach this realm.

In the future, it might be a little difficult.

"Wan'er..." Ye Qiu called out softly.

Zhao Wan'er raised her head curiously and looked at Ye Qiu with her clear and moving eyes. She asked curiously, "Master, what's wrong?"

Ye Qiu took out a book from his pocket and handed it to her. "Previously, I promised to teach you how to use the Immortal Slayer Ruler's secret technique. Today is the right time. This book was obtained by your grandmaster in the Ancient Forbidden Area back then. It's a Heaven-grade secret technique.

"This secret technique is called Instant Kill. It's a killer move that can shrink the distance to an inch and cross space to instantly kill the enemy. If it's paired with your Red Lotus Karmic Flame as an attack, its lethality will be immense. Even your senior sister's Asura Slash might not be able to withstand it.

"Because secret techniques require the spatial comprehension of the Infinite Distance realm to cultivate, and they are extremely profound. Therefore, I have never taught you. It is time for you to cultivate now that you have broken through."

Zhao Wan'er was delighted when she heard this and took the book in surprise. She opened the book and hurriedly took a look. She was incomparably shocked. If she could really cultivate this technique, her combat strength would definitely increase greatly. It was not impossible for her to compete with her senior sister.

Thinking of this, she was overjoyed and extremely excited. "Thank you, Master."

For a moment, she did not know how to thank him. She only remembered her master's kindness. Their master had always been very good and had never hide anything from them. He would teach them whatever they needed.

"Alright! Don't be happy too early. It's easier said than done to master this secret technique."

"You still need to work hard. There's still a month to go before the Dao discussion on Mount Yun Ding. This month, you should properly comprehend this secret technique."

Ye Qiu smiled. Back then, Daoist Xuantian had left behind many treasures. Unfortunately, at that time, Ye Qiu's aptitude was too useless. These treasures were wasted on him. Now, these disciples could digest these inheritances.

It was a good opportunity for Ye Qiu to use these children.

“Yes, yes. Master, I will definitely cultivate well and not let you down.” Zhao Wan’er promised, feeling extremely happy.

Although she was not fond of fighting, her desire to become stronger was not small. She didn’t want to hide behind her senior sister every time they were in danger and become the one being protected. She also wanted to be the one to protect her Little Junior Sister since she had gone up to the mountain.

Of course, if she knew about Little Linglong’s valiant combat strength, she would probably have dispelled this thought.

“Master, I also want to learn...” Seeing that Zhao Wan’er had obtained a powerful secret technique, Little Linglong immediately perked up. She ran out excitedly and looked at Ye Qiu expectantly.

Ye Qiu sweated as he looked at her pitiful and pleading eyes.

“Linglong, I also want to teach you, but... you can’t read, so you can’t cultivate these secret techniques. If you want to learn, study well first. I’ll teach you when the time comes. How about that?”

Ye Qiu probed. He still didn’t give up on the idea of letting her study. After all, Little Linglong’s talent could be said to be heaven-defying. It would be a pity if she didn’t cultivate two paths at the same time.

Ye Qiu didn’t plan on giving up on letting her cultivate two paths at the same time. However, this matter of studying was really a headache.

“Really? As long as I study well, Master will teach me?” Little Linglong tilted her head and rubbed it, looking at Zhao Wan’er enviously. She felt like her entire body was filled with energy, but she didn’t

know how to use it. She only knew how to smash around with her hammer. Whoever she hit would be responsible.

“Of course. As long as you study obediently and learn your words well, I will teach you on the day you succeed.”

Ye Qiu guaranteed and couldn't help but start making comparisons in his heart. Should I prepare a few gifts for Elder Xu and send Little Linglong to study? Well... I could try this.

Ye Qiu had been worried sick for this little guy.

“Alright, Linglong will definitely study hard. When I return, Master, you're not allowed to lie to me.”

Little Linglong walked over with a pinky promise, wanting Ye Qiu to promise her.

Ye Qiu was very cooperative. Seeing as she was finally willing to study, he was very gratified. Then, he said, “As long as you're willing to study seriously, Master will teach you whatever you want to learn. I will never go back on my word.”

“Yes, yes. I will definitely study hard.” Little Linglong guaranteed. She was already looking forward to the shocking scene of her hammering the heavens and the earth when she learned a powerful secret technique. She would let everyone howl under her hammer.

At the thought of this, a smile appeared on her face. She was extremely beautiful.

“Hehe...”

Her smile made everyone's hearts tremble and they felt a chill down their spines.

However, she was finally willing to study. Ye Qiu heaved a sigh of relief. Then, he said to the two disciples, "Wait for me here. I'll send Linglong to the First Peak to study. I'll be back soon."

"Okay..."

The two of them nodded and watched as Ye Qiu brought Little Linglong away.

Lin Qingzhu had a headache and whispered, "Junior Sister, do you think... Little Junior Sister will really be able to read this time?"

"Hard to say..." The corner of Zhao Wan'er's mouth twitched when she recalled the scene of teaching her how to read. She was both angry and amused. "I think it's good enough that she didn't cause trouble. Studying? Hmm... that's unrealistic."

This little guy was interested in everything except studying. He wanted her to study? This was harder than ascending to heaven.

Lin Qingzhu also had a headache. She had been tormented for the past few days. She hoped that this time, she would be more obedient and study seriously. Otherwise, they really didn't know how to teach her to read.

At this moment, on the First Peak.

Ye Qiu brought Little Linglong back to the school.

"Senior Brother, I promise that she will study hard this time and not cause trouble again. Really, believe me this time."

At the entrance of the school, Ye Qiu was going all out to let his child go to school. However, after Elder Xu's lesson last time, he didn't dare to take in Little Linglong anymore.

"Junior Brother, please take pity on me and spare my life. I'm already so old, I can't withstand her torture. I've taught for so many years, but I've never met such a valiant student. I still want to live for a few more years."

Elder Xu said with lingering fear. This time, no matter what Ye Qiu said, he wouldn't agree. His life was more important.

Seeing as he didn't agree, Ye Qiu felt amused and said, "Senior Brother, is it really impossible?"

"No way..."

Elder Xu's expression was firm.

At this moment, Ye Qiu slowly took out a supreme-grade treasure.

As soon as the treasure appeared, Elder Xu's eyes lit up.

F*ck...
