

## THE MOST GENEROUS MASTER EVER Chapter 143

Seeing that everyone was looking back at him, Qi Hao's heart trembled and he turned back with them. When he realized that there was no one behind him, he panicked.

Oh no...

He's toasted...

When he turned around to confirm that everyone was looking at him, Qi Hao decided to be ruthless. He turned his head and shouted at the air outside, "Who's Qi Hao?" After shouting, he turned around and shrugged. "Looks like no one here is called Qi Hao.

"Little girl, why are you looking for Qi Hao?"

Qi Hao denied his identity with a straight face. At this time, what dignity did he need? He was here to watch the show and did not want to be involved. Moreover, it wasn't that he couldn't defeat Little Linglong. The main thing was that this little fellow was Ye Qiu's disciple. He didn't dare to fight with her. Not to mention him, even his father wouldn't dare to do it. He might as well be ruthless and not even know his own name.

Seeing that there was no one called Qi Hao, Little Linglong could not help but feel disappointed. She had not forgotten what her master had told her yesterday about beating up Qi Hao from the Hidden Sword Peak. She pouted and said angrily, "I want to beat him up."

Qi Hao's heart turned cold. F\*ck, I didn't offend you. Why did you want to beat me up? I'm just calmly watching the show, but why is the calamity coming from the sky? F\*ck...

Little Linglong seemed to have thought of something as she looked at Qi Hao and asked with a smile, "Do you know where the Hidden Sword Peak is? Can you bring me there?"

Qi Hao hurriedly shook his head. "Hmm... I don't know either. Little Junior Sister, you shouldn't go. I heard that there are man-eating monsters there. They're very terrifying. Don't go."

"Really?" Upon hearing that there were human-eating monsters, Little Linglong became even more excited.

Everyone felt amused when they saw Qi Hao admitting defeat. When did the dignified Eldest Senior Brother of the Hidden Sword Peak become so humble?

"Haha... How rare. The insufferably arrogant Eldest Senior Brother of the Hidden Sword Peak actually became so cowardly today?"

Everyone laughed. Someone said to Little Linglong, "Junior Sister, there's nothing to tear down in this Jade Pure Hall. Why don't I bring you to the Hidden Sword Peak? There's a Sword Pavilion on the Hidden Sword Peak. It's very special and there are countless swords inside. We'll believe that you're really capable if you tear it down..."

Qi Hao's face darkened.

Little Linglong became even more excited when she heard this. "Sure, sure. Quickly bring me there."

Qi Hao was shocked. He turned around and looked at that person. "Since you're disloyal, don't blame me for being heartless. Thinking of this, he said, "Junior Sister, The Hidden Sword Peak is not that interesting. Why don't I bring you to the Sword Evaluation Peak? That place is more fun. The entire mountain is filled with spirit beasts. It's especially fun."

As soon as these words were spoken, the disciples of the Sword Evaluation Peak were instantly shocked. "Damn, this kid was playing dirty?"

“The Sword Evaluation Peak isn’t fun. Let’s go to Wind Returning Peak. Wind Returning Peak is especially fun.”

“F\*ck you, it has to be Heavenly Equal Peak. A peak that’s taller than the sky. How domineering is that?”

“In my opinion, we should go to the Heavenly Water Peak. All of them are beautiful senior sisters. It must be especially fun.”

“Fun? Is this serious?”

Immediately, the scene was in chaos. Everyone wanted Little Linglong to go to other mountains and not come to their own mountains to play.

Just as she was feeling excited, a gray figure hurriedly flew over.

When he saw the school that was in ruins, his face darkened.

“Who did it?” Elder Xu roared with a heart-wrenching voice. He had only left for a short while. Why was the school gone the moment he returned?

Elder Xu could not believe the scene before him as he looked at the ruins on the ground. His blood pressure immediately rose. He was already old, so how could he withstand such stimulation?

Hearing his heart-wrenching voice, everyone silently make way and pointed at Little Linglong.

Elder Xu turned around and spat out a mouthful of blood when he saw Little Linglong carrying the hammer.

“Pfft...” Blood rushed to his heart and he almost couldn’t catch his breath. He stretched out his leg and went over. He wondered when she brought that hammer. He didn’t see it when she entered the school. He had warned her repeatedly, but he never expected that the school would become like this after only a few minutes.

“Martial Uncle, wake up...”

Seeing as Elder Xu fainted on the ground, everyone hurriedly ran over to support him and wake him up.

After a while, Elder Xu finally woke up. He looked at the destroyed school and felt pained. It was all his fault. He had been bewitched and allowed her to enter the academy again for those treasures. He was in despair. He shouldn’t have accepted those gifts. It was mainly because Ye Qiu had given him too many.

“Phew...” Elder Xu heaved a long sigh of relief and gradually calmed down. He did not flare up but walked to Little Linglong’s side amiably. He asked, “Linglong, what is the reason this time?”

Little Linglong tilted her head and thought seriously for a moment before saying, “I told them that I could smash this building with a hammer. That Yang brat doesn’t believe me. He said that I’m bragging, that I don’t have the ability, yet I like to brag. How could I tolerate this? Hence, I demolished this building.”

Little Linglong slowly explained. After hearing this... Elder Xu’s mouth twitched, and a breath immediately came out. In his heart, he wished he could press Yang Bubai onto the table and smash his butt. Why did you provoke this silly girl for no reason? There was nothing she couldn’t do.

“And?” Elder Xu continued to ask. Looking at the current situation, he felt that this matter was definitely not that simple.

Little Linglong continued, "I tore down that building, but that kid still refused to accept it, so I beat him up and beat him up like a pig's head. After that, a few senior brothers who were passing by also wanted to fight me, so I beat them up too..."

Hearing this, Elder Xu's heart trembled. Last time, he was also beaten up like this. F\*ck.

He turned around and saw the disciples of the First Peak lying on the ground in a sorry state. How could they have thought that they, who had cultivated for a few years, could not even defeat a brat?

Turning around, Linglong wanted to say something, but Ye Qiu had already arrived beside her. Seeing him arrive, all the disciples heaved a sigh of relief.

If Ye Qiu still didn't come, they would be a little worried. Would Little Linglong tear down the Jade Pure Hall next? They didn't dare to think about it. There didn't seem to be anything in this world that she didn't dare to do.

"Greetings, Martial Uncle Ye..."

Everyone bowed in unison. Unlike Elder Xu, Ye Qiu was the head of a peak and was powerful. He had a certain level of authority, so everyone present didn't dare not bow.

Ye Qiu nodded and didn't say anything. Instead, he turned to look at Little Linglong. He had already heard everything that had happened.

It was very real. This was something she could do.

"Linglong!" Ye Qiu's expression was serious, scaring Little Linglong into shrinking her head and hiding behind him, not daring to speak.

Soon, Meng Tianzheng hurried to the scene. His face darkened when he saw the ruins. Good lord, as he had expected, this little fellow was really capable. Such a huge building was actually demolished?

Meng Tianzheng slowly walked over. Everyone hurriedly lowered their heads and bowed. He wasn't in the mood to respond. When he arrived in front of Ye Qiu, the corner of his mouth twitched and he said, "Junior Brother, you really know how to find work for me."

"Haha, Senior Brother, I'm really sorry. Violet Cloud Peak will pay for the repairs." Ye Qiu couldn't help but laugh. As expected of my precious disciple. She's too fierce.

Meng Tianzheng's face darkened, as if he was doubting life.

Ye Qiu suddenly felt happy. He felt awesome...

It wasn't that Ye Qiu specially wanted to take revenge on Meng Tianzheng. It was just that he was scheming. It was rare to see Meng Tianzheng with such an expression.

Meng Tianzheng looked at Little Linglong in front of him with a depressed expression. She was looking at him innocently and he felt speechless in his heart. How could she make such an innocent expression?

At first glance, if he were to fuss over this matter, wouldn't he be bullying a child?

Waving his hand, Meng Tianzheng said, "Forget it, there's no need for Junior Brother to worry about such a small matter. I can still afford this small sum of money."

He felt his scalp go numb. Fortunately, he had the foresight to take those elders and children away first. Otherwise, they would suffer too.

"Junior Brother..."

Ye Qiu was about to say something when Elder Xu walked over with snot and tears. It happened to be raining heavily outside when Elder Xu cried. His cries were heart-wrenching.

“This child, quickly bring her back. I really can’t teach her anymore. Just take pity on me and spare my life. My little heart can’t withstand such stimulation. I still want to live for a few more years.”

Elder Xu’s tears flowed as he was completely afraid. Then, he took out the treasure that Ye Qiu had given him and continued, “Junior Brother, I don’t have the fortune to enjoy this treasure of yours. Take it back. Let’s pretend that nothing happened today, okay?”

Ye Qiu blushed with shame. He looked at the thing he handed over and didn’t accept it. He turned around and looked at Little Linglong’s innocent expression. He was both angry and amused. It seemed that Martial Monarch Linglong’s study had failed again.

After a while, Ye Qiu said, “Senior Brother, take this as compensation. I’m really sorry for causing you so much trouble. I can’t bear it. As for my Linglong studying, forget it.”

Hearing Ye Qiu’s words, Elder Xu finally felt a little comforted. It was not easy to work these days. He had never heard of someone who almost lost his life teaching. He was completely afraid.

“Master...” Ye Qiu wanted to continue speaking, but Little Linglong tugged at his clothes and he looked down. She said innocently, “Do I have no books to study again?”

The corner of Ye Qiu’s mouth twitched and he quickly comforted her, “Of course. When I get back, I’ll specially hire a private school teacher to go up the mountain and teach you how to read and write, okay?”

Little Linglong thought for a moment and said, “Then do I have other friends to play with?”

Ye Qiu sweated. "You still want to play? If you continue, will the Violet Cloud Peak be the next to tear down?" He did not want the Violet Cloud Peak's training hall that had just been built to be torn down by this little fellow.

However, on second thought, he saw Qi Hao in the crowd and suddenly had an idea.

"Hmm... yes. I'll bring you to the Hidden Sword Peak someday. Your Martial Uncle Qi has many friends. Let them play with you, okay?"

Qi Hao's heart suddenly trembled. "F\*ck, are you kidding me, Martial Uncle?" Oh no, oh no, he was being targeted.

Qi Hao's heart turned cold. He was originally here to watch the show, but in the blink of an eye, the main character had become him.

"Alright, let's go to the Hidden Sword Peak and beat Qi Hao up." Upon hearing that she was going to the Hidden Sword Peak, Little Linglong was instantly excited and waved her little fists.

Qi Hao's heart turned even colder. He hurriedly said to Ye Qiu, "Martial Uncle, that's not how you play, right?"

Ye Qiu turned around and pretended to have just seen him. He said in surprise, "Oh, so Martial Nephew is here too. I'm sorry, I didn't notice..."

Qi Hao's face darkened. "You saw me from the start and deliberately said this for me to hear, right? This was quite scary."

"Haha, looks like the Hidden Sword Peak is going to suffer. If this little fellow goes to the Hidden Sword Peak, with her personality, she will definitely cause a huge commotion."

“Sorry, I couldn’t hold it in. I’ll laugh first.”

“I suddenly feel a little sorry for Qi Hao. He was targeted by this little fellow for no reason. Do you think... he’s a match for this little fellow?”

Everyone discussed, and the discussion became more and more intense.

“It’s hard to say. Although Qi Hao has already stepped into the Infinite Distance realm, this little fellow’s potential is too shocking. If she was given a little more time, she would definitely be able to catch up.”

“At that time, not to mention Qi Hao, even if Eldest Senior Brother were to come, he would have to lie down...”

Everyone sighed. After witnessing Little Linglong’s astonishing potential, everyone was stunned. She was only five or six years old. At this age, her bone age had yet to reach maturity. She had yet to start cultivating, but she was already so fierce. Wouldn’t it be heaven-defying if she started cultivating?

“Alright! Everyone, disperse...”

On the other side, Meng Tianzheng was strolling around the ruins of the school, his mood not particularly good. When he turned around and saw that so many people were still watching the show, he started to chase them away.

After everyone left, Meng Tianzheng walked over unhappily. He glanced at Little Linglong and felt angry and amused. Just now, he had observed the traces of the ruins. Clearly, this building had collapsed very quickly. It was because of her hammer.

Meng Tianzheng was extremely shocked when he discovered this. He really couldn't believe that such a young girl was so strong. After carefully examining her body, Meng Tianzheng was even more shocked. He didn't expect Ye Qiu to develop her potential to this extent.

She had already reached the Celestial realm?

Generally speaking, people in the Great Desolate World rarely trained their bodies. Therefore, body tempering was just a foundation that they had built in order to help their future cultivation. If their foundation was more stable, their cultivation would improve especially quickly when they began to refine qi in the future.

However, ordinary people could only build their foundation to the Foundation Establishment realm at most. The highest talent they had was Black Finger.

And Ye Qiu had actually raised her to the Celestial realm!

He couldn't believe it. How much would she improve if she started cultivating in the future with her current potential? Would she be the next Ye Qiu?

Meng Tianzheng couldn't help but guess that if she could really reach Ye Qiu's current level, it would definitely be a huge benefit to the Heaven Mending Sect.

Thinking of this, Meng Tianzheng smiled in relief. He patted the little fellow's head and said, "Not bad. At such a young age, your strength is so strong. You will definitely be a peerless expert in the future."

Meng Tianzheng couldn't help but praise her. He turned around and said to Ye Qiu, "Junior Brother, you couldn't help but give me another huge surprise. This little fellow has only been to the First Peak twice in total. Each time is more terrifying than the last. Don't come again next time..."

At this point, Meng Tianzheng sweated. He didn't dare to imagine what kind of scene it would be the next time she came. He was scared.

The news of Little Linglong destroying the school with a hammer today had also spread. It was spreading throughout the Seven Peaks.

Everyone wanted to see how fierce this person who had torn down the school in two days was.

Looking at Meng Tianzheng's black face, Ye Qiu smiled and said indifferently, "Senior Brother, I'm really sorry! My disciple is naughty and mischievous. I've caused trouble for you. I'll bring her back now."

With a faint smile, Ye Qiu left the First Peak with Little Linglong and returned to Violet Cloud Peak.

After he left, Meng Tianzheng finally couldn't hold it in anymore. "In the future, if this little fellow comes up the mountain again, keep an eye on her. You can't relax for a moment. Especially this Jade Pure Hall. We must not let her get close."

Meng Tianzheng reminded them solemnly, and the disciples behind him hurriedly responded.

"I understand. I will definitely keep a close eye on her."

Looking back at Elder Xu, Meng Tianzheng shook his head and said, "Junior Brother, don't worry. I'll get someone to help you repair the school later. You can continue teaching."

Elder Xu's tears flowed down his face. He was filled with gratitude and was completely afraid. This time, no matter what Dharma treasure Ye Qiu gave him, he would refuse him.

At this moment, Ye Qiu and Little Linglong had already returned to Violet Cloud Peak.

The two disciples came forward. Lin Qingzhu asked curiously, "Master, didn't you ask me to pick up Little Junior Sister today?"

She had just finished cultivating and was about to go to the First Peak to pick up Little Linglong when she saw Ye Qiu bring someone back. She couldn't help but ask curiously.

Ye Qiu shook his head and said, "No need. There's no need to pick her up in the future."

"Ah..."

The two of them were puzzled. What had happened this time?

Ye Qiu explained, "She tore down the school. Your Martial Uncle Xu cried and shouted for me to take her away. He's not teaching her anymore."

As soon as these words were spoken, Lin Qingzhu was speechless, while Zhao Wan'er laughed unkindly. As expected, this little fellow couldn't be quiet for more than a few minutes before starting to work again.

It was fine the last time. She only beat up a few children. This time, she actually tore down the school.

She gently walked to Little Linglong's side and pinched her little face. Zhao Wan'er laughed and said, "Junior Sister, how can you tear down someone's school? This is wrong. You can't do this in the future, understand?"

"Oh, I know..." Little Linglong agreed in a perfunctory manner. As for whether she would dismantle it in the future, she did not know.

“Alright, go back and cultivate. Prepare for the Dao discussion on Mount Yun Ding in a month.” After a while, Ye Qiu said to them. He turned around and walked into the Qianqing Hall to continue studying his alchemy.

Little Linglong was taken away by the two senior sisters. After this incident, the Heaven Mending Sect was very peaceful for the next month.

Basically, nothing major happened.

A month later...

The door of the Qianqing Hall slowly opened and Ye Qiu walked out.

Today was the day of the Dao discussion on Mount Yun Ding.
