

## THE MOST GENEROUS MASTER EVER Chapter 153

After exchanging hundreds of blows, Wanfeng was furious. He had previously confidently guaranteed that he would take down these two people. How could he explain to his master now that he couldn't even take down Zhao Wan'er?

"Hmph, woman, I admit that you have some means. However, it's going to stop here..." With a cold snort, Wanfeng withdrew his saber and retreated. At this moment, he no longer hid his strength and completely erupted.

A shocking murderous aura suddenly erupted with a gust of wind.

"Infinite Distance, level nine!"

Zhao Wan'er was shocked. She didn't expect Wanfeng to be at level nine of Infinite Distance. So he had been hiding his strength. She was only at level five now. Because of the Red Lotus Karmic Flame, she was barely on par with Wanfeng. But now, he no longer hid anything. After his strength completely erupted, the balance had been broken.

It was impossible to fight it with just the Red Lotus Karmic Flame. Thinking of this, Zhao Wan'er's face darkened. A dagger appeared in her hand silently. It was the Immortal Slayer Ruler. She slowly closed her eyes and felt the change in the power in her body.

She was like a hermit whose aura had faded. If one didn't see her there, one wouldn't be able to sense her existence at all. Suddenly, a shocking killing intent erupted, accompanied by a soaring flame that burned in the air.

Everyone present was shocked.

"This... What shocking killing intent. What move is this?" Cheng Feng said with a pale face. He felt a lingering fear as he felt Zhao Wan'er's killing intent.

“Another heaven-grade secret technique?” In the sky, Wanfeng stared at the change in Zhao Wan’er’s aura and was shocked. He did not expect her to have so many heaven-grade secret techniques. “Hmph, no matter what methods you have today, it won’t change anything...”

Wanfeng suddenly drew his saber, and a shocking murderous aura came from all directions. A giant beast opened its mouth and roared. Waves of murderous aura surged over. Everyone’s faces turned pale and revealed terrified expressions.

“It’s... it’s actually the heaven-grade secret technique of the Supreme Hall, the Feast of Gluttony...”

Everyone was shocked. The famous heaven-grade secret technique of the Supreme Hall was extremely intimidating. No one had expected Wanfeng to learn this move. As expected of Gu Jianxuan’s most beloved disciple, he had hidden it well.

At this moment, outside Mount Yun Ding, Daoist Qingmiao’s eyes revealed a trace of dissatisfaction when he saw this scene. As the head disciple and the First Elder of the Supreme Hall, Gu Jianxuan did not teach him this move. Instead, he taught it to Wanfeng.

What does that mean? Is Master hiding something from me?? Daoist Qingmiao looked at the old figure in front of him with a complicated gaze and hid a thought in his heart.

“Feast of Gluttony...”

Qi Wuhui also panicked when he saw this scene. He was still waiting to brag later on. From the looks of it, the situation didn’t seem right.

Ye Qiu also revealed a hint of nervousness. He knew Zhao Wan’er’s upper limit better than anyone else. It was impossible for her to defeat Wanfeng’s Feast of Gluttony with the Immortal Slayer Ruler and a heaven-grade secret technique.

If their cultivation levels were the same, she might have a chance. Unfortunately, Zhao Wan'er was only at level five of Infinite Distance.

Therefore, the deciding point of this battle was Little Linglong.

The old master could not help but start to feel nervous.

"Linglong, your senior sister's safety depends on you! Let me see how strong the hidden potential in your body is..." Ye Qiu said in his heart as he watched the scene unfold.

In the sky, Wanfeng had already gathered his strength. A faint sneer appeared on his lips. "Let's end it here."

"Slash!"

In an instant, the Taotie opened its bloody mouth and swallowed it.

Zhao Wan'er instantly took out the Immortal Slayer Ruler. Her fiery red figure tore through the sky and faced the Taotie. The Red Lotus Karmic Flame erupted with all its might, attempting to withstand the might of the Taotie.

Boom...

Brilliant sparks erupted in the sky with a loud bang, and Zhao Wan'er was instantly knocked down.

"Pfft..."

In just a breath's time, Zhao Wan'er was injured. Fortunately, she had many medicinal pills in her hands. After eating the Great Recovery Pill that her master had given her, she immediately recovered.

However, before she could react, Wanfeng had already charged over with his saber.

"Get out!" Just as he was about to attack, a huge hammer suddenly smashed down from below.

"Pfft..." Wanfeng was careless and was sent flying.

"Don't bully my senior sister." A clear and pleasant furious roar sounded. Intense lightning flashed in the sky and suddenly erupted, actually forcing the ferocious Taotie back.

"This..."

The intense collision of power in the sky produced brilliant sparks. Under the surging lightning, everyone was stunned.

"How is that possible..."

Everyone was shocked. That five-year-old girl actually killed Taotie with a hammer.

Wanfeng vomited blood from the slap, his face filled with disbelief. When he raised his head to look at the sky, he saw that under the rolling lightning, Little Linglong seemed to have entered an uninhabited place and was under the lightning.

In an instant, a lightning domain appeared.

“What!”

Outside the arena, Gu Jianxuan slammed the table and stood up angrily. He looked coldly at the little fellow in the image. She actually summoned the Nine Heavens Divine Lightning with her flesh and blood. She was unstoppable.

Ye Qiu heaved a sigh of relief.

“I didn’t dote on this girl for nothing. She finally exploded in desperation.”?Ye Qiu smiled faintly. The power in Little Linglong’s body would only be automatically triggered when her emotions fluctuate greatly.

Just now, when Zhao Wan’er was in danger, she subconsciously triggered her emotions and erupted in an instant, summoning the Nine Heavens Divine Lightning.

“Good... Well done.” Qi Wuhui also shouted upon seeing this scene.

Indeed, it still depended on Martial Monarch Linglong at the critical moment. They didn’t waste so many buildings on the First Peak for her to practice on. At the critical moment, she really didn’t drop the ball.

If he had known that she was so awesome, he would have been willing for her to tear down his Sword Pavilion, let alone a school.

Above the Nine Heavens Divine Lightning, Little Linglong lowered her head. No one knew what she was thinking, but she suddenly raised her head and a shocking power erupted.

In an instant, a peerlessly beautiful figure flashed past behind her like a god.

“That’s...”
