

THE MOST GENEROUS MASTER EVER Chapter 175

Seeing this scene, everyone was dumbfounded.

“Hmm? What’s going on? Did we miss out on some exciting plot?”

At the same time, everyone was confused.

In other spaces, everyone was fighting to the death. It was incomparably intense. Just like the battle between Lin Qingzhu and Lu Yan just now. It could be said to be earth-shattering.

He Wushuang and Fuyao also erupted with astonishing strength, defeating their opponents with absolute suppression.

Why did the atmosphere change here? It was fine if they didn’t fight, but why were they telling stories?

“Which Holy Land is this disciple from? What’s his background...” Someone couldn’t help but ask curiously when they saw the bruised and swollen young man telling Little Linglong a story.

“I know this person. He seems to be an outstanding disciple of the Tianlong Mountain, Transient Light Cave. His name is Su Lijie.”

“Transient Light Cave?”

When everyone heard this, they immediately looked at Transient Light Cave’s team. The First Elder of Transient Light Cave blushed when he was looked at like a monkey by so many people.

Damn it, how embarrassing.

This time, Transient Light Cave was completely famous. However, the way they became famous was a little unique.

In the future, they might as well change their name to Children's Bedtime Tutorial. You came to Mount Yun Ding to tell a story while they were discussing the Dao.

However, although he said that, the First Elder of Transient Light Cave could still understand his disciple's feelings.

It was impossible to reason with such an unreasonable little loli. He had been paying attention to the battle between Little Linglong and Su Lijie. In the beginning, they all thought that they had picked up a bargain and profited greatly this time.

Who would have thought that this little loli was the most ruthless person in this batch of people? They had drawn the worst pick.

Su Lijie was already starting to doubt his life. His dream of advancing had already been shattered. He was humiliated by the hammer and had no choice but to lower his head and tell Little Linglong stories to comfort her so that he wouldn't be beaten up.

This hammer was quite painful. His face was swollen.

"Speaking of which, on the other side of that mountain, around the area of the sea, there is a group of little blue elves growing. They are free and grow in a happy forest..."

Su Lijie rubbed his swollen face and made up a story that he had never heard before.

As she listened to his story, Little Linglong smiled happily and said, "Then what happened? What happened to them? Hurry up and say it, or I'll beat you to death..."

Little Linglong grabbed the hammer and threatened.

Su Lijie's body trembled in fear, and his face turned pale. "Damn it, whose tiger cub was this? Can't someone control this girl? It hurts so bad to be beaten up by this girl. She specially beat on my handsome face.

"Then, oh, a big monster came to the forest. The monster destroyed their home. Just like that, they left the great forest. Just like that, they walked and walked until they reached the sea..."

As he told the story, Su Lijie observed Little Linglong's actions. He saw that the more she listened, the more energetic she became, and he broke down.

In this short period of time, he had already told more than ten stories. Why wasn't she tired? He was already tired.

Hearing that the elf's home had been destroyed, Little Linglong was stunned for a moment and revealed a disappointed gaze. It seemed like her home had also been destroyed by a huge monster.

"What happened next?" Little Linglong raised her head. Her big eyes were filled with curiosity as she looked at Su Lijie, her tone becoming downcast.

"After coming to the seaside, they encountered an incomparably huge bear. This big bear was especially powerful. They have acknowledged this big bear as their boss. Under the protection of the big bear, they are happy and free at the sea."

This story was too lame. Even Su Lijie couldn't bear to hear it. It was mainly made up at the last minute. There was no choice. It was normal to have some flaws. If it weren't for his quick mind and ability to make up stories, he would have been beaten into a pig's head.

"Big Bear?" When Little Linglong heard this, she slowly lowered her head and thought of her master and senior sister. After some time, she suddenly raised her head and said, "You didn't tell the story well. You're asking for a beating..."

"Holy shit." Su Lijie was stunned. What was going on?

Before he could react, the hammer smashed into his face.

"Oh!"

Su Lijie's handsome face immediately turned ferocious, and a few of his teeth broke.

"Wuwu..." He cried. He, who was a man, was actually beaten up by a brat today. What a great humiliation.

"Is there anyone who can control her? Help..."

Su Lijie wanted to escape like a madman. He could no longer endure this torture. He could still accept it if he lost to someone of the same generation. The problem was that he lost to a little loli, and he was beaten until he could not fight back.

How was he going to survive in this circle in the future? His right to choose a spouse was almost gone.

“Trying to run?” Seeing that he wanted to escape, Little Linglong pounced on him with a smile and stepped on the ground. “I’ll stomp you to death, stomp you to death, who asked you to make up nonsense...”

Upon seeing this scene, there was silence outside the arena.

“Alright...”

After an unknown period of time, someone finally couldn’t help but laugh.

“Haha... I’m dying of laughter. In the beginning, everyone thought that this little guy was the easiest to bully and wanted to pick up the scraps. In the end, she was the most ruthless one.”
