

THE MOST GENEROUS MASTER EVER Chapter 184

“F*ck... What’s going on? Why do I feel a chill run down my spine?”

Everyone was stunned for a moment when they heard that tender and angry voice coming from behind.

Boom...

A bolt of lightning tore through the sky. Everyone turned around with frozen expressions. Under the dark clouds, a petite figure slowly walked over with heavy steps.

A murderous aura instantly bloomed in all directions. Everyone felt fear from the bottom of their hearts.

Even the people outside the arena were dumbfounded. Through the layer of black mist, they could vaguely see a petite figure. Immediately, everyone looked at Ye Qiu.

Ye Qiu was stunned. He looked at everyone and wanted to say “Why are you looking at me? I’m not the one who angered her. I can’t do anything even if you look at me like that.”

This incomparably familiar scene seemed to have happened just now. Zhao Wan’er had used the same method to make this little fellow go berserk and beat up the entire Supreme Hall.

Everyone was stunned when Lin Qingzhu did this too.

Was this a show? How could you do it like this? You’re the person who defeated He Wushuang after all. You’re the dignified successor of the Sword Immortal, yet you still played such a trick. Children were easy to deceive, right? This was too much.

“What is this?”

Some people still didn't know what had happened. Why did this little fellow suddenly seem like a different person?

They carefully sensed her current aura. It was dozens of times stronger than before. That shocking might suppressed everyone until they could not raise their heads.

Everyone was dumbfounded.

What was going on? How could she erupt with such terrifying power in the blink of an eye?

Everyone came to a sudden realization when they recalled Lin Qingzhu's words.

"F*ck, how could you play like this?"

They finally understood.

At this moment, the expressions of the five people present were extremely ugly. Even if they couldn't deal with Little Linglong just now, she couldn't do anything to them. But now, they could feel from her aura that she had undergone a tremendous change.

They had a feeling that the following scene might be a very bloody massacre.

Gu Haitang took a deep breath and said in shock, "This little fellow's body actually contains such powerful energy. It was released on its own the moment she lost control of her emotions. If this continues, we will probably die in her hands today..."

This was definitely not an exaggeration. He could feel that Little Linglong's strength had increased extremely shockingly. He cautiously glanced at the surrounding people and said, "Everyone, looks like we can only join forces and deal with this little fellow first. Otherwise, no one will be able to reach the top today."

"At this point, there's no need to hide your strength. If you don't want to be eliminated, use your full strength."

As soon as these words were spoken, everyone understood and hurriedly nodded. They were extremely nervous as they stared fixedly at Little Linglong, who was holding the huge hammer, and walked up step by step.

Seeing this scene, Lin Qingzhu smiled in her heart. "Master is indeed right. Little Junior Sister, I'm sorry. I'm going to lie to you today. I'll give you a hundred roasted sweet potatoes to compensate you later."

Thinking of this, Lin Qingzhu smiled in her heart and gradually went crazy. She gently raised her hand and slapped her chest.

"Pfft..."

She spat out a mouthful of blood and slowly fell.

"F*ck! Again..."

Seeing this scene, everyone's hearts trembled. They felt like they had completely gone crazy. No one hit you. You can't do this, right?

"Senior Sister..." Seeing Lin Qingzhu fall, Little Linglong's eyes instantly turned red. She looked at the five people in front of her angrily with a sobbing tone. "I... am going to kill you."

With a cry of grief and indignation, Little Linglong instantly waved her huge hammer. Dark clouds suddenly covered the sky, and in an instant, lightning surged.

“F*ck, what does it have to do with us? No one hit her.” Gu Haitang cursed angrily. If they were really the ones who injured Lin Qingzhu, they would admit it.

The problem was that no one did anything. She was the one who hit herself. What did it have to do with us? Are you being unreasonable? Didn’t you see?

Everyone went crazy. They felt like they had been wronged for no reason and couldn’t get rid of it.

How could they know that Little Linglong, who had lost control of her emotions, only saw them besieging her senior sister, who doted on her the most, and then her senior sister was injured.

Her anger triggered a certain nerve, and the power in her body was instantly released.

In an instant, a lightning prison descended from the sky.

With a bang, it locked everyone in.

Little Linglong stepped into the air and shouted, “With my body, I command the brilliant heavenly might...

“Nine Heavens Divine Lightning, suppress...”

As soon as she finished speaking, hundreds of heavenly lightning struck down. Everyone hurriedly dodged and took out their Dharma treasures to block the ten thousand lightning bolts.

“Damn it! This little fellow’s strength is too shocking. At this moment, it has already surpassed the boundary of Infinite Distance and reached the Five Realms.”

“Everyone, if we don’t join forces now, none of us will reach the top today...”

Someone shouted angrily. The lightning struck his body ruthlessly, and he felt a sharp pain and numbness.

In just a short moment, two of the five people were already injured.

“Attack together...”

Gu Haitang was the first to respond. He slashed his sword into the air, wanting to force Little Linglong back.
