

THE MOST GENEROUS MASTER EVER Chapter 189

“Master, I’m sorry. I... lost.” After Lin Qingzhu recovered, she said dejectedly. She had trained hard for so long for this discussion. She did not expect to disappoint her master in the end. She blamed herself.

Ye Qiu gently knocked her head and said, “Silly girl, what’s there to blame yourself for? I saw your performance. You dare to kill immortals with a mortal body? How dare you. However, you did well. I’m proud of you...”

Ye Qiu smiled faintly. Hearing this, Lin Qingzhu first lowered her head, feeling embarrassed for her arrogance just now. However, when she heard the latter sentence, the disappointment in her heart was swept away.

“Alright, sit down and recover. The rest will depend on your junior sister.”

Ye Qiu smiled faintly. Who said that Violet Cloud Peak had lost? I still have a little darling, and she’s especially fierce. The fierce kind.

Perhaps Ye Qiu didn’t expect that Little Linglong would be the one to stay till the end. This was really a little unexpected. This little girl had overcome all obstacles and could be said to have given him a pleasant surprise.

Now, only Liu Qingfeng, Little Linglong, and a disciple of the Divine Language Academy were left on the peak.

“Hehe, from the looks of it, there’s no need to continue competing, right?”

Seeing this, Qi Wuhui could no longer hold it in and walked to the center of the crowd smugly.

“I’m not bragging, but even the five of them combined couldn’t defeat my little martial nephew, let alone now that it’s two against one. Haha, looks like my Heaven Mending Sect can only accept this throne at the peak of the clouds. I’m sorry, everyone...”

Everyone was instantly furious when they saw his smug expression. He was too f*cking smug. I know you won the championship, but there’s no need to be so disgusting, right?

F*ck.

“Haha, Fellow Daoist Qi, you’re really a straightforward person. You’re really not polite at all. Then I’ll congratulate the Heaven Mending Sect in advance for winning...”

Daoist Tiantong also flattered him very respectfully. Qi Wuhui immediately felt extremely happy.

“Ah... Awesome...”

At this moment, the scene returned to the peak of Yun Ding.

The moment Lin Qingzhu was eliminated, Little Linglong, who had been waiting blankly, lost control of her emotions again.

Fortunately, Liu Qingfeng comforted her and said, “Little Junior Sister, don’t worry. Your senior sister is fine. She had something on and went out first. I’ll bring you out to find her later, okay?”

Hearing that her senior sister was fine, Little Linglong also raised her head and said in surprise, “Really? Senior sister didn’t croak?”

Liu Qingfeng’s mouth twitched and he was speechless. “Of course, why would I lie to you? If you don’t believe me, let’s pinky swear...”

In order to appease Little Linglong, Liu Qingfeng went all out.

Little Linglong tilted her head and looked at him with those intelligent eyes as she thought about it.
“Alright, let’s pinky swear...”

As long as her senior sister was fine, Little Linglong would be at ease. However, she didn’t know what to do next.

Liu Qingfeng looked at the throne at the end of the path and suddenly said with a smile, “Linglong, haven’t you always wanted to be invincible among your peers? Do you see that throne? Once you sit on it, you will be worthy of being invincible among your peers...”

“Invincible among my peers!” Hearing this, Little Linglong immediately became excited. How could she withstand such temptation? When she heard that she could be invincible among her peers, she immediately bounced up.

When the disciple from the Divine Language Academy saw this, he waved the spear in his hand and wanted to stop her.

Unexpectedly, Liu Qingfeng slapped over and stopped him. He smiled in relief when he saw Little Linglong reach the top of Yun Ding.

For some reason, he chose to give up the first place to Little Linglong when he clearly had a chance.

Little Linglong's thoughts were pure. He only needed to coax her a little and let her stop that disciple from the Divine Language Academy. It would be too easy for him to reach the top. However, he did not do so. Instead, he chose to give the opportunity to Little Linglong.

Because he knew in his heart that he was no match for Little Linglong. She was the undisputed number one. If he used such a method to deceive her, his conscience would not be able to bear it. It would be a loss of his Eldest Senior Brother's demeanor. Moreover, he still owed Martial Uncle Ye so many favors. How could he do such a thing?

Therefore, after thinking about it seriously, he still let it go.

Seeing this scene, the Heaven Mending Sect disciples outside the arena also looked at him with admiration.

"Sigh... Eldest Senior Brother is indeed Eldest Senior Brother. We can't compare to his mental state."

"If we were the ones inside, we would probably have already started thinking about how to lie to Little Junior Sister."

Everyone also shook their heads. They thought that it was impossible for them to be like Liu Qingfeng, who could still be so generous in the face of the throne at the peak of Mount Yun Ding.

Who could resist the temptation of being number one among their peers?

Qi Hao thought that he could not do it, and neither could the others. This might be the reason why he was Eldest Senior Brother.

They watched as Little Linglong stepped onto the ancient path of starlight and arrived at the peak of Yun Ding. After hesitating for a moment, she sucked her fingers in a daze and sat down.

“Hehe, invincible among my peers, charge...”

The moment she sat down, a ray of light instantly descended from the sky, turning into specks of starlight that circled above her.

Ten strands of providence flew out from the throne. Six of them entered her body, and the other four flew out and landed on Ye Qiu.

Ye Qiu stared blankly. “Hmm? Do I have one too?”

Ye Qiu was shocked and a little stunned. Ming Yue smiled and explained, “Junior Brother, this peak is an ancient inheritance array that gathers the providence of heaven and earth to fuse.”

“Every year, ten strands of heaven and earth providence will be gathered in the Dao discussion at Yun Ding. Only the final winner can obtain six strands.”

“The other four are to the master of the champion because of the karma between the both of you. It can also be said that without you, she wouldn’t have won. Therefore, you can also have four strands.”

After hearing Ming Yue’s explanation, Ye Qiu immediately understood.

No wonder Perfected Zi Yang and the others had taken the trouble to come here to watch the show. It turned out that part of the reason was because of this providence.
