

The Most Generous Master Ever

Chapter 20: Cunning Ye

“Impudent!” The henchman behind Xiao Yi was furious when they heard this. They instantly drew their swords and were about to attack.

Xiao Yi stopped them again. He carefully looked at Ye Qiu again, wanting to see just who he was.

In the Eastern Wasteland, there were many powerful families and factions. Although he was a silkpants, it didn't mean he was stupid. After taking a closer look, he was certain that he didn't recognize Ye Qiu, nor had he seen him before.

“May I know which family you are from?”

Ye Qiu smiled faintly and said, “I come from a poor background. How can I be compared to Young Master Xiao?”

As soon as these words came out, Xiao Yi already had a decision in his heart. Instantly, his expression changed.

“Very good. Brat, prepare to receive my wrath. Go, teach him a lesson...” Xiao Yi waved his hand and the few experts behind him moved out instantly. His aura was exposed, and the two Celestial stage experts behind him moved out first.

Xiao Yi was extremely confident about his two guards. After all, they were his father's personal guards. All these years, they had helped him do many bad things.

“Celestial?” Ye Qiu sweated. *He thought they were some expert, but that was it??* He had no reaction either. He just stood there and sneered.

Lin Qingzhu stood behind him, expressionless. She could also sense the other party's aura, and she chuckled inwardly. *These two guards probably didn't know that they would lose, right?*

In an instant, the two guards arrived. But they suddenly stopped when the two blades were only five centimeters away from Ye Qiu.

“What are you guys doing? Do it!” Xiao Yi was furious. He thought that his two guards felt pity for him.

At this moment, a shocking force erupted from Ye Qiu’s body. In an instant, the two guards were sent flying. They were surrounded by sword energy, and in a moment, they were covered in holes.

Silence...

The atmosphere was terrifyingly quiet. Xiao Yi looked incredulously at the dead guards on the ground and then looked at Ye Qiu who was still motionless.

“Hidden Life realm!” A black-clothed old man cried out in fear. He could clearly feel the power emanating from Ye Qiu’s body in that instant just now. That was the power that only the Hidden Life realm had.

“Elder Xu, what are you talking about? Hidden Life realm?” Xiao Yi’s face was filled with disbelief. He could not believe that Ye Qiu was an expert with cultivation of the Hidden Life. Even their Xiao Family, such a huge family clan, only had two experts of the Hidden Life. Ye Qiu was so young, and he had personally said that he came from a poor family, so how could he be a Hidden Life?

“Young Master, I’m afraid we’ve gotten into big trouble this time.” Elder Xu said with a pale face. Although his cultivation level was in the Infinite Distance realm, he had an extremely high status in the Xiao Family.

However, in the face of a terrifying opponent that was in a Hidden Life realm, not to mention him, even the head of the Xiao family did not dare to provoke him easily. He couldn’t figure out why there would be a Hidden Life expert in this tiny Wasteland Town.

Furthermore, even the clan head would find it difficult to withstand the devastating sword intent from the other party. He’s too strong.

Xiao Yi’s face instantly turned pale after hearing Elder Xu’s words. Even though he had carefully sized him up, he did not expect that he had still offended someone he should not have provoked.

“Young Master Xiao, what’s wrong?” At this moment, Ye Qiu revealed a teasing smile. “What did you say just now? I didn’t pay attention. Say it again?”

Xiao Yi’s face turned pale and he cursed inwardly. *Talk your head. Are you f*cking pretending to be a pig to eat a tiger? Are you doing this on purpose? And you want me to say it again? Do you think I’m an idiot? F*ck, did the experts nowadays like to play like this?*

Xiao Yi regretted it deeply. Before he left, his father had already instructed him that this time around, the various immortal sects and holy lands would send out many experts. His father told him to restrain himself a little, lest he offend those experts, because his family could not bear such a responsibility.

In the beginning, Xiao Yi did not believe it. He thought that his father was making a mountain out of a molehill and deliberately said such words to scare him.

Until they came to this ancient town in the wasteland.

Xiao Yi finally realized that his father was right.

Xiao Yi felt extremely hopeless after he looked at Ye Qiu who was looking at him playfully.

At first, he thought that the other party was just a clown who was at the mercy of him. In the end, he realized that he was the clown. When he thought of this, Xiao Yi wished he could slap himself.

When would he be able to change this lecherous habit of his? How could an ordinary person possess such an outstanding woman? He cursed himself in his heart. Xiao Yi instantly turned 180 degrees and knelt down after he saw that Ye Qiu was getting closer and closer.

“Senior, I was blind and offended you. I hope you can spare my life since I’m still young and have my parents to take care of.”

“Pfft...” This unexpected turn of events made Lin Qingzhu laugh.

Was this the pressure brought by an expert? Master is too bad, but I like it. Hehe, I felt so safe.

The corner of Ye Qiu’s mouth twitched and he was a little disappointed as he looked at Xiao Yi on the ground. He had originally thought that this kid could be a little stubborn and continue to scare him, even bringing up his own ancestor to scare him.

In the end, the difference was too great. No, this batch of profligate sons were too bad!

“Looks like Young Master Xiao is quite filial. Yeah, not bad! I admire people like you who are filial to your elders. Fine! I won’t argue with you this time.”

Xiao Yi was instantly excited and let out a long breath after hearing Ye Qiu’s words. He had finally escaped.

Unexpectedly, Ye Qiu suddenly said, “When I have the time, I’ll personally make a trip to the Liyang Xiao Clan and see how Young Master Xiao is filial to his father.”

“What!” Xiao Yi collapsed to the ground with a thud. *?This, this, this...*

“Young Master Xiao, you’d better not lie to me. If I go to the Xiao Clan and realize that things aren’t as you say. Haha, then it means you’re lying to me. I hate it when people lie to me. Normally, I would use extraordinary methods to torture such a person to death...”

Xiao Yi’s heart instantly turned cold as soon as these words came out. *?That was it. He’s toasted...*

“Pfft...” At this moment, Lin Qingzhu could no longer hold back her laughter. This was the first time she realized that her master had such a cunning side.

These few words might be Xiao Yi’s trauma for life. Because he had no idea when he would go to the Xiao family. Even if he wanted to act, he wouldn’t be able to do it. He could only continue to act like a filial son.

“Alright, Young Master Xiao! If there’s nothing else, hurry back and be filial to your parents.” Ye Qiu smiled playfully.

Xiao Yi’s face was pale as he fled. He only regained her senses after running a long distance. “Damn it, damn it! I’m really dead this time...”

On the side, Elder Xu looked at Xiao Yi’s regretful expression and said, “Young Master, I think you should do as he says. I could clearly feel that his aura was even more terrifying than that of the Clan Head. Furthermore... that astonishing sword intent. I’m afraid even a strong practitioner of the Cardinal level is not his match.

“This time, you’ve really offended someone you can’t afford to offend.”

After hearing these words, Xiao Yi felt even more hopeless. Normally, Elder Xu would never lie. If he said that the other party was very strong, then he was really strong.
