

## THE MOST GENEROUS MASTER EVER Chapter 207

“Damn, the treatment of the disciples of Heaven Mending Sect is too good. Everyone’s strength seems to have increased greatly after this wave of gift.”

Everyone outside the mountain revealed envious gazes when they saw this scene. Unfortunately, the mountain-protecting array locked all its power inside and was not exposed at all. Therefore, they couldn’t absorb it even if they wanted to.

“Did you notice that this magical power actually has the ability to resist mental demons? It makes one feel like their mental state was cleared. It’s as if the turbidity in the world can be purified...”

At this moment, someone said in surprise. As soon as these words were spoken, everyone was instantly shocked.

“F\*ck, doesn’t that mean that by absorbing this power, we can avoid the effects of the mental demon from now on? Moreover, it can purify any turbid aura in the world, even that strange ominous aura?”

At this point, no one could remain calm. The biggest problem in the Eastern Wasteland was that strange aura.

On the million-mile plain in the uninhabited region, those violent ferocious beasts had lost their rationality because they had swallowed the strange aura. But the power released by Ye Qiu could actually effectively restrain the strange aura. How could this not be shocking?

“Haha, don’t be stunned. Absorb it quickly...” Qi Wuhui, who had just reached the mountain gate, originally wanted to show off, but he suddenly discovered the power of this nourishment. He immediately instructed and turned around to find a quiet place to rest.

There would be plenty of opportunities in the future to show off, but this nourishment was not available at any time.

Without any hesitation, almost everyone in the Heaven Mending Sect received this wave of nourishment.

On Violet Cloud Peak, Lin Qingzhu and the other two stood silently outside the cave abode. They were overjoyed when they felt this wave of nourishment. This power came from the cave abode. They were the closest to it, so they should have gained the most.

Without hesitation, Lin Qingzhu said, "Quick, sit down and absorb this power."

Zhao Wan'er didn't hesitate and sat down. However, Little Linglong was a little stunned. She reached out to grab this power and realized that she had grabbed nothing. Then, she asked, "Senior Sister, what is this?"

Lin Qingzhu didn't have time to explain to her. She said, "Linglong, this is a gift from Master. Quickly sit down and absorb this power."

"Okay..."

Little Linglong was instantly delighted. So this was what her master had given them. Her master had not croaked.

The three of them sat outside the cave and began to absorb crazily. On Violet Cloud Peak, the Xiao Clan also received the gift. They were extremely excited. They probably did not expect that there would be such benefits after going up the mountain.

"Hehe, Young Master, we're rich!" A member of the Xiao Clan absorbed it for a while and immediately said excitedly. "This power has a powerful cleansing effect. It can effectively avoid the risk of mental demons appearing in your future cultivation."

Xiao Yi was excited when he heard this. “Damn, that powerful?” After thinking for a moment, he suddenly grinned and said, “Hehe, as expected of God Ye, forever a god. This is a shocking scene.”

Xiao Yi had already sensed this shocking phenomenon. Everyone outside the mountain had probably gone crazy. Who would have thought that Ye Qiu could do such a thing? One had to know that the mental demons were the most taboo thing for all cultivators, and his nourishment actually prevented everyone from this situation. How could this not be shocking?

At this moment, behind the First Peak.

Xuanyi, who had just entered a state and was preparing to continue cultivating, opened his eyes again.

“This aura... What a strange feeling.”

His heart seemed to be much clearer. Xuanyi was a little puzzled. He had been troubled by his mental demon for a hundred years. Today, Ye Qiu’s nourishment actually made him feel like he had unlocked his mental demon.

How could he have known that this ability was brought about by the Chaos Green Lotus? The Green Lotus was untainted by mud and had a cleansing effect. Furthermore, this was a supreme-grade longevity medicine.

Feeling the changes in his body, the mental demon seemed to be affected. Xuanyi only moved slightly.

Bang...

With a soft sound, his cultivation broke through to the mid-stage Paragon realm. This was not the end. Without the obstruction of his mental demon, the power that he had accumulated over the years was instantly released. In less than half a day, he had reached the peak of the Paragon realm.

“Gasp... This...”

Xuanyi was completely stunned. He didn't expect that the person who benefited the most from Ye Qiu's breakthrough was him. He could have advanced another step after reaching the peak of the Paragon realm. He could have reached the King-Ranked realm in one go, as he was just about to do it in one go, but a fiery red figure appeared in his mind. She lay in the blood-colored sea and lowered her hands weakly.

“Forget it, forget it... So what if I'm a King-Ranked? Senior Brother has already passed away, and there aren't many old friends left. There's nothing in the world worth remembering.”

Xuanyi did not choose to continue breaking through to the King-Ranked realm. Instead, he gave up cultivating and sat silently in the cave in a daze.

Time passed bit by bit, and the nourishment gradually faded.

In Violet Cloud Cave Abode, Ye Qiu opened his eyes again.

“Is it over?”

He could not see the situation outside, but he could feel that the power he had just released had almost been devoured. Ye Qiu could roughly guess what was going on outside.

Everyone must have gone crazy from absorbing it, right? Anyone would be happy to receive this free gift. However, while they were happy, Ye Qiu was even happier.

“Yes, you guys have profited greatly. I've suffered a huge loss... Hehe... It's my turn to absorb now that you're done.”

“System...”

[Ding...]

[You activated a Heaven and Earth Nourishment and triggered a Critical Hit Return.]

[Do you want to activate it?]

“Activate...”

Ye Qiu revealed a deranged smile.

The people outside probably felt that they had profited greatly. They were touched by Ye Qiu’s kindness. Little did they know that the one who really profited was Ye Qiu.

[Ding... congratulations, you have triggered a thousand-fold critical strike and obtained a thousand-fold nourishment...]

“Hiss... F\*ck, well done.”

Just now, it was really a risky action. Originally, Ye Qiu wanted to use the power of the Chaos Green Lotus and the purple crystal to directly break through to the mid-stage King-Ranked realm. He estimated that if he absorbed both of them, he would only be able to reach the mid-stage King-Ranked realm at most.

Therefore, he had a bold thought in his heart, which was to use this phenomenon that had just broken through to activate Heaven and Earth Nourishment. He distributed the power of the supreme-grade longevity medicine, the Chaos Green Lotus, and the purple crystal.

The outcome was obvious... Ye Qiu had profited greatly this time. In his words, you might have made a small profit, but I won't lose out.

"Haha... Wonderful, truly wonderful. As expected of me, I can even think of such a method." Ye Qiu couldn't help but praise himself.

In an instant, a shocking power surged into his body and wantonly attacked his limbs and bones. Ye Qiu was completely excited. He instantly used the True Primordial Record and began to absorb this power.

Half of it was used for Qi Refinement, and the other was for Body Tempering. The power of the two combined should be able to allow Ye Qiu to directly advance to the peak of the King-Ranked realm. Although what he did just now was a little risky, fortunately, the final outcome was still very good.

"Come on! Crush me to your heart's content..."

Ye Qiu opened his chest and began to absorb crazily. His body endured the huge impact and his cultivation advanced by leaps and bounds. He, who had just broken through to the early-stage King-Ranked realm, advanced towards the mid-stage King-Ranked realm at the fastest speed after this power entered his body.

Another half a month passed. When Ye Qiu opened his eyes again, his cultivation had already reached the mid-stage King-Ranked realm. Be it Qi Refinement or Body Tempering, his cultivation had reached the mid-stage of the King-Ranked realm. Both of them advanced at the same time.

During this period, Ye Qiu concocted another precious medicine to temper his body. After reaching the peak of the mid-stage King-Ranked realm, he immediately began to break through to the late-stage King-Ranked realm.

What Ye Qiu didn't notice was that as he continued to charge, the overflowing power was constantly fed to the seven-colored stone behind him.

This stone might be the one who earned the most. It did not do anything. It was absorbing the power as if it was free. Under the nourishment of these powerful forces, a trace of golden runes was actually born on the seven-colored stone. It gradually began to take shape on the surface of the stone.

Unfortunately, Ye Qiu was currently cultivating and had no time to observe its changes. Otherwise, he would probably be shocked by its changes.

This kind of rune was usually only possessed by the most powerful great ferocious beast in the world. Just like the True Dragon Rune and Kun Peng Rune back then. It was undoubtedly a precious technique rune nurtured by the strongest great ferocious beast in the world. After the rune appeared, the seven-colored stone became even more charming. It was full of vitality.

"Break!" With a loud shout, Ye Qiu swallowed his breath and crazily absorbed the power in his body.

In the depths of the prefecture sea, the three Great Dao Flowers bloomed at the same time, producing a trace of immortal energy.

Ye Qiu frowned and suddenly realized that he seemed to have some magical power.

"I am able to avoid the mental demons outside the borders?"

Ye Qiu was stunned for a moment before he was delighted. Not only could the feedback from the Heaven and Earth Nourishment carry all the effects of the Chaos Green Lotus, but it also carried its

powerful ability. The most ridiculous thing was that he could ignore the restrictions of some illusion domains.

In other words, if Ye Qiu encountered an opponent who was very good at bewitching and liked to use illusion domains, he could easily defeat such an opponent. Because... he was completely immune. Any mental impact, illusion, or confusion had no effect on him.

“F\*ck! Aren’t I completely invincible?”

It was difficult to hide the joy in his heart. With this ability, coupled with the poison immunity, mental demons immunity, and so on carried by the Chaos Green Lotus,

Ye Qiu really couldn’t think of anything in this world that could hurt him.
