

THE MOST GENEROUS MASTER EVER Chapter 222

Black aura filled the sky, and a powerful aura of death covered the sky, enveloping the entire Qin Chuan. The sky seemed to have darkened. Under this terrifying suppression, everyone revealed looks of panic, as if they had personally experienced death. Their faces were pale.

In the sky, a creature from the strange otherworld stared at the ground. It was as if a high and mighty god regarded all living beings as ants.

Boom!

With a loud bang, Qin Chuan's barrier suffered the first wave of attacks. At the foot of the mountain, millions of ferocious beasts had already attacked.

On the Heavenly Ridge, Qi Wuhui turned around and looked at the panicked crowd. He shouted, "Calm down!"

As he shouted angrily, everyone instantly fell silent.

Qi Wuhui's expression was abnormally solemn as he looked in the direction of the Jade Pure Cave Abode. The strange creature was still staring here. He could feel the terrifying aura of the King-Ranked powerhouse. If he attacked, Qin Chuan's barrier would probably be destroyed in an instant. He was also praying in his heart that Ye Qiu would settle the matter at the back mountain as soon as possible. All he could do was stall for time.

"Disciples, listen up!" Qi Wuhui shouted and pulled out the sword in his hand. He pointed it at the sky and shouted, "Heaven Mending Formation, activate..."

The disciples of the seven factions pulled out their swords. In just a breath, the Heaven Mending Formation that emitted seven-colored light was instantly activated. The originally tottering Heavenly Ridge of Qin Chuan stabilized again under the powerful defense of the Heaven Mending Formation.

However, it was only temporary because that strange creature had yet to attack. If he attacked, the situation would still change.

“Damn it, millions of ferocious beasts are constantly attacking the barrier. It won’t be long before this defense line is broken. Instead of waiting for death, it’s better to take the initiative to attack.” Yang Wudi held a flame spear in his hand and shouted angrily.

The other peak masters and elders of the Heaven Mending Sect were also waiting. However, they did not dare to act rashly since Qi Wuhui was not allowing it.

“That’s right, Martial Uncle Qi. Let us kill our way out.” A disciple suggested with red eyes.

However, he was quickly reprimanded by Qi Wuhui. “Idiot! In this situation, going out is a dead end. How many lives do you have to give? The only thing we can do now is to use the favorable terrain to fight a defensive battle with them and see who can withstand it first.”

.....

It had to be said that Qi Wuhui was still very clear-headed. Even though the situation was so chaotic now, he could still calm down and analyze the situation. He looked down at the hot-blooded youths blocking the entrance of the barrier and using their bodies to pile up a thick human wall.

Qi Wuhui also shook his head silently and sighed. Countless people would die in this calamity. No one knew how many years the Eastern Wasteland’s hard-earned golden age would fall. Such a tragic scene made everyone present incomparably furious.

Now that Qin Chuan was completely surrounded, they only had one path to take. That was to defend Qin Chuan to the death. If the barrier of Heavenly Ridge was broken, they would only die.

As the battle began, the entire Qin Chuan trembled and everyone was in a panic.

On the back mountain of the Heaven Mending Sect.

Ye Qiu frowned when he sensed the commotion outside the mountain. He wanted to go out and take a look at the situation, but the matter here had yet to be resolved. He needed to wait for Xuanyi to wake up.

Currently, Qin Chuan's true threat came from Tianmeng, not the so-called strange creature. Previously, when Ye Qiu came out of seclusion, he had looked at the strange creature from the other side of the void. He had a rough judgment of his strength. His strength was probably at the late-stage of the King-Ranked realm, and his methods were still unknown.

This was because these strange creatures came from the other side and cultivated a different system from the Eastern Wasteland. Therefore, if they wanted to know the other party's methods, they could only know after fighting.

"Junior Brother, how long until Martial Uncle wakes up?"

Everyone in the cave was extremely nervous as they listened to the deafening sounds of battle outside. Everyone wanted to go out and participate in the battle. The problem was that without the Sect Master's order and Xuanyi's order, none of them could move. They could only stay in the cave and watch as the juniors fought a bloody battle outside.

"Martial Uncle has just broken through and his blood energy has recovered. He needs some time to reconstruct his Dao Body and stabilize his realm. How much time he needs depends on him. I don't know either..." Ye Qiu said helplessly. When he first broke through, it took him a few days to stabilize it.

As for Xuanyi, he was old and exhausted. He might need even more time now that he has undergone a nirvana.

Ye Qiu was also anxious in this situation. But so what?

Turning around, an elder hurriedly walked in and said, "Junior Brother Ye, the battle has already begun. Although Qin Chuan's barrier is maintained by the Heaven Mending Formation, the Heaven Mending Formation will probably be difficult to maintain in the face of such a ferocious attack.

"Moreover, I took a look just now. There seems to be a strange giant staring at Qin Chuan in the sky. The other party is extremely strong. I can feel that the other party is at least in the late-stage King-Ranked realm. Once he attacks, Qin Chuan's barrier will instantly disintegrate. At that time, the situation will completely spiral out of control and enter an irreversible state."

After hearing the elder's explanation, everyone in the cave fell silent.

In this current situation, only Ye Qiu could control the situation. However, he didn't appear on Heavenly Ridge. Instead, he was in the Jade Pure Cave Abode, guarding Xuanyi and waiting for him to wake up. Because in this world, only Xuanyi knew how to kill Tianmeng. Ye Qiu could only wait.

If his current cultivation level had already reached the Martial Monarch realm, he could directly kill his way out and fight those strange creatures. However, the problem was that he was only at the peak of the King-Ranked realm and had yet to reach the Monarch realm.

He might be able to avoid this calamity, but what about Tianmeng? If she came again, how would Ye Qiu deal with it? One had to know that Ye Qiu only had one chance to face Tianmeng, so he had to cherish this opportunity and guarantee that he could kill her.

Otherwise, all his efforts would be in vain.

"Junior Brother, why don't you go out first? We'll watch over this place. There definitely won't be any problems. It won't be too late for you to return after Martial Uncle comes out of seclusion."

An elder suggested. Right now, there was an urgent need for a powerhouse to hold down the fort outside the mountain, and Ye Qiu was naturally the best choice.

Ye Qiu ignored his urging and silently deduced in his heart.

At this moment, outside the mountain, a million ferocious beasts attacked the Heavenly Ridge Barrier again and again. Everyone was incomparably nervous as they watched the barrier tremble and collapse. Fortunately, it could still protect this natural chasm for the time being.

After an unknown period of time, the ferocious beasts suddenly stopped attacking and slowly retreated.

Everyone was shocked upon seeing this scene. They thought that these ferocious beasts were preparing to attack other places as they felt that they could not break through Qin Chuan's Heavenly Ridge.

Immediately, everyone heaved a sigh of relief.

"Phew... Looks like we've successfully endured this first attack."

Everyone was delighted when they saw the ferocious beasts below slowly retreating.

On the other side, Qi Wuhui was about to give a speech, feeling smug about his wise and heroic decision.

Suddenly, there was a tremor in the wasteland.

Boom!

Boom!

The ground was trembling violently. Everyone's relaxed mood was suspended again.

"What's going on?"

While everyone was still dumbfounded, they saw a Bloodthirsty Beast with red eyes and a bloody mist all over its body slowly walking over with heavy steps. The moment it appeared, everyone's mood fell to rock bottom.

"This... is a ferocious Paragon beast?"

"How is this possible? Even this ferocious Paragon beast was devoured by the strange origin?"

Everyone present was instantly shocked. That Bloodthirsty Beast was an ancient descendant and was extremely powerful. It had the strength of an early-stage Paragon. Logically speaking, great ferocious beasts in this realm had stronger self-control. How could they be corroded by the strange origin?

Everyone was puzzled. Qi Wuhui, who was originally a little excited, instantly looked as if he had eaten a pound of shit the moment he saw the Bloodthirsty Beast.

"Roar..."

The Bloodthirsty Beast let out a shocking roar. The forest whistled and the mountains shook.

On the Heavenly Ridge, everyone revealed fear as they looked at each other as if they were facing a great enemy. That furious roar almost shattered Qin Chuan's barrier. Fortunately, Qi Wuhui took action

in time and stabilized the barrier. However, once the other party attacked, Qi Wuhui had no time to care.

“It’s over. Even the Paragon ferocious beast has appeared. Looks like there’s no hope.”?Everyone thought of this, and they were in complete despair.

At this moment, a blue figure slowly flew down from the Heaven Mending Sect’s mountain and stood under the natural chasm, staring at the Bloodthirsty Beast. Her body emitted a blue light, stunning everyone present. It gathered thousands of lights and was peerlessly beautiful.

With a gentle wave of her hand, a stream of energy instantly shot out. On the ground, there was a loud bang, and dust swept up ten thousand feet.

“Hiss...”

When everyone saw this scene, they sucked in a breath of cold air. She had only lightly struck out with her palm, but it was actually so powerful. When the dust settled, everyone finally saw the figure in the blue light and was shocked.

“Perfected Ming Yue?”

It turned out that the person was none other than the master of the Heavenly Water Peak, Ming Yue. She came alone and faced the Bloodthirsty Beast alone outside the natural chasm, resisting Qi Wuhui’s pressure.

Seeing her make a move, everyone present seemed to have regained a trace of hope. Everyone was overjoyed as they felt the aura of a mid-stage Paragon.

“That’s great! Junior Sister Ming Yue is already a mid-stage Paragon realm expert. With her suppressing the Bloodthirsty Beast, Qin Chuan’s danger can be resolved...” Yang Wudi slapped his thigh and exclaimed.

But was that really the case? Qi Wuhui didn’t think so. His gaze was still on the strange giant in the sky. He still did not attack. Instead, he enjoyed the massacre as if he was watching a show.
