

THE MOST GENEROUS MASTER EVER Chapter 224

“You seem surprised, are you surprised that the thing you believed in didn’t affect me at all?” Ye Qiu ascended to the sky step by step. He looked at the strange giant’s incredulous expression with a faint smile.

“Impossible. Why is my Strange Origin useless to you?”

The strange giant’s originally disdainful expression instantly froze. He could not believe this was true. This was the strongest origin power of their Otherworld. It could bewitch people. Just now, he had activated the Strange Origin with all his might. But not only was Ye Qiu not devoured, he was also not affected at all. The contrast made him panic and lose his composure.

However, all of this was caused by that Chaos Green Lotus.

That was the Chaos Green Lotus that could purify all chaos in the world. It had grown in the darkness, so how could it fear the darkness?

Ye Qiu ascended to the sky step by step. He arrived above the natural chasm and stared at the strange giant. He said casually, “There’s nothing impossible in this world. Your so-called darkness is just a joke in my eyes.”

With a raise of his hand, a green lotus instantly soared into the sky with an aura that pierced through the ages. In an instant, Qin Chuan was in turmoil. Everyone looked up at the green lotus blooming in the darkness in the sky and revealed shocked expressions.

“This is... the Chaos Green Lotus? Legend has it that it can purify all chaotic immortal treasures in the world.”

At this moment, everyone present was shocked. They looked at the Chaos Green Lotus that was blooming and swaying in the darkness. It was extending its vines and slowly dispersing the darkness. The

gloomy mist in the sky gradually dissipated under the purification of the Chaos Green Lotus. In the chaos, it was as if a line had opened in the world, revealing light.

Ye Qiu was like a god above the Nine Heavens, surrounded by holy light. Everyone felt reverence in their hearts. Under the pressure of that King-Ranked might, he was a god, an invincible god.

The strange giant panicked. He looked up at the green lotus body above his head and put away all his previous arrogance. It was only at this moment that he deeply realized how terrifying the man standing in front of him was.

“No, I don’t believe it. This desolate land is just a ruin abandoned by the gods back then. The Great Dao is missing, and the laws of heaven and earth are incomplete. How can such a human expert appear?”

The strange giant was terrified and uneasy, not daring to believe what he saw. He did not want to believe that a person who could shake their status had appeared in the Eastern Wasteland, which had once been used as a death playground by them. The authority that surpassed all living beings seemed to have been challenged.

.....

The strange giant gradually went crazy in his heart, and his expression slowly became ferocious.

Ye Qiu calmly watched this scene, wanting to see what else he could say. He had always been curious about what kind of world there was on the other side. This was also his first time officially coming into contact with the living beings on the other side. He wanted to see what their cultivation technique was. His heart was filled with thoughts. On the surface, he was calm as he looked at the strange giant opposite him.

Ye Qiu smiled and said, “I see fear in your eyes. So, a living being like you also knows what fear is. Are you very afraid of death?”

As soon as these words were spoken, the strange giant immediately put away the fear in his heart, and the arrogance in his heart appeared again.

“Hmph, laughable. My Strange Clan has the noblest bloodline in the world. How can you ants dare to look down on us? All living beings can only obtain eternal life by praising my lord’s true name. Ants are still ants. Even if you have some strength now, you can’t change your identity as a low-level creature.”

Ye Qiu immediately frowned. He successfully received new information from the other party.

Lord of Strangeness? It turned out that there was a mysterious Lord of Strangeness standing behind this strange giant. All of them, who had been devoured by the strangeness, had a belief in their hearts, which was to worship the Lord of Strangeness he mentioned.

However, Ye Qiu couldn’t figure out who this so-called Lord of Strangeness was. Had he already descended to the Eastern Wasteland?

“From what you’re saying, the master you’re talking about is very strong?” Ye Qiu wasn’t in a hurry to attack and continued to ask.

“Haha...” Unexpectedly, the strange giant shouted loudly and said in an extremely arrogant tone, “How can a low-level creature like you dare to guess my master’s strength? When the world hears my lord’s name, who wouldn’t tremble in fear? If you call my lord’s true name, your bones will instantly shatter and your soul will scatter.

“Ever since the beginning of time, my master has existed in the world. He has experienced countless tribulations. In the crumbling years of the Immortal Ancient, he was still invincible in the world even with the incomplete Immortal Ancient ruins in his hand.”

“Hmm?” Hearing this, Ye Qiu was suddenly stunned. Why did this plot feel inexplicably familiar? Like Li? Old An...

Ye Qiu couldn't be bothered to pursue the truth.

Who was the Lord of Strangeness that the strange giant mentioned? Ye Qiu wasn't interested in knowing. He only wanted to know one thing at this moment, and that was whether the True Lord he mentioned had already descended into this world. How strong was he? Could he deal with him?

Suddenly, he felt an inexplicable sense of nervousness. He vaguely felt that the changes in the world after this great calamity were very complicated. The original Eastern Wasteland might no longer be the original Eastern Wasteland. Because the appearance of the Lord of Strangeness that this strange giant mentioned would completely break this situation.

After pondering for a long time, Ye Qiu grinned as if he had thought it through. “Haha... I'm not interested in understanding your so-called master now. From your words, I only hear pride, presumptuous, and insufferable arrogance. You seem to be very disdainful of us, your so-called inferior creatures. In that case, today, I, a low-level living being, will challenge you, a high and mighty god.”

As soon as he finished speaking, Ye Qiu's aura instantly erupted. A violent wind swept over, and the entire world seemed to have fallen into a bloody silence. The power from a peak-level King-Ranked suddenly pressed down like a huge mountain.

“Pfft...”

The strange giant was careless and almost knelt down. The pride in his heart made him straighten his body and look coldly at Ye Qiu. He could not accept the fact that he was inferior to a low-grade living being. Under the push of the pride in his heart, an even stronger strange origin erupted again.

“Hmph... Ant, you dare to provoke me?”

He was a high and mighty god. For hundreds of years, he had fought in various worlds and had never been challenged. Not a single low-level creature did not dare to kneel when they saw him. This was the first time he saw someone drawing their swords against him.

His heart gradually became furious. He felt Ye Qiu's disdain and contempt for him. His expression became ferocious. His body gradually grew larger, like a huge mountain standing on the natural chasm.

The terrifying aura pressed down, shocking everyone. All the living beings inside and outside Qin Chuan were shocked and filled with fear. Just as he had said, he was a high and mighty god. When has any mortal in the world dared to provoke him?

"Provoke?" Standing on the natural chasm, Ye Qiu sneered and said, "Why wouldn't I dare?"

As soon as he finished speaking, he gently stretched out his right hand, and a terrifying sword intent attacked like a violent storm.

Ye Qiu shouted coldly, "Sword, come!"

Bang!

A clear sound of an iron sword tearing through the air rang out. The Immortal Slayer Sword that was hovering below instantly sensed it and flew up from below. The Immortal Slayer tore through the sky and bloomed with a blood-colored light in the sky, instantly covering the world.

The moment the Immortal Slayer arrived in Ye Qiu's hand, violent winds swept in a radius of ten thousand miles. A blood-red flower bloomed in the darkness.

"Hiss... How can this sword intent be so shocking?"

Sensing that astonishing sword intent coming from above, the faces of millions of living beings inside and outside Qin Chuan instantly turned pale. This was definitely not the sword of the world. It had long surpassed the restrictions of the laws of the world and stood above all living beings.

The arrogant face of the strange giant revealed fear again as he sensed such astonishing sword intent.

Ye Qiu, who was holding the Immortal Slayer Sword, was completely different from him, who wasn't holding the Immortal Slayer Sword. If he had a chance of winning just now, then at this moment, in Ye Qiu's hands, he had become like an ant on the ground.

The strange giant could not accept this fact. In his anger, the strangeness in his body bloomed and exploded in an instant.

Boom!

A deafening sound came from the sky, and the void trembled. In the red blood mist, the strangeness completely covered the world.

"Kneel!" As he roared, the strange giant roared and slapped over, wanting to suppress Ye Qiu.

Ye Qiu held the Immortal Slayer in his hand and spun in front of him, instantly slashing out with his sword. In an instant, the world lost its color.

"You're the one who should kneel! Kneel!"

With a cold shout, a terrifying sword energy erupted in an instant. The Nine Heavens void was directly shattered by Ye Qiu's sword.

"This... Is this the peak battle of the King-Ranked?"

Everyone present was shocked and confused by such a magnificent scene. They had never seen a battle of this level. They thought that the destructive power of a Paragon expert was already terrifying enough. They did not expect that the King-Ranked realm would actually cut open a hole in the sky with a single strike.

How terrifying was this?

The strange giant looked at the void and spat out a mouthful of blood in the blood mist. It was black blood. Just like his body, it was completely black. Seeing that his lower body had been cut off, he finally revealed a terrified gaze. He looked at Ye Qiu in disbelief and watched as he walked over from the void step by step.

“No...”
