

## THE MOST GENEROUS MASTER EVER Chapter 229

There was a limit to the number of Resurrection Pills, but there was no limit to the number of Regenerative Bones. This was purely a bug. It was unknown who developed it, but it was purely a bad cheat.

Moreover, Tianmeng wasn't the only enemy Ye Qiu needed to face, so it was impossible for him to use all his trump cards. This way, he would undoubtedly expose his flaws to the Strange Clan.

Hearing Ye Qiu's confident words, Ming Yue's heart trembled, and Qi Wuhui was even more shocked. "F\*ck! Are you joking? You can even kill immortals from the heavens? How f\*cking boastful..."

Qi Wuhui immediately did not believe it. Was this guy arrogant? I admit that you have something, but not much... I'll believe you for once on account of you being my junior brother. But you said you could kill immortals? This time, I, Old Qi, can't take it anymore...

As soon as Old Qi said this, the corner of Ye Qiu's mouth twitched and he glanced at him. How? I haven't slapped your face recently, and you're starting to act up again?

"Looks like Senior Brother doesn't have much confidence in me." Ye Qiu said with a faint smile.

Old Qi's heart trembled. He had an ominous feeling. This plot was inexplicably familiar! Could it be that he really had the ability? According to his previous experience of being abused, Old Qi began to hesitate. He really didn't want to be slapped in the face.

But... that was an immortal! He admitted that Ye Qiu was indeed a little strong, but he shouldn't be able to kill an immortal, right? He gritted his teeth and went all out.

He said, "Junior Brother, it's not that I don't believe you, but you have to know your limits when bragging. If you want to fight a Martial Monarch, I can help you smooth things over, but you want to kill an immortal? This is a little too much..."

Ye Qiu's interest was piqued when he heard this. He said, "Then what if I really can?"

As soon as these words were spoken, Qi Wuhui's heart suddenly trembled. Looking at Ye Qiu's expression, he didn't seem to be joking. Could it be that he really could? Impossible... This was definitely impossible.

"If you can really do it, you're this..." Qi Wuhui stuck out a thumb and expressed.

Awesome!

.....

The corner of Ye Qiu's mouth twitched. Who cares if I'm awesome? Is this a bet? However, it sounded very challenging. No man could resist the temptation.

"Alright, we'll wait and see." Ye Qiu smiled faintly and instructed his three disciples. He turned around and left Heavenly Ridge, preparing to return to the Yuqing Cave Abode.

Just as he was about to return, the Liuxian Robe suddenly stirred slightly. It was as if someone was calling him from the depths of the other side.

"Hmm?"

Ye Qiu was stunned for a moment. He looked up at the sky and entered the Infinite Domain alone.

At this moment.

In the Heaven Mending Sect, above the Nine Heavens, a peerless beauty stood in the Infinite Sky. She was puzzled as she looked at the slightly trembling boundary wall.

Behind her stood a white-haired old man. He frowned as he sized up the turmoil in the Infinite World.

“Strange, why has the Infinite Boundary Wall been trembling repeatedly these past two days? There are faint signs of it shattering. Could it be that the prophecy back then has come true?” Qi Daosheng said in confusion as he stood in front of the Infinite World.

Lian Feng was puzzled and asked, “Senior Brother, what prophecy?”

Qi Daosheng shook his head and sighed. “My Heaven Mending Sect’s ancestor once predicted that when the Heaven Mending Goddess appears, the calamity will arrive. Every generation of the Heaven Mending Goddess has a mission. They are born to face the calamity and save the world.

“The Infinite World is in chaos. There seem to be signs of the Eight Desolates merging. It’s vaguely reminding us that a calamity is coming...”

As soon as these words were spoken, Lian Feng’s heart trembled. This prophecy seemed to be directed at her. Wasn’t the Heaven Mending Goddess referring to her? Some time ago, she had just inherited the Heaven Mending Goddess’ status and had the holy light on her. Coupled with the longevity medicine Ye Qiu had given her back then, her cultivation had already reached the peak of the King-Ranked realm. She was just one step away from successfully attaining the Dao and becoming a Great Empress.

But now, Qi Daosheng’s words reminded her of what her identity meant. Was she born for the calamity? It seemed that the turmoil from the other side had become more and more obvious recently.

Qi Daosheng shook his head when he saw her worried expression. He couldn't bear it and comforted her. "Little Junior Sister, don't worry. It's already said that it's a prophecy, but it might not be true! Let nature take its course..."

Lian Feng thought for a moment and nodded. She didn't say anything. No one knew what she was thinking. She felt uneasy as he looked at the Infinite World that was trembling non-stop. It was as if there was something opposite her that could touch her heart.

Lian Feng couldn't help but ask curiously, "Senior Brother, what world is on the other side?"

"Eastern Wasteland!"

"What?" Lian Feng frowned and suddenly became nervous. She immediately understood why she was so uneasy. It turned out that the other side was the Eastern Wasteland, the world where the man she loved was.

Lian Feng gently touched the Infinite World. She really wanted to go over and see what had happened on the other side.

"Will he be fine?"

She couldn't help but think to herself that after they parted at the Monarch's tomb, she had returned to the Heaven Domain and cultivated in seclusion, preparing to break through to the Empress realm.

However, for some reason, every time she closed her eyes, her mind was filled with that man. The man she couldn't forget was in deep trouble. She really wanted to help him. However, at this moment, she was still unable to step through the Infinite World and enter that world.

"Him?" Qi Daosheng's heart suddenly trembled. Although he was Lian Feng's senior brother, he was similar to her master. He was the one who raised Lian Feng and taught her to enter the Immortal Dao.

He walked step by step with her until now. It could be said that he was an existence like her father and brother, and occupied a very high position in Lian Feng's heart.

However, Qi Daosheng had never seen Lian Feng have such an expression. She was cold by nature and rarely interacted with others. There was even less emotion shown. But now, she revealed such a worried expression and was even mumbling.

Qi Daosheng couldn't help but feel a sense of danger. Could it be that someone opposite had stolen my little darling's heart? Who was he?

Because of Lian Feng's peerless beauty, she was famous in the Heaven Domain and was known as the number one beauty in the Heaven Domain. Because of this, many geniuses and young experts from the Holy Lands wanted to pursue her.

However, Qi Daosheng protected her very well. Basically, he would beat up anyone that came close to her. Therefore, in the hearts of the geniuses of the Heaven Domain, Qi Daosheng had another name.

A crazy protective demon.

The girl had grown up and should get married. Aren't they afraid that she'll become a "leftover woman" if she stays like this?

Qi Daosheng did not care about the curses of the outside world at all. He only had one belief in his heart. Whoever dared to touch my little darling would die.

Ever since Lian Feng started cultivating, he had been protecting her as a Dao Protector. Now, Lian Feng's cultivation had already surpassed his. However, she was still very respectful and grateful to him. Perhaps in her heart, Qi Daosheng was like her father.

Seeing that Lian Feng was so worried, Qi Daosheng silently reached out to his sword. He really wanted to kill his way over to the other side and see whose kid dared to touch his little darling.

After thinking about it carefully, Qi Daosheng lowered his hand and sighed. "Sigh, forget it..."

Indeed, it was normal for a girl to have her own thoughts and someone she liked when she was older. She indeed needed a partner to fill the loneliness in her heart. He was already old, so it was impossible for him to protect her forever. He could only pray that the other party was not too bad.

"The battle on the other side has already begun! I can feel a strange aura devouring this world. It's trembling slightly and emitting soaring resentment as it continuously attacks the Infinite World. At this point, the Infinite World is also in danger. Perhaps one day, the Eight Desolates will reunite." Qi Daosheng sighed and shook his head.

When Lian Feng heard this, she became even more worried. The stirring in her heart accidentally triggered the Liuxian Dress and it emitted a faint light.

Lian Feng's heart trembled. She accidentally discovered that she could actually feel Ye Qiu's aura through the Liuxian Dress. His breathing was steady and he was not hurt. Immediately, a faint smile appeared on her beautiful face. It was a smile that could topple a city. Then, she took out a pen and paper and wrote something on the paper, folding it into a paper boat.

With a push, she evolved the laws of the Infinite World and sent the paper boat into the Realm River with great methods, swimming towards the other side. Then, she resonated with the Liuxian Robe on the other side and called out to it.

At this moment, Ye Qiu also arrived at the Infinite World. There seemed to be a voice in his heart calling out to him. However, he did not see anything when he arrived. He frowned as he looked at the trembling Infinite World.

Suddenly, in the Realm River, a small paper boat slowly swam down from the upper reaches and arrived in Ye Qiu's hand.

Ye Qiu was stunned for a moment. He smelled it carefully and could clearly smell a faint fragrance on the paper. It was a very familiar smell.

Ye Qiu smiled and immediately understood the origin of this paper boat. He opened the paper boat and saw words written on it.

“I miss you...”

Seeing these three words, Ye Qiu was stunned and suddenly wanted to laugh. What was this girl thinking? She had spent so much effort to send the paper boat over, but there were only three words written on it?

However, it was also in line with her personality. She was cold and quiet. She could express herself in the shortest words and would definitely not waste her breath.

Ye Qiu smiled faintly. He didn't expect Lian Feng to hand him a small note from the other side. It was a little like the feeling of secretly dating when they were students and passing small notes. It was very exciting.

After thinking for a moment, Ye Qiu also wrote a few words on the back of the paper boat and sent it into the Realm River. After doing everything, he turned around and left Infinite Heaven.

On the other side, Lian Feng finished transmitting the paper boat and was about to leave when she suddenly sensed something and turned around. The paper boat swam back and was delighted. She took the paper boat and opened it.

It said: “I missed you too...”

Immediately, she felt very satisfied. Her suppressed heart suddenly became much more cheerful. She wanted to reply, but when she felt Ye Qiu's aura disappear, she thought that he must be suffering from the strange corrosion and fighting a bloody battle. He shouldn't have so much time to reply to her messages, so she gave up.

Qi Daosheng revealed an old father's smile as he looked at Lian Feng's happy expression. He also sweated a little and said, "Sigh... Young people nowadays know how to play. They actually used such a big trick to date?"

Am I the one not keeping up with the times?
