

THE MOST GENEROUS MASTER EVER Chapter 241

“What sword technique is this?”

As Ye Qiu moved slightly, the air seemed to be filled with sorrow, constantly coloring Tianmeng’s emotions.

In just an instant, she felt dazed.

That was an unprecedented feeling. In her life, only the sword that Xuanyi had stabbed her with back then would make her heart ache.

Now, Ye Qiu’s sword gave her this feeling again.

“What kind of sword technique was this? Why did it have such magical power?” Tianmeng asked curiously.

Ye Qiu said in a low voice, “This sword is called One World for One Flower. I went into seclusion for a long time and focused on seeking the Sword Dao. I finally comprehended a sword technique derived from the divine sword.”

As soon as these words were spoken, Tianmeng’s body trembled and she felt dazed. “One World for One Flower?”

When she first heard this, she actually felt like she had been enlightened by the Great Dao. It was infinitely profound.

Just from this name, one could tell that the power of this sword technique could not be underestimated. Moreover, the Great Dao and the truths contained in it were extremely profound.

After coming back to her senses, Tianmeng looked at Ye Qiu seriously for the first time. It was only at this moment that she truly acknowledged him.

“You’re very strong. You’re the first person in history to cultivate the Sword Dao to such a realm. Perhaps in the future, you can really verify your Dao with the sword. Unfortunately, you won’t have the chance.”

Tianmeng’s eyes turned cold. She waved her hand domineeringly, and the demon sword instantly emitted a soaring ruthlessness.

For a moment, the entire sky instantly darkened. The sword with the laws of the Great Dao attacked like a black cloud.

“Pfft...”

The power of a Martial Monarch instantly made Ye Qiu vomit blood. The difference between them was indeed huge. However, this alone wasn’t enough to defeat him.

After eating a Connate Extreme Spirit Pill, Ye Qiu instantly recovered. His gaze gradually turned cold. He knew better than anyone where his limits were. The insufferably arrogant female demon in front of him stood there like a huge mountain. Whether he could cross over depended on this strike.

“Tianmeng! Come and taste the power of the Sword of the World.” With a wild laugh, Ye Qiu instantly rose from the ground and soared into the sky.

This sword was a sword technique that Ye Qiu had comprehended after going into seclusion for a year and combining it with the third sword technique of the Cursive Sword Art.

One World for One Flower.

In an instant, the world suddenly lost its color. In the chaos, it was as if a spider lily had grown and was swaying in the darkness. A shocking power erupted, and the world began to tremble. The spider lily grew in the chaos and was on the verge of collapse.

Everyone was shocked and stunned by such a shocking method.

The flower emitted a dazzling light that instantly illuminated the entire world.

In the darkness, Tianmeng's face was very clear. Her eyes seemed to be infected by the sorrow and she began to fall into a daze.

"No!" As she muttered, Tianmeng shook her head crazily to get rid of her negative emotions. She turned around and realized that Ye Qiu had already arrived.

This strike could be said to be Ye Qiu's strongest strike apart from the third strike of the Cursive Sword Art.

The Immortal Slayer tore through the sky, and the blooming spider lily emitted a terrifying sword intent. It instantly erupted and cut a hole in the entire void.

Turning around, Tianmeng's face instantly turned cold as she berated, "Impudent! Stand down!"

At the critical moment, the demon sword in her hand slashed out, and the power of a Martial Monarch erupted. A terrifying demonic power swept through the entire Heavenly Abyss. In the storm, Ye Qiu's One World for One Flower was instantly destroyed.

“Pfft...”

Everyone was incomparably disappointed as they watched a white figure slowly fall from the sky.

“In the end, she’s invincible?” Meng Tianzheng said with a pale face. Ye Qiu, who could originally maintain his balance, had his balance completely broken as the demon sword appeared.

The Liuxian Robe was indeed strong, but the other party had a demon sword and the difference in strength was too great. In an instant, it pierced through Ye Qiu’s chest.

Everyone fell silent. Even the experts from the Infinite World who were watching the battle fell silent.

“Sigh... An ant trying to shake a tree. How laughable. It’s impossible to use the power of a King to shake the laws of a Martial Monarch.”

An old man shook his head and prepared to leave.

Someone said, “An ant trying to shake a tree is laughable. I think it’s better to change ‘laughable’ to ‘respectable’.”

“It’s respectable but he overrated himself. Everyone knows that the power of a Martial Monarch is untouchable, but there are still people who dare to challenge it.”

“Respectable, but lamentable...”

There were various opinions. This battle might also mean the complete destruction of the Eastern Wasteland. Some people felt pity, while others gloated. Everyone thought that the outcome was decided as they watched the white figure fall into the Heavenly Abyss.

Suddenly...

Drip...

It was the sound of water dripping. It was a very small sound, but it sounded especially loud in the silent sky.

“Pfft...”

Suddenly, Tianmeng spat out a mouthful of blood and fell from the sky as if she had lost weight.

This sudden scene shocked everyone.

“What happened?”

“There’s actually such a reversal?”

Above Qin Chuan, everyone’s expressions changed. They all looked at the sky and saw a drop of bright red blood falling from the flower Ye Qiu had left behind.

The moment the blood drop fell, the blood changed and gradually condensed into a powerful sword energy. In an instant, it erupted and actually pierced through Tianmeng’s body. Even she did not expect this small flower to have such a killing move.

That was Ye Qiu's last resort. The moment he fell, it also took Tianmeng away. The two of them fell into the Heavenly Abyss and smashed onto the ground.

Many people's eyes were already filled with tears at such a tragic scene.

"No! Master..." As she cried, Lin Qingzhu rushed out of the crowd like a lunatic, wanting to catch her master.

Ming Yue's eyes were filled with tears, but she tried her best to stop her. The might of a Martial Monarch realm expert was still present on that battlefield. Once she stepped foot on it, she would instantly be reduced to ashes.

After reaching Tianmeng's realm, even if she was already dead, her might could still survive for tens of thousands of years. Not to mention how many Paragon lives she had taken the moment the Monarch's aura erupted.

No one expected that the final outcome of this battle would be a one-for-one exchange.

Ye Qiu fell, and so did Tianmeng.

In the sky, Xuanyi watched this scene. There was no sadness on his face. He was very cold. It was as if he didn't care about Ye Qiu's death at all.

In the eyes of everyone, his abnormality seemed a little strange. Meng Tianzheng seemed to have seen something and was suddenly delighted.

"Could it be that Junior Brother isn't dead?"

In his surprise, Meng Tianzheng couldn't help but recall that Ye Qiu had specially gone to the back mountain to find Xuanyi to find a way to kill Tianmeng. The two of them definitely had a plan. The only thing that made Xuanyi so calm was that

Ye Qiu's death was also part of their plan. As expected, after a few minutes of silence.

Suddenly, the world rumbled and lightning surged. Everyone looked over and saw a fiery red figure climbing up from the Gobi Desert.

"Tianmeng!"

Everyone was shocked. Ye Qiu's last strike actually didn't kill her?

"It's the Regenerative Bone." Meng Tianzheng said coldly.

Tianmeng woke up again, her expression not very good. She had just returned from the nirvana of the Regenerative Bone and her body was still in a weak state.

"Damn kid, he actually held back and wasted my chance at nirvana." Tianmeng held her chest and cursed coldly. She looked at the huge pit created by Ye Qiu not far away and was furious. She prepared to whip the corpse to relieve the hatred in her heart.

At this moment, a white light suddenly descended from the sky. A Dao Flower in the sky slowly landed on Ye Qiu. He suddenly opened his eyes and stood up again.

"What!" Tianmeng was shocked and looked at Ye Qiu in disbelief. "You're not dead?"

Tianmeng was shocked. She had clearly cut off Ye Qiu's lifeline just now, but he was still alive. Could it be that he also had Regenerative Bone?

Facing her confusion, Ye Qiu smiled and didn't say anything. With a casual wave of his hand, a Dao Flower circling in the sky slowly landed on his body. As soon as the golden light dissipated, his peak aura instantly recovered.

"Haha, demon, are you very surprised?" Ye Qiu smiled faintly. Why wasn't he dead? It was actually very simple. Before the battle began, Ye Qiu had an immortal-grade Resurrection Pill in his mouth.

In the last second before he was seriously injured and on the verge of death, he swallowed it and revived with full health. However, Tianmeng was different. She used the Regenerative Bone to be reborn.

Previously, Ye Qiu had asked Xuantian about the mysteries of the Regenerative Bone. He had mentioned an important fatal weakness.

That was, every time the Regenerative Bone underwent nirvana, it would enter a short period of weakness. The purpose of his desperate strike just now was to make Tianmeng weak.

As long as Tianmeng entered a weakened state, he was confident in dealing with her. There was no need for Xuanyi to detonate another Regenerative Bone. It could be said that this was the most perfect method, but it was also very risky. Because Xuanyi wasn't sure if Ye Qiu could defeat Tianmeng, they were betting.

Fortunately, Ye Qiu did it.

Tianmeng's eyes instantly turned cold when she saw his faint smile. She looked at Xuanyi in the sky and immediately understood something.

"These are all your plans?" She couldn't believe that the man she had been unwilling to deal with had joined forces with Ye Qiu to scheme against her.

Xuanyi was expressionless when faced with her question. "Yes..."

"You..." Tianmeng lost control of her emotions and said in disbelief, "Do you really hate me so much? In order to kill me, you actually told others about the fatal weakness of the Regenerative Bone..."

Not one of the strongest experts in history knew the true weakness of this kind of heaven-defying precious bone. Only the person who grasped this bone knew, but who was willing to tell others their weakness?

Tianmeng never expected that Xuanyi would really tell Ye Qiu to deal with her.

Xuanyi's heart was incomparably complicated as he looked at her incredulous gaze. In the past, he had been deceived by this gaze. He had sacrificed so many people from the Heaven Mending Sect for him. At this moment, the hatred in his heart surged again.

"Tianmeng, there's only hatred between us, no feelings. From the moment you killed my Eldest Senior Brother, the grudge between us has already reached the point of no return."

As soon as these words were spoken, Tianmeng was in a daze, as if her strength had been sucked out. What she could not accept the most was Xuanyi's words.
