

THE MOST GENEROUS MASTER EVER Chapter 243

“Hmm?”

The Heaven Swallowing Demon Technique went all out. Tianmeng looked down coldly at the two of them. She suddenly discovered that Ye Qiu’s body was faintly emitting a strange aura.

Just as she was feeling puzzled, the world suddenly darkened. The vegetation within a hundred miles instantly withered.

“What’s going on?”

Everyone was shocked. This sudden change was unexpected.

“Look, these grass and trees have all withered.”

“And the rivers and waterfalls in the mountains have also dried up.”

“What’s going on?”

With just a slight movement, all the vegetation within a hundred miles withered. Such a phenomenon immediately attracted everyone’s attention.

Someone discovered that this magical power was emitted by Ye Qiu.

“What? He still has a trump card?”

Everyone was shocked. More and more powerhouses were watching above the Infinite World. Everyone was shocked when they saw Ye Qiu's sword technique.

"What sword technique is this? It's actually so terrifying..." A powerhouse said in shock. He had cultivated for thousands of years but had never seen such a strange sword technique.

Not to mention them, even Tianmeng revealed an uneasy and confused expression.

Looking at the white figure that was about to be trapped in the chaos, a powerful sword intent suddenly erupted.

"Oh no!"

Tianmeng was shocked and instantly retreated. The place where she was standing just now was actually split open by that sword.

The Infinite World trembled.

Under everyone's surprised gazes, they saw a white figure slowly walk out from the chaos with a Immortal Slayer Sword. His eyes were lifeless, like a god in the Nine Heavens. When he looked back, it made one feel like they were looking straight at death.

Bang!

A clear sound rang out. It was the sound of a sharp blade being unsheathed. Ye Qiu's sword circled in the air and returned to his hand.

In an instant, the world suddenly lost its color.

“What sword technique is this?” Tianmeng couldn’t help but ask. She could feel an unknown fear continuing in her heart. She had never seen such sword intent before. It was extremely terrifying.

“Demon, this is my last strike. Withers and Thrives Once A Year. Let’s end it here. All our grudges will be resolved with this sword.” Ye Qiu’s tone was emotionless as he said coldly.

Originally, he wanted to use One World for One Flower, but in order to weaken Tianmeng, he had used it once. Tianmeng was on guard. It would probably be difficult for him to produce any effect.

Now, he could only use this last strike.

“Withers and Thrives Once A Year? What kind of strange move is this...”

Everyone revealed puzzled gazes when they heard this name for the first time. Clearly, they did not understand the meaning of this sword technique.

As Ye Qiu held the Immortal Slayer, the white sky gradually darkened. In that law and order, time passed quickly. In the blink of an eye, the vegetation slowly turned dark yellow and gradually withered.

“It’s the Sword of Time Law!”

Everyone was shocked and finally understood what this sword meant. So the Withers and Thrives Once A Year he mentioned meant time? He could actually control the changes in time and deprive all living beings of their vitality through the passage of time?

This sword was not a sword from the mortal world. Even Tianmeng could not break free from the shackles of time.

Back then, Ye Qiu had said that the third sword technique of the Cursive Sword Technique was the strongest sword technique that surpassed time and space. It did not mean that it could ignore the restrictions of time and space like Killing A Person From Ten Thousand Miles Away.

Instead, it was powerful, even more terrifying than any secret technique of the time and space domain.

In just a few minutes, Tianmeng's hair began to turn white. She began to panic. She shouted angrily, "You want to kill me with time?"

Ye Qiu replied with a cold smile, "Why not? Demon, I admit that you're very strong. I'm not your match, but that doesn't mean I can't kill you."

Hearing this, Tianmeng's heart turned cold. Yes, now she completely believed that Ye Qiu could really kill her. Even a demon's vitality was limited. This power surpassed all techniques. Even the Heaven Swallowing Demon Technique was unable to affect it.

However, she didn't believe that Ye Qiu would use this technique to kill her.

"In this domain, our lives flow the same. Although you can kill me, you will also die. Do you want to exchange your life for mine?"

"Why not?" Ye Qiu revealed a crazy smile.

Tianmeng's heart trembled. This person was simply a lunatic. His thoughts were too crazy. Even Tianmeng, who had always thought of herself as a demon, could not believe that someone would have such crazy thoughts.

“You lunatic.” Tianmeng cursed. Her great achievements had yet to be completed. She did not want to die. If Ye Qiu wanted to go crazy, he could go crazy himself. She didn’t want to go to the netherworld with Ye Qiu, lest they have to fight on the way.

Under Ye Qiu’s sword, Tianmeng gradually lost control of her emotions and began to panic. She kept attacking the domain barrier, wanting to escape. However, under the shackles of time, she could not do anything.

She could escape from this domain as long as she took a step forward. However, no matter how hard she tried, she could not walk out of this domain.

Her vitality began to drain rapidly, and her hair turned pale. Tianmeng panicked. “Die!”

Realizing that she couldn’t escape, she could only risk her life and kill Ye Qiu before her vitality was exhausted. Only by killing him would she have a chance to escape.

In an instant, the demon sword was thrown out and stabbed towards Ye Qiu.

Suddenly, Ye Qiu, who had been silent for a long time, opened his eyes. Two sword energies instantly appeared in his eyes.

The dim world seemed to have lit up. A terrifying power continuously attacked the Infinite World.

After waiting for a long time, Ye Qiu’s sword was already fully charged. He instantly slashed out. Time seemed to have been cut off. The Immortal Slayer emitted a blood-red light and repelled the demon sword.

Ye Qiu charged forward and ruthlessly stabbed Tianmeng’s body.

The moment time was cut off, Ye Qiu's vitality was exhausted.

"No!" Tianmeng let out an indignant sound. Ye Qiu's sword not only cut off his time, but also hers. What she couldn't accept the most was that Ye Qiu's sword was actually aimed at her Regenerative Bone.

"You..." Tianmeng looked up at Xuanyi and let out an incredulous voice. It was impossible for Ye Qiu to know the location of her Regenerative Bone. Because she could change the position of the Regenerative Bone at any time and hide it in her body. Even if Ye Qiu opened his Heavenly Eye, he wouldn't be able to see it.

However, Ye Qiu's sword still hit her Regenerative Bone.

The fundamental reason was that the moment Ye Qiu attacked, Xuanyi used a great method to activate the Regenerative Bone in his body, causing the piece in Tianmeng's body to react. It was immediately exposed and had marked the location for Ye Qiu to hit her with a sword.

At that moment, the dim world suddenly regained its light. Everyone present stopped on the ground and looked up at the sky. They did not know what had happened. They only waited for the haze to dissipate before two figures slowly descended from the sky.

"Another one for one?"

This familiar scene was different from the last time. This time, no one could feel their life force. Clearly, they were both dead.

In the crowd, Lin Qingzhu's eyes were red and filled with tears. She covered her mouth and forcefully suppressed her cries. It was only at this moment that she finally accepted the fact that her master had already left her. From today onwards, she will bear the responsibility of Violet Cloud Peak and take care of her junior sisters alone.

For a moment, she felt weak both physically and mentally as she sat on the ground.

“Senior Sister.” Zhao Wan’er walked over to comfort the helpless Lin Qingzhu as she sat in the corner. They had lost their master who doted on them the most in today’s battle.

The two of them were equally sad. Unfortunately, Little Linglong was still asleep and did not know about her master’s death. Otherwise, she might completely go berserk.

In the chaos of despair, Xuanyi finally woke up. “Is it over?”

Xuanyi’s struggling body also fell at this moment as he looked at the two figures falling from the sky. The grudge that had troubled him for a hundred years had finally been resolved.

After a long time, Xuanyi struggled to stand up. He came to Tianmeng’s side and looked at her already cold body. His heart was very complicated.

A hundred years ago, he had the same scene and experience. This time, Xuanyi did not choose to hold back. He gathered his energy with one hand and slapped his chest.

“Pfft...”

Everyone was shocked when he spat out a mouthful of blood.

“Martial Uncle!” Meng Tianzheng was shocked and ran over like a madman. However, he was sent out by Xuanyi and could not get close.

“Don’t come over!” Xuanyi said weakly. He was already tired of this kind of life. In the past hundred years, he had dreamed of his senior brothers who had died for him countless times.

At this moment, he was finally free. He could finally go to the underworld to find his senior brothers. He slowly took out a scripture that recorded the Reincarnation Technique he had comprehended for a hundred years and threw it to Meng Tianzheng.

“Take this book and comprehend the reincarnation technique. After you master it, go to the Infinite Abyss and save those vengeful spirits who died tragically under the Infinite Abyss.”

After saying that, Xuanyi spat out a mouthful of blood and dug out his Regenerative Bone. He dug out Tianmeng’s Regenerative Bone with the other hand. The two bones collided, producing an extreme energy impact.

“No!” The elders of the Heaven Mending Sect roared hysterically. The last thing they wanted to see happened.

Xuanyi actually chose to use a blood sacrifice to completely destroy the Regenerative Bone and cut off Tianmeng’s hope of nirvana. From then on, there were no so-called Regenerative Bones in the world. They only existed in legends.

He was down...

His old body hugged the beautiful woman and fell into a deep sleep. All the ill-fated relationships began with a misunderstanding and ended with their deaths. His actions were like a programmer who had suddenly fixed an unmanageable bug.

In this battle, two kings died, and a Martial Monarch was annihilated. The Heaven Mending Sect won, but they paid a heavy price.

Everyone’s hearts were filled with incomparable sorrow. At this moment, the world suddenly emitted a dazzling light.

Three Dao Flowers suddenly flew out and gathered in the sky, forming the Three Flowers Summit.

“What is this?”
