

THE MOST GENEROUS MASTER EVER Chapter 248

The monkey below was already heading towards the monkeys. Because he was a foreign monkey, when he first mixed into the monkey group, he encountered the hostility of the monkey king and was in a bad situation.

“Squeak...”

“Where are you from? What are you doing here?”

The little monkey that was emitting golden light had just mixed into the group of monkeys when it was immediately questioned by the monkey king. It looked at him warily.

The little monkey was a little confused. It stammered for a long time and didn't know how to answer. He didn't remember anything. He only remembered that he seemed to have stayed in a cave beside a small pool for many years. There was an immortal sitting in the small pool cultivating. He relied on eating the spiritual energy that seeped out when that immortal cultivated to replenish his energy.

He could not remember anything else, nor could he remember that person's appearance.

After stammering for a while, the little monkey said, “I came from a cave.”

“Cave?”

When the monkeys heard this, they were confused.

The Monkey King carefully sized up the little monkey and discovered that this little monkey's entire body was golden. He couldn't tell what breed it was, so he gestured for the baboon to ask.

The baboon carefully leaned over and touched the little monkey with his big hand. "What kind of monkey are you? Why have I never seen you before?"

The little monkey was stunned for a moment before saying, "I'm a monkey that jumped out of a rock. I don't know what kind of monkey I am."

All the monkeys: "..."

.....

He jumped out of a rock? Which lonely warrior wouldn't even let go of a rock? This was a ruthless monkey.

"You jumped out of a rock, so you're a stone monkey?"

"Oh, right, right. Stone monkey, stone monkey."

The little stone monkey seemed to be quite happy when it heard this name and grinned. He seemed to have that social awesomeness. In a short while, he had become friends with this group of monkeys. He was not polite at all.

During this period, the monkey king wanted to test the stone monkey's strength to see if it was qualified to join the monkey group.

Who would have thought that as soon as they fought, the Monkey King would be defeated?

In the end, the position of the monkey king changed people!

The monkeys respected the strong because only the strong had the strength to protect the monkeys.

The little stone monkey only needed one punch to beat the monkey king to the ground. The monkey king, who originally wanted to test the little stone monkey, had lost his throne.

Everything that happened here happened under Ye Qiu's gaze. He did not interfere. Instead, he continued to watch and see what was so special about him.

This monkey jumped out from the seven-colored stone on Violet Cloud Peak.

Ye Qiu didn't know much about the rumors regarding that stone. It seemed to be the Heaven Mending Sect's inherited holy artifact. However, no one had unearthed its use for tens of thousands of years, so it had been abandoned in Violet Cloud Cave Abode.

In reality, the Heaven Mending Sect might have long forgotten about this stone since it was taken care of by every peak master of Violet Cloud Peak!

"A monkey that jumped out of a rock. Strange... Why do I suddenly have an ominous feeling?"

Ye Qiu stood on the mountain with a frown, feeling a little uneasy. But he couldn't tell what it was. The only thing he was sure of was that this monkey was definitely not a well-behaved person. Could his appearance be a sign of a calamity?

In just half an hour, this little stone monkey had become the new monkey king. Its development was really a little fast.

This was because when Ye Qiu was in seclusion, he was beside him and was nourished by the Chaos Green Lotus.

As soon as he was born, he possessed incomparably powerful strength. Not to mention an ordinary monkey king, even a Celestial realm expert would probably not be able to withstand a slap from him.

This monkey was born from heaven and earth. It carried Connate Qi and was extremely pure. There was also Ye Qiu's karma in it. Unknowingly, it was already tied to Ye Qiu.

Thinking of this, Ye Qiu suddenly looked up at the sky. He slowly pushed out his palms and began to deduce the heavenly secrets. He wanted to see where this monkey came from.

After deducing for several hours, Ye Qiu slowly retracted his palm. He frowned and saw something.

"Interesting. Is it born from calamity?" Ye Qiu's mouth curled up into an evil smile as he muttered to himself.

It seemed like he had no choice but to accept this disciple. This was because he had a great origin with Ye Qiu. This karma couldn't be cut off.

After confirming his thoughts, Ye Qiu instantly transformed into a monkey and flew down towards the monkey mountain. In less than a moment, he mixed into the monkey group and arrived in front of the new monkey king.

After taking over the monkey group, the little stone monkey was extremely happy. Unexpectedly, a few minutes after he was happy, a roar suddenly came from the side of the mountain.

"Roar..."

The monkeys were shocked by the deafening sound. All the monkeys fled in panic.

In less than a moment, the little stone monkey, who had thousands of monkeys fawning over it, instantly became a lonely person.

“King, run. The demon king in the mountain is here again.”

Just as the little stone monkey was in a daze, the baboon shouted from behind. When they turned around, they had already hidden in a small cave. From its tone, it seemed like this was not the first time the demon king had come to find trouble with the monkeys.

This small cave was their only shelter.

The little stone monkey was very puzzled when it first heard of a demon king. It stood up fearlessly. “What demon king? I’ll go meet him.”

“Gasp...”

Hearing this tone, Ye Qiu, who was secretly observing, sucked in a breath of cold air. This monkey was quite bold. Hearing this roar, all the monkeys fled in fear. Only he didn’t run and still wanted to compete with the other party?

Ye Qiu spread out his divine sense and instantly covered the entire East Sea. Soon, he found the so-called Demon King. It was actually an incomparably huge Long-arm Giant Ape. Its strength was at the Hidden Life Five Realms.

It could be said that he was the true overlord of this region.

Although the little stone monkey’s potential was not bad, it was almost impossible for it to defeat the other party.

In order to not let him die, Ye Qiu appeared and persuaded, "King, this demon king is very strong. You're not his match. You should avoid him first."

"Nonsense..."

It would have been fine if Ye Qiu didn't persuade it, but the more he persuaded the little stone monkey, the more excited it became. It insisted on fighting that demon king. As he spoke, he rushed out and leaped into the air. He shuttled through the forest and quickly found the Demon King according to the source of the sound.

"Idiot, where are you from? How dare you behave atrociously in my place..."

The Demon King revealed a disdainful expression when he saw the little stone monkey that had suddenly appeared. Suddenly, he spat out a mouthful of water.

"He... tui... Pfft..."

Ye Qiu was amused. This demon king was also a talent. This saliva was not very lethal but was extremely insulting.

The little stone monkey was drowned in saliva and was instantly furious.

Just as he was about to flare up, the Demon King grinned. "Yo, yo, little thing, your temper is quite bad. Come and hit me."

"Ah..." The little stone monkey immediately went berserk and punched the demon king's body. However, the other party did not move at all. It was as if his attack was like a mosquito bite. He did not feel any pain.

The little stone monkey was not a fool and immediately understood the difference in strength.

“Haha, little thing, are you done? It’s my turn. Don’t worry, I’ll be very gentle.” The Demon King smiled evilly, and his smile gradually became impudent.

The little stone monkey trembled. It watched as the other party slapped it, causing its body to twitch. After the slap, the other party stepped over again. The little stone monkey had an idea and fled.

With a whoosh, he disappeared.

“F*ck, so fast?” The Demon King was shocked. Such speed felt even faster than it running at full speed. What kind of monkey was this?

Soon, the little stone monkey returned to the cave where the monkeys usually hid from danger with a lingering fear. After this defeat, his confidence seemed to have been destroyed.

Seeing this, Ye Qiu knew that it was time to implement his plan.

The baboon explained. “King, don’t blame yourself. That Demon King once cultivated under a certain expert for many years and is extremely powerful. There are almost no opponents within a hundred miles. It’s normal for you to not be its match.”

“Expert?”

At the mention of this, the little stone monkey’s heart trembled. After this defeat, the desire to become stronger in its heart became stronger. He also wanted to become as strong as the other party. Only then would he have the ability to protect the monkeys.

“Where can I find an expert? I want to learn from him.” The little stone monkey said anxiously.

Hearing this, Ye Qiu pretended to casually walk out. He said thoughtfully, “I heard that there’s an immortal mountain on the other side of the sea called Penglai Mountain. There’s a cave abode on the mountain called the Tilted Moon Three Stars Cave. There’s an immortal in the cave called Patriarch Bodhi.

“King, why don’t you go to Mount Penglai?”

Hearing this, the little stone monkey immediately became excited. “Penglai Mountain, Tilted Moon Three Stars Cave, Patriarch Bodhi...” He muttered. This name sounded very powerful. He immediately said, “Alright, I’ll go to Mount Penglai, the Tilted Moon Three Stars Cave. Wait for me here. When I return from studying, no one will dare to bully you in the future.”

Hearing that the monkey had already taken the bait, Ye Qiu smiled evilly in his heart. His figure silently faded and gradually disappeared among the monkeys.

“Haha, interesting... I hope you won’t disappoint me too much.”

Before leaving, Ye Qiu turned around and looked at the monkey, revealing a meaningful smile.

After leaving the monkey group, Ye Qiu flew towards the sea, crossing a million miles of the East Sea. He stopped at a sea area. With a raise of his hand, an island rose from the sea.

Ye Qiu used a great method to evolve it, and an immortal island appeared. After setting up the blessed land of the Tilted Moon Three Stars Cave, he only needed to quietly wait for the monkey to take the bait.

After preparing everything, Ye Qiu turned around and returned to the Heaven Mending Sect. He could not be bothered to pay attention to Monkey's movements. This was also a test for him. If he died halfway, it would have nothing to do with Ye Qiu.
