

## THE MOST GENEROUS MASTER EVER Chapter 251

After she left, Ye Qiu looked up at the sky and smiled. He didn't say anything and left the Heaven Mending Sect.

Now, the first domain had already crashed over, and the second domain would arrive soon. Ye Qiu didn't know what the future world would be like. He had already reached the Martial Monarch realm. Above that was the legendary Deva realm.

Originally, with the situation in the Eastern Wasteland, it was almost impossible for Ye Qiu to break through to the Deva Realm, because the laws of heaven and earth were incomplete, mortals were not allowed to ascend to immortality.

Now that the Eight Desolates had fused and the laws of heaven and earth had gathered, those big shots who had hidden for countless years were about to surface. A battle between the myriad races was about to begin. Which race would inherit the providence of the world depended on the performance of these young people.

After leaving the Heaven Mending Sect, Ye Qiu flew towards the East Sea. There was still a monkey waiting for him there.

This monkey and Ye Qiu had a great relationship. If he could survive those difficulties and arrive at Penglai Mountain, it would prove that he was indeed an auspicious sign.

At this moment, in the vast sea, a monkey drove a small raft across the sea and drifted aimlessly. The huge waves kept hitting the raft, and many ferocious beasts in the sea jumped out to attack from time to time. The monkey was in a sorry state, but he did not give up. Instead, he continued forward.

Before that, he promised the monkeys that he would definitely learn a great divine power and return to protect them. Carrying the hope of all the monkeys, he set off. He crossed mountains and rivers and crossed the sea.

After countless hardships, he finally saw the legendary immortal mountain. The peak of the mountain emitted a dazzling light and immortal energy surrounded it, making it extremely stunning.

“Penglai Mountain, Penglai Mountain, I’ve finally found it!”

The moment he saw Mount Penglai, the monkey danced excitedly. He was accidentally slapped down by a huge wave and fell into the sea. Fortunately, he reacted quickly enough and grabbed the raft. Otherwise, he would have drowned.

At this moment, in the Tilted Moon Three Stars Cave of Penglai Mountain, Ye Qiu had already transformed into a white-haired immortal-like old man. He waited for the monkey to arrive.

Soon, a wet monkey tied the raft to a tree by the sea and happily rushed towards the Tilted Moon Three Stars Cave. He climbed up the mountain step by step and arrived in front of a blessed land. He looked at the words at the door and was stunned for a long time.

“What does it say?”

Yes, monkeys couldn’t read. He and Linglong had the same problem. They couldn’t read. When Ye Qiu realized this, the corner of his mouth twitched and he suddenly wanted to run. ?Damn, wasn’t this purely trying to ruin my mood? One Linglong was already enough of a headache for me. Now, there’s another monkey. Isn’t this too difficult?

“Ahem ahem...”

A cough came from the grotto-heaven and blessed land. Monkey was shocked. This voice sounded like the sound of the Great Dao, echoing in the mountain stream. It was very ethereal. He immediately determined that there must be an immortal inside.

“Who is it outside? How dare you disturb my cultivation.”

A stern voice came from inside. Monkey was so frightened that he hurriedly knelt on the ground. He hurriedly explained, "Patriarch, I heard that there is an immortal on the immortal mountain overseas. I came from the land of the East Sea and crossed the sea. I went through countless hardships to come here to seek immortal techniques. Patriarch, please take me in as your disciple and teach me the Longevity Immortal Technique."

"Oh?"

A confused voice came from inside. Monkey hurriedly looked up and saw a gust of wind at the door. An old man with an immortal bearing appeared in front of him.

"You monkey, how dare you. The East Sea is thousands of miles away. The road is filled with danger. If you're not careful, you'll die in the sea. How dare you lie to me?"

Ye Qiu's shout made Monkey tremble and he hurriedly explained. "Patriarch, I'm not lying. I'm really from the East Sea. If I'm lying, I'll let you punish me."

Ye Qiu smiled when he saw his frightened expression. It was done. This monkey had a very violent personality. He had to suppress his personality and make him fear him from the bottom of his heart. Otherwise, it would not be easy to discipline him in the future.

"Hmm, since you're sincerely seeking the Dao, I'll ask you a question." Ye Qiu smiled faintly and stared fixedly at Monkey, making him feel very guilty.

"Patriarch, please ask."

“Why did you cultivate?”

As soon as this question was raised, Monkey was stunned. After a while, he said, “Patriarch, there’s a great demon king around where I am. He often disturbs the peace of my monkeys and kills many of my clansmen. I want to cultivate an immortal technique and protect the monkeys.”

Monkey explained from the bottom of his heart. Hearing this, Ye Qiu smiled in relief. This monkey was still quite kind-hearted at this moment and had yet to be corroded by the evil of the world. As long as he could be taught well, he might be a good monkey in the future.

However, his past experience told Ye Qiu that this monkey might cause a huge disaster in the future. Therefore, it was better to continue teaching him in the image of Patriarch Bodhi. When he really got into trouble one day, who would he acknowledge as his master if others questioned him?

Ye Qiu could also say righteously that it had nothing to do with him. His master was Patriarch Bodhi, not him.

If you continue to spout nonsense, I’ll sue you for slander.

“Hmm, you’re quite responsible.” Ye Qiu smiled and continued, “What’s your name and where do you live?”

“Patriarch, I have no name or surname. I have no parents. I live in the East Sea, the Stone Flower Water Cave.”

“Nameless and without parents? Then didn’t you jump out of a rock?” Ye Qiu asked even though he knew the answer. As soon as these words were spoken, Monkey’s heart trembled.

As expected of the Patriarch. He could even guess this? Impressive. It seemed that he had not made a mistake this time. This Patriarch Bodhi was something.

“Hehe, that’s right, that’s right. I jumped out of that stone.”

At this point, Ye Qiu was in no mood to waste his breath on him. He went straight to the point. “Hmm, I see that you’re sincere. You came all the way here for the sake of seeking the immortal technique. I’ll make an exception and take you in as my disciple to impart you Dao techniques. Since you have no name, I’ll give you one. Your surname is Xun, and your name is Wukong.”

As soon as these words were spoken, Monkey was stunned for a moment and thought to himself, “Who is this Patriarch? His accent doesn’t sound like a local.”

“Xun Wukong? Hehe, good, good. Thank you for giving me this name. I like this name very much.”

Upon hearing it carefully, the name was not bad. Monkey was instantly overjoyed. From now on, he was a monkey with a name.

Just like that, Xun Wukong successfully became Ye Qiu’s disciple and became his fourth disciple. However, no one else knew about him, the fourth disciple.

After successfully accepting the monkey, Ye Qiu began his journey of nesting children. This monkey had great fortune. He had to make good use of this opportunity to trap it. When he first descended into the world, the golden and indestructible bone text that he was born with was stolen by Ye Qiu. Perhaps he didn’t even notice it. Otherwise, how could that demon king be his match?

Now, Ye Qiu could return this Invincible Vajra Body to him and use the system to turn a bicycle into a motorcycle.

“Wukong, follow me.”

Then, Ye Qiu jumped up and arrived at the peak of Penglai Mountain. Monkey was dumbfounded when he saw this scene.

“I didn’t expect Master’s strength to be so terrifying. I should be careful lest I anger him and be skinned alive. That would be bad.”

Xun Wukong felt a wave of fear in his heart and began to climb up the mountain. Not long after, he arrived at the peak and stood in front of Ye Qiu, at a loss.

Ye Qiu said, “Sit down. Today, I’ll teach you the Big Dipper Technique.”

“What is the Big Dipper Technique?”

Monkey was delighted when he heard this. Although he didn’t understand what it meant, he felt that it was very powerful.

Ye Qiu smiled faintly and said, “This is a supreme immortal technique. If you master it, you can achieve an indestructible body. Invincible against swords and spears, impervious to water and fire. How about it? Do you want to learn?”

Hearing this, Xun Wukong immediately became excited and nodded crazily. “I want to learn. Master, teach me.”

Xun Wukong did not expect that his master would teach him such a powerful immortal technique as soon as he became his disciple. He was incomparably touched. How could he have known that Ye Qiu had taken what belonged to him and passed it to him? Yet, he kept thinking about his master’s kindness.

The capitalists shook their heads when they saw this. It was too ruthless. But did that matter? No, it didn’t.

“Sit down. I’ll teach you now.”

Ye Qiu smiled and gestured. Monkey sat down on the peak of Penglai. The scorching sun in the sky shone on his body, making him feel a burning pain.

Ye Qiu gently stretched out his hand, and a golden rune surged out crazily, punching into the monkey’s body. In an instant, the golden runes fused into it, and the monkey was incomparably surprised. He didn’t seem to need to comprehend it and directly mastered it. The rune seemed to belong to him to begin with. It instantly fused with his body, and his physical strength instantly changed.

“Hiss... It’s so comfortable.” Monkey sucked in a breath of cold air. He could feel that his body had become even tougher after fusing with this golden rune. His strength also began to increase explosively, and his various attributes increased greatly.

After an unknown period of time, when the monkey had completely adapted to this golden rune, Ye Qiu slowly finished. He then said, “Just now, the bone rune I injected into your body not only contained powerful energy, but also a powerful mental cultivation technique.

“You have to comprehend the Big Dipper Technique well in the future. Comprehend this Dao at the top of the immortal mountain every morning. Remember, don’t neglect your homework.”

Hearing Ye Qiu’s instructions, Monkey hurriedly nodded and didn’t dare to refuse.

This Big Dipper Technique was his innate inherited precious technique. It had completely fused with his body. Ye Qiu didn’t need to teach him at all and he could circulate it on his own. However, if he wanted to comprehend the profundities, he had to be able to read.

Fortunately, this monkey’s comprehension was extremely strong and its talent was extremely high. It was not like Linglong, who had the restrictions of a seal and could not read.

He learned very quickly, and Ye Qiu was finally relieved.

[Ding...]

[You have imparted a Big Dipper Technique to your disciple, triggering a Critical Hit Return. Do you want to activate it?]

“It’s here.”

This familiar voice finally sounded.
