

THE MOST GENEROUS MASTER EVER Chapter 271

This Connate Great Recovery Pill was refined by Ye Qiu, so it could still trigger a critical hit. Last time, he used this thing to get many Connate Extreme Spirit Pills. He wondered what he would get this time.

The Connate Extreme Spirit Pill was quite useful. If not for this thing when he was fighting Tianmeng, Ye Qiu might not have been able to last until the end.

Currently, he had many medicinal pills in his hands, but the only ones that could be used were the Extreme Spirit Pill and the Resurrection Pill.

The two had the same effect, but the effect of the Resurrection Pill was stronger. Not only could it recover his hp and mana, but it could also revive the dead. It could be said to be a miracle pill. A pill could let one live for long.

As for the Extreme Spirit Pill, it only had a super strong recovery effect. It had yet to reach the point of reviving the dead.

Ye Qiu was delighted when he heard this familiar voice. He wondered what it would trigger this time. If there were more Extreme Spirit Pills, he could accept it. However, it was best if it was the Resurrection Pill. This was what Ye Qiu lacked the most right now.

Last time, he had used two pills to fight Tianmeng, and Qi Wuhui had used another one. Now, he still has seven. He did not know what kind of enemies he would face in the future. Of course, the more these things there were, the better. One more life was equivalent to one more chance and one more hope.

“Activate, activate!” Ye Qiu shouted excitedly. With his previous return as a cushion, it should be a huge return, right?

Ye Qiu quietly waited for the prize with a nervous heart.

[Ding...]

[Congratulations, you have triggered a ten thousand times critical strike...]

“F*ck, ten thousand times. Haha! I was right about you, system with conscience.”

Before he heard anything, Ye Qiu became excited when he heard ten thousand times.

Haha, it was great, it was great. This system was too kind. Where could he find such a good system? Forget about the return. Ten thousand times? How could this thing be bad?

Moreover, this was a double return on the item. According to the system’s settings, there was a certain probability of triggering a number of returns. However, he did not know how many he would trigger.

After a short period of excitement, Ye Qiu calmed down.

“Phew... Let’s continue with the prize. Let me see what I get.”

[Congratulations, you have triggered Ten-thousand-fold Return and obtained a hundred immortal-grade Resurrection Pills.]

“Hiss... What did I say? Why am I so good at predicting?”

After looking at the reward, Ye Qiu was shocked. Was his mouth blessed? Just now, he was still worried that there might not be enough Resurrection Pills. Now, he had another hundred? F*ck, these hundred Resurrection Pills and this Connate providence, it would be difficult for him to die even if he wanted to.

“Hehe, double the happiness. Ah... Awesome...”

The Novel will be updated first **on** novelbin.net

Ye Qiu let out a long sigh. It was as if something in his body had been vented, and his soul had sublimated.

A hundred, a hundred pills. It would never be used up in a lifetime. With these hundred Resurrection Pills, Ye Qiu could be said to be as steady as an old dog in the upcoming chaotic world. Be it him or the people closest to him, they could all receive a good guarantee. It was enough to make sure they were safe.

Soon, Ye Qiu successfully took out these hundred Resurrection Pills from the system and put them into his storage treasure.

Ye Qiu gradually calmed down and regained his usual indifference, as if nothing had happened.

Soon, Lin Qingzhu woke up. She had just eaten a Connate Great Recovery Pill and her complexion had returned to normal. Her physical condition was very good.

“Master,” Lin Qingzhu called out sweetly and stood up happily.

“Yes, how do you feel?” Ye Qiu smiled and asked.

Lin Qingzhu opened her arms and spun around. She felt the terrifying power fluctuation in her body and was incomparably happy.

“Master, I’ve already reached the late-stage of the Cardinal realm. I feel very good. Master’s cultivation is extremely pure. It actually has no side effects on my mental state.”

Lin Qingzhu was really happy. She thought that she would have to spend a lot of time refining this power. However, she did not expect this power to be so pure and compatible. Under the evolution of the True Primordial Record, she could completely obtain it without any effort.

This might be related to the effect of the Chaos Green Lotus. Ye Qiu nodded. He then said, “Alright, that’s good. I hope you can comprehend the True Primordial Record that I’ve imparted to you. This will be extremely helpful to whether you guys can become immortals in the future.

“The laws of the world are also divided into different levels. With such a cultivation technique in hand, you are already ahead of those so-called geniuses.”

“Yes, yes. Don’t worry, Master. I will definitely comprehend it well.”

Lin Qingzhu had always been very obedient to her master’s instructions.

Soon, Zhao Wan’er woke up. Ye Qiu took a look at her situation and nodded in satisfaction.

Zhao Wan’er’s cultivation stopped at the early-stage Cardinal realm. Although she could not reach the late-stage, this improvement was already not bad. The current her could also become a genius and walk side by side with those so-called innate supreme beings.

Originally, Ye Qiu was most worried about her. He kept feeling that he had doted on his eldest disciple too much and neglected her. He felt a little guilty. Now that he had compensated her, it could be considered a consolation.

Fortunately, this second disciple was optimistic by nature and did not have any extreme thoughts. She had a gentle personality and did not resent anything.

“Thank you, Master, for imparting your cultivation.”

After waking up, Zhao Wan'er smiled gently and slowly stood up. Her actions had always been elegant, unlike Little Linglong, who would smile when she's happy, cry when she's sad, and start a massacre when she was angry. Unlike Lin Qingzhu, who was very docile in front of her master and cold to others. She was like this no matter who she treated. Perhaps it was because of her many years of royal etiquette.

These three disciples had different tempers, but they all had one thing in common, and that was, they are very dependent on their master.

Ye Qiu was already very satisfied with this.

“Master, if you hadn't imparted your cultivation today, I don't know how many years it would have taken for me to reach the Cardinal realm. Master, you're so good to me. How should I repay your kindness?” Zhao Wan'er smiled playfully and teased.

Ye Qiu was amused when he heard this. He knocked her little head and said, “Haha, silly girl, what are you saying? Since you've acknowledged me as your master, how can I hide anything from you? This is what I should do. I don't ask for much. I only hope that you can be happy every day and be satisfied.”

When the two of them heard this, they were deeply moved. They could both feel how good their master was. How could they not understand that everything their master did was for them? However, they did not know how to repay their master.

After thinking for a moment, Lin Qingzhu tugged at Ye Qiu's hem and smiled sweetly. “Master, I'll cook something delicious for you, okay?”

“Hmm... that's good too.”
