

THE MOST GENEROUS MASTER EVER Chapter 277

“A major realm? Then can I enter the King-Ranked realm in one step?”

This was a legendary realm. If it was in the past, Qian Yi would not have thought so. His greatest dream was to reach the peak of the Paragon realm. He never thought that he would be able to reach the King-Ranked realm one day.

However, he never thought that Ye Qiu would send him into the abyss with just one palm and pull him to a high mountain with another.

After carefully comprehending the Violet Cloud mental cultivation technique, Daoist Qian Yi was incomparably excited. If he could really comprehend the profundity of this technique and successfully reconstruct it, he could indeed become a King-Ranked in one step.

This was definitely not a joke because he had accumulated a lot of power in his body due to his years of bitter cultivation. He would erupt with all his might in a breath's time. He would first break through and then rebuild his golden body. He could reach the heavens in a single step.

The more he thought about it, the more excited he became. Daoist Qian Yi directly entered a meditative state, sat down quietly, and began to comprehend the Dao. He analyzed Ye Qiu's new mental cultivation technique bit by bit. The more he understood, the more shocked he became.

This mental cultivation technique had already been completely modified by Ye Qiu. Not only did he perfect the flaws inside, but he also added some immortal techniques. It allowed this technique to cross the boundary of the Heaven-grade in one step and touch the God-grade domain.

Seeing that he had already begun to get into character, Ye Qiu smiled faintly and slowly finished his work. “Haha, how much you can gain will depend on your own luck.”

Through this matter, Ye Qiu also fulfilled a wish for his master, Daoist Xuantian, and successfully perfected the Violet Cloud Treasured Tome. This was the last wish of many generations of ancestors. He didn't expect it to be successfully perfected in Ye Qiu's generation.

[Ding...]

...

[You helped Daoist Qian Yi perfect the flaw of the Violet Cloud mental cultivation technique, triggering a Critical Hit Return and obtaining a chance to restore a secret technique.]

"Hmm?"

As soon as this voice appeared, Ye Qiu was stunned. This system could be played like this? This was the first time he had experienced such a thing. He was really shocked. It turned out that helping someone to perfect a cultivation technique could trigger such a reward?

"Oh, not bad... Not bad... I've profited greatly this time."

Ye Qiu was delighted. He didn't expect that while solving this problem for Qian Yi, he could also solve a problem for him.

[Do you want to activate Critical Hit Return?]

Hearing this, Ye Qiu rubbed his hands together and became even more excited.

"Hehe, let me see how many chances I can get."

Currently, Ye Qiu actually had quite a number of incomplete secret techniques.

The Novel will be updated first *on* novelbin.net

The first was the True Primordial Record. In addition, the Godfiend Body Tempering Technique was also an incomplete technique. True Dragon Golden Body, Kun Peng Treasure Technique, Cursive Sword Art, Infinite Universe Palm, and so on were all incomplete.

This was because these secret techniques were originally supreme immortal techniques. The highest critical strike triggered by the things Ye Qiu gave back then could only reach this step.

Therefore, what he obtained were some incomplete secret techniques that had been reduced.

Even the Red Lotus Karmic Flame that Zhao Wan'er cultivated was an incomplete one. Therefore, she had a huge problem.

However, it was fine now. If he was lucky and triggered a high critical hit return, he would be able to obtain a few more restoration opportunities. These problems could be resolved.

Thinking of this, Ye Qiu became even more excited.

“Hehe... activate.”

[Ding...]

[Congratulations, you have successfully received a Critical Hit Return and obtained three chances of restoration.]

As soon as he finished speaking, the smile on Ye Qiu's face disappeared.

"Damn it, I forgot to put in a cushion."

This is infuriating. After all this time, he only had three chances of restoration. If he had known earlier, he would have placed a few cushions and raised the multiplier. This was even worse than the system of a goose factory. It was only three times. Was he trying to get rid of a beggar?

After a long time, Ye Qiu gradually recovered.

"Phew... Forget it. Three times it is. Anyway, I didn't expect to trigger ten thousand times."

This probability was quite in line with the system's style. After all, this was a special return. It was impossible to give Ye Qiu a thousand or ten thousand times. Otherwise, wouldn't it be laid off in advance?

Therefore, this critical hit probability was reasonable.

Since it was a limited number of times, Ye Qiu had to seriously think about how to make good use of this restoration opportunity.

"Hmm? Wait..."

Just as he was thinking about how to deal with this restoration number, Ye Qiu glanced over and saw Zhao Wan'er standing at the side.

An evil thought suddenly appeared in his mind.

Since the restoration of cultivation technique could trigger the number of Critical Hit Recovery, wouldn't he be able to trap another wave of children if he repaired Zhao Wan'er's Red Lotus Karmic Flame?

Isn't this a bug?

Thinking of this, the smile on Ye Qiu's face gradually became crazy, making Zhao Wan'er panic. Why did her master's gaze feel like he wanted to eat her?

"M-Master, what's wrong? Why are you looking at me like that?"

Zhao Wan'er's heart raced. She blushed slightly and was a little embarrassed, not daring to look her master in the eye.

Seeing her so flustered, Ye Qiu said in amusement, "Damn girl, what are you panicking for? Would I eat you?"

"Hard to say..." Zhao Wan'er lowered her head and muttered softly. After all, her master's gaze just now was indeed very wrong.

Hearing this, Ye Qiu was instantly furious. This little darling was a little rebellious. Indeed, his eldest disciple was more heartwarming. She listened to her master and obeyed him.

Shaking his head, Ye Qiu didn't say anything else. Instead, he began to think about how to trick her.

Currently, he has three chances of restoration. Ye Qiu planned to use one of them to try if he could jam the bug. After all, the system's warning back then was that the items that were returned through the system could not trigger a return even if he passed to the disciples again.

However, it did not say that he could not trigger a Critical Hit Return to make up for his disciple's incomplete cultivation technique.

There was a bug in this. It was not rigorous.

Therefore, Ye Qiu planned to give it a try. It didn't matter even if he failed. It could solve his second disciple's biggest problem. It would be best if it succeeded. It would be the best of both worlds. In any case, it was not a loss.

Ye Qiu prepared to use one of the remaining two chances to restore the Cursive Sword Art. The other was for the Godfiend Body Tempering Technique to recover the body tempering secret technique to a perfect state.

It corresponded to his Qi Refinement mental cultivation technique, Primordial Chaos Immortal Technique, and the Eternal Evergreen Record. The two combined and opened up a supreme Great Dao.

"Perfect! It's decided!"

After deciding, Ye Qiu immediately began to operate, saying, "Activate the restoration of Cursive Sword Art and Godfiend Body Tempering Technique."

[Ding...]

[Congratulations, you have successfully restored it.]

[Obtained Supreme Immortal Art, Cursive Sword (complete)]

[Obtained Supreme Immortal Technique, Godfiend Body Tempering Technique (complete)]

“It’s in the immortal grade.”

Ye Qiu instantly sucked in a breath of cold air when he heard that cold voice.

F*ck, it was really a supreme immortal technique after it was restored. F*ck, Daoist Qian Yi, I love you to death. You’re my lucky star. From now on, you are my underling. Tell me if anyone dares to bully you in the future, I will kill them for you.
