

THE MOST GENEROUS MASTER EVER Chapter 284

Now, with the Red Lotus Karmic Flame, Ye Qiu already had four supreme immortal techniques.

Among them, the Eternal Evergreen Record was a Qi Refinement mental cultivation technique, the Immortal Demon Record was a body tempering technique, and the upgraded version of the Cursive Sword Art, the Nine Leaves Slash The Stars. All these were supreme immortal techniques.

Coupled with the terrifying enhancement of the Red Lotus Karmic Flame, his sword force increased several times. It could be said to be a perfect immortal technique with no flaws. It could resist and fight, block attacks, withstand mental demons, cut through time, and break space.

It's perfect.

This was the Red Lotus Karmic Flame that he had just helped Zhao Wan'er restore. He wondered if she would be able to successfully trap the child again.

Ye Qiu suddenly looked forward to it. Just now, he had deliberately not passed the complete Red Lotus Karmic Flame to Zhao Wan'er. Instead, he restored her technique and made up for her shortcomings on her original foundation. Because only then could it truly be considered restoration.

"Hehe, come on, come on. Let me see if I can trigger the bug." Ye Qiu revealed an evil smile and gradually became impudent.

"System..."

A cold mechanical sound rang out.

[Ding...]

[You have restored your disciple's cultivation technique, triggering a Critical Hit Return.]

...

[Do you want to activate it?]

"F*ck, it really works?"

Ye Qiu's heart immediately became excited. This can also work? Doesn't that mean that I can use this bug to trap children indefinitely in the future? That was a good thought.

[Do you want to activate Critical Hit Return?]

"Activate."

Ye Qiu didn't hesitate and immediately activated it. He was afraid that if he hesitated for a second more, the system would go back on its word. That would be a loss.

[Ding...]

[Congratulations, you have triggered the quadruple return and obtained four chances of restoration.]

"Hell!"

Damn it, he forgot to put a cushion again. Sigh, he was careless.

As soon as this critical hit appeared, Ye Qiu was instantly exasperated. It wasn't easy for him to succeed once, but it was another low critical hit. However, after this time, he finally understood that the critical strike rate of this restoration was indeed very low.

None of them broke through ten in one go. It seemed like this was the best type of critical hit return, so the probability of a critical hit was relatively low. It was a little like the lucky draw probability of a pig factory.

"Hmm... Forget it. So be it. Four times is enough."

Greed is like a snake trying to swallow an elephant. It was better to be content with what you had. It was not good to be too greedy. Ye Qiu didn't expect to trigger a high critical hit in the first place. Four times was not bad.

"Receive."

Afraid that the system would go back on its word if he received it too late, Ye Qiu immediately accepted it and didn't give the system a chance to go back on its word.

As a golden light descended, Ye Qiu successfully obtained these four restoration opportunities. Next, he should think about where to use these four opportunities.

"Hmm... This is a question worth pondering. Why don't I do it again?"

Looking at Zhao Wan'er, Ye Qiu revealed an evil smile and gradually became impudent. Making use of bugs was really addictive. It would be a waste not to accept these free benefits.

However, the moment this thought appeared, the system killed it.

[Ding...]

[Detected that the host is making use of the bug. Due to the loophole in the system rules, we will not pursue this matter and will give a warning. Note: Once again, anything gifted by the system, no matter what it is, will not trigger another Critical Hit Return. The number of restorations is the same. Things restored by the system will no longer trigger a return.]

This time, the system specially emphasized that what was gifted by the system would not be triggered again.

In other words, the restoration chances given by the system could not trigger a return.

After figuring this out, Ye Qiu smiled bitterly. It seemed like this system was quite humane. If others were to discover the bug, the reward might be taken back. However, it couldn't be bothered to take it back. It only repaired the bug and gave a warning before it was gone.

[Ding...]

[You have given your disciple a chance to receive heaven and earth nourishment, triggering a Critical Hit Return. Do you want to activate it?]

[Ding...]

[You have increased your disciple's aptitude and bone structure, triggering a Critical Hit Return. Do you want to activate it?]

Ye Qiu instantly sucked in a breath of cold air when he heard the system's voice again. F*ck, three blessings in a row? Oh my god, I've never experienced it before. Life is so wonderful. My happiness is doubled.

"Activate, activate!"

Ye Qiu immediately activated it. He had really profited greatly this time. He did not expect that helping Zhao Wan'er restore the Red Lotus Karmic Flame would cause so many butterfly effects and trigger many returns.

Firstly, her divine bones had transformed into immortal bones. It was a change in her innate talent.

After restoring the Red Lotus Karmic Flame, she cultivated this technique. With the help of the immortal bone's feedback, she entered a state of epiphany and obtained Heaven and Earth Nourishment.

Indirectly, Ye Qiu also obtained a chance to deal a critical hit.

"Activate!"

With that, the wheel began to dance.

Ye Qiu began to feel nervous.

“Ten thousand times, ten thousand times, ten thousand times.”?He kept shouting in his heart, but he sat up high without saying a word. From time to time, he would laugh.

It made Daoist Qian Yi panic and lose his mind. He did not dare to say anything. He only silently lowered her head, not daring to look.

[Ding...]

[Congratulations, you have triggered Ten-thousand-fold Return and your aptitude has increased.]

As soon as he finished speaking, a wave of chaotic energy suddenly surged in and occupied Ye Qiu’s entire body.

Ye Qiu was shocked. Just as he hurriedly checked the situation in his body, he saw three Dao Flowers swaying in the chaos. The moment the chaotic Qi was injected, the three Dao Flowers were dyed with a layer of mystery.

“This is...”

Ye Qiu was shocked. He didn’t know why, but the system said again.

[Congratulations, you have successfully upgraded the Connate Dao Body and obtained the Primordial Dao Body.]

As soon as it finished speaking, there was a sudden change in his body. The terrifying chaotic energy began to exert force. Ye Qiu’s limbs, bones, and internal organs began to mutate. Under the baptism of the Chaotic Qi, he began to transform, and his body was unconsciously surrounded by immortal energy.

“Supreme Immortal Body! The strongest physique in history.”

After a while, Ye Qiu sucked in a breath of cold air and instantly understood something. His Connate Dao Body had actually advanced after this critical hit. He had become the true strongest physique in history, the Primordial Dao Body.

If the Connate Dao Body was the strongest physique in the mortal world, then the Primordial Dao Body was the strongest physique in the Heavens. He had the fully deserving body of an Immortal Emperor. Since ancient times, those who had such an immortal body were all Immortal Emperors who dominated a world.

Ye Qiu was shocked. He could feel that after his Dao Body advanced, his cultivation speed had increased by tens of thousands of times.

The secret techniques that were difficult to comprehend back then had become very simple in his eyes.
