

THE MOST GENEROUS MASTER EVER Chapter 290

Lin Qingzhu and Zhao Wan'er had the same situation. She also had a divine bone in her body called the Mystical Ice Bone. Its quality was almost identical to Zhao Wan'er.

However, the difference was that the two were completely opposite attributes.

One was ice, one was fire.

Back then, Ye Qiu had taught Lin Qingzhu the Nine Nether Frost Technique through the return from the Red Lotus Karmic Flame. Its quality was similar to the Red Lotus Karmic Flame.

Moreover, it was also incomplete, but Ye Qiu didn't know how terrifying this complete Nine Nether Frost Technique was.

The more he thought about it, the more curious he became. Ye Qiu turned around and looked at his obedient disciple. A meaningful smile appeared on his face and he gradually became impudent.

Lin Qingzhu blushed when she met her master's evil gaze, and her heart raced.

"Oh no, Master wouldn't have any strange thoughts, right?" The more she thought about it, the redder her face became. Her shy appearance was very cute. She even looked forward to it.

After a while, Lin Qingzhu cursed herself in her heart. Her master was such an upright person. How could she think of him as that kind of person? Moreover, so what if her master really wanted to? Her master's kindness to her was as heavy as a mountain. She did not have any complaints even when she handed her life to him.

Ye Qiu didn't know what his precious disciple was thinking. If he knew, he would probably hit her head with a stick.

“Disciple,” When he reached the depths of Violet Cloud Cave Abode, Ye Qiu suddenly stopped and pretended to be very serious.

Lin Qingzhu’s heart trembled and she began to feel nervous.

“Master, what’s wrong?”

.....

She was puzzled. Ye Qiu continued, “The Path to Heaven is about to open. I have nothing to help you with. You have to rely on yourself to continue your path in the future. You saw it today. Your junior sister has already been reborn. I don’t have to worry about her future. What I’m most worried about now is you.”

At this point, Lin Qingzhu’s heart trembled. She was very touched. No matter what, her master had never forgotten her. How could she not understand this principle?

Lin Qingzhu choked and said in a low voice, “I’m sorry, Master. I’ve disappointed you.”

She blamed herself. She also wanted to perform better to make her master happy. However, her aptitude was limited. She had already done her best.

In the current Great Desolate World, who didn’t know that she, Lin Qingzhu, was Ye Qiu’s disciple? In the future, if she lost to others on the battlefield, it was tantamount to embarrassing her sect and her master. She didn’t want to lose, so she kept holding on.

Ye Qiu looked at her pitifully when he saw her blaming herself. He was secretly delighted.

“Hehe, my emotions are here! I can start operating.” Ye Qiu smiled evilly in his heart and comforted her, “I know you’re under a lot of pressure, but you don’t have to worry. Today, I’ll teach you a supreme immortal technique.”

“What!”

As soon as these words were spoken, Lin Qingzhu’s heart trembled. She couldn’t believe her ears. Her master wanted to teach her a supreme immortal technique?

This...

Could it be that she could also master this legendary immortal technique like her junior sister? However, her aptitude was not enough to comprehend immortal techniques. Even if it was a divine technique, it was very difficult to comprehend.

While she was shocked, she was also hesitant.

Ye Qiu continued, “Don’t be surprised. I have a way to let you learn.”

Hearing this, Lin Qingzhu finally relaxed and revealed a sweet smile. “Yes, yes. Thank you, Master. You’re the best.”

There was nothing more comforting than her master’s words. She firmly believed that as long as her master promised her, he would never go back on his word.

“Alright, sit down.”

Ye Qiu instructed her to sit down and immediately began a series of operations. Previously, Ye Qiu had obtained four chances of restoration through the bug. Through the system's understanding, he understood one thing. This restoration opportunity did not only exist in secret techniques.

At the same time, it could restore treasures.

This really surprised Ye Qiu.

Therefore, Ye Qiu's original plan was to repair the True Primordial Record, the Immortal Slayer Sword, the Infinite Universe Palm, and the True Dragon Treasure Technique. Because he had a better replacement, he gave up on the True Primordial Record and prepared to restore the Kun Peng Treasure Technique.

But looking at his beloved disciple, Ye Qiu was prepared to give up this opportunity and give it to her. Therefore, he reorganized his previous plan.

Among these four opportunities, the first one was to restore Lin Qingzhu's Nine Nether Frost Technique to see if it could trigger the reaction of the divine bone in her body. After all, the divine bone in her body was already perfectly compatible with her cultivation technique, similar to Zhao Wan'er's situation.

If she cultivated a stronger immortal technique, she would probably undergo a huge transformation like Zhao Wan'er, allowing her to reach the extraordinary realm.

Of course, this was all Ye Qiu's personal guess. What kind of shocking change would happen would depend on her own luck.

Ye Qiu didn't hesitate and said, "System, restore the Nine Nether Frost Technique."

[Ding...]

[Congratulations, you have successfully repaired it and obtained a supreme immortal technique: Mystic Ice Technique.]

“Immortal technique? It’s indeed an immortal technique. Damn!”

Ye Qiu sucked in a breath of cold air as he looked at the complete scripture lying in the system. He was indeed right. The complete chapter of the Nine Nether Frost Technique was indeed a terrifying existence not inferior to the Red Lotus Karmic Flame.

No wonder the system said that the grade of an item would be similar for the return received.

The system was not lying.

This Mystical Ice Technique could be said to be a secret technique that completely countered the Red Lotus Karmic Flame. One was ice and the other was fire. These were two completely opposite extreme attributes.

Its strength did not belong to the Red Lotus Karmic Flame at all.

If the Red Lotus Karmic Flame could burn karma, then this Mystical Ice Technique was the nemesis of mental demons. As long as one cultivated this technique, they would no longer be troubled by mental demons in their lives. Moreover, they would even be immune to all kinds of bewitching secret techniques.

Ye Qiu was shocked. This was an existence that was completely comparable to the Chaos Green Lotus. Moreover, this immortal technique was bone-chilling. When used, the cold aura that filled the sky could instantly freeze thousands of miles of plains. It was a large-scale destructive killing move.

“Oh my god, if I cultivate this technique again, what kind of terrifying situation will it be?”

Ye Qiu didn't dare to imagine and took a deep breath. He had never lost out much when he exchanged benefits for his disciples. Did he lose out this time? No, no, no, you might have made a small profit, but I'll never lose out.

“Hehe, ice and fire? Interesting. Let me see what's so special about it?”

Rubbing his palms together, Ye Qiu snorted: “Comprehend.”

In an instant, the Mystic Ice Technique scripture entered Ye Qiu's mind and he looked at the obscure scripture.

Ye Qiu's three Dao Flowers bloomed and his comprehension was fully activated.
