

THE MOST GENEROUS MASTER EVER Chapter 292

In the silent cave, a bone-chilling coldness erupted wantonly. In the biting cold wind, Ye Qiu continued to deduce the Mystic Ice Technique. He tried to push his immortal body to the most perfect state.

Time passed bit by bit. Ye Qiu gradually adapted to this coldness and quickly grasped the essence of the Mystical Ice Technique.

Lin Qingzhu, on the other hand, had already entered a state of metamorphosis. She only needed to wait for the opportunity to enter the realm and be reborn.

A month passed just like that. The entire Violet Cloud Cave Abode was very calm. Even the entire Violet Cloud Peak was silent. The cyclone surrounding the peak of the mountain had yet to dissipate.

The disciples of the seven factions sat cross-legged in the mountain stream and cultivated silently. In this month, the overall strength of the Heaven Mending Sect had increased several times.

What was even more surprising was that those genius disciples who had just entered the sect finally began to erupt with their astonishing potential.

In the future, they would successfully surpass his senior brothers.

Among them, the most talented one was Wang Teng from the First Peak. This person was born with a Saint Body.

He had astonishing talent and extremely strong comprehension ability.

Back then, he wanted to enter Violet Cloud Peak, but he failed. Later on, he was accepted by Meng Tianzheng. His potential was not inferior to Liu Qingfeng at all. In fact, in this month, he even had the intention of surpassing Liu Qingfeng.

Fortunately, Liu Qingfeng had improved rapidly in the past month and had already broken through to the Cardinal realm. He had stabilized his status as the Eldest Senior Brother.

Ye Qiu's gift directly increased the overall strength of the Heaven Mending Sect. He was already starting to look forward to it. Would the other party be dumbfounded when they discovered that so many experts had suddenly appeared in the Heaven Mending Sect?

However, although they thought so, the Heaven Mending Sect of the Heaven Domain's strength was indeed not as unbearable as they had imagined.

Another month passed.

On this day, in Violet Cloud Cave Abode.

Suddenly...

Boom!

With a loud bang, the cave trembled. It was like a bolt of lightning had suddenly broken the original silence.

Lin Qingzhu, who was cultivating, hurriedly opened her eyes. She looked at her master in front of her in panic and was at a loss.

Two balls of light, one red and one blue, surrounded Ye Qiu. They were surrounded by immortal energy and seemed to have three parts of immortal energy. She was shocked.

“Master, he’s... Has he become an immortal?”

Lin Qingzhu was shocked. At this moment, she looked at her master and saw that he was no longer a mortal. He was a complete immortal.

He sat in the chaos without a trace of dust. Immortal energy drifted out from his actions, as if he was an immortal from the Heavens, peerless and independent.

Lin Qingzhu was stunned at that glance, her eyes filled with admiration.

As the two balls of immortal energy surrounded each other, Ye Qiu suddenly opened his eyes. It was like a flash of light in the darkness and chaos. The world had just opened and everything had revived.

The Dao technique fluttered in the air. It felt like he was swimming through the galaxy.

“Hiss...”

.

Lin Qingzhu instantly sucked in a breath of cold air. She had thought that her rebirth was already shocking enough. She did not expect her master to be even more shocking.

This was a true immortal, a flawless immortal body.

As Ye Qiu breathed, he exhaled immortal energy. Spirit energy instantly covered the entire cave abode, and even Lin Qingzhu was affected.

“Haha,” Ye Qiu gently raised his right hand and chuckled. He felt the changes in his body and was incomparably excited. As expected of the Primordial Dao Body, it was indeed terrifying.

At this moment, he could feel the various changes in his body. It was as if the Dao in front of him had become even simpler. One could spy on it with just a glance.

In the future, he would gather thousands of Dharmic Dao above the Heavenly Eye and create his own Dao status. Then, he would be able to transcend the Heavens and become a Deva.

The King’s seal between his eyebrows was the Heavenly Eye, the essence of Ye Qiu’s cultivation.

“The Deva Realm doesn’t seem that far away.”

Ye Qiu slowly retracted his palm. Suddenly, he felt like he had a Dharmic Dao in his palm.

Lin Qingzhu walked over in surprise and said, “Congratulations, Master. You’ve mastered a divine technique and your cultivation has improved.”

Ye Qiu looked up at his beloved disciple and smiled in relief. The current Lin Qingzhu seemed to have become a different person. Her entire temperament had become even more immortal. Her beauty was actually not inferior to Lian Feng’s. Her cold temperament was even worse.

“Hmm... not bad, not bad.”

Ye Qiu looked at it with admiration. It had to be said that this precious disciple was becoming more and more prettier.

Ye Qiu grabbed Lin Qingzhu's hand and wanted to check. Once he did, he was shocked.

"Immortal bone!"

As Ye Qiu had guessed, Lin Qingzhu had successfully transformed from a divine bone to an immortal bone. How could she lose to those so-called geniuses at this moment?

This fortune was not only the transformation of her divine bones, but her strength had also undergone a tremendous change. Her cultivation had also reached the Paragon realm.

"F*ck, could it be that when this divine bone is transformed into an immortal bone, it will receive the nourishment of heaven and earth?" Ye Qiu didn't understand. Then why wasn't there any Heaven and Earth Nourishment when his Connate Dao Body transformed into the Primordial Dao Body?

After careful consideration, Ye Qiu gradually understood. Perhaps it was because this physique was too strong and was the strongest cheat in the first place, so the Heavenly Dao of the world did not admit it and did not give rewards?

Fortunately, Ye Qiu successfully obtained a critical hit due to Lin Qingzhu's nourishment.

"Yes, disciple. You have already been reborn and cultivated the Mystical Ice Technique to the elementary level. Your future cultivation path will slowly be much smoother." Ye Qiu nodded and said, "Sit down. Today, I'll teach you another sword technique."

Lin Qingzhu was pleasantly surprised when she heard this. She knew that the technique her master taught her was definitely not weak. This was definitely a peerless sword technique.

Sitting obediently in front of him, Lin Qingzhu said nervously, "Master, please speak."

Looking at her expectant gaze, Ye Qiu smiled faintly. He casually summoned the Cloudy Heavens Sword and stabbed it into the ground beside her.

“Today, I will teach you the sword technique: Opening A Line In The World. Watch carefully.”

As he spoke, he raised his hand and pointed two fingers between Lin Qingzhu’s eyebrows. As he exerted strength, a golden light instantly entered Lin Qingzhu’s body.

Lin Qingzhu was in a daze. She tried her best to stay awake and focused on watching the sword technique practice.

Lin Qingzhu instantly sucked in a breath of cold air. This sword technique was actually so terrifying. Back then, she had only seen Ye Qiu use this sword to kill Ancestor Pixiu. However, she did not understand the profundity of it and only felt that it was powerful.

Only now when she had truly begun to cultivate this sword technique did she understand how terrifying this sword technique was.

This sword technique could be said to be a peerless sword technique that completely surpassed the One Strike Opened the Heavenly Gate. If she cultivated it and used it with the Mystical Ice Technique, it would definitely be a peerless immortal technique.
