

THE MOST GENEROUS MASTER EVER Chapter 293

This sword technique was extremely profound. If it was the previous her, she would not be able to comprehend it at all.

However, it was different now. Her body had also reached the Immortal Body realm. With the powerful comprehension ability of her immortal bones, it was very easy for her to comprehend it.

With just a hurried glance, Lin Qingzhu fell into a practice and began to deduce the profundity of this sword technique.

The more she deduced, the more shocked she became. She could feel that the power of the Mystical Ice Technique that she had just grasped had increased by thousands of times when used with this sword technique.

Seeing this, Lin Qingzhu was incomparably excited and began to cultivate without hesitation.

After imparting the sword technique, Ye Qiu slowly retracted his hand and silently watched her enter a cultivation state again.

“System... Hurry, hurry, hurry.” Ye Qiu shouted impatiently after the trap succeeded. “Hehe, I didn’t expect the trap to go so smoothly this time.”

Ye Qiu himself was a little surprised. Back then, he had this thought of imparting the Opening A Line In The World for Lin Qingzhu. However, considering that her foundation was not good and she might not be able to comprehend it, he delayed until now.

Now, he had finally successfully passed down the Dao technique and successfully trapped the child.

Ye Qiu found it funny when he saw his precious disciple acting like she had profited greatly.

Yes, you've profited. I've suffered a huge loss.

[Ding...]

[You taught your disciple a super divine technique, Opening A Line In The World, triggering a Critical Hit Return.]

.....

[Do you want to activate it?]

"Activate!"

What was there to hesitate about? He wants to get the prize immediately.

[Ding...]

[Congratulations, you have triggered Ten-thousand-fold Return and obtained a super immortal technique, One Strike Separate The Worlds.]

"Super immortal technique?"

Hearing this, Ye Qiu was stunned. What grade was this secret technique? He had only heard of the grades Heaven, Earth, Black, and Yellow, then there were divine techniques above those, and immortal techniques above that. However, there might be a special level between the two, which was the super divine technique.

For example, the move he had taught Lin Qingzhu just now was a super divine technique. However, he had never heard of this super immortal technique. Could it be that there was an even stronger secret technique above this immortal technique?

“Hmm, looks like this world is not as small as I imagined. There are many terrifying existences above the domain that I can’t reach.”

He nodded in his heart. The world he was in now was just a small world in the mortal world. Above him was the Heavenly World of an unknown domain that was waiting for him to explore.

There were all kinds of strange things in the Major Chilocosm worlds. Ye Qiu didn’t dare to be so arrogant that he didn’t even care about immortals.

“Super immortal techniques also belong to the immortal technique system, but they are stronger than ordinary immortal techniques. However, what is this move? It doesn’t sound strong.”

Ye Qiu pondered for a moment and said, “Comprehend.”

As soon as he finished speaking, the incantation of One Strike Separates The Worlds instantly surged into Ye Qiu’s mind.

In an instant...

“Oh, f*ck.”

Ye Qiu dispelled his thoughts after taking a look. How was this not strong? It was clearly ridiculously strong. Damn it, he couldn’t judge the strength of these secret techniques by their names.

“Oh my god, One Strike Separates The Worlds. The legendary sword technique that can cut through time?”

Ye Qiu was shocked. He took a deep breath. He was shocked by the terrifying level of this sword.

.

How was this still a sword technique?

This sword technique was even more terrifying than the ninth sword technique of the Cursive Sword Art. If he cultivated it, he might be able to kill time when he's unhappy. Hehe, this must be fun.

Unfortunately, this strike was powerful. Ye Qiu's current strength wasn't enough to support him using this strike. Even cultivation was difficult, so he could only put it aside for the time being and focus on the Cursive Sword.

When he entered the Saint realm in the Sword Dao, he would turn around and cultivate this sword.

“Hehe, amazing, too amazing.”

Ye Qiu revealed an evil smile. With these powerful immortal techniques, he didn't need to fear anyone even if he reached the Heavenly World. Unless those Immortal Ancient powerhouses appeared, Ye Qiu wasn't afraid of even immortals.

“System, continue.”

After a long time, Ye Qiu finally calmed down and continued.

[Ding...]

[You have helped your disciple complete a complete transformation and triggered a Critical Hit Return. Do you want to activate it?]

“Activate!”

[Congratulations, you have triggered a thousand-fold critical strike and obtained Primordial Chaos Qi.]

As the system finished speaking, the last trace of Primordial Chaos Qi descended. Ye Qiu’s immortal body had truly reached an absolutely perfect level.

“Ah, awesome...”

He only said that it felt good, and there was an indescribable freedom and pleasure in his entire body. It was as if something that had been suppressed for many years had suddenly been released.

That carefree feeling was difficult to resist. Ah, this was awesome. It was this feeling that made one want to die from pleasure.

[Ding...]

[You helped your disciple complete a complete transformation, triggering the Heaven and Earth Nourishment and obtaining a critical hit return. Do you want to activate it?]

It's here. It's here.

Ye Qiu had just caught his breath when surprises came one after another. He had made a killing this time.

“Activate, activate!”

[Ding...]

[Congratulations, you have triggered Ten-thousand-fold Return and obtained Heaven and Earth Nourishment.]

“Hiss... Ten thousand times.”

Ye Qiu took a deep breath. He didn't expect that this time, it would trigger a ten-thousand-fold. The last time Zhao Wan'er's transformation had only triggered a five-thousand-fold.

Just a five-thousand-fold had increased the overall strength of the Heaven Mending Sect by hundreds of times. If it was ten thousand times, wouldn't it take off on the spot?

“Oh my god, I don't dare to think about it. When the Path to Heaven opens, will those old friends be dumbfounded when they see the current changes in the Heaven Mending Sect?”

Ye Qiu was shocked. In this situation, not to mention them, even he was a little stunned. This wave after wave directly raised the strength of the entire Heaven Mending Sect, causing it to recover to its peak in the past. It even surpassed the Heaven Mending Sect's peak state.

He had truly strengthened the sect.

Ye Qiu could enjoy this nourishment himself, but to him, this nourishment was dispensable. Therefore, Ye Qiu didn't choose to absorb it himself. Instead, he fell into his memories.

In his memory, that year, it was snowing heavily in Liyang. On the hundred-mile wasteland, an old man with an immortal bearing saved a young man in trouble under the ferocious beast's bloody mouth.

He accepted him as his disciple and brought him back to the mountain. The old man was not good with words. In the young man's heart, he had always been a strict old man. He expected better from him, but he had never given up on this disciple. He had always kept him by his side and taught him.

"Sigh... Forget it. I'm afraid it'll be difficult for me to repay your kindness in this life. This is the only thing I can do."

Ye Qiu shook his head and made a decision.

This nourishment was useless to him. Instead of selfishly absorbing them and wasting it, it was better to give back to this sect that his master had once protected with his life.
