

THE MOST GENEROUS MASTER EVER Chapter 305

“Damn ant, you actually dared to kill my young master. Just you wait. When our patriarch comes personally, he will make you pay with your blood.”

A follower's shout changed drastically. They immediately recognized the huge white tiger with a murderous expression above the clouds.

That was the Clan Master of the White Tiger Clan, the father of the little white tiger that Zhao Wan'er had killed just now.

“What speed.”

Zhao Wan'er's heart trembled when she saw the other party's figure. She knew that something was wrong. Not long after the little white tiger died, his father had already arrived. They had no time to react.

The huge white tiger shouted angrily with a condescending gaze. “Who killed my son? Come out!”

His hateful gaze examined everyone. Wherever his gaze swept, everyone lowered their heads and did not dare to look straight at him.

At this moment, Li Yuan was very angry. He had just taken a nap and his son had actually been killed. That was the successor appointed by the Patriarch. The only hope of the White Tiger Clan to return to the peak was actually killed.

At this moment, his anger had already gone to his head. He was determined to make the person who killed his son pay with his blood. No matter what the other party's background was.

With this angry shout, Zhao Wan'er walked out from the crowd and pushed away Lu Feng, who was blocking her, replying, "It's me."

As soon as these words were spoken, Li Yuan's murderous gaze instantly looked over.

"Alright, you have the courage to take responsibility."

Li Yuan suppressed his anger and continued to ask coldly, "Who are you? Do you dare to tell me your name? I want to see who is so bold to make an enemy of my White Tiger Clan."

Zhao Wan'er staggered and couldn't stand still. However, she still endured it with difficulty. Cold sweat flowed, but her aura did not decrease at all. She said, "Why wouldn't I dare to admit it? Since I dare to do it, I dare to admit it. I am the disciple of Ye Qiu of the Heaven Mending Sect. Zhao Wan'er, I killed your son. If you want to kill or torture me, feel free to do so."
