No one dared to believe that Li Tian actually had such a bloody and violent demonic aura. For a moment, everyone was frightened.

"This... What's going on? Why does he have such bloody demonic energy?"

"I don't know. Logically speaking, the White Tiger God Clan has the supreme bloodline of the Immortal Ancient. They shouldn't have fallen into the demonic seed."

Everyone was stunned, unable to figure out why. Ever since the chaos in Ancient Chaos, the demon seed rarely appeared in the eyes of the world.

The last demonic seed in the world, Tianmeng, was also taken away by Xuanyi.

They thought that this cruel race would completely disappear in the long river of history in the future. Unexpectedly, Li Tian actually had such astonishing demonic energy. Could it be that the demonic seed had yet to be destroyed in the Heavens?

For a moment, everyone was puzzled.

Compared to their panic, Lian Feng seemed a little calmer. When she opened her Heavenly Eye, she vaguely saw a trace of strangeness in the faint green light.

After a while, she said, "Qiu, he's not a demon seed. He's a vampire from the Blood Clan."

"Hmm? Blood Clan?"

Ye Qiu was stunned. What was a Blood Clan? Was this a new species?

Lian Feng explained, "I remember that the last time I was in the Great Void, a few seniors from the Heavens had interpreted a dark history to me. During the chaos of Ancient Chaos, a chaotic battle erupted in the Heavens. It was caused by the evil vampires from hell.

"These vampires cultivate by devouring blood essence. They are filled with ruthlessness and are extremely cruel. After many years of battle, they continuously devoured the blood essence of other living beings, absorbed their strengths, and gradually transformed into the most perfect warriors.

"However, later on, the ten Heavenly Venerates of the Upper World joined forces to launch a cleansing operation. For the first time, they officially started a war with these cruel creatures. After the Great War of Ancient Chaos, the vampires were suppressed in the Nine Nether Realm and disappeared in the long river of history."

After hearing Lian Feng explain the origin of the Blood Clan, Ye Qiu immediately understood.

Why did Li Tian have demonic energy? Perhaps it was because he had once come into contact with the Blood Clan, and the Blood Clan had devoured the blood essence of a demonic seed.

After absorbing their demonic energy, Li Tian had made a deal with them at an unknown price and learned their innate divine powers.

In that case, the source of the demonic aura on his body made sense.

“Interesting. A vampire? Another unknown evil race has appeared. This world is getting more and more interesting.”

Ye Qiu smiled a strange smile. His eyes were filled with curiosity and even anticipation. What was so special about the Blood Clan compared to the Strange Clan on the other side?

When he turned around, blood energy covered the sky. The shocking resentment made this world seem sad.

The intense corrosion continuously suppressed all living beings. At this moment, it was as if the apocalypse had arrived.

“Haha!”

With an arrogant laugh, Li Tian woke up from the deep sea. His red eyes looked especially terrifying.

Ye Qiu frowned. He could clearly feel that his aura was no longer at the Martial Monarch realm.

“Even the Heavenly Dao can’t suppress him?”

Ye Qiu was shocked. Li Tian’s current strength had increased greatly. He was hundreds of times stronger than before.

Lian Feng couldn't help but worry. She silently clenched her fists, her eyes filled with worry. She didn't know Ye Qiu's limit. Under her worry, she couldn't care less. She gathered her hands together, and in an instant, a dazzling seven-colored flower bloomed and soared into the sky.

"What is she doing?"

Lian Feng's strange actions instantly attracted the attention of countless people.

The sky above the Heavens trembled again. Li Tian slowly raised his head, filled with arrogance as he looked disdainfully at the gap in the sky.

"Call for help? Haha... I'm not afraid even if you call those old things from the Heaven Mending Pavilion over."

At this moment, his confidence had increased greatly. He had the aura that he could kill ten million people.

As the Heavenly Gate opened again, three figures slowly appeared from the sky.

Ye Qiu looked up and saw three handsome young men in white walking out. The man in the lead was expressionless, his eyes filled with arrogance and disdain.

Their appearance immediately attracted everyone's attention, and the world praised them.

"Heavens, this is a true immortal!"

That temperament was ethereal and untainted, stunning many people.

The man in the lead looked at Li Tian coldly and said, "White Tiger, Li Tian? Hmph... So it's this old thing."

The other man seemed more gentle. He waved his fan and frowned. "Vampire aura. Looks like the First Elder was right. This guy indeed has a secret connection with the vampires."

"Hmph, what bullsh\*t Blood Clan? A bunch of dregs who only know how to hide in the dark are not worthy of my attention."

The two young men behind him looked at each other and did not refute him. They knew this senior brother's personality very well and were already used to it.

Feng Tianyu stepped through the Heavenly Gate and bowed very politely to Lian Feng. "Greetings, Junior Sister Lianfeng, I've heard a lot about you."

Lian Feng politely returned the greeting and said, "Thank you for coming to help, Senior Brother."

"Haha, I heard from the First Elder that my Heaven Mending Pavilion in the lower realm would one day become a genius and obtain the supreme inheritance of our orthodoxy. We've long wanted to see with our own eyes what kind of stunning talent can obtain the position of Goddess."

"As expected, Junior Sister is indeed peerlessly beautiful. You have the looks of a celestial. You're really stunning me." Feng Tianyu praised generously.

Lian Feng nodded and did not respond to his praise.

On the other side, Xiao Yan slowly flew over. He looked at Lian Feng with a complicated gaze. After a while, he said in an extremely arrogant tone, "Junior Sister Lian Feng, could it be this old thing that the First Elder asked us to help you kill the enemies in the lower realm?"

As he spoke, Xiao Yan looked at Li Tian in disdain and said, "Can't you even deal with such a piece of trash?"

As soon as these words were spoken, the atmosphere instantly changed.

Lian Feng's expression turned extremely cold, and she was very unhappy. She could hear the arrogance in Xiao Yan's voice. His words seemed to be a form of contempt for Li Tian, but it was more like he was talking to them.

This was the high and mighty immortal. He was filled with contempt and disdain for everything in the world.

She suddenly felt that she did not need their help anymore. The arrogant fellow in front of her made her feel very uncomfortable.

The atmosphere froze for a moment. Even Feng Tianyu and Ling Yue, who were behind him, felt a trace of confrontation. They immediately felt that something was wrong and regretted calling Xiao Yan down.

It was originally a simple matter, but because of Xiao Yan's appearance, it might have caused a bad reaction.

Indeed, after a long silence, Lian Feng's eyes gradually turned cold.
