

THE MOST GENEROUS MASTER EVER Chapter 320

“Haha!”

Xiao Yan laughed out of anger, his eyes filled with mockery. He was a genius from the Three Thousand States, an existence that was the center of attention since he was born.

Today, he was actually provoked by a mortal in the lower realm. If this were to spread to the upper realm and his peers found out, where would he put his face in the future?

The hand holding the sword began to tremble. Xiao Yan lowered his head and said coldly, “Kid, you’re not bad. In all these years, you’re the first person who dares to humiliate me like this. I don’t know where a mere Martial Monarch Realm expert like you got the confidence to provoke me like this. Do you really think I don’t dare to kill you?”

As soon as he finished speaking, Xiao Yan suddenly raised his head. In an instant, a shocking murderous aura shot out from his eyes.

A cold chill instantly covered the East Sea, and the deep sea within ten thousand miles instantly froze.

“What a terrifying aura. This person is actually so strong.”

Everyone was shocked by his outburst.

No one expected Xiao Yan’s strength to be so terrifying. No wonder he was so arrogant the moment he appeared. He really had the ability to be arrogant.

“This person should be a top-notch genius in the upper realm. It’s normal for the strongest expert of the younger generation to have such an astonishing aura.”

Everyone thought about it and understood. Such geniuses who were born to be the center of attention were usually very arrogant. His talent was one in a million, so he naturally did not take anyone seriously.

Feeling that shocking killing intent, everyone couldn't help but feel a chill run down their spines and start looking forward to it.

Who would win in the battle between the strongest person in the mortal world and the genius of the Heavens?

The same young generation, the same genius, and the same invincible talent in the same realm.

The outcome of this battle began to be suspenseful.

Everyone present didn't know much about Xiao Yan, but they knew Ye Qiu very well. Ever since he debuted, he had never tasted defeat and had never met an opponent who could match him.

They really did not know who would win under the Martial Monarch realm.

Feeling that shocking killing intent, Ye Qiu smiled. He knew that Xiao Yan was completely enraged. However, he was not worried at all. Instead, his face was filled with a playful smile.

"Haha, kill me? You can try."

Not only did he not take a step back, Ye Qiu even made a gesture for him to attack.

Even Feng Tianyu and Ling Yue were shocked by such a provocative action.

“Damn it, is this kid really not afraid of death? He actually dares to provoke Senior Brother Xiao.”

Ling Yue cursed, while Feng Tianyu was relatively calm. He thought quickly in his mind and said, “No, one will definitely be injured when the two tigers fight. This person is talented, powerful, and has endless potential. Perhaps he will have an extraordinary performance on the battlefield in the future. It would be a pity if he died in Senior Brother Xiao’s hands. Looks like we have no choice but to interfere.”

After thinking about it seriously, Feng Tianyu slowly said. Ling Yue also agreed with his thoughts.

Now that the situation in the Heavens was turbulent and war was about to erupt at any time, it had been many years since an expert who led an era had appeared in the human race. Every young junior with potential should be protected well.

This was what their First Elder often said.

Feng Tianyu slowly walked up and pressed down on Xiao Yan’s shoulder. He said coldly, “Senior Brother Xiao, calm down. The First Elder once said that we are only here for the White Tiger. We are not allowed to interfere with any grudges in the world.

“I don’t want to interfere in the grudge between you. If you insist on fighting, you can make an appointment when he reaches the Three Thousand States.”

This was not persuasion. Feng Tianyu’s tone was very cold. It could be seen that if Xiao Yan still insisted on going alone, he would attack.

Xiao Yan was not a fool. He could understand the meaning behind Feng Tianyu's words and looked at him coldly.

"Hmph..." He snorted and forcefully suppressed the anger in his heart. At this moment, he had no choice but to think rationally. After thinking for a moment, he said coldly, "Kid, I don't want to carry the reputation of bullying the weak. I might as well let you live today.

"You're just a small Martial Monarch Realm expert. You can be said to be invincible in the mortal world, but I hope you understand one thing. There are immortals above the Martial Monarch realm.

"Your capital for arrogance is worthless to me."

He was right. Everyone fell silent. The Martial Monarch realm was already a height that they would never reach in their lives. What more an immortal?

In this vast world, experts were as common as the clouds. There were many people stronger than you in the places you could see and not see.

After hearing his words, Ye Qiu was silent for a moment before saying, "Yes, you're right. But is it very difficult to become an immortal?"

"Hiss..."

As soon as these words were spoken, the crowd instantly erupted. Damn it, he was still stubborn at this time?

It's not difficult to become an immortal! Try it if you have the guts.

Xiao Yan's pupils constricted. He had spent a hundred years bitterly suffering in the forbidden land to comprehend an immortal Great Dao.

Ye Qiu actually retorted with just one sentence.

He was very angry and said, "Shameless boasting. Before saying such things, you should think about how to pass the path to immortality. You are not qualified to say this to me now."

Hearing this, Ye Qiu smiled and said, "Haha... It only took me more than ten years to cultivate to the Martial Monarch realm from nothing. Now, I can tell you that in less than ten years, I will be in your position. Do you believe me?"

When Xiao Yan heard this, he was so angry that he wanted to vomit blood. This kid actually boasted shamelessly that he would only need ten years to catch up to him?

"Haha!"

Xiao Yan was so angry that he laughed. Did he really think that it was easy to become an immortal?

"Ridiculous, truly laughable. Become an immortal in ten years? Alright, I'll wait ten years for you. I want to see if you can become an immortal. Kid, don't be so arrogant. Otherwise, you'll be the one slapped in the face."

Ye Qiu smiled and didn't say anything. Everyone thought that he was crazy, but was Ye Qiu really crazy?

No, no, no.

Ten years? Ye Qiu's plan was to become an immortal within five years.

If not for the sake of stabilizing his Dao heart and tempering his Heart Sutra to reach the supreme perfection realm, he would have long wanted to break through to the Supreme Immortal realm.

Now that he had Xiao Yan as his motivation, Ye Qiu suddenly became interested and didn't explain anything. No matter how much they thought he was bragging, he did not want to explain anything. Since everyone felt that he could not do it, he would quietly develop. At that time, he would directly soar into the sky and stun everyone.

This was what a qualified protagonist should do. Hehe, it must be awesome.

Xiao Yan? To be honest, Ye Qiu had never taken him seriously, be it in the mortal world or in the future when he ascended to the upper realm.

The reason why he provoked the other party was because of his rudeness to Lian Feng just now. Ye Qiu was deliberately making things difficult for him.

Seeing that Ye Qiu was silent, Xiao Yan thought that he was feeling guilty and said, "Kid, compared to your arrogant words, you should think about how to survive first."
