

THE MOST GENEROUS MASTER EVER Chapter 329

“Oh no, oh no. He’s coming over. What should I do, what should I do? Damn it, what kind of guts does this kid have? Why can’t I scare him?”

The Purple Lightning Cloud Swallowing Beast was very flustered. Actually, its strength was extraordinary, but it had never left the immortal palace and had too little experience. It was just more cowardly.

Seeing that Ye Qiu didn’t retreat, he was at a loss. He could only brace himself and continue to maintain his mighty and domineering figure.

Guys, what should I do now? Someone wants to kill me. He’s very strong. I’ve been focused on my appearance all these years and haven’t learned any powerful immortal techniques. What should I do now to make him leave? I’m waiting online, this is quite urgent.

“Roar!”

Seeing that Ye Qiu was pressing forward step by step, the Purple Lightning Cloud Swallowing Beast decided not to do anything and continued to pretend.

A furious roar shook the Nine Heavens. In an instant, the void distorted and the world changed. This sudden power fluctuation frightened everyone present until their faces turned pale and their hearts palpitated.

“This Heaven Shaking Roar is so shocking. I can’t believe this guy’s strength.”

“Damn it, this kid is still pretending. If he angers this guy, all of us here will die.”

Under the Purple Lightning Cloud Swallowing Beast's furious roar, all the Martial Monarchs present revealed terrified expressions. He had yet to make a move, but he already had such astonishing power with just a furious roar. If he made a move, wouldn't it be world-shaking?

Everyone cursed Ye Qiu in their hearts. Why was he still pretending at this time? Did he want to kill everyone? However, most of them did not dare to say anything.

Ye Qiu, who was in the void, was also shocked by this roar. He was very nervous. He took a deep breath and thought to himself. "What terrifying power. This guy's strength is too terrifying. He's even more terrifying than all the opponents I've encountered in the past."

Ye Qiu also panicked and had lingering fear. It had to be said that it was really not easy to take down this Purple Lightning Cloud Swallowing Beast. A slight mistake might cause it to fail.

.....

Ye Qiu wanted to retreat. After all, the immortal palace had many treasures. There was really no need to fight to the death here. He turned around and looked behind him, then looked at the mighty and domineering appearance of the Purple Electric Cloud Swallowing Beast.

"Why don't I forget about it this time?" After thinking for a moment, Ye Qiu quickly shook his head. "No, I've already bragged. If I go back dejectedly, won't I be laughed at by my wife?"

Damn it, Ye Qiu was on the spot. He had already bragged. He couldn't leave.

It could only be said that the Purple Lightning Cloud Swallowing Beast's appearance was indeed worthy of its effort. It was indeed terrifying.

The atmosphere was in a deadlock again. Both sides looked at each other from afar and did not take a step back. They were still facing each other with their auras. Actually, they were all very flustered in their hearts, but they were very calm on the surface. They were all actors and were especially good at pretending.

The nervousness in the arena extended outside the arena. Everyone's breathing became tense.

Seeing that they were not moving, a sage-like old man said, "As expected of the strongest person in the world. In a battle of this level, the slightest flaw is fatal."

"Phew... They're too calm. I'm wet from watching."

Hearing his words, everyone thought so and began to become nervous.

At first, they were very curious. Why hadn't they started fighting after facing each other for so long?

Now that they heard the old man's words, they immediately understood. It turned out that they were testing each other to find their flaws. No wonder they were the peak of the world. How could you easily see through such experts?

"Only by knowing yourself and the enemy can you win every battle. Looks like we still have a lot to learn."

A Martial Monarch sighed from the bottom of his heart. If it were him, he definitely wouldn't have the patience. He would either fight or leave. It turned out that this was how true experts fought. It was as if a new world had opened up.

From this, it could be seen that when experts fought, it was all about temperament. He had to calm down. Whoever revealed their flaws first would lose.

Lian Feng nodded her head when she heard their analysis.

“I see...”

She suddenly understood. She seemed to have seen Ye Qiu’s legs tremble just now and thought that he was afraid. So she had misunderstood him.

At this moment, Ye Qiu was also fully focused and had no time to care about the discussions below. He didn’t know what they were talking about.

Right now, he only felt his scalp go numb. So far, he had yet to understand anything about the other party.

He only knew that the other party was a spatial-type expert and was very strong. Moreover, after confronting him for so long, the other party’s aura was actually so stable.

This meant that he was confident enough and his mental state was extremely strong.

This was the first time Ye Qiu had encountered such a terrifying opponent. He didn’t dare to be careless at all and slowly took out the Immortal Slayer Sword.

The moment he took out the Immortal Slayer Sword, the Purple Lightning Cloud Swallowing Beast shuddered and its hind legs trembled. However, it hid in the fog and was not discovered.

“It’s over. He’s going to attack. What should I do? What should I do? Can’t I scare him?”

At this moment, the Purple Lightning Cloud Swallowing Beast really panicked. It immediately recognized the sword in Ye Qiu's hand. It was a supreme immortal treasure. Although he was covered in a thick layer of scale armor, he could not withstand the sharpness of this immortal sword.

After seeing Ye Qiu take out his sword, the Purple Lightning Cloud Swallowing Beast began to become nervous and stared at him. On the surface, he looked calm and even a little disdainful, but he was already panicking in his heart and wanted to escape at any time.

Ye Qiu's heart trembled when he saw his disdainful gaze. "Could it be that even an immortal sword can't threaten this guy? He's indeed terrifying."

Seeing that the other party didn't reveal any flaws, Ye Qiu didn't dare to rashly attack.

The atmosphere fell into a deadlock again. The two sides looked at each other for a long time from afar, but no one attacked first.

At this moment, they all had the same thought. If the enemy doesn't move, I won't move.

This was because they did not know each other's strength, background, and secret techniques very well. Whoever attacked first would easily expose their flaws.

Everyone's hearts trembled when they saw that they were in a deadlock again.

"These two guys are too calm, right?"

"As expected of a top expert. If it were me, I probably wouldn't be able to sit still."

Everyone was filled with admiration. They indeed had to be extremely careful in a battle at their level.

Silence...

The surroundings were silent. One could clearly hear the tense atmosphere.

The terrifying aura condensed in the surroundings did not dissipate. The two sides looked at each other and probed each other.

After a long stalemate, suddenly...

Bang!

A loud bang came from the depths of the void and broke the silence.

Ye Qiu and the Purple Lightning Cloud Swallowing Beast were shocked and their bodies trembled.

“He moved.”

“It moved.”

Both sides saw the other party's subtle trembling and thought that the other party was about to attack.

Both sides, who were originally probing each other, instantly attacked and seized the initiative under this loud bang.

In an instant, the world changed. A storm flickering with purple lightning surged over. The sharp sword tore through the dark sky and the world collapsed.

“He used a big move right from the start?”

This intense collision right from the start stunned everyone present.
