

## THE MOST GENEROUS MASTER EVER Chapter 51

Everyone held their breaths and nervously looked at the figure sitting in the training hall as Liu Qingfeng caused more and more commotion.

At this moment, Liu Qingfeng turned a thousand times. The spiritual energy circling in the sky suddenly shrank and surged towards him like seawater.

“It’s starting!”

This scene made Meng Tianzheng nervous.

He wondered what realm Liu Qingfeng would be able to break through with such an astonishing Heaven and Earth Nourishment scene.

At this moment, Lui Qingfeng’s face was a little pale, as if he was in pain from the impact of this majestic force.

Under everyone’s gaze, his cultivation rose rapidly.

Fifth-grade Celestial realm.

Sixth-grade Celestial realm.

Seventh-grade Celestial realm.

Eighth-grade Celestial realm.

Ninth-grade Celestial realm...

“Gasp... he’s at level nine!”

Everyone sucked in a breath of cold air. A single nourishment could actually allow him to break through to level nine in one go. Such an epiphany was even more terrifying than ten years of bitter cultivation.

It was hard not to be shocked. It was as if he had won a big prize and become rich overnight.

“Level nine is already the limit. If he wants to take another step forward and rush to Infinite Distance in one go, he has to first comprehend the domain law of Infinite Distance...”

“Now, it depends on whether he can comprehend the power of laws before the nourishment ends.”

Everyone was nervous, looking forward to the appearance of the first disciple of the Heaven Mending Sect to break through to the Infinite Distance realm.

And this person was most likely Liu Qingfeng.

After his cultivation entered the ninth level of the Celestial realm, Liu Qingfeng began to temper his Dao heart and comprehend the laws.

No one dared to disturb him loudly, afraid that they would disturb him.

At this moment, Ye Qiu slowly floated over to his side and said calmly.

“All things under heaven sprang from It as existing, that existence sprang from It as non-existent...”

“The fusion of Yin and Yang is the combination of the two. It is the complete control of the universe.”

“Ten years to know the changes of the four seasons, a hundred years to know life, old age, illness, and death, and a thousand years to see the change of dynasties. Everything has a law.”

“The so-called law is just flowing between the two hands. Only by letting nature take its course will it be considered the best Dao.”

The sound of the Great Dao entered Liu Qingfeng’s ears. Suddenly, the Life Spring in his body reversed, and the universe was reversed. There was a nomological power flowing between his two fingers.

“Hmm? It’s done...”

Everyone was shocked. Ye Qiu said a few words to guide Liu Qingfeng towards the domain of laws.

Finally, when the epiphany ended, he successfully stepped into the Infinite Distance realm.

Boom...

A loud bang sounded from his body. In an instant, a wave of Infinite Distance aura surged over.

Everyone was shocked. They saw Liu Qingfeng slowly wake up. Because he had just broken through, he was not very familiar with the control of the power in his body. He subconsciously released an astonishing power.

Fortunately, Ye Qiu was beside him. He gently pressed down with his right hand and pressed it down.

After waking up, Liu Qingfeng immediately bowed. "Thank you for your guidance, Martial Uncle."

Liu Qingfeng was extremely excited at this moment. He had actually broken through to the Infinite Distance realm in one go and successfully become a genius of the Great Desolate. He knew very well that if it wasn't for Ye Qiu's words, he wouldn't have been able to comprehend or break through the Infinite Distance realm.

At this moment, he suddenly understood why the disciples of Violet Cloud Peak were so outstanding. With such a professional master guiding them one-on-one, it was difficult not to break through.

Liu Qingfeng didn't notice that Meng Tianzheng's mouth twitched and three black lines appeared on his old face. It seemed like your master was still alive, right?

Although he was a little depressed, Meng Tianzheng was still very gratified by his breakthrough.

No matter what, he was still the eldest disciple of the First Peak. The more outstanding he was, the more satisfied Meng Tianzheng was.

"Alright, get up! Your breakthrough is all thanks to your comprehension ability. If not for your extremely high comprehension ability, it would be useless no matter what I say." Ye Qiu said calmly.

At this moment, no one would question his ability to teach his disciples. Even Meng Tianzheng didn't react to the situation just now, let alone the others.

Liu Qingfeng stood up from the ground with a radiant face. He first greeted his master and then bowed to the other peak masters.

His actions had a bit of Ye Qiu's charm. His temperament had become casual, free, and steady. He was completely different from the young man who wanted to perform.

Everyone looked at each other and praised him in their hearts.

"Haha, Junior Brother, you really don't show your true colors. A few casual words actually contain such great truths. My horizons are broadened today." Yang Wudi flattered. Because of today's matter, his attitude towards Ye Qiu had changed drastically. It changed from disdain to admiration now.

There was no deep hatred between the seven peak masters. It was just that no one was willing to submit to the other and felt that they were not inferior to them. However, when they met someone who was truly more outstanding than them, they did not hide their admiration.

Ye Qiu smiled and said humbly, "Senior Brother, you flatter me. It's just a small matter."

"This is not a small matter. Junior Brother, when are you going to guide me?" Ming Yue smiled meaningfully.

Ye Qiu glanced at her and trembled.

"Oh? How can I not agree to Senior Sister's request? Why don't we pick a good day and find a good place to talk in detail?" Ye Qiu whispered into her ear.

Ming Yue blushed when she heard this. She was secretly delighted, but she didn't dare to show any other expression lest others misunderstand. She covered her mouth and chuckled. "Alright, let's arrange a time to have a good chat another day."

"Yes, another day, another day..."

On the other side, Qi Wuhui, who had been silent for a long time, walked straight towards Liu Qingfeng.

“Martial Uncle, what’s wrong?” Liu Qingfeng was puzzled. Qi Wuhui stretched out his hand to check Liu Qingfeng’s condition.

“Level one of Infinite Distance! This is true...”

Gritting his teeth, Qi Wuhui turned around and carefully glanced at Zhao Wan’er and Lin Qingzhu standing in the corner.

As a disciple of the First Peak, Liu Qingfeng only listened for a moment before he had an epiphany. Then what realm were the two disciples of Violet Cloud Peak at now?

He hadn’t forgotten the bet he had made with Ye Qiu. He was very curious.

However, with the Seven Peaks Martial Meeting approaching, it was not appropriate for him to ask about the other party’s cultivation level in person, lest he was criticized.

The epiphany ended. Everyone prepared to go home.

Because of the stimulation from Liu Qingfeng’s breakthrough to Infinite Distance, the disciples from the seven peaks seemed to have been injected with chicken blood, and their blood surged.

With an Eldest Senior Brother at the Infinite Distance realm suppressing them, their master would not agree even if they were to slack off.

Meng Tianzheng looked at the determined gazes of these disciples with satisfaction and said meaningfully to Ye Qiu, "Haha, Junior Brother has really broadened my horizons today! In just a few words, you gave my disciple a chance to comprehend. It can be seen that Junior Brother's realm is becoming more and more unfathomable..."

Everyone nodded in agreement.

Ye Qiu said indifferently, "Senior Brother Sect Master must be joking. I'm just casually cultivating. I'm still a long way from being strong."

Qi Wuhui sneered. "Hmph, it's just a coincidence! Epiphany is a heaven-sent opportunity. What does it have to do with anyone? Martial Nephew Qingfeng has the talent of a celestial being. To be able to have such an epiphany is only a reward from the heavens. Even a Martial Monarch expert would not be able to obtain such a heavenly opportunity."

Ye Qiu narrowed his eyes at him...

At this moment.

[Ding...]

[You helped your disciple complete an epiphany and triggered a Critical Hit Return.]

Huh? This can trigger a return?
