

THE MOST GENEROUS MASTER EVER Chapter 85

Xiao Yi hurriedly covered his mouth after realizing that he had said something wrong again. He continued to follow Ye Qiu into the depths of the Wasteland.

No one knew what Ye Qiu was looking for. He searched the corpses of the ferocious beasts and took out a bone.

“Senior, what is this?”

This was just an ordinary bone, not a precious bone. The precious bone had already been taken away. Xiao Yi couldn't help but be curious when he saw Ye Qiu observing the bone so seriously.

“This is a bone.” Ye Qiu replied seriously.

Xiao Yi rolled his eyes. The last time he was speechless was the last time. Of course, he knew that this was a bone... but he also knew that this was the bone of a striped unicorn.

Looking at this bone, Ye Qiu thought for a long time and looked into the distance. Suddenly, the sound of intense fighting came from not far away. The ground was trembling.

“Hmm... There seems to be a battle ahead. Let's go take a look.” Ye Qiu stood up and flew in the direction of the battle. Xiao Yi followed closely behind.

The two of them quickly arrived at a Gobi desert.

From above, one could clearly see a group of people surrounding a Giant-toothed Dragon Lizard. That Giant Tooth Dragon Lizard had the strength of the Infinite Distance realm. It was a little troublesome for this group of people to deal with.

Ye Qiu observed carefully. There were a few old men in the crowd who hadn't attacked. Their strength was at least at the Five Realms. It should be an expert from a large family who brought the younger generation of the family out to train.

"Eh, Senior, look at their clothes, they don't look like our Liyang's clothes. This is more like the clothes of the Oceanic tribe in the north." At this moment, the sharp-eyed Xiao Yi noticed the heretic and reminded him.

"Oceanic?" Ye Qiu was stunned for a moment. He was a little surprised. Why would someone from the Oceanic come to Liyang?

At this moment, the strongest Cardinal in the crowd felt an aura lingering around him. He said to the handsome young man beside him, "Nephew, we have a guest."

"Hmm?" Tuoba Xun was stunned for a moment. He looked up at the sky and immediately discovered Ye Qiu and Xiao Yi in the air.

As the second prince of the Oceanic Dynasty, Tuoba Xun grew up in the palace and had a noble status. He became arrogant and cold because he was the second son and had no rights to the throne. What he hated the most in his life was someone looking down at him.

When he realized that the person was above him, he was very unhappy and said, "Who is above? Why aren't you kneeling when you see me?"

"Yoo-hoo..." Ye Qiu was amused when he heard this. He signaled Xiao Yi, this former profligate son, to go and meet him.

Xiao Yi smiled when he received the signal. It would be a waste not to take this opportunity to show off. Just look at me.

Xiao Yi revealed an evil smile as he looked down and gradually became impudent. Who was this? He was so arrogant. Do you know who the person standing beside me is? You actually want us to kneel?

Xiao Yi slowly descended from the sky and said with disdain, "Which dynasty's prince are you? How dare you make me kneel?"

Tuoba Xun looked at Xiao Yi's arrogant expression and his anger instantly soared. He silently picked up the saber in his hand. If this was in the Oceanic, this person would have died thousands of times. This was the first time he had met someone who was crazier than him.

"Very good. Kid, listen carefully. I am the second prince of the Oceanic Dynasty, Tuoba Xun."

Tuoba Xun thought that Xiao Yi would be afraid after he had introduced himself. Who would have thought that he would suddenly laugh out loud?

"Haha, I thought it was some ruthless character. Prince of the Oceanic? Yo, take a good look. This is Liyang. Put away your arrogance. I don't care about you being the prince of the Oceanic. Even if you are the crown prince, you have to tuck your tail between your legs when you come to Liyang. Why are you so arrogant here? Do you really think that Liyang has no people?" Xiao Yi retorted bluntly.

At first, he was shocked when he heard that the other party was a prince. However, He was relieved after he realized that he was the prince of the Oceanic Dynasty.

Tuoba Xun's actions were like using the sword of the previous dynasty to cut down a high-ranking official of the current dynasty. This was Liyang, not Oceanic. No matter how powerful Oceanic was, it could not reach here.

“You...” Tuoba Xun was so angry that he almost vomited blood. If the old man beside him hadn’t stopped him, he would have raised his saber and killed Xiao Yi.

Who dared to speak to him, a prince, like this other than his father and crown prince?

“Nephew, don’t be angry! We’re here on behalf of Oceanic. It’s not appropriate to have a conflict with the clan from Liyang.” The gray-robed old man reminded, his gaze never leaving the white figure in the sky.

He had a feeling that this person was... very dangerous. He as a Cardinal had rarely felt this way. There was only one possibility for such a feeling to appear. The other party was... stronger than him.

He just stood there. Even though he did not say a word, he could give one an invisible pressure, the pressure of facing death.

The old man was very surprised. There were so many experts in Liyang? There was such a peerless expert behind any member of an aristocratic family?

Tuoba Xun suppressed the anger in his heart in time after he heard the old man’s reminder. He stared coldly at Xiao Yi and said, “Very good, I’ll remember you! Tell me your name if you have the guts.”

“Tsk, a coward. Listen carefully, my name is Xiao Yi.”

Tuoba Xun couldn’t hold it in anymore after hearing these words. “I don’t care about you. You’re dead today.”

Tuoba Xun instantly drew his saber, and the aura of an eighth-grade Celestial realm erupted. He was about to slash over...

Suddenly, a shocking sword intent locked onto him. Tuoba Xun seemed to have lost his mind for a moment. In a few short seconds, he actually saw his own death. He was instantly drenched in sweat. His face was pale and weak, and his hand holding the saber was trembling. He looked dazedly at the white figure in the sky.

He stood there like a sword that pierced through the fear in one's heart.

At this moment, he finally realized why Xiao Yi dared to be so fearless.

"Peak of the Cardinal realm..." The old man said in surprise.

When Tuoba Xun heard this, his face turned even paler. "Peak of the Cardinal realm, how is this possible..."

Is it possible to meet anyone who is in the peak of the Cardinal realm in the wasteland?

Tuoba Xun couldn't believe it. His confidence came from Tuoba Hong, who was beside him. But now... even Tuoba Hong revealed fear. He gradually understood the problem. This person... even he could not afford to offend him.

It seemed that his father was right. There were many experts in Liyang, so he had to keep a low profile. Initially, he thought that his father was just scaring him. He did not expect it to be true.

"Uncle, what should we do now?" Just now, he had already raised his saber because he was too impulsive. The other party seemed to have revealed killing intent, and the atmosphere was a little tense.

Tuoba Hong looked deeply at Tuoba Xun, a little angry at his lack of composure. He could only lower his pride and say to Ye Qiu in the sky, "I am the Prince of the Oceanic, Tuoba Hong. May I know your name and which immortal mountain you cultivate on?"

For a long time, there was no response.

Tuoba Hong was a little dissatisfied. Were all the experts of Liyang so rude?

The atmosphere was in a deadlock for a moment. At this moment, a carriage slowly drove over from the sea of flames.

“Eh, it’s the royal carriage of Liyang...”

Xiao Yi was a little surprised. He had seen this carriage before. Usually, only the royal family could ride this kind of carriage.

Back then, Zhao Wan’er had taken this carriage before she left. It was also because of that carriage that she could walk so far and not encounter danger.
