

Ghost Doctor 1261

Chapter 1261 Very outstanding

“Your Highness the Crown Prince must be exhausted after a long trip. Please have a rest today. Tomorrow, my my Lord will be in the mansion to hold a welcoming banquet for you two. You’ll naturally meet my my Lord at that time.”

Yang Yong rose slightly. “I will retire first.”

Seeing Yang Yong turn around and leave, the Third Princess, who had not spoken from the beginning, said, “Big Brother, Crown Prince Xuanyuan has many talented subordinates. Such a person is actually just one of his stewards.”

“You may not know that Yang Yong is the second son of an influential family in the Xuanyuan Empire. However, he followed Xuanyuan Mo Ze since he was a child. His ability and means are excellent, and he is loyal and trusted by Xuanyuan Mo Ze.”

“Crown Prince Xuanyuan is known as the head of all Crown Princes in the Eight Supreme Empires. Is that man really so outstanding? How does he compare with Big Brother?” The woman asked with a trace of curiosity.

In her heart, her Big Brother was the most outstanding person. Unexpectedly, she heard that the Xuanyuan Empire’s Crown Prince was listed as the head among all Crown Princes of the Eight Supreme Empires. Even the rulers of the Eight Supreme Empires didn’t dare to despise this man.

This time, her Imperial Father also told her that he wanted to form an alliance with the Xuanyuan Empire in marriage and this person belonged only to her. On this trip, she not only followed her brother to visit but also to see Crown Prince Xuanyuan Mo Ze, who was commended and respected by everyone.

Was that person really that outstanding? Could he be worthy of her?

Scarlet Water Country Crown Prince’s expression changed slightly when he heard that and a gloomy light flashed in his eyes. “I also want to meet this Crown Prince Xuanyuan, to see if he’s really that outstanding!”

In a different location, after arranging the two people in the North Courtyard, Yang Yong entered the main courtyard. He came to the table and called out, “My Lord.”

“Mm, is everything set up?” Xuanyuan Mo Ze was playing chess with Feng Jiu, so his gaze was glued at the chessboard and didn’t even raise his head.

“Yes, it’s all arranged. They want to see my Lord. I told them that tomorrow my Lord will hold a banquet for them in the mansion and will meet them tomorrow.” He briefed him on the arrangements.

“What’s your impression of these two?” Xuanyuan Mo Ze played the next move, then looked up and inquired Yang Yong.

Yang Yong glanced at Feng Jiu and replied after a pause. "Outstanding. Excellent beyond my expectation."

Seeing that he looked at her before answering, Feng Jiu couldn't help smiling. She didn't say anything.

But Gray Wolf was a little confused. "Old Yang, just say it. Why did you have to look at Little Plum? It has nothing to do with him, does it?"

Shadow One beside him sighed inwardly, thinking, how could this fool not see that person sitting here was not Little Plum, but Ghost Doctor Feng Jiu?

Xuanyuan Mo Ze also glanced at him but did not say anything. He told Yang Yong, "Mm, have someone set it up! I'll see them tomorrow."

"Yes." Yang Yong replied and withdrew.

"You two withdraw, too." Xuan Yuan Mo Ze made a gesture for Gray Wolf and Shadow One to retreat.

"Yes."

Shadow One answered. Only Gray Wolf kept standing there while staring at the sitting boy, and then asked, "My Lord, do you want to let Little Plum go out, too? This kid doesn't do anything for you all day. I think it's better for him to sweep the floor, water the plants and pull the weeds than to hang around here."

Shadow One hurriedly left and didn't dare stay any longer.

When Feng Jiu heard this, she couldn't help but chuckle...

Chapter 1262 Meeting the Third Princess

Xuanyuan Mo Ze heard this and glanced at him coldly.

But, Gray Wolf didn't see it because he heard the boy laughing. Feeling resentful, he stared at Feng Jiu. "Kid, what are you laughing at? Say! What are you laughing at?"

When she saw Xuanyuan Mo Ze about to open his mouth, Feng Jiu stood up and made a gesture for him not to move. So, she told Gray Wolf with a smile, "No, Chief Guard, you're right, so I'll let you have a seat. Come, sit here."

She pulled him to the place where she had just sat down. It was exactly facing Xuanyuan Mo Ze. She smiled. "You are here to chat with my Lord. I will go to sweep the floor, water the flowers, and then pull out the grass."

"No, you..."

He couldn't sit still, because his Lord sitting on the opposite side was staring at him coldly. Even if he didn't speak, the pressure he emitted made Gray Wolf tremble with fear. He was fidgety on his seat and wanted to escape. However, the young man still insisted that he sat down.

"It's alright. Just stay here and chat with my Lord. I think you must have a lot to say to him. Just sit here! I'll water the flowers first." She held back a smile and went out.

“No, don’t go, ah!” He was afraid now. Sitting opposite his Lord and chat with him? He couldn’t do this stressful job! He wanted to stand up and leave, but then he heard his Lord’s voice.

“Where are you going? Not sitting anymore?” Xuanyuan Mo Ze gave him a chilly look.

“Hehe, my Lord, I, I want to sweep the floor to water flowers and pull weeds. Let’s let Little Plum come back to accompany you to chat, have tea and play chess.” He smiled sheepishly and looked at his Lord with a tense expression.

“Didn’t you say he was just lazing around?”

“Hahaha, did I? Not everyone can accompany my Lord to pass the time. I’ll go and get her back now. ” With that, he quickly got up and went out.

“Hmph.”

Xuanyuan Mo Ze looked at his departing figure and snorted severely. This idiot, people around him had seen Feng Jiu’s identity. He’s a fool. It’s in vain that he used to have a lot of contact with Feng Jiu. She floated about in front of him all day and he still couldn’t recognize her.

On the other side, Feng Jiu walked around after getting out of the courtyard. She took out a piece of fruit from the space and ate it while taking a walk. When she passed by the rockery, she heard a voice.

“That servant boy over there, come here.”

She followed the voice and saw a beautiful woman in a gorgeous dress standing in the garden on the other side of the rockery. In the Pavilion behind, there was a feminine-looking man in a purple robe. When she saw them, she guessed their identities. She didn’t want to talk to her, but she could only come over when someone called and called out for her.

So, after eating the fruit in her hand, she walked around the rockery and saluted. “Third Princess is calling this little one?” She asked, smiling with her eyes narrowed, while quietly looking at the beautiful woman in front of her.

Seeing this woman, she understood why Yang Yong said she was very outstanding.

It’s because she was truly excellent. Whether it was her temperament or appearance or cultivation, everything was first-class. What’s more, at the age of about 17 or 18 years old, she was as beautiful as a flower. Standing here, she was superior to all the flowers that blossomed in an array of colours. It was obvious to all that her beauty was remarkable.

Chapter 1263 A bold and obstinate slave

Come to think of it, how could a princess of the Scarlet Water Empire, one of the Eight Supreme Empires, be ordinary?

“You know me?” The Scarlet Water Princess was surprised and took a look at the boy.

“Yes, all of us at the mansion know that the Scarlet Water Empire’s Crown Prince and the Third Princess have visited our mansion.”

Hearing this, she nodded and asked, “Is your Lord at home?”

Feng Jiu grinned. "He seems to be home as well as not home."

The beautiful princess knitted her brows slightly. "At home as well as not at home?"

"This means the little one didn't see my Lord go out, yet he didn't see my Lord at home either. So, I don't know if my Lord is home or not."

"Which side is the main courtyard where your Lord lives?" The Scarlet Water Country's Princess asked again.

"Third Princess, our steward said to prepare a banquet tomorrow where my Lord will give you a welcoming feast. Tomorrow you will see my Lord." She spoke with a smile without giving her a clear answer.

The Scarlet Water Crown Prince, who was sitting in the pavilion, glanced at the figure and told the Third Princess. "What's the difficulty in meeting Xuanyuan Mo Ze? I have plenty of ways to get him out by himself." As he spoke, he stood up and walked out of the pavilion.

Amazed, the Scarlet Water Third Princess looked back at her elder brother and asked, "Big Brother, what do you mean by that?"

A way to let Xuanyuan Mo Ze come out by himself? When they came to this mansion, Xuanyuan Mo Ze should have come out to see them. He obviously didn't take them seriously, seeing from his act of disappearing after settling them down like this.

Feng Jiu looked at the figure coming towards her and couldn't help raise her eyebrows. She wondered, what did the Crown Prince want to do? While she was still pondering over it, she heard a loud shout accompanied by an oppressive pressure directed towards her.

"Bold and obstinate slave! So arrogant that no one else matters, unbridled!"

His fierce shout came with strong pressure. Feng Jiu was still standing motionless. She only scratched her head, glanced left and right, and looked at the Scarlet Water Crown Prince with doubt.

"Your Highness the Crown Prince, who are you talking about?"

The Scarlet Water Empire's Crown Prince and the Third Princess immediately turned stiff. They looked at the servant boy who stood there like a wooden stake. They saw that he was not at all affected by the pressure from the Crown Prince and could still stand there absolutely still with a face full of doubt.

"Kneel down for me!"

The Crown Prince roared again with a gloomy face. A pressure visible to the naked eye enveloped the servant boy in front of him.

Feng Jiu raised her eyebrows and stepped back. "Your Highness the Crown Prince and Third Princess, if there is nothing else, then I will withdraw first."

Seeing that the servant boy retreated as if he didn't feel it, the Scarlet Water Crown Prince's eyes flashed. He fiercely reached out to attack the retreating boy. "Want to leave? Did I give you permission?"

"His voice was filled with killing intent as his hand flew toward the retreating Feng Jiu's neck as if moved by anger, trying to wring her neck.

"Hiss! Stop it!"

Gray Wolf, looking for Feng Jiu, saw that scene and his face turned white with fear. This Little Plum was very precious to his Lord! If he were killed by the Scarlet Water Crown Prince, it would be a big deal.

He shouted for them to stop while sweeping forward at the same time. But, due to some distance and the Crown Prince ignored his warning shout, Gray Wolf saw the Crown Prince's hand was about to pinch Little Plum's slender and fragile neck. He was scared witless.

But in the next moment, all his fear had turned into astonishment and shock...

Chapter 1264 Dodge

Because he saw the young man dodging Scarlet Water Crown Prince's move with ease. Although her feet only moved a step, its exquisiteness made him feel incredible. Faintly, it was as if he saw someone's figure in them.

"I didn't expect that there were crouching tigers and hidden dragons in Crown Prince Xuanyuan's mansion. Even a servant boy has such skills." Scarlet Water Crown Prince slightly narrowed his eyes as sinister light flashed by his eyes, staring at the retreating servant boy. He was shocked inwardly.

Even a servant boy had such skills. How many hidden strong men were there in this mansion that he couldn't detect?

"Crown Prince flatters me. I'm just doing odd jobs here."

She put on a fake smile, staring at two people for a while and told them in a meaningful way. "Crown Prince, don't be too impulsive. After all, you're a guest. And one thing is, my Lord is very protective. He won't take for granted easily who's missing or scarce in this mansion."

After saying this, she curled her lips and sneered. With a glance at them, she saw their thoughts clearly.

"Scarlet Water Crown Prince, even if the people in our mansion have done something wrong, we should also discipline ourselves. I hope there won't be another case of a sudden attack like today." Gray Wolf opened his mouth. After a pause, he looked at them and said, "I will report what happened here today to my Lord."

It was only after uttering these words that he told Feng Jiu, "Let's go!"

After all, he was a guest here. The Scarlet Water Crown Prince looked at the two departing people but he did not stop or attack them. His eyes were gloomy and his heart felt unpleasant.

"Big Brother, let's go back first." The Third Princess came forward and urged him.

The Crown Prince responded with a nod and cast a glance at the two men who had already gone far, then went to the North Courtyard. Seeing this, the Third Princess hurriedly followed to the courtyard...

On the other side, Gray Wolf took the boy far away, until they came to a tree. He stopped, looked at the person beside him with some doubt, and tentatively called out, "Ghost Doctor?"

“Feng Jiu?” He called again. It’s because the boy’s dodging motion was very familiar, similar to Ghost Doctor’s move. He waited for the response.

Feng Jiu raised her eyebrows and smiled. “You finally recognize me! It really isn’t easy eh!”

“Ah? It’s really you!”

Since she admitted it, Gray Wolf was startled. “Why are you here? Did you come alone? I can’t believe you got into the house recklessly. Did those guys Yang Yong and Shadow One know earlier? They’re not very kind to always keep me in the dark!”

He was a little indignant. “That Scarlet Water Crown Prince actually wanted to attack you. How did you get into trouble with them? They are also too arrogant, dare to do so in our mansion. I think they are angry that his Lord did not go to see them. ”

Feng Jiu smiled and shrugged her shoulders. “I didn’t provoke them. They provoked me.”

“It’s too much. I’ll let my Lord teach them a lesson.”

He said scornfully. “By the way, my Lord is in the courtyard. Go back first! I’ll be there later.”

“Mm.” She answered and went in the direction of the main courtyard.

At this time, she did not know that the scene at the garden was already reported in detail to Xuanyuan Mo Ze by a dark guard. When he heard those words, Xuanyuan Mo Ze’s expression darkened...

Chapter 1265 The climate doesn’t suit him

“Let Yang Yong go over and tell them that if they dare to touch the people in the mansion again, they should scam immediately to where they came from!” His voice was mixed with anger. It was not for other reasons but that Scarlet Water Crown Prince wanted to attack Feng Jiu. He couldn’t put up with this.

“Yes.” The dark guard answered respectfully and then left.

Feng Jiu stepped in from outside this time and saw the man’s darkened expression. She was stunned. He became aware of it so soon? There were dark guards everywhere in this mansion, it would be strange if he didn’t know what happened here.

“Not in a good mood?” She asked, smiling, and went to sit at a table in the courtyard.

“That Scarlet Water Crown Prince’s cultivation isn’t low. You should be more careful when you see him in the future.” He said, reaching for her hand. “I don’t want to see you hurt.”

“Don’t worry, I’ll be alright. But, that Crown Prince is in a bit of trouble.” She chuckled, her eyes gleaming with a cunning and uncanny light.

Xuanyuan Mo Ze was surprised. “What did you do?”

“It’s nothing. Knowing that he is a guest in your mansion, you can’t have anything bad happen to him. I have a sense of propriety.” She smiled with her eyes narrowed. “Let’s see it tomorrow! You’ll know tomorrow. ”

Who was she? Dared to attack her? If she wanted to deal with a person, all she had to do was move her finger and she could make it impossible for people to find out.

Seeing her confident speech and bright smiling face, he did not ask any more questions. After all, he would have to see those two people tomorrow anyway. He had to act properly as a host.

Starting that night, Scarlet Water Crown Prince had to make a trip to the toilet every hour. It was pouring down like a waterfall and didn't stop even after taking medicine. Until the next morning, the Crown Prince had collapsed from exhaustion and was helped back to his room by his guard to have a rest.

In one night, his face was haggard. He looked like he was had a breakdown.

In the middle of the night, Yang Yong, who got the news, asked the physicians in the mansion to take a look. They came to the conclusion that his digestive system wasn't well. Although he was prescribed medicine, it couldn't stop. Moreover, he had to run to the toilet as soon as he ate food.

Early morning.

"Big Brother, are you any better?" The Third Princess asked, standing outside the door with worry.

It was unlikely that someone tampered with the meal because both of them ate the same food. Moreover, she felt that Xuanyuan Mo Ze could not have done such a thing.

However, her elder brother, the Crown Prince, had trouble with his stomach at this very moment, and from last night until now, he could hardly speak.

"You can go to the reception banquet today. I'm afraid I can't go..."

In the midst of the speech, the room door suddenly opened and a figure stepped out toward the toilet.

The Third Princess was stunned and glanced at the figure heading for the toilet and wrung her eyebrows slightly. How could he be the only one like this? There were also physicians in their entourage. She also inquired and found no other problems, but from what the physicians said, there was something wrong with his digestive system.

This lasted until noon. When the Third Princess saw that he didn't dare to eat anything and was resting on his bed hungry, she turned around and left.

Today, she would be able to see Crown Prince Xuanyuan. She was proud of her beauty. She believed that as soon as the Crown Prince saw her, he would also be fascinated by her.

Chapter 1266 Huangfu Yingxue

Yang Yong came to have a look and asked about the Scarlet Water Crown Prince. Knowing that he could not attend, Yang Yong led the way for the Third Princess and took her to the front courtyard.

In addition to her two servant girls, Third Princes also brought two cultivators in grey clothes. They came to the front courtyard together and took seats in the front hall as arranged by Yang Yong.

"Third Princess, please wait a moment. I'll invite my Lord." He rose slightly and walked out.

After a while, when she got a little impatient, she saw a figure in black coming steadily towards her side. The man had his back against the light, so she could not see his face clearly. However, that person's powerful aura impressed her. His momentum alone had surpassed her imperial elder brother. It was no wonder that this person would be listed as the head among all crown princes of the Eight Supreme Empires.

"Third Princess, this is our Lord." Yang Yong introduced him and then stepped aside.

The Third Princess saw clearly the person who had come to her seat. With just a glimpse, her heart palpitated violently. She was nervous, expectant, joyful and tense all in one swoop. She fell into the enemy's hands with just one look.

She saw a handsome and resolute-looking man. His suave feature was well-defined as if it was moulded by god. With his pair of deep black eyes that seemed to suck one into a bottomless abyss was imposing and domineering. His lips below his tall nose were slightly pursed, all of which attracted her gaze.

In particular, he wore a black robe embroidered with dark cloud patterns and a jade belt around his waist. He exuded a fierce and reserved regal bearing, coupled with a temperament which was not inferior to her Imperial Father's. Her heart was stirred.

It was no wonder that this man was listed as the top amongst the Crown Princes of the Eight Supreme Empires. His excellence was superior to everyone else. No matter what it was, he was incomparable to others. In the past, she thought that her elder Imperial Brother was already a very outstanding person, but today, as soon as she saw him, Xuanyuan Mo Ze, she knew that this was the definition of a real man!

She wondered how there was such an excellent man in the world. All the best that heaven had to offer was on him. Majestically domineering, incomparably magnificent, dazzling as the stars in the highest heavens. People couldn't help lay prostrate at his feet to worship him.

Feng Jiu, who came in after him, saw that the Third Princess was staring at Xuanyuan Mo Ze with an infatuated face. She curled her lips and glanced at the man who was sitting there expressionlessly.

Sure enough, this man's face brought calamity to women. Why was this big man so good-looking? This woman was mesmerized by the sight.

After a long while, seeing the starry-eyed princess had not yet recovered, she coughed and said loudly, "Third Princess, this is my Lord."

Several people in the hall were taken by surprise.

Xuanyuan Mo Ze looked up slightly and glanced at her. A smile crossed his deep black eyes. Yang Yong's face was originally wreathed with a gentle and polite smile. When he heard this, the smile on his face deepened.

Being unexpectedly called out like this, the Third Princess was frightened. Her delicate body trembled, and she hurriedly regained her mind. After settling down, she took a look at the servant boy walking towards Xuanyuan Mo Ze and recognized that he was the person from yesterday.

Her eyebrows were knitted slightly. She didn't say anything but returned to her usual elegant and charming posture. She stepped forward, slightly bent her knee to salute, and greeted with a gentle and coquettish voice, "Yingxue has seen Crown Prince Xuanyuan."

Chapter 1267 An amusing side

"Have a seat!" Xuanyuan Mo Ze gestured then said nothing more.

The Third Princess' name was Yingxue, which was not only respect for the princess, but also the name of the first beauty in Scarlet Water Empire. Now, seeing Xuanyuan Mo Ze only spared her a faint glance of indifference, without a trace of emotion or amazement, she only lowered her gaze and stepped forward.

However, her drooping head exposed her beautiful features. She walked forward elegantly as her skirt sashayed gently with each step she took. She was as beautiful and charming like a fairy. Seeing her, Feng Jiu couldn't help but praise her. This woman was indeed as gorgeous as an immortal.

She found it funny when she saw Xuanyuan Mo Ze sat expressionlessly without even taking a look at the princess. Was he afraid to look at the beauty? She didn't forbid him to look!

Her eyes flickered as she stepped forward to the table and picked up the jug to pour them some wine.

Xuanyuan Mo Ze took another look at her, when his gaze fell on her, there was either a smile or a look of adoration in his deep black eyes.

This time, even Princess Yingxue, who already sat down, noticed. She could not help but stare sideways at the servant boy who poured wine on Xuanyuan Mo Ze's side. There was nothing outstanding or special about the servant boy.

But yesterday, when her Imperial Brother wanted to use this servant boy to lure Xuanyuan Mo Ze out, the boy's performance was beyond their expectation. There was no fluctuation of spirit energy on his body, but why knew he was an expert! Otherwise, how could he dodge her brother's attempt to lock his throat?

It's just that Crown Prince Xuanyuan put a beauty like her in front without even looking, yet went to see a pretty servant boy? Was she perhaps not as good as a servant boy?

Yang Yong, who was waiting at the side, looked at the scene formed by the three and couldn't help feeling amused. Previously, he only heard about his Lord and Ghost Doctor from Gray Wolf and Shadow One, saying that his Lord had done a lot of things that made them amazed at the Ghost Doctor. He thought they had exaggerated it. After all, his Lord in his impression had always been noble and unfeeling. He really wanted to imagine, how could such a person please a woman?

However, from the scene in front, he knew that he must have missed a lot of interesting things when he wasn't by his Lord's side.

"I heard that the Scarlet Water Crown Prince is unwell? Is he better now?" Xuanyuan Mo Ze turned to look at Princess Yingyue who sat opposite him.

"Maybe the climate doesn't suit him, but he's better already. We're making Your Highness worried." She whispered. Her eyes were sparkling as she gazed at the masculine man across.

Xuanyuan Mo Ze nodded and spoke in a gentlemanly manner, "I was supposed to visit, but I'm busy with some matters. I'm unable to act as a host properly. If Princess is bored staying in the mansion, you can ask Steward Yang to take you for a stroll in the Imperial City."

Hearing this, Yang Yong lowered his head and hid the smile in his eyes.

Feng Jiu was holding the wine pot at Xuanyuan Mo Ze's side, looking skywards.

While Princess Yingxue listened, the smile on her face turned a little stiff. Asking a steward to take her out to go sightseeing. What about his Lordr? Could he push her away with just one sentence of busy with official business? Was it true that she couldn't catch his fancy, he had no interest in accompanying her sightseeing?

For a moment, there was anger as well as reluctance in her heart, but there was no slightest sign of it on her face. She only restrained her gaze and slightly twisted her skirt with both hands.

Chapter 1268 Homme fatale

"The two countries of Scarlet Water and Xuanyuan wish to establish alliance through marriage. Don't you know this, Crown Prince?" She looked up and asked with a gentle and charming voice, as melodious as the burble of flowing water.

On one side, Feng Jiu's eyes moved toward the Princess.

Xuanyuan Mo Ze picked up his cup and took a sip of wine. His deep and magnetic voice came out unhurriedly. "Has Princess set her heart on my Xuanyuan Empire's prince?"

Hearing this, Princess Yingxue's smile bloomed in an instant like a delicate flower. It was very captivating. "I know that in the Xuanyuan Empire, in addition to the Crown Prince, there are several other Imperial Princes. However, if Yingxue is to be bound in a marriage alliance, Yingxue will only marry you."

Was she confessing on the spot?

Feng Jiu looked at Princess Yingxue strangely. The Princess was so daring to declare this on the spot, she's really shrewd! Any other man would probably have passed out with excitement at this, but the one she had her eye on was not easily swept off his feet.

So, she wanted to tell her: Princess Yingxue, I'm sorry that you're too late, this person has already been reserved by me.

"This Prince isn't interested in you."

Xuanyuan Mo Ze spoke ruthlessly in his deep voice. There was not even a trace of tenderness. As soon as he opened his mouth, he divulged his intention straightforwardly, ignoring Princess Yingxue's complexion that immediately turned pale.

"Since Scarlet Water Crown Prince is not feeling well, Princess should go back and take care of him first. If he really doesn't get any better, I can send you back to your country first, so as not to delay the Crown Prince's treatment. "

Listening to his impolite words, Princess Yingxue looked up and fixed her gaze on him. "Is this how Your Highness is supposed to act as a host? Is this the way the Xuanyuan Empire treats its guests?"

"No, Princess misunderstood. This is the hospitality in my mansion. For Princess and Scarlet Water Crown Prince, I've been generous enough."

He paused and looked at her coldly. "If others dare to attack my people in this mansion, I will certainly order them to be cut down and killed on the spot!"

With a low and imposing voice that carried a chilling aura, he was telling her that if they were not the Scarlet Water Empire's Crown Prince and Princess, he wouldn't let them off easily like yesterday.

Being stared at by his pair of deep black eyes, Yingxue's heart trembled. She could see clearly the ruthlessness in his eyes and she also understood that he was not talking casually, but really meant it!

She was frightened at this moment. Xuanyuan Mo Ze once again gave her a shock that she had never experienced before.

It would have been impossible for other people to say such a thing, no matter how much they had to be considerate of the diplomatic relations between the two countries. By saying so, he was clearly telling them that he dared do what others did not dare. What others took seriously, he would not!

After a good while, she stood up and bowed slightly. "Yingxue withdraws first."

She turned around and went out. As she stepped out of the doorsill, she paused and looked back at the seated man. "One day, I will make you marry me willingly." As soon as she finished speaking, she moved away.

Feng Jiu curled her lips and looked askance at the man who was looking her way. "Homme fatale[1]."

Xuan Yuan Mo Ze chuckled. "Even if it is a disaster, I will only harm you."

[1] A seductive man that brings disaster

Chapter 1269 Jealousy

On the other side, Yang Yong took a look at the two, smiled, and retreated silently.

Feng Jiu sat at the table, propped his chin in one hand and stared at him. Suddenly, she had an uncanny smile. "I'll tell you something!"

He raised his brows slightly. "What's the matter?"

"In the few years you've been away, I've been walking around dressed as a man. I've also fascinated many outstanding boys and girls. People threw fruits at me to express their love when I was walking down the street."

With a smile, he nodded. "Mm, I believe that."

"And you know Mo Chen, right? He said that he was the disciple of Old Man Tianji and that he would wait for me here."

After saying this, he saw the man with a smile in his eyes turned gloomy. He knitted his attractive eyebrows tightly and pursed his thin lips. He spoke in a grave and sour tone, "What is he waiting for you for? That man just has a pretty little face. If you want something refreshing, don't think that he is harmless when he looks like an immortal. Such a person is even more dangerous. You should know an adage: knowing people doesn't mean knowing his heart. This adage talks about a person like him "

"Oh? Really? But I think he's fine. He's also not close to women."

Hearing her speech, he hurriedly declared his position. "I'm also not close to any women, only to you."

"Not close to women?"

She said with a strained smile. "But, I remember that you still have a Beauty Pavilion in the Hell Palace? There are pure ones, enchanting ones, plump ones and petite ones, all kinds of flowers with their own characteristics. And once, you asked two women to come over? "

"The women of the Beauty Pavilion have their use. You know that, too. Didn't you go there? You should know I didn't do anything wrong. It wasn't me, it was Gray Wolf."

He directly pushed the matter to Gray Wolf. Watching her snorting coldly with arms folded across her chest, he started to talk in a hurry. "There is a restaurant in the city with exquisite and delicious dishes. Should I take you to taste it?"

She smiled and asked, "You're not taking the first beauty who confessed her love to you, Princess Yingxue?"

"If she wants to go out, Yang Yong will take her with him. I'll only have you by my side."

She felt relieved to hear this. "Alright! I'll accompany you."

Xuanyuan Mo Ze shook his head with a smile. After standing up, he took her hand and went out. Their good mood was not destroyed by the appearance of Princess Yingxue. Even if Feng Jiu spoke jealous words, her heart burst with joy.

Leaving the mansion, the two sat in a carriage followed by Shadow One. The three of them went towards the restaurant in the city...

In the north courtyard, Princess Yingxue listened to a report from a man in grey and learned that Xuanyuan Mo Ze unexpectedly went out with the servant boy. She frowned. "Who is this servant boy? How could he fancy a boy like that?"

"Reportedly, he is a distant nephew of the mansion's outer courtyard's steward and his name is Li Daniu." The man in grey answered.

"Li Daniu, a distant nephew of the outer courtyard's steward?" She sneered. "That young man is nothing special to look at, but he has extraordinary skills. How can he be Li Daniu?"

The man in grey bowed his head and said nothing. As this wasn't their place, it wasn't very convenient to find things. It was even more difficult to investigate a person in this Xuanyuan mansion.

Chapter 1270 His tenderness is only for her

At the restaurant

The shopkeeper saw that the person who came in was His Highness the Crown Prince and hurriedly went to salute him. "This insignificant one has seen His Highness the Crown Prince."

Xuanyuan Mo Ze waved and did not speak, just glancing around.

Shadow One came forward and ordered, "Prepare a private room for His Highness."

"This..." The shopkeeper was embarrassed.

"What's the matter? You don't have a private room available?" Shadow One asked.

"Today, all the private rooms are occupied. But, it's all right. This insignificant one will go up and discuss with them to make room for Your Highness. Please sit in a booth on the second floor first."

He invited him upstairs and went personally, intending to talk it over with the men in the private room. After all, it was His Highness the Crown Prince whose prestige was far-reaching. It's just a matter of one sentence for him to ask for a private room. He believed that the men in the private room would concede once they knew that it was His Highness the Crown Prince.

"Since there are people in the private room, it's fine. Let's find a window seat on the second floor."

Xuanyuan Mo Ze told Feng Jiu. "The sight from the window seat on the second floor is better. You can see the busy scene on the street."

"Mm, let's just take that then." Feng Jiu nodded.

The shopkeeper looked at the boy dressed like a servant. When he heard them say that a window seat would be fine, he hastened forward to show them the way. "Your Highness, take this table! It has the best view."

When the shopkeeper saw Xuanyuan Mo Ze sitting down and the servant boy actually took a seat in front of His Highness, his eyelids jumped. Seeing guard in black standing behind His Highness, he asked with a smile, "Your Highness, Young Master, what would you like to eat?"

Having seen all kinds of people, if he did not know at this moment that the servant boy was not actually a servant boy, he would have lived in vain. Looking at the whole Xuanyuan Empire, there were probably not many who would dare to sit and eat with His Highness the Crown Prince, right?

"Give me all your signature dishes as well as one portion of the golden crispy roll."

"Alright, I'll get it ready right away." The shopkeeper responded and stepped away quickly.

All kinds of delicacies and gourmet dishes were placed on the table. Their savoury fragrance spread everywhere. Even before tasting it, Feng Jiu couldn't help drooling with just a whiff. "They look very delicious."

He chuckled and picked up some of the dishes with his chopsticks. "Eat while it's still piping hot! Take more if you like, you're too thin."

"Where am I thin? I still look the same, not thin."

“Not thin? But, why do I see you so thin?” His eyes were fixed on her flat chest, with a trace of teasing on his handsome and resolute face.

Feng Jiu looked up and spat indignant words out at his pointed gaze. “What are you looking at? Why don’t you eat the food?”

Xuanyuan Mo Ze curved his lips joyfully. When he saw her eating like a greedy cat, he put more food on her plate while saying, “Eat slowly, we have plenty of time.”

People at the other tables on the second floor couldn’t help but stare. They thought that there was something wrong with their eyes, so they rubbed their eyes and took another look. They saw His Highness the Crown Prince placing food affectionately for a servant boy. They thought to themselves, Who was this servant boy?

Some were guessing. Reportedly, the crown prince was not close to women. So, he.. he likes men? Their expressions turned strange at this thought. It’s not easy to stare at their table, but those people still couldn’t help but peep from the corner of their eyes.

Chapter 1271 Declaration

Not long afterwards, a kitchen staff followed a man who was carrying a small table and they came to Xuanyuan Mo Ze and Feng Jiu’s table: “Your Highness, this is the last dish, Golden Crispy Rolls.” the manager said.

“Roast duck?” Feng Jiu was slightly startled as she looked at the golden roasted duck and the side dishes and couldn’t help but raise her eyebrows.

“This is the Three Colour Spirit Duck, it’s the Signature Dish here. You can see that Spirit Duck only has a thin layer of meat under its skin. The skin is crispy and juicy, it’s fat but not greasy, once in your mouth, the aroma is unique and flavourful.” As Xuanyuan Mo Ze spoke, a smile appeared in his eyes because he saw the greedy look of the person sitting opposite him.

Feng Jiu stared at the knife in the chef’s hand, with a few strokes, he had cut off all the skin from the duck and each piece of skin only had a thin layer of meat. She had wanted to say that she had eaten this dish in the past, but the taste would probably be different.

“Please enjoy.” After he had placed the plate of sliced up Golden Crispy Rolls with the accompanying thick sauce on the table in front of them, he retreated.

Xuanyuan Mo Ze picked up a piece for her: “Try it.”

“Well, you eat too! Don’t stare at me eating all the time, you’ve not been eating much.” She also picked up a piece for him.

“Okay.” He responded, and ate with her. When he saw her eating happily, he felt content.

After the two of them had finished eating and drank some tea leisurely, they then left to go into the city for a walk. At the same time, in the Palace, the Country Ruler had already learned that Xuanyuan Mo Ze had not accompanied the Third Princess from Scarlet Water Country but instead had accompanied a manservant to go for a walk outside.

“Who is that manservant?” He asked in a deep voice as he stared at the secret guard below.

“He is apparently the distant nephew of the steward in charge of the outer courtyards. He had pleased His Highness only after entering the residence for a few days.” The secret guard reported truthfully.

“Why would he accompany an irrelevant person to go out for a walk and eat and drink? Find out! Find out the background of that person!”

“Yes!” The secret guard responded and left quickly.

In the evening, Yang Yong who had returned to the residence came to the main courtyard.

“My Lord.” He saluted at once, he glanced at Feng Jiu and nodded with a smile.

Feng Jiu acknowledged him and when she saw that they had something to discuss, she said: “I will go out for a walk, you two talk.”

Seeing this, Xuanyuan Mo Ze looked at Yang Yong and asked: “What’s the matter?”

“A secret letter came from the Palace, it said the Country Ruler is furious.”

Upon hearing this, Xuanyuan Mo Ze frowned slightly and waited for him to continue.

“When the Country Ruler heard that My Lord didn’t accompany the Third Princess of Scarlet Water Country but instead went out for a walk with a manservant from the residence to eat and drink, he was extremely unhappy, I’m worried...” He was worried that as the Ghost Doctor’s identity was unknown, the Country Ruler would make a move on her.

“Moreover, the Country Ruler has sent someone to summon My Lord to go to the Palace at once.”

When he heard this, a glare of light flashed across Xuanyuan Mo Ze’s deep dark pupils. “Well, have someone prepare the carriage. I also want to go into the Palace to make it clear to him lest he think that I will join in marriage with Scarlet Water.”

Yang Yong hesitated and said: “My Lord, although the Ghost Doctor’s identity is the Princess of Phoenix Dynasty, but a Six Grade Country is no comparison to an Eight Great Empire Country. The Country Ruler is also an extremely important person, I’m afraid he won’t recognise the Ghost Doctor easily.”

His eyes narrowed, his deep voice was majestic as he spoke: “Why should my woman need approval from anyone else?”

Upon hearing his domineering and overbearing words, he smiled: “Yes, I will go and arrange the horse carriage immediately.”

Chapter 1272 It won’t kill them

In the palace, in the main hall.

The sharp eyes of the Country Ruler who was sitting on the throne were fixed on Xuanyuan Mo Ze standing below, in his powerful deep voice, he asked: “What did you just say? Say it one more time!” The coercion of his superiority surfaced and was accompanied by a powerful atmosphere that approached Xuanyuan Mo Ze.

"I said, I will make my own marriage arrangements." He repeated himself again, his voice firm and strong without any intention of giving in.

When he heard this, the Country Ruler was writhing in anger. However, he didn't explode in anger, instead he suppressed the anger inside and stared at the figure standing upright below. His son was excellent in every way, he believed that his future achievements would be above him, therefore, he knew that putting pressure on him was not going to work.

After he had alleviated the anger inside, he asked calmly: "You want to make your own marriage arrangements? Could it be that there is someone you like already? Which country is this Princess from? Or which noble family is she from? Or which clan of the Proud Children of Heaven?"

"This, I will inform Father Emperor in the future." He hadn't planned on telling him about Feng Jiu now. From when he knew that his father had intentions on arranging a marriage with Scarlet Water Country, he knew that he could not bring Feng Jiu to meet his father. Otherwise, once he knew of Feng Jiu's identity, he would kill her immediately.

Upon seeing this, the Country Ruler's eyes moved slightly and he waved his hand: "Fine, since you won't say, Father Emperor won't force you. I believe you can make your own decisions, and a woman who would catch your eye can't be that bad. But you must know that as Xuanyuan's Crown Prince, you are one above ten thousand people, your status is not comparable to others. A woman who can stand by your side has to be outstanding. Otherwise, not only will it lower respect for you, but also my Xuanyuan Empire."

"Your son understands." He responded and said: "If there is nothing else, I will go back first." Saying that, he turned and left.

"Wait."

He called to him and said: "I heard that there is a manservant in your residence that you're very fond of? You've even accompanied the manservant to go sightseeing and left the Crown Prince and Princess of Scarlett Water Country at the residence? Did this happen?"

"Imperial Father is well-informed." He glanced at him, his cold face expressionless as he said: "That person is not a manservant, he saved my life once. Since he is in the Imperial City, I accompanied him to walk around the city. As for the Crown Prince and Princess, I believe Imperial Father has already received news that they are not used to the food and water here and are currently ill. They've only just started feeling better today."

He was silent for a while before he spoke: "I have a hunting session in Ninefold Mountains Forest two days later. The Scarlet Water Country Crown Prince and Princess will be going as well. You will entertain them on behalf of your father and make sure they have a good time. Since the manservant is your life saviour, then bring him into the palace one day to introduce him to me."

"Okay." He responded. After saluting, he turned and left.

As he watched him leave, a glint of light flashed across the Country Ruler's eyes. With a swift move of his hand, two men dressed in black flashed out from the shadows: "Keep an eye on him. If the manservant goes to Ninefold Mountain Forest, test him out."

“Yes.” The two men in black answered and retreated, gathering their condensed breath cleanly.

Once he had returned to the residence, Xuanyuan Mo Ze went to see Feng Jiu and they went to the North Courtyard together.

“How strong was your medicine?” He asked as he walked.

“They will be fine by today. Don’t worry, it won’t kill them.” She smiled lightly as she replied.

Chapter 1273 Hunting

“I think you should make it stronger, and leave a strong impression on them.” His low voice had a hint of smile as he held her by his side and said: “My Imperial Father said we will be going hunting two days later and I have to take the two of them sightseeing. I on the other hand think that if they can’t get out of bed by that time, then this matter can be avoided.”

“Hunting, I want to go too.” She said excitedly: “After all, he is the Crown Prince of Scarlet Water Country, we can’t make him stay in bed this whole time. This is fine, besides, my anger has subsided. If he dares to do anything to me again, I can teach him another lesson.”

“The Crown Prince is a first level Nascent Soul cultivator, his cultivation level was cultivated from a pile of heaven and earth treasures. Your cultivation has also entered the Nascent Soul stage, however, the difference is you reached the level by yourself. If we compare fighting strength, I believe you won’t lose to him.”

After she heard this, she said: “After I came here, I noticed that there are quite a few Nascent Soul cultivators, some of them are actually shopkeepers in treasure shops. You know that kind of strength is only something our ancestors have on our side. Even a staff member at an inn is actually a Foundation Formation cultivator.”

“Every place is the same, there are strong exponents and weak exponents. Over here, people who are too weak are unable to survive, even ordinary people here are Spirit Masters. Spirit Masters here are considered too low in strength who can’t even compare to Foundation Formation cultivators. They can only do menial labour jobs.”

As Xuanyuan Mo Ze spoke, he saw that they were approaching the North Courtyard. He stopped walking and looked at Feng Jiu: “My Imperial Father asked about you today. I only said you saved my life once and he wants me to take you into the palace one day.”

As he spoke, he lifted a stray strand of hair from her face and tucked it behind her ear: “Though he didn’t say it, he was secretive, but I still felt his killing intention. Therefore, I don’t plan to take you to him now.”

When she heard this, she blinked. She smiled and said: “Don’t worry! Since I have affirmed myself with you, I won’t change my mind for any reason, even if you Imperial Father objects I will make sure he nods and gives his blessing one day.”

She chuckled lightly and gestured: “We’ve arrived, let’s go!”

“Hmm.” He pursed his lips, his deep eyes moved away from her with a softness as he walked towards the North Courtyard.

When she saw that Xuanyuan Mo Ze had come to visit her Crown Prince elder brother, Princess Yingxue was a little surprised. However, after she had curtsied to him, she invited him to the bedroom suite at the back. Before she entered the bedroom suite, she looked at the manservant beside Xuanyuan Mo Ze and felt a little unhappy.

It's him again.

This young boy was obviously dressed in a manservant's clothes but there was not a hint of humbleness from him at all, nor did he know what respect was at all. If people didn't know otherwise they would have thought he was someone important! When he entered he didn't even salute and ignored her, a Princess, and followed behind Xuanyuan Crown Prince into the bedroom.

She remembered that her Crown Prince elder brother had fallen ill after making a move on this young boy and couldn't help but wondered, did her Crown Prince Elder brother's current situation have something to do with this young boy?

"Is Scarlet Water Crown Prince's health any better?" In the bedroom, Xuanyuan Mo Ze had walked over to the bed. He looked at the weak figure lying in bed and asked.

Scarlet Water Crown Prince answered in a weak voice: "Thank you Xuanyuan Crown Prince for your concern, I am feeling much better."

Chapter 1274 Willing To Part With Your Treasured Possession?

"That's good." Xuanyuan Mo Ze nodded as he looked at the pale-faced Scarlet Water Crown Prince on the bed: "Ninefold Mountain is the Royal Hunting Forest, I would like to invite the both of you to go hunting two days later. I wonder if the both of you are interested?"

Princess Yingxue was a little shocked and hesitated. Hunting? Will her Crown Prince elder brother be well enough to go hunting two days later? Although she was worried, she didn't dare openly refuse the offer, therefore, she looked at her elder brother who was lying on the bed.

"Since Xuanyuan Crown Prince has extended the invitation to us, naturally we will go together with you." Scarlet Water Crown Prince replied, still lying on the bed. He gestured to the guard by the bedside to help him sit up and leaned against the headboard. He looked at Feng Jiu dressed in a manservants uniform, who was standing beside Xuanyuan Mo Ze, and asked: "May I ask how you are related to the Crown Prince?"

Xuanyuan Mo Ze glanced at her and replied: "He is my personal attendant."

"I see, so he is your personal attendant. I wonder if Your Highness is willing to part with your treasured possession? I am willing to give you ten boxes of treasures in exchange for your manservant." His gaze was fixed on Feng Jiu, because he was sure that the reason he was lying here weak and barely able to speak, was all because of that manservant!

Upon hearing this, Xuanyuan Mo Ze's face sank and the breath from his body was suppressed, like a lion who was about to get angry. His deep dark eyes stared coldly at the Scarlet Water Crown Prince, the pressure of his whole body was released and the weakened body of the Scarlet Water Crown Prince found it unbearable. Even the atmosphere in the room became suppressed and the air seemed to condense which made it difficult to breathe.

Because this powerful coercion permeated from the bedroom, Scarlet Water Royal Highness' two guards, middle aged men dressed in gray, rushed inside and came to the bedside and blocked the pale-faced Scarlet Water Crown Prince from the coercion, protecting the blood flow in his body.

"I suggest Scarlet Water Crown Prince thinks twice before he speaks next time." Xuanyuan Mo Ze stared at him coldly: "No one can covet the people around me."

Upon hearing this, the Scarlet Water Crown Prince's expression changed slightly. His words to sound him out had made him react this way. It was obvious that this person was not as simple as a manservant or personal attendant, because in his tone, he heard the strong and overbearing possessiveness of a man.

"Your Highness, my Imperial Brother didn't mean that." Princess Yingxue spoke in an attempt to calm the atmosphere: "It was just a joke."

However, the Scarlet Water Crown Prince smiled and said: "No, it's not a joke, I am really interested in this manservant. However, since Your Highness refuses to part with your treasure then that's fine. I heard that there are many talented people around Xuanyuan Crown Prince, I just didn't think I would be fortunate to meet one."

At the end of his sentence, his gaze landed firmly on Feng Jiu who was standing there quietly beside him. His words had hit a sensitive spot, that was why he was put in a difficult position.

Xuanyuan Mo Ze stood with his hand behind his back, his eyebrows furrowed slightly showing his displeasure because he saw this Scarlet Water Crown Prince staring at his woman. Even though Feng Jiu was disguised as a manservant, he still found another man's eyes staring at her unsightly.

"Since there is no major problem with Scarlet Water Crown Prince then I shall take my leave. Two days later I will wait for the both of you to go hunting at Ninefold Mountains." As soon as his voice fell, he stepped outside.

When she saw this, Feng Jiu followed him outside. Soon, they had left the North Courtyard and were headed towards the Main Courtyard.

"Crown Prince elder brother." In the North Courtyard, Princess Yingxue looked at him with worry in her eyes.

Chapter 1275 **My Lord's Taste**

"It's okay, it's just a game of hunting." He said as his deep eyes stared in the direction the two people had left.

In the evening, after dinner, the two of them were sitting opposite each other. Xuanyuan Mo Ze looked at Feng Jiu who was sitting opposite him, he scrutinised her manservant's outfit and asked with a smile: "Didn't you say that you will be staying here for a few months? Do you intend to wear that the whole time you're accompanying me? And you're not going to wash off the disguise on your face either?"

Feng Jiu supported her chin with both her hands and looked at him with a smile: "Then what do you want me to wear? Women's clothing? She was surprised when she saw the looming expectation in his eyes, and she said with a smile "You really want me to wear women's clothing?"

Being stared at and made fun of, Xuanyuan Moze's ears turned slightly red and the expression on his face was slightly uncomfortable. He widened his eyes slightly and coughed a little: "You look beautiful in women's clothing."

"So, that means I don't look nice in men's clothing?" Her smile was teasing as she looked at the man with red ears. That's right, how could she have forgotten that this was a stifling and proud man?

As he thought of her masculine appearance in men's clothing, he looked at her steadily and said: "In men's clothing you are handsome and evil, in women's clothing..."

"What about women's clothing?" Her head tilted sideways as she asked.

She saw only a pair of dark pupils on the face of the man opposite her shining brilliantly and he stared at her and replied: "In women's clothing, you're enchanting."

In a set of red robes, her beauty was indeed unparalleled and enchanting. Even he would not be able to help it but be moved and would not be able to look away. However, she seldom wore women's clothing. Her devilish enchanting demeanour in women's clothing was even rarer.

Whenever he thought of her intentional temptation at that time, it always stirred a movement in his body. In the past, he had rarely gotten emotional, even if he had, the passion was always suppressed by the Thousand Year Frost Poison in his body. However, ever since the Frost Poison had been dispelled, and he had practiced the most advanced methods, now that she was beside him, dazzling, it was a test for him.

When Feng Jiu looked at him, she couldn't help but found it secretly funny. A woman should be willing to dress herself up for a man who loved her. It stood to reason that now she was by his side, she shouldn't carry a face that was unfamiliar to him and dress in a manservant's outfit while she was with him.

In the beginning, she hadn't thought much about it and actually thought that it was okay. However, after hearing his words, and seeing the expectation in his face, she turned her eyes away slyly then took a sip of her tea and said with a smile: "But I like to wear men's clothing, so what shall I do?"

Upon hearing those words, he looked at her, his eyes fell from her smiling face to her bosom and frowned slightly, as if in distress: "It's not good for development to keep wearing men's clothing."

"Pfft! Hahahaha....."

Feng Jiu spat out her tea as she burst out laughing. She put down her cup of tea and continued laughing.

He felt a little uncomfortable at her laughter and glanced at her in embarrassment: "What's so funny? That's a fact." Her body was still growing and it was not good for development to bundle up her bosom all the time.

When the secret guards heard their nonsensical conversation, they couldn't help but grin uncontrollably, especially at My Lord, so he was this type of person.

They always thought that he was pure at heart! They didn't expect him to hoax the manservant to change back into women's clothing. But, the manservant was a woman? They really couldn't tell. My Lord's taste was really strange, he actually liked this kind of manservant..... woman?

Chapter 1276 Fiance's Benefits

What handsome and evil in men's clothing, enchanting in women's clothing.... they really never saw this coming.

In the courtyard, when they heard the secret guards stifling their laughter, the two of them froze at the same time.

That's right, they were only concerned with talking to each other; they had forgotten that there were secret guards. When she thought of their nonsensical conversation being overheard by the secret guards, Feng Jiu couldn't help but smile, her eyes carried her smile as she looked at the man with the uncomfortable expression.

Sigh, the arrogant and immanent man was so cute, she couldn't help but want to tease him.

Xuanyuan Mo Ze's voice suddenly sounded out, his deep eyes swept the surrounding coolly: "Retreat ten metres, you shouldn't be listening to Your Liege's words, block your ears up!"

As soon as his voice fell, Feng Jiu saw some subtle movements in several places, it was obviously the secret guards retreating.

"I don't mind them listening."

Xuanyuan Mo Ze glanced at her and said: "Okay, enough, I am going to take a bath." Saying that, he stood up and ordered the servants outside to prepare the water.

Feng Jiu's eyes lit up: "Ah? Taking a bath? Do you need me to wait on you?"

"No need." He said grumpily. This woman was deliberately provoking him.

When she saw him turn back and glared at her before he strode inside, her eyes glinted and she smiled: "Why don't we take a couple's bath!" As soon as her voice fell, she saw the man who was about to take a step up the stairs in the courtyard accidentally trip, his footsteps wavered.

"Hey, be careful, don't get too excited. If you fall down it may damage your majestic and dignified image." She said as she stifled a laugh.

When he turned around, his face was stained with a faint blush and his expression was awkward and embarrassed. He looked at the woman stifling her laughter and immediately strode back to her. In her astonishment, he had picked her up and carried her and walked into the bedroom.

"Ah! What are you doing?!"

As she was lifted up and carried horizontally into the bedroom, Feng Jiu couldn't help but be surprised and quickly hugged him in case he dropped her.

Seeing her panicked expression, Xuanyuan Mo Ze finally smiled with satisfaction and sneered: "Didn't you say you wanted to help me with my bath? And you want to take a couple's bath with me? What are we waiting for? Let's do it now!"

"Ah? Don't, don't. I'm joking." She said embarrassedly. If they were to really take a couple's bath, she was afraid that he wouldn't be able to control himself and turn into a wolf!

“Really? I am not joking.” He snorted. He carried her over to the bed and pressed himself down on her as he stared at the woman trapped under him. He was in a good mood, and his heart felt like it was fluttering.

He teased her like she had teased him earlier on and said to her in a serious tone: “Or why don’t I help you with your bath?”

Feng Jiu’s mouth twitched, she felt like she was kicking her foot against stones.

“That’s not good.” She wrapped her hands around his neck with a straight face.

“Why not?” He asked teasingly.

“We are not married yet! This is already going too far, we have to maintain etiquette.”

“Well, you are right.”

He nodded his head in agreement. When he saw her expression had relaxed, he thought again and said: “However, I am the man you have chosen, your fiance, don’t you think that I should get some fiance benefits?”

She squinted, and with a smile, she lightly kissed his thin sexy lips: “Like this?”

Chapter 1277 **Stand Right There For Your Liege**

His eyes became dark and dull, his throat tumbled unconsciously as he stared at the smiling woman underneath him. His lips curled: “No, it should be like this.” As soon as his voice fell, his body leaned down and he buried his head in her neck and nibbled.

“Ah! It’s ticklish, hahahaha...”

Feng Jiu whispered and drew her neck back then laughed out loud and pushed him away. Who knew, when that man realised that she was ticklish, he had actually started tickling her for real.

“Ah.....hahahahaha.....don’t, stop it hahaha, just... stop it now hahahaha.....”

Unstoppable laughter drifted out from the bedroom along with the sounds of begging for mercy. When the secret guards ten metres away heard this, they looked at each other silently and grinned.

When Gray Wolf and Shadow One who were approaching the courtyard not too far away had heard the laughter from the bedroom, they couldn’t help but pause their footsteps, especially Gray Wolf with a curious expression on his face, as if he had wanted to sneak up to secretly see what was going on.

He really couldn’t help it and did walk forward. When Shadow One saw this, he rolled his eyes and quickly reached out to stop him. In a low voice, he asked angrily: “Why are you going?”

“I’m going to take a look!” Gray Wolf looked back and replied as a matter-of-factly.

“Look at what? Can’t you hear the two of them inside?”

Gray Wolf grinned and said: “I heard them, but listen to them laughing, don’t you wonder what they are doing inside? I will just sneak a peek, My Lord won’t even notice me.”

“My Lord won’t know? Okay then! You go! Don’t look for me if something goes wrong.” He withdrew his hand and wrapped his arms across his chest. He retreated to a tree nearby and leaned against the tree watching.

This fool, My Lord and the Ghost Doctor were inside cultivating their feelings and he wanted to take a look? Then go! He didn’t believe that My Lord wouldn’t notice.

“Tsk, Shadow One, you’re too timid. It doesn’t matter, you wait here. After I have sneaked a peek I will come back and tell you about it.” He turned back and told Shadow One then lightened his footsteps as he walked forwards stealthily like a cat and came to the corner on the outside of the bedroom. His ear was pressed to the wall as he listened for a while, then he lifted the window open quietly to take a look inside.

“Hahahahah.....don’t, I can’t, hahahaha...”

Feng Jiu was being tickled by his hands and she was laughing so much that she couldn’t catch her breath and was begging for mercy. It was the first time since she had known this serious and cool man that he had tickled her, she couldn’t stop laughing.

“Do you dare to next time?” He stopped, his deep dark pupils looked at her with a smile.

“No, I dare not, I really dare not.”

Finally, when she had managed to catch her breath, she quickly reassured him. At that moment, the two of them froze as they heard a subtle sound drifting over. Therefore, they looked at each other then simultaneously looked over at the window.

Xuanyuan Mo Ze picked up the pillow on the bed. At the moment when he saw the head appear at the window, he threw the pillow straight at it,

“Boom!”

“Ah!”

Gray Wolf exclaimed and shrank back immediately. He only heard the loud noise the object made when it hit the window. He was so frightened that he was just about to run away rolling and crawling when, before he had even made it out of the courtyard, the door had opened and a familiar voice that contained anger drifted out.

“Stand right there for Your Liege!”

When he heard the words, Gray Wolf froze to the spot immediately.

Chapter 1278 **Curiosity Killed The Ca**

“Hey, hey My, My Lord, did I disturb you?”

He turned around and smiled flatteringly at him. However, when he saw My Lord’s thundery expression and the pressure that emanated from him, he felt his scalp go numb.

Feng Jiu was leaning against the door frame, her arms wrapped across her chest as she stared at Gray Wolf. She knew it was this fool, any normal person wouldn't do something so sneaky. Okay! Although she had also sneaked into the residence, she was the exception.

"Shadow One."

"Your subordinate is here." Shadow One flashed forward and saluted respectfully.

Xuanyuan Mo Ze glanced at Shadow One and said: "Hang him upside down under the tree and seal his laughing pressure point so that he laughs till dawn."

Gray Wolf's eyes widened and he begged for mercy immediately: "My Lord, don't! I know I am wrong, I shouldn't sneakily look at what you were both doing inside out of curiosity. But I really didn't see anything, really, I really didn't see anything."

Feng Jiu's mouth twitched and she looked up at the sky, this clown.

"Take him away." Xuanyuan Mo Ze gestured with a wave.

"Yes." Shadow One responded and came forwards to drag Gray Wolf away.

"My Lord, My Lord....."

Although he wailed and cried for mercy, he didn't dare beg the Ghost Doctor for mercy. After all, her identity was a secret. Only My Lord and a few trusted followers knew. If he had shouted then wouldn't everyone in the residence find out?

Therefore, Gray Wolf was hung upside down in the front courtyard where many people passed through and he laughed uncontrollably the whole time....

Inside the courtyard, when Feng Jiu realized that it was just the two of them again, she immediately smiled and said: "The night is just nice tonight, I am going out for a walk." As soon as her voice fell, she quickly left.

When Xuanyuan Mo Ze saw this, he raised his eyebrow and smiled: "Don't come back too late."

When she heard the words behind her, Feng Jiu nearly stumbled to the ground. After she had stabilized her steps, she looked back and heard his voice again.

"I've told the kitchen to stew blood bird's nest to nourish your body."

When she heard this, her eyes blinked and revealed joy: "Okay!" She waved her hand before she left.

While Xuanyuan Mo Ze was taking a bath, Feng Jiu went to the front courtyard and saw the figure trembling with laughter hanging upside down from the tree. When she saw Gray Wolf, she walked over

"Gray Wolf, how does it feel hanging upside down enjoying the night breeze and scenery?" She sat down on a rock nearby and looked at a laughing Gray Wolf.

"Not, hahahaha, not, hahaha....not good, hahahaha...."

He was laughing so much he was nearly in tears. Had he known he wouldn't have gone to sneakily take a look out of curiosity. If he did see something then at least that was okay, but he hadn't even seen anything and he was hung upside down here, how wronged he was!

"Why is it bad? I think it's pretty good! Look, there's a breeze here and night scenery for you to look at. No one is bothering you, it can't get any better." She held her chin in one hand and looked at him with a smile in her eyes.

"Furthermore, you dare to peek, then you have to bear the consequences! Don't blame My Lord, nothing can be accomplished without standards, you should know that, okay! Shall I accompany you and chat with you for a while? You continue laughing, it's fine, if your voice is hoarse tomorrow, I will treat you."

"Don't, hahahaha....don't hahaha...."

"Actually My Lord treats you very well, if it were me I would put a beast that has been starved for three days under the tree you are hanging from. That's more like a punishment, don't you think?"

Chapter 1279 **An Ethics Book**

She smiled when she saw his face turn pale when he heard her words and comforted him: "Don't be nervous, I am just saying it casually."

"I, I don't hahaha.... I won't dare next time, hahahah...."

Gray Wolf hastily expressed, even if he was beaten to death he would never dare to peep at them again. Fortunately the punishment was from My Lord today, if it was from the Ghost Doctor then it would be a tragedy. Moreover, he hadn't known her to be one to speak casually either.

It was just that he hadn't seen her for a long time and had forgotten his losses at her hand.

Feng Jiu was chatting to Gray Wolf for a while. Mostly, it was her doing the talking and Gray Wolf was laughing. When she figured Xuanyuan Mo Ze would have finished taking his bath, she stood up and said to Gray Wolf: "Alright, I won't keep you company anymore, take your time laughing! But don't laugh too scarily, it's night time now, if you laugh sharply and hoarsely, you will scare people."

As soon as her voice fell, she waved her hand and walked towards the main courtyard in Gray Wolf's unstoppable laughter.

When she had returned to the main courtyard, she saw a certain someone wearing his inner robes sitting on the bed. He was leant against the headboard reading a book when he saw her enter. He raised his eyes and cast her a glance: "You're back? The bird's nest is on the table, eat it while it's hot!"

Feng Jiu looked over at the table and saw a stewing pot and a small bowl next to it. She asked: "Have you eaten?"

"I don't really like this, you eat it!" He flipped through the book in his hand and replied without raising his head.

Upon seeing this, Feng Jiu sat down and scooped a bowl of bird's nest and began eating. Compared to the ordinary bird's nest, the blood bird's nest was much more nutritious and nourishing. The taste was also stronger and smoother.

Since Xuanyuan Mo Ze said he wasn't eating then she would help herself. Bird's nest had no effect when men consumed it anyway, this type of bird's nest was only suitable for women.

"What book are you reading?" She glanced inside towards the book and asked. What book was he sitting on the bed reading? Why was he so fascinated?

When Xuanyuan Mo Ze heard this, the hand flipping the book paused and he glanced outwards. After he had made sure that she couldn't see it, he cleared his throat and replied: "It's my ethics book." Lying openly, even he felt a little embarrassed and he looked a bit uncomfortable.

When he thought that she was just about to finish eating, he closed the book. On the cover of the book, it did indeed read Ethics Book, as for whether the contents of the book was really ethics, only he himself knew.

She watched him close the book and put it under the pillow before he got up and walked out to the table to sit down. When he saw that she had finished the bird's nest, he said: "Tomorrow night, I will tell the kitchen to boil cordyceps soup for you! Change it to something else!"

"If I eat like this everyday, what happens if I become fat?" She put down the bowl and asked with a smile.

He looked at her thoughtfully: "Apparently, it's nicer to feel more flesh on a woman."

Feng Jiu rolled her eyes. Indeed the thoughts of a man, his direction of thought was completely different from that of a woman.

"It's getting late, I will go back first, see you tomorrow!" She stood up to leave. She had planned to go back to take a bath then have a good night's sleep and think about what he had said earlier and how she could surprise him.

"Mmm, go back and go to sleep earlier." He nodded his head and hadn't asked her to stay because in that same courtyard, after he had seen her to the door, he would return to his bed.

However, he was unable to fall asleep as he lay in bed, his mind was swimming with thoughts of her. Maybe it was because he had read the book, some of the enchanting pictures had subconsciously crept into his mind.....

Chapter 1280 **Chapter 1280: With You**

Two days later, the Scarlet Water Crown Prince who had finally recovered went to the front courtyard with the Third Princess.

Today was the day they were going hunting, they wanted to use this opportunity to see how good the Xuanyuan Crown Prince's skills were. Early in the morning, the accompanying group of people were

already gathered outside the residence, ready and waiting. At this time, they were all waiting for Xuanyuan Mo Ze.

It wasn't until about an hour later that the figure in black had arrived late, and that manservant was still following behind him. The sight of them had the Scarlet Water Crown Prince and Third Princess narrowing their eyes.

"I've made both of you wait for a long time." Xuanyuan Mo Ze said as he glanced at the both of them. In a deep voice, he said: "The journey there and back should take three days, are Scarlet Water Crown Prince and Third Princess prepared?"

"Mmm." The Scarlet Water Crown Prince responded, his gaze fell onto Xuanyuan Mo Ze: "We also often practise outside so are easy to go along with, we've even changed into our hunting attire and have just been waiting for Xuanyuan Crown Prince."

"Since that's the case, then please let's set off! The horse is ready."

The two of them headed outside and came to the front of the residence. As soon as they had turned their bodies and jumped up onto the prepared horse, they saw Xuanyuan Mo Ze walking out and Shadow One leading a black horse. However, Xuanyuan Mo Ze didn't get onto the horse but glanced at Feng Jiu beside him instead.

"I'll ride this horse." Feng Jiu said with a smile and pointed to the white horse being led by Yang Yong.

"Follow me and don't go too far away from my side." He said in a low voice before he turned his body and jumped onto the horse. As he sat on his horse, he looked down at her standing below.

"Okay." Feng Jiu replied. After she took the white horse from Yang Yong, she turned her body beautifully and sat on the horse, following beside him.

When the Scarlet Water Crown Prince saw this, his gaze fell on the young boy dressed in a manservant's outfit once again. After he had looked at him up and down, he looked away again.

Behind them, Gray Wolf and Shadow One followed to protect them, as well as the first team of the Guards from the residence, they had about twenty to thirty people on their side. As for Scarlet Water Crown Prince's side, they also had about twenty to thirty people. Together, fifty to sixty people had formed a brigade and headed towards Ninefold Mountains.

Yang Yong who had stayed behind to look after the residence turned back and went back inside after he had watched them leave.

Through the Imperial City, they had travelled on horses and galloped all the way. By the time they had arrived at Ninefold Mountains, it had taken them less than half a day's journey.

Ninefold Mountains was divided into nine mountains, it was said to be the Royal Hunting Forest. However, because of the large area, whenever the Royals came hunting here, they were never able to go through the whole area. Other than some fierce beasts, there were also some Spirit Beasts inside the forest.

When they got to the outside of Ninefold Mountains, Xuanyuan Mo Ze who was sitting on his horse looked at Scarlet Water Crown Prince and said in a deep voice: "This place is not considered a dangerous

place based on the skills of both of you, let's take ten people each into the forest! The rest of them can stand guard outside."

"Okay." Scarlet Water Crown Prince replied and proceeded to instruct his subordinate to organise ten people to follow him inside the forest while the others were to remain outside to stand guard.

On the other side, Xuanyuan Mo Ze had made similar arrangements to them, other than Gray Wolf, Shadow One and Feng Jiu, they had seven guards accompanying them.

"Try not to go to the Third Mountain, we will assemble outside the forest when it gets dark." Xuanyuan Mo Ze reminded everyone.

"Don't worry, we have long heard about your Ninefold Mountains, we know what sort of a place it is." Scarlet Water Crown Prince snorted. He clapped his legs together and whipped the horse, with a low grunt the horse galloped ahead and everyone followed behind.

Princess Yingxue however didn't follow them but stared at Xuanyuan Mo Ze: "Crown Prince, Yingxue will follow your group!"
