Chapter 1051 Gloria White Panics!

Karen Shaw smiled and nodded. "That's good."

Gloria White still had a gentle smile on her lips, but at that moment, her emotions were extremely complicated.

She had to deal with her grandmother's condition as soon as possible, and she could not let her grandmother know the details. Therefore, she could only choose to do that.

Gloria White took a deep breath and tried to control her emotions. She was so agitated and wanted to know why God was playing such a joke on her.

As for her grandmother's condition, she couldn't stand it anymore!

For the next hour or so, Gloria White stayed by Karen Shaw's side. Karen Shaw was always very interested, but Gloria White could not sit still. She felt that this matter could not be delayed any longer!

Gloria White immediately asked, "Harold Ross, is Jordy Collins in a meeting?"

Harold Ross paused for a moment before telling her the truth. "No. What's the matter, Miss White?"

Gloria White let out a sigh of relief and immediately said, "I just called him five times and he didn't want to talk to me. Could you please give him a call and tell him that grandma's health is very bad, very bad. Ask him to call me immediately! Also, don't tell anyone that Grandma's situation is serious!"

Gloria White's voice was very serious and she emphasized the word "serious" more than once!

Gloria White had never been an alarmist and would not lie about something like this. Harold Ross also realized that something was wrong and immediately said, "Okay, I'll call Mr. Collins right away."

"Quickly!" Gloria White took the initiative to hang up the phone as if trying to save time.

Gloria White smiled, "No, my colleague just called and said that everything was fine, so I came back."

Karen Shaw was slightly surprised. She did not expect Gloria White to return. It gave her a big surprise.

"That's great. You can spend more time with grandma."

Gloria White smiled as she approached Karen Shaw. She grabbed one of her arms and said in a gentle voice, "Yes, I can accompany you all day today."

Karen Shaw instantly became happier and said with a smile, "Okay!"

As she spoke, she had already pulled Gloria White back to the sofa. However, before Gloria White could sit down, Karen Shaw suddenly spoke, "Go to the bedroom with Grandmother and let's have a chat!"

There might be others who could hear their conversation here. Karen Shaw wanted to say something intimate to Gloria White, or else she would have to avoid it. She mainly wanted to ask Gloria White what she planned to do next.

Gloria White looked at the time and thought that Jordy Collins would not come so quickly, so she nodded and accompanied the old madam upstairs.

Karen Shaw immediately furrowed her brows. She was obviously unwilling, but Gloria White's words made it difficult for her to reject because she could never bear to reject her granddaughter's request.

Upon seeing this, the smile on Gloria White's face softened, "Grandma, you must listen to me, else I will never come to see you again." or

"Of course, but this physical examination is not important. And look how fit I am!" Although Karen Shaw wanted to be obedient, she still pretended to be reluctant.

Gloria White smiled and spoke again in a gentle voice, "Then Grandma, please listen to me. Let's go together, okay? I'll accompany you for the physical examination. How about this?"

Jordy Collins stood at the side and did not say anything. Instead, he looked at Gloria White. On the way here, he had considered many things. He was extremely worried about his grandmother's situation, but at the same time, he did not understand why Gloria White would say that.

“Hey, I just don’t want to go.” Karen Shaw was not as tough as she had been when she refused Jordy Collins. She actually began to act like a spoiled child with Gloria White.

In an instant, Karen Shaw was angry and distressed at the same time!

Karen Shaw would not have complained so much. It was mainly because Gloria White was usually so busy that she could not visit her all the time. This time, when Gloria White was around, of course she was

However, in the next moment, she hurriedly turned her head. Karen Shaw was looking out the window and did not notice Gloria White's actions.

But.

Jordy Collins, who was driving in the front, saw everything clearly.

His face turned grimmer.

He did not know if he was questioning Gloria White or worried about Karen Shaw.

Gloria White quickly sorted out her emotions. When Karen Shaw turned around to talk to her, she responded cooperatively.

Just like that, they chatted and laughed all the way to their destination.

After waiting for a while, Gloria White arrived.

None of the doctors left. They gathered together to discuss.

As for Jordy Collins, he was sitting on the desk with his hands in his pockets. His cold expression was
mixed with a trace of haze. Seeing Gloria White, he slowly turned his head and looked at her.

Gloria White pursed his lips. Her eyes were much redder than when he left.

The doctors glanced at Gloria White before looking away. They all knew that Gloria White and Karen
Shaw had a good relationship.

She took a deep breath and walked to Jordy Collins' side. Jordy Collins had not spoken since the
beginning and he did not know what Gloria White was planning.

Jordy Collins' gaze fell on Gloria White. "Why should I believe you?"

Carlos Green's eyes flickered. For a moment, he did not understand what Jordy Collins was talking about. He also subconsciously looked at Gloria White, who was standing not far away from them.

Gloria White's expression was bad-looking, not because of Jordy Collins' question, but because of Karen Shaw's illness.

She hesitated for a moment before finally saying in a low voice, "Because I am Orycho."

Gloria White slowly enunciated each word.

Carlos Green's and Jordy Collins' expressions changed drastically! They even looked at her in disbelief.

Carlos Green's expression was very serious. While driving, he spoke again. "You don't need me to tell

it's as difficult as climbing into the sky. She has done a lot of good things and saved a lot of people, but
she is only one person after all. Her ability is limited. It's impossible to save everyone in the world."

Jordy Collins didn't reply, as if listening quietly.

Carlos Green couldn't help talking. "The medical skills of Orycho are really amazing. It seems that she
can even save people who have died. As long as she takes action, as long as she wants that person to
live, she will definitely be able to snatch him from the jaws of death. She is really a very magical person,

When he said the last two words, he obviously wanted to say something but was suddenly interrupted
