Chapter 1091 Do You Have to Do This?

Old Madam's expression immediately darkened. "Is it good for me? You are a brat, and you are even starting to fool your grandmother! Why are you making a bet?"

George, "What?"

He glanced at Jordy out of the corner of his eye and saw that he was sitting there without saying anything. Carlos also gave him a look, and George immediately laughed and said, "Hah, what's wrong with this bet?"

Damn it, didn't he tell me in advance that he had made a bet?

Now he had to guess the content!

However, he came here because of his Old Grandma's illness. These people had been staying here all the time. He had to find an excuse. Otherwise, the final result must be that they refused to leave.

Old Grandma snorted coldly. "Don't you know that it is also a kind of torture for me to let him squat here for one day?"

loud and said, "Oh, there is nothing. I found that you were bored, so I wanted him to come back and accompany you. Look, I also came over. Grandma, don't misunderstand me!"

Chapter 1092 Did You Have to Say Something?

Even if Jordy didn't save him, he had others to help him!

As he looked at Carlos, he replied to Karen with a smile, "Grandma, please change the topic!"

"Change? You are a brat, and disobedient! Grandma says all the good things to you. You now look good, and your family conditions are also good. How many little girls can resist leaning over? If you love somebody and she has a good character. You can be together, but you cannot keep changing girlfriends like this."

At this point, Karen could not help but sigh!

George quickly winked at Carlos.

But Carlos acted as if he hadn't seen it. His phone suddenly rang, and Carlos got up directly to answer the phone.

George's face suddenly darkened again! He looked at Jordy again and found that Jordy didn't even look at him. George gritted his teeth and cursed!

He rose to his feet and walked to Jordy's side, grabbed his arm, and said through gritted teeth, "It's just because I'm sitting next to Grandma! You're not happy to see your woman near me! I'll leave! I'll leave, okay?"

As he spoke, he forcefully yanked. "You, come to sit!"

"Don't bother with him." Jordy's cold voice rang out, causing their suspicion in eyes to deepen.

Obviously, Jordy knew why George acted so strangely today.

However, Jordy wasn't going to tell them.

Karen gently furrowed her eyebrows and did not speak.

Not long after that, Carlos returned from his phone call. He sat back on the sofa but didn't see George. Puzzled, he asked, "Where is George?"

"He went to the bathroom and hasn't come out yet. There's something wrong with this child. Why don't you go and have a look?" Karen was still a little worried. Was it because she had said too much just now that he hadn't come out yet?

Moreover, he was a boy, and he was in the bathroom now. It was not very convenient for her to go there.

Chapter 1094 What Does Your Smile Mean?

He stared at Carlos, and the coldness in the depths of his eyes seemed to be showing little by little.

Carlos no longer looked at the sea of flowers outside. Instead, he turned to look at George and said calmly, "Yes."

"You know about our situation best. Grandma met her true love because of the times. We, hand in hand for a lifetime? Are you kidding me? Do you have a suitable woman now?"

His voice was full of sarcasm. After saying that, he simply stopped looking at Carlos. He felt even more that Carlos was strange today. How could he say such a thing for no reason? If it was spread out, people would think Carlos was a madman.

He no longer wanted to smoke, nor was he in the mood to talk to Carlos. He waited for the smell on him to dissipate and then went out.

It was not a good thing to keep squatting in his bathroom.

However, Carlos did not care what he was thinking. On the contrary, he calmly said, "If you are not trapped by love, why are you suddenly so agitated? Grandma only said a few words that she usually said to you. How did you end up like this?"

Carlos was not in the mood to tease or hide anything from him. Instead, he looked at him and said in a deep voice, "I recognized that man at a glance. He is Petty."

George's pupils instantly constricted as he said in a low voice, "Petty?"

Carlos did not say anything but his meaning was tacit approval.

The look on his face grew darker and darker. How could he not know about this in the past?

In the next moment, he jerked his head towards Carlos but failed to find any signs of him joking around. Frowning, he said, "You..."

As soon as he said this, he suddenly stopped talking because he knew that Carlos would never lie to him about such a thing.

Since he said that, there must be such a thing!

Everyone subconsciously turned to look at Jordy, who said indifferently, "I'm at home. What kind of punishment is that?"

The implication was that this was his home, and he didn't think there was anything wrong with it.

Immediately after, everyone looked at Gloria in unison.

It wasn't good to bring Gloria into the bet

Thus the three of them could only remain.

What about Gloria?

Gloria's gaze moved slightly and she turned to look at Karen, "Grandma, I plan to stay with you tonight."

Karen was shocked in an instant, and her voice was full of surprise and joy. "You can also stay?"

Gloria smiled, "Of course."

"I don't know." Gloria lowered her head slightly and took a deep breath. She could only open her mouth again, "I do not know if I can really cure Grandma. I also do not know what the final outcome will be. However, the only thing I can guarantee is that if I use this method, her life will be longer than the original treatment method Grandma originally used."

Her last few words sounded more determined.

Jordy's eyes flickered as he said slowly, "That's enough."

Gloria turned to look at Jordy in surprise. She did not expect Jordy to say something like that.

She had thought that Jordy would have more expectations and better ideas.

What was he thinking of talking to her like this?

Jordy did not say anything. He continued to hold her arm, not intending to let her go. Gloria, on the other hand, spoke calmly, "I still have a collaboration with him. Furthermore, there is no relationship between us."

Just now, she had overstepped her boundaries, and she shouldn't have thought about asking Jordy.

Whether he was sick or not, there was no doubt that he hated her.

Gloria took a deep breath and controlled his emotions. However, Jordy's words made her emotional again.
